State's interest supreme. Purpose of act.

§ 7. The state of California and the people thereof are hereby declared to have a primary and supreme interest in having erected, maintained and protected on the banks of the Sacramento and San Joaquin rivers and their tributaries and the by-passes and overflow channels and basins mentioned herein, good and sufficient levees and embankments or other works of reclamation, adequately protecting the lands overflowed or subject to overflow by said streams, and confining the waters of said rivers, tributaries, by-passes and overflow channels and basins within their respective channels and boundaries, and it shall be the duty of the reclamation board at all times to enforce on behalf of the state of California and the people thereof the erection, maintenance and protection of such levees, embankments and channel rectification as will, in their judgment, best serve the interests of the state of California. The purposes and objects of this act are to carry into effect the plans of the California debris commission with such modifications and amendments and such additional plans as have been or may hereafter be adopted by the reclamation board for the control of the flood waters of the Sacramento and San Joaquin rivers and their tributaries and said basins, and to vest in said reclamation board control and jurisdiction over said plans and such other plans as may be adopted by said board, excepting such portions of said plans as relate to channel excavation, enlargement, rectification and control in the Sacramento river and the construction of weirs; it being the intent of this act that all work and control in the said stream and the construction of weirs shall remain with the United States and the state of California, concurrently, but this exception does not apply to the San Joaquin river and its tributaries.

[New section approved May 26, 1913, Stats. 1913, p. 267.]

Office of board. President. Meetings. Minutes. Compensation. Copy of records.

The reclamation board shall elect one of its members as president, and may also elect another of its members as vice president who shall have the powers and perform the duties of the president during his absence or inability to act or at his request or when so authorized by the board. The regular meetings of said board shall be held at such times as shall be fixed by the board, and a majority of the board shall constitute a quorum, but no action of said board shall be effective unless the same shall be concurred in by a majority of the members thereof. Special meetings of the board may be called at any time by the president or by a majority of the members upon notice by mail or telegraph to each member at his place of residence or business, and there received at least twelve hours before the hour fixed for such meeting. Any other meeting of the board, at its office, when all of the members are present, shall be considered a legal meeting at which any business may be transacted. It shall be the duty of the reclamation board to keep full and correct minutes of all proceedings and transactions of all meetings of the board, which minutes shall be open for public inspection during office hours. Each member of the board shall receive the necessary expenses incurred by him in the performance of his duties, and twenty dollars for each day attending the meetings of the board, but such per diem shall not exceed one thousand dollars in any one year. The reclamation board shall have a seal of such device as said board may adopt, and any seal heretofore adopted by the reclamation board shall be the seal of said board, and said seal shall also be the seal of the said Sacramento and San Joaquin drainage district. A copy of any record of said board, when certified by its secretary or assistant secretary to be a true copy thereof, and attested by the seal of the board, shall be prima facie evidence of the existence and contents of such record. For making a copy of any record of said board to which any person may be entitled by law, or which may be made at the request of any person, the reclamation board may charge and collect the actual reasonable cost of making such copy, including the time of its employees and materials used, and one dollar for the certificate thereto, if a certified copy be requested, and may require a deposit in advance sufficient to cover such charges. All money so collected shall be paid monthly to the state treasurer and be by him credited to the balance remaining unexpended of any appropriation or assessment available for the general administrative expenses of said board. § 10. Whenever so required and notified by the reclamation board it shall be the duty of the owner of and of the person or corporation maintaining or operating any railroad, electric railroad, wire line, wagon road or other structure crossing any of the by-passes or overflow channels herein provided for, to provide and maintain one or more suitable draws or other appliances within any such by-passes or overflow channels to

permit the passage of watercraft, dredgers or other machines used in the construction of reclamation works, and to open said draws or appliances upon reasonable notice given by any person desiring to pass the same and payment of a fee of fifty dollars. Said draws or appliances shall be located at such points as shall be designated by said board. A failure to comply with this section shall render such owner or person or corporation maintaining or operating any of said structures liable to any person for the damages caused to such person by such failure. Compliance with the provisions of this section may be enforced by mandamus or by mandatory injunction, or by any other appropriate remedy authorized by law, in an action or proceeding brought by the reclamation board, which action or proceeding may be commenced and maintained by said board in the name of the people of the state of California. The remedies provided by this section shall not be exclusive of, but shall be concurrent with and in addition to, any other remedy which may exist by law. [Amendment of June 9, 1915. This was a new section added May 26, 1913, Stats. 1913, p. 267.

Approval of reclamation plans.

§ 11. Any plan of reclamation, flood control, drainage or other improvement that includes or contemplates the construction, enlargement, revetment or alteration of any levee, embankment, canal or other excavation along or near the banks of the Sacramento or San Joaquin rivers or any of their tributaries or connected therewith, or upon any land adjacent thereto, or within any of the overflow basins thereof, or upon any land susceptible to overflow therefrom, must, unless heretofore approved by the reclamation board, be approved by said board before construction of the same shall be commenced. Any such plan shall be void until approved by said board, and no such work shall be done or constructed without the permission of said board first obtained.

Cutting levees.

No river or by-pass levee at any of the places hereinbefore mentioned, nor any levee forming part of any of the plans of flood control adopted by this act or by said reclamation board, shall be cut or altered without permission of said board first obtained.

Right to raise levees.

Notwithstanding any provision hereinbefore in this section contained, the owner of any existing levee at any of the places above mentioned shall have the right to raise, widen, or strengthen the same to such extent as such owner may desire; provided, that before such work is commenced, the plans, specifications and method of construction therefor shall be submitted to and approved by the reclamation board, and that the work shall be done subject to the supervision of said board, and that no claim shall ever be made against said reclamation board or said Sacramento and San Joaquin drainage district for compensation, through or by any assessment or otherwise, for any part of such work which may be in excess of the requirements of the plan of flood control for that locality finally adopted and approved by said board.

And provided, further, that any such existing levee may be protected or strengthened in case of emergency during the season of floodwater, where it is in danger of injury or destruction therefrom; provided, that notice of such work shall be immediately given to the reclamation board, and provided that all such emergency work shall be subject to the subsequent approval of the reclamation board, and that said board shall have power to require its removal or alteration if not so approved.

And provided, further, that no levee, embankment or other structure within any by-pass or overflow channel adopted by said reclamation board shall be raised, widened, strengthened or altered without permission of said reclamation board first obtained.

Work done without permission declared nuisance.

The construction, enlargement, revetment or alteration of any levee, embankment, canal or other work of reclamation, flood control or drainage at any of the places herebefore mentioned, or the doing of any act or construction of any work in this section mentioned, or permitting the same to remain after such construction, which shall be done without the permission of the reclamation board and in violation of any of the provisions of this section, is hereby declared to be a public nuisance, and the reclamation board is hereby empowered to commence and maintain any suit or suits in the name of the people of the state of California for the prevention or abatement of such nuisance. Any person who shall do any act contrary to or in violation of any of the provisions of this section shall be guilty of a misdemeanor. [Amendment of June 9, 1915. In effect August 8, 1915. Stats. 1915, p. 1342.]

This was a new section added May 26, 1913, Stats. 1913, p. 268.

Powers of board to acquire lands, etc. Acquisition of lands acquired by U. S.

§ 12. The reclamation board shall have power to acquire either within or without the boundaries of the district, by purchase, condemnation or by other lawful means, in the name of the Sacramento and San Joaquin drainage district, from private persons, corporations, reclamation, swamp land, levee, protection or drainage districts, or other organizations or associations, all lands, rights of way, easements, property or material necessary or requisite for the purpose of by-passes, weirs, cuts, canals, sumps, levees, overflow channels and basins, reservoirs and other flood control works, and other necessary purposes, including drainage purposes; to construct, clear and maintain by-passes, levees, canals, sumps, overflow channels and basins, reservoirs and other flood control works; to construct and maintain ditches, canals, pumping plants, and other drainage works and to operate the same; to make contracts in the name of said district to indemnify or compensate any owner of land or other property for any injury or damage caused by the exercise of the powers by this act conferred, or arising out of the use, taking or damage of any property for any of such purposes; to maintain actions in the name of the people of the state of California to restrain the doing of any act or thing that may be injurious to any of the works necessary to said plan of flood control or that may interfere with the successful execution of said plan or for damages for injury thereto, and any damages so recovered shall be deposited with the state treasurer to the credit of said district and shall be applicable to the payment of warrants against any assessment for the particular portion or project affected by such injury; to establish a standard of levee construction; to do any and all things necessary or incident to the powers hereby granted or to carry out the objects specified herein; to maintain actions in the name of the people of the state of California to compel by injunction the owner or owners of any bridge, trestle, wire line, viaduct, or embankment or other structure which shall be intersected, traversed or crossed by any by-pass, drainage canal, or overflow channel, so to construct or alter the same as to offer a minimum of obstruction to the free flow of water through any such by-pass, drainage canal, or overflow channel, and wherever necessary in the case of existing works, to compel the removal or alteration of any such embankment or other structure; to maintain actions in the name of the people of the state of California to restrain the diversion of the waters of any stream that will increase the flow of water in said Sacramento or San Joaquin rivers or their tributaries, and such diversion of the waters of any stream into said rivers or either of them or any of their tributaries, is hereby declared to be a public nuisance which may be prevented or abated by the reclamation board. In case any land, right of way or easement is or shall be needed for any work of channel excavation, enlargement, rectification or control, or for the construction of any weir, which is a part of the plans to be carried out as contemplated by this act, and which is to be done or constructed in whole or in part by the United States or by the state of Cali-

ifornia and it is or shall be necessary or be required by the United States or by the state of California before doing such work or constructing such weir, that such land, right of way or easement be conveyed to or provided for the use of the United States or the state of California free of cost, the reclamation board shall have power to acquire such land, right of way or easement and cause the same to be conveyed to the United States or to the state of California free of cost, or to be condemned for the use and in the name of the United States or the state of California in the manner provided by the laws of this state or of the United States, and to pay the cost and expense of acquiring such land, right of way or easement out of the funds of any assessment by said board applicable thereto; or if such land, right of way or easement is or shall have been already acquired by said reclamation board in the name of the Sacramento and San Joaquin drainage district, the said board shall be and is authorized to cause the same to be conveyed by said district to the United States or to the state of California free of cost.

Whenever any work to be done by the reclamation board or the Sacramento and San Joaquin drainage district under any of the provisions of this act is such that it can be so done in connection with work of public improvement of rivers and harbors authorized by the United States government as to bring it within the provisions of section four of the United States river and harbor act approved March 4, 1915, authorizing the receipt by the United States government agencies of funds to be contributed for expenditures in connection with funds appropriated by the United States for such work, then the funds under the control of the reclamation board and available for such work, or so much as may be necessary, may be contributed by the reclamation board to the United States government under the provisions of said section of said river and harbor act in order that the work may be done in the manner thereby contemplated. [Amendment of May 27, 1919. In effect July 27, 1919. Stats. 1919, p. 1123.]

This was a new section added May 26, 1913, Stats. 1913, p. 268. It was also amended June 9, 1915, Stats. 1915, p. 1343.

Levy of assessments. Assessors. To hear objections. To exclude lands not benefited.

§ 13. Whenever, in the opinion of the reclamation board it shall be necessary to levy an assessment upon any lands within said drainage district for any of the purposes herein specified, including the expenses of bonding such assessment if authorized by law, said board shall cause an assessment to be levied upon such lands within said drainage district for such purposes. The plans to be carried out shall be divided by said board into separate portions or projects in such manner as will in its judgment best facilitate the levying of assessments for each particular portion or project in a just and equitable manner according to benefits upon the lands in said district affected by such portion or project; provided, however, that each separate and particular project or unit shall include all by-passes, cuts, canals, sumps, levees, pumping plants and other works of flood control and drainage as shall be necessary by reason of the carrying out and construction of the particular project, to properly conduct the water of any stream, natural or otherwise, the outlet of which has been intercepted by the construction of any levee or embankment included in such project or unit into such by-pass.

Said board shall enter in the minutes of the board a resolution to the effect that the execution of each such separate portion or project which they may determine upon is a public necessity. Each such particular portion or project shall be designated by the board in such resolution by name and number. All assessments, plans and funds intended for or connected with the execution of each particular portion or project shall be designated by such name and number and shall be kept separate and shall be used only for the purpose of carrying out such particular portion or project. For the purpose of making any such assessment the board shall appoint three assessors who shall be dis-

interested persons, and shall have no interest in any real estate within said drainage district, and each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessors shall be exempt from the provisions of the civil service laws of this state. Said assessors must assess upon the lands within said drainage district proposed to be assessed for the plans adopted by the reclamation board the said sums included in the estimates of said board, and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, affected by any particular portion or project by reason of the expenditure of said sums of money. After said assessors have examined the plan or plans of the works contemplated and the estimates of the cost, they shall make a preliminary report to the reclamation board indicating the exterior boundaries of the lands that in their opinion will be benefited by the expenditures. The assessors shall then appoint a time and place in each county in which any of said lands proposed to be assessed are situated, when and where they will hear objections to the said report and also evidence concerning the manner in which said assessment should be apportioned. They shall give notice of such hearing in each of such counties by publication in a newspaper published in such county once a week for three weeks, the first publication to be not later than the twenty-first day before the day of hearing, which notice shall contain a general designation of the lands which will in their opinion be so benefited, as aforesaid, and shall refer to said preliminary report on file in the office of the reclamation board for such exterior boundaries. They shall exclude any land that will not be benefited by the expenditure of said sums and shall assess all lands that will be benefited thereby.

In determining the benefits that will or may accrue to each particular tract of land by the construction or maintenance of the works contemplated by any particular project or unit, the works of such project or unit shall be considered as a whole and lands shall be assessed for the works embraced in such project or unit only in the proportion that they will or may be benefited by the construction of the entire works embraced in the said project or unit, and no lands shall be considered as benefited by the construction or maintenance of the works embraced in such project or unit, or any part or portion thereof, nor shall any lands be assessed for the expense of the construction or maintenance of such project or unit or any part or portion thereof, because such lands have been or may be first endangered or flooded, or the natural drainage thereof obstructed by the construction or maintenance of any part or portion of the works embraced in such project or unit in advance of or prior to the completion of the construction of the entire works embraced in such project or unit.

Assessment list. Maps. Hearing of objections.

Said assessors shall make a separate list of the lands so assessed in each county, which list shall contain a description of the tracts of land assessed by swamp land surveys, legal subdivisions, or other boundaries or references sufficient to identify the same, the name of the owner, if known, or if unknown, that fact, and the amount of the charge assessed against each tract. The name of the owner of land which is or is supposed to be the property of the estate of a deceased person in course of administration may be stated as estate of (such person, naming him), deceased. When there are two or more owners or supposed owners of any tract of land, partly known and partly unknown, the assessment may be to such known owner or owners by name and to other owners unknown. No mistake in the name of the owner, or supposed owner, of any real estate shall invalidate the assessment. In the assessment list for any county the assessors may make use of any abbreviation in common use in that county, without explanation thereof. The assessors may also in the assessment list for any county make use of other abbreviations, provided a schedule and explanation thereof with reason-

able certainty shall, unless printed on each page of such assessment list, be prefixed to said assessment list and a reference thereto written, printed or stamped on each page of said assessment list whereon any such abbreviation is used. In case any land shall in the assessment list for any county be described in whole or in part by reference to a map, plat or survey, which map, plat or survey shall be on file or of record in any public office, it shall be sufficient in such description to designate such map, plat or survey by name, number or other designation sufficient to identify the same in a schedule of such maps, plats and surveys, which schedule shall be prefixed to said assessment list and shall set forth with reasonable certainty where each such map, plat or survey may be found, and shall be referred to by a reference written, printed or stamped on each page of said assessment list whereon such method of description is relied upon. The assessors appointed for any assessment may also prepare or cause to be prepared a map or maps of the whole or any part or parts of the lands to be assessed with sufficient detail to indicate thereon and identify the several tracts of lands to be separately assessed or any of them, each of which such separate tracts shall be designated on such map or maps by a distinctive number. Each of such maps shall be inscribed and designated as "reclamation board assessment map No. —," giving each map a distinctive number. Any such map may consist of any number of sheets attached together and designated as one map. Such map or maps when approved by the reclamation board, shall be certified by the secretary of said board as having been so approved, and shall be filed for record in the office of the county recorder of the county wherein the land indicated on such map or maps is situated. Thereupon and thereafter, for the purpose of said assessment, or of any future assessment levied by said reclamation board, the assessment list for any county may, for the description of any tract of land so indicated on any such map, refer to such map and to the number by which such tract is designated on such map, and such reference, if used for that purpose, shall be a sufficient description of such tract for the purposes of such assessment list, and for the purposes of the notice of delinquent sale, certificate of sale and deed in pursuance of such sale, and all other proceedings under this act based upon such assessment. No provision of any other statute of this state relative to the filing or recording of maps in the office of the county recorder shall apply to the maps in this section referred to; provided, however, that the maps herein referred to shall have no legal effect for any purpose except for the convenient reference to and description of the tract of land indicated thereon for the purposes of description of such tracts of land by reference thereto in the matter of assessments levied by the reclamation board and acts and proceedings based thereon as herein provided. No fee shall be charged by any such county recorder for the filing for record of such map as in this section provided. Said lists when completed shall be filed with the secretary of the board and said secretary shall forward to the county treasurer of each county in which any lands so assessed are situated, the assessment list for such county, and the same shall be open for inspection by the public for at least thirty days. The compensation of said assessors shall be fixed and allowed by the board. The reclamation board shall appoint a time and place not less than thirty days after said list has been filed with the county treasurer when and where it will meet in each county wherein any of the lands so assessed are situated for the purpose of hearing objections to said assessments, and notice of such hearing in each county shall be filed with the county treasurer and published once a week for two weeks in some newspaper published in such county. At any time before the date of such hearing any person interested in any land upon which any charge has been assessed, may file in the office of the reclamation board written objections to such assessment, stating the grounds of such objections, which said statement shall be verified by the affidavit of such person or some other person who is familiar with the facts. At such hearing, the board shall hear such evidence as may be offered touching the

correctness of such assessment or the manner of its apportionment, and may modify or amend the same, and may reapportion all or any part of the entire assessment. Unless the aggregate amount of the whole of such assessment shall be modified or amended by the reclamation board so as to cause a difference of more than two and one-half per cent greater or less than the original total amount of said assessment, it shall be deemed that the assessment has not been substantially modified and no necessity shall exist for a reapportionment thereof.

Notice of reapportionment.

If said assessment shall be reapportioned, the board shall give two weeks notice as before and proceed to hear objections in each county affected, as before, and shall then reconsider said assessment and make an order approving said assessment as finally fixed; and the decision of said board shall be final, and thereafter said assessment list shall be conclusive evidence, except in the suit hereinafter provided, that the said assessment has been levied and apportioned according to law. Any person interested, as aforesaid, in any land upon which any charge has been so assessed, aggrieved by the decision of the board approving said assessment, may commence an action against the district in the superior court of the county in which said land or the greater part thereof is situated, to have said assessment upon such land modified or annulled. Such action must be commenced within thirty days after the reclamation board has approved such assessment and the assessment list for such county has been deposited in the office of the county treasurer as provided in the next section, and shall have preference over all civil actions in fixing the time of trial. No objection to said assessment shall be considered by the court unless such objection shall have been made in writing to the reclamation board as hereinbefore prescribed, and, excepting in the action above mentioned, no action or defense shall ever be maintained attacking the said assessment in any respect. Whenever an assessment has been levied by the reclamation board upon lands in said district for general administrative expenses and other expenses not pertaining to any particular project, and the boundaries of said district have been or shall be extended so as to include lands other than the lands included within said district at the time such assessment was levied, the reclamation board shall make an estimate of the fair and equitable amount which should be contributed by the lands so included in the district by such change of boundaries for the purposes of such assessment previously levied by said board for general administrative expenses and other expenses not pertaining to any particular project, and shall levy and cause to be assessed, equalized and collected in the manner in this act provided, an assessment to the amount of such estimate upon lands so included in the district by such change of boundaries, according to benefits in the manner in this act provided. [Amendment of May 27, 1919. In effect July 27, 1919. Stats. 1919, p. 1124.]

Assessment becomes lien on land. Delinquent. Notice of delinquency and sale. Postponement of sale. Certificate of sale. Redemption. Deed. Property deeded to district. Payment may be made in full.

§ 14. After such hearing has been had by the board in any county, said assessment list shall be certified by the secretary of the board to be correct, and said list shall be deposited in the office of the county treasurer of said county, and such assessment shall thereafter constitute a lien upon the lands so assessed and shall impart notice to all subsequent purchasers or incumbrancers or other person acquiring any interest in or lien upon said land, and all unpaid assessments shall bear interest at the rate of seven per cent per annum from the time when the assessment list is so deposited in the office of the county treasurer, and shall be paid to the county treasurer in one or more installments of such amounts, and at such times, respectively, as the board, from time to

time, in its discretion, may, by order entered in its minutes, direct; if any such installment shall remain unpaid at the expiration of thirty days from the date of the order, then said installment shall become delinquent, together with the accrued interest thereon to date of delinquency, and ten per cent of the amount of said installment and interest, and the sum of fifty cents upon each tract of land separately assessed to cover cost of publication of notice of sale, shall be added thereto, and collected for the use of the district; provided, that if an action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled in said action, may in the discretion of the board become delinquent thirty days after any judgment rendered therein shall become final. After the said installment has become delinquent, the board shall publish a notice at least once a week for three weeks in some newspaper of general circulation published in the county where the land is situated, which notice shall contain a description of the property assessed as described in the assessment list or by other description sufficient to identify the same, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, the amount of the interest at the date of delinquency, the amount of the penalty and cost of publication that has been added as above provided, and notice that the property assessed will be sold on a date therein stated, in front of the courthouse of said county, to pay said installment with accrued interest and the penalty and cost of publication hereinbefore specified. At the time stated in said notice, or such other time to which said sale may have been postponed, the board must cause said property to be sold to the highest bidder for gold coin of the United States. If not completed on the first day the sale may be continued from day to day and over Sundays and legal holidays until completed. The sale may be conducted by such person as the board may appoint for that purpose, whether a licensed auctioneer or not, and no license shall be required of such person for conducting such sale. Out of the proceeds of said sale the board must pay the amount of said installment with accrued interest thereon and the penalty and cost of publication herein provided for to the county treasurer of such county, and the board must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The board may postpone said sale from time to time by announcement at the time and place of sale and by a written notice posted at or near the place of sale which written notice shall be substantially as follows: The sale of property for delinquent assessments under (name and number of assessment) of the Sacramento and San Joaquin drainage district, which was fixed for (time and place of sale) has been postponed to (time to which postponed) at the same place. If no bid is made for said property equal to the amount of said installment, accrued interest and penalty and cost of publication, the district shall become the purchaser, and the said property must be struck off to the district for the amount of said installment, accrued interest and penalty and cost of publication. A certificate of such sale shall be executed by the president of the board to the purchaser, or to the district if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of the county in which the land is situated. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer the amount for which said property was sold, and interest on the said sum at the rate of ten per cent per annum from the date of said sale. If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by the president of said board. The effect of such deed shall be to convey said property free of all liens and incumbrances, excepting state, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment made by said

drainage district, which said balance must be called in and collected in the same manner as other assessments; provided, that where property shall have been so deeded to the district and shall not have been sold, the same shall not be offered for sale for subsequent installments of the said or any assessment so long as the district shall remain the owner of said property, but the board may sell said property at any time at public auction after notice given for the same period and in the same manner as herein provided for sale for delinquent installments, but not for a sum less than all delinquent unpaid installments of all assessments thereon with accrued interest and penalties, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of all assessments of said drainage district, which balance must be called in and collected in the same manner as other assessments. The remaining portion not yet ordered paid by said board of the assessment upon any tract of land may be voluntarily paid in full, with the accrued interest thereon, at any time after the lien of such assessment has accrued, and if the total amount of the whole of such assessment on any tract shall be paid in full within thirty days after the first installment of such assessment has been by said board ordered paid, no interest shall be charged. Deposit of money collected. Paid out on warrants. When there are no funds.

Renewal of warrants. Notice of money to pay warrants. Abandonment of proceedings under assessment.

§ 15. All money collected upon sales or otherwise shall be paid to the county treasurer of the county in which the land is situated, and said money, together with all other money collected by the county treasurer shall, within one month after its receipt by the county treasurer, be by him deposited in the state treasury to the credit of said drainage district in a fund which is hereby created and known as the Sacramento and San Joaquin drainage district fund, specifying the name and number of the assessment from which such money was derived, and shall be paid out upon warrants of the state controller, and the controller is hereby directed to issue warrants upon said funds whenever drafts of the reclamation board shall be presented to him, and the state treasurer is hereby directed to pay such controller's warrants when there is sufficient money in the funds of said drainage district; provided, that all moneys collected from assessments shall be paid out only on warrants issued for works or other expenses covered by the assessment from which such money was derived, which assessments must be numbered consecutively, to the end that all moneys raised by assessment upon any of the lands embraced in said drainage district, shall be expended only for works of reclamation or other expenses beneficial to the lands so assessed, and for the payment of warrants issued for the construction of the works and other expenses for which such assessment was levied, and each warrant must designate the name and number of the assessment from which it is to be paid. Drafts of the reclamation board may be presented to the controller and warrants drawn, as aforesaid, against the funds to be raised by an assessment as soon as the reclamation board has passed its order or resolution for the levy of such assessment and appointed the assessors therefor. In case there are not sufficient funds applicable thereto for the payment of such warrants when presented to the state treasurer he shall endorse on such warrants the date of presentation and register the same, and thereafter such warrants shall bear interest at the rate of seven per cent per annum, and must be paid in the order of their registration. Such warrants shall be considered as contracts in writing for the payment of money, and the period prescribed for the commencement of an action based upon said warrants, or connected therewith, is and shall be four years from the date of their issuance or renewal as

hereinafter provided. Said warrants shall, at any time within four years after their issuance or renewal, be received in payment of any assessment for work or expenses for which such warrants were issued. The reclamation board may, at its option, at any time within four years after the date or previous renewal thereof, renew any warrant for an additional period of four years upon application of the owner or holder of such warrant, by an endorsement thereon of the fact and date of such renewal and notice thereof to the state treasurer and controller. Whenever there is sufficient money in the treasury applicable to the payment of any outstanding warrants of the district, the state treasurer shall give notice that there is money in the treasury to pay certain warrants, giving their numbers in the order of their registration; said notice shall be published for ten days in one newspaper published in the city of Stockton and one published in the city of Sacramento. After the last publication of said notice the warrants therein mentioned shall cease to bear interest. The reclamation board shall designate a paper in each of said cities which shall be the official papers of said district for the purpose of such publication. Whenever in the opinion of the reclamation board it shall appear that the total amount of any assessment previously levied and assessed and which has become a lien upon lands in said drainage district will be greater than required for the purposes for which such assessment was levied, the reclamation board may by resolution entered in its minutes release the lien of and abandon such assessment as to any part thereof not required as aforesaid and not previously ordered to be paid; and a copy of such resolution certified by the secretary of said board and attested with its seal shall be deposited in the office of the county treasurer of each county wherein is situated any land affected by such assessment, and shall be by such county treasurer annexed to the assessment list of such assessment for that county; and in any such case, when any payment has been voluntarily made upon the part of such assessment upon any tract of land so abandoned and released the amount of such overpayment shall be repaid to the person by whom the same was paid, his heirs or assigns; and upon production of the county treasurer's receipt therefor and endorsement thereon by the reclamation board of the fact of such repayment, the reclamation board shall draw a draft on the state controller and the controller shall draw a warrant upon the state treasurer therefor, and the state treasurer shall pay such warrant in the same manner as other warrants against the funds of such assessment. The reclamation board may also in its discretion abandon further proceedings under any assessment at any time prior to the time when the lien of such assessment has accrued. In case of any change of county boundary lines, or creation of any new county, all acts and proceedings in this act provided for in the matter of or relating to or in pursuance of or founded upon any assessment upon lands affected by such change of county boundary lines, or creation of such new county, shall be done and conducted as if such lands were situated in the same county as at the time of appointment of the assessors to make such assessment. Lands may be charged in subsequent assessment.

§ 16. In all cases in which an assessment shall be levied upon the lands embraced within said district, and if the assessment upon any tract or tracts of land shall have thereafter been adjudged invalid by any court of competent jurisdiction, or, if for any reason, such tract or tracts of land shall not have been legally charged with said assessment, then such tract or tracts of land shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by said land from the purposes for which said former assessment was levied bears to the whole amount of said former assessment; or a subsequent reassessment of such tract or tracts of land may be made separately for the purpose of charging said land with its

proper proportion of the said assessment. [New section approved May 26, 1913, Stats. 1913, p. 273.]

First projects to be considered.

§ 16½. One of the first projects to be considered by said board shall be that portion of the plans of the California debris commission relating to the Sacramento river and Cache slough below the junction of Yolo basin by-pass and Cache slough known as the project to enlarge the outlet of the Sacramento river. In the estimate of the sum necessary for the project last named, the board shall also ascertain the amount of any expenditures that have heretofore been made by the state of California, any municipal corporation, reclamation district, and by any owner of lands within said drainage district, or by any of them, for the purpose of purchasing rights of way for the enlargement of the outlet of the Sacramento river and actually applied to said purpose, which said sums so expended shall be legal claims against said district upon execution by the claimant of a quit-claim deed of rights of way to the district, and shall be paid from the moneys arising from the assessment for the project in this section first above mentioned. The governor is hereby authorized to execute such quit-claim deed on behalf of the state of California; provided, however, that in cases where such rights of way or lands for use as such rights of way have already been conveyed to, or the title thereto has already been vested in, the United States for use in carrying out said project, the quit-claim deed from any claimant above referred to shall not be required. Duty of board to promote levee building. Publication of notice. Application for leave to construct levee. Board may proceed with work. Emergency cases.

§ 17. It shall be the duty of the reclamation board to promote the construction, completion, maintenance and repair of levees along all rivers, streams, overflow channels and basins and by-passes where, in the opinion of the board, such levees are insufficient or necessary for the purpose of the plans for flood control to be carried out by said board under this act. Whenever any such levee is in the opinion of said board insufficient or necessary for the purpose aforesaid, the reclamation board shall give notice, by publication in the manner hereinafter provided, that such levee is insufficient or necessary, and that it is the intention of said board to construct, repair or complete such levee and pay the cost thereof out of an assessment levied or to be levied and assessed upon the lands within said drainage district directly or indirectly benefited by such levee. Such notice shall be signed in the name of the reclamation board by its president and secretary and shall be published once a week for three weeks in some newspaper published in the county wherein such levee or the greater part thereof is situated or is to be constructed, and the giving of such notice by publication shall be deemed completed on the twenty-first day after the first publication thereof. Any land owner or owners, and any reclamation district, drainage district, levee district, municipal corporation or other organization or association authorized by law to construct, repair or complete such levee shall have thirty days after completion of the giving of such notice by publication as aforesaid within which to apply to said reclamation board for leave to construct, repair or complete such levee, which application shall be in writing and signed by such applicants or their respective executors, administrators, guardians, trustees or duly constituted and authorized officers, and filed in the office of the reclamation board; and in case such application be filed within thirty days, as aforesaid, such applicants shall have sixty days after the filing of such application, or such further time as said reclamation board may by order entered in its minutes allow, within which to present to said reclamation board their plans and specifications for the construction, repair or completion of such levee, and obtain the approval by said board of such plans and specifications, and to commence the work. Each such

application for leave to construct, repair or complete such levee shall designate the name and post office address of at least one and not more than three of the applicants signing the same as the person or persons to whom any notice or communication may be addressed by the reclamation board in the matter of such application. In case there shall be two or more such applications filed in the office of the reclamation board within said period of thirty days last above mentioned the reclamation board may determine which of such applications shall be recognized and may reject the others. Any such levee constructed or work done by such applicants as hereinbefore provided, pursuant to such notice from the reclamation board and according to plans and specifications approved by said board, shall be considered as constructed or done with the permission of said board within the meaning of section eighteen of this act. If such application shall not be filed in the office of said reclamation board for permission to do such work, as aforesaid, within thirty days after completion of the giving of such notice by publication, or if such applicants shall fail to present to said board and obtain its approval of such plans and specifications and to commence the work as aforesaid, within said period of sixty days or such further time as the board may allow, or shall fail to complete such work with reasonable diligence after the same shall have been so commenced, the reclamation board shall thereupon be and is hereby empowered to proceed with the construction, repair or completion of such work, and to pay the cost thereof by assessment upon the lands within said drainage district directly or indirectly benefited by such levee according to such benefits, as in this act provided, which assessment may be either an assessment specially levied and assessed for that purpose, or any assessment levied and assessed by said board and applicable to the payment of such work. Notwithstanding anything in this section provided, if in the opinion of the reclamation board a case of emergency exists requiring immediate action to preserve life or property or to protect or preserve the safety of any such levee along any river, stream, overflow channel or basin or by-pass, the reclamation board may cause the necessary work to be done immediately for the protection or preservation of such levee, without giving the notice hereinbefore provided, and may pay the cost thereof, and any damage that may have been done by the performance of such work, by an assessment to be levied and assessed as above provided, or out of the funds of any assessment available for that purpose under the provisions of this act. When such compensation shall have been made, such reclamation district, levee district, drainage district, municipal corporation, association, private corporation or person shall convey to the said Sacramento and San Joaquin drainage district a perpetual easement in, over and upon said by-pass, storage basin or sump and levees for all purposes necessary to accomplish the said plans to be carried out by said reclamation board as aforesaid.

In the event that any such reclamation district, levee district, drainage district, municipal corporation, private corporation, association, or person, shall, with the consent of the reclamation board, expend any sum of money in the acquisition of such right of way or other easement, or in the construction of such levees, cuts, canals or gates, and shall convey the same to the Sacramento and San Joaquin drainage district, or in the event that it, he or they has or have allowed, or shall allow, any land to be used for the purpose of a by-pass or waterway, storage basin or sump to comply with the plans to be carried out by said board as aforesaid, or shall, with the consent of said board, construct levees along any line of any such by-pass, or storage basin, and shall convey a perpetual easement therein to said Sacramento and San Joaquin drainage district, it, he or they shall have a claim against the said drainage district for the reasonable value or cost of such right of way or other easement or of such levees, cuts, canals or gates, and an assessment shall be levied upon the lands in said drainage district benefited thereby so that the same may be paid, or such cost may be included as one of the items in any assessment that may be levied in the said drainage district.

Definition.

The words "with the permission of the reclamation board" or "with the consent of the reclamation board," as used in this section, shall be construed to mean and are hereby declared to mean the express permission or consent of said board in each particular case, evidenced by resolution or order entered in its minutes, and granted upon application of the particular district, corporation, association or person desiring to obtain benefit of the provisions of this section.

Maximum compensation.

Before granting its permission for the acquiring of any right of way or easement or for the construction of any of the levees or other works in this section mentioned, the reclamation board may require the applicant for such permission to furnish and submit to said board complete and detailed plans and specifications therefor and estimates of the cost thereof, and said board may in its order granting such permission designate a maximum limit of the amount of compensation to be so allowed therefor.

When ownership in fee may be deemed necessary.

In case the reclamation board shall determine that the ownership in fee of, instead of the right of way or easement over, any land required for use as a by pass, or overflow channel or basin, or for any part of the works of flood control to be carried out by said board, is necessary, or that the absolute ownership by said Sacramento and San Joaquin drainage district of any levees, cuts, canals, gates or other flood control works is necessary, for the purposes of said district, then said board may require that such title in fee and absolute ownership shall be conveyed to said Sacramento and San Joaquin drainage district before any compensation shall be allowed therefor pursuant to any of the provisions of this section. [Amendment of June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1354.]

The sum of one hundred thousand dollars, in addition to the sums heretofore appropriated, is hereby appropriated for the use of the reclamation board, at least twenty thousand dollars of which shall be used by the board to pay the expenses of the state engineer in carrying out the directions of this act. The controller is hereby directed to draw warrants upon the state treasurer whenever drafts of the reclamation board are presented to him, and the treasurer is hereby directed to pay said controller's warrants. In the first assessment levied in said district the sum of fifty thousand dollars shall be levied, collected and paid to the state treasurer as reimbursement of one half of the above appropriation.

§ 20. When and as soon as the sum of fifty thousand dollars has been collected and paid to the state treasurer as reimbursement of one-half of the appropriation for the use of the reclamation board made by section nineteen of said act hereby amended, or when and as soon as any part or parts of said sum shall be so repaid from time to time, if the same shall be so repaid in installments, the money so repaid to the state treasurer shall be and is hereby reappropriated for the use of said reclamation board and may be used by said board as a continuing revolving fund in the manner herein-after provided. The controller is hereby directed to draw warrants upon the state treasurer whenever drafts of the reclamation board therefor are presented to him, payable out of such revolving fund, and the state treasurer is hereby directed to pay said warrants. The said revolving fund may be used by said reclamation board from time to time for any purpose for which the funds of said board or of the Sacramento and San Joaquin drainage district, whether raised by assessment or otherwise provided, may be lawfully used. Whenever any assessment has been or shall be levied or ordered by said board applicable to the payment of any expenses or charges so prepaid out of said revolving fund, and such proceedings shall have been taken in the matter of such assessment that it shall be lawful to draw warrants against the funds of such assessment as hereinbefore provided, the reclamation board shall make and present its draft to the controller and the controller shall draw his warrant upon the state treasurer upon the funds of such assessment for the amount of such expenses or charges so prepaid out of said revolving fund, which warrant shall be drawn in favor of the state treasurer. any, shall be by the state treasurer credited to said revolving fund and form a part thereof.

Special cash contingent fund.

The reclamation board may from time to time draw such sum from the state treasury out of such revolving fund, not to exceed the sum of five thousand dollars, as shall be approved by the board of control, which sum may be drawn without the submission of estimates, receipts, vouchers or itemized statements, to be used as a special cash contingent fund out of which may be advanced any proper expenses or charges in and about the conduct of its business, requiring prompt payment in cash. All charges and expenses so advanced out of such cash contingent fund must be accounted for and proper vouchers therefor produced to the board of control, and when approved by the board of control the amount thereof shall be paid out of said revolving fund and returned to said cash contingent fund. Said special cash contingent fund must be accounted for by the said state reclamation board at any time upon demand by the controller or state board of control and refunded to the said revolving fund. Any construction or repair work to be undertaken or done upon the initiative of the reclamation board under any of the provisions of this act may, at the option of said board, be undertaken and done by said board under the sole charge and direct control of said board, its officers, agents and employees, free from any jurisdiction or control of the state department of engineering over the same. Any such work to be so undertaken and done by the reclamation board may be done wholly or partly by contract let by the board in such manner as the board may determine, or may be done wholly or partly by day labor or force account if deemed advisable by the board. Said board is hereby authorized to construct, purchase, rent, sell or exchange, from time to time as may be found necessary or convenient, any and all such dredgers, machines, appliances, tools, apparatus and other property as may be necessary or convenient for doing any such work; and the cost thereof shall be apportioned to and paid from the funds raised from the several assessments levied or to be levied by said board in a just and equitable manner according to the use made of the same in carrying out the several separate portions or projects for which such assessments are levied respectively.

Dredgers may be let.

Any such dredgers or other equipment, when not in use on any work of the reclamation board, may be by said board rented for use by others, and the rental received therefrom by said board shall be paid over to the state treasurer and by him credited to the balance or balances remaining unexpended of the assessment or assessments against which the cost of such equipment has been paid or is to be charged, as indicated to him by said board.

Work may be done by engineering department.

The reclamation board may also, at its option, determine that any such construction or repair work shall be taken charge of and constructed by the state department of engineering, in which case the plans and specifications for such work shall be prepared and approved by the reclamation board and by said board delivered to the state engineer, together with a request that such work be taken charge of and done by the state department of engineering, and thereupon such work shall be done or constructed under the sole charge and direct control of the state department of engineering in the manner provided by law for the doing of such work by that department; and the cost thereof and any necessary and proper expenses incurred by said department of engineering in connection therewith shall be a legal charge against the Sacramento and San Joaquin

drainage district and paid out of any assessment or other fund applicable thereto; provided, however, that any contract let by the state department of engineering for the doing of any such work shall be approved by the reclamation board before becoming effective; and provided further, that any cash, bond, check or other security forfeited by any bidder or contractor for failure to enter into or to perform any contract for the doing of any such work shall be forfeited to and recovered by the reclamation board for the use of the Sacramento and San Joaquin drainage district, and as soon as received or recovered shall be paid to the state treasurer and by him placed to the credit of the assessment out of which the cost of such work is to be paid.

In the case of any such work so done or constructed by said department of engineering, the reclamation board may furnish to said department of engineering for use in such construction any of its dredgers, machines, appliances, tools, apparatus or other property which may be necessary or convenient for doing such work. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1357.]

Board may supervise work.

§ 22. The reclamation board shall have the right to inspect and supervise, as the same progresses, any work done or constructed pursuant to any of the provisions of this act, and may insert a stipulation for such inspection and supervision in any order, contract or other instrument permitting or providing for or relating to the doing or construction of any such work. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1358.]

§ 23. Any plans or specifications heretofore or hereafter adopted or approved by the reclamation board for any work to be done or constructed pursuant to any of the provisions of this act may be changed or altered, with the consent of said board, at any time before commencement or during progress of the work, if deemed advisable by said board for the purpose of avoiding obstacles or to conform to conditions discovered or existing where such work is to be done, or for any purpose approved by said board; and said board may in like manner and for like purpose at any time change or alter the plans or specifications for work undertaken by the board upon its own initiative. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1359.]

[New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1359.]

Sworn testimony. Meeting any place in state. Depositions of witnesses.

§ 25. Any hearing before the reclamation board shall, if deemed advisable by the board, be conducted upon sworn testimony of the applicants or witnesses except in the case of reports or investigations made by the members, employees or special advisers of the board.

Whenever in the opinion of the board it shall be necessary or proper for the convenience of applicants or witnesses, the reclamation board may meet at any place in this state for a hearing or partial hearing of any application coming before said board; or the board may in its discretion authorize such hearing or partial hearing to be had before a committee of one or more members of the board, or before the general manager or chief engineer of the board, at any place within this state, who shall take and report

the evidence to the board. The board may require that all or such part as it deems proper of the expenses of any such outside hearing, if held at the request of the applicant, including traveling expenses of the members, officers or employees of the board, and the expenses of stenographic reporting and transcribing evidence taken at such hearing, shall be paid by the applicant, including a proportionate allowance, according to their usual rate of compensation, for the time of the members, officers and employees of the board required for such hearing. All money so collected as compensation for the time of the members, officers or employees of the board shall be paid by said board into the state treasury and by the state treasurer credited to the balance remaining unexpended of any appropriation or assessment available for the general administrative expenses of the board.

The reclamation board may also provide, in such manner and upon such terms as to said board may seem proper, for the taking at any place of the deposition under oath of any witness for or against any application pending before the board, which deposition shall be taken before a notary public or other officer or person authorized by law or by this act to administer oaths, and when so taken, the same shall be certified and returned to the office of said board in the manner provided by law for the certifying and returning of depositions in civil actions, and when so taken, certified and returned, the said deposition may be read in evidence before said board at the hearing of such application. [New section added June 9, 1915. In effect August 9, 1915, Stats. 1915, p. 1359.]

Proof of service of notice.

§ 26. An affidavit may be used to prove the service or publication of any notice required or provided for by any of the provisions of this act in the same manner and to the same extent as provided for in sections two thousand nine to two thousand fifteen inclusive of the Code of Civil Procedure, and such affidavit shall be received as prima facie evidence of such service or publication in any court or elsewhere. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1360.]

Additional notice.

§ 27. Besides and in addition to the notices required by this act, the reclamation board may in its discretion give such notice as it may deem proper, by publication, mailing or otherwise, of any of its assessments, orders, proceedings, hearings or other acts done or contemplated. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1360.]

Rules.

§ 28. The reclamation board may from time to time adopt rules to promote the convenient, orderly and just conduct of the business of said board and of the Sacramento and San Joaquin drainage district, and may amend or repeal the same or any part thereof from time to time, and any such rules or any part thereof may be suspended or compliance therewith may be waived by said board at any meeting to such extent as may be deemed proper. Any rules heretofore adopted by the reclamation board shall be the rules of said board until amended or repealed or until new rules are adopted. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1360.]

Property exempt.

§ 29. The property of the reclamation board or of said Sacramento and San Joaquin drainage district shall be exempt from execution or attachment. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1360.]

Constitutionality.

§ 30. If any section, sub-section, sentence, clause or phrase of this act shall for any reason be held or found to be unconstitutional, the validity of the remaining portions of

this act shall not be thereby affected. The legislature hereby declares that it would have passed this act and each section, sub-section, sentence, clause and phrase thereof, notwithstanding that any one or more sections, sub-sections, sentences, clauses or phrases be held or found to be unconstitutional. [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1361.]

Title of act.

§ 31. This act shall be known and may be cited and referred to as the "Reclamation Board Act." [New section added June 9, 1915. In effect August 8, 1915, Stats. 1915, p. 1361.]

Assessment of benefit from flood control features of works.

§ 32. The assessors appointed by the reclamation board pursuant to section thirteen of this act, in apportioning the assessment on each tract of land which may be assessed shall, as information for the said reclamation board or the state of California, state, opposite each sum assessed for each particular tract of land, in separate columns respectively, the amount that they shall determine that each tract is so assessed by reason of benefit from the flood control features of said works involved in said plans, and also the amount that they deem each tract of land is so assessed by reason of all other benefit from the said works. The amounts so stated and placed opposite each assessment charged shall be no part of said assessment and shall in no way affect the assessment charged against each tract of land as the same may be fixed, but shall be subject to review and readjustment in the same manner as the assessment itself. [New section added May 27, 1919. In effect July 27, 1919, Stats. 1919, p. 1129.]

Application of compensation.

§ 33. Any compensation that may be made to any reclamation district, levee district, drainage district, municipal corporation, association, private corporation, or person, in accordance with section eighteen of this act, shall be applied toward the payment of any assessment upon any tract of land assessed for any particular portion or project owned by any such municipal corporation, association, private corporation or person, but in case of any reclamation district, levee district or drainage district, such compensation shall be applied and credited pro rata toward the payment of the balance remaining unpaid upon the assessments levied by the reclamation board against the lands respectively situated within such reclamation district, levee district or drainage district, as part of the assessment out of which such compensation is to be made based upon the total amount of the assessment charges against the lands in such reclamation district, levee district or drainage district respectively, and if such compensation, when so applied, shall exceed the total amount of such credits upon the assessments upon the lands in any such district, the excess shall be paid to the district itself. [New section added May 27, 1919. In effect July 27, 1919, Stats. 1919, p. 1129.]

Application of moneys to flood control benefits.

§ 34. All moneys which may be hereafter paid to the said reclamation board by the state of California under and by virtue of the provisions of an act entitled "An act to appropriate money to be expended under the direction of and by the reclamation board to aid in carrying out the project adopted by the reclamation board for the Sutter-Butte by-pass assessment number six with such modifications and amendments as may hereafter be adopted by the reclamation board, and to aid in carrying out any work described in the plans of said Sutter-Butte by-pass assessment number six, in conformity with the report of the California debris commission, transmitted to the speaker of the house of representatives of the United States by the secretary of war on the twenty-seventh day of June, 1911, and such modifications and amendments as have been, or may be hereafter adopted by the reclamation board, or by the war depart-

ment, or the congress of the United States, and providing for the future completion of the entire project," or by any law of similar import which has been or may be hereafter adopted by the legislature of the state of California, shall be applied on said Sutter-Butte by-pass assessment number six, by said reclamation board, to the pro rata payment of such portions of said assessment as are based upon flood control benefits as set opposite each assessment, in the manner hereinbefore provided; provided, however, that if no flood control benefit amount is set opposite any tract of land, the assessment upon such tract of land shall not be entitled to any credit for any of the moneys so received by said reclamation board from said state. In case the amount remaining unpaid, including interest, upon the total of said assessment on any tract of land entitled to such pro rata payment or credit out of the money so received from the state shall be less than such pro rata payment or credit to which such tract is so entitled then the surplus of such pro rata payment or credit shall be by the reclamation board paid to the owner of such tract in cash out of said money so received from the state and deducted from the amount to be paid over by the reclamation board to the state treasurer as hereinafter directed.

Amounts credited on assessment accounts.

The reclamation board shall prepare and furnish to the several county treasurers a statement of the several amounts so applied to the pro rata payment of such portions of the assessments as are by reason of flood control benefit, and the several county treasurers shall enter such amounts on the original assessment lists as payments or credits on account of the several assessments. In making its calls or orders for the collection of installments on said assessment the percentage to be called and paid shall be calculated upon the original total amount assessed against each tract, but no such call or installment need be paid upon the assessment on any such tract except for the excess of the total of such calls over the total of payments so credited to such tract from application of such money received from the state as aforesaid, or otherwise paid thereon.

Disposition of money received from state.

The money so received by the reclamation board from the state shall, unless bonds based upon said assessment shall have been authorized by law, be by the reclamation board paid over forthwith to the state treasurer and by him credited to the funds of said assessment, to be used and expended in the same manner as funds collected from land owners upon said assessment. But if at the time of the receipt of any such money by the reclamation board from the state, bonds based upon said assessment shall have been authorized by law, the money so received from the state shall be deposited by the reclamation board with the state treasurer to be held as a special fund for the redemption of such bonds and shall, under the direction and as required by the reclamation board, be applied to the payment and cancellation of such bonds in the manner following, to wit:

Purchase of bonds by board.

Upon receipt of any sum of money under said act or acts of similar import, the said reclamation board shall proceed to advertise, at least once a week for four consecutive weeks, in at least one daily newspaper published in the city and county of San Francisco, and one daily newspaper published in the city of Los Angeles, calling for bids or offers for the sale to said state reclamation board of sufficient of the issued and outstanding bonds to cover the amount represented by said money so received from said state; provided, however, that said reclamation board shall not purchase any bonds at a sum in excess of par plus accrued interest. And if the said reclamation board shall receive bids or offers at par plus accrued interest, or less than par plus accrued interest,

then the said reclamation board shall purchase a sufficient amount of said bonds to make up the sum of money so received by them from the state, and shall proceed forthwith to cancel said bonds so purchased, together with all interest coupons attached thereto.

Payment of bonds.

But, if the said reclamation board shall not receive bids or offers of a sufficient amount to cover the money so received from the state, then as to the balance thereof, the said reclamation board shall pay bonds in the order of their numbers, beginning as to the first payment, at bond number one, and continuing in numerical order, in a sufficient amount to cover said first payment, and upon such subsequent payments, shall pay the said bonds according to the next succeeding numbers. [New section added May 27, 1919. In effect July 27, 1919, Stats. 1919, p. 1130.]

Payment of interest on warrants.

§ 35. Whenever any warrant drawn by the state controller upon the state treasurer as provided in section fifteen of this act has been presented to the state treasurer and not paid for want of funds and has been registered by the state treasurer and bears interest as provided in said section fifteen, the state controller shall at any time, on presentation of such warrant to him for that purpose, certify on the back of the warrant, over his signature, the amount of interest accrued thereon to that date, specifying the date, and when the state treasurer pays such warrant he shall, in addition to the amount for which the warrant was drawn, pay the interest accrued thereon as so certified to by the controller. [New section added May 27, 1919. In effect July 27, 1919, Stats. 1919, p. 1132.]

The amending act of 1915 contained the following sections:

Provisions amendatory.

§ 28. It is hereby declared by the legislature that some of the provisions of this amendatory act are for the purpose of more clearly expressing what was intended by the legislature in certain provisions of said act which is hereby amended, and therefore, if any provision of said act hereby amended, when properly construed, shall be held to have the same meaning as a corresponding or any provision of this act, although differently expressed, the amendment thereof by this act shall be construed to be an amendment in form only and not in substance.

§ 29. All acts and parts of acts inconsistent with said act as heretofore and now hereby amended, are hereby repealed to such extent as they may be so inconsistent.

1. **Constitutional law—Section 16, article XII, constitution, has no application to a drainage district.**—The twelfth article of the constitution relates exclusively to private corporations and consequently the provisions of section 16 have no application to a suit against a drainage district.—Gallup v. Sacramento, etc., Dist., 171 Cal. 71, 75, 151 Pac. 1142.

2. **District a corporation, though not a private or municipal corporation.**—The public body known as the Sacramento and San Joaquin drainage district created by an act of the legislature (1911-117, amended 1913-252) is a corporation, though not a private or municipal corporation, and its principal place of business, and place of residence, is Sacramento county.—Gallup v. Sacramento, etc., Co., 171 Cal. 71, 75, 151 Pac. 1142.

3. **Residence of corporations, section 392,**

Code Civil Procedure, not applicable.—The provisions as to the residence of corporations of section 392, Code of Civil Procedure, held to apply to drainage districts.—Gallup v. Sacramento, etc., Drainage Dist., 171 Cal. 71, 72, 151 Pac. 1142.

4. **Act does not apply to previously adopted plans of reclamation.**—The act does not apply to a plan of reclamation adopted prior thereto, and such plan is not required to be submitted to and approved by the reclamation board, notwithstanding certain modifications and additions made thereto after the act became effective, where such modifications did not materially affect the general plan.—Silva v. Reclamation District No. 1001, 41 Cal. App. 326, 182 Pac. 786.

5. **Purpose of act—Uniform plan of reclamation.**—The purpose of the act creating the reclamation board was to secure,

as far as practicable, harmony and uniformity among the various districts in the promotion of reclamation throughout the Sacramento and San Joaquin valleys.—*Silva v. Reclamation District No. 1001*, 41 Cal. App. 326, 182 Pac. 786.

6. Same—Reclamation board—Work is public work.—The work of the reclamation board, under the act, is a public work inaugurated by the state for the primary purpose of aid to navigation, and to prevent destructive floods.—*Reclamation Board v. Chambers* (Cal. App.), 189 Pac. 479.

7. Assessment—Authorized with previous segregation into projects.—The act authorizes the levy of an assessment by the district without first having segregated the general scheme into projects.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

8. Same—Exclusion of land not justified by the fact of prior reclamation.—The mere fact that land has been reclaimed does not justify its exclusion from a general scheme of improvement to diminish the danger of flood waters, where such land is below the flood level and subject to danger.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

9. Same—Same—Levy in accordance with benefits.—Neither the fact of a uniform levy on all lands, nor the fact that appellant's land has been reclaimed, necessarily results in the conclusion that the assessment was not levied in accordance with benefits.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

10. Same—Different amounts in different parts of district.—It is common knowledge, of which the court takes judicial notice, that in the part of the Sacramento valley included in the assessment district there are more reclamation projects and a greater area of reclaimed land requiring supervision and adjustment than in the San Joaquin valley, which was a proper matter for the board to consider in determining the amount of the assessment in each region, and it can not be said as a matter of law that their decision is con-

trary to the facts.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

11. Same—Same—Exercise of discretion of board sustained.—Where an assessment is made for the general benefit of the whole area, it has no direct relation to the value of the lands assessed, and it can not be said that such an assessment was not in proportion to the benefits derived from the general work.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

12. Boundaries—When fixed by legislature, courts can not consider question of benefits.—Where the legislature fixes the boundaries of an improvement district, its determination as to the benefits of such improvement is conclusive, and the courts are prevented from considering the question of benefits.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

13. Same—Amount contributed by the state.—The amount to be contributed by the state for the project inaugurated by this act is a matter for the determination of the legislature, and the state may, if it elects, pay all the costs, or, if it elects, place the cost on the land benefited, or may divide the cost.—*Reclamation Board v. Chambers* (Cal. App.), 189 Pac. 479.

14. Same—Exclusion of land not benefited—Landowner can not complain.—A landowner within the district can not complain of the exclusion of lands lying within the exterior boundaries of the district, where the plan was for general projects which would not benefit the excluded lands.—*Miller & Lux v. Sacramento, etc., Dist.*, 182 Cal. 252, 187 Pac. 1041.

15. Action for compensation not a local action.—An action for compensation for land accepted by the Sacramento and San Joaquin drainage district, under the provisions of section 1 of the act creating the same is not a local action, does not differ from an ordinary action on contract, and should, on defendant's motion, be transferred to the county of defendant's legal residence.—*Gallup v. Sacramento, etc., District*, 171 Cal. 71, 76, 151 Pac. 1142.

PURCHASE OF CONSTRUCTION WARRANTS.

ACT 3987—An act authorizing the state board of control to purchase warrants of the Sacramento and San Joaquin drainage district issued in payment for the expense of continuing construction of the east levee of the Sutter by-pass; appropriating money therefor, and providing for reimbursement to the state of such appropriation.

History: Approved January 30, 1919. In effect immediately. Stats. 1919, p. 5.

Purchase by state of drainage district warrants.

§ 1. The state board of control is hereby authorized to purchase at their fair value, to the extent of not exceeding the total amount hereinafter appropriated, any or all warrants of the Sacramento and San Joaquin drainage district drawn by the state controller as provided in the reclamation board act and payable out of the assessment of the reclamation board known and designated as Sutter-Butte by-pass assessment

number six and issued in payment for the expense of continuing construction of the east levee of the Sutter by-pass, or in payment for rights of way or other necessary expenses incident to the prosecution of said work.

Auditing claims.

§ 2. The board of control shall, in the matter of the purchase of such warrants, adopt such measures and impose such conditions as may to said board appear necessary or proper to ensure the proper auditing or preauditing of the claims upon which such warrants are issued, to the end that the work mentioned in section one of this act may be prosecuted economically.

Contracts for purchase of warrants. Exchange and sale of warrants.

§ 3. The board of control is hereby authorized to enter into contracts, upon such terms and conditions as said board may impose, for the purchase of all or any of the warrants which it is hereby authorized to purchase. And the said board of control is hereby further empowered to exchange any warrants so purchased by it for other warrants drawn against the same assessment, and to sell all or any part of such warrants so purchased or taken in exchange by it; provided, all such exchanges or sales of warrants shall be effected without loss to the state.

Register of warrants.

§ 4. All warrants so purchased or acquired by exchange by the board of control under the provisions of this act against said assessment, shall be registered by the state treasurer, unless already registered, and shall be payable with interest in their proper order of registration, as provided in the reclamation board act, and shall be held by the board of control for the state until paid, whereupon the proceeds thereof shall be returned into the general fund of the state.

Appropriation.

§ 5. The sum of three hundred thousand dollars is hereby appropriated, out of any money in the state treasury not otherwise appropriated, to be expended by the board of control in carrying out the provisions of this act. The state controller shall draw warrants upon the state treasurer, payable out of said appropriation, in such amounts and at such times and in favor of such persons as the board of control may request, and the state treasurer shall pay the same.

Urgency measure.

§ 6. The legislature hereby declares that it deems it necessary for the immediate preservation of the public health and safety that this act shall go into immediate effect, by reason of the following facts, to wit: That unless a sufficient levee along the east side of the Sutter by-pass is constructed without delay, the effect of the levees and other works already constructed under public authority along the west side of the Sutter by-pass and the south side of the Tisdale by-pass will be to cause the spring floods of the year 1919 to overflow and greatly damage a large area of valuable land east of the Sutter by-pass, and to imperil the health and safety of the inhabitants thereof; that the plans of the state for flood control in the Sutter basin contemplate the construction of the east levee of the Sutter by-pass, and that the construction of this levee has been commenced, and in large part completed, by the reclamation board and paid for with warrants against said assessment, but the reclamation board is unable to obtain further prosecution of said work by the issuance of warrants in payment therefor; that without the passage of this act said work can not be further prosecuted until said assessment has been completed and approved and in part collected, which will be not earlier than six months from this time. That the provisions of this act will enable the reclamation board to complete said levee in time to protect said lands to the

east of said by-pass, and the inhabitants thereof, against the damage and injury which would otherwise result from the spring floods of the year 1919; that the portions of said east levee already constructed at large expense will also suffer great damage and injury unless the work is prosecuted diligently to completion. And it is hereby declared that this act constitutes an urgency measure which under the provisions of section one of article four of the constitution of the state of California shall go into immediate effect.

1. Constitutionality—Giving or lending public money.—The act is not violative of the provision of the constitution prohibiting the giving or lending of the credit of the state, or the making of a gift to any individual, municipal, or other corporation.

—Argyle Dredging Co. v. Chambers, 40 Cal. App. 332, 181 Pac. 84.

2. Same—Not special law.—The act is not obnoxious to the provision of the constitution forbidding special laws.—Argyle Dredging Co. v. Chambers, 40 Cal. App. 332, 181 Pac. 84.

BONDS.

ACT 3988—An act to authorize the issuance and sale of bonds of the Sacramento and San Joaquin drainage district based upon assessments levied by the reclamation board upon lands in said district.

History: Approved May 27, 1919. In effect July 27, 1919. Stats. 1919, p. 1092.

“Reclamation board act.”

§ 1. The words “reclamation board act” when used herein are intended to refer to and mean that certain act of the legislature of the state of California entitled “An act approving the report of the California debris commission transmitted to the speaker of the house of representatives by the secretary of war on June 27, 1911, directing the approval of plans of reclamation along the Sacramento river or its tributaries, or upon the swamp lands adjacent to said river, directing the state engineer to procure data and make surveys and examinations for the purpose of perfecting the plans contained in said report of the California debris commission and to make a report thereof, making an appropriation to pay the expenses of such examinations and surveys, and creating a reclamation board and defining its powers,” approved December 24, 1911, as amended by those two certain acts of the legislature of the state of California approved May 27, 1913, and June 9, 1915, respectively, in which act as so amended it is provided in section thirty-one thereof that said act shall be known and may be cited and referred to as the “reclamation board act.”

Provisions of reclamation board act regarding bond proceedings superseded.

§ 2. Whenever any assessment levied by the reclamation board upon lands within the Sacramento and San Joaquin drainage district has been completed and all of the hearings before the reclamation board in regard thereto have been heard and the reclamation board is ready to make its order approving such assessment as finally fixed, as directed by section thirteen of said reclamation board act, the reclamation board may at the time of making said order finally approving the assessment, and in and by such order and as a part thereof, also determine that in its judgment it would be for the best interests of the owners of land in the Sacramento and San Joaquin drainage district affected by said assessment to issue bonds for the purpose of obtaining money to pay the cost of the works or other expenses for which such assessment was levied; and if the reclamation board shall so determine in and by its said order, then the subsequent proceedings in and about the matter of such assessment and the collection thereof and all other proceedings for the raising of money to be used for the purposes for which said assessment was levied, shall be as in this act provided, notwithstanding any provision or provisions in regard thereto in said reclamation board act contained.

Assessment lists retained.

§ 3. If the reclamation board shall so determine that in its judgment it would be best to issue bonds as aforesaid, then the original assessment lists shall not be deposited in the offices of the respective county treasurers as directed by section fourteen of the reclamation board act, but shall be retained in the office of the reclamation board until after final determination of the judicial proceeding provided for in section four of this act.

Judicial proceeding to validate assessment.

§ 4. If the reclamation board shall in its order approving such assessment as finally fixed determine that in its judgment bonds should be issued as aforesaid, said board shall thereupon and within ten days after the passage of its said order commence a judicial proceeding for the validation of said assessment, which judicial proceeding shall be commenced, prosecuted and determined as hereinafter in sections five to thirteen, inclusive, of this act provided. During said period of ten days no action or proceeding shall in such case be commenced by any party other than said reclamation board to contest or in any manner question or interfere with the validity of said assessment, nor shall any action be commenced to have the assessment upon any land modified or annulled as provided in section thirteen of the said reclamation board act; nor shall any such action or proceeding of any kind be commenced by any party other than the reclamation board at any time thereafter; provided, the reclamation board shall itself within said period of ten days have commenced said judicial proceeding to validate said assessment as herein provided.

Action in county with largest acreage of land affected. Appointment of judges.**Notice of hearing.**

§ 5. Within said period of ten days after the passage by the reclamation board of its order approving said assessment as finally fixed by said board, the reclamation board shall commence in the superior court of the state of California in and for the county within which the largest acreage of land affected by said assessment is situate, a proceeding to validate said assessment, which proceeding shall be commenced by filing a copy of the assessment lists for said assessment, together with a copy of said order of the reclamation board approving said assessment as finally fixed by said board, both duly attested by the certificate of the secretary or assistant secretary of the reclamation board, in the office of the county clerk and ex officio clerk of the superior court in and for the county in which said proceeding is commenced. Thereupon the reclamation board shall notify the governor of the commencement of such proceeding and thereupon it shall be the duty of the governor to designate three judges of the superior court in the state of California, from counties or cities and counties wholly outside the said Sacramento and San Joaquin drainage district, and it shall be the duty of said three judges to sit in bank in said proceeding so commenced. Upon the filing of said assessment lists it shall be the duty of said county clerk to fix a time not less than thirty nor more than forty days from the date of such filing when objections will be heard to the said assessment lists, and thereupon it shall be the duty of said clerk to give notice of the time and place of such hearing by publishing a notice for once a week for four weeks in a newspaper of general circulation published in each county in said drainage district wherein any lands affected by said assessment are situated, and if in the case of any such county no newspaper be published in the county, or if for any reason such notice can not be published therein, then such notice shall be published in a newspaper of general circulation published in an adjoining county. Affidavits showing such publications shall, prior to such hearing, be filed with said county clerk.

Place of sessions.

§ 6. Said court may for the convenience of witnesses and shall upon written demand of ten interested parties filed in the proceeding, by order duly given and made, conduct sessions and take evidence in said proceeding in any county in said drainage district in which lands affected by said assessment are situated.

Filing of written objections.

§ 7. At any time before the day for such hearing fixed in the notice published by said county clerk, any person interested in any land upon which any charge has been assessed in and by said assessment, may file in said proceeding written objections to said assessment, stating in detail the grounds therefor, which said statement shall be verified by the affidavit of such person or of some other person who is familiar with the facts.

Hearing.

§ 8. At said hearing or any adjournment thereof, the said court shall hear such evidence as may be offered touching the correctness or validity of such assessment or the manner of its apportionment and as expeditiously as possible shall determine and pass upon all such written objections filed in said proceeding, and shall make and enter its judgment approving said assessment or annulling, modifying or amending the same or any part thereof. Such judgment shall refer to the assessment apportioned to each county separately and it shall be sufficient to refer to the portions of said assessment which are affected thereby. The decision of a majority of said court shall be final and conclusive, and no motion for a new trial of said proceeding shall be allowed, and no appeal from the judgment given and made by said court shall be had.

No reapportionment.

§ 9. Unless the aggregate amount of the whole of such assessment shall be modified or amended by the judgment in said judicial proceeding so as to cause a difference of more than two and one-half per cent greater or less than the original total amount of said assessment, it shall be deemed that the assessment has not been substantially modified and no necessity shall exist for a reapportionment thereof.

Assessment lists conclusive evidence.

§ 10. Thereupon and thereafter said assessment lists, unless annulled by the judgment in said judicial proceeding, embracing any modifications made by said judgment shall be conclusive evidence that said assessment has been apportioned according to the benefits that will accrue to each tract of land in such drainage district by reason of the expenditure of the sums of money to be raised thereby.

Certified copies of judgment filed.

§ 11. A certified copy of said judgment referring to said assessment lists shall be filed in the office of the reclamation board; and a certified copy of so much of said judgment as relates to the lands in each of said counties affected thereby shall be affixed to the original assessment list for such county; and the reclamation board shall thereupon cause such amendments or modifications to be made and entered upon the original assessment lists as may be necessary to make them conform to the provisions and directions of said judgment. Thereupon the said assessment lists shall be certified to by the secretary or assistant secretary of the reclamation board as being in conformity with the requirements of said judgment.

Objections must be in writing.

§ 12. No objection to said assessment shall be considered by such court unless such objection shall have been made in writing to the reclamation board as provided in

section thirteen of the reclamation board act; and excepting in the said judicial proceeding herein provided for no action or defense shall ever be maintained attacking the said assessment in any respect.

New assessment in case of annulment.

§ 13. In the event that said assessment shall by the judgment in said judicial proceeding be annulled as a whole, it shall be the duty of the reclamation board to cause a new assessment to be made as provided in the reclamation board act, and thereafter the same proceedings shall be had in regard thereto as herein provided.

Assessment becomes lien on land on filing of list.

§ 14. Said assessment lists when the same have been so modified and amended if necessary to conform to the requirements of said judgment and have been certified to as provided in section eleven of this act, shall thereupon be by the reclamation board filed in the offices of the county treasurers, respectively, of the several counties in which are situated any of the lands assessed thereby. Each such county treasurer shall endorse thereon the time to the hour and minute when the same was so filed in his office; and from that time such assessment shall constitute a lien upon the lands in such county so assessed, and shall impart notice to all subsequent purchasers or encumbrancers or any person acquiring any interest in or lien upon said lands.

Payment of assessments.

§ 15. At any time within thirty days after said assessment list has been so filed in the office of the county treasurer as provided in section fourteen hereof, the whole amount of such assessment upon any tract of land therein separately assessed may be paid in cash to the county treasurer and thereupon the county treasurer shall issue his receipt therefor and shall endorse the fact and date of such payment upon the assessment list, and thereupon the lien of such assessment upon such tract of land shall cease. The report of such payment shall be made by the county treasurer at once to the secretary of the reclamation board, and the amount so received by the county treasurer shall, within thirty days after the receipt thereof by him, be deposited by him with the state treasurer and shall be by said state treasurer safely kept and credited to the construction fund of said assessment.

Interest on unpaid assessments.

§ 16. All assessments not paid in full within said period of thirty days as provided in section fifteen hereof shall bear interest at the rate of seven per cent per annum from and after the expiration of said period of thirty days.

Election to determine method of paying cost of works.

§ 17. Upon the expiration of said period of thirty days mentioned in section fifteen of this act, an election shall be called and held by the reclamation board in that part of said Sacramento and San Joaquin drainage district affected by said assessment or the issuance of said bonds, to determine whether the money necessary to pay the cost of the works and other expenses to be paid out of such assessment shall be raised by calls to be made upon such assessment in such installments as may from time to time be determined by said board, or whether bonds of the Sacramento and San Joaquin drainage district shall be issued in an amount equal to the amount of such assessment then remaining unpaid, which amount shall be entered by the board in its records and stated by said board in its order for said election, which order shall be entered upon the minutes of said board.

Polling places.

§ 18. The reclamation board shall in its order providing for said election specify the day on which said election shall be held and shall specify and designate one or more

polling places as it may determine to be necessary in each supervisor district wherein are situated any of the lands affected by said assessment for the holding of such election. In case the board shall consider it necessary or proper to provide more than one polling place in any supervisor district for the holding of such election, the board shall in said order divide the lands in such supervisor district and within said Sacramento and San Joaquin drainage district, into separate voting districts, and shall designate and provide one polling place for and within each such voting district at which shall be cast the votes of the owners of land within such voting district. The board may, however, combine contiguous portions of different supervisor districts into one voting district in cases where the lands in such voting district shall not be assessed to more than one hundred different owners, counting one owner for each tract assessed to unknown owners and counting the estate of a deceased person as one owner.

Board of election.

§ 19. The reclamation board shall also in said order providing such election appoint a board of election for each such polling place, which board of election shall consist of three owners of land assessed in and by said assessment and situated within such voting district where such polling place is located. Each member of such board of election, whether so appointed by the reclamation board or whether acting as a substitute as hereinafter provided, shall be entitled to the sum of five dollars for his services as such, to be paid by said board out of any funds of the Sacramento and San Joaquin drainage district or of said board applicable thereto.

Notice of election.

§ 20. Notice of such election must be given by the reclamation board by posting notices thereof in at least three public places in each voting district at least twenty-one days prior thereto, and also by publication for the same length of time in some newspaper of general circulation published in each county in which any portion of the lands assessed in and by said assessment may be situated. Such notice must specify the time and place of holding such election, the aggregate face value of bonds proposed to be issued, and the names of the persons appointed to act as the board of election. Affidavits of publication and posting of such notices must be filed with the county clerk of the county in which the same have been posted or published, together with a copy of said order calling such election certified to by the secretary or assistant secretary of the reclamation board. Duplicate original affidavits of publication and posting of such notice shall also be filed in the office of the reclamation board.

§ 21. At such election the owner or owners of each tract of land assessed in and by such assessment, upon which tract of land the assessment has not been paid as provided in section fifteen of this act, shall have the right in person or by proxy to cast one vote for each one cent of the amount for which said tract of land is assessed by said assessment. In case there shall be more than one owner of any tract of land separately assessed in and by said assessment, all of such owners shall unite in the ballot to be cast at such election for and on behalf of such tract of land, or shall authorize one or more of their number or some other person to cast such vote for them by proxy.

Vote of guardians, corporations, etc. Vote by proxy.

§ 22. Guardians, executors, administrators and other persons holding land in a trust capacity under appointment of court may vote at said election without obtaining special authority therefor. The vote of any public or private corporation or of any reclamation district, levee district, drainage district or other public agency entitled to vote at such election, may be cast by any person authorized by the board of directors

or trustees or other managing body thereof, which authorization shall be in writing and certified to by the secretary or clerk thereof and attested by its seal duly acknowledged and filed with the board of election. No person shall vote by proxy at such election unless authority to cast such vote shall be evidenced by an instrument in writing duly executed, acknowledged and certified in the same manner as grants of real property and filed with the board of election. In case of the change of ownership of any tract of land, or in case the name of the owner of any tract of land be not correctly stated in the voting list, or in case it be assessed to unknown owners, the right to vote shall belong to the owner of such land at the time of the holding of such election; and if the right of any person to vote as the owner of any such tract of land be disputed or challenged, the question of his right to vote shall be determined by the board of election after examining him under oath, which oath any member of such board of election is hereby authorized to administer, and any person testifying falsely upon such examination shall be guilty of perjury. Any person voting or attempting to vote at such election who is not entitled to vote at such election, as herein provided, shall be subject to the same penalties and punishments as provided by the general election laws of this state, for voting or attempting to vote illegally.

Voting lists.

§ 23. The reclamation board shall, prior to such election, cause to be prepared and certified by its secretary or assistant secretary, and furnished to the board of election in each such voting district, a true and correct voting list containing the reference number of each tract separately assessed upon the assessment list, to whom assessed, and the amount of the assessment thereon with reference to which the election is to be held, which voting list shall be used by the board of election in determining the right to vote and the number of votes to be cast by each voter, and shall be sufficient evidence thereof.

Reference number of each tract.

§ 24. For the purpose of determining the so-called "reference number" of each tract separately assessed upon the assessment lists, the reclamation board shall, before preparing such voting lists, cause each tract of land separately assessed upon the assessment lists, unless already done, to be given a separate number to be designated as the "reference number" of such tract, which reference numbers shall be entered upon the assessment lists opposite the several tracts separately assessed, respectively.

Ballots.

§ 25. The ballot cast at such election shall contain the words "Bonds—Yes," or the words "Bonds—No," and also the signature of the person or persons casting the ballot, with the number of votes cast by such voter. If a ballot is cast by proxy, it shall also contain the name of the landowner for whom the ballot is cast and the signature of the person casting the said vote as such proxy. A list of the ballots cast shall be made by the board of election, containing the name of each voter, and if the ballot be cast by proxy, the name of the person casting it and the number of votes cast by each and whether the same be cast for or against the issuing of the bonds.

Failure to attend. Oath of members of board of election.

§ 26. If any person appointed as a member of the board of election shall fail to attend at the opening of the polls, the voters then present may appoint in his place any landowner of the district then present and entitled to vote at such election at such polling place, to fill the position of any such absent member thereof. Each member of such board of election must before entering upon the discharge of his duties as such, take and subscribe an official oath, which oath may be administered by any officer authorized by law to administer oaths, or by any landowner in said drainage district.

Such oath shall be to the effect that he will support the constitution of the United States and the constitution of the state of California, and that he will faithfully perform the duties of member of such election board to the best of his ability.

Canvass of votes. Canvass by reclamation board.

§ 27. The polls at each such polling place for said election shall be kept open from nine o'clock in the forenoon until five o'clock in the afternoon of the day appointed for such election. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result, and shall forward a certificate showing such result and the number of votes cast for and against the issuing of bonds, to the reclamation board, and shall deliver a duplicate thereof to the county clerk of the county wherein such voting district is located, and shall also deliver to said reclamation board all ballots, voting lists and lists of ballots cast at such election, and all documents and papers used thereat. Thereupon the reclamation board shall examine and canvass said certificates received from such boards of election, and shall determine therefrom and declare, and enter in its minutes as the managing body of said Sacramento and San Joaquin drainage district, the total result of such election. Any person interested may within ten days after the result thereof has been so determined and declared by the reclamation board, contest such election so far and to such extent as the same depends upon the votes or proceedings had in the matter of such election in any county, by bringing suit in the superior court of such county, and if no contest shall be so commenced within said time, the declaration of the result by the reclamation board shall be final and conclusive.

Bonds issued if majority vote favors.

§ 28. If a majority of the votes cast at such election are in favor of the issuance of bonds, the reclamation board shall cause bonds of the Sacramento and San Joaquin drainage district, in the amount stated in said order calling such election, to be prepared and executed and delivered to the state treasurer. Said bonds shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars each. They shall be signed by the president of the reclamation board and attested by the secretary of said board with the seal of said board affixed thereto, and shall be numbered consecutively in the order of their maturity and shall bear date either January first or July first and shall bear interest at a rate to be fixed by the order of the board for issuance of the bonds not to exceed six per cent per annum payable semi-annually on the first day of January and the first day of July in each year, at the office of the state treasurer upon presentation of the proper coupons therefor. Coupons for each installment of interest shall be attached to said bonds and shall bear the facsimile signature of the state controller.

Payment of principal. Redemption of bonds.

§ 29. The principal of said bonds shall by an order of said board entered in its minutes, be made payable on the first day of July or the first day of January and in such years as the board may prescribe, but such bonds shall be payable serially within twenty years from their date in the manner following, to wit: Not less than ten per cent of their aggregate face value of such bonds issued shall be payable within ten years from their date, and not less than nine per cent of the aggregate face value of such bonds issued shall be payable each year beginning with the eleventh year from their date until the whole amount of said bonds have been paid; provided, however, that the reclamation board may call and redeem such an amount of said bonds as in its judgment it may see fit on any interest date subsequent to the first day of July, 1921, at their face value, with accrued interest to date of redemption. Whenever, at any time not less than four weeks before any semi-annual interest date, the amount of

money in the hands of the reclamation board, and applicable to the payment of said bonds, shall amount to a sum of not less than twenty-five thousand dollars, in excess of the amount, if any, falling due on the next two semi-annual interest dates for payments of principal and interest, then and in such case, the said reclamation board shall call and redeem at par, before maturity, so many of the outstanding bonds as such excess will suffice to pay; such bonds to be paid in the regular consecutive order of the serial number of said bonds, beginning with the lowest outstanding number. To effect any such redemption, the reclamation board shall cause to be published once each week for four successive weeks, in a newspaper published in the city and county of San Francisco, in a newspaper published in the city of Sacramento, and in a newspaper published in the city of Los Angeles, a notice stating that at such next semi-annual interest date, the bonds specified in such notice will be redeemed and that there will be due and payable on such bonds at the places specified therein for payment, the amount of the principal thereof with accrued interest.

Payment of bonds or coupons.

Out of the bond fund of such assessment the state treasurer shall, on presentation at or after its maturity, pay to the holder thereof each such bond or interest coupon which shall have been sold or which shall have been issued and delivered upon an order of the reclamation board payable in bonds as hereinafter provided. If any bond or interest coupon shall not be presented to the state treasurer for payment when the same becomes due, it shall cease to bear interest, but if presented at or after such time and not paid for want of funds, the state treasurer shall so indorse such bond or coupon, together with the date of presentation, and thereafter such bond or coupon shall bear interest at the rate expressed in the bond until paid or until funds have been provided in the state treasury applicable to its payment.

Action to determine validity of bonds.

§ 32. The reclamation board shall deliver the bonds prepared pursuant to this act duly signed and attested, to the state treasurer. Within ten days after said bonds have been delivered to the state treasurer, an action may be commenced by the reclamation board in the superior court of the state of California, in and for the county within which the largest acreage of land affected by the assessment for which bonds are proposed to be issued is situate, against the lands and all persons owning the same or interested therein, in that portion of the Sacramento and San Joaquin drainage district affected by said assessment or the issuance of said bonds, to have it determined that said bonds are a legal obligation of said drainage district. Such action shall be in the nature of a proceeding in rem and the defendants in such action shall be designated as "All persons owning or claiming any interest in or lien upon any lands within the Sacramento and San Joaquin drainage district affected by that certain assessment levied by the reclamation board known and designated as (giving the name and number of the assessment)." It shall be sufficient to describe said lands as all lands affected by such assessment, without a more specific description. A summons shall be issued in such action which summons, besides the matters required by section four hundred seven of the Code of Civil Procedure, shall contain a statement that the action is brought to determine the validity of bonds of the Sacramento and San Joaquin drainage district to the amount stated therein executed by the reclamation board and delivered to the state treasurer and based upon and to be paid out of an assessment levied by said reclamation board upon lands within the Sacramento and San Joaquin drainage district assessed in and by that certain assessment known and designated as (giving name and number of the assessment). Jurisdiction by the court over all parties interested in said action shall be obtained by publication of a copy of the summons at least once a week for three successive weeks in a newspaper of general circulation published in each county wherein are situated any lands within said Sacramento and San Joaquin drainage district and assessed in and by said assessment, which newspaper, in each county, shall be designated by the court wherein the action is pending or by the judge thereof. Within thirty days after completion of the publication of such summons in each of such counties any owner of land assessed by said assessment or any one interested in any such land may appear and answer the complaint in such action which answer shall be verified and shall set forth the facts relied upon to show the invalidity of said bonds. The default of all defendants not so appearing may be entered. Such action shall be given precedence in hearing and trial over all other civil actions or proceedings in such court, and judgment shall be rendered therein declaring such bonds either valid or invalid. Any party not in default shall have the right within thirty days after the entry of such judgment to appeal therefrom to the supreme court of this state, which appeal shall be advanced upon the calendar of the court in which the appeal may be pending and shall be determined as early as possible. Judgment for the plaintiff in such action declaring such bonds to be valid shall be considered as a judgment in rem and shall be conclusive against said district and against all lands therein and all owners thereof and all other interested persons. Costs may be awarded to or against any party appearing in such action as the court may in its discretion determine. Any action or proceeding commenced by any party other than the reclamation board to contest or in any manner interfere with the validity or disposition of said bonds must be tried in the superior court of the state of California, in and for the county within which the largest acreage of land affected by said assessment or the issuance of said bonds is situated, and no such action or proceeding shall be commenced by any party other than the reclamation board until the expiration of ten days after such bonds have been so executed and delivered to the state treasurer, nor unless the action in this section provided for shall not have been commenced by the reclamation board within said period of ten days.

Before making a sale of any of said bonds, notice shall be given by the state treasurer that he will sell a specified amount of said bonds, stating the day, hour and place of said sale. Such notice shall state that sealed proposals will be received by him for the purchase of said bonds or any part thereof at the day and hour named in the notice. Such notice shall be given by publication once a week for three successive weeks in a newspaper of general circulation published in the city of Sacramento. At the time and place appointed in said notice the state treasurer shall open the bids and shall award the purchase of the bonds or any part thereof to the highest responsible bidder, or if the highest bid is not equal to par and accrued interest he shall notify the reclamation board of the amounts of the highest bids received, and reject any or all bids if so required by said board. At any time before all such bonds held by the state treasurer shall have been sold by him, said reclamation board may draw upon the state treasurer for, and issue and deliver any such unsold bonds at not less than the face value thereof in payment for any of the works or other expenses for which said assessment has been levied and for which such bonds have been authorized, and may make contracts for any of the said works or expenses, payable in whole or in part in such bonds; and in making such payments in bonds, said board shall draw orders upon the state treasurer payable in such bonds to the amount therein named, which orders shall be countersigned by the state controller and shall be paid with such bonds by the state treasurer upon presentation of the amount therein provided for, if there be sufficient bonds on hand to pay the same. In drawing

Money placed in construction fund.

§ 34. Payment of interest.

§ 36. From the first money received from the sale of any of such bonds the state treasurer shall retain an amount which with the other funds in his hands applicable to the payment of such interest will be sufficient to pay the interest which will fall due during the period of one year thereafter upon all such bonds which have been so sold, or which have been issued and delivered on orders of the reclamation board payable in bonds, and which are still outstanding; and the state treasurer shall at all times retain in his hands sufficient money from the sale of such bonds which, with other funds applicable thereto in his hands, will be sufficient to pay all interest to accrue within the period of one year next succeeding upon all such bonds so sold or leased and delivered and still outstanding; and the money so withheld by the state treasurer shall be applied on said bonds and interest thereon and shall not be used for any other purpose.

Statement by state treasurer to reclamation board.

§ 37. Whenever any of such bonds are sold or delivered by the state treasurer either to a purchaser thereof or upon an order from said reclamation board payable in such bonds, the state treasurer shall first detach therefrom and cancel all past due interest coupons and deliver such canceled coupons to the reclamation board or its secretary, and shall also at once certify and deliver to said board or its secretary a list of such bonds so sold or delivered, showing the serial numbers, denominations and date of maturity of the bonds so sold or delivered, the price received for each bond sold, and the date of maturity of the earliest maturing interest coupon left attached to each bond so sold or delivered. The state treasurer shall also certify and deliver to the said reclamation board or its secretary whenever requested, a statement of all such bonds and coupons for interest thereon paid by him and of all bonds or coupons presented for payment and not paid for want of funds, with the date of presentation.

Separate records for each bond issue.

§ 39. In case there shall be several bond issues under this act based upon several different assessments, respectively, all of the proceedings, records and transactions of every kind herein provided for shall be had and kept separately with reference to each such bond issue.

Construction of works. Warrants.

§ 40. With the money received from the sale of bonds, or with the said bonds as hereinbefore provided, the reclamation board as the managing body of said Sacramento and San Joaquin drainage district shall proceed with the construction and completion or carrying into execution of the works or project for the purpose of which the assessment upon which such bonds are based was levied, in order that the same may be carried out and completed according to the best judgment of said board and without unnecessary delay. For the purpose of paying the cost and expenses of such works or project, and the expenses of making, bonding and collecting the assessment therefor the reclamation board shall from time to time as may be necessary present its written requests to the state controller for the issuance of warrants, specifying the amount of the warrant and the name of the payee thereof, and upon receipt of such written request the state controller shall draw his warrants upon the state treasurer payable out of the said construction fund of the assessment upon which such bonds have been issued, and the state treasurer shall pay the same or make delivery of such bonds as provided herein. Warrants issued by the controller and payable out of such assessment as provided by section fifteen of the reclamation board act shall be paid by the state treasurer out of and only out of the construction fund of such assessment, and in their proper order of registration as in said section fifteen provided.

§ 41. No warrant issued pursuant to any of the provisions of this act or of the said reclamation board act shall be accepted or received by the county treasurer in payment of all or any part of any assessment upon which bonds have been authorized.

Annual installment for bonds.

§ 42. When the bonds of the Sacramento and San Joaquin drainage district have been authorized and issued as herein provided, based upon any assessment levied by the reclamation board, the reclamation board shall annually thereafter before the first day of July of each year, by an order entered in its minutes, ascertain and determine the total amount necessary to be collected upon such assessment for the payment of principal and interest of all such bonds which will or may become due on the first day of January and the first day of July of the succeeding year, and thereafter and before the first day of September of each year said board shall prepare in duplicate, retaining one original thereof, and causing the other original thereof to be certified by its secretary and delivered to the county treasurer of each county wherein are situated any of the lands covered by such assessment, a statement of the installment of such assessment necessary to be collected for such year, to which there shall be added and collected an additional amount of fifteen per cent of the installment so due to cover possible delinquencies, which said additional sum, together with such installment, shall constitute the amount to be collected and paid into the bond fund and shall be known as the install-

ment for bonds. Such installment for bonds shall, unless otherwise determined by the reclamation board by an order entered in its minutes, a copy of which duly certified shall be transmitted to the county treasurer of each of said counties, be payable in two equal portions, the first of which shall be due and payable to such county treasurer, respectively, on the third Monday in October and shall be delinquent on the first Monday in December next thereafter at six o'clock p. m., and the remaining portion may be paid at any time before the last Monday in April next thereafter at six o'clock p. m., at which time the same shall become delinquent.

Annual collection list.

§ 43. For convenience in entering payments of such installments for bonds, the reclamation board shall furnish to the county treasurer of each county affected, an annual collection list in which shall be set forth the reference number of each tract of land assessed and the name of the owner to whom assessed, as stated in the original assessment list, and the total amount assessed upon each tract and the amount to be collected thereon for that year, together with appropriate columns for the entry of payments, sales and redemptions; and the county treasurer shall enter thereon in the proper column all payments, with date of payment, the word "sold" with date of sale, in case of sales for delinquency, and the words "sold to the district" with date of sale, in the case of sales to the district; and shall also enter the word "redeemed," with date of payment, in case such redemption be made. Said county treasurer shall also make a report to the reclamation board as often as requested of all entries so made by him on such collection list.

Penalty for delinquent installment.

§ 44. When either portion of any such installment for bonds shall become delinquent, a penalty of one dollar together with twenty per cent of the amount of such installment on each tract so delinquent, shall be added thereto and collected for the use of the bond fund of said assessment. All moneys so collected by the several county treasurers upon such installment for bonds or for the penalty thereon in case of delinquency shall be by them, respectively, and within thirty days after such collection, paid over to the state treasurer and by him credited to the bond fund of such assessment.

Sale of land for delinquent installments.

§ 45. If both portions of said installment are not paid before the last Monday in April at six o'clock p. m., the reclamation board shall publish in each county where such delinquencies exist, in one notice, a list of all said delinquencies in such county at least once a week for two weeks in some newspaper of general circulation published in the said county, which notice shall contain a description of each parcel of land assessed within the said county whereon such installment or installments are delinquent, as such description appears on the assessment list, the name of the owner to whom it is assessed or a statement that it is assessed to unknown owners if such be the fact, the amount of the installment or installments delinquent on such parcel, the amount of the penalty thereon, and a notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said county at a specified day and hour, which shall not be less than thirty nor more than ninety days from the date of delinquency, to pay such delinquent installment or installments and penalty. At the time and place stated in said notice the county treasurer shall sell each parcel of land described in said notice to the highest bidder unless prior thereto he shall have received payment in full of said delinquent installment or installments together with such penalty. No bid for any parcel shall be accepted less than the aggregate sum then due for said installment or installments thereon, together with such penalty, except that the treasurer may receive from any purchaser at their face

value, in lieu of cash, bonds of said drainage district issued upon such assessment, or their interest coupons, which bonds or coupons shall be then matured or will mature within one year after such sale. Any said bonds or coupons so received in payment shall be by the treasurer forthwith canceled and transmitted to the state treasurer. If the entire amount of any such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon. There shall be credited to the bond fund of such assessment the amount of purchase money so paid in bonds or coupons on such delinquent sales, and of all sums endorsed as paid upon account of purchase money on any such bonds or coupons, specifying the same, a statement of which shall be furnished by the county treasurer to the state treasurer.

Sale of land to district.

§ 46. If no bid is made for any parcel at such delinquent sale equal to the amount of installment or installments delinquent thereon including such penalty, the county treasurer shall bid in and sell said parcel to the said Sacramento and San Joaquin drainage district for the amount of said installment or installments and penalty.

Redemption of property sold. Deed of conveyance if no redemption.

§ 50. Any person interested in any tract of land sold at such delinquent sale may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purchaser a sum equal to the purchase price stated in the certificate of sale with interest thereon at the rate of twelve per cent per annum from the date of sale to such redemption, together with the amount remaining due and unpaid of any installment upon any assessment on said land under the reclamation board act or this act, with the penalty herein or in said reclamation board act prescribed for delinquency, if any. If no redemption shall be made within one year the reclamation board upon demand and the surrender of such certificate of purchase and the delivery of a certificate of the county treasurer that no redemption has been made within such year from date of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances except state, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment made by said drainage district, each installment whereof may be called and collected as by law provided, except that no parcel sold and conveyed to the Sacramento and San Joaquin drainage district shall thereafter, until redeemed or until sold and disposed of by the

reclamation board, be subject to sale by the treasurer for delinquent installments of any assessment as in this act provided. Every deed by the reclamation board purporting to be executed under this act shall be prima facie evidence of the truth of the matters therein recited and of ownership by the grantee of the lands therein described. All deeds herein required to be executed by the reclamation board may be executed by the president and secretary thereof on behalf of said board.

Sale of land purchased by district.

§ 51. Any parcel of land bid in and purchased by the Sacramento and San Joaquin drainage district at such delinquent sale shall be held in trust for the bond fund of the assessment upon which the same was sold and may be sold and conveyed by said reclamation board or their successors in office at any time after the expiration of said redemption period of one year at public or private sale and with or without notice to any person paying not less than the amount for which said parcel was bid in by said county treasurer at such delinquent sale for said drainage district, with interest thereon at the rate of twelve per cent per annum compounded yearly from the date of such delinquent sale, and also the amount of all subsequent installments then delinquent, with accrued interest and penalties thereon. Payment for the land so purchased may be made by the purchaser either in cash or matured bonds and coupons issued upon said assessment taken at their face value, and the reclamation board shall execute a deed to such purchaser at such sale conveying said property, free of encumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment thereon levied by the reclamation board on lands in said drainage district. The purchase price so received in cash shall be by the reclamation board forthwith paid over to the state treasurer; and any bonds or coupons so received in payment by the reclamation board shall be by said board canceled and delivered to the state treasurer; and all such money so paid over and such canceled bonds or coupons so delivered to the state treasurer shall be by him credited to the bond fund of such assessment. If any land so held by the Sacramento and San Joaquin drainage district shall remain unsold after the final installment of the assessment shall have been collected by payment or sale, then the reclamation board shall sell all such lands so held by said drainage district at public auction to the highest bidder for cash, upon two weeks' published notice substantially in the manner provided for notice upon such delinquent sales, and shall execute to the purchaser a conveyance thereof free of incumbrances except state, county and municipal taxes, and assessments levied or assessed by statutory authority, and shall deposit the proceeds of such sale with the state treasurer to the credit of the bond fund of such assessment.

Use of surplus in bond fund.

§ 52. Any surplus remaining in the bond fund of such assessment greater than is necessary to pay all of the amounts due or to become due during the ensuing year may, in the discretion of the reclamation board, be devoted to the purchase in the open market and at the fair market price thereof of any bonds other than bonds of said drainage district available for purchase by savings banks in this state, which shall thereupon be delivered to the state treasurer to be held by him for the benefit of said bond fund until the reclamation board shall direct it to sell the same, whereupon the state treasurer shall sell the same and credit the proceeds to the said bond fund; and said reclamation board shall direct such sale to be made whenever necessary for payment of such bonds of the district or interest thereon.

Bond fund held by state treasurer.

§ 53. The said bond fund of each such assessment shall be held and safely kept by the state treasurer and shall be applied by him toward the payment of the bonds and

coupons thereon based upon such assessment, as such bonds and coupons fall due; and if any balance shall remain in the bond fund of such assessment after payment in full of the principal and interest of all outstanding bonds issued upon such assessment, such balance shall be held for the benefit of the lands upon which said assessment was made and in proportion to the amounts assessed thereon, and may be distributed to the owners or other persons interested in such lands by the reclamation board.

Cancellation of proceedings.

§ 54. If within one year from the time said bonds have been authorized to be issued as in this act provided, the same shall not have been sold or disposed of, the reclamation board may at its discretion by an order duly made and entered in its minutes and a copy duly certified sent to the county treasurer of each county wherein lands affected by said assessment are situated, cancel all proceedings taken in connection with such bond issue; and may thereafter call for the payment of such assessment in such installments from time to time as they shall determine and as provided in the said reclamation board act.

Expenses of officers.

§ 55. No officer shall charge or receive any fee for any services required to be performed by him under the provisions of this act; but any reasonable and necessary expense actually incurred by any officer in carrying out any of the provisions of this act relating in any manner to the collection or enforcement of any assessment, shall be paid out of the funds of said drainage district applicable thereto.

Supplementary annual assessment.

§ 56. If the amounts raised by means of and upon such assessment as herein provided shall in the end prove insufficient to pay in full all of said bonds and the interest thereon, the reclamation board shall levy and cause to be collected in the same manner as in said reclamation board act and herein provided, a supplementary annual assessment or assessments from time to time as may be necessary upon the same lands previously assessed in the original assessment, which supplemental assessment or assessments shall be levied by resolution of the reclamation board entered in its minutes. It shall not be necessary to appoint assessors therefor nor to prepare new or additional assessment lists for any such supplemental assessment or assessments, but the same shall be levied and apportioned according to benefits and in the same proportion as specified in the original assessment lists for such assessment; and for the purpose of collecting the same said board shall prepare and cause to be certified to the county treasurers of the several counties annual assessment collection lists in the same manner and at the same times as hereinbefore provided for the annual assessment collection lists upon such original assessment; and the same shall be collected by the county treasurers, and the same percentages, penalties and costs added for delinquency and the same proceedings had for sale of property and for redemption thereof and for disposition of the proceeds of sale, and in all other particulars as hereinbefore provided in the case of such annual assessment collection lists upon the original assessment; and all money collected for or on account of any such supplemental assessment or assessments shall be paid over to the state treasurer in the same manner as hereinbefore provided, and credited by the state treasurer to the said bond redemption fund of said assessment.

Duty of attorney general and governor.

§ 57. If the reclamation board or any member thereof or any officer or appointee or employee thereof or any public officer in this act mentioned or referred to shall fail to perform any duties imposed by this act, at the time and in the manner in this act provided, the attorney general of the state shall have the power and it shall be his duty to

compel the performance of such act by mandamus proceedings or by any other appropriate remedy, legal or equitable; and in case the attorney general shall fail, neglect or refuse so to do, it shall be the duty of the governor to compel the performance of such act by mandamus proceedings or other appropriate legal or equitable remedy and to employ special counsel therefor at the expense of said Sacramento and San Joaquin drainage district.

If election is against issuance of bonds.

§ 58. If the result of such election provided for in section seventeen of this act be against the issuance of bonds, then such assessment, or that portion thereof involved in and affected by such election, shall be ordered paid and collected in such installments and as often as may in the judgment of the reclamation board be necessary for the purpose for which such assessment was originally levied as provided in said reclamation board act; and all subsequent proceedings in regard thereto shall be had and conducted as provided in said reclamation board act and without any further reference to the provisions in this act contained.

Warrants in favor of reclamation board.

And the treasurer of the state of California is hereby directed to pay each of said warrants out of any moneys in the state treasury not otherwise appropriated. There shall be collected annually in each of the fiscal years commencing on the first day of July, 1921, and ending on the thirtieth day of June, 1931, at the same time as other state revenue is collected, such a sum as may be necessary to provide the amount hereby appropriated, and all officers charged by law with any duty in regard to the collection of said revenue are hereby required and obligated to do and perform each and every act and thing which shall be necessary to collect such sum.

1. Constitutionality—Not local or special law.—The act does not violate the provision of the constitution forbidding local or special laws releasing or extinguishing any indebtedness of a municipal corporation.—*Reclamation Board v. Chambers* (Cal. App.), 189 Pac. 479.

2. Same—Not gift of public money.—The appropriation act of May 27, 1919, Stats. 1919, p. 1203, is not obnoxious to the provisions of the constitution prohibiting gifts of public money.—*Reclamation*

Board v. Chambers (Cal. App.), 189 Pac. 479.

The consolidation act was repealed and the city reincorporated as a city April 25, 1863, Stats. 1863, p. 415. The consolidation act was also repealed by an act, approved on the same day, to provide a government for the county of Sacramento. The reincorporation act was amended (1) March 21, 1864, Stats. 1863-64, p. 198; (2) April 4, 1864, Stats. 1863-64, p. 484; (3) March 31, 1866, Stats. 1865-66, p. 639; (4) March 25, 1868, Stats. 1867-68, p. 310; (5) March 18, 1870, Stats. 1869-70, p. 339; (6) March 6, 1872, Stats. 1871-72, p. 243; (7) March 27, 1878, Stats. 1877-78, p. 590; (8) March 14, 1889, Stats. 1889, p. 148. The act of incorporation of 1863 was supplemented (1) March 28, 1864, Stats. 1863-64, p. 258; (2) April 1, 1864, Stats. 1863-64, p. 295; (3) April 1, 1872, Stats. 1871-72, p. 697; (4) March 30, 1872, Stats. 1871-72, p. 697; (5) March 30, 1872, Stats. 1871-72, p. 768; (6) April 1, 1872, Stats. 1871-72, p. 860. The charter of 1863 was superseded by incorporation under a freeholders' charter voted for and ratified at a special election held for the purpose May 17, 1892; adopted February 7, 1893, Stats. 1893, p. 545. This charter was amended at an election held November 3, 1903; adopted February 3, 1905; Stats. 1905, p. 924. It was superseded by the present charter.

1. Police court—Abolished by adoption of charter.—The adoption of charter of 1893 abolished the police court established under the act of 1878 (Stats. 1877-78, p. 590), notwithstanding a recognition of such court by the charter.—Ex parte Sparks, 120 Cal. 395, 52 Pac. 715.

2. Same — Jurisdiction — Violation of medical practice act.—The charter provision giving to the police court of Sacramento jurisdiction of misdemeanors within the jurisdiction of justices' courts, did not confer jurisdiction of a violation of the medical practice act, where the maximum penalty is \$500, as to which justices' courts have no jurisdiction, in view of section 1425 of the Penal Code, and of the fact that the charter neither supersedes nor conflicts with the code provision.—People v. T. Wah Hing (Cal. App.), 190 Pac. 662.

3. Same — Same — Not exclusive.—The

charter of Sacramento does not provide that the jurisdiction conferred upon the police court should be exclusive, and it did not, therefore, have the effect of repealing section 1425 of the Penal Code, so as to deprive the justice court of its jurisdiction over misdemeanors committed in that city.—Ex parte Yee Kim Mah, 31 Cal. App. 196, 159 Pac. 1060.

4. Board of trustees—Members to be nominated by entire city.—The word "represents" in section 7 of the Sacramento charter does not define the power, or prescribe the duties, or limit the territorial authority of a member of the board of trustees, but merely declares one of the several qualifications of eligibility of such member, and in view of subdivision 6, section 5, of the primary election law of 1911, the charter should be construed as requiring nominations to be made by the entire

city, and not by the electors of the ward.—
Hicks v. Desmond, 16 Cal. App. 722, 117
Pac. 943.

5. Declaration of urgency—Effect of.—
The effect of declaring the urgency of an

ordinance when there is none is not to
render it void, but only to postpone its
effective date until the lapse of 30 days.—
Michelson v. Sacramento, 173 Cal. 108, 159
Pac. 431.

GRANT OF CERTAIN SWAMP AND OVERFLOWED LANDS.

COUNTY CHARTER.

ACT 4070—Charter of.

History: Voted for and ratified at the general election held November 5, 1912; filed with the secretary of state April 7, 1913, Stats. 1913, p. 1652. Amended (1) November 3, 1914; filed with the secretary of state January 30, 1915, Stats. 1915, p. 1726; (2) November 5, 1918; filed with the secretary of state March 24, 1919, Stats. 1919, p. 1454.

1. Amendment of 1914—Did not supersede section 4018, Political Code.—The amendment did not, in view of section 7½, article XI of the constitution, by providing that county officers should be elected at

general state elections, and for the consolidation of certain county officers, have the effect of superseding sections 4017, 4018, Political Code. — More v. Supervisors, 31 Cal. App. 388, 160 Pac. 702.

2. **Same—Fatally defective in part.**—The amendment of the San Bernardino charter of 1914 was fatally defective as a direct attempt to repeal certain sections of the original charter, because of the impossibility of determining what sections were intended to be repealed.—*More v. Supervisors*, 31 Cal. App. 388, 160 Pac. 702.

3. **Same—Effective as to addition of new section.**—The amendment of 1914 is effective as adding a new section to the San Bernardino charter, and by so doing impliedly repeals these provisions in the original charter which relate to the same subject matter and are in conflict with the new section.—*More v. Supervisors*, 31 Cal. App. 388, 160 Pac. 702.

4. **Same—No inconsistency with sections 1 and 2 of article 2 of original charter.**—There is no inconsistency between the amendment of 1914 and sections 1 and 2 of article 2 of the original charter, which

would require the court to hold that these two sections were repealed by implication by the amendment.—*More v. Supervisors*, 31 Cal. App. 388, 160 Pac. 702.

5. **Same—Same—Election of county officers.**—The amendment of 1914 providing that all county officers should be elected under general law, and that their powers and duties should be as provided by general law, did not have the effect of abolishing the offices of county purchasing agent and county highway commissioner, the original charter continuing in force as to what offices exist and what are their powers and duties.—*More v. Supervisors*, 31 Cal. App. 388, 160 Pac. 702.

6. **Sheriff ex officio coroner.**—The offices of sheriff and coroner are distinct and the latter office does not become vacant when the sheriff becomes, under the charter, by virtue of his office, coroner.—*More v. Supervisors*, 31 Cal. App. 388, 160 Pac. 702.

Originally incorporated in 1850, Stats. 1850, p. 121. This act was repealed in 1852, Stats. 1852, p. 223. Reincorporated March 7, 1872, Stats. 1871-72, p. 285. This act was repealed by a reincorporation act April 1, 1876, Stats. 1876, p. 806. This act was amended March 16, 1889, Stats. 1889, p. 302, and was on the same day incorporated under the present charter.

1. Constitutionality—"Municipal affairs" amendment of 1896.—Section 10, article 2, chapter 2, San Diego charter, was not in conflict with general law, and was not therefore invalid prior to 1896 amendment to the constitution relating to "municipal affairs," and was not, therefore, a charter provision affected by such amendment.—*Western Salt Co. v. San Diego*, 181 Cal. 696, 186 Pac. 345.

2. Franchises for railroads — Charter strictly construed.—The charter provisions with respect to granting franchises for steam, street and interurban railroads should be strictly construed in favor of the city.—*San Diego v. Kerckhoff* (Cal. App.), 193 Pac. 801.

3. Same—Same—Void for non-compliance with charter.—A grant of a franchise to operate a railroad is void where the provisions of the charter were not complied with.—*San Diego v. Kerckhoff*, 33 Cal. App. Dec. 286.

4. Same—Same—Same.—An ordinance of the city of San Diego granting to certain individuals a perpetual right of way over certain lands of the city without complying with the provisions of the charter, is void.—*San Diego v. Kerckhoff*, 33 Cal. App. Dec. 286.

5. Same—Same—Can not be granted to individual.—The San Diego charter provides that franchises for steam railroads shall be granted only to companies or corporations, and a grant in favor of an individual for such a franchise is void.—*San Diego v. Kerckhoff*, 33 Cal. App. Dec. 286.

6. Superintendent of schools—Amendment of 1905 — Authorized election.—The amendment of 1905 to the charter of San Diego authorized the school board to elect a superintendent of schools, whose salary may be fixed as authorized by section 1793, Political Code.—*Davidson v. Baldwin*, 2 Cal. App. 733, 84 Pac. 238.

7. Same — Bondsmen not liable — Damages.—The failure of the superintendent of streets of San Diego to repair a street would not render his bondsmen liable for resulting injuries in the absence of an ordinance or order directing such repairs to be made, even though he knew such street to be in a dangerous condition.—*Edwards v. Brockway*, 16 Cal. App. 626, 117 Pac. 787.

8. Recall—Members of board of education subject to.—Members of the board of education of San Diego are subject to recall, under the charter and the constitution, notwithstanding part of the territory of the district is outside of the city, and they are paid by county warrants.—*Akerman v. Moody*, 38 Cal. App. 461, 176 Pac. 696.

9. Same—All elective officers hold office subject to.—Every elective officer of the city of Los Angeles, elected after the adoption of the recall amendment, holds his office subject to the condition that twenty-five per cent of the electors of the district may express their disapproval of his action upon some measure, or as to some policy, and demand that he be sustained by a vote of confidence, or failing such vote of

confidence that he retire.—*Good v. San Diego*, 5 Cal. App. 265, 90 Pac. 44.

10. City council—Authority to provide salaries for.—The city council of the city of San Diego has no power under the charter to provide for salaries for its members.—*Woods v. Porter*, 8 Cal. App. 41, 93 Pac. 1125.

10a. Chief of police—Reduction of salary—Not amendment of charter.—Under section 1, article 3, chapter 9 of the charter the common council is empowered to reduce the salary of the chief of police, and such a reduction, if made, is an exercise of this power and not an amendment of the charter.—*Coyne v. Rennie*, 97 Cal. 590, 32 Pac. 578.

11. Water commissioners—"Owner" includes "control" by lease.—Under provisions of the charter authorizing the appointment of water commission when the city becomes the owner of a water supply, such commissioners may be appointed where the city leases such supply, the word "owner" being used in the sense of one who controls.—*Higgins v. San Diego*, 131 Cal. 294, 63 Pac. 470.

12. Same—Same.—The word "owner" in the provision of the charter authorizing the appointment of water commissioners when the city shall become the owner of a water supply, is used in the sense of having control of a water supply.—*Higgins v. San Diego*, 131 Cal. 294, 63 Pac. 470.

13. Water company—Recovery of rental for lease of water plant.—A water company may enforce payment for the use of its plant against San Diego out of the surplus of any funds left at the end of the fiscal year, after payment of claims chargeable against the same, where the water and general funds, which were primarily liable, were exhausted.—*Higgins v. San Diego*, 131 Cal. 294, 63 Pac. 470.

14. Abatement of public nuisance by private citizen, section 731, Code Civil Procedure, not affected by charter.—The right of a private citizen to proceed to abate a private nuisance under section 731, Code Civil Procedure, and to have the relief therein provided for, is not affected by the provisions of the San Diego charter vesting in the common council the power to declare what should constitute a nuisance.—*Humphrey v. Dunnells*, 21 Cal. App. 312, 131 Pac. 761.

15. Claim for damages—Failure to present in six months fatal to cause of action.—A failure to present a claim for damages against the city within the six months period required by section 10, article 2, chapter 2, San Diego charter, is fatal to the cause of action.—*Bancroft v. San Diego*, 120 Cal. 432.

16. Same — Same — Whether in exercise of powers governmental, or not.—And this is regardless of whether the liability was incurred in the exercise of powers not governmental, or not.—*Western Salt Co. v. San Diego*, 181 Cal. 696, 186 Pac. 345.

17. Same—Same.—A cause of action for damages for tort against the city of San

Diego is, under the charter, barred, unless filed with the city clerk within six months after its accrual.—*Bancroft v. San Diego*, 120 Cal. 432, 52 Pac. 712.

18. Public improvements — Bonds — Disposition of funds—General law controls in absence of charter provision.—In view of the silence of the charter as to how money derived from bonds issued for public improvements shall be spent, it is not a "municipal affair," so that the general law is controlling which forbids the spending of such funds without competitive bidding.—*Clouse v. San Diego*, 159 Cal. 434, 114 Pac. 573.

19. Intoxicating liquors — "Sale" — Dispensing at club to members.—The dispensing of liquor at a club to club members is a "sale" within the meaning of the San Diego charter empowering the city council to regulate the sale of intoxicants.—*Ex parte Cutting*, 17 Cal. App. 604, 121 Pac. 304.

20. Special counsel — Endorsement of auditor—Absence of—Void.—A resolution of the city council providing for the employment of special counsel, and fixing the terms of such employment, without the endorsement thereon or attachment thereto of the auditor's certificate that the liability so incurred could be so incurred without violating the provisions of the charter, was void.—*Pollok v. San Diego*, 118 Cal. 593, 50 Pac. 769.

21. Same—"Litigation"—Not authorized—No liability.—The term "litigation" as used in section 2, article 3, chapter 5, of the San Diego charter, applies to civil actions, and that section does not authorize the council to appoint a special prosecutor to prosecute criminal violations of ordinances, and no liability to the city results from such an appointment.—*Dadmum v. San Diego*, 9 Cal. App. 549, 99 Pac. 983.

22. Fire commission—Removal by mayor not judicial, not reviewable.—Notice and hearing were not necessary to the removal of a fire commissioner by the mayor of San Diego, under the charter, and in making such removal, therefore, he was not exercising judicial functions, and his action was not reviewable on certiorari.—*In re Carter*, 141 Cal. 316, 74 Cal. 997.

23. Taxes—Levy made at later date than second Monday in May, void.—The provisions of section 2, article 6, of the charter relative to the levy of taxes on the second Monday in May of each year, is peremptory and a levy made at a later date is void.—*Board of Education v. Common Council*, 128 Cal. 369, 60 Pac. 976.

24. School fund—Subject to requisition by county superintendent—Not subject to call by city.—All moneys apportioned to the county of San Diego from the school fund,

as well as all moneys raised for school purposes in that county by taxation remain in the county treasury until withdrawn under requisition of the county superintendent of schools, and are not subject to call by the city of San Diego for deposit in the city treasury.—*Kennedy v. Miller*, 97 Cal. 429, 32 Pac. 558.

25. Citations.—The charter of San Diego was cited in the following cases for the most part noted under other charters: *Public school fund*, *Kennedy v. Miller*, 97 Cal. 429, 430, 431, 32 Pac. 558; *Barber v. Mulford*, 117 Cal. 356, 357, 49 Pac. 206. Change of boundaries—exclusion of Coronado Beach, *People ex rel. Connolly v. The harbor of San Diego shall remain always a public harbor and the said city shall never charge or permit to be charged on any of the premises by this act conveyed any unreasonable rate or toll, nor make nor suffer to be made any unreasonable charge, burden or discrimination. In the event of a violation of any of the provisions of this act the said lands and the whole thereof shall revert to the state of California.

Restrictions on land leases.

§ 5. The city of San Diego may lease lands granted and conveyed to it by this act under the following restrictions and conditions:

Term of 50 years. Rentals. Revaluation. Right to sublet. Improvement by lessee.

(a) All that portion of the said lands lying on the shores of the bay of San Diego, between a prolongation into the bay of San Diego of the south line of Laurel street and the prolongation into the bay of San Diego of the northerly line of the United States military reservation on Point Loma, and also that portion of said lands lying between a prolongation into the bay of San Diego of the easterly line of Twenty-eighth street, and a prolongation into the bay of San Diego, of the boundary line between the city of San Diego and the city of National City, which shall not have been developed or improved by the city of San Diego at the date of such leasing may be leased by the said city in such areas as, in the judgment of the common council of said city of San Diego, may seem proper, and for a term not to exceed fifty years; provided, however, that said city may have the right to renew such lease or leases for a further term not exceeding twenty-five years or to terminate the same on such terms, reservations and conditions as may be stipulated in such lease or leases. Every such lease shall provide for the payment of rentals to the city of San Diego, which said rentals shall be either an agreed per cent of the gross earnings derived from the leased lands, or shall be fixed upon a basis of the valuation of such lands. In the event that the rental is an agreed per cent of the gross earnings, the lease shall provide a method for ascertaining and determining from time to time during the term, such gross earnings. In the event that the rentals shall, by any such lease, be provided to be fixed upon the basis of the valuation of the leased lands, then in such event the lease shall provide a method for ascertaining at stated periods during the term, the reasonable value of the leased lands, and in all cases in which the rental is provided to be fixed upon the basis of the valuation of the leased lands, then in such event the lease shall provide a method for ascertaining at stated periods during the term, the reasonable value of the leased lands, and in all cases in which the rental is provided to be fixed upon the basis of the value of the leased lands, the lease shall provide for the payment of a certain per cent of such value ascertained in the manner provided by the lease, and such per cent shall be the rental to be paid until a different valuation is fixed; provided, however, that there shall be no revaluation of any leased lands for the purpose of fixing the rentals oftener than once every ten years. Said leases shall also provide that at no time during their terms shall the said city of San Diego be required to make any improvements on or for the benefit of the leased lands. The lessees named in such leases shall have the right to sublet the said lands, or any part thereof, which subleases shall be subject to the same conditions and restrictions as the original and each lease executed by the city shall contain provisions to this effect. The said city of San Diego may grant wharf franchises for wharves adjoining and extending into the bay from the above mentioned territory for terms, not to exceed in duration the terms of the leases on the adjacent lands, and the right to regulate and control the waters of the harbor adjacent to said leased land and to fix reasonable rates and tolls for the use of such wharves and docks abutting or adjoining such leased lands, shall be reserved to the city of San Diego and the state of California. Said lease or leases shall provide that a sum of money be expended upon the improvement of said lands by the said lessee or lessees within a reasonable time and said lease or leases shall contain provisions fixing the amount of money to be so expended and the time within which it shall be spent. The city may place such further restrictions or conditions in such leases and franchises when granted as do not conflict with the terms of this act and all grants of leases or franchises shall be authorized by ordinance.

Remainder for 50 years.

(b) All the remaining portions of said lands may be leased for a term not to exceed fifty years, and no such lease shall be for a larger area than for forty acres, and such lease shall not be assignable or transferable nor shall any lessee have the right to sublet the leased premises or any part thereof without the consent of the common council by ordinance duly adopted; provided, however, that every lease so executed shall reserve to the common council and to the people of San Diego the right and privilege by ordinance duly adopted to terminate, change or modify such lease or leases on such terms, reservations and conditions as may be stipulated in such lease or leases.

Right of way reserved.

(c) The city of San Diego shall reserve over the lands mentioned in subsections (a) and (b) a continuous right of way for a municipal belt line of railway tracks, which right of way shall be not less than one hundred feet in width and shall be so located as to practically parallel the United States bulkhead line, and no lease, franchise or privilege, shall be granted upon any of the lands mentioned in said subsections (a) and (b) that will in any way interfere with said right of way unless there be reserved in said lease, franchise or privilege to the city a right of way for said railroad of not less than one hundred feet in width. [Amendment of May 24, 1917. In effect July 27, 1917. Stats. 1917, p. 916.]

This section was also amended June 8, 1915, Stats. 1915, p. 1323.

Improvement bonds to be issued.

§ 6. The foregoing conveyance is made upon the condition that the city of San Diego, shall, within twelve months from the approval of this act, exclusive of such time as said city may be restrained from so doing by injunction issued out of any court of this state or of the United States, and exclusive of such further delay as may be caused by unavoidable misfortune or great public or municipal calamity, issue its bonds for harbor improvement purposes in an amount of not less than one million dollars, and shall within eighteen months after the approval of this act, exclusive of the time in this section hereinbefore mentioned, commence the work of such harbor improvement, and the said work and improvement shall be prosecuted with such diligence that not less than one million dollars shall be expended thereon within five years from the original approval of this act exclusive of the time in this section hereinbefore mentioned. The said harbor improvement work shall be so done and performed that accommodation will be furnished and maintained for ocean going vessels of the largest class, and a depth of water shall be obtained and maintained at the piers of not less than thirty-five feet. If said bonds be not issued or said work be not prosecuted and completed as and in the manner herein provided, then the lands by this act conveyed to the city of San Diego shall revert to the state of California. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1325.]

§ 7. The state hereby reserves unto itself at all times, the reasonable use of and access to all wharves, docks, piers, slips and quays hereafter constructed under the provisions of this act, for any vessel or water craft owned, leased or operated by the state.

§ 8. This act shall take effect immediately.

1. City succeeded to powers and privileges of board of harbor commissioners.—As a necessary incident of the grant or transfer to the city there was transferred the right to the municipality, as substituted for the board of harbor commissioners, to

tion not decided, that provision is independent, and may be stricken out without affecting the other sections of the article.—*Cohen v. Wells*, 132 Cal. 447, 64 Pac. 599.

2. Rolph*, 29 Cal. App. 774, 156 Pac. 977.

3. General police power.—A municipality exercises within the city limits all of the police power of the state subject to general laws, and the word "necessary" in the San Francisco charter does not limit or restrict the constitutional grant of power conferred upon its legislative body.—*Odd Fellows, etc., Association v. 4. 7. Same—Ordinance not violative of.—An ordinance providing for the issuance, sale, and redemption of an aggregate amount, distributed in specified sums to specified municipal improvements, embraces but one subject which is embraced in the title; and all of which are germane to the general subject submitted to the voters—the expediency of issuing bonds for specific public improvements.—*Law v. San Francisco*, 144 Cal. 384, 77 Pac. 1014.

8. Due process.—Section 1, chapter IV, article VIII, charter, unconstitutional in part.—The provision of section 1, chapter IV, article VIII, of the charter, as to presentation of demands within one month after the same became due, or be forever barred, unless the same be audited in so far as it contemplates that the question of audit or non-audit shall be left to the whim or caprice of the auditor, is unreasonable and unconstitutional, as putting it within the power of that officer to deprive the claimant of his demand without due

process of law.—*Geimann v. Board of Police Commissioners*, 158 Cal. 748, 112 Pac. 553.

9. Same—Same—Constitutional construction.—Construing the section as giving the claimant thirty days within which to present his demand, it is reasonable and valid, and he would then have a reasonable time to commence suit, and, in the absence of special charter provision, this would be the time fixed by the statute of limitations.—*Geimann v. Board of Police Commissioners*, 158 Cal. 748, 112 Pac. 553.

16. School houses—Acquisition, construction, and repair a "municipal affair"—Charter provisions paramount.—School houses are municipal buildings, and their acquisition, construction, and repair is a "municipal affair," and the charter provisions on

19. Charter equal to general law, except in case of conflict.—The charter must be regarded as a state law in relation to school matters, of equal dignity with general laws, so long as it does not conflict with such general laws in such matters.—*Grosjean v. Board of Education*, 40 Cal. App. 434, 181 Pac. 113.

20. Purchase of land in excess of \$50,000 in value.—The provisions of section 21, chapter I, article II, of the charter relative to the submission to the voters of an ordinance calling for the purchase of land in excess of \$50,000 in value contemplates a specific purchase of particular lands with available funds and the question to be submitted is merely the wisdom and propriety of buying the land.—*Law v. San Francisco*, 144 Cal. 384, 77 Pac. 1014.

III. POWERS.

a. In general.

20a. General rule as to municipal powers.—A city has no powers not expressly given by its charter, or necessarily implied from its terms, and all the parts of a charter are to be considered in arriving at the meaning of any part of it, wherever it appears that the context aids or controls such meaning, and if, with the aid of the context, or the application of other correct rules of interpretation, the conclusion is reached that the power is granted, the rule first above stated is satisfied.—*Hayne v. San Francisco*, 174 Cal. 185, 196, 62 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. Roberts*, 145 Cal. 173, 78 Pac. 537.

22. Public utilities—Municipal control retained.—Under section 23, article XII, of the constitution, the city and county of San Francisco retains its "powers of control over any public utility vested" in the city on March 23, 1912.—*Pratt v. Spring Valley Water Co.*, 4 R. C. D. 1077.

23. Same—Same—Police power to regulate.—The power to regulate, under the general welfare clause, does not confer upon a municipality the power to regulate rates or service, or in any other way to regulate the relationship between the utility and its customers and patrons, as distinguished from the city and its inhabitants in general.—*Pratt v. Spring Valley Water Co.*, 4 R. C. D. 1077.

24. Same—Same—"Quality of service" of water supply.—Subsection 11, section 2, chapter II, article II, of the San Francisco charter, gives the city the power "to prescribe the quality of the service" of water supplied within the municipality, and the commission has no jurisdiction over the subject.—*Pratt v. Spring Valley Water Co.*, 4 R. C. D. 1077.

24a. b. Purchase of supplies.

26. Unauthorized conditions of contracts.—The board of supervisors can not, in letting contracts for the furnishing supplies, impose conditions not authorized by the charter, and a resolution purporting to do so is without effect.—*Neal Publishing Co. v. Rolph*, 169 Cal. 190, 197, 146 Pac. 659.

27. Same—Patronizing only union labor.—A resolution of the board of supervisors directing the heads of city departments and the printing committee to patronize printing offices only who are entitled to use the union label, is held to be in conflict with sections 1 and 3, chapter III, article II, of the subsequently adopted charter, requiring competitive bidding for such supplies.—*Neal Publishing Co. v. Rolph*, 169 Cal. 190, 196, 146 Pac. 659.

28. Contract for work—Contract to furnish certain finished articles.—A contract to furnish certain finished articles of merchandise to the city of San Francisco, is not a contract for work within the meaning of section 1, chapter III, article II, of the

charter of that city.—*Neal Publishing Co. v. Rolph*, 169 Cal. 190, 193, 146 Pac. 659.

29. Wages and hours of labor on public works.—Does not apply to contract for printed supplies.—The provisions of section 1, chapter III, article II, of the San Francisco charter, relative to minimum wages and maximum hours of labor on public works, and declaring void contracts which do not comply therewith, has no application to a contract for printed supplies for the use of the several departments of the city government.—*Neal Publishing Co. v. James Rolph, Jr., Mayor*, 169 Cal. 190, 193, 146 Pac. 659.

29a. "Quantity and quality considered"—Defined and applied.—The words "quantity and quality being considered" in the charter simply mean that in determining what is the lowest bid made, the quantity and quality of the supplies offered may be considered.—*Neal Publishing Co. v. Rolph*, 169 Cal. 190, 193, 146 Pac. 659.

c. Public moneys.

30. Deposit of municipal funds in banks.—The charter expressly prohibits the deposit of public funds in banks.—*Rothschild v. Bantel*, 152 Cal. 5, 91 Pac. 803.

31. Same—"Municipal affair."—The uses of public funds is a municipal affair, and the provisions of the charter prohibiting the deposit of public funds in banks is paramount to any law.—*Rothschild v. Bantel*, 152 Cal. 5, 91 Pac. 803.

32. Same—Effect of the act of 1907 (Stats. 1907, p. 974).—Section 16½ of article XI of the constitution does not empower the legislature to enact a law which would authorize the deposit of public funds in banks, contrary to the express provisions of the charter of San Francisco.—*Rothschild v. Bantel*, 152 Cal. 5, 91 Pac. 803.

d. Licenses.

33. Restaurant keeper not engaged in the sale of goods.—The business of keeping a restaurant involves, technically, a sale of food, but this single point of coincidence does not necessarily bring the restaurant keeper within the class of those who, at a fixed place of business, sells, etc., goods, etc., within the exempt clause of section 1, chapter II article II of the charter.—*San Francisco v. Larsen*, 165 Cal. 179, 131 Pac. 366.

34. Same—Ordinance imposing license tax valid.—An ordinance of the city and county of San Francisco imposing a license tax upon restaurant keepers is valid, notwithstanding the prohibition of section 1, chapter II, article II, against the imposition of a license tax upon the sale and manufacture of goods, wares or merchandise.—*City and County of San Francisco v. Larsen*, 165 Cal. 179, 131 Pac. 366.

35. Pawnbrokers—Power to license.—The city and county of San Francisco is given the power by subdivisions 1, 16, chapter II, article II, and section 7, chapter IV, article VIII, of its charter, to license and regulate pawnbrokers, and to enact

regulations to protect the public in dealing with them, to fix the amount of the license, and to impose fines, penalties, and forfeitures for the violation of such ordinances.—*Levinson v. Boas*, 150 Cal. 185, 11 Ann. Cas. 661, 12 L. R. A. (N. S.) 575, 88 Pac. 825.

36. Sale of liquor—Permit from police commissioners.—The only provisions in the charter that require a permit from the police commissioners for the sale, etc., of liquor, are those contained in chapter III, article VIII, and such provisions are confined to those persons who sell liquor "in less quantity than one quart," and to those who sell liquor "to be drunk on the premises."—*John Rapp & Son v. Kiel*, 159 Cal. 702, 115 Pac. 651.

37. Same—Same—Ordinance invalid.—The board of supervisors have no power to pass an ordinance imposing a license charge, fee, or tax of any kind, for purposes either of regulation or revenue, except where the sale of liquor is in quantities less than a quart and sales of liquor to be drunk on the premises of the licensee.—*John Rapp & Son v. Kiel*, 159 Cal. 702, 115 Pac. 651.

38. "License tax" defined.—A "license tax" within the meaning of the charter, includes a license fee or charge imposed by a purely regulatory ordinance.—*John Rapp & Son v. Kiel*, 159 Cal. 702, 115 Pac. 651.

39. Theater tickets—"Goods."—Theater tickets are "goods" within the meaning of section 15, chapter II, article II, charter, and the city can not impose a license tax on the business of selling the same at a fixed place of business.—*Ex parte Dees* (Cal. App.), 194 Pac. 717.

40. License tax on slot machines held void.—The license tax on slot machines is a tax for revenue, imposed on mode of doing business and not on amount of sales, and is an unreasonable classification and void.—*In re Richardson*, 170 Cal. 63, 148 Pac. 213.

IV. ELECTIONS.

a. In general.

41. Vacancies on board of election commissioners — Manner of filling — Duty of mayor.—It is the duty of the mayor to fill vacancies on the board of election commissioners so as to give both political parties equal representation, and may be compelled by mandate to do so, notwithstanding an attempt on his part to fill vacancies with parties ineligible, under the requirements of the charter.—*Independence League v. Taylor*, 154 Cal. 179, 97 Pac. 303.

42. Same—Same—Same—Computation of vote.—In filling vacancies on the election board the mayor is not restricted to an official statement of the vote issued by the secretary of state, in which the vote of a dual nominee for governor was credited to him under a single party designation, but may consult the record of the vote for other candidates who received only a single party nomination.—*Independence League v. Taylor*, 155 Cal. 294, 100 Pac. 860.

43. **Conflicting measures—1911 amendment applied to future elections.**—Section 7, chapter II, article III, of the San Francisco charter, as amended in 1911, with reference to conflicting measures, applies solely to future elections, and not to measures voted on at the election at which it was adopted.—*Apple v. Zemansky*, 166 Cal. 83, 89, 134 Pac. 1149.

44. **Same—Section 38a, article XVI, charter, does not conflict with chapter II, article XI.**—The amendment of the charter of San Francisco, adding section 38a to article XVI, and the amendment of chapter II, article XI, nominating and electing candidates for office, are not conflicting.—*Apple v. Zemansky*, 166 Cal. 83, 90, 134 Pac. 1149.

45. **Same—Same—Purpose of amendment of chapter II, article XI, charter.**—The only purpose of the amendment of chapter II, article XI, of the San Francisco charter, was to provide a different method of electing officers, without contemplating any change in their terms.—*Apple v. Zemansky*, 166 Cal. 83, 90, 134 Pac. 1149.

46. **Same—Same—Purpose of section 38a, article XVI, charter.**—The 1911 amendment to the San Francisco charter, adding section 38a to article XVI thereof, deals entirely with the terms of office, and expressly declares that it is amendatory of all other provisions of the charter upon that particular subject.—*Apple v. Zemansky*, 166 Cal. 83, 90, 134 Pac. 1149.

47. **Same—Same—Not void.**—Section 38a, article XVI, of the San Francisco charter is not void as an attempt to amend various provisions of the charter, without specifying them, some of which were not then in existence.—*Apple v. Zemansky*, 166 Cal. 83, 91, 134 Pac. 1149.

48. **Alternative propositions—Section 8, chapter II, article XI, charter, permissive.**—Section 8, article XI, of the constitution, relative to the submission of alternative propositions, is simply permissive and has nothing mandatory, except the provision that the right to submit alternative propositions shall not be denied the legislative body or the requisite number of electors.—*Apple v. Zemansky*, 166 Cal. 83, 93, 134 Pac. 1149.

49. **Same—Same—Does not apply to independent propositions.**—The provision of section 8, chapter II, article XI of the constitution, authorizing the submission of alternative propositions to the voters, has no application to independent propositions having no relation to each other so far as the question of adoption or rejection is concerned.—*Apple v. Zemansky*, 166 Cal. 83, 92, 134 Pac. 1149.

b. Bond issue.

50. **Change in denomination.**—A change in denominations of some of the bonds appearing in the election ordinance does not invalidate the issue where the issue conformed to the requirements of the charter that bonds should not be issued in denominations of less than ten nor more than one

thousand dollars.—*Law v. San Francisco*, 144 Cal. 384, 77 Pac. 1914.

51. **Two-thirds vote of all electors voting at the election necessary to authorize.**—Two-thirds vote of all electors voting at the election, and not two-thirds of those voting on the question of the bond issue, is necessary to authorize the same.—*Law v. San Francisco*, 144 Cal. 384, 77 Pac. 1914.

52. **Vote on separate bond issues at same election—Failure of one does not affect others.**—Where more than one issue of bonds are voted on separately at same election, the failure of one does not affect the others.—*Law v. San Francisco*, 144 Cal. 384, 77 Pac. 1914.

c. Primary elections.

53. **Act of 1909 has no application to San Francisco, in the election of municipal officers.**—The primary election act of 1909 has no application to San Francisco in "municipal affairs," and the election of municipal officers is strictly a "municipal affair."—*Socialist Party v. Uhl*, 155 Cal. 776, 103 Pac. 181.

d. Recall.

53a. **Duty of election board directory merely.**—The provisions of section 3, chapter III, article XI, San Francisco charter, relative to the duty of the election board in the matter of a recall petition, are directory merely.—*Schaefer v. Herman*, 172 Cal. 338, 344, 155 Pac. 1084.

53b. **Same—Refusal to act in time—Proceeding not terminated.**—The refusal of the election board of San Francisco to act upon a petition for a recall under the charter, within the time prescribed, does not destroy the rights of the persons signing the petition, nor terminate the proceeding.—*Schaefer v. Herman*, 172 Cal. 338, 344, 155 Pac. 1084.

54. **Jurisdiction of registrar—Refusal to receive proof not reviewable.**—If the registrar mistakenly refuses to receive proof that he should receive and consider, it is a mere error of law not reviewable by certiorari.—*Fickert v. Zemansky*, 176 Cal. 443, 168 Pac. 891.

55. **Petition—Determination of sufficiency left to registrar of voters.**—The question as to whether a recall petition conforms to all legal requirements, the extent of the inquiry, and the determination of the evidence required, is left by the San Francisco charter to the discretion of the registrar of voters, and his refusal to receive proof, if error, is an error of law committed in the exercise of his jurisdiction, and can not be considered in certiorari.—*Fickert v. Zemansky*, 176 Cal. 443, 445, 168 Pac. 891.

56. **Same—Same—Consideration by court excluded.**—Under the last paragraph of subdivision 4, section 8½ of article XI of the constitution, it is competent for a freeholders' charter to provide for the sufficiency of the petition and the legality and regularity of other proceedings for a recall by an officer specially authorized and to exclude the superior court from revising or annulling his determination, whether his

function is judicial or ministerial.—*Baines v. Zemansky*, 176 Cal. 369, 375, 168 Pac. 565.

57. Same—Duty of registrar of voters.—Under the San Francisco charter, as amended January 24, 1917, when a "recall" petition, with the requisite number of signatures, is filed with the election board, it is the duty of the registrar of voters, if the signatures are genuine and not subject to lawful objection otherwise, to so certify and report the same to the board, and it is then the duty of the board to call an election to vote on the recall.—*Baines v. Zemansky*, 176 Cal. 369, 371, 168 Pac. 565.

58. Same—Section 1083a, Political Code, not part of charter by adoption. Section 1083a, Political Code, as amended in 1915, did not become a part of the San Francisco charter, by adoption, under section 7, chapter V, article XI, and section 5, chapter I of article XI, of the charter.—*Schaefer v. Herman*, 172 Cal. 338, 342, 155 Pac. 1084.

59. Same—Date to signature not required.—The provisions of the San Francisco charter, relating to the recall of municipal officers, do not require the voter to add to his signature the date upon which he writes it.—*Schaefer v. Herman*, 172 Cal. 338, 341, 155 Pac. 1084.

60. Same—Charter contains a complete scheme.—The San Francisco charter, article XI, chapter V, contains a complete scheme for the recall of municipal officers.—*Schaefer v. Herman*, 172 Cal. 338, 340, 155 Pac. 1084.

61. Jurisdiction of registrar to determine sufficiency.—Superior court without jurisdiction.—The provision of the charter that the question of the sufficiency of a recall petition or the legality of the other proceedings relating thereto should be determined by the registrar of voters, has the effect of excluding from the superior court the power of revising or annulling the jurisdiction of that officer, and is valid.—*Baines v. Zemansky*, 176 Cal. 369, 168 Pac. 565.

62. Same—Same—Registrar's jurisdiction exclusive.—Whether judicial or ministerial the jurisdiction of the registrar to determine the sufficiency of a recall petition, and the regularity of the other proceedings relating thereto, is exclusive and the superior court has no jurisdiction to prohibit him from doing so.—*Baines v. Zemansky*, 176 Cal. 369, 168 Pac. 565.

63. Same—Investigation of registrar.—The registrar of voters, in determining the sufficiency of a recall petition, is not limited to a consideration of the facts shown on the face of the petition and the records of registration of voters, but may consider the testimony or affidavits of the voters to whom notices have been mailed, as provided by the charter, and may inquire and take evidence during the fifteen days in which he must conclude his investigation.—*Baines v. Zemansky*, 176 Cal. 369, 168 Pac. 565.

64. Same—Same—Officer may question signatures.—The officer to be recalled is entitled to call in question a signature of
II Gen. Laws—69

a voter, and to have the voter notified.—*Baines v. Zemansky*, 176 Cal. 369, 168 Pac. 565.

65. Same—An elective officer accepts his office subject to the recall provisions of the charter.—An elective officer of San Francisco accepts his office upon the condition that his tenure thereof may be terminated at any time in the manner prescribed by the charter.—*Baines v. Zemansky*, 176 Cal. 369, 168 Pac. 565.

V. BOARD OF PUBLIC WORKS.

a. Street improvement.

66. Affidavit of noncollusive bid indispensable.—The failure to make the affidavit of noncollusive bidding required by the charter renders the contract and the assessment void.—*Flinn v. Strauss*, 4 Cal. App. 245, 87 Pac. 414.

67. Same—Construction of charter—Joint bidders.—The purpose of the provision requiring a noncollusive affidavit to accompany bids for street improvements is not satisfied by the affidavit of one of several joint bidders; but each must make the affidavit required.—*Flinn v. Strauss*, 4 Cal. App. 245, 87 Pac. 414.

68. Same—Affidavit held insufficient.—The affidavit in the present case signed by one of two joint bidders, undated, and without any official designation of the person making the verification, was held insufficient.—*Flinn v. Strauss*, 4 Cal. App. 245, 87 Pac. 414.

69. Assessment for more than 50 per cent of assessed value of property—Installment payments.—In the absence of a provision for installment payments an assessment for street improvements in excess of fifty per cent of the value of the property assessed is invalid.—*City Street Imp. Co. v. Pearson*, 181 Cal. 640, 185 Pac. 962.

70. Same—Not curable on appeal to board of supervisors.—Such defective assessment is not curable on appeal to the board of supervisors.—*City Street Imp. Co. v. Pearson*, 181 Cal. 640, 185 Pac. 962.

71. Same—Same—Defects not going to the jurisdiction may be cured—Due process.—Defects not going to the jurisdiction, or in the proceedings which the legislature might have omitted without resulting in a denial of due process or some other constitutional guaranty, may be cured by the curative provisions of the charter.—*City Street Imp. Co. v. Pearson*, 181 Cal. 640, 185 Pac. 962.

72. Same—Same—Same.—Curative provisions in the charter relative to the improvement of streets were not intended to apply to jurisdictional steps.—*City Street Imp. Co. v. Pearson*, 181 Cal. 640, 185 Pac. 962.

73. Accepted street.—The charter authorizes the city to improve an accepted street under the direction and control of the board of public works.—*Warren Bros. Co. v. Boyle* (Cal. App.), 183 Pac. 706.

74. Same—Chapter II, article VI, charter.—Chapter II, article VI, of the charter has reference to the improvement of streets by assessments on property benefited and

to improvements made by the city on accepted streets and in other cases under section 9, chapter II, article II.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

75. Same—Recommendation of board of public works.—The recommendation of the board of public works is all that is required to initiate a proceeding to improve an accepted street at the expense of the city and county, and thereafter, upon an order of the board of supervisors to do the work, may proceed to make the improvement by contract or by or through its own organization.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

76. Same—Order of board of supervisors.—The fixing and allowing in the budget of an item for the improvement of an accepted street pursuant to the recommendation of the board of public works is not "order" sufficient to satisfy the requirements of sections 1, 2, chapter II, article VI, of the charter, empowering the board of supervisors to "order" such an improvement.—Warren Bros. Co. v. Boyle, (Cal. App.), 183 Pac. 706.

77. Same—Board of public works under control of board of supervisors.—Under the provisions of section 9, chapter I, article II, of the charter, the action of the board of public works in the improvement of accepted streets is under the control of the board of supervisors.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

78. Same—Same—All work must be by order of board of supervisors—Urgent repairs.—All street work in San Francisco, except urgent repairs, must be done by order of the board of supervisors.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

79. Contract—Patented pavement—Compliance with section 26, chapter II, article VI, charter.—The agreement in this case for furnishing patented pavement material to the city held to be in compliance with section 26, chapter II, article VI, of the charter.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

80. Same—Contracts for material—Charter requirements apply to both accepted and unaccepted streets.—The requirements of the charter requiring the board of public works to write proposals for contract to supply paving materials for street improvement, apply to accepted as well as unaccepted streets.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

81. Same—Same—Assignment required before pavement ordered.—Under the charter the assignment of the right to use a patented pavement must be made, assigning the right to manufacture and lay the same to any one who may make a contract to do so, before the board of supervisors order such pavement.—Warren Bros. Co. v. Boyle (Cal. App.), 183 Pac. 706.

82. Same—Approval of materials required in oral contracts.—The requirement of section 22, chapter I, article VI of the charter, as to the approval of the materials used in a contract for public work by the board of public works, applies to oral as

well as written contract.—Flinn v. Zion, 37 Cal. App. 116, 173 Pac. 602.

83. Same—Lien—Not a personal liability.—A street improvement lien is enforceable against the property and not as a personal liability against the owner.—City Street Imp. Co. v. Pearson, 181 Cal. 640, 185 Pac. 962.

84. Same—Statute of limitations—Accrual of right of action.—The contractor's right of action for street work does not begin to work until the passage of a resolution of the board of public works accepting the work under section 22, chapter I, and subdivisions 9, 10, of section 9, chapter II, article VI, of the charter.—Flinn v. Zion, 37 Cal. App. 116, 173 Pac. 602.

85. Liability for injuries from defective sidewalk.—Notwithstanding section 16, chapter II, article VI, and article I, of the charter, in effect providing against liability of the city and county for damages from defective sidewalks, prior to acceptance of same, the owner of the abutting property would not be liable for such damages, unless defectively constructed, or unless he had notice of defect.—Calvert v. Burnett Estate Co., (Cal. App.) 185 Pac. 428.

86. Same—"Street" includes "sidewalks"—Section 16, chapter II, article VI, charter.—The word "street" in section 16, chapter II, article VI, of the charter, is used with full and broad significance to include the sidewalks which are always a part of it.—Heath v. Manson, 147 Cal. 694, 82 Pac. 331.

87. Same—Jurisdiction of board of public works—Repair of sidewalks.—The charter gives the board of public works jurisdiction of the subject of the repair of sidewalks.—Heath v. Manson, 147 Cal. 694, 82 Pac. 331.

88. Same—Repairs not original construction.—It can not be said that the provision of the charter making such person or persons on whom the law imposes the obligation to repair a defect liable for damages resulting from the failure to make the repairs, applies to a case of injury from a sidewalk injury where no sidewalk construction had ever been made.—Taylor v. Manson, 9 Cal. App. 382, 99 Pac. 410.

89. Same—Notice of special defect not necessary.—Where the board had notice of the general unsafe condition of the sidewalk, it was not necessary that they should have notice of a particular defect.—Heath v. Manson, 147 Cal. 694, 82 Pac. 331.

90. Same—Methods.—The board has power to compel abutting property owners to make needed repairs to sidewalks, and they may do it themselves, or enter into a contract to have it done, and the contractor would have the lien for the amount expended; or the board may ask an appropriation to make such repairs, or may make the repairs out of a special fund derived from fines collected from the abutting property owners in default.—Heath v. Manson, 147 Cal. 694, 82 Pac. 331.

91. Same—Can not escape liability—Defective notice.—After the need of repairs of

a sidewalk comes under the observation of the board of public works, it can not escape liability for its negligent performance or nonperformance of its duty to make repairs, by proof of the negligent failure to perform another duty—that is to say, by proof that the notices it actually sent were improper or insufficient.—*Heath v. Manson*, 147 Cal. 694, 82 Pac. 331.

92. Same—Same—Same.—The board can not excuse themselves for a negligent performance, or a nonperformance of duty to make needed sidewalk repairs, by proof of mailing the notice to property owners instead of the delivery of such notice personally, by urging that the notice was not given in the form required by the charter.—*Heath v. Manson*, 147 Cal. 694, 82 Pac. 331.

93. Same—Same—Notice to repair by new construction with different material.—A notice to “repair” a wooden sidewalk, given by the board of public works to abutting property owners, is not necessarily defective because it requires such “repairs” to be by the construction of a bituminous rock or cement sidewalk, inasmuch as the word “repairs” frequently means new construction of a different material.—*Heath v. Manson*, 147 Cal. 694, 82 Pac. 331.

94. Same—Same—Construction of sidewalk where none had been before.—If it be conceded that it was the duty of the board of public works, under the charter, to repair an unsafe sidewalk condition by original construction of a sidewalk where none had ever been, the board can not be held liable for negligent nonperformance of duty where they had no funds in their possession or under their control to meet the cost of the work.—*Taylor v. Manson*, 9 Cal. App. 382, 99 Pac. 410.

95. Same—Applications for appropriations—Time—Charter provisions are directory.—The provisions of section 1, chapter I, article III, of the charter, relative to the time at which application is to be made for appropriations by department heads, boards, etc., are directory.—*Taylor v. Manson*, 9 Cal. App. 382, 99 Pac. 410.

96. Same—Sidewalks at street intersections—Property owners not liable for construction or repair.—Property owners are not liable for the repair of a sidewalk which borders on the curb at the intersection of two streets, and the board of public works was not negligent in failing to compel such property owners to construct or repair such sidewalk.—*Taylor v. Manson*, 9 Cal. App. 382, 99 Pac. 410.

b. Tunnels.

97. Delegation of legislative power.—The authority conferred upon the supervisors by section 33, chapter II, article VI, of the charter, to provide a method of procedure to construct a tunnel different from the two alternative methods there provided, was not an unauthorized delegation of legislative power.—*Mardis v. McCarthy*, 162 Cal. 94, 98, 121 Pac. 389.

98. Assessment based on benefits.—An “assessment” within the meaning of section 33 of chapter II, and chapter VIII, of article VI, of the San Francisco charter, relating to the construction of tunnels means a burden imposed upon property to pay the cost of a tunnel improvement, and is based upon the benefit which such property is supposed to receive from the expenditure of the money.—*Mardis v. McCarthy*, 162 Cal. 94, 101, 121 Pac. 389.

99. Two separate and distinct districts may be created.—Two distinct and separate assessment districts may be created for tunnel construction.—*Mardis v. McCarthy*, 162 Cal. 94, 105, 121 Pac. 389.

100. Power to construct includes incidental power to change grade of streets.—The power to construct a tunnel includes the incidental power to change the grade of streets to be used as approaches thereto.—*Mardis v. McCarthy*, 162 Cal. 94, 103, 121 Pac. 389.

101. Accepted streets improved at city's expense.—The grant of authority to construct tunnels in, on, or under any accepted street, takes the construction of such tunnels out of the operation of section 23, chapter II, article VI, of the charter, requiring the municipality to keep accepted streets improved at its own expense.—*Mardis v. McCarthy*, 162 Cal. 94, 103, 121 Pac. 389.

102. Power to construct includes power to pave or sidewalk.—The power given by the charter to construct tunnels includes the power to pave or sidewalk or otherwise make the same fit for use.—*Mardis v. McCarthy*, 162 Cal. 94, 102, 121 Pac. 389.

103. Power of board of supervisors to provide mode of procedure.—Under the provisions of the charter the board of supervisors were authorized to adopt a procedure for the construction of a tunnel entirely different from that provided by the charter.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

104. Same—Decision of board of supervisors conclusive on review.—Where property owners had the right to object, and the board of supervisors reviewed the assessments after notice, and the boundaries of the district were subject to change, the decision of the board was conclusive, except for fraud or mistake.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

105. Same—Determination of benefits.—The determination of benefits is ultimately with the board of supervisors, and the court will not declare an assessment void except when the assessment plainly is not proportional to benefits, or that no benefits could accrue to property assessed.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

106. Use of Twin Peaks tunnel—City and county have no exclusive right.—Under the charter the city and county can have no exclusive right to the use of the Twin Peaks tunnel.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

107. Same—Purpose of constructing.—The object of constructing the Twin Peaks

tunnel was to provide a way for rapid transit between the two sections of the city for one or more street car lines.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

108. Same—Acquisition of property.—The city and county, in constructing a tunnel, is not limited to construction through land where it previously had an easement, but may acquire such property as may be required, in the same proceeding with the construction of the tunnel.—*Larsen v. San Francisco*, 182 Cal. 1, 186 Pac. 757.

109. Assessment of cost on limited district.—The city and county of San Francisco has no power under its charter to assess the cost of a tunnel upon a limited district.—*Gassner v. McCarthy*, 160 Cal. 82, 116 Pac. 73.

110. Same—Same—Payment out of city revenues.—The expense of the work of constructing a tunnel must be paid out of current revenues or by the issue of bonds, by the city as a whole.—*Gassner v. McCarthy*, 160 Cal. 82, 116 Pac. 73.

111. Change of street grade not authorized.—The change of grade upon two blocks of Stockton street and the construction of a tunnel under the two intervening blocks is not an exercise of the power to "regrade, repave, sewer, sidewalk, curb, or otherwise improve the same to conform to such change or modified grade," within the meaning of chapter VI, article VI, of the charter.—*Gassner v. McCarthy*, 160 Cal. 82, 116 Pac. 73.

112. Same—Cost of tunnel on old grade of street.—Chapter VI, article VI, of the charter does not authorize the creation of an assessment district to bear the cost of the tunnel in or under the portion of the street remaining at the former grade.—*Gassner v. McCarthy*, 160 Cal. 82, 116 Pac. 73.

113. Same—Improvement of accepted street can not be done at expense of property owners.—Under the provisions of sections 8 and 23, chapter II, article VI, of the charter, the city has no power to impose the cost of improving in any way authorized thereby an accepted street upon the private property owners, by any plan.—*Gassner v. McCarthy*, 160 Cal. 82, 116 Pac. 73.

114. District assessment plan authorized.—Section 33, chapter II, article VI, and chapter VIII, article VI, of the San Francisco charter, authorizes the supervisors to construct a tunnel under accepted or unaccepted streets of the city and impose the cost of the same upon the private property of a special assessment district.—*Mardis v. McCarthy*, 162 Cal. 94, 97, 121 Pac. 389.

115. Same—Same.—Under the amendment of 1911 (Stats. 1911, p. 1686) of the charter of San Francisco, the board of supervisors were authorized to provide by ordinance that the costs and expenses of a tunnel under a public street should be levied upon a special district.—*Hayne v. San Francisco*, 174 Cal. 185, 189, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813,

162 Pac. 611; *Telegraph Hill, etc. v. San Francisco*, 174 Cal. 814, 162 Pac. 629; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

116. Same—Levy and collection of assessments before order of construction adopted, and before contract.—The assessment levied by the board of supervisors to pay the costs and expenses of a tunnel constructed under the authority of chapter VIII, article VI, of the charter of San Francisco, may be so levied and collected before the order for its construction has been adopted and before the letting of the contract for the work.—*Hayne v. San Francisco*, 174 Cal. 185, 191, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., Co. v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

117. Same—Sale for delinquent assessments—Postponements.—When a tunnel construction ordinance provides for the summary sale of property to pay assessments, and that if for any reason the sale does not take place on the day fixed "the sale may be continued from day to day, or postponed until another day, not more than ten days," postponements may be made indefinitely, but no single postponement may be made for more than ten days.—*Hayne v. San Francisco*, 174 Cal. 185, 196, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc. v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

118. Same—Same—Irregularities in sale.—If a tunnel assessment is valid the property owner is not entitled to equitable relief on account of irregularities in the sale of his property unless he pays or offers to pay the amount actually due under the assessment.—*Hayne v. San Francisco*, 174 Cal. 185, 197, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

119. Same—In advance of doing work.—Section 33, chapter II, article VI, and section 1, chapter VIII, of the same article of the charter of San Francisco, authorize the board of supervisors in a tunnel construction proceeding to direct a summary sale of property to pay an assessment for such construction, and to authorize such sale in advance of doing the work.—*Hayne v. San Francisco*, 174 Cal. 185, 194, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

120. Same—Increase of award of damages over estimate—Power of board of supervisors.—The board of supervisors are authorized to increase the amount of damages to be awarded to owners of property for injury to their property caused by a tunnel and its construction over the estimate of the board of public works and

make the assessment conform to such increase.—*Hayne v. San Francisco*, 174 Cal. 185, 193, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

121. Same—Notice of hearing—Continuance.—Where an ordinance authorizing a tunnel construction provides for notice of the time and place of hearing and recites that the hearing may be continued from time to time, the first notice being given no further notice, was required to bind interested parties.—*Hayne v. San Francisco*, 174 Cal. 185, 194, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

122. Same—Assessment—Allowance for damages may be included.—Allowances to owners of abutting lots for damages caused by the tunnel and its construction may be included in an assessment to pay costs and expenses of the tunnel construction.—*Hayne v. San Francisco*, 174 Cal. 185, 189, 162 Pac. 625; *Cooper v. San Francisco*, 174 Cal. 813, 162 Pac. 631; *Telegraph Hill, etc., v. San Francisco*, 174 Cal. 814, 162 Pac. 630; *Simpson v. San Francisco*, 174 Cal. 815, 162 Pac. 631.

VI. PUBLIC UTILITIES.

a. In general.

122a. Same—"Public utilities" defined.—A "public utility," within the meaning of section 14, article XII of the charter is a utility employed in the rendition of a quasi public service, such as waterworks, gas works, a telephone system, street railroads, etc., and is used in that section to embrace all such utilities.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

123. Acquisition of public utilities—Petition—Duty of clerk to verify signatures—Mandamus.—It is the duty of the clerk of the board of supervisors, under the charter, to examine, verify, and certify to the board the signatures of the requisite number of electors to a petition for the acquisition of public utilities, but he can not be compelled by mandamus to do so, where the signatures are not verified by any signer, and no means are provided by the charter whereby he can ascertain the fact which he is required to verify.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

124. Same—Same—Clerk not required to certify that signers are electors, but to verify genuineness of signatures.—The clerk is not required to certify that the signers of the petition are electors, but to verify the genuineness of signatures.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

125. Same—Same—Duty of clerk to refuse to verify petition containing improper matter.—The petition must be for original construction, although the board of supervisors may submit a proposition for the purchase of an existing utility, and a peti-

tion which contains improper subject matter, for the purchase of an existing utility, is not a proper petition under section 3, article XII of the charter, and it is the duty of the clerk to refuse to examine and verify such a petition, even if he had the means of doing so.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

126. Same—"Plans and estimates of costs," defined.—The phrase "plans and estimates of costs" refers to new construction and not those of past construction of an existing utility.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

127. Same—"Estimates."—The term "estimates" is not an appropriate expression to indicate the determination of the cost of past construction and completion.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

128. Same—Petition—Other charter provisions have no application to verification of signatures.—Section 3 of article XII of the charter contains no provision as to the method of verifying the signatures of signers to a petition for the acquisition of public utilities, as in other similar cases, and the provisions of the charter in such other cases have no application to such a petition.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

129. Same—Same—Signatures—"Voters"—"Electors."—An "elector" is not necessarily a "voter," who is a registered "elector," and a mere statement that the signers to the petition were "electors of the city and county of San Francisco" without stating their places of residence, leaves it impossible for the clerk to verify their signatures.—*O'Connell v. Behan*, 19 Cal. App. 111, 124 Pac. 1038.

130. Purpose of 1903 amendment—Power to acquire public utilities not affected.—The purpose of the 1903 amendment was to relieve the city engineer and board of labor estimates of the duty of making estimates every two years, as required by section 1 of the charter as originally enacted, and there was no intention to take away the power to acquire public utilities in accordance with the purpose of the city, expressed in the charter, to gradually acquire and ultimately own its public utilities.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

131. Proper subject for vesting local power.—The power to acquire, own, and control its own public utilities is one that may be properly vested under the constitution in a city by freeholders' charter and amendments thereto.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

132. Same—Power to sell and lease limited by constitutional provisions.—The power given by section 14, article XII of the charter, to sell and lease public utilities acquired by the city is not a power that may be exercised in violation of any constitutional provision.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

133. Same—"Solicit and consider offers for the sale"—May precede preliminary

resolution. The requirement of the charter that the board of supervisors "must solicit and consider offers for the sale," etc., is for the purpose of enabling the board to know whether an existing utility can be acquired, and upon what terms, and, if so, whether the public interest and necessity demand such acquisition, or the original construction of a new utility, and this may properly be done before the preliminary ordinance is adopted.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

134. Same—Same—Soliciting offers for sale may be by resolution.—The soliciting of offers for sale of a public utility is not required to be by ordinance, but may be by resolution.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

135. Same—Same—Resolution calling for offers need not be published.—The resolution calling for offers for the sale to the city of a public utility is not required to be published for five days.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

136. Ordinance of public interest and necessity, sufficient.—Though the ordinance determining the demands of public interest and necessity for the "acquisition or completion by the city and county," omitted the words "by the city and county," it was sufficient where it was in the form prescribed by the charter, described the streets over which the street railways should be constructed, and directed the board of public works to make and file estimates of costs.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

137. Same—Omission of word "acquisition."—The failure of the ordinance of public interest and necessity to include the "acquisition of an existing street railway," did not invalidate it where the bonded indebtedness proposed to be incurred is not in any part for the acquisition of an existing utility, but only for the construction of a new one.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

138. Same—Construction to completion.—The word "construction" means construction to completion.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

139. Same—Determination of supervisors of the question of public interest or necessity is conclusive.—The determination of the board of supervisors upon the question of public interest or necessity is conclusive and a subject for review by the courts.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

140. Contracts for public utilities—Manner of making may be provided by ordinance.—The charter, by sections 9, 14, chapter I, article VI, authorizes the supervisors to regulate the manner of making contracts for the construction of public utilities by ordinance, and the general scheme contained in section 14 does not apply.—*Crowe v. Boyle* (Cal.), 193 Pac. 111.

b. Municipal railway.

141. Construction and operation—Power of the city.—The city and county of San Francisco is empowered by its charter to

construct and operate street railways and to incur a bonded indebtedness therefor.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

142. Same—Same—Proceedings regular.—The proceedings of the city and county of San Francisco for the construction and operation of municipally owned street railways and the incurring of a bonded indebtedness therefor, were free from substantial irregularity.—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

143. "Extensions and improvements" defined.—The words "extensions and improvements" in section 16, article XII of the charter can not be construed so as to include an entirely independent privately owned and operated street railway system, located on other streets and sections of the city not occupied by the municipal railway.—*Mobley v. Board of Public Works* (Cal. App.), 186 Pac. 412.

144. Same.—The words "extensions and improvements" in section 16, article XII of the charter, can not be construed so as to permit the expenditure out of the earnings of the municipal railway of moneys to pay the cost of investigating the desirability of acquiring by purchase a part of another street railway system.—*Mobley v. Board of Public Works*, (Cal. App.) 186 Pac. 412.

145. Automobile bus extensions.—Purchase of automobile busses authorized to provide extension for street railways of city.—*Vale v. Boyle*, 179 Cal. 180, 175 Pac. 787.

146. Charter power includes street railroads.—Section 14 of article XII of the charter, added in 1907, providing for the acquisition of public utilities by the city, is comprehensive enough to include street railroads, although the article as amended in 1903, did not include the words "street railroads."—*Platt v. San Francisco*, 158 Cal. 74, 110 Pac. 304.

c. Hetch Hetchy project.

147. "Cost-plus" contract.—Bidding and letting of contract for Hetch Hetchy aqueduct on "cost plus" basis was held to be in accordance with the ordinance authorizing such a form of procedure, a "cost-plus" contract being characterized by payment of the work by the city.—*Crowe v. Boyle* (Cal.), 193 Pac. 111.

148. Same—Guaranty of bond.—The guaranty of the bond on a "cost-plus" contract in connection with the Hetch Hetchy project should be the amount of the "cost-plus" fee due the contractor in the hands of the city, and a bond which expressly provided that it was not intended to guaranty the estimated maximum cost substantially complied with the ordinance.—*Crowe v. Boyle* (Cal.), 193 Pac. 111.

149. Same—Bonds—Compliance with charter provisions.—The supervisors regularly followed the authority vested in them by the charter with reference to the sale of bonds for the construction of the Hetch Hetchy project, and the auditor complied with the essential requirements of the

charter.—*Crowe v. Boyle* (Cal.), 193 Pac. 111.

VII. POLICE DEPARTMENT.

a. Police court.

150. Jurisdiction.—The police court of San Francisco is vested with jurisdiction of violations of municipal ordinances only, and such jurisdiction of misdemeanors as is vested by general law in justices' courts.—*People v. Fortch*, 13 Cal. App. 770, 110 Pac. 823.

151. Same—No jurisdiction over violations of dentistry act.—The police court of San Francisco has no jurisdiction of violations of the dentistry act.—*People v. Fortch*, 13 Cal. App. 770, 110 Pac. 823.

152. Same—Same—Charter superseded general law.—The charter of San Francisco superseded the general laws relating to the establishment and jurisdiction of police courts in cities.—*People v. Fortch*, 13 Cal. App. 770, 110 Pac. 823.

153. Same—Charter jurisdiction in preliminary examinations unconstitutional.—The provision of the charter conferring jurisdiction to conduct preliminary examinations in felony cases is unconstitutional.—*Elder v. McDougald*, 145 Cal. 740, 79 Pac. 429.

154. Same—Same—Jurisdiction in preliminary examinations in felony cases under section 808, Penal Code.—The police court may hold preliminary examinations in felony cases as a committing magistrate under the general provisions of section 808, Penal Code.—*Elder v. McDougald*, 145 Cal. 740, 79 Pac. 429.

155. "Attaches"—Charter supersedes section 869, Penal Code.—The provisions of the charter as to the appointment and compensation of attaches of police courts supersede section 869, Penal Code, and a police judge has no power under that section to appoint a stenographic reporter and fix his compensation as a charge on the municipal treasury.—*Elder v. McDougald*, 145 Cal. 740, 79 Pac. 429.

156. Same—Stenographers.—Stenographers are "attaches" of the police court within the meaning of section 8½ of article XI of the constitution.—*Elder v. McDougald*, 145 Cal. 740, 79 Pac. 429.

157. Police court reporters—Municipal officers—Salary fixed by charter.—Police court reporters are, under the charter, municipal officers and their compensation is fixed by the charter.—*Trefts v. McDougald*, 15 Cal. App. 584, 115 Pac. 655.

158. Same—Duties not limited to services at preliminary examinations required by section 870, Penal Code.—The charter provisions do not limit the duties of police court reporters to services at preliminary examinations under section 870, Penal Code, but all work done at such examinations is work done in the performance of official duty.—*Trefts v. McDougald*, 15 Cal. App. 584, 115 Pac. 655.

159. Same—Same—Charter supersedes code provision, so far as inconsistent.—The San Francisco charter supersedes section 870, Penal Code, as to the duties of

police court reporters so far as inconsistent.—*Trefts v. McDougald*, 15 Cal. App. 584, 115 Pac. 655.

160. Bail bond—Bond and warrant clerk not empowered to fix.—The charter of San Francisco vests no power in the bond and warrant clerk to fix the amount of a bail bond of a person charged with grand larceny, and such bond is void.—*San Francisco v. Hartnett*, 1 Cal. App. 652, 82 Pac. 1064.

b. Police relief and pension fund.

161. Charter superseded the general law.—The present charter became the organic law of the city and county of San Francisco on January 1, 1900, and superseded the previously existing charter and all law inconsistent therewith, and thereafter the city and county was no longer subject to general laws, among them the police relief and pension laws.—*Burke v. Board of Trustees*, 4 Cal. App. 235, 87 Pac. 421.

162. Same—Police pension relief act of 1889 superseded.—The pension relief act of 1889 for the benefit of police officers, their wives and dependents, was superseded by the San Francisco charter which took effect January 1, 1900, as to San Francisco.—*Cohn v. Henderson*, 19 Cal. App. 89, 134 Pac. 1037.

163. Amendment of section 4, chapter X, article VIII, charter, not retroactive.—Amendment of section 4, chapter X, article VIII, of the San Francisco charter, relating to pensions of families of members of police department, held not to have a retroactive effect.—*O'Dea v. Cook*, 176 Cal. 659, 660, 169 Pac. 366.

164. Board without jurisdiction to finally determine a question of fact.—The board of police commissioners, acting as a board of police relief and pension fund commissioners, has no power, under the charter, to finally determine a question of fact, and its attempt to do so, without any proof and practically contrary to the undisputed fact, is void.—*Sheehan v. Police Commissioners* (Cal. App.), 190 Cal. 51.

165. Duty of board of trustees.—The board of trustees of the police pension and relief fund are required by the charter to grant a police officer's widow's application for pension when it appears that her husband was injured in the performance of his duty and died as a result of such injuries within a year.—*French v. Cook*, 173 Cal. 126, 160 Pac. 411.

166. Same.—Under the San Francisco charter it is the duty of the trustees of the police relief and pension fund, upon an application for a pension by a widow of a deceased police officer, to grant the application upon a showing that the latter died within a year from an injury received in the performance of his duty as such police officer.—*French v. Cook*, 173 Cal. 126, 127, 160 Pac. 411.

167. Board of trustees not vested with judicial power.—The trustees of the San Francisco police relief and pension fund are vested with no judicial power to de-

termine a question of fact in connection with an application for a pension, and when they are not satisfied with the evidence, they may refuse to act until required to do so by the judgment of a proper tribunal.—*French v. Cook*, 173 Cal. 126, 129, 160 Pac. 411.

168. Same—Board of trustees have no judicial power to pass on essential facts.—The board of trustees have no judicial power to act upon the determination of a question of fact, and if they are in doubt as to the essential facts may refuse to act until compelled to do so in a proper proceeding.—*French v. Cook*, 173 Cal. 126, 160 Pac. 411.

169. Continuation of pension during disability.—A police officer who has been retired and pensioned for disability had a vested right to have his pension continued until his disabilities ceased.—*Sheehan v. Police Commissioners* (Cal. App.), 190 Pac. 51.

170. Right of widow measured by charter provisions.—The right of the widow of a police officer to payment out of the police relief and pension fund, created by the charter, is measured solely by charter provisions, and by no rights she may have had under a preceding law, not recognized by the charter, and as to which it can not be presumed the trustees have any funds under their control, can be available to her.—*Burke v. Board of Trustees*, 4 Cal. App. 235, 87 Pac. 421.

171. Widow entitled to pension only when husband killed in service.—Under the charter the widow of a police officer is entitled to a pension only when her husband is killed in service, and he died, after retirement on a disability pension for life which ceased with his death, she can claim no pension.—*Edwards v. Sweigert*, 15 Cal. App. 503, 115 Pac. 256.

172. Same—Intention of charter.—It is the manifest intention of the charter to exclude a widow of an officer retired on pension for life from claiming a pension under its provisions.—*Edwards v. Sweigert* 15 Cal. App. 503, 115 Pac. 256.

173. Same—"Killed in the performance of duty."—A police officer is "killed in the performance of duty," within the meaning of the charter, when he dies soon after receiving an injury while on duty.—*Edwards v. Sweigert*, 15 Cal. App. 503, 115 Pac. 256.

174. Same—Same—Retirement after injury in service.—A police officer can not be said to have been killed in service when he dies two years after retirement, and nine years after the injury and disability from which such retirement resulted, and his widow is not entitled to a pension under the charter.—*Edwards v. Sweigert*, 15 Cal. App. 503, 115 Pac. 256.

175. Same—Same—"To cease at his death."—The words "to cease at his death" as applied to a police officer's disability pension adds nothing to the meaning unless it was intended to cut off the widow's

claim to a pension.—*Edwards v. Sweigert*, 15 Cal. App. 503, 115 Pac. 256.

c. In general.

176. Membership continues after retirement from active service.—A police officer of San Francisco, retired from active duty, for an amount of age, who had never resigned or been dismissed, still remains a member of the department.—*Kavanagh v. Police Commissioners*, 134 Cal. 33, 34 Pac. 36.

177. Rules of police department—Neglect to pay debts.—The board of police commissioners were empowered under section 1, chapter III, article VII, of the charter to adopt a regulation that any member of the police department who refused to pay any debt, shall be subject to reprimand, fine, or dismissal.—*Cleu v. Police Commissioners*, 3 Cal. App. 174, 84 Pac. 672.

178. Same—Same—Board not required to wait court judgment.—Before punishing neglect of police officer the board of police commissioners need not wait for a judgment against the officer.—*Cleu v. Police Commissioners*, 3 Cal. App. 174, 84 Pac. 672.

179. Same—Dismissal for conduct unbecoming an officer.—The board of police commissioners is empowered to dismiss an officer of the department for conduct unbecoming an officer upon evidence that showing a robbery was being committed he gave his revolver to a private individual who with it killed the robber.—*Imeson v. Police Commissioners*, 32 Cal. App. 233, 163 Pac. 63.

180. Same—Same—No penalty previously prescribed.—The fact that no penalty for the violation of the particular rule had been previously provided, does not affect the jurisdiction of the board, in view of charter provisions empowering the board to prescribe penalties, and in view of the provision of the rules that this particular offense should subject the offender to such penalty as the board might deem proper under the law.—*Donovan v. Police Commissioners*, 22 Cal. App. 393, 163 Pac. 66.

VIII. FIRE DEPARTMENT.

181. Selection of former clerk.—The secretary of the board of fire commissioners in service at the going into effect of the charter was not included in the list of those officers and members of the department required to be reappointed under the terms of the charter, and mandamus would not lie to compel the board to reappoint him.—*Maxwell v. Fire Commissioners*, 129 Cal. 229, 72 Pac. 936.

182. Removal of member without cause—Misconduct of fire commissioners.—Under the charter the board of fire commissioners have no right to remove a member of the charter without cause, and if they do so without assigning a cause, and after being advised by the city attorney, and warned by the mayor, they are guilty of misconduct, and subject to removal from office.—*Spader v. Rolph*, 29 Cal. App. 774, 156 Pac. 977.

184. "Killed in the performance of duty"—**Suicide while insane from injuries.**—A member of the fire department was "killed in the performance of duty," within the meaning of the charter, who committed suicide while insane from injuries received while on duty, and his widow was entitled to a pension.—*Baker v. Fire Commissioners*, 18 Cal. App. 433, 123 Pac. 344.

184a. Secretary not under civil service.—The secretary of the board of fire commissioners is not, under the charter, under civil service rules.—*McCarthy v. Fire Commissioners*, 37 Cal. App. 495, 174 Pac. 402.

IX. CIVIL SERVICE.

184b. Employment of private legal counsel by civil service commission.—The charter contains no authority to the civil service commission to employ private legal counsel at the city's expense, when the city attorney is willing to perform services, as such officer, and is alone authorized to conduct the legal business of the municipality.—*Rafael v. Boyle*, 31 Cal. App. 623, 161 Pac. 126.

185. Physical tests.—The determination as to whether physical tests are to be applied to an applicant for the municipal civil service is a matter resting in the sound discretion of the civil service commission.—*Maxwell v. Civil Service Commission*, 169 Cal. 336, 146 Pac. 809.

186. Same.—First and second assistant engineers.—Promotion to battalion chief.—The commission had discretionary power to include both first and second assistant chief engineers in the same classification for examination for appointment as battalion chief, though their salaries were not the same.—*Maxwell v. Civil Service Commission*, 169 Cal. 336, 146 Pac. 869.

187. Classification.—Must be by duties not salaries.—A classification of clerks by salaries is not authorized by the charter, and if the commission makes a wrong classification, they are justified in rescinding the same, and restoring a former classification as authorized by the charter.—*Hinton v. Bahrs*, 18 Cal. App. 53, 122 Pac. 80, 82.

188. Striking off names from the list of eligibles.—The only authority in the charter for striking names from the list of eligibles is the provision of section 10, article XIII, that "the commissioners may strike off names of candidates from the register after they have remained thereon more than two years."—*Cook v. Civil Service Commission*, 160 Cal. 598, 117 Pac. 662.

189. Judgment annulling list of eligibles.—Not final when appeal taken.—A judgment of the superior court ordering the annulment of a list of eligibles under an examination held void, from which an appeal had been taken, has no mandatory

effect and does not justify the commission in setting aside such list, until made final by the appellate court.—*Cook v. Civil Service Commission*, 160 Cal. 598, 117 Pac. 662.

190. Temporary appointment.—Not reviewable, when.—An order making a temporary appointment of a superintendent of street repairs under charter authority, for sixty days, becomes *functus officio* at the end of that period, and is not subject to review.—*Reagan v. Civil Service Commissioners*, 11 Cal. App. 234, 104 Pac. 589.

191. Same.—Appointment of deputy registrars of voters.—Void.—Appointments of deputy registrars by the board of election commissioners, not made from the civil service eligible list, without examination, and in disregard of the charter provisions are void and confer no rights on the appointees.—*Shaw v. San Francisco*, 13 Cal. App. 547, 110 Pac. 149.

192. Same.—Same.—To permit a liability to be imposed upon the municipality to pay for services rendered under appointments made, as in this case, contrary to the explicit provisions of the law, and by the law declared to be void, would be to fritter away the entire scheme for civil service appointments contained in the charter.—*Shaw v. San Francisco*, 13 Cal. App. 547, 110 Pac. 149.

X. BOARD OF EDUCATION.

193. Rules.—Amendment or repeal.—The rules of the board of education are mere rules of procedure for its own guidance, and they may suspend or require the same as they please, and the members only can complain of the failure to comply with the rules as to amending and repealing the same.—*Grosjean v. Board of Education*, 40 Cal. App. 434, 181 Pac. 113.

194. Same.—Same.—The rules may be regarded as suspended by the unanimous action of the board, by unanimously passing an amendment without the previous notice required.—*Grosjean v. Board of Education*, 40 Cal. App. 434, 181 Pac. 113.

195. Power to let removal of garbage contract.—The board of education was empowered to let a contract for the removal of garbage from public school buildings to the lowest responsible bidder, as an independent contractor.—*Elgone v. Repetti*, 11 Cal. App. 251, 104 Pac. 583.

196. Power to reduce classes and retire teacher.—The board of education of San Francisco, in the interest of economy, or for any other good and sufficient reason may reduce the number of classes in the public schools, and may determine what teacher, in such event, shall be retired.—*Bates v. Board of Education*, 139 Cal. 145, 72 Pac. 907.

197. Power to employ special counsel.—The board of education of San Francisco has no power, even in case of the refusal of the city attorney to act, to employ other counsel to defend it against a writ of mandate to admit a person to a seat as a member of the board.—*Denman v. Webster*, 139 Cal. 452, 37 Pac. 139.

198. Same—Right to have services of city attorney.—The board of education has the right to require the services of the city attorney in all matters by or against the board.—*Denman v. Webster*, 139 Cal. 452, 37 Pac. 139.

199. Power to hear and determine charges against teacher.—The board of education is empowered to hear and determine charges against public school teacher made in writing by a citizen, notwithstanding the charter provision that the superintendent must prefer such charges after investigation.—*McKenzie v. Board of Education*, 1 Cal. App. 406, 82 Pac. 392.

200. Superintendent of schools a county officer.—The superintendent of schools of the city and county of San Francisco is a county officer, and his duties are prescribed by section 1543 of the Political Code, and the charter can not impose duties upon him as such officer.—*McKenzie v. Board of Education*, 1 Cal. App. 406, 82 Pac. 392.

201. Teachers may be required to reside in the city and county.—The charter and section 1616, Political Code, empower the board of education, by resolution, to require public school teachers and other employees to reside in the city and county while so employed.—*Stuart v. Board of Education*, 161 Cal. 210, 118 Pac. 712.

202. Same—Reasonableness of resolution.—Such a resolution would be reasonable in view of the fact that the charter requires all its officers, deputies, clerks, assistants, and other employees, including members of the board of education, to reside in the city and county, and section 996, Political Code, contemplates a like residence.—*Stuart v. Board of Education*, 161 Cal. 211, 118 Pac. 712.

203. Same—Interference with performance of duties not material.—The fact that the residence of a public school teacher elsewhere than in the city and county "does not interfere in any manner with the performance of her duties" is immaterial and does not affect the question of the validity of the resolution.—*Stuart v. Board of Education*, 161 Cal. 210, 118 Pac. 712.

204. Same—Not imposition of additional qualification.—Such a resolution is not the imposition of a qualification in addition to those prescribed by sections 1791 and 1793 of the Political Code.—*Stuart v. Board of Education*, 161 Cal. 210, 118 Pac. 712.

205. Same—Insubordination and ground for dismissal.—The refusal of a teacher to comply with a reasonable regulation of the board is insubordination, for which she may be dismissed under section 1793, Political Code.—*Stuart v. Board of Education*, 161 Cal. 210, 118 Pac. 712.

206. Lease of school land.—A lease of school land not needed for school purposes made by the board of education under the authority of chapter III, article VII of the charter, is as valid and effective as if authorized and directed by the legislature.—*Mahoney v. Board of Education*, 12 Cal. App. 293, 107 Pac. 584.

207. Same—Political Code sections not inconsistent with charter provisions.—There is nothing in section 1617, Political Code, inconsistent with section 1616, nor with the provisions of the charter authorizing the board of education to lease school land not needed for school purposes.—*Mahoney v. Board of Education*, 12 Cal. App. 291, 107 Pac. 584.

XI. HEALTH DEPARTMENT.

208. Quo warranto will not lie against board of health.—quo warranto will not lie to prevent the San Francisco board of health from exercising any powers, since it was created by the charter, and is entitled to perform such functions as are purely "municipal affairs."—*People ex rel Lawlor v. Williamson*, 135 Cal. 415, 67 Pac. 504.

XII. TAXATION.

209. Unsold bonds not obligations.—Under the San Francisco charter unsold bonds of the city and county are not obligations to meet which taxes are authorized to be levied.—*Connelly v. San Francisco*, 164 Cal. 101, 105, 127 Pac. 834.

210. Same—Tax to pay interest and redeem unsold bonds not valid.—The city and county of San Francisco is authorized by its charter to levy taxes to pay interest on and to redeem bonds only which have been sold and have therefore become an obligation of the municipality, and a tax levied for the purpose of paying interest upon and to redeem bonds that have not been sold or contracted to be sold is unlawful.—*Connelly v. San Francisco*, 164 Cal. 101, 105, 127 Pac. 834.

211. Same—Same—Inconvenience to city and county will not justify.—Inconvenience to the city and county will not justify an unlawful levy of taxes by the city and county of San Francisco to pay interest upon and for the redemption of bonds unsold and not contracted to be sold.—*Connelly v. San Francisco*, 164 Cal. 101, 106, 127 Pac. 834.

212. "Dollar limit"—Suspension—"Great" defined.—The use of the adjective "great" in the San Francisco charter in connection with the suspension of the "dollar limit" provision, plainly means a necessity or emergency of grave character and serious moment.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 773, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

213. Same—Fostering and nursing an "emergency" over undetermined number of years.—It was not contemplated in providing for the suspension of the "dollar limit" provision of the charter that the supervisors could foster and nurse an "emergency" so as to spread their taxing power over an undetermined number of years.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 773, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

214. Same—Unanimous vote of supervisors present required to remove.—The San Francisco charter provision as to suspension of the "dollar limit" of taxation does

not require the unanimous vote of all the members constituting the board of supervisors, but only the unanimous vote of those present at the meeting.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 768, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

215. Same—Action to recover taxes paid under protest—Allegation of no "great emergency" good on general demurrer.—In an action to recover taxes paid under protest as in excess of the "dollar limit," an allegation "that no great emergency existed so as to authorize all or any part of said extra tax levy" is good on general demurrer, but not against special demurrer as the pleading of a legal conclusion.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 769, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

216. Same—Same—Existence of "great emergency" question of fact—Jurisdictional.—The question whether a great necessity or emergency exists to justify a suspension of the "dollar limit" provision of the San Francisco charter, is one of fact, and the finding of the existence of such fact is a prerequisite to the exercise by the supervisors of the power of suspension conferred by the charter.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 769, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

217. Same—Same—Same—Inclusion of purpose not emergency.—The question whether an emergency tax levy made under a suspension of the "dollar limit" provision of the San Francisco charter includes a purpose which is not an emergency purpose is a question for first consideration by the trial court and not for determination on appeal.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 773, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

218. Same—Same—Same—Determination of board of supervisors not final.—The determination of the board of supervisors that a great necessity and emergency exists authorizing the suspension of the "dollar limit" provision of the San Francisco charter, is not final, but is subject to review by the courts.—*San Christina, etc., Co. v. San Francisco*, 167 Cal. 762, 769, 52 L. R. A. (N. S.) 676, 141 Pac. 384.

219. Same—Determination of supervisors as to existence of great emergency not final.—The question as to the existence of a necessity for the suspension of the "dollar limit," as fixed by section 11, chapter I, article III, of the charter of San Francisco, is one of fact, and the determination of the supervisors is not final.—*Josselyn v. San Francisco*, 168 Cal. 436, 143 Pac. 705.

220. Same—Applies to both county and city purposes.—The "dollar limit" applies to taxes for both county and city purposes.—*Josselyn v. San Francisco*, 168 Cal. 436, 143 Pac. 705.

221. Same—Void levy of tax under suspension—Deducting of part of illegal levy does not cure.—Where an ordinance of the city and county of San Francisco levying a tax in excess of the "dollar limit" for two special purposes upon a determination

made of a great public necessity and emergency, is void because no such necessity and emergency are found to exist, and such levy and such tax are therefore void, the special levy for one of said purposes can not be sustained on the ground that said levy when added to the general levy, after an illegal item has been eliminated from the latter, does not exceed the "dollar limit."—*Josselyn v. San Francisco*, 168 Cal. 436, 143 Pac. 705.

222. Same—Provisions of article XII mandatory.—The provisions of article XII of the San Francisco charter are mandatory, and the failure to comply with them makes void the attempted levy of the tax for the Geary street road.—*Josselyn v. San Francisco*, 168 Cal. 436, 143 Pac. 705.

223. Same—Same—Reversal of action of board renders proceedings functus officio.—The proceedings under article XII of the San Francisco charter taken in 1903, toward the acquisition of the Geary street railroad, under a determination of the existence of public necessity, terminated with the election reversing the action by the board and became functus officio, and it was thereafter necessary for supervisors to proceed anew to raise money either by taxation or a bond election, for the purpose named.—*Josselyn v. San Francisco*, 168 Cal. 436, 143 Pac. 705.

224. Same—Prior decision followed.—*Josselyn v. City and County of San Francisco*, 168 Cal. 436, as to invalid levy of taxes in excess of charter limit, followed and approved.—*Otis v. City and County of San Francisco*, 170 Cal. 98, 148 Pac. 933.

224a. Same—Same.—*Otis v. City and County of San Francisco*, 170 Cal. 70, followed and approved.—*Credit, etc., Bureau v. City and County of San Francisco*, 170 Cal. 803, 148 Pac. 933.

XIII. OFFICES AND OFFICERS.

a. City architect.

225. City architect—Not under civil service—Not required to be paid a monthly salary.—The city architect is exempted from civil service provisions under subdivision a, section 11, article XIII of the charter, is not an ordinary employee required to be paid a monthly salary under section 3, chapter IV, article III, of the charter, and may be appointed by resolution of board of public works to do work specified in the resolution.—*Reid v. Boyle* (Cal. App.), 184 Pac. 423.

226. Same—Employment by special contract.—The board of public works is authorized to employ an architect in a special case by special contract.—*Miller v. Boyle* (Cal. App.), 184 Pac. 421.

b. District attorney.

227. Powers of district attorney under charter same as under section 4307, Political Code.—Section 2, chapter III, article V, of the San Francisco charter, confers upon the district attorney the same powers that are conferred upon district attorneys in general by section 4307 of the Political

Code, as to employment of detectives to aid in ascertaining the guilt of persons suspected or charged with public offenses, and the compensation of such detectives for that purpose is a legal charge against the city and county.—*Rocca v. Boyle*, 166 Cal. 94, 96, Ann. Cas. 1915B, 857, 135 Pac. 34.

228. Deputy district attorney.—An ordinance for the appointment of an additional assistant district attorney makes the appointee a deputy or assistant as though embodied in the charter, and mandamus will lie to compel the auditor to draw his warrant for the salary of such deputy or assistant payable out of the general fund as provided by the ordinance.—*Harrison v. Horton*, 5 Cal. App. 415, 90 Pac. 716.

229. Employment of detective by district attorney.—The district attorney of the city and county of San Francisco is person empowered to employ, within the meaning of section 12, chapter III, article III, of the charter, and a detective employed temporarily to assist him in the detection of crime is a person who may be employed.—*Rocca v. Boyle*, 166 Cal. 94, 98, Ann. Cas. 1915B, 857, 135 Pac. 34.

230. Same.—(Charter refers to temporary employment.)—The meaning of the clause in section 12, chapter III, article III, of the San Francisco charter, reading "when an officer, legally authorized to employ a person other than his deputies or assistants at a stated compensation fixed by law, has employed such person," as officially printed, and clearly referring to a temporary employment, will not be changed, by arbitrary punctuation, so as to give it a different signification.—*Rocca v. Boyle*, 166 Cal. 94, 99, Ann. Cas. 1915B, 857, 135 Pac. 34.

c. County clerk.

231. Fees in naturalization cases.—The county clerk, who is ex officio clerk of the superior court, and a salaried official under the charter, can not retain any part of the fees in naturalization cases, but is required to turn the same over to the treasury within twenty-four hours of the receipt of the same.—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

232. Same.—Not an agent of the United States.—The county clerk is not a mere agent designated by the act of congress to act in naturalization cases, for a compensation of one-half the fees in such cases to pay for extra work and clerk hire is not tenable.—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

233. Same.—Charter provision unambiguous.—The charter is unambiguous as to the salary and compensation of the county clerk, and as to the requirement to pay all fees to the treasury within twenty-four hours of the receipt of the same, regardless of the source, and does not admit of doubt.—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

234. Same.—"Source"—Naturalization fees included.—The county clerk receives naturalization fees as county clerk and ex officio clerk of the superior court, and

such fees are included in the phrase "the matter from what source derived"—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

235. Same.—Retention of fees matter between county clerk and city and county.—The subject of the retention of fees in naturalization cases is a matter solely between the county clerk and the city and county, so far as the United States government is concerned.—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

236. Same.—Same.—Failure to turn over naturalization fees.—Sureties on official bond liable.—The naturalization act of Congress is a law within the meaning of that word as used in the oath of office of the county clerk, and naturalization fees and their disposition under that act are within the conditions of his official bonds, and for a failure to turn over such fees to the treasury of the city and county as required by the charter, the sureties on such are liable.—*San Francisco v. Mulcrevy*, 15 Cal. App. 11, 113 Pac. 339.

d. Tax collector.

237. Qualifications.—Five years as an elector.—The qualifications, under the charter, of the tax collector includes five years residence as an elector, and if he does not have that qualification when elected, he is not entitled to office, although he may have such qualification at the time of taking office.—*Sheehan v. Scott*, 145 Cal. 684, 79 Pac. 350.

e. Residence.

238. Charter provision not applicable to independent garbage contractor.—The requirement of the charter as to residence of municipal employees does not apply to an independent contractor for the removal of garbage.—*Figone v. Repetti*, 11 Cal. App. 251, 104 Pac. 583.

239. Same.—Independent contractor not an employee.—An "independent contractor" who selects his own materials, and furnishes his own means of carrying out his contract, is not an "employee" within the meaning of the charter which forbids the employment by the city of non-residents.—*Figone v. Repetti*, 11 Cal. App. 251, 104 Pac. 583.

f. Removal from office.

240. Superior court jurisdiction.—The superior court has jurisdiction to try an accusation of a grand jury under the code for the removal of an officer of San Francisco, for wilful and corrupt misconduct, notwithstanding the powers vested in the mayor, under the charter.—*Roberts v. Superior Court*, 147 Cal. 568, 82 Pac. 201. Decided on the authority of *Coffey v. Superior Court*, 147 Cal. 525, 82 Pac. 75. But see *Spader v. Rolph*, 29 Cal. App. 774, 156 Pac. 977.

241. Chief of police.—Misconduct.—Charter supersedes Penal Code.—The San Francisco charter supersedes the conflicting provisions of the Penal Code in the matter of the removal of the chief of police for misconduct in office, and are exclusive, and

prohibition will lie to prevent such removal in a proceeding under the code.—*Dinan v. Superior Court*, 6 Cal. App. 217, 91 Pac. 806.

242. Same—Same—A municipal affair.—The chief of police is a municipal officer and his removal is a municipal affair.—*Dinan v. Superior Court*, 6 Cal. App. 217, 91 Pac. 806.

243. Member of board of education—Notice and hearing required.—Notice and hearing are necessary to the removal of an appointive officer for cause by the mayor, under section 18, article XVI of the charter.—*Bannerman v. Boyle*, 160 Cal. 197, 116 Pac. 732.

244. Same—Same—Notice to board does not dispense with necessity of notice and hearing.—The requirement of section 20, article XVI of the charter as to notification of the board of supervisors by the mayor of the removal of an appointive officer, and the cause of such removal does not dispense with necessity of notice and hearing.—*Bannerman v. Boyle*, 160 Cal. 197, 116 Pac. 732.

245. Same—Removal without notice and hearing void.—A removal of a member of the board of education by the mayor without notice and a hearing is void.—*Bannerman v. Boyle*, 160 Cal. 197, 116 Pac. 732.

246. Civil service clerks—Protected only during term of regular appointment.—The charter provisions as to the appointment of civil service employees are to be construed to protect such employees from removal without cause only during the term of their regular appointment.—*Rodrigue v. Rogers*, 4 Cal. App. 257, 87 Pac. 563.

247. Same—Tenure of office.—The charter does not contemplate that a civil service employee of the city, upon the expiration of the term of his appointment, should hold a similar or other position in any office or department of the city government, but that the heads of the departments should have the authority to appoint his own subordinates on requisition and certification by the civil service commission.—*Rodrigue v. Rogers*, 4 Cal. App. 257, 87 Pac. 563.

248. Appointive officers—Members of boards.—The provisions of section 18, article XVI of the charter as to the removal of appointive officers by the mayor are practically confined to the members of the several boards appointed by him.—*Bannerman v. Boyle*, 160 Cal. 197, 116 Pac. 732.

XIV. JUDGMENTS AND DEMANDS.

249. Act of 1901 not in conflict with charter.—The act of 1901 (Stats. 1901, p. 274) is not in conflict with the charter.—*Metropolitan, etc., Co. v. Deasy*, 41 Cal. App. 667, 183 Pac. 243.

250. Budget provisions of charter have no application.—The provisions of the charter as to the budget do not apply to judgments.—*Metropolitan, etc., Co. v. Deasy*, 41 Cal. App. 667, 183 Pac. 243.

251. Salary of city employee—Subject to execution under section 710, Code Civil Procedure.—There is no insuperable difficulty in applying section 710, Code Civil

Procedure, to a city employee's salary, under the San Francisco charter, and the auditor may be required to draw his warrant for the amount owing such employee by the city for salary not exempt under subdivision 1, section 690, Code Civil Procedure, in favor of the court or the proper officer authorized to receive money paid into court.—*Ruperich v. Baehr*, 142 Cal. 190, 75 Pac. 782.

252. Chief of police and police commissioners not required to present salary demands for audit or approval.—Neither the chief of police nor the board of police commissioners are required to approve a salary demand of a police officer, or to present the same to the auditor and their failure to do so would not excuse the officers neglect to present it.—*Germann v. Board of Police Commissioners*, 158 Cal. 748, 112 Pac. 553.

253. Allowance of claims for compensation—Governed by charter not Political Code.—The city of San Francisco is not governed by the provision of the Political Code as to the settlement and allowance of claims against the county for compensation, but by its charter.—*Rocca v. Boyle*, 166 Cal. 94, 97, 135 Pac. 34, Ann. Cas. 1915B, 857.

254. Treasurer can not pay demands until approved by auditor.—Under the charter the treasurer can not pay a claim against the city until the demand thereon has been checked and approved by the auditor.—*Metropolitan, etc., Co. v. Rolph (Cal.)*, 194 Pac. 1005.

255. Treasurer not in default until confronted with auditor's warrant.—Judgment creditor can not have mandamus against the treasurer for the payment of the judgment until demand has been presented and warrant refused by the auditor, or, if warrant issued by auditor the treasurer is in default after confrontation with warrant.—*Metropolitan, etc., Co. v. Rolph (Cal.)*, 194 Pac. 1005.

256. Taxes paid under protest—Claim held six months within action amounts to rejection.—Where a taxpayer seasonably after payment of taxes under protest made demand upon the board of supervisors by verified claim for an order to refund, and no action was taken on said demand, and it was neither allowed nor rejected by the board, such inaction for a period of more than six months is held to be so unreasonable as to amount to a rejection, and to authorize the prosecution of a taxpayer's action to recover such taxes.—*Otis v. City and County of San Francisco*, 170 Cal. 98, 148 Pac. 933.

257. Same—Demand must be presented to auditor not board of supervisors.—Under section 12, chapter III, article III, of the San Francisco charter the duty of auditing demands for compensation against the city and county devolves upon the auditor, and such demands do not have to be presented to the board of supervisors, the treasurer being required to pay such claims "without further approval," when audited and al-

lowed by the auditor.—*Rocca v. Boyle*, 166 Cal. 94, 98, 135 Pac. 34, Ann. Cas. 1915B, 857.

258. Damages—Six months bar—Claim existing at date of adoption of charter not affected.—The provision of the charter requiring demand for damages to be made within six months does not apply to a claim accruing prior to the adoption of the San Francisco charter, and not barred at that time.—*Crim v. San Francisco*, 152 Cal. 279, 92 Pac. 640.

259. Same—Same—Claim arising after the adoption of the charter.—A claim for damages to land caused by deflecting sewerage system, arising after the adoption of the charter, must, under section 8, chapter II, article II of the charter be presented within six months, otherwise it is barred.—*Crim v. San Francisco*, 152 Cal. 279, 92 Pac. 640.

260. Same—Defective sewer—Not "trespass on real property."—The cause of action arising from damages to land caused by a defective sewer system is not a trespass on real property within the three-year statute of limitations.—*Crim v. San Francisco*, 152 Cal. 279, 92 Pac. 640.

261. Salary fixed by valid ordinance—Warrants drawn on unexhausted specific appropriations.—The charter provision forbidding the auditor to draw warrants except upon unexhausted specific appropriation has no application to the drawing of a warrant for the salary of an officer provided by a valid ordinance.—*Harrison v. Horton*, 5 Cal. App. 415, 90 Pac. 716.

XV. MISCELLANEOUS.

262. Construction of municipal opera house by private persons—Agreement not authorized.—The city and county of San Francisco has no power to authorize, by agreement with a private corporation, the construction of an opera house on land belonging to the municipality, the entire

management and control of which is to be given in perpetuity to a board partly composed of persons over whose selection the city and county is to have no voice, and over whose actions it has no control, even though it is to hold the legal title, and is to be given a minority representation on the board.—*Egan v. San Francisco*, 165 Cal. 576, 581, 133 Pac. 294, Ann. Cas. 1915A, 754.

264. Same—Same—Same—Can not be turned over for private management.—The San Francisco charter contains nothing authorizing the municipality, after erecting an opera house on municipally owned land, to turn over its control and management in perpetuity to private persons.—*Egan v. San Francisco*, 165 Cal. 576, 583, 133 Pac. 294, Ann. Cas. 1915A, 754.

265. Same—Same—Same—Same.—There is nothing in the San Francisco charter authorizing the municipality to delegate its right and duty to management and control city property applied to a public purpose.—*Egan v. San Francisco*, 165 Cal. 576, 584, 133 Pac. 294, Ann. Cas. 1915A, 754.

266. Same—City may accept the gift of.—Under section 1, article I of its charter the city and county of San Francisco is authorized to accept the gift of an opera house, upon condition of its management by a board of private persons, but it does not authorize it to turn over its land to such a board for use as an opera house.—*Egan v. 1. Constitutionality—Act not unconstitutional.—This act was not violative of any constitutional provision at the time of its passage.—*Jennings v. LeRoy*, 63 Cal. 397.

2. Application of general law.—The general law relating to street grades and improvements govern the subject of assessments for work and proceedings prior to this act.—*Jennings v. LeRoy*, 63 Cal. 397.

3. Liability of city and county under the act.—The refusal of the general in command of the United States forces on the

reservation, of the assistant treasurer of the United States and of the secretary of war, to pay for the grading, are sufficient to fix the liability of the city and county under the act.—*Onderdonk v. San Francisco*, 75 Cal. 534, 17 Pac. 678.

4. Statute of limitations—Action for grading—Not barred by subdivision 1, section 389, Code Civil Procedure.—The right of action for grading under this act is based upon either a contract founded on an instrument in writing or an obligation arising out of an assessment made in writing,

and is not barred by subdivision 1, section 389, Code Civil Procedure.—Onderdonk v. San Francisco, 75 Cal. 534, 17 Pac. 678.

"WATER LOT ACT."

ACT 4141—An act to provide for the disposition of certain property of the state of California.

History: Passed March 26, 1851, Stats. 1851, p. 307. Supplemented by the act of May 18, 1853, Stats. 1853, p. 219. For further history, see notes.

Editor's note: By statute of same year (Stats. 1851, p. 311), San Francisco was empowered to construct wharves at the ends of streets to a distance not exceeding two hundred yards beyond the line of beach and water lots, and the right of the state to beach and water lots was granted, with certain reservations; but this statute was repealed by Stats. 1853, p. 36.

By Stats. 1853, 219 (Compiled Laws, 1850-53, 767), provision was made for the sale of the reversionary interest of the state within the limits defined by the statute of 1851, above. The latter statute was supplemented by Stats. 1855, 226, and 1858, 139.

By Stats. 1858, 323, the governor was authorized to sell certain of the beach and water lots remaining and situate between Sacramento and Clay streets, confirming streets that had been laid out crossing the tract; and by Stats. 1877-8, 417, the deeds of the commissioners appointed under the statutes of 1851 and 1853 to certain lots believed to be outside of the waterfront line, as defined by those statutes, were confirmed and made valid.

The subject is now past history, but the following decisions are given for the benefit of those desiring to investigate:

Stats. 1851, 307; 1853, 219.—Chapin v. Bourne, 8 Cal. 294; Holladay v. Frisbie, 15 Cal. 630, 631; Wheeler v. Miller, 16 Cal. 125.

Concerning the relation of San Francisco to this property, and certain sales thereof, and the action of the state legislature in connection therewith, see Grogan v. San Francisco, 18 Cal. 590, 607-615; Pimental v. San Francisco, 21 Cal. 652.

The state reserved its control of the navigable waters, in connection with other legislation.—See People v. Williams, 64 Cal. 498, 2 Pac. 393; San Francisco v. Straut, 84 Cal. 124, 24 Pac. 814. And see United State v. Mission Rock Co., 189 U. S. 391, 406, 47 L. ed. 865, 869, 23 Sup. Ct. 606.

Beach and water lots of San Francisco.—By the above-mentioned statute the state granted to San Francisco for a period of ninety-nine years the beach and water lots within certain limits, to be thereafter defined by a red line on a map to be pro-

cured by San Francisco and to be deposited in the offices of secretary of state and state surveyor general. The red line is to denote the permanent line of the waterfront. The statute expressly reserved to the state its right to regulate the construction of wharves and other improvements.

1. **As to titles to pueblo lots and lands,** see Act 4286, and notes.

2. **State's jurisdiction over Channel street not relinquished.**—The act does not deprive the state of jurisdiction, by its board of harbor commissioners, over Channel street, which is a mere navigable arm of the bay.—Payne v. English, 79 Cal. 540, 21 Pac. 952. See, also, People v. Williams, 64 Cal. 498, 2 Pac. 393.

3. **As to waterfront line.**—See Knight v. United Land Association, 142 U. S. 161, 35 L. ed. 971, 12 Sup. Ct. 254.

4. **Judicial notice of the ebb and flow of the tide over a particular lot.**—Constructing this act and the acts of 1868 (Stats. 1867-68, p. 355) and 1878 (Stats. 1877-78, p. 263) together, and assuming that some of the blocks granted by this act to the city and county for 99 years have not been reclaimed, and that the tide still ebbs and flows over them, the court will not take judicial notice that any particular block is still subject to the ebb and flow of the tide.—People v. Southern Pacific Co., 177 Cal. 555, 171 Pac. 294.

5. **Same—Abandonment of innavigable blocks.**—It is presumed the blocks granted by this act were not navigable, even if covered by the tide, or that the public easement as to them was intended to be abandoned, and consequently that such blocks are not now within the jurisdiction of the state harbor commission.—People v. Southern Pacific Co., 177 Cal. 555, 171 Pac. 294.

6. **Grantees and purchasers acquired 99-year title to lots within section 2 of the act.**—California on admission into the Union became the owner of her navigable waters and the soil under them, and the water and beach lots within the exception of section 2 of this act, were confirmed by the act, as the state had a right to do, for 99 years, to the purchasers and grantees

thereof.—*Mumford v. Wardwell*, 73 U. S. (6 Wall.) 423, 18 L. ed. 756.

7. **Character of title conveyed** by this and other similar acts was fully defined in *Smith v. Morse*, 2 Cal. 524; *Eldridge v. Cowell*, 4 Cal. 87; *Chapin v. Bourne*, 8 Cal. 294; *Hyman v. Read*, 13 Cal. 445; *Holladay v. Frisbie*, 15 Cal. 635; *Wheeler v. Miller*, 16 Cal. 125; *San Francisco v. Straut*, 84 Cal. 124, 24 Pac. 814; *Pacific, etc., Co. v. Ellert*, 64 Fed. 421.

8. **Same.**—See, also, *Taylor v. Underhill*, 40 Cal. 473, and *United States v. Mission Rock Co.*, 189 U. S. 391, 47 L. ed. 865, 23 Sup. Ct. 606, where McKenna, J., said "The decisions cover a period of many years, and have become a rule of property and the foundation of many titles."

9. **Same.**—"A large and valuable part of the city of San Francisco, extending from the present waterfront to, in some places,

Montgomery street, was at the time of, and subsequent to, the admission of California into the Union, a part of the submerged lands of the bay, but has since been filled in by the many hundred grantees under the city and state, who have erected buildings and improvements thereon at costs running into many millions of dollars. All this has been done in aid of commerce, in the up-building of a great city upon the bay, and with the encouragement and consent of the general government. Under such circumstances, we regard it as very clear that no court would be justified in holding titles thus secured invalid."—*Mission Rock Co. v. United States*, 109 Fed. 763, 48 C. C. A. 641.

10. **The supplementary act May 18, 1853** (Stats. 1854, p. 218) provided for the disposition of the state's reversionary title in the lands covered by the act.

History: Approved March 11, 1858, Stats. 1858, p. 52.

Editor's note.—The act also confirmed the supplementary ordinance No. 845, approved September 27, 1855, selecting and designating public squares and reservations for hospitals, fire engines, and school purposes, and for adopting the plan of streets in the western and southwestern sections of the city and also confirming the Van Ness ordinance.

Commissioners were appointed under the ordinances to make a plan of and report on the location of streets, etc. Their report was made accompanied by the map, and the same was adopted, approved, and ratified October 16, 1856; and this order was also set out in the act and ratified and confirmed.

The act itself, with the ordinances and orders, appear as note 3 to Hart v. Burnett, 15 Cal. 530, at p. 627. Note 1 contains a synopsis of grants of land by Mexican governors within or partly within the limits of the pueblo of San Francisco. Note 2 contains a schedule of grants made by the principal authorities between the year 1835 and July 7, 1846. Note 4 is a translation of what is known as the "Zamorano Document" giving the boundaries of the pueblo and authorizing the establishment of the first Ayuntamiento. It is dated at Monterey November 4, 1834, and signed by Governor Jose Figueroa.

The legal questions arising under the Van Ness ordinance and the present act were at one time of absorbing interest, and the earlier California reports are filled with them. It is a phase of litigation that be-

longs exclusively to the past, however; a subject with which the legal antiquarian alone is likely to busy himself. No good purpose would be served in annotating, in a book designed for the practical use of the busy professional man, the scores of decisions dealing with the subject; and a few of the leading cases will be merely referred to.

The first important case involving the validity and effect of the Van Ness ordinance and of the present act confirming and approving it, was Hart v. Burnett, 15 Cal. 530, where it was held, in a very voluminous opinion, that the act was a constitutional exercise of sovereign power, and that the ordinance vested in the possessors therein described, as against the city and county, and the state, a title to the lands covered by it, and this decision has never been seriously questioned.

The board of supervisors attempted to repeal the Van Ness ordinance March 2, 1858, nine days before the approval of the present act. The supreme court does not appear to have passed directly on the validity of the act, in view of this repeal or attempted repeal, but the court, in Hart v. Burnett, on petition for rehearing (15 Cal. 624), had this to say on that point:

"It is now insisted that we were misled in relation to the Van Ness ordinance; that 'in point of fact' that ordinance was repealed prior to the passage of the act of 1858, confirming it. . . . But we are by no means convinced that the mere order—if it were properly before us—of the board

of supervisors (appended to the petition, and of date March 2, 1858) destroyed the power of the legislature to give effect to the previous ordinances of the city. (See 3 How. 550; 9 How. 184, in addition to the cases cited in the opinion.) And this, even if the board of supervisors, under the stringent and restrictive provisions of the consolidation bill, had authority to act upon the subject. (But see sections 67-74 of the act.) It would be difficult to show that if the legislature has the acknowledged power of repealing the charter of a municipal corporation, the effect of which repeal would be to cause the whole property held for public use to revert to the state, why it would not have power to give effect to an ordinance disposing of portions of it on a professed consideration, when such ordinance had been partially executed and continued in force for a number of years, and probably important rights had vested under it."

Whatever merit there might have been in the contention as to the effect of the attempted repeal, it is certain that both state and federal courts have recognized the validity of the act and its effect as a vesting of the title of the city and state in the persons who were described in the ordinance. See *Payne v. Treadwell*, 16 Cal. 221; *San Francisco v. Beideman*, 17 Cal. 443; *Hubbard v. Sullivan*, 18 Cal. 508; *Board of Education v. Fowler*, 19 Cal. 11; *Carlton v. In *Burk v. Howe*, 171 Cal. 242, 152 Pac. 434, a case in which the title to 50 vara lot number 428, was involved, Justice Shaw said:

"The plaintiffs established their title to the lot under a grant from John W. Geary, alcalde of San Francisco, dated and duly recorded on December 10, 1849. This title was confirmed to the holders thereof, so far as the city of San Francisco was con-

cerned, by the Van Ness ordinance of 1855, approved by the state legislature by the act of March 11, 1858 (Stats. 1858, p. 52). It was fed up to the full quality of a fee simple absolute by the act of congress of July 1, 1864 (13 U. S. Stats. 333), the act of March 8, 1866 (14 U. S. Stats. 4), and by the decree of the land commission of the United States circuit court confirming the pueblo grant from the Mexican government to San Francisco (*Cohas v. Raisin*, 3 Cal. 443; *Hart v. Burnett*, 15 Cal. 530, 614; *San Francisco v. LeRoy*, 133 U. S. 666 [34 L. ed. 1096, 11 Sup. Ct. 364]; *Grisar v. McDowell*, 73 U. S. (6 Wall.) 363 [18 L. ed. 863])."

The act and the acts of congress referred to in Judge Shaw's opinion, were fully discussed in the following: *Clark v. San Francisco*, 124 U. S. 639, 31 L. ed. 553, 8 Sup. Ct. 659; *Pacific, etc., Co. v. Ellert*, 64 Fed. 421; *Mission Rock Co. v. United States*, 109 Fed. 763, 48 C. C. A. 641.

The secretary of state having so filed said document in his office, then, from and after the date prescribed in the proposal so submitted at said elections, the annexation of such district so proposed to be annexed, as described therein, shall be deemed to be and shall be complete and thenceforth such annexed district shall be to all intents and purposes a part of such city and county of San Francisco. And from and after said date the indebtedness so referred to in said proposal shall be deemed to have been assumed and upon the said date stated in said annexation proposal such district and such city and county of San Francisco shall be and become one consolidated city and county to be governed by the charter of the city and county of San Francisco and any amendment or amendments thereto.

§ 18. No property in any territory annexed to said city and county of San Francisco as provided for in this act, shall be taxed for the payment of any indebtedness of such city and county outstanding at the date of such annexation and for the payment of which the property in such territory was not, prior to such annexation, subject to such taxation, unless there shall have been submitted to the qualified electors of such territory the proposition regarding the assumption of indebtedness, as provided for in this act, and the same shall have been approved by a majority of such electors voting thereon, as provided for in this act.

Government of unannexed territory. Duty of legislature.

§ 20. In the event of any election as in this act provided for at which there shall be submitted a proposal for the annexation of any territory to the city and county of San Francisco, which annexation will result in the leaving of a portion or portions of the county of San Mateo unannexed to said city and county of San Francisco, then any notice of election or election ballot as provided for in this act shall state that the said annexation and consolidation shall not take effect until the legislature of the state shall have, according to law, provided for the government of any such portion or portions of any such county of San Mateo so remaining and not annexed to said city and county of San Francisco. It shall be the mandatory duty of the legislature, at the first session following any such final election, in the event of the approval of such annexation proposal at such election, or if the legislature be then in session, then at such session, to so provide for the government of any such portion or portions of such county of San Mateo so remaining and not annexed to such city and county of San Francisco. Upon such provision being made by the legislature, and upon its finally becoming effective, and upon the said annexation otherwise becoming effective, then the said annexation to such city and county of San Francisco shall be deemed complete and in full force and effect.

Legislature to determine proportion of debts and liabilities. Commission to advise legislature. Expenses charged to city and county of San Francisco.

§ 21. At the session of the legislature next after the final consummation of such annexation as herein provided for, or if the legislature is in session at the time of such final consummation then at such session of the legislature, the legislature shall determine the just proportion of the debts and liabilities of the county of San Mateo for which the city and county of San Francisco shall be liable, and the just proportion of the property and assets of such county of San Mateo to which such city and county of San Francisco shall be entitled, as existing at the time that any territory less than the whole of said San Mateo county is taken from such county of San Mateo as a result of any annexation as in this act provided for. The governor of the state shall appoint a commission of three persons; one, a qualified elector of the city and county of San Francisco; one, a qualified elector of the unannexed territory, and one, a qualified elector of some territory other than said annexing city and county and other than such unannexed territory, for the purpose of rendering a report to the legislature in order to advise the legislature; first, upon the proper provision for the government of any portion or portions of such unannexed territory; and, second, upon the proper determination of the just proportion of the debts and liabilities of the county of San Mateo for which such city and county shall be liable, and of the just proportion of the property and assets of such county of San Mateo to which such city and county shall be entitled, as so existing at the time that any territory is so taken from such county of San Mateo as a result of any such annexation as in this act provided. The actual necessary expenses of said commission, and compensation for their services at the rate of ten dollars per day for each day of actual service by each of said commissioners, shall upon a demand therefor being sworn to and presented to the legislative body of the city and county of San Francisco be a proper and legal charge against the treasury of said city and county. The final annexation and incorporation of said additional territory as a part of said consolidated city and county shall be deemed completed upon following of the procedure hereinabove in this act set forth, and it shall not be deemed necessary to await the said action of the legislature with reference to the adjustment of debts and liabilities and property and assets in this section provided for prior to said consolidation being final and complete.

§ 22. Upon the final completion of any annexation as provided for in this act all persons then occupying or possessing the several offices of or under the government of such county of San Mateo or of such incorporated cities or towns, or such governmental agencies, or unincorporated territory so annexed, shall immediately quit and surrender the occupancy or possession of said offices, which shall thereupon cease and terminate and they shall severally forthwith deliver all moneys, funds, books, papers, archives and records in their custody and all other property of such county, incorporated city or town, governmental agency, or unincorporated territory in their

hands or under their control, to the proper officers of the city and county of San Francisco; provided, however, that if any portion of said county of San Mateo shall be left unannexed to said city and county of San Francisco that the disposition of such moneys, funds, books, papers, archives and records so in the custody of such officers of said county of San Mateo, or of unincorporated territory so annexed, shall be determined by the legislature in its final action on the government of such unannexed territory as in this act provided for. All ordinances or resolutions of such county of San Mateo or of any such incorporated cities or towns, or such governmental agencies, so annexed under the provisions of this act, shall immediately upon such annexation becoming effective, be deemed to be repealed and of no further force and effect; provided, however, that such repeal shall not operate to discharge any person from any liability, civil or criminal, then existing, nor affect any prosecution then pending for any violation of any such ordinances, or resolutions, and all cases then pending in any justice's court, police court or court of any recorder or other judicial municipal magistrate or officer of such county, incorporated cities or towns, or such governmental agencies, so annexed shall, upon such annexation becoming effective, ipso facto, be deemed to be and be transferred to the justices' court, police court or other judicial municipal magistrate or officer of such city and county of San Francisco which has jurisdiction of proceedings

or misdemeanors or of other actions civil or criminal of the character so transferred; provided, further, that such repeal shall not apply to ordinances or resolutions, under which vested rights have accrued or to ordinances or resolutions relating to proceedings for street or other public improvements, or to proceedings for improving, opening, extending, widening or straightening of streets or other public places, or to proceedings for changing the grade thereof, all of which proceedings shall be continued and conducted by and under the authority of the newly consolidated city and county of San Francisco with the same force and effect as if continued and conducted by and under the authority of the county of San Mateo or of any incorporated city or town by which they were commenced, and all ordinances and resolutions of said city and county of San Francisco shall, upon the completion of such annexation, ipso facto, have full force and effect in and throughout the said annexed territory.

Taxes levied but not collected property of San Francisco. Condition.

§ 24. In the event that a tax for county purposes has been levied by the board of supervisors of the county of San Mateo or has been so levied for the purposes of any political subdivision, either by such board of supervisors or by any legislative body of any incorporated city or town, or other governmental agency, against property situated in territory which, subsequent to such levy, is annexed to said city and county of San Francisco under the provisions of this act, but which at the time of such annexation has not been collected, then all such taxes so uncollected shall be and become the property of the city and county of San Francisco; provided, however, that any such taxes which have been levied against the property of any district, for the purposes of such district, must be expended for the benefit of any territory so annexed and included in such a district, in accordance with the purposes of the levy of said tax. This section shall also apply to all such taxes not paid into the county treasury or any treasury of any incorporated city or town, or other political subdivision or governmental agency, prior to the taking effect of this act.

Districts unchanged.

§ 25. Nothing in this act shall alter or affect the boundaries of any senatorial or assembly district, or of any congressional district.

Expenses paid by city and county of San Francisco.

§ 26. All proper expenses of proceedings for annexation of territory to the city and county of San Francisco under this act shall, in the first instance, be paid by such city and county; provided, that if such annexation be not finally completed, then the expenses for such election incurred in any city or town or district which shall have voted in favor of said annexation, or in the county of San Mateo if said county shall have so voted, shall be returned to the said city and county of San Francisco by such city, town, or county holding such election.

With reference to any duties prescribed in this act to be performed by the legislative body or any other board, officer or department of the county of San Mateo or any incorporated city or town so proposed to be annexed under the terms of this act, or of said city and county of San Francisco, if the charter of any such incorporated city or town or of said city and county of San Francisco, or any law, imposes such duties upon any other board, officer or department of said county of San Mateo or of said incorporated city or town or of said city and county of San Francisco, as, upon a board of election commissioners or registrar of voters of said county of San Mateo, or of such incorporated city or town, or of said city and county of San Francisco, then such duties shall be so performed by such other board, officer or department upon which such duties are so imposed.

Time for elections.

§ 28. Any election provided for in this act may be held at a special election or at any general election.

If any section of this act other than section thirty-one thereof, or if any subsection, sentence, clause or phrase other than in said section thirty-one contained, is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. If, however, said section thirty-one, or any subsection, sentence, clause or phrase in said section thirty-one contained, is for any reason held to be unconstitutional or inoperative, then in that event the validity of all of the remaining portions of this act shall be deemed affected and invalidated thereby. The legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections other than said section thirty-one or any one or more subsections, sentences, clauses, or phrases other than in said section thirty-one contained, are declared unconstitutional. Petition to organize sanitary district.

§ 1. Whenever twenty-five persons in any county of the state shall desire the formation of a sanitary district within the county, they may present to the board of supervisors of such county a petition, in writing, signed by them, stating the name of the proposed district, and setting forth the boundaries thereof, and praying that an election be held as provided by this act. Each of the petitioners must be a resident and freeholder within the proposed district.

Order calling election.

§ 2. When such petition is presented as above provided, the board of supervisors must, within thirty days thereafter, order that an election be held as provided by this act. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district, and must state that at such elections persons to fill the offices provided by this act, viz.: a sanitary assessor, and five members of the sanitary board, will be voted for. This order shall be entered in the minutes of the board, and shall be conclusive evidence of the due presentation of a proper petition, and of the fact that each of the petitioners was, at the time of the signature and presentation of such petition, a resident and freeholder within the limits of the proposed district.

Posting and publishing of order.

§ 3. A copy of such order shall be posted for four successive weeks prior to the election, in three public places within the proposed district, and shall be published for four successive weeks prior to the election in some newspaper published in the proposed district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

Conduct of election. If majority vote in favor. If majority vote against.

§ 4. The board of supervisors, at least fifteen days prior to the election, shall select one, and may select two, polling places within the proposed district, and make all suitable arrangements for the holding of such election. They must appoint one inspector and two judges of election in each polling place, who shall constitute the officers of said

election; if none are so appointed or if those appointed are not present at the time of the opening of the polls, the electors present may appoint them and they shall conduct the election. The ballots shall contain the words, "for a sanitary district," or "against a sanitary district," as the case may be, and also the names of the persons to be voted for at said election. At such election there shall be elected a sanitary assessor and five persons for members of the sanitary board. Such election, and all subsequent elections in said district, shall be conducted as nearly as practicable in accordance with the general election laws of the state, except that the provisions of said laws as to the form of ballots and the making of nominations shall not apply. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election above provided for. If a majority of the votes cast at such election shall be in favor of a sanitary district, the board of supervisors shall make and cause to be entered in the minutes of said board an order that a sanitary district of the name and with the boundaries stated in the petition (setting forth such boundaries) has been duly established, and said order shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided for by this act or by law, and of the existence and validity of the sanitary district. If a majority of the votes cast shall be against a sanitary district, the board shall by order entered in its minutes, so declare; no other proceeding shall be taken in relation thereto until the expiration of one year from the date of the presentation of the petition to said board.

No mistake in the name of the owner of any of the real or personal property assessed, or any informality in the description, or in other parts of the assessment, shall invalidate the same. The sanitary assessor shall verify said list by his oath, before some officer authorized to administer oaths, and shall deposit the same with the sanitary board on the first Monday of July of each year, or as soon thereafter as is practicable. He shall have power to administer all oaths and affirmations necessary or proper in the performance of his duty as assessor, and shall receive such compensation as shall be fixed by the order of the board. If no election officers are so appointed, or if those appointed are not present at the time of the opening of the polls, the electors present may appoint them and they shall conduct the election. Such election shall be conducted as nearly as practicable in accordance with the general election laws of the state, except that the requirements of said laws as to the form of ballots and the making of nominations of candidates shall not apply. Every qualified elector resident within the district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election. At such election the last great register of the county shall be used, and any elector whose name is not upon such great register shall be entitled to vote upon producing and filing with the board of election a certificate, under the hand and seal of the county clerk, showing that his name is registered and uncanceled upon the great register of such county, provided that he is otherwise entitled to vote.

And all contracts, deeds, warrants, releases, receipts, and documents of every kind shall be signed in the name of the district by its president, and shall be countersigned by its secretary. The board shall hold such meetings, either in the day or in the evening, as may be convenient. § 11. On the first Monday of July each year, at the hour of 7:30 o'clock p. m., the sanitary board shall meet at its usual place of meeting within said district, and proceed to organize itself into a board of equalization, and if the sanitary assessor has returned the assessment list for said year said board shall proceed to equalize the property so assessed and returned by said sanitary assessor. If said assessment list has not been returned by said sanitary assessor said board must adjourn from day to day until said assessment list has been returned, and for the purpose of adjournment one or more of the members of said board present may make said adjournment and announce the same. Upon the assessment list having been returned by the assessor, said board of equalization shall proceed to equalize the property listed on said assessment list, and said board shall continue in session as a board of equalization until the property upon the entire list returned by the assessor shall have been examined, rectified and equalized, with such reasonable intermissions during the day and from day to day as may be expedient. The board shall have power to hear complaints as to the proceedings of the assessor, and to adjudicate and determine the controversy thereon, and may of its own motion raise an assessment, after such reasonable notice to the party whose assessment is to be raised, as may be ordered by the board. After the examination and rectification of the assessor's list shall have been completed, the board shall, by resolution, fix the rate of taxation for sanitary purposes, designating the number of cents on each one hundred dollars to be levied for each fund and shall designate the fund into which the same shall be paid; but no more than fifteen cents on each one hundred dollars shall be levied for all the sanitary purposes of any one year, besides what shall be required for the payment of the principal and interest of such year upon outstanding bonds. After the entry in the minutes of the resolution fixing the rate of taxation the sanitary board shall cause the assessor to compute the amount of the tax upon each piece of real and personal property, and enter the same upon the assessment list in a suitable place. The list, when so completed, shall be verified by the assessor and signed by the president and secretary; and the amount of the tax shall thereupon become a lien upon the property upon which it is assessed, and shall have the effect of a judgment against the person of the owner thereof, and every such lien shall have the force and effect of an execution duly levied against all the property of the delinquent; and the judgment shall not be deemed satisfied or the lien extinguished until the taxes are paid or the property sold to satisfy the same, and no statute of limitations shall apply. No bonds shall be voted for or issued at any one time, which in the aggregate shall exceed fifteen per cent of the assessed value of all the real and personal property of such district; whether it be made up of one issue of bonds or of several issues.

§ 12. As soon as practicable, but not later than the third Monday in July, after the taxes have been computed and extended on the assessment list, verified by the assessor and signed by the president and secretary of said board, the board shall transmit, or cause the assessor to transmit, a duplicate of the list so made, to the tax collector of the county, who shall collect the taxes shown by said list to be due, in the same manner as he collects the county taxes, and all the provisions of the laws of the state as to the collection of taxes and delinquent taxes, and the enforcement of the payment thereof, so far as applicable, shall apply to the collection of taxes for sanitary purposes; and said tax collector, and the sureties on his official bond, shall be responsible for the due performance of the duties imposed upon him by this act; provided, that the sanitary board may, in its discretion, direct the district attorney of the county to

commence and prosecute suits for the collection of the whole, or any portion of the delinquent taxes; and it shall be the duty of the district attorney to carry out such directions of the sanitary board, and he, and the sureties upon his official bond, shall be responsible for the due performance of the duty imposed upon him by this act.

All money collected for sanitary purposes by the district attorney under this act shall be at once paid to the county treasurer; provided, further, that the sanitary board may, at any time, by order entered in its minutes, provide a system for the collection of delinquent taxes, or make any change in the manner of their collection, which as to such taxes shall have the force of law. Whenever any property is sold for delinquent sanitary taxes, under the provisions of this act, the tax collector shall file with the county recorder, at the expense of the purchaser, a copy of the certificate of such sale; and when at any time redemption is made of any property which has been sold for delinquent sanitary taxes the redemption officer of the sanitary district shall immediately forward a copy of the redemption certificate to the county recorder and the county recorder shall inscribe or stamp upon the margin of the certificate of sale of said property then on file in his office, the word "redeemed," together with the date, the amount paid, and the name of the party redeeming said property; and further provided, that whenever the tax collector issues a deed to the purchaser of any property sold for delinquent sanitary taxes, the said tax collector shall forward a copy of the deed to the county recorder, and the county recorder shall then inscribe or stamp upon the margin of the certificate of sale of said property then on file in his office, the words "deeded to," together with the date, and the name of the party to whom said deed was issued. In the event that property upon which sanitary district taxes have become delinquent is, on account of such delinquency, sold by the tax collector, and a deed therefor is issued to any person other than the state of California, the party who was of record as the owner of such property at the time of such sale and of such issuance of such deed, is hereby granted the right to redeem said property from the tax title purchaser thereof, at any time within a period of five years from and after the issuance of such deed, by the payment to the said tax title purchaser of the amount for which the said property was to him sold by the tax collector and an additional premium which shall not be greater than one hundred per cent of the said purchase price. It is hereby declared to be unlawful for any person or persons who have purchased at a delinquent tax sale any property which is sold for delinquent sanitary taxes, to demand for its redemption any sum greater than the amount which is by this act specified; or to refuse to redeem any such property to the party who was the owner thereof at the time of such delinquent tax sale, when proper tender is made, within five years after date of such sale, of an amount which is not greater than the amount which is by this act permitted.

Funds kept by county treasurer.

§ 13. The tax collector shall pay over to the county treasurer all moneys collected by him for sanitary purposes, as fast as the same shall be collected, and the said treasurer shall keep the same in the county treasury as follows: In a fund called the bond fund of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund; and no part of the money in this fund shall be transferred to any other fund, or be used for any other purpose than the payment of the principal and interest of the bonds of the sanitary district, and for the retirement of bonds which had been issued by a district which formerly formed a part of the sanitary district as hereinafter provided for, so long as any such bonds shall be unpaid; in a fund called the running expense of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund. The whole or any part of the money in the running expense fund may be transferred to the bond fund, or to the other fund hereinafter provided for, upon the order of the sanitary board, and it

shall be the duty of the treasurer to comply with such order. The treasurer shall pay out moneys from either of said funds, or from the fund hereinafter mentioned, only upon the written order of the sanitary board, signed by the president and countersigned by the secretary, which order shall specify the name of the person to whom the money is to be paid and the fund from which it is to be paid, and shall state generally the purpose for which the payment is made, and such order shall be entered in the minutes of the sanitary board. The treasurer shall keep the order as his voucher, and shall keep a specific account of his receipts and disbursements of money for sanitary purposes. The treasurer and sureties upon his official bond shall be liable for the due performance of the duties imposed upon him by this act. The treasurer shall keep the money arising from the sale of bonds in the fund hereinbefore mentioned.

Bond election.

§ 14. At any time after the district is organized the sanitary board, by order entered in the minutes, may, when in its judgment it is advisable, and must, upon a petition of a majority of the qualified electors residing in the district, call an election and submit to the electors of the district the question whether the bonds of such district shall be issued and sold for the purpose of raising money for construction, reconstruction, alteration, laying, renewing, replacing or enlargement of sewers, drains or septic tanks or other drainage or sewer system, whether the same be for a system of the same nature as or of a different nature than the system already installed or constructed for the disposal of sewage.

The order calling such election shall be valid and effectual when signed by two-thirds of the members of said sanitary board, and may so submit to said electors as one proposal the question of issuing bonds to make all said outlays, or so many of them as may be selected, or said order may submit at said election as separate questions the issuance of bonds for any of said outlays singly or in such combinations as the order may direct.

Notice of such election shall be given by posting notices, signed by the board, or by a majority thereof, in three public places in the district, not less than twenty days before the election; and by publishing such notice not less than once a week for three successive weeks before the election in a newspaper printed and published in the district, if any newspaper is published therein, and if not, in a newspaper printed and published in the county.

Contents of notice.

§ 16. Such notice shall contain:

1. Time and place of holding such election.

§ 17. At any time prior to the day fixed for the election, the board shall select one, and may select two, polling places within the district, appoint one inspector and two judges of the election for each polling place, and make all necessary and proper arrangements for holding the election. If no election officers are appointed, or if those appointed are not present at the time for opening the polls, the electors present may appoint them and they shall conduct the election. The vote must be by ballot

(without references to the general election law in regard to form of ballot). The ballot shall contain the words "Bonds—Yes" and "Bonds—No," and the persons voting at said bond elections shall put a cross (X) upon their ballots with pencil or ink after the words "Bonds—Yes" or "Bonds—No" (as the case may be) to indicate whether they have voted for or against the issuance of bonds.

The elections shall be conducted in accordance with the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided.

Every qualified elector resident within the district for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the elections above provided for. After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board, which board shall on the seventh day after the election, at eight o'clock p. m., meet and canvass the returns of the election, and if it appears that two-thirds of the votes cast at said election were in favor of issuing such bonds, then the board shall cause an entry of that fact to be made upon its minutes. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this act or by law, and of the facts stated in such entry. If, at such election, two-thirds of the votes cast be in favor of the issuance of bonds as proposed by the sanitary board, the said board shall thenceforth have full power and authority to issue and dispose of bonds as proposed in the order calling the election; provided, that the total amount of bonds so issued shall not exceed ten per cent of the assessed value of all real and personal property of the district, as shown by the last equalized assessment book of the county.

§ 18. All bonds issued under the provisions of this act shall be of such denominations as the sanitary board may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars. Said bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated, and shall bear interest at a rate not exceeding six per cent per annum, which interest shall be payable semiannually in like gold coin. Not less than one-fortieth part of the total issue of bonds shall be payable each year, on a day to be specified by the sanitary board, but no bonds shall be payable in installments, but each bond issued hereunder shall be payable in full on the date specified therein by said board. Each bond shall be signed by the president and countersigned by the secretary of the sanitary board, and said bonds shall be numbered consecutively, beginning with number one, and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said board. The bonds must be disposed of by the sanitary board in such manner and in such quantities as may be determined by said board in its discretion, but no bond must be disposed of for less than its face value. The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called the sewer construction fund of sanitary district (naming it); the money in such fund shall be used for the purpose indicated in the order calling the election upon the question of the issuance of the bonds, and for no other purpose; provided, that if after such purposes are entirely fulfilled any balance remain in such fund, such balance may, upon the order of the sanitary board, be transferred to either of the other funds provided by this act.

§ 19. If the result of the election be against the issuance of bonds, no other election upon the question shall be called or held for a period of one year. After a dis-

trict organized under the act of 1891, mentioned in section thirty-one hereof, shall have been reorganized under this act as provided in said section thirty-one hereof, the entire amount of unredeemed bonds issued by such districts under the provisions of said act of 1891 may be presented by the holder or holders thereof to the sanitary board organized under the provision of this act or to sanitary districts reorganized under the provision of section thirty-one of this act, and there shall be exchanged therefor and issued in lieu thereof to such holder or holders, by the sanitary board organized under the provision of this act or to sanitary districts reorganized under the provision of section thirty-one of this act, bonds issued in accordance herewith for the various amounts of the bonds so surrendered; it being the intention hereof to permit the surrender of sanitary district bonds heretofore issued payable in installments by the holder thereof, and the exchange therefor of a like amount of bonds of such sanitary district having a denomination equal to the installments payable under one or more of the bonds heretofore issued by any one sanitary district; said new bonds to be payable as nearly as practicable at the same time as said installments and in equal amounts; the amount of said new bonds issued in lieu of said old bonds to be payable in any one year to equal the amount of the installments on said old bonds payable in such year. All expenses of the exchange shall be borne by the holder of the bonds presented for exchange, and interest on the new bonds shall be paid at the same time and rate as on the old bonds. Upon such exchange being effected the old bonds shall be canceled by punching holes in the signatures thereto attached, and shall be retained by the treasurer of said county as evidence of such cancellation.

Tax to pay interest and principal. Payment within forty years.

§ 20. The sanitary board of each district shall annually levy a tax upon the taxable property in the district sufficient to pay the interest of said bonds for the year, and such portion of the principal as is due or is to become due during such year, and in any event the tax must be high enough to raise annually a proportion of the principal of said bonds equal to the sum produced by dividing the whole amount of said bonds outstanding by the number of years said bonds then have to run, so that the entire amount of principal and interest of said bonds shall be paid at or before maturity, and in any event within forty years of the date of issuance of the bonds; and it is hereby made the duty of the tax collector, or such other person as may be charged with the duty of collecting the sanitary taxes, to collect the said taxes so to be levied, and the duty of the sanitary board to order the same to be paid in manner and form as provided by this act, and the duty of the county treasurer to pay the same. If, for any reason, any portion of the tax for any year remains unpaid, and in consequence thereof any portion of the interest or principal due for any year remains unpaid, the same shall be added to the levy for the next year, and be collected and paid accordingly. The payment of the whole amount of the principal and interest of all of said bonds, within forty years from their issuance, is hereby made the imperative duty of the district; and, if necessary for that purpose, a special tax shall be levied; and it is hereby made the duty of every officer and board to do his or its respective part towards the levy, collection, and payment of such tax; and mandamus shall issue from the superior court of the county in which the district is situated, or from any other competent court, upon application of any party interested, for the purpose of compelling the performance of the duty imposed by this act upon any and all officers or boards.

Action to determine validity of bonds.

§ 21. If the result of any election upon the question of the issuance of bonds be in favor of such issuance, the sanitary board may, in their discretion, before such issuance, commence, in the superior court of the county, a special proceeding to determine their right to issue such bonds and the validity thereof, similar to the proceeding

in relation to irrigation bonds, provided for by an act entitled "An act to provide for the organization and government of Irrigation districts and to provide for the acquisition or construction thereby of works for the irrigation of the lands embraced within such districts, and, also, to provide for the distribution of water for irrigation purposes," approved March 31, 1897; and all acts amendatory thereof and supplementary thereto and all the provisions of said act shall apply to and govern the proceedings so to be commenced by the sanitary board, so far as the same are applicable; and said proceedings shall be in accordance with the provisions of said act, so far as the same are applicable, and the judgment in such proceedings shall have the same effect as a judgment in relation to irrigation bonds under the provisions of said act.

Publication of orders.

§ 22. Any general regulation of the sanitary board shall be by order entered in the minutes, but such order shall be published once a week for one week in some newspaper published within the district, if there be one, and if there be no such newspaper then such order shall be posted for one week in three public places within the district. A subsequent order of the board that such publication or posting has been duly made shall be conclusive evidence that such publication or posting has been properly made. Orders not establishing a general regulation need not be published or posted (unless otherwise provided by this act), but shall be entered in the minutes, and the entry shall be signed by the secretary of the board. A general regulation shall take effect immediately upon the expiration of the week of publication or posting thereof. An ordinary order shall take effect upon the entry in the minutes.

Duty of district attorney.

§ 23. The board may instruct the district attorney of the county to commence and prosecute any and all actions and proceedings necessary or proper to enforce any of its regulations or orders, and may call upon said district attorney for advice as to any sanitary subject; and it shall be the duty of the district attorney to obey such instructions and to give advice when called on by the board therefor. The board may at any time employ special counsel for any purpose. All fines for the violation of any regulation or order of the sanitary board shall, after the expenses of the prosecution are paid therefrom, be paid to the secretary of the board, who shall forthwith deposit the same with the county treasurer, who shall place the same in the running expense fund of the district.

Dissolution of district.

§ 24. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by the sanitary board upon the question of dissolution. Such election shall be called and conducted in the same manner as other elections of the district. Upon such or any other dissolution the property of the district lying within the corporate limits of any city or town shall vest absolutely in the incorporated city or town; and if the whole or a portion of the property of the district is without the corporate limits of an incorporated city or town the whole or the portion of the property of the district that lies without the corporate limits of the city or town shall vest in the board of supervisors of the county until the formation of a city or town; embracing the territory lying without such incorporated city or town; provided, however, that if at the time of such election to dissolve such district there be any outstanding bonded indebtedness of such district, then, in such event, the vote to dissolve the district shall dissolve the same for all purposes, excepting only the levy and collection of taxes for the payment of such indebtedness and for the payment of the expenses of assessing, levying and collecting the same, and the expense of maintenance of said sewer system, and from the time such district is thus or otherwise dissolved, until such bonded indebtedness, with the interest thereon, is fully paid, satisfied

and discharged, the legislative authority of said incorporated city or town, where the property of the district lies wholly within the corporate limits of an incorporate city or town, and in all other cases the board of supervisors are hereby constituted, ex officio, the sanitary board of such district. And it is hereby made obligatory upon such board or legislative authority to levy such taxes and perform such other acts as may be necessary in order to raise money for the payment of such indebtedness and the interest thereon, and for the purpose of maintenance of the sewer system as herein provided, and said board or legislative authority shall maintain the sewer system installed in proper condition and shall fulfill and compel fulfillment of any and all contracts made by the sanitary district for the right of connections made with property lying outside of the boundaries of said district; and shall maintain and protect all other rights acquired by the district; and shall not permit connection to be made with the system installed by any property outside of the boundaries of said sanitary district existing at the time of dissolution.

Construction of sewers. Street improvement act of 1911 to apply.

§ 25. The sanitary board shall have power, except in incorporated cities or towns, at any time after main sewers, or other sewers are laid, to order and contract for the construction of a sewer in any street, highway or upon property and rights of way owned by the sanitary district or part of any street, highway or property or rights of way owned by sanitary districts where a sewer is not already constructed, and to provide by such order that the cost thereof shall be borne by the property fronting along the line of the sewer, or to be borne by a district as ordered. The provisions of that certain act entitled, "An act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof and providing a method for the payment of such bonds" [approved April 7, 1911], and the amendatory acts thereto, is hereby made applicable to sanitary districts. All proceedings shall be had in accordance with the provisions of said act and the amendments thereto; provided, however, that the words "city council," and "council" used in said act shall be understood to mean sanitary boards. The words "city" and "municipality" shall be understood to mean sanitary districts. The words "clerk" and "city clerk" shall be understood to mean "secretary" of the sanitary board. The words "superintendent of streets" and "street superintendent" and "city engineer" shall be understood to mean the engineer of such "sanitary district" and the terms "treasurer" and "city treasurer" shall be understood to mean any person or official who shall have charge of and make payment of the funds of such sanitary district. The term "right of way" shall mean any parcel of land through which a right of way has been granted to the sanitary district for the purpose of constructing and maintaining a sewer therein; and provided, further, that all the powers and duties conferred by the said provisions of said act and acts amendatory and supplementary thereto upon city councils, superintendents of streets, clerk and city clerks, and treasurers and engineers, are hereby conferred and imposed upon the respective officers and board above specified.

Annexation of territory. Order for election.

§ 26. The boundaries of any sanitary district may be altered, and outlying contiguous territory in the same county as such sanitary district annexed thereto in the manner following: A petition signed by twenty-five per cent of the qualified electors of such contiguous territory proposed to be annexed as shown by the last equalized assessment book of the county in which said sanitary district is situated, designating

specifically the boundaries of such contiguous territory proposed to be annexed, and the assessed valuation thereof as shown by said last equalized assessment book, and stating that such territory is not within the limits of any other sanitary district, and asking that such territory be annexed to said sanitary district, shall be presented to the sanitary board thereof, together with a duly executed bond for the sum of not less than one hundred dollars, to be approved by said sanitary board and filed with the secretary of the sanitary board as security for the payment by said petitioners of the reasonable costs of the election hereinafter provided for, in the event that at said election less than a majority of the votes cast are in favor of the annexation of the proposed territory to the sanitary district. When such petition is presented and a bond approved and filed as above provided for, the sanitary board must within thirty days thereafter order that an election be held for the purpose of determining whether or not such proposed territory shall be annexed. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district. This order shall be entered in the minutes of the sanitary board and shall be conclusive evidence of the due presentation of a proper petition, and of the fact that each of the petitioners was at the time of the signing of the petition and the presentation thereof a resident and freeholder within the limits of the proposed district to be annexed.

Posting and publishing of order. Conduct of election. Canvass of votes. Majority vote. Payment of costs, where less than majority favors.

A copy of such order shall be posted for four successive weeks prior to the election, in three public places within the district and the district proposed to be annexed, and shall be published for four successive weeks prior to the election in some newspaper published in the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week. At any time prior to the day fixed for the election, the board shall select one and may select two polling places within the sanitary district, and shall select one and may select two polling places within the district proposed to be annexed, appoint officers of election, and make all necessary and proper arrangement for holding the election. Upon the ballots to be used at such election there shall be printed the words, "For annexation to the sanitary district," and "Against annexation to the sanitary district," and there shall be a voting square to the right of and opposite each such proposition. The election shall be conducted in accordance with the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided. Every qualified elector resident within the district and the district proposed to be annexed for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the election above provided for. After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board which shall, as soon as practicable proceed to canvass the same. Immediately upon the completion of such canvass said sanitary board shall cause a record thereof to be made and entered upon its minutes showing the whole number of votes cast in such sanitary district, the whole number of votes cast in the district proposed to be annexed, the whole number of votes cast in each in favor of annexation, and the number thereof cast in each against annexation; and if it shall appear from such canvass that a majority of all the votes cast in such sanitary district and a majority of all the votes cast in the district proposed to be annexed, are in favor of annexation the secretary, or other officer performing the duties of secretary of the sanitary board of such sanitary district shall make and cause to be entered in the minutes of said board and endorsed on said petition an order approving said petition, and said petition shall thereupon be transmitted and filed with the board of supervisors of the county in which such sanitary district is situated. Such entry shall be

conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this act or by law, and the facts stated in such entry. Said board of supervisors, at its next regular meeting after filing of said petition, shall by an order alter the boundaries of said sanitary district and annex thereto the contiguous territory described in said petition. Such order shall be conclusive evidence of the validity of all prior proceedings leading up to such annexation and recited in said order, and from and after the same such territory shall become and be a part of such sanitary district. If at said election less than a majority of the votes cast in either the sanitary district or the district proposed to be annexed be in favor of annexation of the proposed territory to the sanitary district, the signers of said petition shall, within ten days after the canvassing of the votes of said election, pay to the sanitary board a sum of money covering the reasonable cost of said election, and if said sum of money is not so paid within ten days, as aforesaid, the sanitary board shall have the right of action under said bond to recover the reasonable cost of said election, and the sanitary board shall, by order, disapprove said petition and enter the same in the minutes of said board, and no other proceedings shall be taken in relation thereto until the expiration of one year from the presentation of said petition, except to collect the costs of said election as herein provided.

Issue of bonds after annexation.

At any time after the annexation of such contiguous territory, the sanitary board may issue bonds for the construction of sewers therein in the manner and for the purposes prescribed and specified in sections fourteen to twenty-one, inclusive, of this act; provided, however, that only qualified electors resident within said annexed territory shall be entitled to petition or vote in said proceedings; and provided, further, that taxes for the payment of the principal and interest of such bonds shall be limited to the taxable property situate within such annexed contiguous territory; provided, further, that nothing in this section shall be construed to limit the powers or alter the procedure elsewhere in this act provided for the issuance of bonds by an entire district and payable out of taxes levied upon all the taxable property therein, whether the boundaries of the district remain as originally established or have been altered by the annexation of contiguous territory.

Lateral sewer maintained by city.

§ 27. At any time after the sewer or other sanitary system is constructed the board of trustees or other governing body of any municipal corporation lying within the limits of any sanitary district may elect to keep and maintain the lateral sewer lying within said municipality in order and repair and may enter into an agreement with the sanitary board so to do. From and after the date of such agreement said board of trustees shall keep said lateral in repair and the sanitary board shall not be required to keep the same in order or repair. After a municipality elects to keep the lateral sewers within its corporate limits in order and repair the property within the corporate limits of such municipality shall not be taxed for running expenses except for the inspection and repairs of the main sewers lying within such municipality.

Payment of bonds by sale of additional bonds.

§ 28. Whenever any sanitary district has an outstanding indebtedness evidenced by the bonds thereof, the sanitary board or other governing body thereof shall have the power at any election calling for the issuance of additional bonds for the construction of a larger or more comprehensive sewer or other sanitary system in the original district or in a sanitary district whose boundaries have been altered by the annexation of outlying contiguous territory thereto as provided for in this act, to submit to the qualified electors of such sanitary district the question of declaring all or any of such

bonds to be at once due and payable, and provide for the payment or retirement thereof out of moneys to be realized from the sale of such additional bonds.

Construction of larger main sewer or different systems.

§ 29. Whenever the sanitary board of an original sanitary district, or of a sanitary district the boundaries of which have been altered by the annexation of outlying contiguous territory, as provided for in this act, shall by order passed by a vote of two-thirds of all its members and approved by the president of the board, which order shall be entered in the minutes, determine that the public interest or necessity of the original district or of a district whose boundaries have been altered by the annexation of outlying contiguous territory, demands the construction of a larger main sewer or a different system, the board may call an election for the purpose of determining whether bonds shall be issued for the construction of a larger main sewer or for a system different from that already constructed for the disposal of sewage.

The proceedings in respect to the issuance of bonds for such purposes shall in every respect, except as in this section otherwise provided, conform to the requirements of sections fourteen to twenty-one inclusive of this act.

Nomination of elective officers. Petition of nomination.

§ 30. The mode of nomination of election of all elective officers of such sanitary district, to be voted upon at any sanitary election, shall be as follows and not otherwise. The name of the candidate shall be printed upon the ballot, when a petition of nomination shall have been filed with the secretary of the board, when the district is already formed, or with the clerk of the board of supervisors when the election is for the purpose of forming a sanitary district, in his behalf in the manner and form as follows: The petition of nomination shall consist of not less than five nor more than twenty signatures which shall read substantially as follows:

Election for reorganization of district formed under act of 1891. Two-thirds vote.

§ 31. The sanitary board of any district heretofore organized under that certain act entitled, "An act to provide for the formation, government, operation and dissolution of sanitary districts in any part of the state for the construction of sewers and other sanitary purposes; the acquisition of property thereby; the calling and conducting elections in such districts; the assessments, levy, collection, custody and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their validity, and making provision for the payment of such bonds and the disposal of their proceeds," approved March 31, 1891, may submit to the electors thereof the question whether such district shall become organized under the provisions of this act. Notice that such question will be so submitted shall be given by posting for four successive weeks prior to the election in three public places within the district, and shall be published for four successive weeks prior to the election in a newspaper printed and published in the district if there be one, and if not, in a newspaper printed and published in the county. It shall be sufficient if the notice be published once a week. Such notice shall distinctly state the proposition to be so submitted and shall invite the electors thereof to vote upon such proposition by placing upon their ballots the words "for reorganization," or "against reorganization," or words equivalent thereto, and there shall be a voting square to the right of, and opposite each such proposition. At any time prior to the day fixed for the election the board shall select one and may select two polling places within the district and make all necessary and proper arrangements for holding the election. The election shall be conducted in accordance with the general election laws of the state, so far as the same shall be applicable except as herein otherwise provided. The votes so cast shall be canvassed by the sanitary board as soon as convenient after the election. If two-thirds of the votes cast at such election are in favor of reorganization then the board shall cause an entry of that vote to be made in its minutes. From and after the date of such entry the district shall be deemed to be organized under this act, with all the powers conferred herein; the persons in office at the time of such reorganization shall be entitled immediately to enter upon the duties of the like offices of the district as reorganized, and shall continue therein until the expiration of the term for which they have been elected or appointed.

Effect of reorganization.

§ 32. Any sanitary district organized under the provisions of section thirty-one of this act shall, for all purposes, be deemed and taken to be in law the identical district theretofore formed and existing; and such reorganization shall in no wise affect or impair the title to any property owned or held by such district, or in trust therefor, or any debts, demands, liabilities, or obligations existing in favor of or against such district or any proceedings then pending; nor shall the same operate to repeal or affect in any manner any ordinance theretofore passed or adopted and remaining unrepealed, or, to discharge any person from any liability, civil or criminal, then existing, for any violation of such ordinance; but such ordinances, so far as the same are in any conflict with general laws, shall be and remain in force until repealed or amended by competent authority; provided, that proceedings theretofore commenced shall, after such reorganization, be conducted in accordance with the provisions of this act.

1. Constitutionality—Police power.—The act of 1891 is a proper exercise of the police power.—*Woodward v. Fruitvale, etc., Dist.*, 99 Cal. 554, 34 Pac. 239.

2. Same—Interference with municipal functions.—The act of 1891 is not void on the ground that it necessarily interferes with the exercise of municipal functions.—*Woodward v. Fruitvale, etc., Dist.*, 99 Cal. 554, 34 Pac. 239.

3. Same—Amendment of 1895 not covered by title.—The amendment of 1895 was an attempt to introduce into the act legislation not embraced in its title, even as amended, and was unconstitutional.—*In re Werner*, 129 Cal. 567, 62 Pac. 97.

4. Sanitation by drainage not a "municipal affair"—Annexation to municipality of part of sanitary district.—The subject of drainage for sanitary purposes is not a "municipal affair," and the annexation of a portion of the territory of a sanitary district to a municipality did not withdraw the property annexed from the jurisdiction of the sanitary board of the district for purposes of assessment for district purposes.—*Pixley v. Saunders*, 168 Cal. 152, 141 Pac. 815.

5. Petition—Sufficiency of—Signatures of persons not having statutory qualifications.—Where the petition gives the name and boundaries of the proposed district, and describes petitioners as residents and freeholders thereof, and is signed by twenty-five persons who are found to be such, it is sufficient, and the fact that it is signed by others who do not possess the statutory qualifications does not vitiate.—*Woodward v. Fruitvale, etc., Dist.*, 99 Cal. 554, 34 Pac. 239.

6. Notice of election—Publication for "four successive weeks" "prior to election."—The act does not provide in terms for publication of the notice for four successive weeks next preceding the election, and publication for four successive weeks

beginning October 4, 1892, for an election November 8, 1892, is sufficient.—*Woodward v. Fruitvale, etc., Dist.*, 99 Cal. 554, 34 Pac. 239.

7. Issue of bonds—Collateral attack—Premature organization of board.—The issue of bonds of a sanitary district can not be collaterally attacked, at the suit of a tax payer, on the ground that the board organized and elected its president and secretary after election and before the count of the vote by the board of supervisors.—*Woodward v. Fruitvale, etc., Dist.*, 99 Cal. 554, 34 Pac. 239.

8. Collection of taxes.—The manner of collecting sanitary district taxes by the tax collector is set out in the act, but the sanitary board may collect the taxes by its own agent, pursuant to regulations, not in conflict with general law, adopted by it.—*Guptill v. Kelsey*, 6 Cal. App. 35, 91 Pac. 409.

9. Sale for delinquent taxes.—The failure of the tax collector to comply with the code provisions relating to the collection of delinquent sanitary district taxes, is fatal to the validity of a sale made thereunder, and his deed is void.—*Guptill v. Kelsey*, 6 Cal. App. 35, 91 Pac. 409.

10. A sanitary district may be annexed to a municipality.—A sanitary district organized under the act of 1891, or any part of such district, may be annexed to an incorporated town or city under the annexation act of 1889.—*People ex rel. Cuff v. Oakland*, 123 Cal. 598, 56 Pac. 445.

11. Annexation of territory to municipality dissolves district.—Where the territory of a sanitary district is annexed to a municipality, itself possessing all of the powers and functions possessed by the district, such annexation operates to extinguish and dissolve the district.—*In re East Fruitvale, etc., Dist.*, 158 Cal. 453, 111 Pac. 368.

The city was again reincorporated by the act of March 17, 1866, Stats. 1865-66, p. 246, and this act was repealed and the city reincorporated March 13, 1872, Stats. 1871-72, p. 333. The act of 1872 was repealed and the city reincorporated March 17, 1874, Stats. 1873-74, p. 395. This last act was amended (1) March 31, 1876, Stats. 1875-76, p. 627; (2) March 16, 1878, Stats. 1877-78, p. 289; (3) March 30, 1878, Stats. 1877-78, p. 846; (4) March 11, 1891, Stats. 1891, p. 97. The act of 1874 was superseded by the freeholders' charter voted for and ratified February 23, 1897; approved by resolution adopted March 5, 1897, Stats. 1897, p. 592. This charter was amended (1) February 18, 1903, Stats. 1903, p. 684; (2) August 1, 1906, Stats. 1907, p. 1272. This charter was superseded by the present charter.

1. Adoption of street law in charter—Amendment not amendment of charter.—

The amendment of a general street law, which had been adopted by the San Jose charter as a part thereof, is not an amendment of the charter.—*Ransome-Crummy Co. v. Bennett*, 177 Cal. 560, 171 Pac. 304.

2. Street improvements—Vrooman act, section 2, chapter I, article VIII, charter.—

The provision of section 2, chapter I, article VIII, of the charter, as to deposit of copy of part I of the Vrooman act on the doorstep of houses fronting on proposed improvement, in cases where the cost exceeds \$2 per front foot, does not apply to assessments under the district plan.—*Smith v. Lightston*, 182 Cal. 41, 186 Pac. 769.

3. Same—Failure to appeal to council, waiver of irregularity.—Failure of property owner to appeal from assessment to the city council, on the ground of the failure of the contractor to file the affidavit required by section 8, chapter I, article VIII, of the charter, is a waiver of the defect, in view of section 11 of the Vrooman act,

adopted into the charter.—*Smith v. Lightston*, 182 Cal. 41, 186 Pac. 769.

4. Same—Does not relate to private contracts with property owners, but contracts with city.—The affidavit required by section 8, chapter I, article VIII, of the charter, to be filed by the contractor, refers only to a private agreement in relation to street improvement by the city, and not to a private contract with property owners.—*Ransome-Crummy Co. v. Coulter*, 177 Cal. 574, 171 Pac. 308.

5. Street bond act of 1893—Applies to San Jose.—The street bond act of 1893 applies to San Jose, in view of the fact that the charter contains no provisions relating to such bonds, and none inconsistent with the act.—*Smith v. Lightston*, 182 Cal. 41, 186 Pac. 769.

It was superseded by the reincorporation act of March 11, 1876, Stats. 1875-76, p. 189. This latter act was supplemented March 30, 1878, Stats. 1877-78, p. 870, and was superseded by the present charter.

1. Initiative—Alternative ordinances not authorized.—The charter contains no provision authorizing the submission by initiative petition of more than one ordinance, and a petition which submits three alternative ordinances is void, imposing no duty on the city council or the clerk.—Bennett v. 2. Stone, 170 Cal. 480, 150 Pac. 367.

3. Sewer construction and street improvement—Provisions of charter, general powers.—The provision of the charter as to the construction and maintenance of sewers, drains, etc., and to deal with street improvements, is no more than a general grant of power.—Osburn v. Stone, 170 Cal. 480, 150 Pac. 367.

4. Street lighting — General welfare clause—Power to expend city funds.—Under the general welfare provision of the charter the city authorities were empowered to expend city funds for street lighting, although express authority was not conferred.—Osburn v. Stone, 170 Cal. 480, 150 Pac. 367.

5. Same—Manner of making expenditures—Act of 1905.—The charter makes the street lighting act of 1905 a part of the city's organic law, and expenditures for street lighting can be made only in the manner there prescribed.—Osburn v. Stone, 170 Cal. 480, 150 Pac. 367.

6. Humane officer—Payment for services.—The fact that the charter makes no provision for a humane officer does not render illegal payment for services of such an officer.—Osburn v. Stone, 170 Cal. 480, 150 Pac. 367.

Citations.—The act of 1876 was cited in Martin v. Ashton, 60 Cal. 63, 68, 69. The act of 1866 was cited in Santa Cruz v. So. Pac. R. R. Co., 163 Cal. 538, 542, 126 Pac. 362. The act of 1871-2 was cited in Santa Cruz v. So. Pac. R. R. Co., 163 Cal. 538, 543, 544, 548, 549, 126 Pac. 362.

FREE TEXT-BOOK ACT OF 1917.

ACT 4542a—An act to provide for the adoption of text-books for use in the public high schools of the state and for furnishing text-books for the use of pupils of such schools.

History: Approved May 18, 1917. In effect July 27, 1917. Stats. 1917, p. 729. Amended May 9, 1919. In effect July 22, 1919. Stats. 1919, p. 443.

Text-books for use in high schools. Furnished free. Payment.

§ 1. The high school board of each and every high school district shall adopt text-books for use in such district from a list prescribed by the state board of education. Such list shall include text-books in such high school subjects as in the judgment of the state board of education require the use of text-books; provided, that separate classics in English and modern languages need not be listed. The high school board of each and every high school district may purchase text-books for the use of pupils enrolled in the high schools of such district, which text-books shall at all times be and remain the property of such district, to be supplied to the pupils thereof for use without charge, or at an annual rental, payable in advance, which shall not exceed three dollars for all text-books required by any pupil during any school year; provided, that after July 1, 1920, text-books shall be so supplied to pupils of the high schools without charge. Whenever a majority of the heads of families or a majority of the electors in any high school district shall petition in writing the high school board to furnish text-books free for the use of the pupils enrolled in such high school district, it shall thereafter be the duty of the high school board to furnish such text-books free for the use of such pupils. The high school board may pay for text-books furnished in accordance with the provisions of this act, out of the special fund of such high school district. All moneys collected for rental of text-books shall be deposited in the county treasury to the credit of such high school district within thirty days after collection.

Text-books furnished free to pupils outside district.

§ 2. Whenever the high school board of any high school district purchases text-books for the use of pupils residing in portions of the county not included in any high school district and attending the high school of such district, and furnishes text-books free for the use of such pupils, the board may on or before August first of each year file with the county superintendent of schools of the county in which such pupils reside, a list of such pupils and an itemized statement of the amount expended for text-books for their use during the preceding school year. The county superintendent of schools shall include such amount in his estimate of the county high school fund required, and the board of supervisors shall include the amount in levying the county high school fund. Before the county superintendent of schools shall apportion any of the county high school fund on average daily attendance, he shall transfer from said fund to the fund of each of the several high school districts of the county, or draw a warrant in favor of the board of trustees of such high school district, for the amount claimed by each on account of text-books furnished free for the use of pupils residing in portions of the county not included in any high school district, and attending such high school.

Publisher's application for listing of books. Sworn statement.

§ 3. All publishers desiring to offer school books for the use of pupils enrolled in the high schools of the state shall file with the state board of education at Sacramento a written application for the listing of such book or books accompanied by a fee of ten dollars for each book for which listing is applied, such sum to be deposited in the state treasury to the credit of the state board of education; also three copies of each book, together with a statement of the list price of said book as shown by the publisher's catalog, a statement of all discounts allowed thereon when new copies of such book are purchased by or on behalf of a high school board directly from the publisher, and a statement of the lowest exchange price that will be given when old books in the same subject and of like kind and grade, but of a different series, are received in exchange; provided, that no fee shall be required to accompany the application for the listing of a book in a subject studied by less than one hundred pupils in the high schools of the state. They shall also submit a sworn statement giving the lowest net wholesale price at which such book is sold anywhere in the United States and the maximum total dis-

count allowed thereon to any public school board anywhere in the United States. Such sworn statements shall give the lowest exchange price given anywhere in the United States where old books in the same subject and of like kind and grade, but of a different series, are received in exchange. Such sworn statement shall also include a statement that said publisher is not directly or indirectly associated or connected with any combination in restraint of trade in textbooks, and that he is not and will not become a party in any way to any understanding, agreement or combination to control prices or restrict competition in the sale of textbooks for use in the state of California. [Amendment of May 9, 1919. In effect July 22, 1919, Stats. 1919, p. 443.]

Bond of publisher. Price at which book furnished. Uniform price. Reduction of price. Quality. Not to control prices.

§ 4. Each publisher offering one or more books for use in the high schools of the state must, after notification by the state board of education of its intention to place on the list any book or books submitted by him, and as a prerequisite for such listing, file with the state board of education a bond payable to the state of California in a sum to be determined by the state board of education, said sum for any publisher offering one or more books to be not less than one thousand dollars nor more than ten thousand dollars, the bond to be conditioned as follows: first, that the publisher will furnish said book or books offered by him and listed by the state board of education, to the high school board of any high school district in the state at the lowest net wholesale price contained in the statement filed at the time said book or books were offered, less the maximum total discount allowed thereon to any public school board according to such statement, and at the lowest exchange price given according to such statement, when old books in the same subject and of like kind and grade, but of a different series, are given in exchange, which price shall not exceed the lowest price the publisher has made for such book or books anywhere in the United States; provided, that the cost of transporting all textbooks to the high school from the publisher's office or depository in California shall be paid by the high school district, or prepaid by the publisher and then charged to the district, as the high school board may determine; second, that he will maintain said price uniformly throughout the state of California, on his book or books, listed under the provisions of this act; third, that the publisher will reduce such price automatically to purchasers within the state of California whenever reductions are made elsewhere in the United States, so that at no time shall any book so filed and listed be sold to school authorities in California at a higher net price than is received for such book elsewhere in the United States; and that upon failure or refusal of the publisher to make such reduction all contracts for such book or books shall become null and void; fourth, that all such books offered for sale, adoption, or exchange in the state of California shall be equal in quality to those filed in the office of the state board of education, as regards paper, binding, print, illustration, subject matter, and all other particulars that may affect the value of such school books; fifth, that the publisher will not in any way, directly or indirectly, become associated or connected with any combination in restraint of trade in textbooks, and that he will not enter into any understanding, agreement, or combination to control prices or restrict competition in the sale of school books for use in the state of California; sixth, that the publisher will maintain an office in California or designate an agent or arrange with a depository in California, to receive and handle orders for said book or books.

Approval. Term.

§ 5. Such bond shall be approved by the attorney general, and shall continue in force for a period of eight years after its filing, at or before the expiration of which period a new bond shall be given, or the right to continue selling such textbooks in the state of California shall be forfeited.

List sent to principals, county superintendents, and clerks. Annual publication.

§ 6. The state board of education shall, within six months after the approval of such bond, send a list of such books to the principal of each high school, county superintendent of schools and the clerk of each high school board, with a statement of the list price, discounts and the exchange price of each; provided, that such lists shall not be issued oftener than twice each year; provided, further, that whenever a book is dropped from the list, such action shall not affect existing contracts for such book. The state board of education shall, on or before January 1, 1918, and on or before the first day of January of each following year, publish and send to the principal of each high school, county superintendent of schools and the clerk of each high school board, a printed copy of all such lists then in force.

Failure of publisher to furnish books. Forfeit.

§ 7. If any publishers shall comply with the provisions of the foregoing sections and then fail or refuse to furnish such books to any high school board upon the terms herein provided within a reasonable time after an order therefor is filed, said board shall at once notify the state commissioner of secondary schools of such failure or refusal, and he shall at once cause an investigation of such charge to be made. If the state commissioner of secondary schools find such charge to be true, he shall at once report his finding to the state board of education, which shall notify such publisher and notify the principal of each high school and the clerk of each high school board in the state of California that such book or books shall not thereafter be adopted or purchased by any of the public school authorities in the state. Said publishers shall forfeit and pay to the state of California the sum of one hundred dollars for each failure or refusal to furnish said book or books, to be recovered in the name of the state of California in an action to be brought by the attorney general in any proper court, the amount when collected to be paid into the treasury to the credit of the high school fund of the state of California.

Adoption of textbooks by school boards. No change for period of four years.

§ 8. The high school board of each high school district in the state of California shall adopt textbooks for use in the schools under its control, until a complete list of textbooks covering the entire course of study has been adopted. The books so adopted shall be put in actual use in such district not later than the beginning of the school year next following such adoption. A majority vote of the membership of any board shall determine which of said books prescribed by the state board of education shall be used in the schools under its control, and after such books have been selected and adopted by said board, no book shall be changed, nor any other book substituted therefor, except as otherwise provided in this act, for a period of four years after the date of its adoption, as shown by the official records of the board; provided, that any such school textbooks as may be in use in the public schools of California when this act goes into effect may be continued until textbooks are purchased and distributed by the high school board in accordance with the provisions of this act, but when said books are changed or other books substituted, the books adopted shall be from the list prescribed by the state board of education in pursuance of this act and shall be used for a full period of four years. [Amendment of May 9, 1919. In effect July 22, 1919, Stats. 1919, p. 444.]

Textbooks purchased direct from publishers.

§ 9. All textbooks adopted as provided for in this act may be brought by the various school authorities direct from the publishers at the lowest net wholesale price less the maximum total discount thereon, as listed by the state board of education. The high school board of each and every high school district shall at a regular meeting, cause to be ascertained the number of each of such books adopted as the schools under its

charge require. The clerk or secretary of each high school board may order the book so agreed upon direct from the publisher, agent, or depository in California, who, on receipt of such order, shall ship the books as directed without delay. It shall be the duty of the clerk or secretary, or other person named by the board for such purpose, to examine the books when received, and if found to be correct and in accordance with the order, a warrant payable out of the county or district high school fund for the proper amount, shall be issued and remitted to the publisher within thirty days. It shall be the duty of each high school board to make all necessary provisions and arrangements to place the books so purchased within easy reach and accessible for the use of all the pupils in the schools under its control. All orders for books under this act shall be made by a duly authorized agent of the high school board and billed by the publisher or the depository in California designated by him to the high school board.

No emolument to be given or accepted. Sample copies. Penalty.

§ 10. No publisher of school textbooks, nor agent of such publisher, shall offer or give any emolument, money, or other valuable thing, or any inducement, to any member of any high school board or school official or teacher connected with any of the high schools of California, for his vote, or promise to vote, or for the use of his influence for the adoption of any school textbook to be used in any of the high schools of this state, nor shall any member of any high school board or school official connected with any of the public schools of California, accept emolument, money or other valuable thing, or any other inducement, from any publisher, or agent of any publisher, for his vote or promise to vote, or for the use of his influence for the adoption of any school textbooks; provided, that nothing in this section shall be construed to prevent any person, publisher, or publisher's agent from lending one sample copy of any school textbook to any member of a high school board or school official for examination of such book or books before the adoption of books, as provided for in this act, and nothing shall be construed to prevent such a member of a high school board or school official from receiving such sample copies; provided, that all copies of textbooks so received shall be returned within thirty days after the adoption of textbooks in the subject or subjects by the high school board.

Any publisher of school textbooks, or agent of such publisher, or any member of any high school board or public school official in the state of California, who violates any of the provisions of this act, on conviction thereof, shall be punished as for a misdemeanor; and any member of a high school board or public school official shall, in addition, be removed from his official position.

1. Constitutionality—Invalidity of section 2.—The act contains a complete scheme in section 1 and the invalidity of section 2, as to the reimbursement for textbooks furnished pupils outside the state, does not carry with it the entire act.—*Macmillan v. Clarke* (Cal.), 194 Pac. 1030.

2. Same—Not violation of section 12, article XI, constitution.—The act is not invalid on the ground that it imposes additional taxes on school districts in violation of section 12, article XI, of the constitution.—*Macmillan v. Clarke* (Cal.), 194 Pac. 1030.

If any teacher retired under the provisions of this act shall be re-employed in the public schools of this state, such teacher's retirement salary shall cease; and if any teacher having qualified under section fourteen hereof returns to service in the public schools of the state and thereafter qualifies under section thirteen hereof, there shall be deducted from the retirement salary payable to such teacher under the provisions of section thirteen hereof the amount of retirement salary, theretofore actually received by such teacher under the provisions of section fourteen hereof, such amount to be so deducted in equal quarterly installments until the whole amount so received under said section fourteen shall have been deducted: provided, however, that the amount of such deduction to be made quarterly shall not exceed thirty-five dollars.

Only one salary.

§ 20. No one shall be permitted to draw from the state, directly or indirectly, more than one retirement salary. Nothing in this act shall be so construed, however, as to prevent local communities or bodies of teachers from supplementing the retirement salary received from the state.

The board of education of any city, or of any city and county, or the board of trustees of any school district having at least three hundred children, according to the official school record of the preceding school term, may establish schools in a manner hereinafter prescribed, or set apart in public school buildings a room or rooms for children between eight and fifteen years of age, who are habitual truants from instruction upon which they are lawfully required to attend, or who are insubordinate or disorderly during their attendance upon such instruction, or irregular in such attendance. Such school or room shall be known as a parental school. A parental school, as herein designated and provided for, shall be one of the primary or grammar schools of the city, or city and county, or school district and the teachers therein shall have the same qualifications and be employed and paid in the same manner as in other primary and grammar schools; but such parental school shall be established and maintained specially for the instruction therein of such pupils, between the ages of eight and fifteen years, as shall be committed thereto as provided in this act, and no pupil shall be committed to, or required to attend, such school, except as in this act provided. If the condition of such bond be violated, such court, upon receiving satisfactory evidence of the fact in any action brought therefor shall make an order declaring such bond forfeited and directing such judgment to be thenceforth enforced. Such board of education or board of trustees, may, at any time within one year after any such bond shall be declared forfeited, have execution issued against any or all the parties to such bond to collect the amount thereof; and all moneys paid or collected on such bond shall be paid over to the parental school fund of such city, or city and county, or school district. No fees shall be charged or received by any court or officer in any proceeding under this section. The confinement of any child in a parental school shall be conducted with a view to the improvement of the child and to its restoration, as soon as practicable, to the school which he would, if not so confined, be required to attend. The city superintendent of schools, or, if there be no city superintendent, the board of education of any city, or city and county, or county superintendent of schools, shall have authority, in their discretion, to parole at any time any

child committed to, or ordered to attend, a parental school, except when such commitment shall be by judgment or order of a court; and when such commitment of any child shall be by judgment or order of a court, such court may, on the recommendation of the city superintendent of schools or the board of education or county superintendent of schools, make an order paroling such child, upon such terms and conditions as shall be specified in the order. The expense incurred by any city, or city and county, or school district in purchasing or renting a school site, erecting or renting a building and equipping the same, for the maintenance of a parental school, shall be paid out of funds other than those collected for the maintenance of schools. The salaries of teachers and the expense for all school supplies in a parental school shall be paid out of the same funds from which similar salaries and expense are paid for primary and grammar schools, but all other expense incurred in the maintenance of such parental schools shall be paid out of the parental school fund. [Amendment of May 22, 1915. In effect August 8, 1915, Stats. 1915, p. 764.]

It shall be the duty of the board of education, yearly, thereafter, to present to the authorities of the city, or city and county, whose duty it is to levy taxes, on or before the first Monday in July, an estimate of the moneys required for conducting the parental school for the school year, other than for the salaries of teachers and for school supplies. When such estimate shall have been so presented, it shall be the duty of the said authorities to levy a special tax upon the taxable property of said city, or city and county, sufficient to maintain such school for the year, exclusive of salaries of teachers and expense of school supplies. 2. Same—Title covers subject.—The title of the act sufficiently expresses the subject.—Bradford v. Board of Education, 18 Cal. App. 19, 121 Pac. 929.

3. Same — Fourteenth amendment federal constitution.—The act does not, by depriving a citizen of the right to attend a public school, violate the privileges and immunities provision of the fourteenth amendment of the federal constitution.—

Bradford v. Board of Education, 18 Cal. App. 19, 121 Pac. 929.

ISSUE OF SCHOOL BONDS IN CITIES OF THE FIFTH CLASS.

ACT 4571—An act to regulate the issue of bonds of school districts in cities of the fifth class, and school districts partly within and partly without such cities of the fifth class.

History: Approved March 20, 1909, Stats. 1909, p. 528. Prior act of March 23, 1893, Stats. 1893, p. 292; amended March 11, 1897, p. 103, which repealed the act of March 31, 1891, Stats. 1891, p. 264, was itself superseded by the present act.

School bonds, in cities of fifth class.

§ 1. The board of education of any school district in a city of the fifth class, or of any school district which embraces territory, a portion of which is within and a portion of which is without such city of the fifth class, may, when in their judgment it is advisable, and must when requested by the board of trustees of such city, call an election and submit to the electors of the district whether the bonds of such district shall be issued and sold for the purpose of raising money to purchase school lots, and for building or purchasing or repairing one or more schoolhouses, and supplying the same with furniture, necessary apparatus, and improving the grounds, and for liquidating any indebtedness already incurred for such purposes.

Election, how called.

§ 2. Such election must be called by posting notices, signed by the board of education, in three of the most public places in the district, for not less than twenty days before the election, and by publishing such notices in some newspaper published in such city, not less than once a week for three successive weeks.

Notice to contain, what.

§ 3. Such notices must contain:

1. The time and place of holding such election.
2. The names of one inspector and two judges in each voting precinct in said district, to conduct the same.

3. The hours during the day, not less than six hours, in which the polls will be open.

The amount and denomination of the bonds, the rate of interest, and the number of years, not exceeding forty, the whole or any part of said bonds are to run.

General election law to govern.

§ 4. Such election shall be held, in all respects as nearly as practicable, in conformity with the general election law; provided, that no particular form of ballot shall be required, excepting that the words to appear on the ballots, which shall be "Bonds—Yes," or "Bonds—No"; nor shall any informalities, not amounting to fraud in conducting such election, invalidate the same.

Canvass of returns.

§ 5. On the seventh day after said election, at 1 o'clock p. m., the returns having been made to the board of education, the board must meet and canvass said returns, and if it appears that two-thirds of the votes cast at said election were in favor of issuing such bonds, then the board shall cause an entry of that fact to be made upon its minutes, and shall certify to the board of supervisors of the county in which said district is located, the proceedings had in the premises; and thereupon said board of

supervisors shall be and they are hereby authorized and directed to issue the bonds of such district to the number and amount provided in such proceedings, payable out of the bond fund of such district (naming the same), and that the money shall be raised by taxation upon the taxable property in said district for the redemption of said bonds, and the payment of the interest thereon; provided, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of the district, as shown by the last equalized assessment of the property in such school district.

Form of bonds.

§ 6. The board of supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds, and of the interest coupons attached thereto, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall not be more than forty years from the date thereof.

How sold; interest rate.

§ 7. Said bonds must be payable in gold coin of the United States, must be signed by the president of the board of supervisors, and countersigned by the clerk of the county, who must affix the county seal thereto; must not bear a greater rate of interest than eight per cent, said interest to be payable semi-annually in like gold coin; and said bonds must be sold in the manner prescribed by the board of supervisors, but for not less than par, in gold coin of the United States, and the proceeds of the sale thereof must be deposited in the county treasury to the credit of the building fund of said school district, and be drawn out for the purpose aforesaid, as other school moneys are drawn out.

Tax levy.

§ 8. The county board of supervisors shall annually, at the time of levying taxes for county purposes, levy a tax upon the taxable property within such district, sufficient to pay the annual interest on such bonds and to pay the principal in equal annual installments; but the order directing the issue of bonds may prescribe that the payment of the principal may be deferred for not more than five years. All moneys so collected shall be paid into the county treasury and used for the payment of interest and principal of such bonds, and for no other purpose. The county auditor shall issue his warrant for the payment of interest and installments, and cancel all coupons and bonds redeemed and file them with the county treasurer. The provisions of this section shall, so far as applicable, govern any bonds that may have been heretofore issued by such school districts.

Guarantee to bond-holder.

§ 9. If payment of any coupon or bond lawfully issued by any such school district should, after presentation and demand of payment at the office of the county treasurer, be refused, the owner may file such bond, together with all unpaid interest coupons, with the state controller, taking his receipt therefor, and the same shall be registered in the state controller's office; and the state board of equalization shall, at their next session, and at each annual equalization thereafter, add to the state tax to [be] levied in said district a sufficient rate to raise the amount of the principal and interest past due prior to the next levy, and the same shall be levied and collected as a part of the state tax, and paid into the state treasury, and passed to the special credit of such district bond tax, and shall be paid by warrants, as the payments mature, to the holder [of] such registered obligations, as shown by the register in the office of the state controller, until the same shall be fully satisfied and discharged; any balance then remaining shall be transmitted to the treasurer of the county in which is situated the district by which such bonds were issued, and shall be placed by the county treasurer to the credit of the general school fund of said district.

1. Revision and repeal of earlier statutes.—The act is a complete revision of the subject to which earlier statutes related, and is manifestly intended as a substitute for the former legislation, and prior acts must be considered as repealed.—*Santa Ana, etc., District v. Talbert*, 19 Cal. App. 104, 124 Pac. 872.

2. Authority to issue bonds derived from act.—The authority of the board of education in a city of the fifth class to issue bonds is derived from this act.—*Santa Ana, etc., District v. Talbert*, 19 Cal. App. 104, 124 Pac. 872.

3. Bonds must be issued for the purposes contemplated by the statute.—If bonds are issued and sold to raise money

for purposes not contemplated by the statute, the invalidity of the bonds are conceded.—*Santa Ana, etc., District v. Talbert*, 19 Cal. App. 104, 124 Pac. 872.

4. Same—Additional words not expression of additional purpose.—In a resolution expressing the purpose of the issue of bonds to build school houses, the recital "and afford better facilities for educating the school children within said district" is not the expression of an additional purpose for the issuance of the bonds, but an expression of a conclusion as to the effect of building additional school houses for that end, and does not invalidate the bond issue.—*Santa Ana, etc., District v. Talbert*, 19 Cal. App. 104, 124 Pac. 872.

CIVIC CENTER ACT.

ACT 4574—An act providing for the free use of all public schoolhouses and property and to establish a civic center at each and every public schoolhouse in the state of California, and to provide for the maintenance, conduct and management of the same.

History: Approved June 6, 1913. In effect August 10, 1913, Stats. 1913, p. 853.

Public schoolhouse created civic center.

§ 1. There is hereby established a civic center at each and every public schoolhouse within the state of California, where the citizens of the respective public school districts within the said state of California may engage in supervised recreational activities, and where they may meet and discuss, from time to time, as they may desire, any and all subjects and questions which in their judgment, may appertain to the educational, political, economic, artistic and moral interests of the citizens of the respective communities in which they may reside; provided, that such use of said public schoolhouse and grounds for said meetings shall in no wise interfere with such use and occupancy of said public schoolhouse and grounds as is now, or hereafter may be required for the purposes of said public schools of the state of California.

Lighting, heating, janitor service, etc.

§ 2. Lighting, heating, janitor service and the services of a special supervising officer when needed, in connection with such use of public school buildings and grounds as set forth in section one of this act, shall be provided for out of the county or special school funds of the respective school districts in the same manner and by the same authority as such similar services are now provided for. Such use of the said schoolhouses, property and grounds shall be granted free; provided, that in case of entertainments where an admission fee is charged, a charge may be made for the use of said schoolhouses, property and grounds.

Control of civic center.

§ 3. The management, direction and control of said civic center shall be vested in the board of trustees or board of education of the school district. Said board of trustees or board of education shall make all needful rules and regulations for conducting said civic center meetings and for such recreational activities as are provided for in section one of this act; and said board of trustees or board of education may appoint a special supervising officer who shall have charge of the grounds, preserve order, protect the school property and do all things necessary in the capacity of a peace officer to carry out the provisions and the intents and purposes of this act.

1. "Recreational activity"—Dancing.—Dancing would seem to be a form of "recreational activity" within the recog-

nized meaning of that phrase.—*McClure v. Board of Education*, 38 Cal. App. 500, 176 Pac. 711.

2. **Same — Defined.**—The term "recreation" means "refreshment of strength and spirits after toil; relief from toil or pain, diversion, amusement in sorrow or distress," and it is so used in the civic center act.—*McClure v. Board of Education*, 38 Cal. App. 500, 176 Pac. 711.

3. **"Activity" — Defined — Dancing.**—The word "activity" as used in the civic center act, means "an exercise of energy or force, an active movement or operation, a physical or gymnastic exercise, an agile performance," and, so used, it includes dancing.—*McClure v. Board of Education*, 38 Cal. App. 500, 176 Pac. 711.

4. **Discretion of the board of education to permit dancing.**—The act constitutes the last expression of the legislative will on the subject, and it is not a strained construction to hold that thereby the board of education was clothed with discretion to permit, under proper supervision, the form of "recreational activity" known as dancing.—*McClure v. Board of Education*, 38 Cal. App. 500, 176 Pac. 711.

5. **Exclusive use of building—Grant not authorized.**—This act gives the board of education no authority to grant to any citizen the exclusive use of the school building.—*McClure v. Board of Education*, 38 Cal. App. 500, 176 Pac. 711.

All such employees who have been in the service of any such school district continuously for a period of one year prior to the effective date of this act shall be deemed to have been so employed. The board of education shall have full power to make and enforce all necessary rules and regulations to carry out these provisions.

History: Approved May 5, 1917. In effect immediately. Stats. 1917, p. 282.

State board of education may close educational institutions. Salary of teacher.

§ 1. During the continuance of a state of war between the United States of America and any foreign power, the state board of education, with the approval of the governor, shall have power, whenever in the opinion of a majority of its members such step is necessary for the planting or harvesting of crops or for other agricultural or horticultural purposes and is for the welfare of the state, to make an order closing, for such time as may be specified therein, any or all educational institutions supported wholly or in part by the state, or any grade or class thereof, and may, in like manner, by similar order, postpone the opening of any or all such educational institutions, or any grade or class thereof, during the continuance of a state of war; provided, however, that the annual school term shall not be reduced to less than six school months under the provisions of this act; and provided, further, that whenever any such educational institution is closed, or the opening thereof is delayed, under the provisions of this act, the salary of any teacher regularly employed shall be paid according to any written contract between the governing board of such educational institution and such teacher, or in case there is no written contract, according to any salary schedule adopted by such board. In case there is neither such contract nor salary schedule, the total salary paid for any school year in which such order is made shall not be less

than the salary paid by the governing board of such institution for similar service during the preceding school year. It is further provided that nothing herein contained shall in any manner affect the amount of money apportioned to any school district during any school year.

Application of order. Urgency measure.

§ 2. Such an order issued under the provisions of section one hereof may be made applicable to such district, city, city and county, county or group of any thereof as the state board of education may determine and specify therein, and may be altered, amended or rescinded from time to time.

§ 3. Inasmuch as the United States is now involved in war, this act is hereby determined and declared to be an urgency measure necessary for the immediate preservation of the public peace and safety, within the meaning of section one of article IV of the constitution and shall take effect immediately.

In carrying out the provisions of this act:

Said certificate shall be issued to persons enrolling in these classes within five days after their enrollment. Certificates issued during the first school term shall expire five days after the opening of the next succeeding school term of the year, and certificates issued during the last term of the school year shall remain valid until five days after the opening of the first school term of the succeeding year.

Instruction in citizenship.

Second—It shall be the duty of local school authorities that maintain classes under the provisions of section two of this act to provide, for persons who can not speak, read or write the English language, to a degree of proficiency equal to that required for the completion of the sixth grade of the elementary schools of this state, instruction in such subjects and in the duties and responsibilities of citizenship.

Parent, etc., to compel attendance of minor. Penalty.

He must retain a copy of the certificate of school enrollment and permit to work provided for under section four of this act, and must present the same upon request of any officer of the law or other person authorized to enforce the provisions of this act.

Should any such parent, guardian or other person having control or charge of any such minor fail to perform any of the above duties, he shall be deemed guilty of a misdemeanor and, upon conviction, shall be liable, for the first offense, to a fine of not more than ten dollars or to imprisonment for not more than five days, and for each subsequent offense he shall be liable to a fine of not less than ten dollars nor more than fifty dollars, or to imprisonment for not less than five days nor more than twenty-five days, or to both such fine and imprisonment.

Complaint against parents, etc., violating act.

§ 6. The high school board of any high school district wherein a minor resides who has violated section three of this act shall, on the complaint of any person, make full and impartial investigation of all charges against any parent, guardian or other person having control or charge of any such minor for violation of section five of this act.

If it shall appear upon such investigation that any such parent, guardian or other person having control or charge of any such minor has violated the provisions of section five of this act, it is hereby made the duty of the clerk of said board, or other person authorized by said board to bring such actions, to make and file in the proper court a criminal complaint against such parent, guardian or other person having control or charge of any such minor, charging such violation and to see that such charge is prosecuted by the proper authorities; provided, that in cities, and in cities and counties, and in school districts having an attendance officer or officers, such officer or officers shall have power, and it shall be their duty, to make and file such complaint and see that said charge is presented by the proper authorities.

Employer of minor to require certificate. Notice to principal of employment. Time at school and at work not to exceed eight hours.

§ 7. The employer of any minor under eighteen years of age who is too old to be subject to compulsory full-time school attendance under the provisions of an act

entitled "An act to enforce the educational rights of children and providing penalties for the violation of the act," approved March 24, 1903, as amended, and who resides in a high school district wherein section three of this act has become operative, shall require of said minor a school enrollment certificate and permit to work issued by a high school or elementary school principal of a school in the district. Said certificate shall be the authorization of the employer to employ said minor for the period between the date of the issuance of the certificate and the date of its expiration. Under no conditions shall any person employ a minor under eighteen years of age who is too old to be subject to compulsory full-time school attendance under the provisions of an act entitled "An act to enforce the educational rights of children and providing penalties for the violation of the act," approved March 24, 1903, as amended, and who does not present such a school enrollment certificate and permit to work. The employer shall file and retain permanently said school enrollment certificate and permit to work. Within five days after the beginning of employment he shall send to the principal of the school issuing said enrollment card and permit to work a written notification of such employment. In said notification he shall briefly describe the character of the work performed by the minor and the time of day during which and the days of the week on which he is employed. Said employer shall retain and file, with the enrollment certificate and permit to work mentioned above, a copy of this notification; provided, that, except in agricultural and home-making occupations, it shall be illegal for any one or more employers to employ a minor under eighteen years of age for a greater number of hours each day than will, if added to the number of hours that he is compelled to attend school under the provisions of this act, equal eight hours. It is hereby made the duty of the principal of the school which any pupil subject to the provisions of this act attends, to add his hours of compulsory daily school attendance and employment, and should the sum of such school attendance and employment exceed eight hours for any day of the week, said principal shall give notification to this effect to any employer who may be employing any such pupil after he has already served eight hours in compulsory school attendance and at employment for any such day. Except in agricultural or home-making occupations, it shall be illegal for any employer knowingly to employ on any day a minor under eighteen years of age who is subject to the provisions of this act, and who has already served during said day eight hours of time in compulsory school attendance and at employment combined.

Penalty for illegal employment of minor.

§ 8. Any person, firm, corporation, agent or officer of a firm or corporation that violates or omits to comply with any of the provisions of this act, or that employs or suffers any minor under eighteen years of age who is too old to be subject to compulsory full-time school attendance under the provisions of an act entitled "An act to enforce the educational rights of children and providing penalties for the violation of the act," approved March 24, 1903, as amended, to be employed in violation thereof, is guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than fifty dollars nor more than two hundred dollars, or by imprisonment in the county jail for not more than sixty days, or by both such fine and imprisonment for each and every offense. Failure to produce an enrollment certificate and permit to work, such as that provided for in section four of this act, and a duplicate of the written notification of employment sent to the high school board, as provided for in section seven of this act, shall be prima facie evidence of the illegal employment of any minor whose enrollment certificate and permit to work is not produced.

Action by school board.

§ 9. It shall be the duty of the clerk of the high school board, a truant officer or other person authorized by said board to bring such actions, to bring an action against

any person, firm, corporation, agent or officer of a firm or corporation that employs a minor in violation of the provisions of this act.

Settlement of controversies by school superintendent.

§ 10. Should any controversy arise in any high school district in this state over the question as to whether any person is exempt from the compulsory attendance features of this act, or over the question as to whether attendance on part-time classes maintained by other agencies may be accepted in lieu of attendance upon the classes contemplated by this act, the school superintendent having jurisdiction over said district shall provide for an investigation and he shall render a decision; provided, that should any of the parties to any such controversy not be satisfied with the decision of the superintendent of schools they may appeal from his decision to the superintendent of public instruction who shall provide for a further investigation, upon the findings of which he shall decide the matter; and provided, further, that no such instruction by other agencies shall be accepted in lieu of the instruction provided by part-time classes under the provisions of this act unless the necessary instruction is given in citizenship and in addition thereto such elementary and secondary school subjects as may be desired by the persons attending these classes or by their parents or guardians.

Certificates to pupils in full-time day schools.

§ 11. All principals of high schools and elementary schools located in high school districts, wherein the provisions of section three of this act have become operative, shall issue to all pupils enrolled in their respective schools, who are not otherwise subject to the provisions of this act, who are too old to be subject to compulsory full-time school attendance under the provisions of an act entitled "An act to enforce the educational rights of children and providing penalties for the violation of the act," approved March 24, 1903, as amended, and who are under the age of eighteen years, a combined school enrollment certificate and permit to work, similar to that provided in subdivision first of section four of this act, but modified to meet the needs of full-time day schools; and the principals of all high schools wherein reside persons under eighteen years of age who are exempt under the provisions of section three of this act shall, upon request, register such persons and shall issue to them enrollment certificates and permits to work, which shall state the causes of exemption.

Provisions of earlier acts to prevail.

§ 12. Should any of the provisions of this act be in conflict with any of the provisions of an act entitled "An act to enforce the educational rights of children and providing penalties for the violation of the act," approved March 24, 1903, as amended, or with any of the provisions of an act entitled "An act relating to the employment and hours of labor of children; prohibiting the employment of minors under certain ages; prohibiting the employment of certain illiterate minors; providing for the enforcement hereof by the commissioner of the bureau of labor statistics, and providing penalties for the violation hereof," approved February 20, 1905, as amended, said conflicting provisions of this act shall be null and void.

Disposition of fines.

§ 13. Any fine collected under the provisions of this act shall be paid into the high school fund of the high school district wherein the minor resides.

Saturday classes.

§ 14. Any high school board may maintain special part-time classes on Saturdays, and should it appear that five or more minors residing in any high school district which maintains such classes are unable to arrange with their employers for attendance upon such classes maintained on other days and other hours, the high school board of said district must provide instruction for them on Saturday afternoons.

Exemption from attendance.

Should it appear that the interest of any minor would suffer if he were compelled to attend a special part-time class under the provisions of this act, the high school board of the high school district in which said minor resides may exempt him from compulsory attendance upon any such class; provided, that any such high school board may not exempt, by authority of this section, a number of minors greater than three and in addition thereto a number which shall exceed five per cent of the total number of minors subject to compulsory attendance upon part-time classes in its district under the provisions of this act.

Said board shall cause to be issued to any such exempted minor a combined school enrollment certificate and permit to work which shall contain a statement of the cause of, and the time covered by, such exemption.

Time in effect.

§ 15. The compulsory attendance features of this act, the restrictions relating to the employment of minors under eighteen years of age, and all penalties relating thereto, shall become operative as follows: During the school year 1919-20 and thereafter they shall apply to all persons under twenty-one years of age who are subject to the provisions of this act and who can not speak, read or write the English language to a degree of proficiency equal to that required for the completion of the sixth grade of the elementary schools of this state, and they shall apply also to all other persons subject to the provisions of this act who are less than sixteen years of age. During the school year 1920-21 they shall apply also to all persons subject to the provisions of this act who are less than seventeen years of age, and during the school year 1921-22 and thereafter they shall apply also to all persons subject to the provisions of this act who are less than eighteen years of age.

Minimum attendance.

No high school board may be required to establish special part-time classes under the provisions of this act unless there are in the district twelve or more minors under eighteen years of age who reside within three miles of a high school in the district and who would become subject, under the provisions of this act, to compulsory attendance upon said classes.

Petition for formation of district. Duty of supervisors. Protest.

§ 1. It shall be the mandatory duty of the board of supervisors of any county of the state of California, whenever a petition of one-third of the resident electors of any district describing the exterior boundaries of the said district shall be presented to them, praying for the formation of a sewerage district thereof, to publish for ten days in some daily paper in the nearest municipal corporation, or if there is no daily paper, then to publish weekly for two successive weeks in a weekly paper published in the nearest municipality, a notice of such petition and a description of the exterior boundaries of the district so proposed. If within twenty days after the last such publication a protest containing the signatures of the owners of a majority of the assessed valuation of the property within such district shall be filed with said board of supervisors, then said petition shall be denied, and no part of such district shall be included within any sewer district formed within six months thereafter. If no such protest be filed as herein provided, then at the expiration of the twenty days allowed for such protest it shall be the duty of the said board of supervisors to declare such district a sewer district.

Tax levy.

§ 2. At the time of making each tax levy subsequent to the formation of said district, said board of supervisors must levy such an amount of taxes upon the taxable property of said district as shall by said board be deemed necessary for carrying out the provisions of this act and of the formation of said sewerage district, and said taxes shall be collected in the same manner as state and county taxes are collected; and said board of supervisors must provide in said levy for assessing and collecting a sufficient amount of money thereby to pay to any municipality whose sewers shall be connected with, as hereinafter provided, the amount fixed by the legislative body of said municipality, as charges for said privilege of connecting with sewerage system, and said amount must be fixed by said legislative body before the first day of March of each year, and notice thereof must be given said board of supervisors.

Powers of supervisors.

§ 3. Said board of supervisors shall have power, after the formation of said sewerage district, to lay out and construct sewers therein, and to provide for making connections with said sewer by property holders and other persons resident within said district, and for the maintenance and extension of said sewerage district as may be in their judgment required, and must compel property holders to connect all buildings therewith.

Outlet. Connection. Payment for privilege.

§ 4. Whenever a sewerage district shall be formed, as provided in this act, of territory adjacent to any municipality having a sewerage system, the sewerage system of said sewerage district must be connected with and have its outlet through the sewerage system of said municipality; provided, that no connection can be made or maintained with the sewerage system of any municipality without the consent first obtained from and expressed by the legislative body of said municipality; and when connection is made with the sewers of the municipality said board of supervisors, from the funds collected from the taxes above provided for, shall pay to said municipality annually the sum of money that shall be fixed as charges by the said board of supervisors and said legislative body of said municipality for the privilege of so connecting and maintaining connection with the sewer system thereof, and this amount may vary from year to year as the said board of supervisors and said legislative body of said municipality shall deem reasonable.

§ 5. This act shall take effect and be in force from and after its passage and approval.

SEPARATE SEWER DISTRICTS IN MUNICIPALITIES.

ACT 4602—An act to provide for separate sewer districts within municipalities.

History: Approved April 21, 1909, Stats. 1909, p. 1011.

Municipal sewer districts.

§ 1. The legislative body of any incorporated city or town may divide the territory of such municipality into two or more sewer districts, as may be made expedient by the configuration of the ground, and establish a separate sewer system for every such district.

Special sewer tax.

§ 2. The proper municipal officers may levy a special sewer tax on all the taxable property in such sewer district, and the proceeds of such tax shall be expended exclusively for the building and maintenance of the sewer system in such district.

Election for bond issue.

§ 3. After a city or incorporated town has been divided into sewer districts, an election may be held, in the manner provided for the issue of city bonds, to determine whether bonds for the building or extension of a sewer system in any such district shall be issued. At such election, only electors residing within such district shall be entitled to vote. If a majority of the electors voting at such election shall vote in the affirmative, the proper municipal officers shall issue and sell such bonds, substantially in the manner provided for the issue of city bonds. But the interest and sinking fund for the payment of such bonds shall be derived exclusively from taxes levied upon property within such district. All provisions of law relating to the payment of interest and sinking fund for city bonds shall govern, so far as applicable, the issue of sewer district bonds.

1. Act fully provides for separate sewer districts in cities.—If it be desirable to create a separate district which shall, apart from the city, bear the expense of constructing the necessary sewer, the means of so doing are fully provided by this act.—In re East Fruitvale, etc., Dist., 158 Cal. 453, 111 Pac. 368.

SEWER DISTRICTS IN MUNICIPALITIES—ACT OF 1911—NO. 1.

ACT 4604—An act to provide for the division of municipalities into sewer districts, and for the construction of, or acquisition and maintenance of sewers therein, providing a system of district sewer bonds to pay the cost of such construction of, or acquisition and also for the payment of such bonds.

History: Approved April 14, 1911, Stats. 1911, p. 904; amended May 29, 1915, in effect August 8, 1915, Stats. 1915, p. 983.

Municipalities may create sewer districts.

§ 1. The legislative body of any city, town or municipal corporation, incorporated under the laws of this state may create from time to time, as hereinafter provided, within such city, town or municipal corporation separate sewer districts whenever in the judgment of such legislative body it may be necessary or convenient for the proper sanitation and drainage of such districts to construct or acquire any sewer or sewers therein, and may designate such districts by distinctive names and numbers and may as hereinafter provided, provide for the incurring of indebtedness to pay for the cost of the construction or acquisition of sewers in such districts.

Resolution describing sewer district in city. Hearing. Plans and specifications. Election. Rate of interest.

§ 2. Whenever the legislative body of such city, town or municipal corporation shall, by resolution passed by a vote of two-thirds of all its members and approved by the executive of such municipality, determine that the public interest or convenience requires the construction of, or acquisition by purchase or otherwise of a sewer or any sewers in any part of the territory of such municipality, said legislative body shall describe in said resolution a district describing the boundaries thereof, naming and numbering the same as hereinabove provided, and declare said district to be the district benefited by said work or improvement or acquisition of such sewer, which said resolution shall name a day for the hearing of any and all objections by all or any persons interested in the formation of such sewer district or in the including of any of the lots, pieces or parcels of land within the boundaries so described in said resolution, within such sewer district, which said resolution, together with the names of the members of said legislative body, voting for and against said resolution and the name of the executive approving said resolution shall be published for at least two weeks successively next before the day fixed for said hearing in some newspaper of general circulation printed and published in such municipality. On the day fixed for said hearing, or any day to which said hearing may have been adjourned, said legislative body shall hear and consider any and all objections presented either to the formation of said sewer district or to the including of any lands in the boundaries of said sewer district, and, if, after the hearing of said objections, it shall be determined by a vote of two-thirds of all the members of said legislative body that the public interest requires the formation of such sewer district, then said legislative body shall proceed to fix and determine the boundaries thereof, making all necessary and proper changes in the boundaries as proposed and fixed in said resolution and shall, by a resolution passed by a vote of two-thirds of all its members, and approved by the executive of such municipality, establish such sewer district, permanently fix and determine the boundaries thereof, which said resolution, together with the names of the members of said legislative body voting for and against said resolution, together with the name of the executive approving said resolution, be spread upon the minutes of said legislative body. And at any subsequent meeting after the passage and recording of the said resolution, the said legislative body may, by ordinance passed by a vote of two-thirds of all of its members, and also approved by the said executive, adopt plans and specifications for the proposed sewer work, if to be constructed, and also describe the territorial district upon which the expense of such proposed sewer work or improvement, or acquisition, shall be chargeable, as hereinafter provided, and shall provide therein for a special election to be held in such city, town or municipal corporation. At such election there shall be submitted to the qualified electors of such city, town or municipal corporation the proposition of incurring indebtedness for the purposes set forth in said resolution, and no question other than the incurring of the indebtedness for such purposes shall be submitted at such special election. The ordinance calling such special election shall also recite the objects and purposes for which the proposed indebtedness is to be

incurred, the estimated cost of the proposed sewer work, improvement or sewer system to be acquired, the amount of the principal of the indebtedness to be incurred therefor, and the rate of interest to be paid on said indebtedness, and shall fix the date on which such special elections shall be held, the manner of holding such election, and the manner of voting for or against the incurring of such indebtedness. In all particulars not recited in such ordinance, such election shall be held as is provided by law for holding general municipal elections in such city, town or municipal corporation. The maximum rate of interest to be paid on such indebtedness shall be six (6%) per centum per annum, payable semi-annually. [Amendment of May 29, 1915. In effect August 8, 1915, Stats. 1915, p. 983.]

Publication of ordinance. Ordinance posted. Vote necessary to carry.

§ 3. Said ordinance shall be published once a day for five days prior to the date set for such election, in some newspaper of general circulation printed and published in such municipality, designated by the legislative body of said city, town or municipal corporation, which newspaper is published once a day for at least six days a week in such municipality, or such ordinance shall be published once a week for two weeks prior to the date set for such election, in some newspaper of general circulation, printed and published in such municipality, designated by said legislative body, and published less than six days a week in such municipality, and one insertion thereof in such last described newspaper each week for two successive weeks prior to the date set for such election by the legislative body of said city, town or municipal corporation, shall be a sufficient publication in such newspaper published less than six days a week. In municipalities where no newspaper is published, such ordinance shall be posted in three public places in the said sewer district for two successive weeks prior to the date set for such election by the legislative body of said city, town or municipal corporation. No other notice of such election need be given. It shall require the affirmative votes of two-thirds of all the aforesaid qualified electors of said city, town, or municipal corporation voting at such election, to authorize the incurring of said indebtedness and the issuance of bonds therefor as provided herein; provided, however, if the proposition so submitted at such election fail to receive the requisite number of votes of the aforesaid qualified electors of such city, town or municipal corporation, voting at such election to incur the indebtedness for the purpose specified, the legislative branch of such municipality shall have no power or authority within six months after such election to pass any ordinance calling another election for incurring any indebtedness for sewer work within any sewer district which has within its boundaries any of the territory of the district in which, at said election, the requisite number of votes for the issuance of said bonds has not been cast therefor. [Amendment of May 29, 1915. In effect August 8, 1915. Stats. 1915, p. 984.]

Bonds issued in name of city. How payable. Denominations. Coupons. Officers' signatures.

§ 4. All bonds issued under the provisions of this act shall be issued in the name of the city, town or municipal corporation in which such sewer district has been formed, and shall be payable in the following manner: A part to be determined by the legislative body of the municipality, which part shall not be less than one-fortieth part of the whole amount of such indebtedness, shall be payable each and every year on a day and date, and at a place within the United States, to be fixed by the legislative body of the city, town or municipal corporation issuing the said bonds, and designated in such bonds, together with the interest on all sums unpaid at such date, until the whole of said indebtedness shall have been paid.

The bonds shall be issued in such denominations as the legislative body of the municipality may determine, except that no bonds shall be of a less denomination than one

hundred dollars, nor of a greater denomination than one thousand dollars, and shall be payable on the day, and at the place fixed in such bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of six per cent per annum, and shall be payable semi-annually, and said bonds shall be signed by any officer of said city, town or municipal corporation designated for that purpose by the city council, board of trustees or other legislative body of such city, town or municipal corporation, by resolution adopted by a two-thirds vote of all of its members, and shall also be signed by the treasurer thereof, and shall be countersigned by the clerk of such city, town or municipal corporation. The coupons of said bonds shall be numbered consecutively and signed by the treasurer.

In case any of such officers whose signatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or counter-signatures shall nevertheless be valid and sufficient for all purposes, the same as if such officers had remained in office until the delivery of the bonds.

Sale of bonds.

§ 5. The legislative body of the city, town or municipal corporation within whose territory such sewer district has been created as herein provided, may issue and sell said bonds at not less than their par value, and the proceeds of the sale of such bonds shall be placed in the municipal treasury to the credit of the proper sewer district fund and shall be applied exclusively to the purposes and objects mentioned in the said ordinance.

Notice of specifications; calling for bids. Certified check. Sureties. May reject bids.

May readvertise. Disposition of checks. Power to make contract. City may construct sewer. Cities under freeholder charters.

§ 6. Before the legislative body of such city, town or municipal corporation shall award the contract for doing any sewer work or improvement, the expense of which is to be paid out of the proceeds of sales of the bonds issued in accordance with the provisions of this act, said legislative body of said city, town or municipal corporation, shall cause notice with specifications to be posted conspicuously for five days on or near the chamber door of said legislative body, inviting sealed proposals or bids for doing said sewer work or improvement, and shall also cause notice of said work inviting said proposals and referring to the specifications posted or on file, to be published for two consecutive insertions in a daily, semi-weekly or weekly newspaper, published and circulated in said city, town or municipal corporation, designated by said legislative body for that purpose, and in case there is no newspaper published in said city, town or municipal corporation, then it shall only be posted as hereinbefore provided. All proposals or bids offered shall be accompanied by a check, payable to the order of the executive officer of said city, town or municipal corporation, certified by a responsible bank for an amount which shall be not less than ten per cent of the aggregate of the proposal, or by a bond for the said amount, and so payable, signed by the bidder and by two sureties who shall justify before an officer competent to administer an oath, in double such amount, and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of said legislative body, and said legislative body shall in open session examine and publicly declare the same. Said legislative body may reject any or all proposals or bids should it deem this for the public good, and shall reject all proposals or bids other than the lowest proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the price named in his bid, which award shall be approved by the executive officer of said city, town or municipal corporation, or a three-fourths vote of the legislative body of said city, town or municipal corporation. If not approved by said executive officer or a three-fourths vote of said legislative body, with-

out further proceedings the said legislative body may readvertise for proposals or bids for the performance of the work as in the first instance, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bids so rejected. But the checks accompanying such accepted proposals or bids shall be held by the clerk of said city, town or municipal corporation, until the contract for doing said work has been entered into by said lowest bidder, whose bid is accepted and approved. But if said bidder fails, neglects or refuses to enter into the contract to perform said work within ten days after said contract shall have been awarded, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said city, town or municipal corporation. The said legislative body shall have the right to require such bonds as they may deem adequate from the bidder to whom the contract for said work or improvement is awarded, to insure the faithful performance of said contract. Such officer of said city, town or municipal corporation as the legislative body thereof shall designate is authorized, in his official capacity, to make all written contracts and to receive all bonds authorized by this act, and is authorized to fix the time for the commencement, which shall not be more than fifteen days from the date of the contract, and for the completion of the work under all contracts entered into by him, which work shall be prosecuted with diligence from day to day until completion, and he may extend the time so fixed from time to time under the direction of said legislative body of said city, town or municipal corporation; provided, however, that nothing herein contained shall be construed as prohibiting such city, town or municipal corporation itself from constructing or completing such sewer or improvement, and buying the material, and employing the labor necessary therefor; provided, however, that this section shall not apply where sewer systems, or any part of a sewer system, already constructed has been, or is to be acquired under this act; and provided, further, that in cities, town and municipal corporations operating under a charter heretofore or hereafter framed, under section eight, article eleven of the constitution of the state of California, and providing for a board or department of public works, all the things required in this section to be done and performed by the legislative body of the municipality shall be done and performed by the board or department of public works of such city, town or municipal corporation, and in case such charter also prescribed the manner of letting and entering into contracts for the furnishing of labor, materials or supplies for the construction or completion of public works or improvements, all contracts for the construction or completion of sewer work or improvement shall be let and entered into in conformity with the provisions of such charter. [Amendment of May 29, 1915. In effect August 8, 1915, Stats. 1915, p. 985.]

Tax levy.

§ 7. The legislative body of said city, town or municipal corporation shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect each year upon the property situated within such sewer district formed as hereinbefore set forth, and upon such property only, and until such bonds are paid or until there shall be a sum in the treasury of such city, town or municipal corporation set apart for that purpose, sufficient to meet all sums coming due for the principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds, and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of said bonds or any part thereof be made to begin more than one year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually, each year, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, on or before the payments

herein provided for, shall become due. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the time, and in the manner, as other municipal taxes are collected, and shall be used for no other purpose than the payment of the sum or sums of money due on said bonds and the accruing interest thereon.

Duty of city legislative bodies to make regulations, etc.

§ 8. It shall be the duty of the legislative body of every city, town or municipal corporation, wherein sewer work or improvement is being made or acquired under the provisions of this act, to make all needful rules and regulations for carrying out and maintaining such sewer work or improvement, to appoint all needful agents, superintendents and engineers to properly look after the construction and operation of such sewers; provided, that in cities, towns and municipal corporations operating under a charter heretofore or hereafter framed under section 8, of article XI of the constitution of the state of California, and having a board or department of public works, all the matters and things required in this section to be done and performed by the legislative body of the municipality shall be done and performed by the board or department of public works of such city, town or municipal corporation.

This act provides alternate system. Sewer defined.

§ 9. This act shall in nowise affect any other act by the provisions of which sewer work or improvement may be done within or by any city, town or municipal corporation, but it is intended to and does provide an alternate system of proceedings for sewer work and improvements, and it shall be within the discretionary powers of the legislative body of any city, town or municipal corporation to proceed in making such improvements either under the provisions of this act, or under the provisions of any other act. But when any proceedings are commenced under this act the provisions of this act and such amendments thereto as may hereafter be adopted, shall thereafter apply to all work done under such proceedings until the completion thereof. If, after certain sewer work or improvement has been done or sewers acquired under provisions of this act, the legislative body of any city, town or municipal corporation shall deem it necessary or convenient to construct or acquire any additional sewer or sewers, it shall be within the discretionary powers of the legislative body of any city, town or municipal corporation to proceed in making such improvement either under the provisions of this act or under the provisions of any other act relative thereto. But any provisions contained in any other acts in conflict with the provisions hereof shall be void as to, and of no effect upon, proceedings commenced under the provisions of this act, except as herein provided.

The word "sewer," as used in this act, shall be deemed to, and is hereby declared to, include sewers for sanitary or drainage purposes, drains or conduits for surface or storm waters, and the outlets therefor.

§ 10. This act shall take effect immediately.

SHEEP.

Editor's note.—The following résumé of the legislation on the subject of restricting the herding of sheep is given in lieu of the acts themselves, in view of the fact that little or none of it remains in force:

Stats. 1857, 227, restricting herding of in Sonoma and Marin counties.

Stats. 1858, 165.—§1 of above was amended so as to include the counties of Sonoma, Marin, San Mateo, Santa Clara, Sutter, Tulare, San Bernardino, Los Angeles, Contra Costa, Alameda, San Joaquin, Placer, Colusa, Stanislaus, Calaveras, Yolo, Sacramento, Humboldt, Monterey, Merced, and San Luis Obispo.

Stats. 1859, 119.—§1 was amended so as to further include the counties of Solano, Mariposa, and Napa.

Stats. 1860, 332.—§1 was amended by adding Mendocino County, and §5 was amended by providing that nothing in the act should be construed to prohibit the herding of sheep upon unoccupied government or state public lands, with a proviso relating to Mendocino, Calaveras, Yuba, and Merced counties.

Stats. 1861, 501, an act to protect sheep and lambs from dogs, and other animals. It was amended by Stats. 1869-70, p. 223, and now appears in the code. See Kerr's Cyc. Civil Code, § 3341.

Stats. 1869-70, 304.—§§ 1 and 5 were again amended relative to the particular counties to which the provisions of the statute should apply. As to Modoc County, see Stats. 1877-78, 241.

Stats. 1871-72, 890.—§§ 1 and 5, as amended in 1869-70, are amended by change in names of some of the counties to be affected.

Stats. 1877-78, 79.—The foregoing acts are

As to effect upon this class of legislation of general stray laws, see editor's note to chapter on "Estrays."

repealed as to the counties of Mendocino and Humboldt, and apparently leaving the act in force in the counties of Sonoma, Solano, Marin, San Mateo, Sutter, Santa Clara, San Bernardino, Los Angeles, Contra Costa, Alameda, San Joaquin, Placer, Colusa, Stanislaus, Calaveras, Yolo, Sacramento, Humboldt, Monterey, Merced, San Luis Obispo, Mariposa, Napa, Mendocino, and Shasta, with the proviso concerning public lands, as applicable to Mendocino, Calaveras, Merced, and Shasta counties.

There may be some special legislation, affecting particular counties, on the subject of herding sheep still in force, but the subject is sufficiently indefinite, and so peculiarly local, that these are omitted in this publication.

Stats. 1861, 523, a general act restricting the herding of sheep. It was amended by Stats. 1865-66, 56, so as to apply to Los Angeles County though the reason for such special application is not apparent, in view of its general application. A close study of all special acts of a later date would be necessary to determine whether any of it remains in force.

Stats. 1862, 490.—An act limited to Mendocino, Lake, Sonoma, and Marin counties, having for its object the restriction of sheep-herding.

Stats. 1865-66, 225.—An act to protect sheep and Cashmere and Angora goats from dogs. This act was superseded if not actually codified. See Kerr's Cyc. Civil Code, § 3341.

The rules of practice in civil cases shall apply to such suits, except as herein otherwise provided.

Limitation of actions.

§ 2. No such suit shall be maintained on any claim now existing, unless the same be brought within two years after this act takes effect; nor shall any such suit be main-

tained on any cause of action hereafter arising, unless the same shall be commenced within two years after such cause of action shall have accrued; provided, that the period of limitation provided for in section two of this act shall not apply to or affect the rights, interest, or claims of any minor or insane person, or a person imprisoned on a criminal charge, or in execution under a sentence of a criminal court for a period of not less than for life, or a married woman and her husband be a necessary party with her in commencing such action, or an incompetent person; but such action may be commenced within the period above provided for after such disability shall cease.

Undertaking.

§ 3. At the time of filing the complaint in any such suit, the plaintiff shall file therewith an undertaking, in such sum, not less than five hundred dollars, as a judge of the court shall fix, with two sufficient sureties, to be approved by a judge of the court, and conditioned that, in case the plaintiff fails to recover judgment, he will pay all costs incurred by the state in such suit, including a reasonable counsel fee, to be fixed by the court.

Service of summons.

§ 4. Service of summons in such suits shall be made on the governor and attorney-general. It shall be the duty of the attorney-general to defend all such suits; and upon his written demand, made at or before the time of answering, the place of trial of any such suit must be changed to the county of Sacramento.

Duty of controller.

§ 7. It shall be the duty of the controller to draw his warrant for the payment of any such judgment, without any presentation to or approval of such claim by the state board of examiners, whenever a sufficient appropriation for such payment shall have been made by the legislature; and all claims upon such judgments are hereby expressly exempted from the operation of section six hundred and seventy-two of the Political Code.

§ 8. This act shall take effect immediately.

1. Constitutionality—Not invalid even as applied to prior contracts.—The act is not, even as applied to prior contracts, in conflict with any provision of the constitution.—*Chapman v. State*, 104 Cal. 690, 43 Am. St. Rep. 158, 38 Pac. 457.

2. The state can not be sued without its consent.—*Melvin v. State*, 121 Cal. 16, 53 Pac. 416.

3. Act permissive—Does not give right of action.—The act is permissive, and gives a right of action where none existed previously, but it does not give a right of action for a previous wrong, where no liability theretofore existed.—*Melvin v. State*, 121 Cal. 16, 53 Pac. 416.

4. Same—Same—Does not create liability where none existed.—The act did not

create a liability against the state where none existed, but merely gave an additional remedy to enforce an existing liability.—*Polk v. State*, 138 Cal. 384, 71 Pac. 435, 648.

5. Same—Same—Same—Merely afforded remedy for pending rights.—This act affords a remedy where a corresponding right exists.—*Alameda v. Chambers*, 33 Cal. App. 537, 170 Pac. 650.

6. Same—Same—Same—Same—Additional remedy.—The state was always liable upon its contracts, and the act merely gave an additional remedy for the enforcement of such liability.—*Chapman v. State*, 104 Cal. 690, 43 Am. St. Rep. 158, 38 Pac. 457.

7. Same—Same—Same—Same — Same.—The act did not create a liability against the state where none existed, but merely gave an additional remedy to enforce such liability as would have existed if the statute had not been enacted.—*Denning v. State*, 123 Cal. 316, 55 Pac. 1000.

8. Interest on its debts—State not liable except by contract.—The state is not liable for interest on its debts, except with legislative consent, or by some lawful contract of its executive officers, and no right to recover interest on interest coupons of Indian war bonds is conferred by the present act.—*Davis v. State*, 121 Cal. 210, 53 Pac. 555.

9. Action by assignee of numerous corporations can not be maintained—Recovery

of license tax.—An action can not be maintained by the assignee of a number of corporations for the recovery of corporation license tax against the secretary of state, with the state's consent in view of the fact that the state is the real party in interest.—*McClellan v. State*, 35 Cal. App. 605, 170 Pac. 662.

10. Maintenance of orphans, etc—Claim by county.—A claim against the state for the maintenance of orphans, half orphans, and abandoned children by a county, is a claim resting upon contract within the meaning of this act, and is barred in two years after accrual of cause of action.—*San Luis Obispo Co. v. SUITS FOR COYOTE SCALP BOUNTIES.

ACT 4825—An act authorizing suits against the state on claims or demands arising under an act of the legislature entitled "An act fixing a bounty on coyote scalps," approved March 31, 1891, and regulating the procedure therein.

History: Approved March 23, 1901, Stats. 1901, p. 646.

Holders of claims for bounties on coyote scalps authorized to bring suits, etc.

§ 1. The owners or holders of claims or demands against this state arising under the provisions of an act of the legislature entitled "An act fixing a bounty on coyote scalps," approved March thirty-first, eighteen hundred and ninety-one, may, within twelve months from the passage of this act, bring suit upon their said claims or demands in any superior court of this state, and prosecute the same to final judgment. The rules of practice in civil cases shall apply to such suits, except as herein otherwise provided, with the right of appeal to either party.

Service of summons. Duty of attorney general.

§ 2. Service of summons in such suits shall be made on the attorney general. It shall be the duty of the attorney general to defend all such suits; and upon his written demand, made at or before the time of answering, the place of trial of any such suit must be changed to the county of Sacramento.

Costs of suits.

§ 3. All costs in any suit brought hereunder shall be paid by the plaintiff in the action; and in case judgment therein be for the plaintiff, it shall be for the amount actually found due to the plaintiff, without interest thereon and without costs; and such judgment shall bear no interest after rendition.

Report to legislature.

§ 4. It shall be the duty of the attorney general to report to the legislature at its next ensuing session all final judgments recovered against the state hereunder, not theretofore reported.

§ 5. This act shall take effect immediately.

1. Constitutionality—Payment of coyote scalp claims.—There is nothing in the constitutional provision prohibiting the legislature from making any gift of public money or thing of value to prohibit the legislature from paying coyote bounty claims.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

2. Same—Creation of debts in excess of

\$300,000.—The act does not violate the constitutional inhibition against the creation of debts in excess of three hundred thousand dollars without submission to a vote of the people.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

3. Same—Gift of public money—Waiver of statute of limitations.—The waiver by the legislature of the statute of limitations

as to coyote bounty claims is not a gift of public money within the meaning of the constitution.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

4. Purpose of act—Substitution of courts for auditing board.—The manifest object of the act was to put the courts in the place of the auditing board of the state, and to relegate the claimants from a class of creditors that had made a prima facie showing of the validity of their claims to a position where they would be compelled to commence at the beginning and make again the showing that they had already made.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

5. Evidence—Certificate of clerk of board of supervisors.—The introduction of the certificate of the clerk of the board of supervisors showing compliance with the provisions of the bounty act as to proof of their claims, constituted prima facie proof thereof.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

6. Same—Same—Repeal of coyote bounty act did not destroy the effect of the certificate.—The repeal of the coyote bounty act did not destroy the effect of the certificate as to the claims already accrued, and there is no legislative intent to prescribe further proof than the certificate of the clerk of the board as to claims accruing

before the passage of the present act.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

7. Presentation to state board of examiners not required.—Presentation of the claims to the state board of examiners was not required in order to establish a cause of action under the present act.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

8. Claims assignable.—Claims against the state for coyote bounties were assignable.—*Bickerdike v. State*, 144 Cal. 681, 78 Pac. 270.

9. Same—Actions may be maintained by assignees.—Actions under the authority of this act may be maintained by assignees either succeeding absolutely to the title or for collection.—*Bauer v. State*, 144 Cal. 740, 78 Pac. 280.

10. Action not a special proceeding.—The action under this act is not a special proceeding, but an ordinary action for money due, and the rules of ordinary actions at law apply.—*San Francisco, etc., Co. v. State*, 141 Cal. 354, 74 Pac. 1047.

11. New trials—Code provisions apply.—The provisions of the Code of Civil Procedure relative to new trials apply in actions against the state for unpaid coyote bounties brought under this act. — *San Francisco, etc., Co. v. State*, 141 Cal. 354, 74 Pac. 1047.

Jordan* (Cal.), 190 Pac. 1030, and the court refused a writ of mandate to compel the secretary of state to submit it to the people, and it was not submitted.

Importance of land settlement.

§ 1. The legislature believes that land settlement is a problem of great importance to the welfare of all the people of the state of California and for that reason through this particular act endeavors to improve the general economic and social conditions of agricultural settlers within the state and of the people of the state in general.

Object of act.

§ 2. The object of this act is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers.

State land settlement board created.

To carry out the objects herein stated, there is hereby created a state land settlement board to consist of five members appointed by the governor to hold office for a term of four years and until their successors have been appointed and shall have qualified; provided, however, that of the members first appointed two shall be appointed to hold office until the first day in January, 1918, one until the first day in January, 1919, one until the first day in January, 1920, and one until the first day in January, 1921.

Officers.

The governor shall designate one of the members as chairman of the board and director of land settlement. The secretary may or may not be a member of the board. The board shall appoint such expert, technical, and clerical assistance as may prove necessary, and shall define their duties. It shall fix the salaries of all employees, with the approval of the state board of control.

Compensation.

The four members of the board shall receive a per diem for each meeting attended, and the chairman shall receive a salary, said per diem and salary to be fixed by the state board of control with the approval of the governor. The members shall also receive their actual necessary traveling expenses in the discharge of their duties.

Co-operation with United States government.

The said land settlement board shall have power to co-operate with and to contract with the duly authorized representatives of the United States government in carrying out the provisions of this act. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 839.]

Body corporate.

§ 3. The state land settlement board, hereinafter called the board, shall constitute a body corporate with the right on behalf of the state to hold property, receive and request donations, sue and be sued, and all other rights provided by the constitution and laws of the state of California as belonging to bodies corporate.

Agricultural lands to be acquired and sold.

§ 4. For the purposes of this act, the board may acquire on behalf of the state by purchase, gift or the exercise of the power of eminent domain, all lands, water rights and other property needed for the purposes hereof, and may take title in trust and shall without delay improve, subdivide and sell such land, water rights and other property with appurtenances and rights to approved bona fide settlers; the board shall have the authority to set aside for townsite purposes a suitable area purchased under the provisions of this act and to subdivide such area and sell or lease the same for cash, in lots of such size, and with such restrictions as to resale, as they shall deem best; and provided, further, that the board shall have authority to set aside and dedicate to public use such area or areas as it may deem desirable for roads, schoolhouses, churches, or other public purposes. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 839.]

Purchase of private lands.

§ 5. Whenever the board believes that private land should be purchased for settlement under this act, it shall give notice by publication in one or more newspapers of general circulation in this state, setting forth approximately the area and character of the land desired and the conditions that shall govern the proposed purchase, and inviting owners of land willing to enter into a contract of sale on the conditions proposed to submit such land for inspection. [Amendment of May 23, 1919. In effect July 23, 1919. Stats. 1919, p. 840.]

Inspection of tracts.

§ 6. Within thirty days thereafter the board shall direct an officer or officers in its employ, or one or more persons who may at its request be designated by the dean of the college of agriculture of the university of California, to inspect and report on all tracts of land suitable for closer settlement which are so submitted.

Report of inspection.

§ 7. The board shall give not less than one week's notice of the approximate date when tracts submitted will be inspected and every report of such inspection shall as far as practicable specify the —

- (c) Names and addresses of the owners thereof;
- (d) Character of water rights;
- (e) Nature of improvements;
- (f) Crops being grown on land;
- (g) Appraisalment of value of land, water rights and improvements.

Decision.

§ 8. On receiving the reports on all of the land examined the board shall decide which of the areas is best suited to the purposes of this act. Before so deciding the board may examine the land, or it may employ one or more competent valuers to fix the productive value of the land and report the same in writing; the owner or his agent may give evidence as to its value.

Purchase.

§ 9. If from the evidence submitted or from the results of its personal inspection, the board is satisfied that one or more of the tracts submitted are suited to intensive, closer settlement and can be acquired at a reasonable price, it shall submit to the governor its report, giving the reasons for recommending the purchase, and on the approval of the governor the board shall be authorized to purchase the same; provided, that before such purchase is made, the attorney general shall approve the title of such lands and any water rights appurtenant thereto, and the state water commission shall certify in writing as to the sufficiency of any water rights to be conveyed. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 840.]

Control by board until moneys advanced repaid.

§ 10. All sales to settlers of land under this act shall be made under such terms and conditions as shall give to the board full control of any subdivisions thereof until all moneys advanced by the state for the purchase, improvement, or equipment of such subdivisions are fully repaid, together with interest thereon as herein provided. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 840.]

Subdivision.

§ 11. Immediately upon taking possession of any land purchased as above, and after deducting any areas to be set aside for townsites or public purposes in accordance with section four of this act, the board shall subdivide it into areas suitable for farms and farm laborer's allotments, and lay out, and where necessary, construct roads, ditches, and drains for giving access to and insuring the proper cultivation of the several farms and allotments. The board, prior to disposing of it to settlers, or at any time after such land has been disposed of, but not after the end of the fifth year from the commencement of the term of the settler's purchase contract, may—

Improvement of land.

- (a) Prepare all or any part of such land for irrigation and cultivation;
- (b) Seed, plant, or fence such land, and cause dwelling houses and outbuildings to be erected on any farm allotment or make any other improvements not specified above necessary to render the allotment habitable and productive in advance of or after settlement, the total cost to the board of such dwellings, outbuildings, and improvements not to exceed one thousand five hundred (\$1500) dollars on any one farm allotment;
- (c) Cause cottages to be erected on any farm laborer's allotment and provide a domestic water supply, the combined cost to the board of the cottage and water supply not to exceed eight hundred (\$800) dollars on any one farm laborer's allotment;

Loans.

- (d) Make loans to approved settlers on the security of permanent improvements, stock and farm implements, such loans to be secured by mortgage or mortgages, deed or deeds of trust on such permanent improvements, stock or farm implements, and the total amount of any such loan, together with money spent by the board on improvements as above specified, not to exceed three thousand dollars on any one farm allotment, or two thousand dollars on any one farm laborer's allotment. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 840.]

Irrigation works.

§ 12. Authority is hereby granted to the board, where deemed desirable, to operate and maintain any irrigation works constructed to serve any lands purchased and sold under the provisions of this act. All moneys received in tolls or charges for the operation and maintenance of any works or for any water supplied therefrom, shall be deposited in the land settlement fund created by this act and shall become available for the payment of any costs, expenses, or other charges authorized in this act to be paid from said land settlement fund.

Lease.

§ 13. After the purchase of land by the board under the provisions of this act and before its disposal to approved bona fide applicants the board shall have authority to lease such land or a part thereof on bonded or secured lease on such terms as it shall deem fit.

Allotments. Notice of opening for settlement. Right to reject applications.

§ 14. Lands disposed of under this act, other than lands set aside for townsites or public purposes, shall be sold either as farm allotments, each of which shall have a value not exceeding, without improvements, fifteen thousand dollars, or as farm laborer's allotments, each of which shall have a value not exceeding, without improvements, one thousand dollars. Before any part of an area is thrown open for settlement there shall be public notice thereof once a week for four weeks in one or more daily newspapers of general circulation in the state, setting forth the number and size of farm allotments or farm laborer's allotments, or both, the prices at which they are offered for sale, the minimum amount of capital a settler will be required to have, the mode of payment, the amount of cash payment required, and such other particulars as the board may think proper and specifying a definite period within which applications therefor shall be filed with the board on forms provided by the board. The board shall have the right in its uncontrolled discretion to reject any or all applications it may see fit and may readvertise as aforesaid as often as it sees fit until it receives and accepts such number of applications as it may deem necessary.

Sale of allotments.

If no applications satisfactory to the board are received for any farm allotment or farm laborer's allotment following such advertising, the board at any time prior to readvertising, may sell any such farm allotment or farm laborer's allotment at the prices at which they were so offered for sale, without the necessity of readvertising.

Subdivision or amalgamation of allotments.

The board shall also have the power in dealing with any such farm allotments or farm laborer's allotments for which there has been no such application satisfactory to the board, to subdivide or amalgamate any one or more of such allotments as it may see fit, and fix the prices thereon, provided that the limitations of fifteen thousand dollars for a farm allotment and one thousand dollars for the farm laborer's allotment, as in this section set forth, are not violated. Such subdivision or amalgamation may be had without the necessity of readvertising.

Sale of areas not suitable for allotments.

The board may also sell at public auction, under such conditions of sale and notice thereof as the board may prescribe, any areas which the board may determine are not suitable for farm allotments or farm laborer's allotments, whether or not included in any subdivision into farm allotments or farm laborer's allotments; provided, that if such area has been included in such a farm allotment or farm laborer's allotment, then such sale at public auction can be made only after a failure to receive any application satisfactory to the board after the advertising thereof, as required by the terms of this section. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 841.]

Who may apply. Limit. Fitness to cultivate.

§ 15. Any citizen of the United States, or any person who has declared his intention of becoming a citizen of the United States, and who is not the holder of agricultural land or of possessory rights thereto to the value of fifteen thousand dollars, and who by this purchase would not become the holder of agricultural land or of possessory rights thereto exceeding such value, and who is prepared to enter within six months upon actual occupation of the land acquired, may apply for and become the purchaser of either a farm allotment or a farm laborer's allotment; provided, that no more than one farm allotment or more than one farm laborer's allotment shall be sold to any one person; provided, further, that no applicant shall be approved who shall not satisfy the board as to his or her fitness successfully to cultivate and develop the allotment applied for.

Co-operation with other public agencies. Preference to soldiers and sailors, etc.

The board may, in offering for sale farm allotments or farm laborer's allotments, co-operate or contract with the duly authorized representatives of the United States government and other public corporations or agencies generally. The board is hereby authorized to perform all acts necessary to co-operate fully with the agencies of the United States engaged in work of similar character, and with similar boards and agencies of other states. In any such sales made in co-operation with such representatives or agencies of the United States government, preference must be given to soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers, and have been repatriated, and who have been honorably discharged. The board may likewise, whether or not acting in co-operation with the duly authorized representatives of the United States government, give such preference to any of such citizens of California, who as soldiers,

sailors, marines and others have served with the armed forces of the United States, as in this section described. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 842.]

Applications considered.

§ 16. Within ten days after the final date set for receiving applications for either farm allotments or farm laborer's allotments the board shall meet to consider the applications, and may request applicants to appear in person; provided, that the board shall have the power and the uncontrolled discretion to reject any or all applications.

Selling prices.

§ 17. The selling prices of the several allotments into which lands purchased under this act are subdivided, other than those set aside for townsite and public purposes, shall be fixed by the board, so as to render such allotments as nearly as possible equally attractive, and calculated to return to the state the original cost of the land, together with a sufficient sum added thereto to cover all expenses and costs of surveying, improving, subdividing, and selling such lands, including the payment of interest, and all costs of engineering, superintendence, and administration, including the cost of operating any works built, directly chargeable to such land, and also the price of so much land as shall on subdivision be used for roads and other public purposes, and also such sum as shall be deemed necessary to meet unforeseen contingencies.

Contract of purchase. Cash deposit. Loan from federal farm loan bank. Balance paid in amortizing payments.

§ 18. Every approved applicant shall enter into a contract of purchase with the board, which contract shall among other things provide that the purchaser shall pay as a cash deposit a sum equal to five per cent of the sale price of the allotment and in addition not less than ten per cent of the cost of any improvements made thereon, and such applicant shall, if required by the board, enter into an agreement to apply for a loan from the federal land bank under provisions of the federal farm loan act for an amount to be fixed by the board, and shall pay to the board the amount of any loan so made as a partial payment on such land and improvements. The balance due on the land shall be paid in amortizing payments extending over a period to be fixed by the board, not exceeding forty years, together with interest thereon at the rate of five per cent per annum. The amount due on improvements shall be paid in amortizing payments extending over a period to be fixed by the board not exceeding twenty years, together with interest thereon at the rate of five per cent per annum. The repayment of loans made on live stock or implements shall extend over a period to be fixed by the board not exceeding five years; provided, however, in each case, that the settler shall have the right, on any installment date, to pay any or all installments still remaining unpaid. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 843.]

Calculation of installments.

§ 19. The number and amount of yearly or half yearly installments of principal and interest to be paid to the board under contracts of purchase shall be calculated according to any table adopted or approved by the federal farm loan board.

Cultivation of land. Insurance.

§ 20. Every contract entered into between the board and an approved purchaser shall contain among other things provisions that the purchaser shall cultivate the land in a manner to be approved by the board and shall keep in good order and repair all buildings, fences, and other permanent improvements situated on his allotment, reasonable wear and tear and damage by fire excepted. Each settler shall, if required, insure and keep insured against fire all buildings on his allotment, the policies therefor to be

made out in favor of the board and to be in such amount or amounts and in such insurance companies as may be prescribed by the board.

Insurance in name of board.

The board shall have power in its own name to insure and keep insured against fire all buildings or other improvements on any of the lands under the control of the board, and any contract of insurance heretofore made by the board is hereby ratified and confirmed. The board shall likewise have the power in any contract of purchase under which the board purchases lands as authorized in this act, to provide for the return by the board to the owner so selling to the state of any insurance premiums or taxes which may have been paid on said property by such owner, or for which such owner may have become obligated to pay, and any such agreement or contract of purchase heretofore made by the board is hereby ratified and confirmed. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 843.]

Consent to transfer allotment.

§ 21. No allotment sold under the provisions of this act shall be transferred, assigned, mortgaged, or sublet in whole or in part, without the consent of the board given in writing, until the settler has paid for his farm allotment or farm laborer's allotment in full and complied with all of the terms and conditions of his contract of purchase. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 844.]

Failure to comply with contract terms. Security. Sale of forfeited land.

§ 22. In the event of a failure of a settler to comply with any of the terms of his contract of purchase and agreement with the board, the state and the board shall have the right at its option to cancel the said contract of purchase and agreement and thereupon shall be released from all obligation in law or equity to convey the property and the settler shall forfeit all right thereto and all payments theretofore made shall be deemed to be rental paid for occupancy. The board may require of the settler such mortgage or deed of trust or other instrument as may be necessary under the terms and conditions of the contract of purchase in order to adequately protect and secure the board. There may be included in such contract of purchase, mortgage, deed of trust or other instrument any conditions with reference to sale of the property or reconveyance back to the board or notice of such sale or reconveyance as may in the discretion of the board be required to be so included in such contract of purchase, mortgage, deed of trust or other instrument, in order to so adequately protect the said board in the premises; and any such contracts of purchase, mortgages, deeds of trust or other instruments heretofore executed are hereby confirmed. The failure of the board or of the state to exercise any option to cancel, or other privilege under the contract of purchase for any default shall not be deemed as a waiver of the right to exercise the option to cancel or other privilege under the contract of purchase for any default thereafter on the settler's part. But no forfeiture so occasioned by default on the part of the settler shall be deemed in any way, or to any extent, to impair the lien and security of the mortgage or trust instrument securing any loan that it may have made as in this act provided. The board shall have the right and power to enter into a contract of purchase for the sale and disposition of any land forfeited as above provided, because of default on the part of a settler, and this right may be exercised indefinitely without the necessity of advertising. [New section added May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 845.]

Residence.

§ 23. Actual residence on any allotment sold under the provisions of this act shall commence within six months from the date of the approval of the application and shall continue for at least eight months in each calendar year for at least ten years from the

date of the approval of the said application, unless prevented by illness or some other cause satisfactory to the board; provided, that in case any farm allotment disposed of under this act is returned to and resold by the state, the time of residence of the preceding purchaser may in the discretion of the board be credited to the subsequent purchaser.

Condemnation of water rights and rights of way. Appropriation of water.

§ 24. The power of eminent domain shall be exercised by the state at the request of the board for the condemnation of water rights and rights of way for roads, canals, ditches, dams, and reservoirs necessary or desirable for carrying out the provisions of this act, and on request of the board the attorney general shall bring the necessary and appropriate proceedings authorized by law for such condemnation of said water rights or rights of way, and the cost of all water rights or rights of way so condemned shall be paid out of the land settlement fund hereinafter provided for. The board shall have full authority to appropriate water under the laws of the state when such appropriation is necessary or desirable for carrying out the purposes of this act.

Appropriation. "Land settlement fund." Administrative expenses.

§ 25. For the purpose of carrying out the provisions of this act the sum of two hundred sixty thousand dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated. Of this amount, the sum of two hundred fifty thousand dollars shall constitute a revolving fund to be known as the "land settlement fund," which is calculated to be returned to the state with interest at the rate of four per cent per annum within a period of fifty years from the date of the passage of this act, on the daily balances representing the amounts drawn out of such fund and thus depleting the fund to an amount less than said sum of two hundred fifty thousand dollars, which said daily balances shall be so calculated only on the amounts so drawn out of such fund, from the date of the passage of this act. The remaining ten thousand dollars shall constitute a fund available for the payment of administrative expenses alone until such time as other moneys are available for such purpose from the sales of land as provided for in this act. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 844.]

Advances by board of control.

§ 26. The state board of control is hereby authorized to provide for advances of money to the board needed to meet contingent expenses to such an amount, not exceeding five thousand dollars as the said board of control shall deem necessary.

Money paid for lands, etc.

§ 27. The money paid by settlers on lands, improvements, or in the repayment of advances, shall be deposited in the land settlement fund and be available under the same conditions as the original appropriation. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 844.]

Rules and regulations.

§ 28. The board shall have authority to make all needed rules and regulations for carrying out the provisions of this act. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 844.]

Investigation of land settlement conditions.

§ 29. The board is hereby authorized to investigate land settlement conditions in California and elsewhere and to submit recommendations for such legislation as may be deemed by it necessary or desirable.

Annual report of board.

The board shall render an annual report to the governor and a copy thereof to the secretary of the interior, which report shall be filed and printed as required by sections three hundred thirty-two, three hundred thirty-three, three hundred thirty-four, three hundred thirty-six and three hundred thirty-seven of the Political Code, with the exception that they shall be so filed and printed annually instead of biennially, as provided in said sections. [Amendment of May 23, 1919. In effect July 23, 1919, Stats. 1919, p. 844.]

Stats. 1915, p. 475, repealed.

§ 30. The act of the legislature entitled "An act providing for the appointment of a commission to investigate and report at the forty-second session of the legislature relative to the adoption of a system of land colonization and rural credits and making an appropriation therefor," approved May 17, 1915, is hereby repealed.

Title.

§ 31. This act may be known and cited as the "land settlement act."

The amending act of 1919, contained the following section:

Appropriation.

§ 17. For the purpose of carrying out the provisions of this act and of the act amended by this act, the sum of one million dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, which sum of one million dollars is calculated to be returned to the state within a period of fifty years from the date of this appropriation of one million dollars going into effect, with interest at the rate of four per cent per annum on the daily balances representing the amounts drawn out of such appropriation, and thus depleting the appropriation to an amount less than said sum of one million dollars. The state controller is hereby authorized and directed to draw warrants upon such funds from time to time upon requisition of the board approved by the state board of control, and the state treasurer is hereby authorized and directed to pay such warrants.

A separate license shall be required for each place of business from persons owning or operating more than one establishment, except that the sale of fish from a vehicle by the holder of an exclusive retail fish dealer's license shall not require a peddler's license. Persons doing both a wholesale and retail business shall be required to take out both wholesale and retail licenses unless the total receipts of any such person amount to less than ten thousand dollars per annum, and any such person having total receipts of less than ten thousand dollars per annum shall be considered a retail dealer for licenses hereunder.

§ 31. All acts and parts of acts in conflict with this act are hereby repealed.

1. Constitutionality—Right of fishery.—The act is not obnoxious to the constitutional right of fishery in section 25, article I, of the constitution.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

2. Same—Same.—The state's legislative power to alienate what it owns on such terms as it chooses to impose was not modified by section 25, article I, of the constitution.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

3. Same—Same.—Neither section 25½, article IV, authorizing the division of the state into fish and game districts, for the protection of fish and game, nor subdivision 33, section 25, article IV, of the constitution, prohibiting the enactment of local laws, limits the sovereign power of the state over fish and game, or of the legislature to legislate concerning it.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

4. Same—Same.—The right may be taken away under the police power.—**Production of books and papers.**—The right of fishery is a privilege and may be taken away under the police power, but a proceeding to take away such right is not criminal, so as to make an order for the produc-

tion of books and papers of the defendant unconstitutional.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

5. Same—Production of books and papers.—Since the passage of the act the books and papers of licensed fishermen and fish dealers, are not private, and an order for their production is not an unreasonable search and seizure within the meaning of section 19, article I, of the California constitution, or of the fourth amendment to the federal constitution.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

6. Same—Fixing prices.—If the power given the state market director to fix prices is invalid, that fact does not render the whole act unconstitutional.—Paladini v. Superior Court, 178 Cal. 369, 173 Pac. 588.

7. Production of papers—Order too broad.—An order under the authority of the state fish exchange act requiring a person engaged in the fish and other business to produce his books covering a certain period without limiting it the production of books relating to the fish business alone, is too broad, and beyond the jurisdiction of the state market director and of the superior court.—Paladini v. Superior Court, 178 Cal. 369, 374, 173 Pac. 588.

Such sworn statements after approval by the state board of control, shall be full and sufficient authority for the controller to draw his warrant and the treasurer to pay the same against said appropriations or funds. Said executive officer, business manager or state official must immediately upon the proper rendition of services or delivery of supplies or both, transmit the invoice or demand for payment of the same together with his sworn statement to the office of the state purchasing department. No such claim on account of such contracts and purchases shall require the signature of any officer or officers other than

those mentioned in this section, any other act or regulation to the contrary notwithstanding, and no contrary provision contained in any law hereafter enacted shall be deemed to contravene the provisions hereof unless the direction is accompanied by a special provision exempting it from the operation of this section; provided, however, that no claim shall be audited against or paid from any appropriation or fund unless an estimate or requisition for the same is approved in accordance with section four of this act. [Amendment of May 2, 1919. In effect July 22, 1919, Stats. 1919, p. 279.]

§ 7. The state purchasing department shall maintain a testing laboratory and the state testing engineer shall be the custodian thereof, and of all the apparatus therein and pertaining thereto, and of all the testing apparatus and machinery which shall be in the possession of any state department, commission, board, institution, or official, and for which through the operation of this act they shall have no use. STEAM BOILER INSPECTION ACT.

ACT 4903—An act to provide for the periodical inspection of steam boilers, with certain exceptions, operated in this state; requiring a permit, to be issued by the industrial accident commission, for the operation of such boilers; making it a misdemeanor to operate such boilers without such permit; and allowing an injunction against such operation without such permit where dangerous to the life or safety of employees; providing for a hearing before the industrial accident commission prior to refusal of a permit; providing for the determination of competency of inspectors making such inspections and requiring reports of inspections; and prescribing maximum fees for such inspections.

History: Approved May 9, 1917. In effect July 27, 1917. Stats. 1917, p. 297.

Permit required to operate steam boiler. Violation. Injunction restraining operation.

§ 1. No steam boiler, unless exempted in the following section, shall be operated in the state of California unless there shall have been issued for the operation of such boiler a permit, as hereinafter provided, and unless such permit shall remain in full force and effect. Such permit must be posted under glass in a conspicuous place on or near the boiler covered by it. The violation of this section by any person owning or having the custody, management or operation of such boiler without such permit shall be a misdemeanor and the operation of such boiler without such permit shall constitute a separate offense for each day that it shall be so operated; provided, that no prosecution shall be maintained where the issuance or renewal of such permit shall have been requested and shall remain unacted upon. If the operation of such boiler without such permit shall constitute a serious menace to the lives or safety of persons employed about it, the industrial accident commission, a commissioner or any safety inspector thereof, or any person affected thereby, may apply to the superior court of the county in which such boiler is situated for an injunction restraining the operation of said boiler until such condition shall be corrected or such permit secured. The certification of the industrial accident commission that no permit exists for the operation of such boiler, and the affidavit of any such inspector that its operation constitutes a menace to the life or safety of any person or persons employed about it, shall be sufficient proof to warrant the immediate granting of a temporary restraining order.

Boilers exempt.

§ 2. The following boilers are exempt from the provisions of this act:

(1) Boilers under the jurisdiction or inspection of the United States government, and all other boilers operated by employers not subject to the workmen's compensation, insurance and safety act of 1917, and acts amendatory thereof.

(2) Boilers of twelve horsepower or less, on which the pressure does not exceed fifteen pounds per square inch.

Inspection of steam boilers. Hearing. Temporary permits.

(3) Automobile boilers and boilers on road motor vehicles.

§ 3. The industrial accident commission shall cause to be inspected, internally and externally, not less frequently than once in each year, every steam boiler subject to the provisions of this act. If such boiler be found upon such inspection to be in a safe

condition for operation, a permit shall be issued by the commission for its operation for not longer than one year, which shall be the permit referred to in section one of this act. If any such inspection shall show such boiler to be in an unsafe or dangerous condition, the commission, or a commissioner, may issue a preliminary order requiring such repairs or alterations to be made to such boiler as may be necessary to render it safe, and may order the use of such boiler discontinued until such repairs or alterations are made or such dangerous or unsafe conditions are remedied. Unless such preliminary order be complied with, a hearing before the commission, a commissioner or referee of such commission, shall be allowed, upon request, at which the owner, operator or other person in charge of said boiler shall have opportunity to appear and show cause why he should not comply with said order. If it shall thereafter appear to the commission that such boiler is unsafe and that the requirements contained in said preliminary order should be complied with, or that other things should be done to make said boiler safe, the commission may order or confirm the withholding of the permit to operate said boiler, and may make such requirements as it deems proper for the repair or alteration of said boiler, or the correction of such dangerous and unsafe conditions. Such order may thereafter be reheard by the commission, or reviewed by the courts, in the manner specified by the workmen's compensation, insurance and safety act of 1917 for safety orders, and not otherwise. It may also, in its discretion, issue and renew temporary permits for not to exceed thirty days each, pending the making of replacements or repairs. Nothing contained in this act shall be construed to limit the authority of the commission to prescribe or enforce general or special safety orders.

Who may inspect. Certificate of competency.

§ 4. The commission may cause the inspection herein provided for to be made either by its safety inspectors or by any qualified boiler inspector employed by any county, city and county, city, or insurance company, or by any boiler inspector employed by any person or corporation for the purpose of testing his own boilers only; provided, that such persons making inspections other than such safety inspectors shall first secure from the said industrial accident commission a certificate of competency to make such inspections. The industrial accident commission is hereby vested with full power and authority to determine the competency of any applicants for such certificate, either by examination or by other satisfactory proof of qualifications. The commission may rescind at any time, upon good cause being shown therefor, any certificate of competency issued by it to a boiler inspector, or may at any time, upon good cause being shown therefor, and after notice and an opportunity to be heard, revoke any permit to operate such steam boiler.

Fees.

§ 5. The industrial accident commission shall fix and collect fees for the inspection of steam boilers covered by this act, not exceeding two dollars and fifty cents for each external inspection and seven dollars and fifty cents for each internal inspection per annum. Such fees must be paid before the issuance of any permit to operate the said boiler. No fee shall be charged by the industrial accident commission where an inspection, as herein provided, has been made by an inspector holding a certificate of competency from said commission and employed by any county, city and county, city, insurance company, or by any person or corporation for the purpose of testing his own boilers only. All fees collected by the commission under this act shall be paid into the accident prevention fund.

Report of inspection.

§ 6. Every inspector so certified shall forward to the commission on the forms provided by it, within twenty-one days after such inspection is made, a report of such inspection, in default of which the certificate of competency may be canceled.

Originally incorporated April 21, 1852, Stats. 1852, p. 211; amended April 2, 1853, Stats. 1853, p. 74. This act was repealed and the city reincorporated March 31, 1857, Stats. 1857, p. 133. This act was amended (1) April 11, 1857, Stats. 1857, p. 197; (2) March 7, 1859, Stats. 1859, p. 72. Both this act and the original act of 1852 were repealed and the city reincorporated by the act of April 21, 1862, Stats. 1862, p. 314. This act was amended (1) March 31, 1866, Stats. 1865-66, p. 598; (2) January 26, 1870, Stats. 1869-70, p. 24. This act was repealed and the city reincorporated April 2, 1870, Stats. 1869-70, p. 587. This act was repealed and the city reincorporated by the act of March 27, 1872, Stats. 1871-72, p. 595. This latter act was amended (1) February 28, 1874, Stats. 1873-74, p. 193; (2) March 18, 1874, Stats. 1873-74, p. 439; (3) March 28, 1876, Stats. 1875-76, p. 523; (4) March 12, 1878, Stats. 1877-78, p. 220. The act of 1872 was superseded by incorporation under the general law, and this incorporation was in turn superseded by the adoption of a freeholders' charter November 20, 1888; resolution of approval adopted March 2, 1889, Stats. 1889, p. 577. This charter was amended May 19, 1903; adopted February 2, 1905, Stats. 1905, p. 832; and was superseded by the present charter.

1. Date charter went into effect.—The charter of the city of Stockton, except for the purpose of nomination and election of officers, and taxation and assessment, did not go into effect until after the public utilities act.—*Oro Electric Corp. v. Railroad Commission*, 169 Cal. 466, 147 Pac. 118.

2. Powers over public utilities.—The city of Stockton had no power under the charter of 1889 and prior to the effective date of the public utilities act, to grant a franchise which would authorize an electric light and power company to engage in the business of furnishing light and power therein.—*Oro Electric Corp. v. Railroad Commission*, 169 Cal. 466, 147 Pac. 118.

3. Same—Streets.—The charter of 1889 went no further than to assert the city's control over the streets, its power to regulate the laying of wires and erecting lights therein and thereupon, to provide for lighting such streets and to fix the rates thereof.—*Oro Electric Corp. v. Railroad Commission*, 169 Cal. 466, 147 Pac. 118.

4. Same—Electric light and power corporations.—The express powers contained in subdivisions 28 and 34 of section 30 of the charter of 1889, have the effect of limiting the power of the city to grant franchises to electric light and power corporations which might otherwise be inferred from the general grant of power to control streets and make police and sanitary regulations.—*Oro Electric Corp. v. Railroad Commission*, 169 Cal. 466, 147 Pac. 118.

5. Same—Same.—The conclusion that there was no intention, by the charter of 1889, and the 1905 amendments, to vest in the city the power to grant franchises to furnish electric lights to the inhabitants, is aided by a consideration of section 19, article XI, of the constitution, by which such companies were given the privilege of using the public streets of such cities as had no public light or waterworks for the purpose of supplying the inhabitants with light and water.—*Oro Electric Corp. v.*

Railroad Commission, 169 Cal. 466, 147 Pac. 118.

6. Same—Licensing master plumbers.—The charter empowers the city to exact a license from master plumbers as a condition of their right to engage in the plumbing business, and an ordinance exacting such a license is not in conflict with the acts of 1885 (Stats. 1885, p. 12) and 1887 (Stats. 1887, p. 58), granting the power of

regulating the plumbing and drainage of buildings.—In re Prentice, 24 Cal. App. 345, 141 Pac. 220.

7. Same—Same—Not controlled by general law.—The imposition of a license tax for plumbers is a "municipal affair," and the charter of Stockton is uncontrolled by general law with respect thereto.—In re Prentice, 24 Cal. App. 345, 141 Pac. 220.

History: Approved March 13, 1909, Stats. 1909, p. 339. Amended June 6, 1913, in effect August 10, 1913, Stats. 1913, p. 504; May 4, 1917, in effect July 27, 1917, Stats. 1917, p. 214; May 10, 1919, in effect July 22, 1919, Stats. 1919, p. 525.

Formation of storm water districts. Petition. Resolution of intention. Hearing. Notice.

§ 1. Storm water districts may be formed under the provisions of this act for the purpose of protecting the lands in such district from damage by storm water, dams, ditches, dikes and other structures, and by spreading, conserving, storing, retaining or causing to percolate into the soil any or all waters of any innavigable stream, watercourse, canyon or wash. Said storm water districts may include within their exterior boundaries land which lies within incorporated territory with land which lies in unincorporated territory, or said districts may be formed from land lying wholly within or wholly without incorporated territory. When twenty-five per cent or more owners of land whose names appear as such upon the last assessment roll in any district of land which lies in one body and is liable to damage from storm water or from the waters of any innavigable stream, watercourse, canyon or wash, shall present a petition to the board of supervisors of the county in which said land lies, or if the same lies in more than one county, then to the board of supervisors of the county in which the greater area of such land lies, setting forth the exterior boundaries of said district and asking that the district so described be formed into a storm water district under the provisions of this act. The said board of supervisors shall pass a resolution declaring their intention to form or organize said portion of said county or counties into a storm water district for the purpose of protecting the land therein from damage from storm water and from the waters of any innavigable stream, canyon or wash, and describing the exterior boundaries of the district. Said resolution shall fix a time and place for the

hearing of the matter not less than thirty days after the passage thereof, and direct the clerk of said board to publish the notice of the intention of the board of supervisors to form such storm water district and of the time and place fixed for the hearing, and shall designate some newspaper of general circulation published and circulated in said proposed storm water district, or if there is no newspaper so published and circulated, then some newspaper of general circulation published and circulated in each county in which any part of said proposed district is situated in which said notice is to be published. [Amendment of May 10, 1919. In effect July 22, 1919, Stats. 1919, p. 525.]

This section was also amended June 6, 1913, Stats. 1913, p. 504; May 4, 1917, Stats. 1917, p. 215.

Publication of notice. Notice to owners.

§ 2. Thereupon said clerk shall cause to be published in the newspaper or newspapers so designated, for a period of twenty days before the date fixed for the hearing, a notice, which shall be headed "Notice of intention of the board of supervisors to form a storm water district." Said notice shall set forth the fact of the passage of such resolution with the date thereof, the boundaries of the proposed district, and the time and place for the hearing, and shall state that it is proposed to assess all property embraced in said proposed storm water district, for the purpose of paying the damages, costs and expenses of constructing and repairing such dikes, levees, ditches, canals, reservoirs, shafts and other improvements as may be necessary to protect the land in said district from damage from storm water and from waters of any innavigable stream, canyon or wash, or to spread, conserve, store, retain or cause to percolate into the soil within such district any or all of such waters, and the necessary expense of maintaining said district, and shall refer to the resolution for further particulars. The assessor shall certify to the clerk the name of each owner of land in the proposed district whose name appears as such on the last assessment roll of the county or counties in which said proposed district lies, and said clerk shall forthwith send a copy of said notice by registered mail, postage prepaid, to each owner so certified, addressed to such owner at his address given on said assessment roll or, if no address is given, then at his last known address, or if it be not known, then at the county seat of the county in which his land lies. Said clerk shall make and file in his office an affidavit of such mailing, showing the names and addresses of the persons to whom such notices were sent, which shall be prima facie evidence that such notices were mailed as herein required. [Amendment of May 4, 1917. In effect July 27, 1917, Stats. 1917, p. 216.]

This section was also amended June 6, 1913, Stats. 1913, p. 505.

Objections.

§ 3. Any person interested objecting to the formation of such proposed district, or to the extent thereof, may, at or before the time fixed for the hearing of the matter, file a written objection thereto, with the clerk of said board of supervisors, who shall indorse thereon the date of its reception by him, and shall at the time fixed for the hearing, place all such objections filed with him before said board of supervisors. [Amendment of May 4, 1917. In effect July 27, 1917, Stats. 1917, p. 216.]

Hearing. Declaration of supervisors.

§ 4. At the time fixed for the hearing, or to which the hearing may be adjourned, the board of supervisors shall hear the objections filed, if any, and pass upon the same. Said board may, in its discretion, sustain any or all of the objections filed, and may change or alter the boundaries of such proposed district to conform to the needs of the district, except that they shall not include therein any territory not included in the boundaries mentioned in the petition, and may, in their discretion, declare such storm water district formed with the boundaries designated by them, and shall design-

nate such district by name as the storm water district of county (or counties); provided, that no such district shall be formed wherein a majority of the owners of property in said district, according to the last previous assessment roll, object. Said storm water district may be organized and incorporated and managed as herein expressly provided, and may exercise the powers herein expressly granted or necessarily implied. The county clerk shall immediately cause to be filed with the secretary of state a certified copy of such order of the board of supervisors, and from and after the date of the filing of such certified copy, the district named therein shall be deemed incorporated as a storm water district with all the rights, privileges and powers set forth in this act, and necessarily incident thereto. [Amendment of May 10, 1919. In effect July 22, 1919, Stats. 1919, p. 526.]

This section was also amended May 4, 1917, Stats. 1917, p. 216.

Control of district.

§ 5. Each storm water district shall be under the control of three trustees, to be elected as hereinafter provided, who shall constitute the governing board thereof. All work of construction, repair, or maintenance, the cost whereof exceeds \$500.00, shall be done by contract; and all contracts shall be let by the board to the lowest responsible bidder, who will give bond for the faithful performance thereof satisfactory to the board, after advertisement for bids published by their clerk for not less than ten days in some newspaper of general circulation, designated by the board and published in the county in which the district or some part thereof is situated, specifying the time and place for the opening of bids, and the particular work to be bid for; provided, however, that the board may reject all bids and re-advertise, and may by unanimous action in cases of great emergency, the nature of which shall be entered on their minutes, proceed at once to replace or repair any of the works or improvements of the district without advertisement. [Amendment approved June 6, 1913, Stats. 1913, p. 505. In effect August 10, 1913.]

Before entering upon the discharge of their duties, the commissioners shall each take and subscribe an oath to perform the duties of such commission to the best of their ability, and shall each file with the clerk of said trustees a bond to the state of California in the penal sum of one thousand dollars, to faithfully perform the duties of the office of said commissioner, which bond must be approved by said board of trustees. The board of trustees may at any time remove any or all of said commissioners for cause upon reasonable notice and hearing, and may fill any vacancies occurring among them from any cause. Said commissioners shall receive for their services such compensation as the trustees may determine from time to time, provided that such compensation shall not exceed ten dollars per day for such civil engineer, nor five dollars per day for the other commissioners, nor continue for more than three months unless the board of trustees shall extend the time. The compensation of the commissioners shall be considered as an expense of the improvements, and shall be chargeable and payable as other expenses thereof.

Assessments of costs.

§ 11. Said commissioners shall proceed to view the land embraced within the boundaries of said storm-water district and the improvements to be made, and may examine witnesses under oath, to be administered by any one of them. Having viewed the land to be taken and the improvements to be made, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land to be taken for rights of way or construction of improvements, and the damage to property affected thereby, and also to estimate the cost of constructing the proposed improvements and the expenses incident thereto, and having determined the same, shall proceed to assess the said value of land taken, damage to property affected and cost and expenses of the proposed improvements to the county or counties and upon the lands embraced within the exterior boundaries of said storm-water district. Said assessment shall be made in the following manner. The board of supervisors of each county in which any part of the district is situated, may, if they consider that the proposed improvements will be of benefit to the county roads, by order entered upon their minutes, provide that such county shall pay a portion of the total cost of the improvements, such payment to be made out of the road fund of the district where the improvements are to be made, or out of the general road fund, as the board of supervisors may determine. The total amount to be paid by all counties contributing shall not exceed one-half of the total cost of the improvements. The commissioners shall assess to the county or counties aforesaid such part of the total cost of the improvement as the board of supervisors thereof have agreed to pay as aforesaid, and the remainder of such assessment shall be made upon the lands in said district in proportion to the benefits to be derived by such lands from said improvements, including in said assessment the property of any railroad company within said district, if such there be.

§ 12. Said commissioners, after making their assessment of benefits and damages, shall with all diligence make a written report thereof to the board of trustees of the

district and shall accompany thier report with a plat of the district, showing the land taken or to be taken for rights of way or the construction of the improvements, or to be damaged thereby, and the land assessed, showing the relative location of each lot or parcel of land and its dimensions and area, so far as the commissioners can reasonably ascertain the same. Each lot or parcel of land to be taken, damaged or assessed shall be designated in said plat by an appropriate number, and a reference to it by such number in the report shall be a sufficient description of it in all respects. Said report of the commissioners shall specify each lot or parcel of land taken or to be taken for rights of way or the construction of such improvements, or to be damaged thereby, with the names of the owners thereof or persons interested therein, and the particulars of their interest, so far as the same can be ascertained; the names of the land owners who consent to give the right of way, or to waive damages to their land not taken, and their written consent thereto; the names of land owners who do not consent and the amount of damage claimed by each; and the amount awarded to each land owner by the commissioners for the value of land to be taken or damages to land not taken. Said report shall also specify each lot, or parcel of land to be assessed, together with the names of the owners or claimants thereof or persons interested therein, so far as the same and known to the commissioners, and the particulars of their interest, so far as the same can be ascertained, and the amount assessed against each such piece or parcel of land.

Conflicting claims.

§ 13. If in any case the commissioners find that conflicting claims of title exist, or they are in doubt as to the ownership of any lot or parcel of land or any improvement thereon, or of any interest in such land or improvement, it shall be set down as belonging to unknown owners. Errors in the designation of the owner or owners of, or persons interested in, any land or improvements or of the particulars of their interest, shall not affect the validity of the assessment or of any condemnation of the property to be taken.

Hearing of report.

§ 14. The report of such commissioners and the plat accompanying it shall be filed with the trustees of the district, and said board of trustees shall thereupon fix a time for the hearing thereof, which shall not be less than four weeks after the filing thereof, and thereupon the clerk of said board of trustees shall give notice of such hearing by publication for at least two weeks in a newspaper of general circulation published and circulated in said district, if such there be, or if there is no such newspaper, then in some newspaper of general circulation published in one of the counties in which said district is situated, said newspaper to be designated by the board. Such notice shall be substantially in the following form:

When such report has been adopted and confirmed, said board may by order entered upon its minutes discharge said commissioners, and their authority shall thereupon cease.

Installment assessments. Duty of tax collector. Payment of assessments.

§ 16. After said report has been adopted, the board of trustees, if they consider the total sum to be raised for the payment of the cost of such improvements too great to be properly expended in one year, or too great to be raised in one year by assessment against the property in such storm-water district, may by order entered upon their minutes, provide that the total sum assessed shall be raised in any number of equal annual installments, not exceeding ten. When the board has adopted the report and determined the number of equal annual installments in which such assessment shall be raised, they shall cause their clerk to forward to the tax collector of the county in which such district is situated, who shall file the same in his office, a certified copy of the report, assessment and plat as adopted and confirmed by said board of trustees, together with a certified copy of the order of said board, fixing the number of equal annual installments in which such assessment is to be raised, and the county tax collector shall enter said assessments upon the county assessment roll in the same manner as county taxes. From and after such entry upon the county assessment roll, the first year's installment of the amount assessed thereon against each parcel of land shall become due and payable immediately, and the total amount assessed against each parcel of land shall constitute a lien thereon; and thereafter installments of the assessment for the succeeding years shall become due and payable on the first Monday of October of each year; provided, that any or all subsequent installments of the assessment on any parcel of land may, at the option of any person desiring to pay the same, be paid at any time after the first installment becomes due and payable. If the district is situated in two or more counties, a certified copy of said report, assessment, plat and order of the board of trustees shall be filed with the tax collector of each county in which any part of said district is situated, and thereafter each tax collector shall enter the assessments upon the assessment roll of his county and proceed as to the property in said district within his own county in the manner hereinafter directed, and the assessment on the property in said county shall be collected in the manner hereinafter directed. [Amendment of May 4, 1917. In effect July 27, 1917. Stats. 1917, p. 217.]

Said board of trustees when the assessments are to be paid by annual installment shall have the power to enter into contracts for said work providing for payments on said contracts in annual installments, not exceeding ten, and not exceeding the amount to be raised by the annual assessment installment provided for in section sixteen a of this act. Interest not to exceed seven per cent per annum may be paid on deferred contract installments. Said contract installments together with interest shall be a lien on the funds raised by annual assessments. [New section added May 10, 1919. In effect July 22, 1919. Stats. 1919, p. 527.]

Notice by tax collector that assessments are due. Annual notice.

§ 17. Within one month after the filing of such certified copy of said report, assessment, plat and order with the tax collector, and the entry of the same upon the county assessment roll, said tax collector shall give notice by ten days' publication in a newspaper of general circulation published in said district, or if there is none, in a newspaper of general circulation published in his county, that the assessment roll of storm-water district of county, has been filed in his office, and entered upon the county assessment roll, with the date of such entry; that the amounts entered thereon are due and payable; that if not paid on or before the first Monday in January next ensuing, the same will become delinquent and will be collected in the same manner as delinquent taxes. If the first Monday in January next ensuing is less than three months from the date of filing the assessment roll with the tax collector, the date, to be stated in the notice, shall be three months after such entry upon the county assessment roll. The tax collector shall note on the county assessment roll all assessments paid, with the dates of payment, giving receipts as in the case of payments of taxes, and shall pay all money collected into the county treasury at the same time and in the same manner as money collected for taxes paid into such treasury. All collections of subsequent installment of the assessment shall be made in the same manner as above set forth, and the tax collector shall annually (after the first year), immediately after the first Monday of October give notice as above directed that the (giving the number) annual installments of the assessments of said district is now due and payable, and that if not paid on or before the first Monday of January next ensuing, the same will become delinquent and will be collected in the same manner as delinquent taxes; and the same proceedings shall be had thereon as upon the collection of the first assessment. If said district is situated in two or more different counties, all moneys collected on account of such assessment shall be paid into the treasury of the county in which said district was organized. [Amendment of May 4, 1917. In effect July 27, 1917, Stats. 1917, p. 218.]

Delinquent installments, penalty added. Duty of county treasurer.

§ 18. When any installment of said assessments has become delinquent, as stated in said notice of the tax collector, the tax collector shall proceed to collect such delinquent installments of assessments, with five per cent added thereon, and pay the same, including the said five per cent so collected, over to the county treasurer as aforesaid, in the same manner as state and county taxes are collected and paid over; and all of the provisions of chapter 7, title IX, part III, and of section 3897 of the Political Code not in conflict with any of the provisions of this act, are hereby made applicable to the collec-

tion of assessments and delinquent installments of assessments in such storm-water district. Before any installment of said assessment becomes delinquent, the board of supervisors of each county against which any part of the cost of the improvement has been assessed, as hereinbefore provided, shall direct the county treasurer to transfer the amount of such installment of such assessment from any money then in the fund of such county from which the same is to be paid, to the special fund to be raised by such assessments; or if such district is in two or more counties, and was organized in some other county, to pay such amount to the treasurer of such other county, who shall place the same in the special fund raised by said assessment.

Disposition of fund. Payments from fund.

§ 19. All moneys paid upon such assessments, either by property owners or by the county or counties affected, shall be placed in the county treasury of the county in which such storm-water district was organized, to the credit of a special fund to be known as the storm-water district improvement fund; and shall be used only to pay the expense and cost of constructing the improvements described in the map, plans and specifications adopted by the board of trustees. Any surplus remaining after the construction thereof shall be paid into the current expense fund. All payments from said fund shall be made upon claims prepared in the manner required by law for the preparation of claims against a county, and first presented to the board of trustees of said district and by them approved, and thereafter presented and filed as claims against the county and approved by the board of supervisors of said county, and upon a warrant drawn by the auditor of said county upon the order of said board of supervisors, in the same manner as other claims upon the county treasury.

Payments for property taken. Notice of payment.

§ 20. When sufficient money is in such storm-water district improvement fund to pay for the property to be taken and damaged according to the award made in the report of the commissioners, the clerk of said board of trustees shall notify the owner, possessor or occupant of any land or improvement thereon to whom an award shall have been made for property to be taken or damaged, that such award has been made, stating the amount thereof and the property affected thereby, and that upon such person filing a claim and tendering a conveyance of the property to be taken or a release of the damages to property not taken, such claim will be allowed and the amount awarded paid to him. Such notice shall be given by depositing such notice in the postoffice at the county seat of such county, postage prepaid addressed to such owner, possessor or occupant, if his name be known, at his last known postoffice address. If the name of the owner of such property is not given in the report of the commissioners, or his postoffice address can not be ascertained, said notice shall be given by said clerk by posting a copy thereof in a conspicuous place upon the property described in said notice. He shall thereupon indorse a certificate of such posting upon the original notice and file the same in his office.

Awards not accepted, proceedings when.

§ 21. If any award of damages for land or right of way to be taken or damaged is not accepted within fifteen days after the mailing or posting of this notice, it shall be deemed rejected by the property owner, and thereupon the board of trustees of the district may cause proceedings to secure the land or right of way desired to be instituted in the name of the district, by some attorney to be employed by them for that purpose, against all nonaccepting property owners; and when thereunder the right of way or land is secured, the improvement must be commenced as hereinafter provided. In such suit no informality in the proceedings of the board of supervisors or of the commissioners or of the board of trustees shall vitiate such suit; but the order of the board of

trustees directing the suit to be brought shall be conclusive proof of the regularity of such prior proceedings; and the suit shall be determined by the court or jury in accordance with the rights of the respective parties as shown in court, independent of said proceedings before said board of supervisors or before said commissioners or before said trustees.

Defective rights of way.

§ 22. If any right of way attempted to be acquired by virtue of this act shall be found to be defective from any cause, the board of trustees may again institute proceedings to acquire the right of way as in this act provided, or otherwise, or may purchase the same, and include the cost thereof in the expenses of such improvement.

Improvements to begin, when.

§ 23. As soon as there is sufficient money in the improvement fund to pay for the construction of the improvements, or any separate part thereof, and the necessary land and rights of way therefor have been secured, the trustees must proceed with the construction of said improvement. The board of trustees shall determine the amount of work to be done in each year and the place where such work is to be done, and may let a contract for any portion of such improvement that they may deem proper, and none of such work shall be done without their order. The work shall be done under the direction and to the satisfaction of the board of trustees.

Said tax when levied shall be entered upon the assessment-roll and collected in the same manner as state and county taxes. When the same is collected, it shall be placed in the treasury of the county in which said district was organized, to the credit of the current expense fund

Said election shall be held in all respects in the same manner as regular elections of trustees of the district. If it appears that a majority of the electors voting at said election have voted in favor of disincorporation, the trustees shall cause such fact to be entered upon their minutes, and shall forward a copy of such entry to the board of supervisors by whom the district was organized, who shall file the same with their clerk, and from the date of such filing, said district shall be deemed disincorporated; provided, that if at the time of the dissolution, or disincorporation of said district, there be any outstanding bonded or other indebtedness of such district, then taxes for the payment of such

bonded or other indebtedness shall be levied and collected, the same as if such district had not been dissolved and disincorporated, but for all other purposes, such district shall be deemed dissolved and disincorporated from the time of the forwarding of said copy of such entry to said board of supervisors. [Amendment of May 4, 1917. In effect July 27, 1917. Stats. 1917, p. 220.]

Property may be added to or excluded.

§ 28. Property may be added to or excluded from any storm-water district by action of the board of supervisors by whom said district was organized, upon a petition presented to them signed by a majority of the owners of land within said territory to be annexed or excluded, as shown by the last previous assessment-roll. Before making the order of annexation or exclusion, the board of supervisors shall give notice in like manner as upon the original formation of the district, and protests may be presented and shall be considered at the same time and in the same manner as in the case of the formation of the district. Upon the final hearing of said petition, the board of supervisors shall make such order as shall seem best to them; provided, however that property in any territory so excluded shall not be released from the lien of any assessment which has been made upon said property.

Intent of act.

§ 29. This act is not intended to supersede or repeal any other act for the construction and maintenance of ditches, levees, dikes, or works for protection, drainage or reclamation, but is intended as an independent and alternative method of constructing the improvements herein provided for.

Construction of act.

§ 30. The provisions of this act shall be liberally construed to promote the objects thereof. This act may be designated and referred to as the "storm-water district act of 1909," and shall take effect and be in force upon its passage and approval.

1. Board of supervisors exercises judicial functions.—The board of supervisors, under this act, exercises judicial functions in ascertaining the required facts and determining that they exist, and its conclusions are subject to review.—*Bryant v. Supervisors*, 32 Cal. App. 495, 163 Pac. 341.

2. Genuineness of signatures—Jurisdiction of board not affected by failure to make proof.—The fact that no proof was made to the board as to the genuineness of the signatures to the petition prior to the adoption of the resolution of intention does not deprive the board of supervisors of jurisdiction to organize the district, where the necessary jurisdictional fact of

ownership of the land by petitioners was proved by the certificate of the assessor that they appeared as such owners on the assessment roll at the time of the filing of the petition.—*Bryant v. Supervisors*, 32 Cal. App. 495, 163 Pac. 341.

3. Notice of hearing—Not sufficient.—Notice of hearing sent June 27, 1916, to owners whose names appeared on the assessment roll of that year, was not sufficient notice of a hearing to be held July 19, 1916, the assessment roll for the latter year not having been made up and completed on said last named date.—*Bryant v. Supervisors*, 32 Cal. App. 495, 163 Pac. 341.

ACT 4941—An act to provide for the planting, protection, maintenance, removal and change of trees, shrubs, plants and grass along and in public streets, avenues, lanes, alleys, courts, places and pathways within municipalities, and providing a method for the assessment of the costs and expenses thereof.

History: Approved June 7, 1915. In effect August 8, 1915. Stats. 1915, p. 1256.

Streets deemed open and city empowered to plant trees, etc.

§ 1. All streets, avenues, lanes, alleys, courts, places and pathways within the municipalities of this state, now open or dedicated, or which may hereafter be opened or

dedicated to public use, shall be deemed and held to be open public streets, avenues, lanes, alleys, courts, places and pathways for the purposes of this act, and the city council of each municipality of this state is hereby empowered to cause trees, shrubs, plants or grass to be planted, protected, maintained for a period of not exceeding five years, removed or changed, or to maintain existing trees, shrubs, plants and grass along and in said streets, avenues, lanes, alleys, courts, places and pathways, and is hereby invested with jurisdiction to order to be done thereon and therein any of the work mentioned in section two of this act in the manner and under the proceedings herein-after described.

City may order trees, etc., planted.

§ 2. Whenever the public interest or convenience may require, the city council of any municipality of this state is hereby authorized and empowered to order, trees, shrubs, plants or grass to be planted, protected or maintained for a period of not exceeding five years, or removed or changed along and in the whole or any part of any such public street, avenue, lane, alley, court, place or pathway in such municipality; also to order suitable guards, coverings or gratings for the protection of said trees or shrubs, and to order any other work to be done which shall be necessary to plant, protect, maintain, remove or change, trees, shrubs, plants or grass along and in the whole or any part of any such public street, avenue, lane, alley, court, place or pathway, in such municipality.

Resolution of intention. Report of city engineer.

§ 3. Before ordering any improvement to be made which is authorized by section two of this act, the city council shall adopt a resolution of intention so to do, briefly describing the proposed improvement, which may include the whole or any part of one or more such streets, avenues, lanes, alleys, courts, places or pathways, in any such municipality. Said proposed improvement may include any or all of the different kinds of work mentioned in section two of this act; provided, however, that the care of said trees, shrubs, plants or grass, shall be for a period stated in the resolution of intention, which shall not exceed five years; and provided, further, that it shall not be necessary to specify or describe in said resolution of intention the kind of trees, shrubs, plants or grass to be planted or removed or changed, their size or age or the method or manner of planting or removing or changing the same. The city council shall also, in the same resolution, refer the proposed improvement to the city engineer or other officer, board or commission designated by the said council, and direct said person, board or commission, to make and file with the clerk of the city council a report in writing presenting the following:

1. Plans and specifications for the work to be performed and the general method and manner of making the improvement.

2. An estimate of the cost of said improvement including the incidental expenses in connection therewith, and the annual cost of the maintenance thereof for a period not exceeding five years.

3. A diagram of the property affected or benefited by the proposed work or improvement and to be assessed to pay the expenses thereof, including the annual maintenance, if any; such diagram shall show each separate lot, piece or subdivision of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district, each of which lots, pieces or subdivisions shall be given a separate number in red ink upon said diagram.

4. The proposed assessment of the total amount of the costs and expenses of the proposed improvement (including all incidental expenses) upon the lots, pieces or subdivisions of land within said assessment district as shown by said diagram, sufficient to cover the total expenses of the improvement. Each lot, piece or subdivision shall be separately assessed in proportion to the estimated benefits to be received by it.

Said assessment shall refer to said lots, pieces or subdivisions of land upon said diagram by the respective red ink numbers thereof, and shall show the names of the owners, if known, otherwise designating them as unknown. No mistake in the name of the owner of any lot, piece or subdivision of land shall affect the validity of the assessment thereon.

Tree planting commission.

§ 4. In any municipality having a board, commission or officer in charge of tree planting, created by its charter, or by law or ordinance, the proposed improvement shall be referred to said board, commission or officer, and the report provided for in section three of this act shall be made and filed by said board, commission or officer.

Consideration of engineer's report.

§ 5. Upon the filing of the report provided for in section three of this act, the clerk of the city council shall present the same to the city council for consideration, and said council may modify the same in any respect, and, in case of any such modification, the report as modified shall stand as the report for the purpose of all subsequent proceedings. Thereafter, the council, by resolution, shall appoint a time and place for hearing protests in relation to the proposed improvement, which time shall not be less than twenty days from the date of the passage of said resolution, and shall direct the clerk of the city council to give notice of said hearing, and shall designate the newspaper in which such notice shall be published.

Notices posted.

§ 6. After the passage of the resolution mentioned in section five of this act, the superintendent of streets of said city shall cause to be conspicuously posted along all streets, avenues, lanes, alleys, courts, places and pathways, or parts thereof, included in said resolution of intention, at not more than three hundred feet in distance apart, but not less than three in all upon each such street, avenue, lane, alley, court, place and pathway, notices of the passage of said resolution of intention and of the filing of said report. Said notices shall be headed "Notice of Parkway Improvement," in letters not less than one inch in length, shall be in legible characters, and shall state the fact and date of the passage of said resolution of intention and of the filing of said report, and the day and hour set for the hearing of said protests, and briefly describe the improvement proposed and refer to said resolution and report for further particulars. He shall also cause a notice similar in substance to be published for a period of two days in a daily newspaper published and circulated in said municipality and designated by said city council for that purpose, or if there is no daily newspaper in said municipality, then by one insertion in a weekly paper, so published, circulated and designated. Said notices must be posted and published, as above provided, at least ten days before the date set for the hearing of said protests. In case there is no daily or weekly newspaper published and circulated in said city, then said notice shall be posted in three of the most public places in such city at least ten days before the dates set for the hearing of said protest.

Written protest. Majority protest.

§ 7. Any person, interested, objecting to said improvement, or to the proposed assessment provided for in section three hereof, may file a written protest with the clerk of the city council at or before the time set for the hearing referred to in section five hereof. The clerk shall indorse on every such protest the date of its reception by him, and at the time appointed for said hearing shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district,

all further proceedings under said resolution of intention shall be barred and no new resolution of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall in the meantime petition therefor. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, the council shall hear said protests at the time appointed therefor, as above provided, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive, and if such protests are sustained the proceedings shall be abandoned, but may be renewed at any time, and if such protests are denied, the proposed assessment shall be confirmed. If such protests are against the proposed assessment, the council shall hear said protests at the time appointed therefor, as above provided, or at any time to which the hearing thereof may be adjourned, and may confirm or correct said proposed assessment; provided, however, that they shall not alter the same so as to provide for the doing of any kind of work not included in said report, or the doing of work upon any street, avenue, lane, alley, court, place or pathway, or portion thereof not included in said report and shall not increase the amount to be raised above the amount specified in said report. When, upon the hearing, said proposed assessment is confirmed or corrected, or in case no protests have been filed and the report provided for in section three hereof has been adopted as a whole with any modifications or corrections that have been made therein, the city council shall by resolution declare its action upon said report, order said proposed improvement to be made and levy said assessment upon the lots, parts of lots and subdivisions of land fronting upon the streets, avenues, lanes, alleys, courts, places and pathways, or parts thereof, along and in which said improvement is to be made. Said resolution shall be final and conclusive upon all persons.

Validity of assessments.

§ 8. The validity of an assessment levied under this act shall not be contested in any action or proceeding unless the same is commenced within thirty days after the time said assessment is levied, and any appeal from a final judgment in such action or proceeding must be perfected within thirty days after the entry of such judgment.

Diagram to tax collector.

§ 9. Upon the passage of the resolution provided for in section seven hereof, the clerk of said city council shall transmit to the tax collector of the municipality, the diagram and assessment provided for in subdivisions three and four of section three hereof, and any modifications or corrections thereof made by the city council. Thereupon the tax collector shall annually enter said assessments upon the assessment roll upon which other taxes of said city are entered, and the same shall be annually collected in the same manner as such other taxes are collected. Such entry and collection to be made at the same time and by the same officers as in the case of other city taxes.

Special fund. Provision for deficiency.

§ 10. All sums collected on account of such assessment shall be placed in the city treasury to the credit of a special fund, which shall be designated by the name of the proposed improvement. The city council shall cause to be paid or transferred to such special fund from any other available funds in the city treasury as soon as needed, such part of the cost of such proposed work as has theretofore been ordered to be paid out of the city treasury. Said special fund shall be used only for paying the costs and expenses of the work described in the resolution ordering the work to be done, including the cost of all posting and publication herein provided for, and any other incidental

expenses of the work. If the amount raised is insufficient to pay the whole of such costs and expenses, the city council may provide for such deficiency by an appropriation out of the general fund of such city, or may take further proceedings to raise the amount of such deficiency by ordering a supplementary assessment to be made upon the same property in the same manner and form and subject to the same procedure as the original assessment, but on such proceedings no report shall be necessary from the person or board making the original report specified in section three hereof, except an estimate of the deficiency, and no protest shall be received except as to the amount of money necessary to complete the work. The city council may at any time advance to such special fund out of any available funds in the city treasury, sums in excess of the amount to be paid by the city towards the cost of such work and may reimburse the city for such advances by repaying the same out of any money that may thereafter come into such special fund.

City to do work.

§ 11. At any time after the funds for the work or any part of the work, shall be in the city treasury, or if the municipality has advanced the money from the general fund as a loan to said special fund, the municipality shall itself without awarding a contract therefor, execute and perform the work embraced in the plans and specifications contained in the report provided for in sections three and four of this act, in accordance with said plans and specifications, and employ the labor, and provide the nursery stock, material and supplies necessary therefor, or at its option do the work or any portion thereof by contract let in the manner provided by the charter of said municipality or the law under which the said municipality is organized. The work must be done under the supervision, direction and control of the board, commission or officer by whom the report provided for in section three of this act was made, and no work shall be paid for except upon the order and approval of said board, commission or officer.

Assessment lien on property.

§ 12. Every assessment levied under this act shall from the date of levy thereof be a lien upon the land upon which it is levied in the same manner and to the same effect as other city taxes are a lien upon said land. And such lien shall continue and be enforced in the same manner as other taxes of said city are continued and enforced.

Act not affected.

§ 15. This act shall in no wise affect an act entitled "An act to provide for the planting, maintenance, and care of shade trees upon streets, lanes, alleys, courts and places within municipalities, and of hedges upon the lines thereof; also, for the eradication of certain weeds within city limits," approved March 11, 1893, or any act amendatory thereof or supplementary thereto, or any other acts on the same subject, or apply to proceedings had thereunder, but it is intended to and does provide an alternate system of proceedings for making the improvements provided for by this act; and it shall be within the discretion of the city council of any municipality to proceed in making such improvements, either under the provisions of this act, or under the provisions of such other acts; but when any proceedings are commenced under this act, the provisions of this act, and of such amendments thereof as may be hereafter adopted, and no other, shall apply to all such proceedings, and any provisions contained in said acts or any acts in conflict with the provisions hereof shall be void and of no effect as to the proceedings commenced under the provisions of this act. TREE PLANTING ACT OF 1893.

ACT 4942—An act to provide for the planting, maintenance and care of shade trees upon streets, lanes, alleys, courts and places within municipalities, and of hedges upon the lines thereof; also, for the eradication of certain weeds within city limits.

History: Approved March 11, 1893, Stats. 1893, p. 153. Amended March 13, 1909. In effect immediately. Stats. 1909, p. 331. Act not affected by later acts, see § 15, Act 4941; § 21, Act 4943.

Provisions for planting shade trees.

§ 1. All streets, lanes, alleys, places, or courts in the municipalities of this state now open or dedicated, or which may hereafter be opened or dedicated, to public use, whose grade has been officially established, and which have been actually graded in conformity therewith, may be planted with shade trees, along the edges of the sidewalks thereof, by order of the city council, which shall have power, also, to provide for the maintenance and care of the same; and the city council shall have power to prescribe the height, thickness, and manner of trimming of all hedges set out, or that shall hereafter be set out, along the line of any street, lane, alley, place, or court dedicated to public use, whether graded or not, and to compel compliance with its ordinances in the premises by the owners or occupants of the lots fronting thereon. The powers hereby conferred upon city councils shall be exercised in the manner and under the proceedings hereinafter described.

Resolution of intention to plant shade trees on graded streets.

§ 2. The city council of any municipality in the state may, at its discretion, pass a resolution of intention to plant, or cause to be planted, with shade trees, any graded street, lane, alley, place, or court within the limits of such municipality. Such resolution of intention may embrace the entire length of any street, lane, alley, place, or court, or any portion thereof, but must specify the kind of trees to be planted, their size, age, and their distance apart. The street superintendent shall thereupon cause to be conspicuously posted along both sides of the street mentioned in the resolution, at not more than three hundred feet in distance apart, notices of the passage of said resolution. Said notice shall be headed "notice to plant shade trees," in letters not less than one inch in length, and shall, in legible characters, set forth the language of the resolution, and the date of its passage. The city clerk shall also cause a copy of the resolution to be published for six days in one or more daily newspapers published and circulated in said city, and designated by said city council. Should there be no daily newspaper published in said city then in such case publication may be made of such resolution, and of all other matters herein provided to be published, in a weekly newspaper, published and circulated in said city, and designated by said city council. [Amendment approved March 13, 1909, Stats. 1909, p. 331. In effect immediately.]

Objections, how made. Hearing. Notice to objectors. Majority of frontage to control. New proceedings, institution of.

§ 3. The owners of a majority of the frontage of the property on both sides of the street proposed to be planted as aforesaid may, within ten days after the expiration of the time of publication of said resolution, file their written statement of the objections to the proposed work with the city clerk, which must be signed by the objectors, each one writing after his or her name the number of feet frontage owned by him or her. Such objection must show wherein the parties making them will be injured or aggrieved by the proposed work, and if the objection be to the kind of trees proposed to be planted, they must name some other kind of tree to be substituted therefor. The city council shall, at its next meeting after the filing of said objections, fix a time for hearing the same, not less than one week thereafter. The city clerk shall thereupon notify each objector, or his agent, who has signed his or her name to the statement, by depositing, in the postoffice of said city a notice addressed to him or her, postage prepaid, notifying the objectors of the time and place of hearing. At the time specified, the council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, except that in the choice of trees to be planted, it shall be governed by the written request of the owners of a majority of the frontage on both sides of the street which it is proposed to plant. If the objections be sustained, no further proceedings shall be taken under the resolution of intention for six months

after the date of its passage. If it be again proposed to plant the street, the council shall commence proceedings de novo as if no action had been previously taken.

When council acquires jurisdiction.

§ 4. At the expiration of ten days after the expiration of the time of publication of said resolution of intention, if no written objections to the work therein described shall have been filed with the city clerk, as hereinbefore provided, otherwise, immediately upon the overruling of the objections by the council, the council shall be deemed to have acquired jurisdiction to order to be done the work which is authorized by this act, which order shall be published for two days in the same papers and manner as provided for the publication of the resolution of intention.

Notices and specifications posting and advertising. Bids. Care and maintenance for three years. Awards. Re-advertising. Unfinished work.

§ 5. Before passing any resolutions for the planting of any street, the city council shall cause notice, with specifications, to be posted conspicuously for five days near the door of the council chamber, and shall advertise the same for five days in the same manner and papers as heretofore provided for the publication of the resolution of intention, inviting sealed proposals for bids for furnishing the trees and doing the work ordered. All bids shall state the sum or price for which the bidder will undertake to furnish the trees, of the kind, age, and size required, and will suitably prepare the ground, set out the trees, warrant every one of them to grow, or replace all that fail to grow or receive damage from whatever cause with others of the same kind, and of suitable age and size to preserve uniformity, and will for three years care for, cultivate, protect, irrigate, and trim said trees. And no order for the planting of any street shade trees shall be made that does not likewise provide for the care and maintenance of the trees for three years by the contractor planting the trees. All proposals or bids shall be accompanied by a check payable to the order of the mayor or president of the city council, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal. Said proposals or bids shall be delivered to the clerk of the city council, indorsed "proposals to plant trees," and said council shall, in open session, examine and publicly declare the same; provided, that no proposal or bid shall be considered unless accompanied by said check. The council may reject all proposals, should it deem this for the public good, and shall reject the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and may award the contract to the lowest responsible bidder, at the prices named in his bid, which award shall be approved by the mayor or president of the council. Notice of such awards of contract shall be posted and advertised for five days, in the manner hereinbefore provided, and it shall be the duty of the superintendent of streets to enter into a contract with the bidder to whom the work shall have been awarded by the council, and at the prices specified in his bid; whereupon the certified checks of all the other bidders shall be returned to them, respectively. But if such lowest bidder neglects, fails, or refuses, for fifteen days after the first posting and publication of the award, to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and shall award the contract for said work to the then lowest bidder. If the contractor who shall have taken any contract shall not complete the planting, within the time limited in the contract, or within such further time as the council may give him, the superintendent of streets shall report such delinquency to the council, which may relet the unfinished portion of the planting and the future care of the trees, after pursuing the formalities hereinbefore prescribed for the letting of the whole in the first instance.

Bond of contractor. What bidder must pay in advance.

§ 6. All contractors shall, at the time of executing any contract for the planting and

care of trees, execute a bond to the satisfaction of the mayor or president of the city council, with two or more sureties, and payable to the city in such sums as the mayor or president of the council shall deem adequate, conditioned for the faithful performance of the contract, and the sureties shall justify before the recorder or a justice of the peace, in double the amount mentioned in such bond, over and above all statutory exemption. Before being entitled to any contract, the bidder to whom the award shall have been made must pay into the city treasury the cost of the publication of notices, resolutions, and orders, and all other incidental expenses required under the proceedings prescribed by this act.

All work under direction of superintendent of streets.

§ 7. All work done under the provisions of this statute shall be executed under the direction of the superintendent of streets, whose duty it shall be, under the general control of the council, to see that all the obligations assumed by contractors towards the city are faithfully complied with, and that all trees furnished are sound, healthy, free from infection by insects, and of the kind, size, and age called for by the contract. He shall certify to the completion of all work, or portion of work, which, by the terms of the contract, shall entitle the contractor to payment in whole or in part, and the presentation of his certificate by the contractor shall be a condition precedent to each payment that shall become due under the contract.

Payment to contractors to be in installments.

§ 8. Said assessment shall briefly refer to the contract, the work contracted for, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per foot front assessed, the amount of each assessment, the name of the owner of each lot, if known to the assessor (if unknown, the word "unknown" shall be written opposite the number or description of the lot, with the amount assessed thereon). To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets, and countersigned by the mayor or president of the council. The said assessments and warrants shall be separately issued for each payment that shall be due the contractor, as specified in section 8 of this act, and shall be substantially in the following form:

Said proposed improvement may include any or all of the different kinds of work mentioned in section two of this act; provided, however, that the care of said trees, shrubs, plants or grass shall be for a period stated in the resolution of intention, which shall not exceed five years; and provided, further, that it shall not

be necessary to specify or describe in said resolution of intention the kind of trees, shrubs, plants or grass to be planted or removed or changed, their size or age or the method or manner of planting or removing or changing them. The city council shall also, in the same resolution, refer the proposed improvement to the city engineer, or other officer, board, or commission, designated by said council as provided in section 4 herein, and direct such person, board or commission to make and file with the clerk of the city council a report in writing, presenting the following:

Said assessment shall refer to said lots, parts of lots and lands upon said diagram by the respective red ink number thereof, and shall show the names of the owners, if known, otherwise designating them as owners. Any mistake in the name of the owner of any lots, parts of lots, or lands shall not affect the validity of the assessment thereon. [Amendment of June 12, 1915. In effect August 11, 1915, Stats. 1915, p. 1518.]

§ 4. In any municipality having a board, commission or officer in charge of tree planting, created by its charter or by law or ordinance, the proposed improvement shall be referred to said board, commission or officer, and the report provided for in section three of this act shall be made and filed by said board, commission or officer. [Amendment of June 12, 1915. In effect August 11, 1915, Stats. 1915, p. 1518.]

Hearing on report.

§ 5. Upon the filing of the report provided for in section three of this act, the said clerk shall present the same to the city council for consideration, and said council may modify the same in any respect, and, in case of any such modification, the report as modified shall stand as the report for the purpose of all subsequent proceedings. Thereafter, the council, by resolution, shall appoint a time and place for hearing protests in relation to the proposed improvement, which time shall not be less than twenty days from the date of the passage of said resolution, and shall direct the clerk of the city council to give notice of said hearing, and shall designate the newspaper in which such notice shall be published.

Posting of resolution.

§ 6. After the passage of the resolution mentioned in section five of this act, the clerk of said city council shall cause to be conspicuously posted along all streets, avenues, lanes, alleys, courts, places or pathways, or parts thereof, included in said resolution of intention, at not more than three hundred feet in distance apart, notices (not less than three in all), of the passage of said resolution of intention and of the filing of said report. Said notices shall be headed "notice of local improvement," in letters not less than one inch in length, shall be in legible characters, and shall state

the fact and date of the passage of said resolution of intention and of the filing of said report, and the date set for the hearing of said protests, and briefly describe the improvement proposed and refer to said resolution and report for further particulars. He shall also cause a notice similar in substance to be published for a period of two days in a daily newspaper published and circulated in said municipality and designated by said city council for that purpose, or if there is no daily newspaper in said municipality, then by two successive insertions in a weekly paper, so published, circulated and designated. Said notices must be posted and published, as above provided, at least ten days before the date set for the hearing of said protests. In case there is no daily or weekly newspaper published and circulated in said city, then said notice shall be posted in three of the most public places in such city at least ten days before the date set for the hearing of said protest. [Amendment of June 12, 1915. In effect August 11, 1915, Stats. 1915, p. 1519.]

Hearing of protests.

§ 7. Any person interested, objecting to said improvement, or to the proposed assessment provided for in section three hereof, may file a written protest with the clerk of the city council at or before the time set for the hearing referred to in section five hereof. The clerk shall indorse on every such protest the date of its reception by him, and at the time appointed for said hearing shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council finds that the same are signed by the owners of a majority of the property fronting on the streets, avenues, lanes, courts, places and pathways, or parts thereof, within said assessment district, all further proceedings under said resolution of intention shall be barred and no new resolution of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the property fronting on the streets, avenues, lanes, courts, places and pathways, or parts thereof, within said assessment district, shall in the meantime petition therefor. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on said proposed improvement, the council shall hear said protests at the time appointed therefor, as above provided, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive, and if such protests are sustained the proceedings shall be abandoned, but may be renewed at any time, and if such protests are denied, the proposed assessment shall be confirmed. If such protests are against the proposed assessment, the council shall hear said protests at the time appointed therefor, as above provided, or at any time to which the hearing thereof may be adjourned, and may confirm or correct said proposed assessment; provided, however, that they shall not alter the same so as to provide for the doing of any kind of work not included in said report, or the doing of work upon any street, avenue, lane, alley, court, place or pathway, or parts thereof, not included in said report, and shall not increase the amount to be raised above the amount specified in said report. When, upon the hearing, said proposed assessment is confirmed or corrected, or in case no protests are filed, the report provided for in section three hereof shall be adopted as a whole, with any modifications or corrections that have been made therein and the city council shall, by resolution, order said proposed improvement to be made, and declare its action upon said report and assessment, which resolution shall be final and conclusive on all persons, and the assessment shall be thereby levied upon the lots, parts of lots and lands fronting upon the streets, avenues, lanes, alleys, courts and places, or parts thereof, along and in which said improvement is to be made. [Amendment of June 12, 1915. In effect August 12, 1915, Stats. 1915, p. 1519.]

Validity of assessment.

§ 8. The validity of an assessment levied under this act shall not be contested in any action or proceeding unless the same is commenced within thirty days after the time said assessment is levied, and any appeal from a final judgment in such an action or proceeding must be perfected within thirty days after the entry of such judgment.

Diagram of tax collector.

§ 9. Upon the passage of the resolution provided for in section seven hereof, the clerk of said city council shall transmit to the tax collector of the municipality, the diagram and assessment provided for in subdivisions 3 and 4 of section three hereof, and any corrections thereof made by the city council.

Diagram recorded. Assessments delinquent.

§ 10. Upon the receipt of the diagram and assessment referred to in the last preceding section, the tax collector of the municipality shall record the same in a substantial book, to be kept for that purpose, in his office, and shall thereupon fix a day not less than twenty, nor more than thirty, days from the date of the receipt by him of said diagram and assessment, after which all assessments unpaid shall become delinquent and ten per cent shall be added to the amount thereof, and shall also fix a day for the sale of the various parcels of land upon which the assessments are unpaid, which said date shall be not less than fifty days nor more than sixty days from the date of the receipt by him of said diagram and assessment.

Notice of sale. Sale.

§ 11. Notice of the sale of property upon which the said assessments are delinquent shall be given by said tax collector by posting and publication in the manner now provided by the general laws of the state of California, for giving notice of sale of real estate upon execution; provided, however, that the descriptions of the various parcels of land need not be set out at length, but only by the respective numbers of the same as they appear upon the assessment and diagram, which shall be properly referred to in said notice, and said descriptions shall all be contained in one notice. At the time and place fixed for the sale of said property, the tax collector shall separately sell the respective parcels of land, and assessments against which have not been paid, or so much of each parcel as shall be necessary to realize the amount assessed against said parcel, said ten per cent penalty for delinquency, and its proportion of the expenses of sale, in the order of their numbers upon said diagram. At said sale the municipality may be a purchaser.

Certificate of sale.

§ 12. The tax collector shall issue for each sale an original and a duplicate certificate of sale, referring to the proceedings, describing the parcel sold, and giving the name of the purchaser and the amount for which said parcel was sold. The original certificate he shall deliver to the purchaser, and the duplicate he shall keep on file in his office in the form of a stub in the certificate book.

Redemption of property sold.

§ 13. At any time before the expiration of one year from the date of the sale, any property sold under the provisions of the preceding sections may be redeemed by the payment to the tax collector of the amount for which the property was sold, with an additional penalty of twenty-five per cent of said amount. Said redemption money shall be paid by the tax collector to the person holding the original certificate of sale upon his delivering up the same and receipting for the amount received from the tax collector therefor. Upon redemption of any parcel of land the tax collector shall enter the fact and date of such redemption upon the duplicate certificate of sale thereof.

Deed after one year.

§ 14. If the property is sold, and is not redeemed within said period of one year from the date of sale, the tax collector shall execute to the person named in the original certificate, or to his assignee, a deed of the property described in said certificate, which said deed shall refer in general terms to the proceedings under which the same is issued, and shall contain a description of the property. Such deed shall convey title in fee to said property, and the grantee is immediately, upon the receipt thereof, entitled to possession of the property described therein.

Special fund. Loan to special fund.

§ 15. The funds collected by the tax collector under the proceedings herein provided for, either upon voluntary payment, or as the result of sales, shall be paid by said tax collector as fast as collected to the treasurer of said municipalities, who shall place the same in a special fund designated by the city council, and payments shall be made out of said special fund only for the purposes provided for in this act. To expedite the making of any such improvement, the city council may at any time transfer into said special fund, out of any money in the general fund, such sums as it may deem necessary, and the sums so transferred shall be deemed a loan to such special fund and shall be repaid out of the proceeds of the assessments provided for in this act.

Performance of work.

§ 16. At any time after the funds for the work, or any part of the work, shall be in the hands of said treasurer, the municipality shall itself execute and perform the work embraced in the plans and specifications contained in the report provided for in sections three and four of this act, in accordance with said plans and specifications without awarding a contract therefor and employ the labor, and provide the nursery stock material and supplies necessary therefor, or at its option do the work or any portion thereof by contract let in the manner employed by the charter of said municipality, or the law under which the said municipality is organized. The cost and expenses of such work shall be paid out of said special fund; and in case of a deficiency in the fund for such improvement, the city council, in its discretion, may provide for such deficiency by an appropriation out of the general fund of the treasury, or by ordering a supplementary assessment to be made upon the same property in the same manner and form, and to the same effect, and subject to the same procedure as the original assessment; and in the last named case, in order to avoid delay, the city council may advance such deficiency out of any money in the general fund of the treasury, and reimburse the treasury from the collections under such supplementary assessment. The work must be done under the supervision, direction and control of the board, commission or officer by whom the report provided for in section three of this act was made, and no work shall be paid for except upon the order and approval of said board, commission or officer. [Amendment of June 12, 1915. In effect August 11, 1915, Stats. 1915, p. 1520.]

Pro rata refund of surplus.

§ 17. If at any time an assessment for any such improvement shall realize a larger sum than is necessary therefor, the excess shall be refunded pro rata to the parties by whom it was paid.

Assessment lien on land.

§ 18. Every special assessment levied under this act shall, from the date of the levy thereof, be a lien upon the land upon which it is levied paramount to all other liens, except prior assessments and taxation, and such lien shall continue until such special assessment is paid, or until the property is sold and a deed is made therefor to the

purchaser as hereinbefore provided, and all parties shall have constructive notice of such lien from the date of the passage of the resolution referred to in section seven hereof.

Laying out, opening, closing, etc., streets, lanes, alleys, etc.

§ 1. Whenever the public interest or convenience may require, the city council of any municipality shall have full power and authority to order the opening, extending, widening, straightening, or closing up in whole or in part of any street, square, lane, alley, court, or place within the bounds of such city, and to condemn and acquire any and all land and property necessary or convenient for that purpose.

Resolution of council declaring intention to perform street work.

§ 2. Before ordering any work to be done or improvement made which is authorized by section one of this act, the city council shall pass a resolution declaring its intention to do so, describing the work or improvement, and the land deemed necessary to be taken therefor, and specifying the exterior boundaries of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the damages, cost, and expenses thereof.

Street superintendent to post notice.

§ 3. The street superintendent shall then cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution. Said notice shall be headed "notice of public works." in letters not less than one inch in length, shall be in legible characters, state the fact of passage of the resolution, its date, and, briefly, the work or improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice, similar in substance, to be published for a period of ten days in one or more daily newspapers published and circulated in said city, and designated by said city council; or if there is no daily newspaper so published and circulated in said city, then by four successive insertions in a weekly or semi-weekly newspaper, so published, circulated, and designated.

§ 4. Any person interested objecting to said work or improvement, or to the extent of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the cost and expenses thereof, may make written objections to the same within ten days after the expiration of the time of the publication of said notice, which objection shall be delivered to the clerk of the city council, who shall indorse thereon the date of its reception by him, and at the next meeting of the city council after the expiration of said ten days lay said objections before said city council, which shall fix a time for hearing said objections, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections, by depositing a notice thereof in the postoffice of said city, postage prepaid, addressed to such objector.

Decision of council to be final.

§ 5. At the time specified or to which the hearing may be adjourned, the said city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. If such objections are sustained, all proceedings shall be stopped, but proceedings may be again commenced at any time by giving notice of intention to do said work or make said improvement. If such objection is overruled by the city council, the proceedings shall continue the same as if such objection had not been made. At the expiration of the time prescribed during which objections to said work or improvement may be made, if no objection shall have been made, or if an objection shall have been made, and said council, after hearing, shall have overruled the same, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done, or improvements to be made, which is authorized by section 1 of this act.

Jurisdiction.

§ 6. Having acquired jurisdiction as provided in the preceding section, the city council shall order said work to be done, and unless the proposed work is for closing up, and it appears that no assessment is necessary, shall appoint three commissioners to assess benefits and damages, and have general supervision of the proposed work or improvement until the completion thereof in compliance with this statute. For their services, they shall receive such compensation as the city council may determine from time to time; provided, that such compensation shall not exceed two hundred dollars per month each, nor continue more than six months, unless extended by order of the city council. Such compensation shall be added to and be chargeable as a part of the expenses of the work or improvement. Each of said commissioners shall file with the clerk of the city council an affidavit, and a bond to the state of California, in the sum of five thousand dollars, to faithfully perform the duties of his office. The city council may at any time remove any or all of said commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them for any cause.

Commissioners to employ assistance.

§ 7. Said commissioners shall have power to employ such assistance, legal or otherwise, as they may deem necessary and proper; also to rent an office, and provide such maps, diagrams, plans, books, stationery, fuel, lights, postage, expressage and incur such incidental expenses as they may deem necessary.

Expenses to be a charge upon the particular work required.

§ 8. All such charges and expenses shall be deemed as expenses of said work or improvement, and be a charge only upon the lands devoted to the particular work

or improvement, as provided hereinafter. All payments, as well for the land and improvements taken or damaged, as for the charges and expenses, shall be paid by the city treasurer, upon warrants drawn upon said fund from time to time, signed by said commissioners, or a majority of them. All such warrants shall state whether they are issued for land or improvements taken or damaged, or for charges and expenses, and that the demand is payable only out of the money in said fund, and in no event shall the city be liable for the failure to collect any assessment made by virtue hereof, nor shall said warrant be payable out of any other fund, nor [be] a claim against the city.

Assessment for damages.

§ 9. Said commissioners shall proceed to view the lands described in the resolution of intention, and may examine witnesses on oath to be administered by any one of them. Having viewed the land to be taken, and the improvements affected, and considered the testimony presented, they shall proceed, with all diligence, to determine the value of the land, and the damage to improvements and property affected, and also the amount of the expenses incident to said work or improvement, and having determined the same shall proceed to assess the same upon the district of lands declared benefited, the exterior boundaries of which were fixed by the resolution of intention provided for by section 2 hereof. Such assessment shall be made upon the lands within said district in proportion to the benefit to be derived from said work or improvement, so far as the said commissioners can reasonably estimate the same, including in such estimate the real property of any railroad company within said district, if such there be, and may also include in such estimate any or all public property within said district. [Amendment approved April 21, 1909, Stats. 1909, p. 1034. In effect immediately.]

Report to council accompanied with a plat of the assessment district.

§ 10. Said commissioners having made their assessment of benefits and damage, shall, with all diligence, make a written report thereof to the city council, and shall accompany their report with a plat of the assessment district showing the land taken or to be taken for the work or improvement, and the lands assessed, showing the relative location of each district, block, lot, or portion of lot, and its dimensions, so far as the commissioners can reasonably ascertain the same. Each block and lot, or portion of lot, taken or assessed, shall be designated and described in said plat by an appropriate number, and in reference to it by such descriptive number shall be a sufficient description of it in any suit entered to condemn, and in all respects. When the report and plat are approved by the city council, a copy of said plat, appropriately designated, shall be filed by the clerk thereof in the office of the recorder of the county.

Report what must specify.

§ 11. Said report shall specify each lot, subdivision, or piece of property taken or injured by the widening or other improvement, or assessed therefor, together with the name of the owner or claimants thereof, or of persons interested therein as lessees, encumbrancers, or otherwise, so far as the same are known to such commissioners, and the particulars of their interest, so far as the same can be ascertained, and the amount of value or damage, or the amount assessed, as the case may be.

When set down to unknown owners.

§ 12. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt as to the ownership of any lot of land, or of any improvements thereon, or of any interest therein, it shall be set down as belonging to unknown owners. Error in the designation of the owner or owners of any land or improvements, or of the particulars of their interest, shall not affect the validity of the assessment or of the condemnation of the property to be taken.

Filing of report and plat, and publication of.

§ 13. Said report and plat shall be filed in the clerk's office of the city council, and thereupon the clerk of said city council shall give notice of such filing by publication for at least ten days in one or more daily newspapers published and circulated in said city; or if there be no daily paper, by three successive insertions in a weekly or semi-weekly newspaper so published and circulated. Said notice shall also require all persons interested to show cause, if any, why such report should not be confirmed, before the city council on or before a day fixed by the clerk thereof, and stated in said notice, which day shall not be less than thirty days from the first publication thereof.

Objections must be in writing.

§ 14. All objections shall be in writing, and filed with the clerk of the city council, who shall, at the next meeting after the day fixed in the notice to show cause, lay the said objections, if any, before the city council, which shall fix a time for hearing the same, of which the clerk shall notify the objectors in the same manner as objectors to the original resolution of intention; at the time set, or at such other time as the hearing may be adjourned to, the city council shall hear such objections and pass upon the same; and at such time, or, if there be no objections, at the first meeting after the day set in such order to show cause, or such other time as may be fixed, shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and plat, which shall be filed, notice given, and hearing had, as in the case of an original report.

Duty of clerk of council.

§ 15. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat, as finally confirmed and adopted by the city council. Such certified copy shall thereupon be the assessment-roll. Immediately upon receipt thereof by the street superintendent, the assessment therein contained shall become due and payable, and shall be a lien upon all the property contained or described therein.

Duty of superintendent of streets on receiving certified copy of report as confirmed by council.

§ 16. The superintendent of streets shall thereupon give notice by publication for ten days in one or more daily newspapers published and circulated in such city or city and county, or by two successive insertions in a weekly or semi-weekly newspaper so published and circulated, that he has received said assessment-roll, and that all sums levied and assessed in said assessment-roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per cent upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment, will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "paid," and the date of the payment, opposite the respective assessment so paid, and the names of persons by or for whom said assessment is paid, and shall, if so required, give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment-roll, and shall add five per cent to the amount of each assessment so delinquent. The said superintendent of streets shall, within five days from the date of said delinquency, proceed to advertise and collect the various sums delinquent, and the

whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land separately assessed, by the sale of the assessed property in the same manner as is or may be provided for the collection of state and county taxes; and after the date of said delinquency, and before the time of such sale herein provided for, no assessment shall be received unless at the same time the five per cent added thereto, as aforesaid, together with the costs of advertising then already incurred, shall be paid therewith. Said list of delinquent assessments shall be published daily for five days in one or more daily newspapers published and circulated in such city, or by at least one insertion in a weekly newspaper so published and circulated, before the day of sale of such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment-list, and the place must be in or in front of the office of said superintendent of streets. All property sold shall be subject to redemption in the same time and manner as in sales for delinquent state and county taxes; and the superintendent of streets may collect for each certificate fifty cents, and for each deed one dollar. All provisions of the law, in reference to the sale and redemption of property for delinquent state and county taxes in force at any given time, shall also then, so far as the same are not in conflict with the provisions of this act, be applicable to the sale and redemption of property for delinquent assessments hereunder, including the issuance of certificates and execution of deeds. The deed of the state superintendent made after such sale, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder, and of title in the grantee. It shall be conclusive evidence of the necessity of taking or damaging the lands taken or damaged, and the correctness of the compensation awarded therefor. The superintendent of streets shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating such fund by the name of the street, square, lane, alley, court, or place for the widening, opening, or other improvement of which the assessment was made. Payments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners, or a majority of them.

Payments for land and improvements, when and how made.

§ 17. When sufficient money is in the hands of the city treasurer, in the fund devoted to the proposed work or improvement, to pay for the land and improvements taken or damaged, and when in the discretion of the commissioners, or a majority of them, the time shall have come to make payments, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of any land or improvement thereon to whom damages shall have been awarded, that a warrant has been drawn for the payment of the same, and that he can receive such warrant at the office of such commissioners upon tendering a conveyance of any property to be taken; such notification, except in the case of unknown owners, to be made by depositing a notice, postage paid, in the postoffice, addressed to his last known place of abode or residence. If at the expiration of thirty days after the deposit of such notice, he should not have applied for such warrant, and tendered a conveyance of the land to be taken, the warrant so drawn shall be deposited with the county treasurer, and shall be delivered to such owner, possessor, or occupant, upon tendering a conveyance as aforesaid, unless judgment of condemnation shall be had, when the same shall be canceled.

Proceedings to condemn on refusal to accept payment.

§ 18. If any owner of land to be taken neglects or refuses to accept the warrant drawn in his favor, as aforesaid, or objects to the report as to the necessity of taking his land, the commissioners, with the approval of the city council, may cause proceedings to be taken for the condemnation thereof, as provided by law under the right of

eminent domain. The complaint may aver that it is necessary for the city to take or damage and condemn the said lands, or an easement therein, as the case may be, without setting forth the proceedings herein provided for, and the resolution and ordinance ordering said work to be done shall be conclusive evidence of such necessity. Such proceedings shall be brought in the name of the municipality, and have precedence so far as the business of the court will permit; and any judgment for damages therein rendered shall be payable out of such portion of the special fund as may remain in the treasury, so far as the same can be applied. At any time after trial and judgment entered, or preceding an appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from the fund appropriated to the particular improvement to answer the judgment and all damages, and thereupon may authorize and order the municipality to enter upon the land and proceed with the proposed work and improvement. In case of a deficiency in said fund to pay the whole of such judgment and damages, the city council may, in their discretion, order the balance thereof to be paid out of the general fund of the treasury or to be distributed by the commissioners over the property assessed by a supplementary assessment; but in the last-named case, in order to avoid delay, the city council may advance such balance out of any appropriate fund in the treasury, and reimburse the same from the collections of the assessment. Pending the collection and payment of the amount of the judgment and damages, the court may order such stay of proceedings as may be necessary.

Duty of treasurer on payment of warrants.

§ 19. The treasurer shall pay such warrants out of the appropriate fund, and not otherwise, in the order of their presentation; provided, that warrants for land or improvements taken or damaged shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money is and remains in the fund to pay all warrants of the first class before paying any of the second.

Supplementary assessment to meet delinquency. Pro rata dividend.

§ 20. If after the sale of the property for delinquent assessments there should be a deficiency, and there should be unreasonable delay in collecting the same, or if for the purpose of equalizing the assessments supplying a deficiency, or for any cause it appear desirable, the commissioners may so report to the city council, who may order them to make a supplementary assessment and report the same in manner and form as the original, and subject to the same procedure. If by reason of such supplementary assessment, or for any cause, a surplus should remain after all claims against the improvement fund have been paid, the city council may appropriate said surplus and declare a dividend pro rata to the parties paying the same, and they, upon demand, shall have the right to have the amount of such pro rata dividends refunded to them, or credited upon any subsequent assessment for taxes made against said parties in favor of said city; provided, the city council may appropriate and transfer the said surplus to the general fund of the fiscal year in which the surplus exists, if said surplus does not exceed 5 per cent of the total amount expended out of the improvement fund; and, provided, further, that said surplus so transferred shall in no case exceed one thousand dollars. [Amendment approved June 3, 1913, Stats. 1913, p. 377. In effect August 10, 1913.]

Proceedings to settle defective title.

§ 21. If any title attempted to be acquired by virtue of this act shall be found to be defective from any cause, the city council may again institute proceedings to acquire the cause as in this act provided, or otherwise, or may authorize the commissioners to purchase the same and include the cost thereof in a supplementary assessment as provided in the last section.

Procedure when boundaries of districts of lands affect whole city.

§ 22. If the city council deem it proper that the boundaries of the districts of lands to be affected and assessed to pay the whole or any portion of the damages, cost and expenses of any work or improvement under this act, shall include the whole city, then the commissioners appointed shall proceed in a summary manner to purchase the lands to be taken or condemned from the owners and claimants thereof. If said commissioners and the owners and claimants can not agree upon the price to be paid for said lands, they shall proceed to view and value the same, and shall thereupon make a summary report to the city council. Upon final confirmation of the report, the city council, if there be not sufficient money available in the city treasury, shall cause the whole or any such portion of the cost and expenses of the contemplated public improvement to be assessed upon the whole of the taxable property of said city, and to be included in and form part of the next general assessment roll of said city, and with like effect in all respects as if the same formed a part of the city, state and county taxes; and when the same shall have been collected the said city council shall cause the land required to be paid for or the value thereof tendered, and the said contemplated public improvement to be forthwith made and completed. All the provisions of the preceding sections not in conflict with this section shall be applicable thereto. [Amendment of May 8, 1919. In effect July 22, 1919, Stats. 1919, p. 464.]

Use of words "work" and "improvement."

§ 23. 1. The words "work" and "improvement," as used in this act, shall include all work mentioned in section 1 of this act.

Notices to be posted when publication can not be had.

2. In case there is no daily or weekly or semi-weekly newspapers printed and circulated in the city, then such notices as are herein required to be published in a newspaper shall be posted and kept posted for the length of time required herein for the publication of the same in a weekly newspaper, in three of the most public places in such city. Proof of the publication or posting of any notice provided for herein shall be made by affidavit of the owner, publisher or clerk of the newspaper or of the poster of the notice.

Construction of words "municipality" and "city."

3. The word "municipality" and the word "city" shall be understood and so construed as to include all corporations heretofore organized and now existing, or hereafter organized, for municipal purpose.

Construction of terms "street superintendent" and "superintendent of streets."

4. The terms "street superintendent" and "superintendent of streets," as used in this act, shall be understood and so construed as to include, and are hereby declared to include any person or officer whose duty it is, under the law, to have the care or charge of the streets, or the improvement thereof, in any city. In all those cities where there is no street superintendent or superintendent of streets, the city council thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of street superintendent or superintendent of streets; and all the provisions hereof applicable to the street superintendent or superintendent of streets shall apply to such persons so appointed.

Construction of term "city council."

5. The term "city council" is hereby declared to include any body or board which, under the law, is the legislative department of the government of any city.

Construction of terms "clerk" and "city clerk."

6. The terms "clerk" and "city clerk," as used in this act, is hereby declared to include any person or officer who shall be clerk of said city council.

Construction of terms "treasurer" and "city treasurer."

7. The term "treasurer" or "city treasurer," as used in this act, shall include any person or officer who shall have charge and make payment of the city funds.

8. No publications or notice other than that provided for in this act shall be necessary to give validity to any proceedings had thereunder.

Proceedings commenced before passage of this act to be continued by resolution of council.

§ 24. The proceedings in any work or improvement, such as is provided for in this act, already commenced, and now progressing under any other act now in force, or by virtue of any ordinance passed by any city council or board of supervisors of any city, county, or city and county, by virtue of any other act now in force, may, from any stage of such proceedings already commenced and now progressing, be contained under this act by resolution of the city council. The said work or improvement may then be conducted under the provisions of this act with full force and effect in all respects, from the stage of such proceedings under such other acts or ordinances at and from which such resolution shall declare an election or intention to have said work or improvement cease under such other act or ordinance, and continue under this act; and from such election so made, all proceedings theretofore had under such other act or ordinance are hereby ratified, confirmed, and made valid, and it shall be unnecessary to renew or conduct over again proceedings had under such other act or ordinance. This section shall not apply to any work or improvement, proceedings in which were commenced more than eighteen months prior to the passage of this act.

Act to be liberally construed.

§ 25. The provisions of this act shall be liberally construed to promote the objects thereof. This act shall take effect and be in force from and after its passage.

Repealed as to cities over 40,000. See post Act 4949.

1. Constitutionality—Due process satisfied.—The provision for notice and hearing of objections fully satisfied the mandate of the constitution as to due process.—United, etc., Co. v. Barnes, 159 Cal. 242, 113 Pac. 167.

2. Same—General law—Uniform in operation—Title covers subject of assessments.—The act is not unconstitutional either because not a general law or because it is not uniform in its operation, or because its title does not express the subject as assessments on which it legislates.—Clute v. Turner, 157 Cal. 73, 106 Pac. 240.

3. Same—No denial of equal protection—Assessment for special benefits.—The act does not deny equal protection in the matter of providing for assessments for special benefits.—Clute v. Turner, 157 Cal. 73, 106 Pac. 240.

4. Same—Los Angeles charter—Amendment of 1896, section 6, article XI, constitution.—Opening and widening streets are "municipal affairs," and the provisions of the Los Angeles charter upon the subject, which were suspended by the present act, were relieved from its control by the amendment of 1896 to section 6, article XI

of the constitution.—Byrne v. Drain, 127 Cal. 663, 60 Pac. 433.

5. Same—Same—Same—Assessment void.—The act ceased to be operative in Los Angeles on the adoption of the amendment, and an assessment based on the general law after that date was void.—Byrne v. Drain, 127 Cal. 663, 60 Pac. 433; Baird v. Monroe, 150 Cal. 560, 89 Pac. 352.

6. Same—Power to open streets and regulate railroads therein is reserved to city.—The power to establish, lay out, and open streets and crossings thereof, and to regulate the construction and operation of railroads within the city is conferred by the charter (section 2, charter of 1889, as amended 1905, 1909, 1911), and hence is expressly reserved to the city by section 23, article XII, of the constitution, and section 82 of the public utilities act.—City of Los Angeles v. Central Trust Co., 173 Cal. 323, 159 Pac. 1169.

7. Same—Upheld.—The act is held constitutional on the authority of Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771; Cohen v. Alameda, 124 Cal. 504, 57 Pac. 377; Alameda v. Cohen, 133 Cal. 5, 65 Pac. 127.

8. Same—Assessment in proportion to benefits valid.—An assessment based on

proportionate benefits confirmed by the city council without objection is not invalid on constitutional grounds.—Cohen v. Alameda, 124 Cal. 504, 37 Pac. 377.

9. Same—Title covers sections providing for assessments to pay for condemned land.—The title is sufficient to cover the subject of assessment of other lands to pay for lands condemned.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

11. Same—Due process—Sufficient notice.—The act requires notice of every material step in the proceedings, and does not therefore, deny due process of law.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

12. Same—Same—Same—Personal notice.—The fact that notice is by posting and not personal notice does not affect the constitutionality of the act.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

13. Same—Same—Same—Assessment of lands benefited.—The notice of assessment of lands benefited with the resolution of intention is sufficiently definite to call the attention of the property owner that the improvement is contemplated.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

14. Same—Same—Same—Same.—The reference in the notice of assessment of lands benefited to the resolution of intention is sufficient to call the attention of the property owner to the fact that his own lands are included.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

15. Same—Same—Same—Legislative discretion as to sufficiency of notice.—It is for the legislature to say what is sufficient notice, so long as the notice required is reasonable and not arbitrary, oppressive or unjust.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

16. Same—Same—Certainty of benefits before lien imposed.—It is not necessary that the benefits should be certain before the lien is imposed, and the statute does not require this to be done.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

17. Same—Same—Same—Statute not invalidated by uncertainty.—Assessments for benefits are made upon the theory that the work is to be accomplished, and if it is not, it is certain that no benefit would accrue, but such a contingency could hardly invalidate the statute.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

18. Same—Same—Assessments too high.—The act is not invalidated because it admits of an assessment for benefits largely in excess of the amount required, since the act requires the refunding of the excess.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

19. Same—Same—Assessment of value of property taken.—The provision as to the assessment of the value of the property taken does not invalidate the act, since it is optional with the property owner to accept such assessment, and a full scheme of condemnation is provided.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

20. Same—Same—Same—Owner of property not taken can not object.—The owner

of property not taken can not object to the matter of condemnation of property taken, which is a matter affecting only the rights of the city and such property owner.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

21. Same—Appointment of special commission to perform municipal functions.—The commissions provided for in the act are merely the agents of the municipality and act under direction of the city authorities, and their acts are not binding until approved and confirmed, and the provisions for their appointment is not violative of section 13, article XI, of the constitution, prohibiting the appointment of commissions to perform municipal functions.—Davies v. Los Angeles, 86 Cal. 37, 24 Pac. 771.

22. Same—Title sufficiently covers subject.—The title of the act sufficiently covers the subject of the act.—San Francisco v. Kiernan, 98 Cal. 614, 33 Pac. 720.

23. Same—Due process of law—Notice by posting and publication.—Service of the notice of public work by posting and publication required by the act does not constitute a violation of due process of law.—Wulzen v. Supervisors, 101 Cal. 15, 40 Am. St. Rep. 17, 35 Pac. 353.

24. Same—Board of supervisors have no jurisdiction to condemn land.—An order of the board of supervisors opening and extending Market street to the ocean and purporting to condemn, appropriate, set apart and take for public use the land within the exterior boundaries of such proposed street, is, so far as the condemning, appropriating, setting apart and taking are concerned, judicial in its nature, and to that extent void, as beyond the board's jurisdiction.—Wulzen v. Supervisors, 101 Cal. 15, 40 Am. St. Rep. 17, 35 Pac. 353.

25. City council must comply strictly with statute.—In proceedings to open streets, municipalities can act legally only in strict compliance with the requirements of the statutory law.—Petaluma v. Hughes, 37 Cal. App. 473, 174 Pac. 336.

26. Street law—Opening street—Proceedings under repealed act.—Proceedings to open street commenced four months after repeal of act authorizing same are null and void.—Cohen v. Gray, 70 Cal. 85, 11 Pac. 508.

27. Not repealed by 1907 amendments to eminent domain sections of the Code of Civil Procedure.—The act was not repealed by the 1907 amendments to the Code of Civil Procedure relative to eminent domain.—Clute v. Turner, 157 Cal. 73, 106 Pac. 240.

28. Not repealed by act of 1903 (Stats. 1903, p. 376).—The act was not repealed by the act of 1903 (Stats. 1903, p. 376), which merely provides an alternative method.—Clute v. Turner, 157 Cal. 73, 106 Pac. 240.

29. Act applies to Petaluma.—The city of Petaluma was authorized to proceed under the present act, in the matter of opening streets.—Petaluma v. Hughes, 37 Cal. App. 473, 174 Pac. 336.

30. Act not superseded by charter of Napa.—The act was not superseded by the charter of Napa providing that the commissioners shall perform their duties in the direction of the councilman in charge of the street department and public improvements and the city attorney.—*Napa v. Maxwell*, 36 Cal. App. 103, 171 Pac. 837.

31. Continuation of proceedings commenced under prior act.—Proceedings commenced within eighteen months prior to enactment may be continued under the act.—*San Francisco v. Klernan*, 98 Cal. 614, 33 Pac. 720.

32. Jurisdictional requirements.—It is a fundamental principle, in proceedings of this character, that every requirement of the statute which has a semblance of benefit to the owner must be observed in order to give jurisdiction; but after jurisdiction has been once acquired, irregularities affecting substantial rights only may constitute ground of attack.—*Dehall v. Morford*, 95 Cal. 457, 30 Pac. 593.

33. Diminishing width of street—Power to close in whole or in part authorizes the diminution of width.—The power to close a street in whole or in part, conferred by the act, authorizes the board to diminish the width of a street.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

34. Same—Adoption of order is determination of public interest and convenience.—The adoption of an order diminishing the width of a public street is a determination of the question of public interest and convenience.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

35. Same—Same—Hearing of objections.—The hearing of objections is not judicial but merely the mode of determining the question of public interest.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

36. Same—Same—Same—Determination final and conclusive.—The determination of the question of public interest and convenience is final and conclusive.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

37. Same—Determination as fact of resulting damages.—The board is authorized in its legislative discretion to determine in the first instance whether damages will result from the diminution of the width of a street.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

38. Same—Assessment—Notice—Hearing.—The necessity of an assessment is to be determined by the board, and may be determined irrespective of any previous notice, or after such hearing and investigation as it may deem appropriate.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

39. Same—Damage.—The diminishing of the width of a street so as to give it the same width as the majority of the streets of the city can not be said to interfere with the rights of an abutting owner.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

40. Same—Same—Diminution in value not compensable.—The damage which an abutting owner may sustain by reason of the diminution in value of his land is not

damage for which compensation is recoverable.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

41. Boundaries of district—Exclusion of public property—Within power of council.—The exclusion of public lands from the district was a mere exercise of the power of the city council under the act to determine the extent of the district and the liability of public property therein, and did not invalidate the assessment.—*Cohen v. Alameda (Cal.)*, 191 Pac. 1110.

42. Same—Description by metes and bounds—Not impaired by failure to describing exceptions.—Where the boundaries of the proposed street are clearly defined and all in private ownership are to be taken, the description of lands by metes and bounds is not impaired by an exception of lands of the city held as open ways, with describing the exceptions.—*Cohen v. Alameda*, 124 Cal. 504, 57 Pac. 377.

43. Same—Insufficient description.—An ordinance providing that exterior boundaries of the district to be benefited are "all lots and parcels of land fronting on each side of First street, from the west side of Los Angeles street to the west side of Alameda street," does not comply with the requirements of the act that the exterior boundaries of the district shall be specified, and a sale of lands for a delinquent assessment will be enjoined.—*Dehall v. Morford*, 95 Cal. 457, 30 Pac. 593.

44. Same—Same—Purpose of requirement as to specifying exterior boundaries.—The obvious reason for the requirement is that each owner of property within the district may be informed of the extent of territory which is to bear the burden, and thereby to calculate the relative burden upon himself, and determine with it is disproportionate to the benefits, and make suitable representations to the city council when it comes to act.—*Dehall v. Morford*, 95 Cal. 458, 30 Pac. 593.

45. Same—"Land," "Lands"—Defined.—The words "land" and "lands" as used in the street opening act of 1889 are used in their technical sense, meaning "territory," and not in their popular sense, as meaning the exposed surface of the earth, as distinguished from ground alternately covered and uncovered by the tides.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 407, 129 Pac. 281.

46. Same—Description held sufficient.—Description of exterior boundaries of district held sufficient under section 2 of the street opening act of 1889.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 410, 129 Pac. 281.

47. Same—Same—Reference to map not in county records.—A description in a resolution by reference to an official map of state tide lands is not insufficient merely because such map is not in the custody of an official located in the county.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 411, 129 Pac. 281.

48. Tide lands—Opening streets over.—A municipality is given power under the

street opening act of 1889 to open or extend its streets over tide lands.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 407, 129 Pac. 281.

49. Same—Manner of posting notices.—The posting of the notices of the resolution of intention under the street opening act of 1889 may, in case of opening a street across tide land, be made by attaching the same to floats anchored at proper intervals along the line of the proposed street.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 409, 129 Pac. 281.

50. Same—Same—Notices posted on floats presumed to remain in place.—Notices posted under the street opening act of 1889 by being attached to floats anchored along the line of the proposed street across tide lands, in the absence of a contrary showing, are presumed to have remained in place during the statutory period.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 409, 129 Pac. 281.

51. Same—Same—Owners of assessment not interested where notices are for condemnation.—A posting under the street opening act of 1889, insufficient against the owners of tide lands to be condemned for street purposes, can furnish no ground of complaint by landowners of the assessment district.—*West Berkeley Land Co. v. Berkeley*, 164 Cal. 406, 409, 129 Pac. 281.

52. Resolution of intention—Notice of work—Description—Sufficient.—Where the strip of land to be taken as a public street was described in detail, and lands held by the city or the people as public ways were excepted, the resolution and notice were sufficient.—*Cohen v. Alameda (Cal.)*, 191 Pac. 1110.

53. Notice—Immaterial changes during publication does not invalidate.—Immaterial changes in the notice during publication does not invalidate it.—*Petaluma v. Hughes*, 37 Cal. App. 473, 174 Pac. 336.

54. Hearing objections—Premature adjournment.—The city council lost jurisdiction to make a supplemental assessment by prematurely meeting and adjourning before the hour noticed.—*Gill v. Oakland*, 124 Cal. 335, 57 Pac. 150.

55. Expenses of improvement—Publication of delinquent assessment list—Not payable out of general fund.—Payment of the expense of publishing the delinquent assessment list, being one of the necessary expenses of the improvement, is restricted to the special fund provided, and the general fund of the city can not be made liable.—*Brooks v. San Luis Obispo*, 109 Cal. 50, 41 Pac. 791.

56. Assessment—Relationship of commissioner to owner of property—Ownership of property in district.—The fact that two of the commissioners were owners of property in district to be assessed and one was related to an owner of property therein, does not disqualify them to act or render the assessment void.—*United, etc., Co. v. Barnes*, 159 Cal. 242, 113 Pac. 167.

57. Same—Same—Same—Confirmation by the city council without objection.—In the

absence of a showing that the assessment was excessive, or that the damages allowed were too high, or that the proceedings were unfair or unjust as a matter of fact, the confirmation by the city council, without objection as to the interest of the commissioners, was conclusive.—*United, etc., Co. v. Barnes*, 159 Cal. 242, 113 Pac. 167.

58. Same—Error in designation of property-owning corporation.—An error in the designation of the name of a corporation owning an electric railway, in making the assessment, must be disregarded where the corporation paid the assessment, and it can not be complained of on the ground that all the property benefited was not assessed.—*Cohen v. Alameda*, 124 Cal. 504, 57 Pac. 377.

59. Same—Second supplemental assessment.—When a deficiency arises in the collection of the original assessment, and a supplemental assessment to reimburse advances from the general fund has been insufficient, the city council may, if the proceedings have been regularly pursued, make a second supplemental assessment to complete such reimbursement.—*Gill v. Oakland*, 124 Cal. 235, 57 Pac. 150.

60. Same—Graveling and grading street not authorized.—This act does not confer upon a city council power to include in an assessment for widening a street the cost of grading and graveling the lands taken, and such assessment being illegal creates no lien therefor.—*Wilcoxon v. San Luis Obispo*, 101 Cal. 508, 35 Pac. 988.

61. Same—Owner of property not assessed can not object to invalid assessment of other property.—Owner whose property was not assessed for costs and expenses of an improvement can not urge the objection that other property benefited was not lawfully assessed.—*San Francisco v. Kiernan*, 98 Cal. 614, 33 Pac. 720.

62. Same—Payment of commissioners out of, does not invalidate.—The payment of compensation awarded to commissioners to assess damages and benefits out of assessments does not invalidate the assessments.—*Cohen v. Alameda (Cal.)*, 191 Pac. 1110.

63. Same—Property owner not debarred from attacking because of making and denial of protest.—A property owner is not debarred from attacking a street opening assessment by legal proceedings because of the fact that he made his protest and was denied.—*Spring Street Co. v. Los Angeles*, 170 Cal. 24, 31, L. R. A. 1918E, 197, 148 Pac. 217; *Hamberger, etc., Co. v. Los Angeles*, 170 Cal. 24, 31, L. R. A. 1918E, 197, 148 Pac. 217.

64. Same—Denial of protests by city council not conclusive.—The action of city council in a street opening proceeding in denying the protests of property owners as to protests, is not conclusive, where the assessment is invalid.—*Spring Street Co. v. Los Angeles*, 170 Cal. 24, 31, L. R. A. 1918E, 197, 148 Pac. 217; *Hamberger, etc., Co. v. Los Angeles*, 170 Cal. 24, 31, L. R. A. 1918E, 197, 148 Pac. 217.

65. Condemnation—Immaterial issues.—Denials of the city's right and power to lay out any street or alley, and that it is not necessary to condemn defendant's property, and that the right of way sought to be condemned is for private and not public benefit, raise no material issues in a suit to condemn land for an alley under the act.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

66. Same—Alley a public use—Allegation that property is necessary for an alley sufficient.—An alley in a municipality is a public use, and it is only necessary to allege in a suit to condemn a right of way, that such right of way is necessary for the purposes of an alley.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

67. Same—Tender—Allegation and denial raises no material issue.—Allegation of tender unnecessary and a denial thereof raised an immaterial issue.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

68. Same—Plaintiff's motive not issuable.—Averments in answer as to motive of plaintiff in bringing action presents no material issue.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

69. Same—Disqualification of trustee—Absence of allegation that vote was essential.—An averment as to the disqualification of a trustee to act on the petition to open an alley is insufficient in any event, in the absence of an averment that the vote of such trustee was essential.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

70. Same—Objections to jurisdiction—No allegations of irregularities.—When defendant actually had a hearing before the board does not show failure of the board to acquire jurisdiction, where his answer does not show that his objections were fully presented with evidence, or that he and his counsel were thereafter excluded from the hearing, or that it passed on the objections in private session.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

71. Same—Market value—Rule of compensation.—The proper rule of compensation is the amount defendant could have sold his property for in the open market, for cash, on the day of the summons, after reasonable time to make the sale.—*Santa Ana v. Brunner*, 132 Cal. 234, 64 Pac. 287.

72. Same—Defendant can not complain of irregularity of assessment.—The proceedings to assess and enforce payment of assessments are entirely distinct from actions to condemn land, and owners of lands taken can not complain of the irregularity of assessments for benefits upon land not taken or damaged.—*Alameda v. Cohen*, 133 Cal. 5, 65 Pac. 127.

73. Same—Provisions of act not exclusive—Code provisions available.—The method of condemnation of land for a proposed street provided by this act is not exclusive and a municipality is not prohibited from maintaining proceedings under the code where it has funds in the treasury available without resort to the

method provided by the act.—*Los Angeles v. Leavis*, 119 Cal. 164, 51 Pac. 81.

74. Same—Necessity of work—Action of city council final and conclusive.—When the several steps provided by the act have been taken and the resolution and ordinance ordering the work have been regularly adopted the action of the council is final and conclusive of the necessity of the improvement, and the courts may not adjudicate such necessity in an action or proceeding for the condemnation of lands necessary to the improvement.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

75. Same—Public use and necessity—Question for city council.—A question going to the public character of the use and necessity for its establishment was properly solvable by the city council.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

76. Same—Same—Bond of private persons to contribute to expense of opening street.—The mere fact that individuals have subscribed money or given a bond to contribute toward the expense of laying out a street will not vitiate the proceedings or prove that the land was taken for the accommodation of private persons, and not for public uses.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

77. Same—"Present market value."—The present market value is the measure of damages, not the value in use to the owner or to the parties seeking to condemn it.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

78. Same—Same—Defined.—By the term "present market value" is meant not what the owner could realize at forced sale, but the price that he could obtain after reasonable and ample time, such as would ordinarily be taken by an owner in making sale of his property.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

79. Same—Same—Proof.—The court should permit a full and free investigation as to the adaptability of the land to the varied practical purposes to which it is naturally adapted, but the proof should be limited to showing the present condition of the property and the uses to which it is adapted, and may not extend to speculative inquiries as to possible future uses under altered circumstances, which may or may not arise.—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224.

80. Same—Same—Same.—The general rule in estimating the market value of property is that "it is not competent for the owner to prove what he has been offered therefor (Central, etc., Co. v. Pearson, 35 Cal. 247), or what persons who have been looking for similar property were willing to give for it."—*Santa Ana v. Harlin*, 99 Cal. 538, 34 Pac. 224. But see *Muller v. Southern, etc., Co.*, 83 Cal. 240, 23 Pac. 265.

81. Same—Same—Same—Report of commissioners.—The report of the commissioners showing what they had paid for similar land nearby was not properly admissible to show market value.—*San Luis Obispo v. Brizzolara*, 100 Cal. 434, 34 Pac. 1083.

82. Same—Invalid ordinance can not be taken as a basis.—An invalid ordinance which fails to confer upon the city of Los Angeles any jurisdiction and authority to make an improvement can not be used as a basis of any action for condemnation of the land sought to be included in the improvement.—*Los Angeles v. Dehail*, 97 Cal. 13, 31 Pac. 626.

83. Same—City must comply strictly with the act.—Municipalities must act in strict compliance with the statute in the matter of condemnation to open and widen street.—*Petaluma v. Hughes*, 37 Cal. App. 473, 174 Pac. 336. To the same effect: *Napa v. Maxwell*, 36 Cal. App. 103, 171 Pac. 837.

84. Same—Commissioners must be appointed before proceedings are commenced.—Commissioners must be appointed as required by the act before condemnation proceedings are commenced.—*Napa v. Maxwell*, 36 Cal. App. 103, 171 Pac. 837.

85. Same—Proceedings invalid on face.—In a street widening proceeding by the district plan, an assessment not based upon benefits, but made upon a plan whereby each property owner along the street was required to pay an amount equal to the sum awarded him in condemnation proceedings, plus a proportionate part of the cost of the condemnation proceedings themselves, is invalid on its face.—*Spring Street Co. v. Los Angeles*, 170 Cal. 24, L. R. A. 1918E, 197, 148 Pac. 217; *Hamberger, etc., Co. v. Los Angeles*, 170 Cal. 24, L. R. A. 1918E, 197, 148 Pac. 217.

86. Benefits—Decision of city council conclusive.—The decision of the city council as to the extent of the district benefited is conclusive and the commissioners have no power to assess public lands excluded by the council.—*Cohen v. Alameda* (Cal.), 191 Pac. 1110.

87. Actions—Injunction against collection of assessment—Objection not presented to city council.—An objection that an assessment did not include all the land benefited is not available in an action to enjoin the collection of the assessment, where no such objection was made to the city council, in the manner provided by the act.—*United, etc., Co. v. Barnes*, 159 Cal. 242, 113 Pac. 167.

88. Same—Recovery of money paid under protest on void assessment—Section

3819, Political Code.—Money paid under protest and to prevent sale under a void assessment may be recovered, whether section 3819, Political Code, applies to local assessments or not.—*Gill v. Oakland*, 124 Cal. 335, 57 Pac. 150.

89. Certiorari—Determination of legislative policy not reviewable.—The determination of the board of supervisors as to whether a street is to be opened or closed, widened or contracted, is an exercise of legislative functions, and not of judicial functions which may be reviewed.—*Brown v. Supervisors*, 124 Cal. 274, 57 Pac. 82.

90. Same—Closing street—Parties not specially injured not entitled to writ.—Property owners and taxpayers, whose property does not abut on the street, who are not deprived of access thereto by the closing of street, who do not suffer special injury but only inconvenience in common with the community at large, are not entitled to certiorari to review the order of the board of supervisors closing and vacating the street.—*Symons v. San Francisco*, 115 Cal. 555, 42 Pac. 913, 47 Pac. 453.

91. Same—Same—Same—Lands remotely affected.—Owners of land only remotely damaged are not authorized to attack by certiorari the order of the board.—*Symons v. San Francisco*, 115 Cal. 55, 42 Pac. 913, 47 Pac. 453.

92. Same—Same—Same—Diminution of value.—The question whether the order will have the effect of diminishing the value of such land is not a ground for certiorari, and the fact, if true, would not be ground for its annulment.—*Symons v. San Francisco*, 115 Cal. 555, 42 Pac. 913, 47 Pac. 453.

93. Same—Question of public interest and convenience—Determination of board not reviewable.—The determination of the question of public interest and convenience by the board is final and conclusive, and not open to review on certiorari.—*Symons v. San Francisco*, 115 Cal. 555, 42 Pac. 913, 47 Pac. 453.

94. Same—Proceedings legislative and not reviewable.—The proceedings of the board of supervisors of San Francisco, under the present act, to open and extend Market street to the Pacific Ocean, are legislative in character and not reviewable on certiorari.—*Wulzen v. Supervisors*, 101 Cal. 15, 35 Pac. 353.

“STREET OPENING ACT OF 1903.”

ACT 4946—An act to provide for the laying out, opening, extending, widening, or straightening, in whole or in part, of public streets, squares, lanes, alleys, courts, and places, within municipalities, for the condemnation of property necessary or convenient for such purposes, and for the establishment of assessment districts and the assessment of property therein to pay the expense of such improvement.

History: Approved March 24, 1903, Stats. 1903, p. 376. Amended April 21, 1909, Stats. 1909, p. 1035; April 10, 1911, Stats. 1911, p. 855; April 12, 1911, Stats. 1911, p. 894; June 10, 1913, in effect August 10, 1913, Stats. 1913, p. 429; May 25, 1919, in effect July 25, 1919, Stats. 1919, p. 1046.

Power to open streets, etc.

§ 1. Whenever the public interest or convenience may require, the city council of any municipality shall have full power and authority to order the laying out, opening, extending, widening, or straightening, in whole or in part, of any public street, square, lane, alley, court, or place within such municipality, and to acquire, by condemnation, any and all property necessary or convenient for that purpose.

Ordinance of intention to improve streets, etc. City may pay percentage.

§ 2. Declaration of intention. City may pay percentage. Before ordering any improvement to be made which is authorized by section one of this act, the city council shall pass an ordinance declaring its intention to do so, describing the improvement and the land necessary or convenient to be taken therefor, and specifying the boundaries of the district to be benefited by said improvement and to be assessed to pay the expense thereof and to be known as the assessment district. Said city council may, in its discretion, order and declare that the whole, or any percentage, of the expense of said improvement be paid out of the treasury of the municipality from such fund as the council may designate, in which case it shall be so stated in said ordinance of intention. [Amendment of May 25, 1919. In effect July 25, 1919, Stats. 1919, p. 1047.]

This section was also amended June 10, 1913. In effect August 10, 1913, Stats. 1913, p. 429.

Notice to be posted. Publication. Notice mailed to owners. Affidavit of clerk.

§ 3. The street superintendent shall thereupon cause to be conspicuously posted along all streets and parts of streets or other public places or rights of way where any property is to be taken for the widening or straightening thereof, and along or upon any private unimproved property which is to be taken for the opening or extending of any street or other public place, at not more than three hundred feet apart, notices (not less than three in all) of the passage of said ordinance. Said notices shall be headed, "notice of public work," in letters not less than one inch in length, shall be in legible characters, and shall state the fact and date of the passage of said ordinance and briefly describe the improvement proposed, and refer to said ordinance of intention for a description of the assessment district and for further particulars. He should also cause a notice similar in substance to be published by two insertions in a daily, weekly or semi-weekly newspaper published and circulated in said city and designated by the city council for that purpose. The city clerk shall, immediately upon the publication of the notice required by this section, mail, postage prepaid, to each property owner in the assessment district, at his last known address as the same appears on the tax-rolls of said city, or when no address so appears, to the general delivery, a postal card containing a notice which shall be in the following or substantially the following form (filling blanks), to wit:

"You are hereby notified that on the day of, 19.., the legislative body of the city of, California, by virtue of the street opening act of 1903, passed an ordinance of intention numbered, for the opening and widening of street between street and street. Written protests may be filed with the city clerk within days after the day of, 19... Your property is in the district to be assessed for this improvement.

.....
City Clerk."

If any lots or parcels of land in the assessment district be assessed to "unknown owners" on the tax-rolls of said city, no postal cards shall be mailed to the owners thereof, but the notice of public work by the publication as herein provided shall be deemed legal notice to such owners of such contemplated improvement. The city clerk shall immediately upon the completion of the mailing of said postal cards file, or cause

to be filed in the office of the superintendent of streets an affidavit stating the time and manner of compliance within this requirement, but the names of the persons to whom said postal cards were addressed need not be set forth in said affidavit. The failure of the city clerk to address said postal cards or any thereof to the proper owners of said property or to mail said cards, or the failure of said property owners to receive the same shall not affect the validity of the proceedings or prevent the legislative body from acquiring jurisdiction to order the work; provided, that the legislative body shall not pass any ordinance ordering the improvement until such affidavit is made and filed as herein prescribed. [Amendment approved June 10, 1913, Stats. 1913, p. 430. In effect August 10, 1913.]

Written protest. When majority protests. City deemed owner of percentage. Protest not signed by majority. Hearing protests. Decision.

§ 4. Any person interested, objecting to said improvement, or to the extent of the assessment district, described in said ordinance of intention, may file a written protest with the clerk of the city council, within thirty days after the first publication of the notice required by section three of this act. Every such protest must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and must set forth the nature of his interest therein, and must be accompanied by the affidavit of one of the signers thereof that each signature thereof is the genuine signature of the person whose name is thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements, shall not be considered by the city council. In the case of property held by tenancy in common, if any co-tenant sign such protest, only the proportionate share of the frontage thereof represented by his interest therein, shall be counted in determining the amount of frontage represented by such protest. The clerk shall endorse on every such protest the date of its reception by him, and, at the next regular meeting of the city council, after the expiration of the time for filing protests, he shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention, excepting in the cases hereinafter otherwise provided, shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protest to the city council, unless the owners of a majority of the property fronting on streets or parts of streets within said assessment district shall in the meantime petition therefor. For the purpose of passing upon and determining the sufficiency of such protests in cases where by a resolution of intention it is declared that the city shall pay a percentage of the expense of the improvement, the city shall be deemed to be the owner of frontage within the assessment district bearing the same proportion to the whole frontage therein as the proportion of the expense which it is to pay, and the actual frontage of property within such district shall be increased by the addition of such amount as is necessary to produce said result, and the amount of frontage as so increased shall be the total frontage to be used in determining whether a protest is signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, or if such protests are only against the extent of said assessment district, or if the proposed improvement is for the opening or extending of a street for a distance of not more than two blocks intervening between the terminations of two different streets, or two portions of the same street,

existing at the time of the passage of the ordinance of intention for the proposed improvement, each of said different streets or said portions of the same streets being at least five blocks in length, and the opening or extending of the street described in the ordinance of intention through such intervening block or blocks will, together with such different streets or portions of the same street so existing, make one connecting or continuous street, as nearly as may be practicable, or if the proposed improvement is for the opening or extending of a street into a different street, for a distance of not more than one block intervening between the termination of such street so proposed to be opened or extended and such different street, when the street so proposed to be opened or extended through such intervening block exists, at the time of the passage of the ordinance of intention, for a distance of at least five blocks, or if the proposed improvement is for the opening or extending of a public street, lane, alley, court or place through the remainder of a block when such public street, lane, alley, court or place exists, at the time of the passage of the ordinance of intention for the proposed improvement, for at least one half of the distance through such block, the city council shall thereupon fix a time for hearing said protests, not less than ten days after the meeting of the council at which such time is so fixed, and shall cause notice of the time of such hearing to be published for at least five days in a daily newspaper published and circulated in said city, or if there be no such daily newspaper, by at least two insertions in a weekly newspaper so published and circulated, the city council shall hear said protests at the time appointed, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. If any such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If the protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall acquire jurisdiction to order the improvement described in the ordinance of intention. [Amendment approved June 10, 1913, Stats. 1913, p. 431. In effect August 10, 1913.]

This section was also amended April 21, 1909, Stats. 1909, p. 1035.

Order for improvement.

§ 5. Having acquired jurisdiction, the city council, shall, by ordinance, order said improvement to be made, and direct an action to be brought by the city attorney, in the proper superior court, in the name of the municipality, for the condemnation of the property necessary or convenient to be taken therefor. Such ordinance need not describe the property to be taken, nor the assessment district, but may refer to the ordinance of intention for all particulars.

Actions, when to be brought. Procedure.

§ 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for bringing such action for an additional period not exceeding ninety days. Said action shall in all respects be subject to and governed by such provisions of the Code of Civil Procedure now existing or that may be hereafter adopted, as may be applicable thereto, except in the particulars otherwise provided for in this act. [Amendment approved April 21, 1909, Stats. 1909, p. 1037.]

Complaint, what shall set forth.

§ 7. The complaint shall set forth, or state the effect of, the ordinance of intention, and the ordinance ordering the improvement, but need not set up any other proceedings had before the bringing of the action. Said ordinances shall be conclusive evidence,

in such action, of the public necessity of the proposed improvement, and also that the same is located in the manner which will be most compatible with the greatest public good and the least private injury.

Motion to set for trial. Waiver of trial. Referees.

§ 8. When all parties defendant to the action have answered, or have been served with summons, and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered, may, upon five days' notice to the parties, except defendants in default, move the court to set the action for trial. If, upon the hearing of such motion, a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees, to ascertain the compensation to be paid to such defendants so waiving trial by a jury, or by the court without a jury. Such referees must be residents of the municipality where such improvement is to be made, and over the age of twenty-one years, and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court. [Amendment approved April 21, 1909, Stats. 1909, p. 1037.]

Report of referees.

§ 9. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by jury, or by the court. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall make and file with the court a written report of their findings, and of their necessary expenses, within thirty days after the date of their appointment; provided, however, that the time so allowed may be extended, upon good cause shown, by the court or judge thereof, but such extension shall not exceed ninety days; and provided further, that if any vacancy in the referees is created and filled as provided in section 8 of this act, or if new referees are appointed, or if a new report from the same referees is ordered, as provided in section 11 of this act, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering a new report from the same referees, and the same may be extended accordingly, as above provided. Any two of such referees who agree thereto, may make such report. [Amendment approved April 21, 1909, Stats. 1909, p. 1038.]

Assessment of damages. Findings.

§ 10. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the order appointing referees or of the order setting the cause for trial, as the case may be, and its actual value at that date shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken, but injuriously affected, in all cases where such damages are allowed by the provisions of this act. No improvements placed upon the property proposed to be taken, subsequent to the date of the publishing of the notice of the passage of the ordinance of intention, shall be included in the assessment of compensation or damages.

The referees, or court, or jury, as the case may be, shall find separately:

First. The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second. If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and

to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement. [Amendment approved April 21, 1909, Stats. 1909, p. 1038.]

Hearing of referees' report. Exceptions. Notice of hearing. Intervention. Notice of trial. Postponement.

§ 11. Upon the filing of such report the court must, upon motion of any party, appoint a day for hearing the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all the other parties, except defendants whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time within not less than one day prior to the hearing; and any such party so filing exceptions to said report, may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report, and of the time and place appointed for the hearing of the same, to all persons owning or having an interest in any property included within the assessment district for said improvement described in the ordinance of intention, by causing said notice last mentioned to be published for five days in a daily newspaper published and circulated in the city; and, if there be no such daily newspaper, then by two insertions in a weekly newspaper so published and circulated. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of the report. Said notice shall require all persons owning or having an interest in any property included within said assessment district for said improvement to intervene in said action, and file, in the office of the clerk of said court, his exceptions in writing to said report if any he has, specifying the grounds upon which such exceptions are based. Said notice shall also contain a description of the said assessment district as set forth in the ordinance of intention. At any time within not less than one day prior to the hearing, any person not a party to the action, owning or having an interest in any property included within said assessment district, may intervene in the action, and file his exceptions in writing to said report, specifying the grounds upon which such exceptions are based; and any such person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report, and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and order a new report from the same referees, or from new referees to be appointed. If new referees are appointed, the same proceedings shall be had as upon the first reference.

If there be a trial of the action by a jury, or by the court without a jury, the clerk of the court must give notice of the time and place of such trial to all persons owning or having an interest in any property within said assessment district for said improvement. Said notice shall be published in the same manner and for the same time as the notice hereinbefore in this section required to be given by said clerk, and shall require all persons owning or having an interest in any property included within said assessment district for said improvement, to intervene in said action, and to appear at the trial thereof and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. At any time within not less than one day prior to the trial, any person not a party to the action, having an interest in any property included within said assessment district, may intervene in the action, and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff, and allowed as costs in the action.

When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing or trial be postponed or continued by the court to any subsequent date, no such notice need be given by the clerk of the hearing or trial upon any such postponement or continuance. [Amendment approved April 21, 1909, Stats. 1909, p. 1039.]

Confirmation of report. Interlocutory judgment. Compensation of referees.

§ 12. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or the filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, the amount of which compensation shall be fixed by the court upon the hearing of the report, and their necessary expenses. [Amendment approved April 21, 1909, Stats. 1909, p. 1040.]

Appeal.

§ 13. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, and from any order granting or denying a new trial within ten days after the entry thereof.

Abandonment of proceedings.

§ 14. The city council may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings, by ordinance, and cause the said action to be dismissed, without prejudice; and if any of the assessments levied to pay the expense of the improvements, as hereinafter provided, shall have been actually paid in money at the time of such abandonment, the same shall be refunded to the persons by whom they were paid. If the proceedings be abandoned or the action dismissed no attorney's fees shall be awarded the defendants or either or any of them. [Amendment approved April 12, 1911, Stats. 1911, p. 894.]

This section was also amended April 21, 1909, Stats. 1909, p. 1040. See, post, note to section 37.

Diagram of improvement.

§ 15. Upon the entry of the interlocutory judgment, the city council shall order the city engineer, or if there be no city engineer, any civil engineer whom it may employ for that purpose, to make and deliver to the street superintendent, a diagram of the improvement and of the property within the assessment district described in the ordinance of intention. Said diagram shall show the land to be taken for the proposed improvement, and also each separate lot, piece or parcel of land within the assessment district, and the dimensions of each such lot, piece, or parcel of land, and the relative location of the same to the proposed improvement.

Delivery of diagram. Completed assessment.

§ 16. The city engineer shall deliver said diagram to the street superintendent and shall endorse thereon the date of such delivery. The street superintendent upon receiving the said diagram shall proceed to assess the total expenses of the proposed improvement (first deducting from such total expenses such percentage thereof, if any, as the city council may have declared by the ordinance of intention that the city shall pay) upon and against the lands, including the property of any railroad or street railroad, within said assessment district, except the land to be taken for such improvement, in

proportion to the benefits to be derived from said improvement. The street superintendent shall complete said assessment within sixty days after the receipt by him of said diagram; provided, however, that the city council may by order extend the time for completing said assessment for a period not exceeding ninety days additional. The total expense of the improvements so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, together with their costs, the compensation and expenses of the referees, as allowed by the court, and all other costs of the plaintiff in such action, the expenses of making the assessment, and all expenses necessarily incurred by said city, in connection with the proposed improvement, for the publication of ordinances, posting and publication of notices, for maps, diagrams, plans, surveys, searches and certificates of title to the property to be taken, and all other matters incident thereto. [Amendment approved June 10, 1913, Stats. 1913, p. 433. In effect August 10, 1913.]

This section was also amended April 21, 1909, Stats. 1909, p. 1040.

Assessment, how made and what to show.

§ 17. The street superintendent shall make the said assessment in writing. Such assessment shall describe each lot, piece, or parcel of land assessed for said improvement, and shall designate each such lot, piece, or parcel of land with an appropriate number. The street superintendent shall also designate each such lot, piece, or parcel of land on said diagram, with the number corresponding with the number thereof in said assessment, and said diagram shall thereupon be attached to and become and be deemed to be a part of said assessment. Such assessment shall show the total sum to be raised thereby, as hereinbefore provided, and also the items of such total sum, and opposite each lot, piece, or parcel of land assessed, the amount assessed thereon, and the name of the owner thereof, if known to the street superintendent; or if the owner's name is unknown, the word "unknown" shall be written instead of such name. Any error or mistake in the designation of the owner of any lot, piece, or parcel of land, or in the particulars of his interest therein, shall not affect the validity of the assessment.

Notice of filing of assessment.

§ 18. As soon as said assessment is completed the street superintendent shall file the same, with the diagram attached thereto and made a part thereof as aforesaid, with the clerk of the council, who shall give notice of such filing by publication for, at least, ten days in a daily newspaper published and circulated in the city, or if there be no such daily newspaper, by three successive insertions in a weekly newspaper so published and circulated. Said notice shall require all persons interested to file with said clerk their objections, if any they have, to the confirmation of said assessment, within thirty days after the date of the first publication of such notice, which date shall be stated in said notice.

Objections.

§ 19. All objections shall be in writing and shall be filed with said clerk within the time prescribed in the notice required by section 18 hereof. The clerk shall, at the next regular meeting of the city council after the expiration of the time for filing objections, lay said assessment and all objections so filed with him, before the council; and said council shall hear all such objections at said meeting, or at any other time to which the hearing thereof may be adjourned, and pass upon such assessment, and may confirm, modify, or correct said assessment, or may order a new assessment, upon which like proceedings shall be had, as in the case of an original assessment; or if there be no objections, the council shall, at any regular meeting after the expiration of the time for filing objections, confirm such assessment, and the action of the council upon such objections and assessment shall be final and conclusive in the premises.

Record of assessment.

§ 20. The clerk of the council shall thereupon deliver to the street superintendent the assessment as confirmed by the city council, with his certificate of such confirmation, and of the date thereof. The street superintendent shall thereupon record such assessment and diagram in his office, in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made.

Payment by offset.

§ 21. The owner of any property assessed, who is entitled to compensation under the award made by the interlocutory judgment, may, at any time after such assessment becomes payable, and before the sale of said property for nonpayment thereof, as hereinafter provided, demand of the street superintendent that such assessment, or any number of such assessments, be offset against the amount to which he is entitled under said judgment. Thereupon, if said amount is equal to or greater than such assessments, including any penalties and costs due thereon, the assessments shall be marked "Paid by offset"; and if the said amount is less than the assessments, and any penalties and costs due thereon, the person demanding such offset shall at the same time pay the difference to the street superintendent in money, and the assessments shall, on such payment, be marked paid, the entry showing what part thereof is paid by offset and what part in money. In either case, as a condition of the offset, such person must execute to the city and deliver to the street superintendent duplicate receipts for such part of the amount due him under said interlocutory judgment as is offset against such assessments, penalties, and costs. One of said duplicate receipts shall be filed by the street superintendent in his office, the other shall be filed with the clerk of the superior court, and on such filing, the city shall be entitled to a satisfaction pro tanto of said interlocutory judgment.

Notice to pay. Delinquency.

§ 22. The street superintendent shall, upon the recording of said assessment, give notice, by publication for ten days in a daily newspaper, published and circulated in such municipality, or by three successive insertions in a weekly newspaper, so published and so circulated, that said assessment has been recorded in his office, and that all sums assessed therein are due and payable immediately, and that the payment of the said sums is to be made to him within thirty days after the date of the first publication, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will become delinquent, and that thereupon five per cent upon the amount of each such assessment will be added thereto. When payment for any assessment is made, the street superintendent shall mark opposite such assessment, the word, "paid," the date of payment, and the name of the person by or for whom the same is paid, and shall, if so requested, give receipt therefor. On the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the street superintendent shall certify such fact at the foot of said assessment roll, and mark each such assessment "delinquent," and add five per cent to the amount of each assessment delinquent.

Delinquent assessment. Notice. Sale.

§ 23. The street superintendent shall, within ten days from the date of such delinquency, begin the publication of a list of the delinquent assessments, which list must contain a description of each parcel of property delinquent, and opposite or against

each description, the name of the owner as stated in the assessment roll, and the amount of the assessment, penalty, and costs due, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land, separately assessed. The street superintendent shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in some daily newspaper published and circulated in the municipality, or for three weeks in a weekly newspaper so published and circulated. The time of sale must not be less than five days, nor more than ten days, after the expiration of the period of publication of said list, and the place of sale must be in, or in front of, the office of the street superintendent.

Payment may be made prior to sale.

§ 24. At any time after such delinquency, and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalty, and costs then due, including the cost of advertising, if such payment is made after the first publication of the list of delinquent assessments. The street superintendent shall thereupon mark such assessment "Paid," as hereinbefore provided.

Delinquent sale.

§ 25. On the day fixed for the sale, the street superintendent must, at the hour of 10 o'clock a. m. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; provided, that he may postpone or continue the sale from day to day until all the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and then and there pay the amount of the assessment, penalty, and costs due, including fifty cents to the street superintendent for a certificate of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale, the same shall be struck off to the municipality, as purchaser, and the city council shall appropriate out of the general fund of the treasury, the amount required for such purchase, and shall order the city treasurer to place the same in the special fund for such improvement. No charge shall be made for the certificate of sale when the municipality is the purchaser.

Certificate of sale.

§ 26. After making the sale, the street superintendent must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for a delinquent assessment, (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The street superintendent must file one copy of such certificate in his office, and deliver the other to the purchaser, or if the municipality is the purchaser, to the clerk of the council, who shall file the same in his office. On the filing of the copy of such certificate in the office of the street superintendent, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The street superintendent shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

New assessment may be made when first one in declared invalid. Court required to point out defects. New assessment ordered. Procédure. Reassessment based on benefits. Cost payable by land benefited.

§ 26a. Whenever any assessment made and issued under the provisions of this act, or whenever any bond or bonds issued to represent the amount of any such assessment in accordance with the provisions of "An act providing for the issuance of improvement bonds to represent certain special assessments for public improvements, and providing for the effect and enforcement of such bonds," approved April 27, 1911, and all acts supplementary thereto or amendatory thereof, have been set aside by any court of competent jurisdiction, or such court has refused to enforce any assessment, or has decreed any such bond or bonds issued under the above mentioned statute, approved February 27, 1911, not to constitute valid and subsisting liens against the lots, pieces or parcels of land upon which the assessments represented by them have been levied, then the superintendent of streets shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not, and new bonds shall in regular course thereafter issue in the event that bonds were issued under or provided for in the original assessment. It is hereby made the duty of any court of competent jurisdiction in rendering its judgment holding invalid any assessment or assessments hereafter made or issued, or of any bond or bonds hereafter made or issued to represent the amount or amounts of any such assessment, to make a finding as to whether or not the issuing of such assessment was entirely without the power of the said city to issue, and if not, then what omission, irregularity, illegality, informality or noncompliance with the requirements of the statutes of which this is amendatory has occurred in the proceedings upon which said assessment or assessments and bonds rest, and what effect shall be given to them in making the reassessment. In the event that the court shall find that the improvement, the expenses of which are represented by said assessment or bonds, was commenced in good faith and carried on pursuant to an ordinance or resolution of the city council providing for such improvement to be paid for by a special assessment, it shall be the duty of the said court to order the making of a new assessment. The city council may, at the request of any interested party, or on its own motion, by resolution duly passed, set aside any assessment or assessments and bonds, as the case may be, and order a new assessment or assessments and bonds, to be made and issued without any decree having been obtained of or from any court regarding said matter, if in its opinion the assessment be invalid, and it may take all necessary steps and make and pass all necessary orders, resolutions or ordinances to reassess and relevy such assessment, and may reassess and relevy the same with the same force and effect as an original levy. Such reassessment, whether made after decree of court has been rendered, or pursuant to a resolution of the council, shall be based upon the special and peculiar benefit of the proposed improvement to the respective lots, pieces or parcels of land assessed. The total amount of the reassessment shall not exceed the total amount of the original assessment. Such reassessment so made shall become a charge upon the property upon which the same is levied, notwithstanding any omission, failure or neglect of any officer, body or person to comply with the provisions of this statute, and notwithstanding the fact that the proceedings of the city council, board of public works or any officer of the city or other person connected with such proceedings, may have been irregular, illegal, informal, or defective, or not in full conformity with the requirements of this statute. It is hereby declared to be the true intent and meaning of this section to make the cost and expense of all local improvements actually made or proposed to be made in the attempted exercise of the powers conferred upon municipalities under this statute, payable by the real estate benefited or to be benefited by such improvements by making a reassessment therefor which shall be equitably proportioned to each lot, each

piece or parcel of land thereby benefited the amount of the actual benefits derived or to be derived from said improvement, notwithstanding that the proceedings of the city council or other officers or agents of the city, or other persons connected therewith may have been irregular, illegal or defective, or not in full conformity with the requirements of this statute. Such reassessment shall be made without a repetition of the proceedings had prior to the issuance of the assessment and shall be made and issued in the following manner: The superintendent of streets shall, upon the entering of a decree of court directing the reassessment, or upon the passage of a resolution of the city council directing a reassessment, proceed at once to make a reassessment in accordance with the said decree of court, or said resolution of the city council. Such reassessment shall be made upon the district described in the ordinance of intention for said improvement, and in the event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said district, then upon the district which the court or council shall find to be that actually benefited by said improvement, but in so finding said court or council shall follow the lines described in the ordinance of intention so far as the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such a determination as to the lines where there is any uncertainty or ambiguity in the ordinance of intention as may be just and equitable. In the event that a portion of the improvement has been found to be entirely without the power of said city to order, then said assessment shall be for the remainder of the improvement only, and the benefits arising from the improvement entirely without the jurisdiction of the city to order shall not be considered in making the reassessment. Upon the completion of the reassessment it shall be presented to the city council and a day of hearing shall be fixed by it which shall be at least twenty (20) days after the filing of the reassessment. The city clerk shall then advertise the fact of filing by publishing a notice in the official newspaper, or in such other paper as the council may direct, by five (5) insertions if the paper be a daily, or by two (2) insertions if it be a weekly or semi-weekly newspaper, stating the fact that the reassessment has been filed with him and that objections to said reassessment will be heard at the time specified by the city council. At the time fixed for such hearing, or at such time or times to which the same may be thereafter adjourned, the city council shall consider the objections to said reassessment and in its discretion revise, correct and modify such reassessment in such manner as is most equitable, and it shall thereupon pass a resolution approving and confirming such reassessment and such decision shall be a final determination of all matters relating to the actual benefits derived or to be derived from the improvement by the respective lots, pieces and parcels of land enumerated in the reassessment. Said reassessment shall thereupon be recorded by the street superintendent and it shall in all respects have the same effect and weight as the original assessment, and shall be enforced in the same manner. All payments made upon the original assessment shall be credited upon the reassessment and in the event that the reassessment in any instance is less than the amount of the original assessment, the excess shall be payable to the persons who paid the original assessments. [New section approved June 10, 1913, Stats. 1913, p. 433. In effect August 10, 1913.]

Redemptions.

§ 27. A redemption of any parcel of property sold for delinquent assessment may be made by any party in interest, at any time prior to the execution and delivery of a deed therefor, by paying to the street superintendent the amount for which the property was sold, and in addition thereto, ten per cent thereon if paid within three months from the date of sale; twenty per cent if paid within six months; thirty per cent if paid within nine months; forty per cent if paid within twelve months, or fifty per cent if paid at any time after twelve months. When redemption is made, the street superintendent shall note that fact on the duplicate certificate of sale on file in his office, and

deposit the amount paid with the city treasurer, who shall credit the purchaser named in the certificate of sale with the said amount, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the municipality is the purchaser, the treasurer shall notify the clerk of the council of the redemption, and such clerk shall thereupon cancel the certificate of sale on file in his office.

Deed, when executed. Cost. Service of notice. Redemption.

§ 28. At any time after the expiration of twelve months from the date of sale, the street superintendent must execute to the purchaser, or his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof and the fact that no person has redeemed the property. The street superintendent shall receive from the applicant for a deed, one dollar for making such deed, unless the municipality is the purchaser, in which case no charge shall be made therefor. The purchaser or his assignee must, at least thirty days before he applies for a deed, serve upon the owner of the property, and upon the occupant of such property, if the same is occupied, a written notice, setting forth a description of the property, that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice, and the time when such purchaser or assignee will apply to the street superintendent for a deed. If the said owner can not be found, after due diligence, said notice must be posted in a conspicuous place upon said property, at least thirty days before the time stated therein, at which the application for a deed will be made. The person applying for a deed must file with the street superintendent an affidavit or affidavits showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner; which affidavit or affidavits must be filed by the street superintendent in his office. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, three dollars for the service of notice and the making of such affidavits, which amount shall be paid over to the purchaser or his assignee in the same manner as other sums paid for redemption. No deed for any property sold for delinquent assessment shall be made until the purchaser or his assignee has complied with all the provisions of this section, and filed the proper affidavits with the street superintendent.

Deed is prima facie regular.

§ 29. The deed of the street superintendent shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

Receipts paid into special fund.

§ 30. The street superintendent shall from time to time pay over to the city treasurer all moneys collected by him on account of any assessment made under the provisions of this act. The city treasurer shall on receipt thereof place the same in a special fund, designating such fund by the name of the improvement for which the assessment was made. The city council shall on or before the time when said assessments become delinquent, cause to be transferred from the general or other appropriate fund of the city to said special fund the percentage of the total expense of such improvement to be paid by the city as provided in the ordinance of intention. [Amendment approved June 10, 1913, Stats. 1913, p. 436. In effect August 10, 1913.]

Payment of awards. Final judgment.

§ 31. As soon as there is sufficient money in the hands of the city treasurer, in the special fund devoted to the proposed improvement, to pay the amounts awarded to the defendants by the interlocutory judgment in the action of condemnation, or such parts thereof as have not been paid by offset against assessments, as hereinbefore provided, the said amounts shall be paid to the parties entitled thereto, or into court for their benefit. On satisfactory proof being made to the court of payment of the amounts awarded by the interlocutory judgment to the respective parties entitled thereto, or into court for their benefit, it shall direct the interlocutory judgment to be satisfied, and shall make and enter a final judgment, condemning the lands described in the complaint to the use of the plaintiff for the purposes specified in such complaint.

Proceedings in case of a deficiency.

§ 32. In case of a deficiency in the fund for such improvement, the city council, in its discretion, may provide for such deficiency by an appropriation out of the general fund of the treasury, or by ordering a supplementary assessment to be made by the street superintendent upon the property in said assessment district in the same manner and form, and subject to the same procedure as the original assessment, and in the last named case, in order to avoid delay, the city council may advance such deficiency out of the city treasury and reimburse the treasury from the collections under such supplementary assessment. In case of a surplus in the fund for such improvement, the city council may order such surplus refunded pro rata to the parties who paid the assessments.

In any city where there is no street superintendent, or no such board, the city council thereof is hereby authorized to appoint a suitable person to perform the duties imposed by this act on the street superintendent, and all the provisions hereof applicable to the street superintendent shall apply to the person so appointed.

(7) The terms "owner" and "any person interested" include the person owning the fee, or the person in whom, on the day any protest or petition is filed, the legal title to real property appears, by deeds duly recorded in the county recorder's office of the county in which said city is situated, or any person in possession of real property, as the executor, administrator, trustee under an express trust, guardian or other legal representative of the owner, or any person in possession of real property under a written contract of purchase thereof duly recorded, or any person in possession of real property, as lessee thereof under a lease duly recorded, which shall require such lessee to pay or discharge all assessments for street or other public improvements, that may be levied or assessed against such real property.

(8) The term "property of any railroad or street railroad" shall be deemed to include and shall include property owned or controlled by any person, firm or corporation, as railroad, street railroad or interurban railroad right of way whether such right of way be owned or controlled in fee or as an easement or by virtue of a franchise or otherwise, also the roadbed, ties and rails located on such right of way; and such property shall be assessed and the assessment thereof enforced in the same manner and to the same effect as other lands and property in the assessment district. [Amendment approved April 10, 1911, Stats. 1911, p. 855.]

This section was also amended April 21, 1909, Stats. 1909, p. 1041.

Description by reference sufficient.

§ 33a. In all resolutions, notices, orders and determinations subsequent to the ordinance of intention a description of the assessment district by reference to the ordinance of intention shall be sufficient, and in all resolutions, notices, orders, and determinations subsequent to the "notice of street work" a description of the work by reference to the ordinance of intention shall be sufficient. [New section approved June 10, 1913, Stats. 1913, p. 436. In effect August 10, 1913.]

When no paper in city, notices may be published.

§ 34. In case there is no daily or weekly newspaper published and circulated in the city, then such notices and delinquent lists as are herein required to be published in a newspaper shall be posted in three of the most public places in such city, for the length of time required herein for the publication of the same in a weekly newspaper. No publication or notice other than that provided in this act shall be necessary to give validity to any proceedings had thereunder.

Proof of publication and notice.

§ 35. Proof of publication of any notice required by this act shall be made by affidavit, as provided in the Code of Civil Procedure, and proof of the posting of any such notice shall be made by the affidavit of the person posting the same, setting forth the facts regarding such posting. It shall be the duty of any officer who is required by this act to have any notice published or posted, to obtain and file in his office the affidavit or affidavits in proof thereof; provided that his failure so to do shall not affect the validity of any proceedings under this act. Any such affidavit so filed shall be prima facie evidence of the facts therein stated regarding such publication or posting.

Act of 1889 not affected. Alternative system of proceedings.

§ 36. This act shall in no wise affect an act entitled, "An act to provide for laying out, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, alley, court, or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, or amendments thereto, or any other acts on the same subject, or apply to proceedings had thereunder, but it is intended to and does provide an alternate system of proceedings for making the improvements provided for by this act; and it shall be within the discretion of the city council or any municipality to proceed in making such improvements, either under the provisions of this act, or under the provisions of such other acts; but when any proceedings are commenced under this act, the provisions of this act, and of such amendments thereof as may be hereafter adopted, and no other, shall apply to all such proceedings, and any provisions contained in said acts or any acts in conflict with the provisions hereof shall be void and of no effect as to the proceedings commenced under the provisions of this act. The election of the city council to proceed under the provisions of this act shall be expressed in its ordinance of intention to order the work done.

Act shall be liberally construed.

§ 37. The provisions of this act shall be liberally construed to promote the objects thereof. This act may be designated and referred to as the "Street Opening Act of 1903," and shall take effect and be in force upon its passage and approval.

The amendatory act of April 21, 1909, contained also the following:

"§ 11. Any proceeding or action for any improvement, such as is provided for in this act, or in said act to which this act is amendatory, already commenced and pending at the time this act takes effect, under or by virtue of any ordinance of intention theretofore passed, shall, from the stage of any such proceeding or action already commenced and in progress at the time this act takes effect, be continued under the provisions of this act. Any such proceeding or action shall then be continued and conducted under the provisions of this act, with full force and effect in all respects from the state of such proceeding or action at and from the taking effect of this act; and from the taking effect of this act all proceedings theretofore had for any such improvement, and all proceedings theretofore had or taken in any such action, are hereby ratified, confirmed, and made valid, and it shall not be necessary to renew or conduct over again any such proceedings or actions, commenced prior to the taking effect of this act."

The amendatory act of April 12, 1911, contained the following provision:

§ 2. The provisions of this act shall not apply to or affect any proceedings taken under the act to which this act is amendatory, and pending at the time this act takes effect, and in which the interlocutory judgment has been entered.

1. Constitutionality — Impairment of vested rights.—The provisions of section 11 of the amendatory act of 1909 are not violative of the constitutional provision against the impairment of vested rights.—Title, etc., Co. v. Lusk, 15 Cal. App. 358, 115 Pac. 53.

2. Same—Not special legislation.—The amending act of 1909 is not violative of the constitutional limitation against special legislation.—Title, etc., Co. v. Lusk, 15 Cal. App. 358, 115 Pac. 53.

3. Same—Waiver of jury trial.—Section 8 of the street opening act of 1893 as amended providing in effect that failure to demand a jury trial when the motion to set the case for trial is heard, shall be deemed a waiver of such trial is not unconstitutional under section 14, article I of the constitution.—City of Los Angeles v. Zeller, 176 Cal. 194, 196, 167 Pac. 849.

4. Same—Attorney's fees—Amendment of 1911.—So far as the amendment of 1911 attempts to deprive the defendant of attorney's fees given them under section 6, and section 1255a, Code Civil Procedure, upon dismissal of action, it is a special law, and obnoxious to section 11, article I of the constitution.—Los Angeles v. Cline, 40 Cal. App. 487, 181 Pac. 78.

4a. Same—Assessment of railroad right of way.—The act does not make the right of way of a railroad subject to assessment and sale on account of work having reference to the improvement of streets already laid out and established.—San Pedro, etc., Co. v. Pillsbury, 23 Cal. App. 675, 139 Pac. 669, 671.

5. Property of street railroad covering longitudinally its right of way.—A taking

of the property of a street railroad longitudinally covering its right of way is a taking within the meaning of section 14, article I of the constitution and requires to be compensated.—Los Angeles v. Allen, 32 Cal. App. 553, 163 Pac. 697.

6. Same — Measure of damages.—The measure of damages for the taking of the property of a street railroad longitudinally covering its right of way is the decrease in value for use for railroad purposes from value for use for street purposes.—Los Angeles v. Allen, 32 Cal. App. 553, 163 Pac. 697.

7. Same—"Land" and "property" are synonymous — Improvements nonassessable.—The words "land" and "property," as used in the act, are synonymous, and do not include the "improvements," which are non-assessable.—Los Angeles, etc., Co. v. Hubbard, 17 Cal. App. 646, 121 Pac. 306.

8. Same—Assessment of property of railroads.—The provisions of the act as to assessing the property of railroads are to be construed with other portions of the act, and, so construed, the act contemplates the assessment of the "land" alone of such corporations, and not the "improvements" thereon.—Los Angeles, etc., Co. v. Hubbard, 17 Cal. App. 646, 121 Pac. 306.

9. Resolution of intention — Failure to post renders proceedings void.—The failure of the superintendent of streets to post notices of the resolution of intention along the proposed street or parts of street, at not more than 300 feet apart renders subsequent proceedings and the assessment void.—Pierce v. Los Angeles, 15 Cal. App. 702, 115 Pac. 746.

10. Notice—Publication—Incorrect date of passage of ordinance.—A notice pub-

lished and posted under the authority of section 3 of the street opening act of 1903 and amendments, is insufficient to give jurisdiction, and the assessment made thereon is void, if the date of the passage of the ordinance is incorrectly stated, and the error is not cured by a reference in the notice to the ordinance for further particulars.—*Ferri v. Los Angeles (City of Long Beach)*, 176 Cal. 645, 169 Pac. 385.

11. Hearing objections — Refusal of council—Basing decision on illegal considerations.—Under section 19 an assessment must be sustained unless it is shown that the council arbitrarily refused to decide the objections on their merits, and wilfully based its decision on illegal considerations which were inconsistent with making the assessments in proportion to benefits, and which in effect amounted to fraud on the rights of the property owner.—*Nutting v. Los Angeles*, 35 Cal. App. 519, 170 Pac. 680; *Fitzwilliams v. Los Angeles*, 35 Cal. App. 807, 170 Pac. 685; *Murphy v. Los Angeles*, 35 Cal. App. 808, 170 Pac. 685; *Rindge Co. v. Los Angeles*, 35 Cal. App. 809, 170 Pac. 685.

12. Same—Same—Same.—It is held in this case that the record fails to establish the charge that the city council acted wrongfully and illegally, or that the assessment resulted from anything other than an honest attempt to make it in proportion to benefits.—*Nutting v. Los Angeles*, 35 Cal. App. 519, 170 Pac. 680; *Fitzwilliams v. Los Angeles*, 35 Cal. App. 807, 170 Pac. 685; *Murphy v. Los Angeles*, 35 Cal. App. 808, 170 Pac. 685; *Rindge Co. v. Los Angeles*, 35 Cal. App. 809, 170 Pac. 685.

13. Same—Adjournment of hearing of report of referee.—After full jurisdiction is acquired the court may adjourn from time to time the hearing of the report of the referee, with other notice than that required by section 11 as it existed at the time jurisdiction was acquired.—*Bernard Co. v. Los Angeles*, 18 Cal. App. 626, 124 Pac. 88.

14. Same—Loss of jurisdiction.—The city council lost jurisdiction to proceed under the publication of notice of filing of assessment and diagram, where, after filing of objections, no action was taken at the first regular meeting after the lapse of thirty days, either by consideration, or adjournment of such consideration to a day fixed, and any further action under such publication will be annulled.—*Stoner v. City Council*, 8 Cal. App. 607, 97 Pac. 692.

15. Same—Same—Judicial notice of date of regular meetings will be taken.—The court will take judicial notice of the provisions of the city charter as to date of regular meetings of the city council.—*Stoner v. City Council*, 8 Cal. App. 607, 97 Pac. 692.

16. Same—Property owner's right.—Under the street opening act of 1903 a property owner's protest is a matter upon which he has a right to be heard, and when heard, and there is no charge of fraud, the determination of the council is

final.—*Cake v. Los Angeles*, 164 Cal. 705, 711, 130 Pac. 723.

17. Same—Failure of clerk to present assessment and objections—Loss of jurisdiction.—Where the clerk fails and neglects, through inadvertence or other cause, to present the assessment and objections to the council at the next regular meeting after the expiration of the time to file objections, the council loses jurisdiction to proceed under that notice, but does not lose jurisdiction of the entire proceeding, and may resume the same by republication of notice under section 18.—*Rindge Co. v. City Council*, 29 Cal. App. 683, 156 Pac. 975.

18. Same—Discrepancy in assessment of one parcel—Assessment not invalidated.—A slight discrepancy in the record of one parcel of property included in the district, of which the owner does not complain, does not avail another owner who is not interested, or invalidate the entire assessment.—*Bernard Co. v. Los Angeles*, 18 Cal. App. 626, 124 Pac. 88.

19. Same—Made from memorandum.—The fact that an assessment was not made in accordance with the free and uninfluenced judgment of the board of works, but solely under the memorandum of instructions furnished to the board by the city council, would be no ground for overthrowing it.—*Cake v. Los Angeles*, 164 Cal. 705, 710, 130 Pac. 723.

20. Same—New assessment—Failure to prepare in sixty days—No extension of time.—A new assessment is not rendered void by the failure to prepare the same within sixty days from the order of the city council, even though no extension of time therefor was granted.—*Cake v. Los Angeles*, 164 Cal. 705, 710, 130 Pac. 723.

21. Same—Provisions as to assessments directory—Sections 16, 19.—The provisions of sections 16 and 19 of the street opening act of 1903 as amended in 1909 as to completion of assessments, and as to ordering new assessments, are directory.—*Cake v. Los Angeles*, 164 Cal. 705, 708, 130 Pac. 723.

21. Diagram—Mode of record—Pasting on stubs of record book.—The act does not prescribe the mode of recording the diagram and the pasting thereof on a stub in the record book is a substantial compliance with the requirements of the statute, which contemplates such a record as will afford notice. — *Bernard Co. v. Los Angeles*, 18 Cal. App. 626, 124 Pac. 88.

23. Abandonment of proceedings — Amending act of 1909.—The amendment of 1909 expressly limited the jurisdiction of the city council to abandon proceedings to a time prior to the interlocutory judgment, and an attempt to abandon made after such judgment was null and void.—*Title, etc., Co. v. Lusk*, 15 Cal. App. 358, 115 Pac. 53; *Bernard Co. v. Los Angeles*, 18 Cal. App. 626, 124 Pac. 88.

24. Condemnation—Time at which value of property taken is fixed.—The provisions of the code of civil procedure as to the

time when the value of the property taken shall be fixed governs.—*Los Angeles v. Gager*, 10 Cal. App. 378, 102 Pac. 17.

25. **Same—"Rules"—Defined.**—As used in the act the word "rules" does not refer exclusively to the rules of the code of civil procedure, which govern pleading and practice; but is of wide and varied significance, depending on the context, and in a legal sense is synonymous with "laws."—*Los Angeles v. Gager*, 10 Cal. App. 378, 102 Pac. 17.

26. **Same—"Rules of the Code of Civil Procedure"—Defined.**—The phrase "rules of the Code of Civil Procedure," as used in section 6 of the act, means the laws or provisions of that code.—*Los Angeles v. Gager*, 10 Cal. App. 378, 102 Pac. 17.

27. **Benefits—Street railroad.**—A street railroad may be benefited by the widening of the street over which it operates.—*Los Angeles, etc., Co. v. Hubbard*, 17 Cal. App. 646, 121 Pac. 306.

28. **Same—Same—Franchise properly assessed.**—It was proper to include the "franchise" of a street railroad in an assessment for benefits for widening a street along which the company operated.—*Los Angeles, etc., Co. v. Hubbard*, 17 Cal. App. 646, 121 Pac. 306.

29. **Same—Same—Same—"Ties, tracks, poles and switches" part of franchise.**—The "ties, tracks, poles and switches" of a street railroad are included in the term "franchise," and it is improper to include them separately in the assessment, but, so included, they are mere surplusage.—*Los Angeles, etc., Co. v. Hubbard*, 17 Cal. App. 646, 121 Pac. 306.

30. **Delinquency—Penalty.**—Under sections 21, 22 and 24 of the act of 1903, a property owner whose assessment becomes delinquent is liable for a five per cent penalty thereon, without the allowance, as an offset, of any amount that may be due as damages for land condemned for the street.—*Cake v. Los Angeles*, 164 Cal. 705, 711, 130 Pac. 723.

31. **Remedy for irregularities—Equity.**—The amending act of 1909 affords no remedy for irregularities in the proceedings after interlocutory judgment, but the sole remedy is by suit in equity.—*Title, etc., Co. v. Rusk*, 15 Cal. App. 358, 115 Pac. 53.

32. **Suit to quiet title—Proof of ordinance—Admissibility of deed.**—Proof of the ordinance ordering the work was not necessary to the admissibility of the deed of the board of public works in a proceeding under street opening act of 1903 in a suit to quiet title, where the deed itself recites the passing of the resolution of intention and the order to make the improvement.—*Tilton v. Russek*, 171 Cal. 731, 733, 154 Pac. 860.

33. **Same—Sufficiency of deed to support finding of regularity.**—Under section 29 of the street opening act of 1903, declaring the deed to be prima facie evidence "of the truth of all matters recited therein and of the regularity of all proceedings prior to its execution, and of the title of the grantee,"

the deed is sufficient to support a finding that all preliminary steps in the street opening proceedings were taken.—*Tilton v. Russek*, 171 Cal. 731, 734, 154 Pac. 860.

34. **Same—Constructive service of notice—Diligence must be shown.**—The affidavit of service of notice by posting upon the property must be shown, not merely asserted.—*Hennessy v. Hall*, 14 Cal. App. 759, 113 Pac. 350.

35. **Same—Same—What is diligence.**—A statement that "due diligence was used" merely alleges the fact, while "showing it" is to state the evidentiary facts which make it manifest or prove it.—*Hennessy v. Hall*, 14 Cal. App. 759, 113 Pac. 350.

36. **Same—Constructive service of notice—Diligence shown.**—The due diligence in the service of the notice upon the property owner, required by section 28, is shown by an affidavit that inquiry was made upon named persons who were the nearest neighbors of the property as to the whereabouts of the owner, and that such persons were unable to furnish any information thereof, that search was made of the city directories without success, and that the property was vacant and unoccupied.—*Tilton v. Russek*, 171 Cal. 731, 735, 154 Pac. 860.

37. **Same—Same—Diligence not shown.**—Merely making ineffective search for an owner who parted with title four years before posting notice, and making inquiries of persons near the property as to his whereabouts, does not show diligence.—*Hennessy v. Hall*, 14 Cal. App. 759, 113 Pac. 350.

38. **Same—Publication—Intervening Sundays.**—Section 18 does not require any specific number of publications of notice, and intervening Sundays, when no publications were had are properly counted as a part of the period of time required.—*Tilton v. Russek*, 171 Cal. 731, 738, 154 Pac. 860.

39. **Sale—Recital in certificate of sale.**—A recital in the certificate of sale that "the purchaser or his assignee will be entitled to a deed . . . at any time after the expiration of twelve months from the said date of sale," etc., is a sufficient statement, as to when the purchaser will be entitled to a deed, within the requirements of section 26.—*Tilton v. Russek*, 171 Cal. 731, 738, 154 Pac. 860.

40. **Same—Same—Recitals in deed.**—Where the deed recites that the certificate of sale set forth various matters including "the time when the purchaser would be entitled to a deed," without repeating in detail such recitals, the requirement of section 28 that the deed shall recite "substantially the matters contained in the certificate," is satisfied.—*Tilton v. Russek*, 171 Cal. 731, 740, 154 Pac. 860.

41. **Deed—Prima facie evidence of title.**—The deed to purchaser at sale for delinquent assessments is prima facie evidence of title.—*Spencer v. Los Angeles*, 180 Cal. 103, 179 Pac. 163.

Repealed: §§ 38-44, added by the amending act of March 17, 1891 (Stats. 1891, p. 116), was repealed by the act of February 27, 1893 (Act 4950), but the same legislature (Stats. 1893, p. 89) amended the same sections, and they are therefore inserted as of the character of new sections. The act, in so far as it related to sidewalks was repealed March 9, 1909 (Stats. 1909, p. 167); but this last named act was repealed April 5, 1911 (Stats. 1911, p. 618), and the repealing act expressly revived the provisions of the Vrooman act relating to sidewalks. (See § 1 of the repealing act inserted at the end of this act.) The act of March 6, 1883, Stats. 1883, p. 32, was repealed by the present act.

PART I.

Streets, lanes, alleys, etc., are public streets. City council empowered to establish and change grades and fix width.

§ 1. All streets, lanes, alleys, places, or courts, in the municipalities of this state now open or dedicated, or which may hereafter be opened or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places, or courts, for the purposes of this act, and the city council of each municipality is hereby empowered to establish and change the grades of said streets, lanes, alleys, places, or courts, and fix the width thereof, and is hereby invested with jurisdiction to order to be done thereon any of the work mentioned in section 2 of this act, under the proceedings hereinafter described.

Cities may order streets improved.

§ 2. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to order the whole or any portion, either in length or width, of any one or more of the streets, avenues, lanes, alleys, courts, places, boulevards, highways, crossings, intersections or public ways of any such city graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, oiled or reoiled, and to order the construction or reconstruction therein of sidewalks, crosswalks, culverts, bridges, gutters, curbs, steps, parkings and parkways, sewers, ditches, drains, conduits and channels for sanitary and drainage purposes or either or both

thereof, with outlets, cesspools, manholes, catch basins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels and other appurtenances, pipes, hydrants and appliances for fire protection, or the distribution of a municipal water supply, tunnels, viaducts, conduits and subways, breakwaters, levees, bulkheads and walls of rock or other material to protect the same from overflow or injury by water, and poles, posts, wires, pipes, conduits, lamps and other suitable or necessary appliances for the purpose of lighting the same, the planting of trees thereon, and the construction or reconstruction in, over or through property or rights of way owned by such city, of tunnels, sewers, ditches, drains, conduits and channels for sanitary and drainage purposes or either or both thereof, with necessary outlets, cesspools, manholes, catch basins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels and other appurtenances, pipes, hydrants and appliances for fire protection and breakwaters, levees, bulkheads and walls of rock or other material to protect the streets, avenues, lanes, alleys, courts, places, public ways and other property in any such city, from overflow by water, and poles, posts, wires, pipes, conduits, lamps and other suitable or necessary appliances for the purpose of lighting the streets, avenues, lanes, alleys, courts, public ways and other property in any such city, and to order any work to be done which shall be deemed necessary to improve the whole or any portion of such streets, avenues, sidewalks, lanes, alleys, courts, places or public ways or property or rights of way of such city, including the acquisition, construction, reconstruction, extension, maintenance or repair of any public utility owned or proposed to be acquired by any municipal corporation, or the pipes, wires, conduits and other appliances and appurtenances for the operation thereof; provided, that such acquisition of any public utility already installed, and any of the appliances and appurtenances thereof shall not be included in the same proceeding with any of the other improvements mentioned in this section. [Amendment of June 10, 1915. In effect August 9, 1915, Stats. 1915, p. 1400.]

This section was also amended (1) March 14, 1889, Stats. 1889, p. 157; (2) March 31, 1891, Stats. 1891, p. 196; (3) March 11, 1893, Stats. 1893, p. 172; (4) February 20, 1905, Stats. 1905, p. 15; (5) March 6, 1907, Stats. 1907, p. 126; (6) April 21, 1909, Stats. 1909, p. 1017; (7) April 5, 1911, Stats. 1911, p. 626; (8) June 6, 1913, Stats. 1913, p. 402.

Resolution of intention. Publication. Notices posted, published and mailed. Objections. Hearing. Proceedings when not more than two blocks remain unimproved. Charging expense against a district.

§ 3. Before ordering any work done or improvement made, which is authorized by section 2 of this act, the city council shall pass a resolution of intention so to do, and describing the work, which shall be posted conspicuously for two days on or near the chamber door of said council, and published by two insertions in one or more daily, semi-weekly or weekly newspapers published and circulated in said city and designated by said council for that purpose. Whenever the construction of culverts, bridges, gutters, curbs, steps, parkings and parkways, sewers, ditches, drains, conduits and channels for sanitary and drainage purposes, or either or both thereof, together with appurtenances, pipes, wires, conduits and other appliances and appurtenances, constitutes the work or improvement or any portion thereof mentioned in the resolution of intention, such resolution of intention shall be sufficient if it mentions the fact that the construction of said improvements, or such of them as it be desired to have done in the work or improvement, is embraced in the said work or improvement, briefly describes the same and refers to plans and specifications on file with the city engineer or city clerk for particulars. The street superintendent shall, after the passage of the resolution of intention, cause to be conspicuously posted along all streets and parts of streets or other public places and rights of way where any work is to be done or improvement made at not more than three hundred (300) feet apart but not less than three in all, or when the work to be done is only upon an entire crossing or any part

thereof, in front of each quarter block and irregular block liable to be assessed, notices of the passage of said resolution. Said notices shall be headed "notice of street work," in letters of not less than one inch in length, and shall, in legible characters, state the fact of the passage of the resolution, its date and briefly describe the work or improvement proposed, and refer to the resolution for further particulars. He shall also cause a notice similar in substance, to be published by two insertions in one or more daily newspapers published and circulated in said city, and designated by said city council, or in cities where there is no daily newspaper by one insertion in a semi-weekly or weekly newspaper so published, circulated and designated. In case there is no such paper published in said city, said notice shall be posted for six days on or near the chamber door of said council, and in two other conspicuous places in said city, as hereinafter provided. The city clerk shall immediately upon the passage of said resolution of intention mail, postage prepaid, to each property owner whose property is to be assessed to pay the costs and expenses of said improvement at his last known address as the same appears upon the tax rolls of said city, or when no address so appears, to the general delivery, a postal card containing a notice which shall be in the following or substantially the following form (filling blanks):

"You are hereby notified that on the day of, 19.., the council of the city of, California, by virtue of an act commonly known as 'the Vrooman act,' passed a resolution of intention providing for the improvement of street between street and street. You are hereby referred to the said resolution for further particulars. Property belonging to you is to be assessed for this improvement.

..... City Clerk."

If any lots or parcels of land in the assessment district be assessed to "unknown owners" on the tax rolls of said city, no postal cards containing such notice need be mailed to the owners thereof. The city clerk shall, upon the completion of the mailing of said postal cards, file in the office of the superintendent of streets an affidavit setting forth the time and manner of the compliance with this requirement; provided, that the failure of the city clerk to mail said cards, or the failure of the property owners to receive the same, or the failure of the superintendent of streets to post the notices of street work, shall in no wise affect the validity of the proceedings or prevent the city council from acquiring jurisdiction to order the work; provided, however, that the city council may require affidavits to be filed showing the posting and mailing of notices before it adopts the resolution ordering the work. The owners of a majority of the frontage of the property fronting on said proposed work or improvement where the same is for one block or more, may make a written objection to the same within ten days after the expiration of the time of the publication and posting of said notice, which objection shall be delivered to the clerk of the city council who shall indorse thereon the date of its reception by him, and such objections so delivered and indorsed shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvements, unless the owners of one-half or more of the frontage, as aforesaid, shall meanwhile petition for the same to be done. At any time before the issuance of the assessment-roll, all owners of lots or lands liable to assessment therein, who, after the first publication of said resolution of intention, may feel aggrieved, or who may have objections to any of the subsequent proceedings of said council in relation to the performance of the work mentioned in said notice of intention, shall file with the clerk a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object; such petition or remonstrance shall be passed upon by the said city council, and its decision therein shall be final and conclusive. But when the work or improvement proposed to be done is the construction of sewers, manholes, culverts, or cesspools, crosswalks, or sidewalks, curbs and gutters, and the objection thereto is signed by the owners of a majority of the frontage liable to be assessed for the expense of said work, as aforesaid,

the city council shall, at its next meeting, fix a time for hearing said objection, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections, by depositing a notice thereof in the postoffice of said city, postage prepaid, addressed to each objector, or his agent, when he appears for such objection. At the time specified said city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, and the said bar for six months to any further proceedings shall not be applicable thereto. And when not more than two blocks, including street crossings, remain ungraded to the official grade, or otherwise unimproved, in whole or in part, and a block or more on each side upon said street has been so graded or otherwise improved, or when not more than two blocks at the end of a street remain so ungraded or otherwise unimproved, said city council may order any of the work mentioned in this act to be done upon said intervening ungraded or unimproved part of said street, or at the end of a street, and said work upon said intervening part, or at the end of a street, shall not be stayed or prevented by any written or other objection unless such council shall deem proper. And if one-half or more in width or in length, or as to grading, one-half or more of the grading work of any street lying and being between two successive main street crossings, or if a crossing has been already partially graded or improved as aforesaid, said council may order the remainder improved, graded or otherwise, notwithstanding such objections of property owners. At the expiration of twenty days after the expiration of the time of said publication by said street superintendent, and at the expiration of twenty-five days after the advertising and posting, as aforesaid, of any resolution of intention, if no written objection to the work therein described has been delivered, as aforesaid, by the owners of a major frontage of the property fronting on said proposed work or improvement, or if any written objection purporting to be signed by the owners of a major frontage is disallowed by said council, as not of itself barring said work for six months, because in its judgment, said objection has not been legally signed by the owners of a majority of said frontage, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done, or improvement to be made, which is authorized by this act; which order, when made, shall be published for two days, the same as provided for the publication of the resolution of intention. Before passing any resolution for the construction of said improvements, plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to said city council, if required by it, by the city engineer of said city; and for the work of constructing sewers, specifications shall always be furnished by him. Whenever the contemplated work or improvement in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimates to be furnished by the city engineer, the total estimated costs and expenses thereof would exceed one-half the total assessed value of the lots and lands assessed, if assessed upon the lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council may make the expense of such work or improvement chargeable upon a district, which said city council shall, in its resolution of intention, declare to be assessed to pay the costs and expenses thereof. Said resolution of intention shall in general terms describe the said district and refer to a plat or map approved by the city council, which shall indicate by a boundary line the extent of the territory to be included in said assessment district, which plat or map shall be on file in the office of the city engineer before said superintendent of streets shall proceed with the publication and posting of the notices of street work, and shall govern for all details as to the extent of the said assessment district. Objections to the extent of the district of lands to be affected or benefited by said work or improvement, and to be assessed

to pay the cost and expenses thereof, may be made by interested parties, in writing, within ten days after the expiration of the time of the publication of the notice of the resolution of intention. The city clerk shall lay such objections before the city council, which shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the postoffice of said city, postage prepaid, addressed to each objector. At the time specified the city council shall hear the objections urged, and pass upon the same, and its decisions shall be final and conclusive. If the objections are sustained, all proceedings shall be stopped; but proceedings may be immediately again commenced by giving the notice of intention to do the said work or make said improvements. If the objections are overruled by the city council, the proceedings shall continue the same as if such objections had not been made. [Amendment approved June 6, 1913, Stats. 1913, p. 493. In effect August 10, 1913.]

Council may order work done after majority of frontage petitions.

§ 4. The owners of a majority in frontage of lots and lands fronting on any street, avenue, lane, alley, place, or court, or of lots or lands liable to be assessed for the expense of the work petitioned to be done, or their duly authorized agents, may petition the city council to order any of the work mentioned in this act to be done, and the city council may order the work mentioned in said petition to be done, after notice of its intention so to do has been posted and published as provided in section 3 of this act. Procedure preliminary to letting contracts. Award of contract, etc.

§ 5. Before the awarding of any contract by the city council for doing any work authorized by this act, the city council shall cause notice, with specifications, to be posted conspicuously for five days on or near the council chamber door of said council, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposal, and referring to the specifications posted or on file, to be published for two days in a daily, semi-weekly, or weekly newspaper, published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. All proposals or bids offered shall be accompanied by a check payable to the order of the mayor of the city, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and by two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall, in open session, examine and publicly declare the same; provided, however, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent and unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid, which award shall be approved by the mayor or a three-fourths vote of the city council. If not approved by him, or a three-fourths vote of the city council, without further proceedings, the city council may readvertise for proposals or bids for the performance of the work as in the first instance, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bids so rejected. But the checks

accompanying such accepted proposals or bids shall be held by the clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder or by the owners of three-fourths part of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said city, and shall be collected by it and paid into its fund for repairs of streets; any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund. Notice of such awards of contract shall be posted for five days, in the same manner as hereinbefore provided for the posting of proposals for said work. It shall be published for two days in a daily newspaper published and circulated in said city and designated by said city council, or in cities where there is no daily newspaper, by one insertion in a semi-weekly or weekly newspaper so published, circulated and designated; provided, however, that in case there is no newspaper printed or published in any such city, then such notice of award shall only be kept posted as hereinbefore provided. The owners of three-fourths of the frontage of lots and lands upon the street whereon said work is to be done, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within ten days after the first posting and publication of said notice of said award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should the said owners fail to elect to take said work, and to enter into a written contract therefor within ten days, or to commence the work within fifteen days after the first posting and publication of said award, and to prosecute the same with diligence to completion, it shall be the duty of the superintendent of streets to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid. But if such original bidder neglects, fails or refuses, for fifteen days after the first posting and publication of notice of award, to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids as in the first instance, and award the contract of said work to the then lowest regular bidder. The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract as herein provided, shall be rejected in any bidding or election subsequent to the first for the same work. If, however, the owner or contractor, who may have taken any contract, do not complete the same within the time limited in the contract, or within such further time as the city council may give them, the superintendent of streets shall report such delinquency to the city council, which may relet the unfinished portion of said work, after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance. All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the superintendent of streets of said city, with two or more sureties and payable to such city, in such sums as the mayor shall deem adequate, conditioned for the faithful performance of the contract; and the sureties shall justify before any person competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions. Before being entitled to a contract, the bidder to whom the award was made, or the owners who have elected to take the contract, must advance to the superintendent of streets, for payment by him, the cost of publication of notices, resolutions, orders, or other incidental expenses and matters required under the proceedings prescribed in this act, and such other notices as may be deemed requisite by the city council; provided, however, that all contracts entered into between the owners of any property and the contractor or his agents to perform the work of improvement on any street, alley, lane, avenue, place, or court, shall be in triplicate and shall contain all items of expense and the total contract price

therefor, and no other payment shall be allowed to or recovered by such contractor, other than as itemized and set forth in said contract. The original of such contract shall be held by the city, one copy thereof shall be held by the contractor or his agent, and one copy thereof duplicate shall be held by the owners. And in case the work is abandoned by the city before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the city treasury. [Amendment approved April 10, 1911, Stats. 1911, p. 849.]

Notice of faulty proceedings. Objections, when deemed to be waived.

§ 5½. At any time within ten days from the date of the first publication of the notice of award of contract, any owner of or other person having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings relating to said improvement are irregular, defective, erroneous or faulty, may file with the clerk of the city council a written notice specifying in what respect said acts and proceedings are irregular, defective, erroneous or faulty. Said notice shall state that it is made in pursuance of this section. All objections to any act or proceeding, prior to the date of the aforesaid notice of award, in relation to said improvement, not made in writing and in the manner and at the time aforesaid, shall be waived, excepting as to matters directly affecting the jurisdiction of the council to order the said work or improvement. [New section approved February 20, 1909, Stats. 1909, p. 31. In effect immediately.]

Superintendent of streets. Powers and duties. Work and materials. Assessment and expenses.

§ 6. The superintendent of streets is hereby authorized, in his official capacity, to make all written contracts, and receive all bonds authorized by this act, and to do any other act, either express or implied, that pertains to the street department under this act; and he shall fix the time for the commencement, which shall not be more than fifteen days from the date of the contract, and for the completion of the work under all contracts entered into by him, which work shall be prosecuted with diligence from day to day thereafter to completion, and he may extend the time so fixed from time to time, under the direction of the city council. The work provided for in section 2 of this act must, in all cases, be done under the direction and to the satisfaction of the superintendent of streets, and the materials used shall comply with the specifications and be to the satisfaction of said superintendent of streets, and all contracts made therefor must contain a provision to that effect, and also express notice that, in no case, except where it is otherwise provided in this act, will the city, or any officer thereof, be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The city council may, by ordinance, prescribe general rules directing the superintendent of streets and the contractor as to the materials to be used, and the mode of executing the work, under all contracts thereafter made. The assessment and apportionment of the expenses of all such work or improvement shall be made by the superintendent of streets in the mode herein provided.

Bonds for labor and material. Lien for materials furnished.

§ 6½. Every contractor, person, company or corporation including contracting owners, to whom is awarded any contract for street work under this act, shall, before executing the said contract, file with the superintendent of streets a good and sufficient bond, approved by the mayor, in a sum not less than one-half of the total amount payable by the terms of said contract; such bond shall be executed by the principal and at least two sureties, who shall qualify for double the sum specified in said bond, and shall be made to inure to the benefit of any and all persons, companies, or corporations who perform labor on, or furnish materials to be used in the said work of

improvement, and shall provide that if the contractor, person, company, or corporation to whom said contract was awarded fails to pay for any materials so furnished for the said work of improvement, or for any work or labor done thereon of any kind, that the sureties will pay the same, to an amount not exceeding the sum specified in said bond. Any laborer, materialman, person, company, or corporation, furnishing materials to be used in the performance of said work specified in said contract, or who performed work or labor upon the said improvement, whose claim has not been paid by the said contractor, company, or corporation, who executed the said contract, shall severally have a first lien upon and against the assessment, any partial assessment, any reassessment, and any bonds which may be issued to represent any assessment or reassessment. Such laborers, or materialmen may, at any time prior to thirty days after the recording of the assessment for said work, file with the superintendent of streets a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. At any time within ninety days after the filing of such claim the person, company, or corporation filing the same or their assigns, may commence an action either to enforce the aforesaid lien, or on said bond, for the recovery of the amount due on said claim, together with the costs incurred in said action, and a reasonable attorney fee, to be fixed by the court, for the prosecution thereof. [Amendment of May 8, 1919. In effect July 22, 1919, Stats. 1919, p. 481.]

This section was added February 21, 1899, Stats. 1899, p. 23.

Expenses of work.

§ 7. Subdivision One.—The expenses incurred for any work authorized by this act (which expense shall not include the cost of any work done in such portion of any street as is required by law to be kept in order or repair by any person or company having railroad tracks thereon, nor include work which shall have been declared in the resolution of intention to be assessed on a district benefited) shall be assessed upon the lots and lands fronting thereon, except as herein specifically provided; each lot or portion of a lot being separately assessed, in proportion to the frontage, at a rate per front foot sufficient to cover the total expense of the work.

Street crossings.

Subdivision Two.—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot of the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, halfway to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

One street terminating in another.

Subdivision Three.—Where a main street terminates in another main street, the expense of the work done on one-half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Alley crossings.

Subdivision Four.—Where any alley or subdivision street crosses a main street the expense of all work done on said crossing shall be assessed on all lots or portions of lots halfway on said alley or subdivision street to the next crossing or intersection, or to the end of each alley or subdivision street, if it does not meet another.

Alley crossings.

Subdivision Five.—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, halfway to the next street, place or court, on either side, respectively, or to the end of such alley or subdivision street, if it does not meet another.

One alley, etc., terminating in another.

Subdivision Six.—Where a subdivision street, avenue, lane, alley, place or court terminates in another street, avenue, lane, alley, place or court, the expense of the work done on one-half of the width of the subdivision street, avenue, lane, alley, place or court opposite the termination, shall be assessed upon the lot or lots fronting on such subdivision street, avenue, lane, alley, place or court so terminating, according to its frontage thereon, halfway, on each side, respectively, to the next street, avenue, lane, alley, place or court or to the end of such street, avenue, lane, alley, place or court, if it does not meet another, and the other one-half of the width upon the lots fronting such termination.

Work on one side of street.

Subdivision Seven.—Where any work mentioned in this act (manholes, sewers, cess-pools, culverts, crosswalks, piling and capping excepted) is done on one side of the center line of any street, or sewerage or re sewerage is ordered to be done under the sidewalk on only one side of any street for any length thereof, the assessment for the expenses thereof shall be made only upon the lots and lands, fronting nearest upon that side of the street and for intervening intersections only upon the two quarter blocks adjoining and cornering upon that side.

When lots belonging to state, United States or city front on work.

Subdivision Eight.—Whenever any lot, piece or parcel of land belonging to the United States or to the state of California, or any lot, piece or parcel of land belonging to any county, city, public agent, mandatory of the government, school board, educational, penal or reform institution or institution for the feeble-minded or the insane, and being in use in the performance of any public function, fronts upon the proposed work or improvement or is included within the district declared by the city council in the resolution of intention to be the district to be assessed to pay the costs and expenses thereof, the city council may, in its discretion, in the resolution of intention, declare that said lots, pieces or parcels of land so owned and in use, or any of them, shall be omitted from the assessment to be made to cover the costs and expenses of said work or improvement. In the event that said lots, pieces or parcels of land, or any of them, shall, by said resolution be omitted from the assessment, then the total expense of all work done shall be assessed on the remaining lots fronting on the work or improvement or lying within the limits of the assessment district without regard to such omitted lots, pieces or parcels of land. In the event the city council shall, in its resolution of intention, declare that the said lots, pieces or parcels of land so owned and in use, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, then such sum or sums as thereafter may be assessed against such lots, pieces or parcels of land, so owned and used, shall be payable by the city out of the general fund, unless the council shall in its resolution of intention designate another fund and the contract for said work or improvement thereafter made shall contain a provision to that effect.

Owners may do grading.

Subdivision Nine.—It shall be lawful for the owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the city council, to perform, at his or their own expense (after obtaining permission from the

council so to do, but before said council has passed its resolution of intention to order grading inclusive of this), any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the superintendent of streets, which certificate the superintendent shall record in a book kept for that purpose in his office, properly indexed. Whenever thereafter the city council orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contracts must express the price by the cubic yard for cutting and filling in grading; and the said owner or owners and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said streets for the grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been duly altered, only for so much of said certified work as would be required for grading to the altered grade; provided, however, that such owner or owners shall not be entitled to such credit as may be in excess of the assessments for grading upon the lots and lands owned by him or them, and proportionately assessed for the whole of said grading; and the superintendent of streets shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the duly altered grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned, respectively, by said certified owners and their successors in interest; provided, however, that he shall not so include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners or their successors in interest. Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work (except grading) on such street, in front of any block, at his or their own expense, and the city council shall have subsequently ordered any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done; provided, that the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the street superintendent at the time said order is passed.

Diagram of district. Plan of assessment.

Subdivision Ten.—Whenever the resolution of intention declares that the cost and expenses of the work and improvement are to be assessed upon a district, the city council shall direct the city engineer to make a diagram of the property affected or benefited by the proposed work or improvement, as described in the resolution of intention, and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district; and when said diagram shall have been approved by the city council, the clerk shall, at the time of such approval, certify the fact and date thereof. Immediately thereafter the said diagram shall be delivered to the superintendent of streets of said city, who shall, after the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent

of streets or city council, on appeal, proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by said diagram, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece, or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the costs and expenses of such work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portion of lot, and subdivisions of land in said assessment district benefited thereby, to wit: Upon each respectively, in proportion to the estimated benefits to be received by each of said several lots, portions of lots or subdivisions of land. In other respects the assessment shall be as provided in the next section.

Railroad subject to assessment.

Subdivision Eleven.—The terms lot, lots, lands, piece or parcel of land wherever mentioned in this act, shall be deemed to include and shall include property owned or controlled by any person, firm or corporation as a railroad, street or interurban railroad, right of way, and whenever a railroad, street or interurban railroad right of way shall front or abut on any street improved under the provisions of this act or shall be included within any district to be assessed for the cost of any improvement provided in this act, such railroad right of way (whether the same is owned in fee or as an easement) shall be included in the warrant, assessments, and diagram and shall be assessed in the same manner and with the same effect as other lots, lands or pieces or parcels of land are assessed as provided in this act and such railroad right of way shall be subject to sale for nonpayment of assessments as in this act provided.

Railroads to improve streets between tracks.

Subdivision Twelve.—Whenever any railroad track or tracks of any description exist upon the street or streets upon which the city council of any city has ordered an improvement to be made, and has excepted therefrom the portions used by the track, between the rails and for two feet on each side thereof, and between the tracks if there be more than one, the said order, unless said city council shall by resolution theretofore passed have declared the contrary, shall be deemed to be and constitute a requirement that the person or company having said railroad track or tracks thereon shall improve the said portion with improvements similar in all respects to, with the same materials, under the same specifications and superintendence, and to the like satisfaction as those ordered to be performed by said order ordering the work, and the resolution of intention and notice of proposed improvement shall be construed and are hereby declared to be notice to said person or company of the intention to order the same. Thereupon it shall be the duty of said person or company having such track or tracks on such street or streets to notify in writing the superintendent of streets if such person or company elects to perform such work at its own charge and expense and under its own direction; said notice must be delivered to the superintendent of streets within ten days after the first publication of notice or award of contract. The omission or neglect to make such election shall be construed as constituting the superintendent of streets the agent of the owner of said track or tracks, with authority to enter into a contract made in accordance with the provisions of this section for making the said improvements. Said superintendent of streets shall advertise for bids for the improvement of said portions of street or streets lying between the rails and for two feet on each side thereof, and between the tracks, if there be more than one. It shall be the duty of said city council to award the contract for the making of said improvements to the lowest regular responsible bidder. Such bidding and awarding of contracts shall be made in the same manner hereinbefore provided for the awarding of contracts for improvements, excepting that no notice of award shall be published. Immediately upon the award, the superintendent of streets shall enter into a contract with the

person to whom said contract was awarded for the making of said improvement or improvements upon the portions of the street or streets described in said notice inviting bids, and at the price stated in said bid. The contractor shall execute bonds in the manner required for the execution of contracts for improvements. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of such completion together with a statement of the amount due under the terms of said contract for the performance of said work. Such certificate shall be countersigned by the mayor of said city, and shall be recorded in the office of said superintendent of streets. The contractor shall thereupon be entitled to payment of the full amount of said contract price, and the recording of such certificate shall be sufficient notice to the owner of such track or tracks that said contract price is due and payable. In the event that such amount is not paid within thirty days from the date of the recording of said certificate, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his office in the book in which the certificate of acceptance has been recorded. Said contractor shall thereupon have a cause of action against said person or company owning said track or tracks for the amount of said contract, together with a reasonable attorney's fee, and shall also have as security for the recovery of such amount a first lien upon the track and franchises of said person or company, between whose rails or tracks the said work has been performed, contained within the corporate limits of the said city. In such suit, the certificate of the superintendent of streets, hereinbefore mentioned, shall be and constitute prima facie evidence of the regularity of all proceedings, and of the right of the contractor to recover judgment against said person or company. Execution may be taken out upon the entry of judgment, and levied upon any property of said person or company subject to execution. In the event that said person or company shall file the written election to perform such work at its own cost and expense and under its own direction, no further proceedings shall be taken in the matter unless such person or company neglects or fails for thirty days, or for such further time as the city council may grant, to make said improvement. In the event that the improvement of the portions of the street or streets above described, between the rails and for two feet on each side thereof, and between the tracks if there be more than one, shall not be made with diligence, or in all respects similar to the improvement of the rest of the street, or with the same materials or under the same specifications, and to the satisfaction of the superintendent of streets, the city council of said city may, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit and proper before permitting the said person or company to continue with the said improvement. If the said person or company shall, after three days' notice of the adoption of said resolution, fail to comply with the terms and conditions so prescribed, the said city council may declare said person or company to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of such work, or such portions thereof as may remain uncompleted, and the contract therefor shall be awarded and entered into in the same manner hereinbefore provided for the awarding and execution of contracts where said person or company has not elected to make the improvement under its own direction; and upon the completion of the improvement, the contractor to whom such contract may be awarded, or his assigns, shall be entitled to a certificate from the street superintendent similar to that hereinbefore provided for, and shall have the right to collect from said person or company by suit the amount specified in such certificate in all respects the same as is hereinbefore provided where the contract is let for such improvement in the first instance.

Council may include different kinds of work in its order.

Subdivision Thirteen.—The said council may include in one resolution of intention and order any of the different kinds of work mentioned in this act, and may include any number of streets and rights of way or portion thereof in one proceeding and one contract, and it may expect therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; provided, that this shall not be construed so as to affect the special provisions as to grading contained in this act. [Amendment approved April 5, 1911, Stats. 1911, p. 627.]

This section was also amended March 14, 1889, Stats. 1889, p. 163; and March 31, 1891, Stats. 1891, p. 201.

Superintendent to make assessment for work. Assessment, how made and what to show.

§ 8. After the contractor of any street work has fulfilled his contract to the satisfaction of the street superintendent of said city, or city council on appeal, the street superintendent shall make an assessment to cover the sum due for the work performed and specified in said contract (including any incidental expenses), in conformity with the provisions of the preceding section according to the character of the work done; or, if any direction and decision be given by said council on appeal, then in conformity with such direction and decision, which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, if the assessment be made per front foot, the amount of each assessment, the name of the owner of each lot, or portion of a lot (if known to the street superintendent); if unknown the word "unknown" shall be written opposite the number of the lot, and the amount assessed thereon, the number of each lot or portion or portions of a lot assessed, and shall have attached thereto a diagram exhibiting each street or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each district lot, or portion of lot to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting, or number of lots assessed, for said work contracted for and performed. [Amendment approved March 14, 1889, Stats. 1889, p. 166.]

Form of warrant. Record of warrant. To be delivered to contractor. Course to be pursued in case of error.

§ 9. To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets, and countersigned by the mayor of said city. The said warrant shall be substantially in the following form:

FORM OF THE WARRANT.

By virtue hereof, I (name of the superintendent of streets), of the city of, county of (or city and county of), and state of California, by virtue of the authority vested in me as said superintendent of streets, do authorize and empower (name of contractor), (his or their) agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their) warrant for the same.

(Date)

.... (name of superintendent of streets.)

Countersigned by (name of mayor).

Said warrant, assessment, and diagram, together with the certificate of the city engineers, shall be recorded in the office of said superintendent of streets. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment, diagram and certificate, all persons mentioned in section 11 of

this act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, diagram, and certificate are recorded, the same shall be delivered to the contractor, or his agent, as assigns, on demand, but not until after the payment of the said superintendent of streets of the incidental expenses not previously paid by the contractor, or his assigns; and by virtue of said warrant said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments. Whenever it shall appear by any final judgment of any court of this state that any suit brought to foreclose the lien of any sum of money assessed to cover the expense of said street work done under the provisions of this act has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality in any assessment hereafter to be made and issued, or in the recording thereof, or in the return thereof made to or recorded by said superintendent of streets, any person interested therein may, at any time within three months after the entry of said final judgment, apply to said superintendent of streets who issued the same, or to any superintendent of streets in office at the time of said application, for another assessment to be issued in conformity to law; and said superintendent shall, within fifteen days after the date of said application, make and deliver to said applicant a new assessment, diagram, and warrant in accordance with law; and the acting mayor shall countersign the same as now provided by law, which assessment shall be a lien for the period of two years from the date of said assessment, and be enforced as provided in section 7 of this act. [Amendment approved March 31, 1891, Stats. 1891, p. 205.]

This section was also amended March 14, 1889, Stats. 1889, p. 166.

Demand for payment of assessment. Return of warrant to superintendent of streets.

Failure to return warrant. Extension of time. Interest on assessment overdue.

§ 10. The contractor, or his assigns, or some person in his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment in presence of the person making such payment, and shall also give a separate receipt if demanded. Whenever the person so assessed, or his agent, can not conveniently be found, or whenever the name of the owner of the lot is stated as "unknown" on the assessment, then the said contractor, or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the superintendent of streets within thirty days after its date, with a return indorsed thereon, signed by the contractor, or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof. Thereupon the superintendent of streets shall record the return so made, in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. The said superintendent of streets is authorized at any time to receive the amount due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; provided, that no such payment so made after suit has been commenced, without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff; and he may release an assessment upon the books of his office, on the payment to him of the amount of the assessment against any lot with interest, or on the production to him of the receipt of the party or his assigns to whom the assessment and warrant were issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed; provided, however, that in case any warrant is

lost, upon proof of such loss a duplicate can be issued, upon which a return may be made, with the same effect as if the original had been so returned; provided, further, that the street superintendent may for cause shown on written petition from the contractor or his assigns filed in his office prior to the expiration of said thirty days from the date of the warrant, extend the time for the making of said return for a period not to exceed thirty days additional, which extension shall, with its date, be noted on the warrant. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of ten per cent per annum until paid. [Amendment approved June 6, 1913, Stats. 1913, p. 407. In effect August 10, 1913.]

Owners may object to warrant. Hearing and appeal.

§ 11. The owners, whether named in the assessment or not, the contractor, or his assigns, and all other persons directly interested in any work provided for in this act, or in the assessment, feeling aggrieved by any act or determination of the superintendent of streets in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the superintendent of streets, shall, within thirty days after the date of the warrant, appeal to the city council, as provided in this section, by briefly stating their objections in writing, and filing the same with the clerk of said city council. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations, or proceedings objected to or complained of, shall be published for five days. Upon such appeal, the said city council may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the superintendent of streets relative to said work; may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the city council; and may instruct and direct the superintendent of streets to correct the warrants, assessment, or diagram in any particular, or to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said city council in relation thereto, at their option. All the decisions and determinations of said city council, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities, and irregularities which said city council might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the city council, as provided in this section, for any error, informality, or other defect in any of the proceedings prior to the assessment, or in the assessment itself, where notice of the intention of the city council to order the work to be done, for which the assessment is made, has been actually published in any designated newspaper of said city for the length of time prescribed by law, before the passage of the resolution ordering the work to be done.

Contractor may sue on overdue assessment. Attorney's fees. Demand in writing prerequisite. Proof of service. Consolidation of actions. Evidence of regularity. Redemption.

§ 12. At any time after the period of thirty-five days from the day of the date of the warrant as herein provided or if an appeal is taken to the city council as provided in section eleven of this act, or an extension of time is granted to the contractor in which to make his return as provided in section ten of this act, at any time after five days from either the decision of said council or the expiration of said extension or the return of the warrant or assessment, after the same may have been corrected, altered or modified as provided in said section eleven (but not less than thirty-five

days from the date of the warrant), the contractor or his assignee may sue, in his own name, the owner of the land, lots, or portions of lots, assessed on the day of the date of the recording of the warrant, assessment, and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of ten per cent per annum until paid. And in all cases of recovery under the provisions of this act, where suit has been brought after one year from the date of the assessment or after personal demand has been made on the owner as hereinafter provided, the plaintiff shall recover the sum of fifteen dollars, in addition to the taxable costs as attorney's fees, but not any percentage upon said recovery; but no suit shall be brought for the recovery of any such assessment and no attorney's fees or costs shall be recovered until a demand in writing has been served personally on the owner of the lot or parcel of land assessed and such owner has failed to pay such assessment before the expiration of ten days after the service of such demand, or unless one year has elapsed from the date of the assessment. Proof of service of such demand shall be made by affidavit in like manner as proof of service of summons in a civil action. If the contractor or his agent or any person acting in behalf of the contractor shall, prior to the filing of a complaint for the recovery of any assessment as herein provided, make any written demand upon or present any bill or notice in writing to such owner, demanding, requesting or notifying such owner to pay or that there is due, attorney's fees or court costs in connection with the collection of such assessment, then the contractor shall forfeit to such owner the amount of such assessment and the superintendent of streets is authorized, upon written demand of such owner, accompanied by the affidavit of such owner, that such written demand, bill or notice for the payment of attorney's fees, and costs, or either thereof, prior to the commencement of suit, to mark said assessment "paid," and such assessment shall thereby be deemed to be paid and the lien thereof released. When the ownership of two or more lots or parcels of land on which assessments in the same proceeding have not been paid is identical, one action may be brought to collect the assessments on all of said lots or parcels of land, and in case more than one action is brought against the owner of more than one lot or parcel of land where the ownership is identical, as aforesaid, the court shall, upon the motion of such owner or owners, consolidate such actions, and in the event of such consolidation of actions and recovery therein, only fifteen dollars as attorney's fee shall, unless otherwise ordered by the court, be recovered; and when suit has been brought as in this section provided, the plaintiff shall be entitled to have and recover said attorney's fee, and taxable costs, notwithstanding that the suit may be settled or a tender may be made before a recovery in said action, and he may have judgment therefor. Suit may be brought in the superior court within whose jurisdiction the city is in which said work has been done, and in case any of the assessments are made against lots, portions of lots, or lands the owners of which cannot, with due diligence, be found, the service of summons in each of such actions may be had in such manner as is prescribed in the codes and laws of this state. The said warrant, assessment, certificate, and diagram, with the affidavit of service of demand and nonpayment shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets and city council upon which said warrants, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of the sale of real estate by the process of said court; and on appeal, the appellate courts shall be vested with the same power to adjudge and decree a lien and to order such premises to be sold on execution or decree as is conferred on the court from which an appeal is taken. Such

premises, if sold, may be redeemed as in other cases. In all suits now pending, or hereafter brought to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this act, and also, when not in conflict herewith, by the codes of this state. This act shall be liberally construed to effect the ends of justice. [Amendment approved June 6, 1913, Stats. 1913, p. 408. In effect August 10, 1913.]

This section was also amended March 14, 1889, Stats. 1889, p. 168.

New assessments and bonds, when old have been declared invalid. Duty of court to point out irregularity. Court to order new assessment. City council may set aside assessment. Procedure.

§ 12 1/4. Whenever any assessment made and issued under the provisions of this act, or whenever any bond or bonds issued to represent the amount of any such assessment in accordance with the provisions of "An act to provide a system of street improvement bonds to represent certain assessments for the costs of street work and improvement with municipalities, and also for the payment of such bonds," approved February 27, 1893, and all acts supplementary thereto or amendatory thereof, have been set aside by any court of competent jurisdiction, or such court has refused to enforce any assessment, or has decreed any bond or bonds issued under the above mentioned statute approved February 27, 1893, not to constitute valid and subsisting liens against the lots, pieces or parcels of land upon which the assessments represented by them have been levied, then the superintendent of streets shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not, and new bonds shall in regular course thereafter issue in the event that bonds were issued under or provided for in the original assessment. It is hereby made the duty of any court of competent jurisdiction in rendering its judgment holding invalid any assessment or assessments hereafter made or issued, or of any bond or bonds hereafter made or issued to represent the amount or amounts of any such assessment, to make a finding as to whether or not the issuing of such assessment was entirely without the power of the said city to issue, and if not, then what omission, irregularity, illegality, informality or noncompliance with the requirements of the statute of which this is amendatory has occurred in the proceedings upon which said assessment or assessments and bonds rest, and what effect shall be given to them in making the re-assessment. In the event that the court shall find that the work, the expenses of which are represented by said assessment or bonds, was done in good faith under the contract made pursuant to a resolution of the city council providing for such improvement to be paid for by a special assessment, it shall be the duty of the said court to order the making of a new assessment, which assessment shall be delivered to the contractor or his assigns, or the holder or holders of the bonds representing the assessments, as the case may be. The city council may, at the request of the contractor, his assigns or the holder of the bonds representing the assessments, by resolution duly passed, set aside any assessment or assessments and bond, as the case may be, and order a new assessment or assessments and bonds, to be made and issued without any decree having been obtained of or from any court regarding said matter, if in its opinion the assessment be invalid, and it may take all necessary steps and make and pass all necessary orders or ordinances to re-assess and re-levy such assessment, and may re-assess and re-levy the same with the same force and effect as an original levy. Such re-assessment, whether made after decree of court has been rendered, or pursuant to a resolution of the council, shall be based upon the special and peculiar benefit of the work or improvement to the respective lots, pieces or parcels of land assessed at the time of the making of the re-assessment, and its total amount shall not exceed the total amount of the original assessments. Such re-assessment so made shall become a charge upon the property upon which

the same is levied, notwithstanding any omission, failure or neglect of any officer, body or person to comply with the provisions of this statute, relating to or connected with the improvement and the issuing of the assessment or the bonds, and notwithstanding the fact that the proceedings of the city council, board of public works or any officer of the city or agent of the contractor or other person connected with such work, may have been irregular, illegal, informal, or defective, or not in full conformity with the requirements of this statute. It is hereby declared to be the true intent and meaning of this section to make the cost and expense of all local improvements actually made in the attempted exercise of the powers conferred upon municipalities under this statute, payable by the real estate benefited by such improvement by making a re-assessment therefor which shall equitably apportion to each lot, piece or parcel of land thereby benefited the amount of the actual benefits derived from said improvement, notwithstanding that the proceedings of the city council and other officers or agents of the city, or of the contractor, may have been irregular, illegal or defective, or not in full conformity with the requirements of this statute. Such re-assessment shall be made without a repetition of the proceedings had prior to the issuance of the assessment and shall be made and issued in the following manner: The superintendent of streets shall, upon the entering of a decree of court directing the re-assessment, or upon the passage of a resolution of the city council directing a re-assessment, proceed at once to make a re-assessment in accordance with the said decree of court, or said resolution of the city council. Such re-assessment shall be made upon the property fronting on the improvement or upon the district described in the resolution of intention for said work or improvement, as the case may be, and in the event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said district, then upon the district which the court or council shall find to be that actually benefited by said improvement, but in so finding said court or council shall follow the lines described in the resolution of intention so far [as] the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such a determination as to the lines where there is any uncertainty or ambiguity in the resolution of intention as may be just and equitable. In the event that a portion of the work or improvement has been found to have been entirely without the power of said city to order done, then said assessment shall be for the remainder of the work or improvement only, and the benefits arising from the work entirely without the jurisdiction of the city to order shall not be considered in making the re-assessment. Upon the completion of the re-assessment it shall be presented to the city council and a day of hearing shall be fixed by it which shall be at least twenty (20) days after the filing of the re-assessment. The city clerk shall then advertise the fact of said filing by publishing a notice in the newspaper in which the notice of award of contract was published, or in such other paper as the council may direct, by five (5) insertions if the paper be a daily, or by two (2) insertions if it be a weekly or semi-weekly newspaper, stating the fact that the re-assessment has been filed with him and that objections to said re-assessment will be heard at the time specified by the city council. At the time fixed for said hearing, or at such time or times to which the same may be thereafter adjourned, the city council shall consider the objections to said re-assessment and in its discretion revise, correct and modify such re-assessment in such manner as is most equitable, and it shall thereupon pass a resolution approving and confirming such re-assessment and such decision shall be a final determination of all matters relating to the actual benefits derived from the improvement by the respective lots, pieces and parcels of land enumerated in the re-assessments. Said re-assessment shall thereupon be recorded by the street superintendent and it shall in all respects have the same effect and weight as the original assessment, and shall be enforced in the same manner. All payments made upon the original assessment shall be credited upon the re-assessment and in the event that the

re-assessment in any instance is less than the amount of the original assessment, the excess shall be payable to the owner by the contractor. [New section approved June 10, 1913, Stats. 1913, p. 409. In effect August 10, 1913.]

City council may use discretion in completion of improvements.

§ 12½. The city council, instead of waiting until the completion of the improvement, may, in its discretion, and not otherwise, upon the completion of two blocks or more of any improvement, order the street superintendent to make an assessment for the proportionate amount of the contract completed, and thereupon proceedings and rights of collection of such proportionate amount shall be had as in sections 8, 9, 10, 11, and 12 of the act of which this is amendatory is provided. [New section approved March 14, 1889, Stats. 1889, p. 169.]

Repairs. Contract for repairs may be let. Contractor may sue owners. Penalties for neglecting repairs.

§ 13. When any portion of any street, alley or public place in said city shall be out of repair or needing reconstruction, or in a condition to interfere with the public convenience in the use thereof, it shall be the duty of the superintendent of streets to notify the owner of any lot or portion of a lot, fronting on the portion of such street, alley, or public place, so out of repair or needing reconstruction, to repair or reconstruct such portion of said street, alley, or public place, to the center line of said street, alley, or public place, in front of the property of which he is the owner, or to repair the sidewalk in front of such property in case such sidewalk shall need repair or reconstruction, and he shall state in such notice what work is required to be done, and what materials shall be used in said work and how the same shall be done. If said repairs or reconstruction be not commenced within ten days after notice given, as aforesaid, and prosecuted to completion diligently, the said superintendent of streets may under authority from said city council let a contract for the performance of such work. He shall post notice at his office for two days inviting bids for the doing of said work of repair or reconstruction, and the contract shall be awarded by him to the lowest bidder, and a contract in writing shall be entered into with the successful bidder. Upon the completion of said repairs or reconstruction to the satisfaction of said superintendent of streets, he shall make and deliver to said contractor a certificate to the effect that said repairs or reconstruction, or both, have been properly made, and state what amount is payable by each owner for the same, which certificate shall be recorded in the office of said superintendent of streets in a book kept for that purpose, and all owners of property in front of which such improvement shall have been performed, shall be deemed to have notice of the contents of the record thereof. The contractor may make demand for the amount due by serving written notice upon the owners referring to the certificate so recorded, and if the contractor be not paid on demand, he shall have the right to sue each owner for the amount due and payable from each respectively, and the said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for the work and materials and of the right of the contractor to recover for the same in such action, and the amount so due any payable shall be a first lien upon the respective lots, pieces or parcels of land against which it may be charged and shall have the same effect as the lien hereinbefore provided for in section 9 of this act and may be enforced in the same manner.

In addition, the city council shall have power by ordinance to prescribe the penalties that shall be incurred by any owner for neglecting or refusing to make repairs when required, which penalties shall be recovered for the use of the city by prosecution in the name of the people of the state of California, in the court having jurisdiction thereof, and may be applied, if deemed expedient, by the said city council in the payment of the expense of any such repairs not otherwise provided for. [Amendment approved April 5, 1911, Stats. 1911, p. 633.]

This section was also amended March 14, 1889, Stats. 1889, p. 169.

Certificate of superintendent, prima facie evidence, etc.

§ 14. If the expenses of the work and material for such improvements after the completion thereof, and the delivery to said contractor of said certificate, be not paid to the contractor so employed, or his agent or assignee, on demand, the said contractor, or his assignee, shall have the right to sue such owner, tenant, or occupant for the amount contracted to be paid; and said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the said superintendent of streets in a book kept by him in his office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien, the same as provided in section 9 of this act, and may be enforced in the same manner.

Penalties.

§ 15. In addition, and as cumulative to the remedies above given, the city council shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner or person liable, or neglecting, or refusing to make repairs when required, as provided in section (13) thirteen of this act, which fines and penalties shall be recovered for the use of the city by prosecution in the name of the people of the state of California, in the court having jurisdiction thereof, and may be applied, if deemed expedient by the said council, in the payment of the expenses of any such repairs not otherwise provided for.

Who deemed to be the "owner."

§ 16. The person owning the fee, or the person in whom, on the day the action is commenced, appears the legal title to the lots and lands, by deeds duly recorded in the county recorder's office of each county, or the person in possession of lands, lots, or portions of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as the executor, administrator, or guardian of the owner, shall be regarded, treated, and deemed to be the "owner" (for the purpose of this law), according to the intent and meaning of that word as used in this act. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

Tenants or lessees.

§ 17. Any tenant or lessee of the lands or lots liable may pay the amount assessed against the property of which he is the tenant or lessee under the provisions of this act, or he may pay the price agreed on to be paid under the provisions of section 13 of this act, either before or after suit brought, together with costs, to the contractor, or his assigns, or he may redeem the property, if sold on execution or decree for the benefit of the owner, within the time prescribed by law, and deduct the amount so paid from the rents due and to become due from him, and for any sums so paid beyond the rents due from him, he shall have a lien upon and may retain possession of the said land and lots until the amount so paid and advanced be satisfied, with legal interest, from accruing rents, or by payment by the owner.

Records of superintendent of streets.

§ 18. The records kept by the superintendent of streets of said city, in conformity with the provisions of this act, and signed by him, shall have the same force and effect as other public records, and copies therefrom, duly certified, may be used in evidence with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

Such notice shall specify the amount of indebtedness proposed to be incurred, the route and general character of the sewer, or sewers to be constructed, and the amount of money necessary to be raised annually by taxation for an interest and sinking fund as hereinafter provided. Such notice shall be published for at least three weeks in some newspaper published in such city, and no other

If, upon a canvass of the votes cast at such election, it appear that not less than two-thirds of all the qualified electors voting at such election shall have voted in favor of incurring such indebtedness, it shall be the duty of the city council to pass an ordinance providing for the mode of creating such indebtedness, and of paying the same; and in such ordinance provision shall be made for the levy and collection of an annual tax upon all the real and personal property subject to taxation, within such city, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within a period of not more than twenty years from the time of contracting the same. It shall be the duty of the city council in each year thereafter, at the time when other taxes are levied, to levy a tax sufficient for such purpose, in addition to the taxes authorized to be levied for city purposes. Such tax, when collected, shall be kept in the treasury as a separate fund, to be inviolably appropriated to the payment of the principal and interest of such indebtedness.

The notice shall state that sealed proposals will be received by the council for the purchase of the bonds on the day and hour named in the resolution. The council, at the time appointed, shall open the proposals and award the purchase of the bonds to the highest bidder, but may reject all bids.

§ 31. The council may sell said bonds, at not less than par value, without the notice provided for in the preceding section.

The proceeds of the sale of the bonds shall be deposited in the city treasury, to the account of the sewer fund, but no payment therefrom shall be made, except to pay for the construction of the sewer or sewers, for the construction of which the bonds were issued, and upon the certificate of the superintendent of streets and the city engineer that the work has been done according to the contract; provided, that after the completion of the sewers, for the construction of which said bonds were issued, if there be any money of said fund left in the treasury, the same may be transferred to the general fund, for general purposes. [Amendment approved March 15, 1887, Stats. 1887, p. 148.]

then said council shall cause to be prepared plans and specifications of said work in sections, and shall advertise for twenty days in at least one newspaper published in the city in which the sewer is to be constructed, and one in the city and county of San Francisco, for sealed proposals for constructing said sewer. The work may be let in sections, and must be awarded to the lowest responsible bidder, the council having the right to reject any and all bids. The work shall be done and the materials furnished under the supervision and to the satisfaction of the superintendent of streets and the city engineer.

This section was added March 17, 1891, Stats. 1891, p. 121; repealed February 27, 1893, Stats. 1893, p. 38, except as to proceedings hitherto commenced. A new section of the same number was added March 31, 1891, Stats. 1891, p. 463.

Unknown owners. Errors. Filing of report to be published. Confirmation of report.

§ 45. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt of the ownership of any lot or land, or any improvement thereon, or any interest therein, it shall be set down as belonging to unknown owners. Error in the designation of the owner or owners of any land or improvements, or particulars of their interest, shall not affect the validity of the assessment. On the filing of said report, the clerk of said city council shall give notice of such filing by the publication of at least ten days in one or more daily newspapers published and circulated in said city; or if there be no daily newspaper, by three successive issues in a weekly or semi-weekly newspaper so published and circulated; and said notice shall require all persons interested to show cause, if any, why such report should not be confirmed, before the city council, on a day to be fixed by the city council and stated in said notice, which day shall not be less than twenty days from the first publication thereof. [Amendment approved March 9, 1893, Stats. 1893, p. 91.]

Objections to be filed in writing. Hearing. New assessment. Advertising for bids. Proceedings. Awards.

§ 46. All objections shall be in writing and filed with the clerk of the city council, who shall, at the next meeting after the date fixed in the notice to show cause, lay the said objections, if any, before the council, which shall fix a time for hearing the same, of which time the clerk shall notify the objectors in the same manner as are notified objectors to the original resolution of intention. At the time set, or at such other time as the hearing may be adjourned, the city council shall hear such objections and pass upon the same, and at such time shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and plat, which shall be filed, notice given and had, as in the case of an original report. In case the ordinance or resolution of intention also provides for the assessing upon the district the cost of regrading or repaving such street or streets to such changed or modified grade, after the report of the commissioners as to the damages caused by such change of grade has been passed upon by the city council, it shall then advertise for bids to perform the work of regrading, repaving, sewerage, sidewalking, or curbing such street or streets with the same or other material with which the same had been formerly graded, paved, sewerage, sidewalked, or curbed; first causing a notice, with specifications, to be posted conspicuously for five days on or near the council chamber door, inviting sealed proposals for bids for doing such work, and shall also cause notices of said work, inviting said proposals and referring to the specifications posted or on file, to be published two days in a daily, semi-weekly, or weekly newspaper published and circulated in said city, and designated by the city council for that purpose, and in case there is no newspaper published in the city, then it shall be posted as provided in section 3 of the original act to which this is amendatory. All proposals or bids offered shall be accompanied by a check, payable to the order of the mayor of the city, and certified by a responsible bank for that amount, which shall not be less than ten per cent of the aggregate of the proposals; or by a bond for said amount, signed by the bidder and two sureties, who shall justify under oath in double said amount over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall in open session, examine and publicly declare the same; provided, however, that

no proposal or bid shall be considered unless accompanied by a check or a bond satisfactory to the council. The city council may reject any and all bids, and may award the contract to the lowest responsible bidder, which award shall be approved by the mayor or the three-fourths vote of the city council. If not approved by the mayor or the three-fourths vote of the city council, the city council may readvertise for proposals or bids for the performance of the work, as in the first instance, and thereafter proceed in the manner in this section provided. All checks accompanying bids shall be held by the clerk until the bearer has entered into a contract, as herein provided; and in case he refuses so to do, then the amount of his certified check shall be declared forfeited to the city, and shall be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted, and the amount thereon collected paid into such fund. Notice of the awards of the contracts shall be published and posted in the same manner as hereinbefore provided for the posting of proposals for said work. [Amendment approved March 9, 1893, Stats. 1893, p. 91.]

This section was added March 31, 1891, Stats. 1891, p. 463.

City clerk to certify contract. Cost of work to be assessed.

§ 47. After such contract has been awarded and entered into, the clerk of the city council shall certify to the city council that fact, together with the total amount of the cost of the same, whereupon the city council shall cause to be forwarded to the commissioners a copy of such certificate; whereupon such commissioners shall proceed to assess the cost of doing such work upon all the lots and land lying within the district to be assessed, distributing the same so that each lot will be assessed for its proportion of the same, according to the benefits it receives from the work, and in the same manner in which the damages caused by the change of grade were assessed upon the same. Such commissioners, in making such assessment, shall show the total amount for which each lot or tract is assessed, in excess of all benefits, for the total cost of changing and modifying the grade of the street, as well as the regrading, repaving, sewerage, sidewalking, and curbing of the same, and costs or damages connected therewith. The provisions of the act to which this is amendatory in regard to the mode or manner of the assessment of the cost of such work shall not apply to the work herein contemplated; neither shall the provisions of the same in regard to the issuing of bonds to represent the cost of the same, nor the provisions in regard to the right of protest against the work. [Amendment approved March 9, 1893, Stats. 1893, p. 92.]

City clerk to certify copy of report to superintendent of streets. Lien.

§ 48. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat, as finally confirmed and adopted by the city council. Such certified copy shall thereupon be the assessment-roll, the cost of which shall be provided for by the commissioners, as a portion of the cost of the proceedings therein. Immediately upon receipt thereof by the street superintendent, the assessment therein contained shall become due and payable, and shall be a lien upon all the property contained or described therein. [Amendment approved March 9, 1893, Stats. 1893, p. 93.]

This section was added March 31, 1891, Stats. 1891, p. 464.

Notice that assessment due. Payment of. Delinquency. Publication. Sale. Deed. Redemption. Fund to be created by treasurer.

§ 49. The superintendent of streets shall thereupon give notice, by publication for ten days in one or more daily newspapers published and circulated in said city, or city and county, or two successive insertions in a weekly or semi-weekly newspaper so published and circulated, that he has received said assessment-roll, and that all sums levied and assessed in said assessment-roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement

that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per cent upon the amount of such delinquent assessment, together with the cost of advertising each delinquent assessment will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "paid" and the date of payment opposite the respective assessment so paid, and the name of the persons by or for whom said assessment is paid, and shall give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment-roll, and shall add five per cent to the amount of each assessment so delinquent. The said superintendent of streets shall, within five days from the date of such delinquency, proceed to advertise the various sums delinquent, and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land separately assessed, by the sale of the assessed property in the same manner as is or may be provided for the collection of state and county taxes; and after the date of said delinquency, and before the time of such sale herein provided for, no assessment shall be received, unless at the same time the five per cent added to as aforesaid, together with the costs of advertising then already incurred, shall be paid therewith. Said list of delinquent assessments, with a notice of the time and place of sale of the property affected thereby, shall be published daily for five days, in one or more daily newspapers published and circulated in such city, or by at least two insertions in a weekly newspaper so published and circulated before the day of sale for such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment-list, and the place must be in or in front of the office of said superintendent of streets. All property sold shall be subject to redemption for one year, and in the same manner as in sales for delinquent state and county taxes; and the superintendent of streets shall, if there is no redemption, make and deliver to the purchaser at such sale a deed conveying the property sold, and may collect for each certificate fifty cents, and for each deed one dollar. All provisions of the law in reference to the sale and redemption of property for delinquent state and county taxes, in force at any given time, shall also then, as far as the same are not in conflict with the provisions of this act, be applicable to the sale and redemption of property for delinquent assessments hereunder, including the issuance of certificates and execution of deeds. The deed of the street superintendent, made after such sale, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder, and of title in the grantee. The superintendent of streets shall from time to time pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating each fund by the name of the street, square, lane, alley, court, or place for the change of grade for which the assessment was made. Payments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners or a majority of them. [Amendment approved March 9, 1893, Stats. 1893, p. 93.]

This section was added March 31, 1891, Stats. 1891, p. 464.

How notice of payment of damages to be made.

§ 50. When sufficient money is in the hands of the city treasurer, in the fund voted for the proposed work or improvement, to pay the total cost for damages, as well as for the cost of doing the work, and all other expenses connected therewith, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of the premises damaged, and to whom damages have been awarded, that a warrant has been drawn for the payment of the same, which can be received at the office of such commissioners. Such notification may be made by depositing a notice, postage paid, in the postoffice, addressed to his last known place of residence. If, after the expiration

of three days after the service or deposit of the notice in the postoffice, he shall not have applied for such warrant, the same shall be drawn and deposited with the city treasurer, to be delivered to him upon demand. [Amendment approved March 9, 1893, Stats. 1893, p. 94.]

This section was added March 31, 1891, Stats. 1891, p. 466.

Condemnation of premises. Precedence of proceedings. Deficiency, how paid. Priority of warrants.

§ 51. If the owner of any premises damaged neglects or refuses, for ten days after the warrant has been placed in the hands of the city treasurer, subject to his demand, to accept the same, the city council may cause proceedings to be commenced, in the name of the city, to condemn said premises, as provided by law under the right of eminent domain. The ordinance or resolution of intention shall be conclusive evidence of the necessity of the same. Such proceedings shall have precedence, so far as the business of the court will permit, and any judgment for damages therein rendered shall be payable out of the special fund in the treasury for that purpose. At any time after the trial and judgment entered, or pending appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from said fund to answer the judgment, and thereupon may authorize or order the municipality to proceed with the proposed work or improvements. In case of a deficiency in said fund to pay the whole assessed judgment and damages, the city council may, in its discretion, order the balance thereof to be paid out of the general fund of the treasury, or to be distributed by the commissioners over the property assessed by a supplementary assessment; but in the last named case, in order to avoid delay, the city council may advance such balance out of any available fund in the treasury, and reimburse the same from the collection of assessments. The treasurer shall pay such warrants in the order of their presentation; provided, that warrants for damages and for costs of performing the work shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money remains in the fund to pay all warrants of the first class before paying any of the second. The provisions of section 1251 of the Code of Civil Procedure, requiring the payment of damages within thirty days after the entry of judgment, shall not apply to damages rendered in proceedings under this act. [Amendment approved March 9, 1893, Stats. 1893, p. 95.]

This section was added March 31, 1891, Stats. 1891, p. 466.

Application of other provisions of original act. Work in progress to be continued.

Ratification of subsequent proceedings.

§ 52. All other provisions contained in the act to which this is amendatory, and which provisions are not in conflict herewith, shall apply to all matters herein contained. All proceedings in any work or improvement, such as is provided for in this act, already commenced and now in progress under another act now in force, or by virtue of an ordinance or resolution of intention heretofore passed, may, from any stage of such proceedings already commenced and now in progress, be continued under this act by resolution of the city council. The said work or improvement may then be conducted under the provisions of this act, with full force and effect in all respects from the stage of such proceedings at and from which such resolution or ordinance shall declare the intention to have such work done or improvement cease under such other acts or ordinances and continued under this act; and from such election so made all proceedings theretofore had are hereby ratified, confirmed, and made valid, and it shall be unnecessary to renew or conduct over again any proceedings prior to the passage of this act. [Amendment approved March 9, 1893, Stats. 1893, p. 95.]

This section was added March 31, 1891, Stats. 1891, p. 466.

Act liberally construed.

§ 53. This act shall be liberally construed to the end that its purpose may be effected. No error, irregularity, informality, and no neglect or omission of any officer

of the city, in any proceedings taken hereunder which does not directly affect the jurisdiction of the city council to order the work or improvement, shall avoid or invalidate such proceedings or any assessment for the cost of work done thereunder. The exclusive remedy of any person affected or aggrieved thereby shall be by appeal to the city council as herein provided. [Amendment approved April 5, 1911, Stats. 1911, p. 634.]

This section was added March 31, 1891, Stats. 1891, p. 466; and also amended March 9, 1893, Stats. 1893, p. 96.

Council fixes time and place of hearings.

§ 54. Whenever in proceedings hereunder the time and place for hearing by the city council is fixed and from any cause the hearing is not then and there held or regularly adjourned to a time and place fixed, the power of the city council in the premises shall not thereby be divested or lost. The city council may fix a time and place for the hearing and cause notice thereof to be given by publication by at least one insertion in a daily, semi-weekly or weekly newspaper published and circulated in said city and designated by the council for that purpose, such publication to be at least five days before the date of the hearing, and thereupon the city council shall have power to act as in the first instance. [New section approved April 5, 1911, Stats. 1911, p. 634.]

Description by reference sufficient.

§ 55. In all resolutions, notices, orders and determinations subsequent to the resolution of intention a description of the assessment district by reference to the resolution of intention shall be sufficient, and in all resolutions, notices, orders, and determinations subsequent to the "notice of street work" a description of the work by reference to the resolution of intention shall be sufficient. [Amendment approved June 10, 1913, Stats. 1913, p. 412. In effect August 10, 1913.]

This section was added April 5, 1911, Stats. 1911, p. 635.

City may become contractor. Proceedings.

§ 56. When the work prescribed by the resolution of intention is exclusively sidewalk or curbing work with or without such grading as is incidentally necessary to the doing of such sidewalk or curbing work, and no proposals or bids for doing the work are delivered to the clerk, as invited by the notice inviting the same, as provided for in section 5 of this act, the city council may, in its discretion, by a vote of three-fourths of its members in the affirmative, direct that a proposal or bid in the name and on the part of the city be filed, whereupon the contract for doing the work shall be awarded to the city, and the city shall thus be and become the "contractor" within the meaning of this act. And when the time has expired within which, as provided in said section 5 of this act the owners may elect to take the contract, shall have expired, and such owners have not so elected, the city shall be deemed to have undertaken to do and complete the work, at the price named, in such bid or proposal, within ninety days after the time when as aforesaid it is to be deemed to have undertaken the same, and to begin such work within fifteen days after said time. The city need not enter into a contract with the superintendent of streets, as provided in section 6 of this act, nor give any check or bond either upon bidding or to secure the performance of the work or payment for labor or materials. The warrant provided for in section 9 of this act shall be delivered to the clerk of the city council, and such clerk is hereby authorized to make on the part of the city the demand provided for in section 10 of this act. Except as in this section expressly provided otherwise, all and singular the provisions of this act shall apply in the case where the city, under the provisions of this section, becomes the contractor, that is to say, undertakes to do the work. And all the rights, dues and remedies of the "contractor," under the provisions of this act, shall accrue to the city in its character of one undertaking to

do the work, as provided in this section. [New section approved March 18, 1909, Stats. 1909, p. 399. In effect immediately.]

The act adding this section is said to be unconstitutional on the authority of *Ex parte Sohncke*, 148 Cal. 262, 113 Am. St. Rep. 236, 7 Ann. Cas. 475, 2 L. R. A. (N. S.) 813, 82 Pac. 956.—*Los Angeles v. Leland*, 11 Cal. App. 302, 104 Pac. 717.

§ 58. The board of supervisors of any county in which it is desired to perform work under the provisions of this act shall be and they are hereby authorized to appoint a person to be known as the street superintendent of the said county who shall have all of the authority and perform all of the duties and obligations herein imposed upon the street superintendent, and shall be considered as designated wherever the words "street superintendent" or "superintendent of streets" are used in this act; and the board of supervisors may appoint as many deputies for the said street superintendent of the county as in their judgment may be proper and necessary, the said street superintendent to receive a compensation of six dollars per day and his deputies to receive a compensation of four dollars per day for their time actually expended. Act not affected.

The amendatory act of 1913 contained the following section:

§ 2. This act shall not be construed as amending or repealing the provisions of an act of the legislature, entitled, "An act relating to the liability of public officers for damages resulting from defects and dangers in streets, highways, public buildings, public work or property"; nor as in any way limiting, modifying or qualifying the operation of the provisions thereof.

The act of March 6, 1909, which repealed the sidewalk provisions of the Vrooman act, was itself repealed in the following language:

"The repeal of said act shall revive each and every portion and provision of the act entitled "An act to provide for work upon streets, lanes, alleys, courts, places and sidewalks, and for the construction of sewers within municipalities," approved March 18, 1885, and the several acts amendatory thereof and supplementary thereto, relating to sidewalks, and the construction thereof, and to the assessments to be made, and the enforcement of payments for the expense of the construction of such sidewalks, and all other provisions thereof repealed expressly or by implication by the act hereby repealed, together with the provisions of all acts and parts of acts repealed expressly or by implication by the act hereby repealed. Proceedings under the act hereby repealed, commenced prior to the taking effect of this act, may be continued to completion under the provisions thereof with the same force and effect as if said act were not hereby repealed and such proceedings and assessments levied therein shall be valid and such assessments may be enforced and collected under the provisions thereof." I. CONSTITUTIONAL LAW.

1. Constitutionality — Upheld.—The act is constitutional, as settled by the decision in *Cohen v. Alameda*, 124 Cal. 506; *Reid v. Clay*, 134 Cal. 207, 66 Pac. 262.

1a. Same—Same.—The act is held constitutional on the authority of *Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500, and *Frenah v. Barber, etc., Co.*, 181 U. S. 324, 45 L. Ed. 879, 21 Sup. Ct. Rep. 625; *Belser v. Allman*, 134 Cal. 399, 66 Pac. 492.

1b. Levy of assessment before contract made—Invalid constitutional amendment.—The act is invalid, so far as it authorized a levy and collection of an assessment before making a contract for the work, it being held that the amendment of 1884 to section 19, article XI of the constitution was not constitutionally adopted, because it was not entered at large on the journals of the legislature.—*Thomason v. Ruggles*, 69 Cal. 465, 11 Pac. 20; *Oakland Paving Co. v. Hilton*, 69 Cal. 479, 11 Pac. 3; but see *Oakland Paving Co. v. Tompkins*, 72 Cal. 5, 10 Am. St. Rep. 17, 12 Pac. 801.

2. Same—Section 19, article XI, constitution.—The provision of section 19, article XI of the constitution providing that no contract for street work should be entered into until levy of assessment, collection thereof and payment of same into the treasury, was repealed by the amendment to that section adopted in 1884.—*Thomason v. Ashworth*, 73 Cal. 73, 14 Pac. 615.

3. The act is a general law.—The Vrooman act is a general law, within the meaning of the constitution.—*Thomason v. Ruggles*, 69 Cal. 465, 11 Pac. 20.

4. Same—Same.—The act is a general law within the meaning of section 6, article II of the constitution.—*Thomason v. Ashworth*, 73 Cal. 73, 14 Pac. 615.

5. Due process.—The procedure provided by the act constitutes due process of law, within the requirement of the constitution.—*Chase v. Trout*, 80 Cal. 81, 146 Pac. 350.

6. Due process.—When an assessment is attacked on the ground that the local board failed to acquire original jurisdiction, the owner may vest in the constitutional guaranty that his property may not be taken without due process of law.—*Beck v. Ransome-Crummey Co.* (Cal. App.), 184 Pac. 431.

7. Same—Title sufficiently expresses subject of act.—The title of the bond act amendment of 1891 sufficiently discloses the purpose and scope of the act.—*Hellman v.*

Shoulders, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

8. Same—Abuse of power.—The formation of an assessment district for a public improvement under the Vrooman act is not in violation of the constitutional inhibition as to taking private property without compensation, merely because the local legislative body, by the corrupt abuse of the power conferred by the act, may include in such district property not actually benefited.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

9. Same—Rule as to due process.—Where a statute requires as the initial step in the process of depriving a man of his property the performance of a specifically defined act, unless that act be performed substantially no jurisdiction—power—exists for further action in that proceeding against him.—*Beck v. Ransome-Crummey Co.* (Cal. App.), 184 Pac. 431.

10. Same—Want of notice and hearing.—The legislature has no power to confer upon a city council, or other local body, the authority to create assessment districts for payment of the cost of local improvements, without some provision as to notice and a hearing as to the limits of the district and the exclusion of property therefore if it is found not to be benefited by such improvement, and an act assuming to do so unconstitutional and void.—*Brookes v. Oakland*, 160 Cal. 423, 117 Pac. 433.

10a. Same—Posting and publication of resolution of intention and notice sufficient to give due process.—The publication and posting of the resolution of intention and the publication of the notice of street work required by section 3 is sufficient notice, and the failure to post notices along the line of the proposed work is not fatal to the validity of proceedings.—*Beale v. Santa Barbara*, 32 Cal. App. 235, 162 Pac. 657.

11. Same—Certificate of searcher.—The provision of section 4 of the bond act of 1893 (33) as amended, 1899-41, requiring the property owner to present the certificate of a searcher of records that he is the owner of the property, is not unreasonable, and not unconstitutional as a taking property without due process of law.—*Schaffer v. Smith*, 169 Cal. 764, 767, 147 Pac. 976.

12. Case distinguished.—The act is constitutional and valid, and prior decisions of the court distinguishing *Norwood v. Baker*, 172 U. S. 269, 43 L. ed. 443, 19 Sup. Ct. Rep. 187, affirmed.—*Chapman v. Ames*, 135 Cal. 246, 67 Pac. 1125.

13. Assessment of corner lots—Method not invalid.—There is no inequality or injustice in the method provided by the Vrooman act for assessment of corner lots, and that method is constitutional and valid.—*Ross v. Barber, etc., Co.*, 158 Cal. 37, 109 Pac. 883.

14. Front-foot method of assessment valid.—There can no longer be any question as to the validity of the general method provided by the Vrooman act for assessing property for street improvements according to the frontage of the property on the line of the improvement.—*Ross v. Barber, etc., Co.*, 158 Cal. 37, 109 Pac. 883.

15. Determination of question of benefits is for the legislature.—Whether the property in a sewer assessment district will be benefited in proportion to the burden is a question for the legislature.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

16. Delegation of authority to collect assessments to contractor.—The contractor is merely the agent or servant of the city, for the purpose of collecting the assessments, and the act does not violate section 13, article XI of the constitution forbidding the delegation of a municipal function.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

17. Delegation of power to street superintendent.—An assessment is not vitiation as an unlawful delegation of power to the street superintendent, where he is merely given a certain discretion in matters of minute detail.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

18. Uniform operation — Los Angeles charter.—The Vrooman act provides a complete scheme or procedure for street work, and so far as it goes governs, and the Los Angeles charter can make no different procedure by requiring more or less, otherwise there would not be a uniform operation of the law for all cities of a class.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

19. Los Angeles charter—Conflicting provisions annulled by Vrooman act—Not reinstated by 1896 amendment to section 6, article XI, constitution.—The provisions of the 1889 Los Angeles charter, in conflict with the Vrooman act, were annulled thereby, and were not reinstated by the amendment of 1896 to section 6, article XI of the constitution.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

20. No equities can prevail where jurisdiction lacking.—If jurisdiction is lacking, no equities asserted by the contractor can prevail.—*Beck v. Ransome-Crummey Co.* (Cal. App.), 184 Pac. 431.

21. Title of bond act amendment of 1891.—The effect of the bond act amendment of March 17, 1891, was to add an additional part to the Vrooman act in relation to a system of street improvement bonds, and its title is not violative of section 24, article IV of the constitution.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

22. Amendment of June 26, 1911, to section 4 of bond act—Due process.—The amendment of June 26, 1911 (1204) to section 4 of the bond act as to conclusiveness of regularity by issue of bonds does not operate to make the issuance of the bonds conclusive evidence of the regularity of the performance of such steps in the proceedings as are necessary to constitute due process of law, or to comply with other constitutional requirements, as for example, uniformity of assessment or apportionment.—*Schaffer v. Smith*, 169 Cal. 764, 770, 147 Pac. 976.

23. Amendment without referring to previous amendment of same section.—Section 24 of the Vrooman act, authorizing the construction of sewers on the streets of a city, was probably amended so as to allow the

construction of sewers on rights of way over private property, by the act of 1893 (Stats. 1893, p. 172) although the amending act did not refer to the amendment of 1889 (Stats. 1889, p. 157), authorizing the construction of cesspools, notwithstanding section 24, article IV of the constitution.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

24. Bond act of 1891—Not amendatory act within section 24, article IV, constitution.—The bond act of March 17, 1891, purporting to amend the Vrooman act is not an amendment within the meaning of section 24, article IV, of the constitution, which does not apply to amendments by implication, such as this.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

25. Section 6½ amendment.—Section 6½ of the Vrooman act requiring a bond to enure to the benefit of laborers and materialmen on street work is constitutional.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 191, 138 Pac. 742.

26. Amendment of 1891, subdivision 12, section 7.—Subdivision 12 of section 7, as amended in 1891, is not unconstitutional on the ground that it did not prescribe the precise mode of assessing benefits.—*Greenwood v. Morrison*, 128 Cal. 350, 60 Pac. 971.

27. General law in force in sixth-class cities.—The Vrooman act is a general law, and in force in cities of the sixth class.—*Redondo Beach v. Cate*, 136 Cal. 146, 68 Pac. 586.

II. CONSTRUCTION.

28. Act repealed as to sidewalk provisions—Provisions re-enacted.
29. Repealed—Section 771 municipal incorporation act.
30. Section 5 did not supersede or repeal section 628 of the municipal incorporation act.
31. Amendment of 1893—Section 24—Failure to mention amendment of 1889.
32. Repeal by implication—Does not arise from mere duplication of section numbers.
33. In force in San Francisco.
34. Same—Superseded the consolidation act.
- 35, 36. San Jose charter—In case of inconsistency charter prevails.

II. CONSTRUCTION.

28. Act repealed as to sidewalk provisions—Provisions re-enacted.—This act was repealed, in so far as it related to sidewalks, by the act of March 9, 1909, Stats. 1909, p. 167. See Act 4953. The repealing act of 1909 was itself repealed in 1911, Stats. 1911, p. 618, and the repealing act expressly revived the provisions of this act relating to sidewalks. See, post, Act 4953.—*Los Angeles v. Leland*, 11 Cal. App. 302, 104 Pac. 717.

29. Repealed—Section 771 municipal incorporation act.—Section 771 of the general municipal incorporation act must be regarded as repealed by the Vrooman act in so far as inconsistent therewith.—*Millsap v. Balfour*, 154 Cal. 303, 97 Pac. 668.

30. Section 5 did not supersede or repeal section 628 of the municipal incorporation

act.—Section 5 of the Vrooman act did not supersede or repeal section 628 of the municipal incorporation act.—*Capron v. Hitchcock*, 98 Cal. 427, 33 Pac. 431.

31. Amendment of 1893—Section 24—Failure to mention amendment of 1889.—Notwithstanding the failure of the amendatory act of 1893 to refer to the amendment of 1889, that act amended section 24, so as to authorize sewers for drainage purposes over rights of way over private property granted or obtained for the purpose.—*Fleacher v. Prather*, 102 Cal. 413, 36 Pac. 658.

32. Repeal by implication—Does not arise from mere duplication of section numbers.—The implication of a repeal of the bond act amendment of March 17, 1891, which was sections 38 to 44 of the Vrooman act does not arise from the fact that the change of grade amending act of March 31, 1891, added sections 38 to 53 to the Vrooman act, thus duplicating sections in the same act.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

33. In force in San Francisco.—The Vrooman act was in force in San Francisco when the case arose.—*Thomasson v. Ruggles*, 69 Cal. 465, 11 Pac. 20; also, *Thomasson v. Ashworth*, 73 Cal. 73, 14 Pac. 615.

34. Same—Superseded the consolidation act.—The Vrooman act superseded the consolidation act and became the governing law, as to all matters provided for by it, in the city and county of San Francisco.—*Anderson v. De Urioste*, 96 Cal. 404, 31 Pac. 266.

35. San Jose charter.—In case of inconsistency, charter prevails.—In view of the provisions of the San Jose charter (Stats. 1897, p. 592) making the Vrooman act a part thereof, where not inconsistent with its express provisions, where there is an inconsistency or a conflict the charter prevails.—*Ransom-Crummey Co. v. Bennett*, 177 Cal. 560, 563, 171 Pac. 304.

36. Same—Same.—The charter of San Jose relating to street improvements supersedes the Vrooman act in that city, whenever there is a conflict.—*Barber Asphalt Paving Co. v. Costa*, 171 Cal. 138, 141, 152 Pac. 296.

Cuneo*, 126 Cal. 167, 58 Pac. 538.

38. Same—Statute must be strictly pursued.—All proceedings for work upon

streets, etc., in the municipalities of this state, under the Vrooman act, are purely statutory, and can only be conducted in the cases and after the manner provided in the statute, and the authority conferred thereby must be strictly pursued.—*Kelso v. Cole*, 121 Cal. 121, 53 Pac. 353.

39. Validity of proceedings—Does not depend upon record of, but actual notices and awards.—The validity of street work procedure, unless made mandatory by law, does not depend upon whether proof was made matter of record, but upon the fact that due notices and awards were in fact properly made.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

40. Determination of public interest or convenience, conclusive.—The determination of the board of supervisors that the public interest or convenience requires the paving with bituminous rock of an unaccepted street already macadamized and in good order, is conclusive in the absence of fraud.—*San Francisco, etc., Co. v. Hubbard*, 131 Cal. 675, 63 Pac. 1078.

43. Power of municipality can not be surrendered or impaired.—The power of a municipality to improve its streets is a delegated governmental power, which the municipality, either by ordinance or contract, can neither surrender nor impair.—*McNell v. South Pasadena*, 166 Cal. 153, 155, 135 Pac. 32, 48 L. R. A. (N. S.) 138.

44. Jurisdiction in street improvements limited, and must be found in the statute.—The jurisdiction of governing bodies of municipalities to adopt ordinances in relation to street improvements which either impose the burden of taxation upon the owners of property along the lines of such streets, or which are intended to relieve such owners from liability for such burdens, is a limited jurisdiction, and must be found within the terms of the act or acts investing such bodies with power in the matter.—*Raisch Improvement Co. v. Bonslett*, 28 Cal. App. 649, 153 Pac. 747.

45. Jurisdiction of city council can not be ousted by private contracts of the property owners with the contractor.—The jurisdiction of the city council can not be ousted by private contracts between the contractor and property owners, nor could the contractor be prevented thereby from enforcing an assessment for work done under the contract with the municipality.—*San Francisco Paving Co. v. Dubois*, 2 Cal. App. 42, 83 Pac. 72.

Santa Barbara*, 32 Cal. App. 235, 162 Pac. 657.

47. Rules as to materials and manner of doing work—Section 6—Not jurisdictional.—The provisions of section 6 are permissive, and not mandatory, and the prescribing of general rules as materials and manner of doing work is not a condition preceded to the jurisdiction of the city council to order street work when the materials and manner of doing the work is sufficiently specified in the order and contract.—*Santa Cruz, etc., Co. v. Heaton*, 105 Cal. 162, 38 Pac. 693.

Berendes*, 135 Cal. 178, 67 Pac. 786.

50. Work "already done"—Question of fact for determination of street superintendent subject to appeal to council.—In a proceeding to do street work on a certain street except where already done, the question as to what is already, if any, is a question of fact to be determined by the superintendent of streets, subject to appeal to the council.—*San Francisco Paving Co. v. Dubois*, 2 Cal. App. 42, 83 Pac. 72.

51. Improvement of accepted streets—Must be at city's expense.—Accepted streets must be improved at the city's expense, and the property owners can not be assessed for new construction.—*Barber, etc., Co. v. Abrahamson*, 38 Cal. App. 109, 175 Pac. 490.

52. Same—Same—Section 20 subordinate to section 2.—The city council retains jurisdiction to order the improvement of an accepted street whenever the public interest or convenience may require, and the provision in section 20 of the act, requiring the city to make the improvement of accepted streets at the public expense is subordinate to this jurisdiction.—*Flickinger v. Fay*, 119 Cal. 590, 51 Pac. 855.

53. Same—Expense of property owners—Must be under provisions of act.—When the improvement of an accepted street is done at the expense of the property owners on the ground of public interest or convenience the work must be done under the provisions of the act.—*Flickinger v. Fay*, 119 Cal. App. 590, 51 Pac. 855.

54. Unaccepted streets—Improvement of macadamized street authorized.—The act authorizes the paving of a street with bituminous rock, even though already macadamized, and in good order, where the

street had not been accepted as a completed and fully constructed street.—San Francisco, etc., Co. v. Egan, 146 Cal. 635, 80 Pac. 1076.

55. Street crossings—Triangular lot.—The triangular block, having a frontage of one hundred and fifty feet on an intersecting street and cornering with an acute angle on the street to be improved was properly assessed for the improvement of the crossing of said last named street with the first named street.—Martin v. Wagner, 120 Cal. 623, 63 Pac. 167.

56. Same—Termination of streets in others—Provisions as to "crossings" do not apply.—Where streets terminate in other streets and do not cross the provisions of the act as to assessments for work on street "crossings" does not apply.—San Francisco Paving Co. v. Dubois, 2 Cal. App. 42, 83 Pac. 72.

58. Inclusion of several streets—Overthrown only for fraud.—The determination of the city council with reference to the inclusion of several streets in one improvement will not be overthrown except for fraud or abuse of discretion.—Remillard v. Blake & Bilger Co., 169 Cal. 277, 284, 146 Pac. 634, Ann. Cas. 1916D, 451.

59. Same—Power of city council.—Under the Vrooman act municipal authorities have discretionary power to improve, under one general improvement, by the front-foot assessment plan, several streets.—Remillard v. Blake & Bilger Co., 169 Cal. 277, 146 Pac. 634, Ann. Cas. 1916D, 451.

60. Same—Question committed primarily to city council.—Whether or not one or more streets should form a unit for improvements is a question committed primarily to the discretion of the city council.—Remillard v. Blake & Bilger Co., 169 Cal. 277, 284, 146 Pac. 634, Ann. Cas. 1916D, 451.

61. Same—Same—Vrooman act same as act of 1872.—Section 2 of the Vrooman act is substantially the same in effect, so far as the discretionary power of the city authorities to improve several streets by one award and contract is concerned, as the street law of 1872 (Stats. 1872, p. 804).—Remillard v. Blake & Bilger Co., 169 Cal. 277, 281, 146 Pac. 634, Ann. Cas. 1916D, 451.

62. Same—Difference in width of streets does not affect power of city council.—The fact that some of the streets are wider than the others does not affect the power of the council to order the work done upon several streets under one contract.—Remillard v. Blake & Bilger Co., 169 Cal. 277, 284, 146 Pac. 634, Ann. Cas. 1916D, 451.

63. Same—Jurisdiction of council to treat work as entirety.—If the various streets, or, rather, the portions thereof to be improved, are so related that the improvement of them as a whole may fairly be deemed to be a benefit to all the property fronting upon such parts, the council does not exceed its jurisdiction by treating the work on the several streets as an entirety, and including it as a single proceeding.—Remillard v.

Blake & Bilger Co., 169 Cal. 277, 283, 146 Pac. 634, Ann. Cas. 1916D, 451.

64. Sewer construction—Liability of municipality.—Under the Vrooman act the city is liable for sewer construction only when it has specially contracted to pay therefor out of its funds, or when the assessment upon any lot is in excess of fifty per cent of its assessed value, in which case, it is liable for the excess.—McBean v. San Bernardino, 96 Cal. 183, 31 Pac. 49.

65. Same—May be made by either district or front-foot plan.—Under the Vrooman act sewer construction may be either by district or front-foot plan.—White v. Harris, 103 Cal. 528, 37 Pac. 502.

66. Same—Acts of council administrative.—In providing a system of sewers for a district, or in letting the contract, or in providing for such supervision as will insure proper performance the council acts in an administrative capacity, not judicially.—Belser v. Hoffschneider, 104 Cal. 455, 38 Pac. 312.

67. Construction—Work to which applicable.—The Vrooman act applies to any contract for doing any work authorized by the act, irrespective of the character of the street, or of the mode of paying for the work.—Santa Cruz, etc., Co. v. Broderick, 113 Cal. 628, 45 Pac. 863.

68. Improvement of two blocks separately—Intervening between graded blocks.—A city council is empowered under the act to order the improvement of one of two ungraded blocks intervening between graded blocks, against the protest of a majority of the property owners, and is not compelled to improve both ungraded blocks in the same proceeding, but may do so separately.—Smith v. Hazard, 110 Cal. 145, 42 Pac. 465.

69. Viaduct across private right of way—Not authorized.—The Vrooman act does not authorize the construction, at the expense of a local assessment district, of a viaduct over a private right of way to connect two public streets.—Bailey v. Hermosa Beach, 30 Cal. App. Dec. 959.

70. "Bridge"—"Viaduct"—Authorized under act.—A viaduct for the purpose of carrying a street across a ravine is authorized under the Vrooman act, and being in fact a "bridge" it is immaterial that it was called a "viaduct" in the improvement proceeding, the two terms being almost exact equivalents.—Bailey v. Hermosa Beach (Cal.), 192 Pac. 712.

71. "Tunnel"—Definition—Drainage and sewer purposes only.—The word "tunnel" employed in the Vrooman act and the amendments thereto refers to such as are intended for drainage or sewer purposes, and that act does not authorize a municipality to construct a tunnel under a public street solely for purposes of public travel.—Thompson v. Hance, 174 Cal. 572, 575, 163 Pac. 1021.

72. Same—When not part of street.—A tunnel which has no immediate connection between its terminal portals with the surface above and does not follow the lines of a street throughout its entire length is not

a part of the street within the purview of the Vrooman act.—Thompson v. Hance, 174 Cal. 572, 577, 163 Pac. 1021.

73. Subgrade—Act authorizes grading to subgrade.—The act does not preclude the establishment of a subgrade, and when such subgrade has been established it is the official grade for the purposes of street work under the act.—Palmer v. Burnham, 120 Cal. 364, 52 Pac. 644, 1080.

74. Repairs—Pavement of accepted street —Street never paved before.—The pavement of an accepted street, never paved before, is not a repair of the street within the meaning of section 25 of the act, but is an original improvement within the general terms of the act.—Santa Cruz, etc., Co. v. Broderick, 113 Cal. 628, 45 Pac. 863.

IV. JURISDICTIONAL FACTS.

a. Resolution of intention.

75. Initial step in proceedings.—The resolution of intention is the initial step, and by it alone the council acquires jurisdiction to subsequently make the assessment and order the work done.—Schwiesan v. Mahon, 128 Cal. 116, 60 Pac. 683; McDonald v. Gillon, 134 Cal. 330, 66 Pac. 314; Lambert v. Cummings, 2 Cal. App. 642, 84 Pac. 266.

76. Basis of jurisdiction of city council.—Jurisdiction to proceed under the Vrooman act to improve a street rests on a resolution of intention in due form and properly adopted, and if no such resolution was passed substantially as required by the act the municipal authorities have no power to let a contract, make an assessment or take any of the necessary steps creating a valid lien on property.—Pacific Paving Co. v. Verso, 12 Cal. App. 362, 107 Pac. 590.

77. Resolution is jurisdictional—Not necessary where city does work.—The resolution of intention is jurisdictional and necessary to bind property, but is not necessary where the work is done by the city at its own expense.—Osburn v. Stone, 170 Cal. 480, 150 Pac. 367.

78. Resolution is basis of jurisdiction to order work—Description of work.—The resolution of intention is the basis of the jurisdiction of the city council to proceed to order the work, and the requirement that the resolution shall "describe" the work proposed to be done is for the purpose of enabling the owners of property which would be liable for the cost of the improvement, to determine whether they will file objections and so postpone the work.—Fay v. Reed, 128 Cal. 357, 60 Pac. 927.

79. Need not declare the necessity of the work.—The resolution of intention to construct a sewer need not declare necessity of the work.—Banaz v. Smith, 133 Cal. 102, 65 Pac. 309.

80. District plan—Declaration that work is more than local and ordinary benefit—Sufficient.—A declaration in the resolution of intention that in the opinion of the council the proposed work is of more than local or ordinary public benefit, that an assessment district shall be formed and that the boundaries of the district to be benefited and assessed to pay the cost of such works shall be as described, is a sufficient declaration of the material requirements under the act.—Beale v. Santa Barbara, 32 Cal. App. 235, 162 Pac. 657.

81. Recital as to necessity of work and manner of assessment not required.—The resolution of intention need not declare that the improvement is necessary, nor describe the manner of assessment.—Banaz v. Smith, 133 Cal. 102, 65 Pac. 309.

82. Single improvement.—Certain work described in a resolution of intention to be done on Flower street, Los Angeles, held to be a single improvement, and not two distinct lines of work.—*Pepper v. Neiman*, 4 Cal. App. 55, 87 Pac. 286.

83. Same.—Work of various kinds on other streets.—The fact that a resolution of intention included work of various kinds upon other streets, does not render it invalid.—*San Francisco, etc., Co. v. Egan*, 146 Cal. 635, 80 Pac. 1076. To same effect: *Bates v. Twist*, 133 Cal. 52, 70 Pac. 1023.

84. Work not included, not authorized.—A resolution of intention to order a street macadamized gives no authority to include in the contract a provision for rock gutters.—*Partridge v. Lucas*, 99 Cal. 519, 33 Pac. 1082.

85. Description of work.—The resolution of intention must intelligibly describe the work to be done in all and each of its material parts, and a failure to do so vitiates it, and voids the subsequent contract and assessment.—*Bay Rock Co. v. Bell*, 133 Cal. 150, 65 Pac. 299.

85a. Same.—A resolution of intention which recites that the work to be done consists of the construction of granite or artificial stone curbing in a specified street, is insufficient as a description of the work within the meaning of section 3, and does not confer jurisdiction.—*San Jose, etc., Co. v. Auzares*, 106 Cal. 498, 39 Pac. 859.

86. Same.—Materials for curbs and gutters.—A failure to intelligibly describe or refer to the materials to be used for proposed curbs and gutters voids the resolution, and the same will not support a contract or an assessment, notwithstanding all other parts of the work are properly described.—*Bay Rock Co. v. Bell*, 133 Cal. 150, 65 Pac. 299.

87. Same.—Same.—The failure to describe intelligibly the materials to be used in curbs and gutters is not cured by an actual description in the specifications, where no parts of such description were referred to in the resolution.—*Bay Rock Co. v. Bell*, 133 Cal. 150, 65 Pac. 299.

88. Not fatally defective for failure to describe the kind of wood to be used in bridges.—A resolution of intention provided that "wooden bridges" be constructed at each end of the crosswalks, is not fatally defective for failure to describe the kind of wood.—*Remillard v. Blake & Bilger Co.*, 169 Cal. 277, 286, 146 Pac. 634, Ann. Cas. 1916D, 451.

89. Triangular space at intersection of three streets.—Resolution insufficient to support assessment.—A resolution of intention which limited the work to be done to the intersection of three streets which consisted of a triangular space, insignificant in size compared with the diagram and plat annexed to the assessment, was insufficient to support the latter.—*Pacific Paving Co. v. Verso*, 12 Cal. App. 362, 107 Pac. 590.

90. Work must be defined with common certainty.—The resolution of intention should define the district to be improved at least to a common certainty so that a per-

son of ordinary understanding would know what is proposed to be done.—*Pacific Paving Co. v. Verso*, 12 Cal. App. 362, 107 Pac. 590.

91. Sufficient description of work.—A resolution of intention describing the work as "a pavement (consisting of a one-and-one-half-inch asphalt wearing surface and a cement concrete base)," to be constructed according to plans and specifications on file, to which reference is made for further particulars, the plans and specifications being made a part of the resolution, is sufficient, without specifying the thickness of the concrete base, or the kind of sand, quality of cement, character of rock, and proportions of the mixture.—*Beale v. Santa Barbara*, 32 Cal. App. 235, 162 Pac. 657.

92. Same.—The decision of the court in *Haughwout v. Raymond*, 148 Cal. 311, 83 Pac. 53, as to the extent the court will go in declaring the resolution of intention void for insufficiency of description of the work proposed to be done approved and followed in the present case.—*Barber, etc., Co. v. Crist*, 21 Cal. App. 1, 130 Pac. 435.

93. Same.—The description of the work in the resolution of intention in the present case was held sufficient, on the authority of *Haughwout v. Hubbard*, 131 Cal. 675, 63 Pac. 1078.

94. Insufficient description of work.—A resolution of intention to sewer certain streets which does not mention the material to be used or the number of branch sewers, or the character of the "automatic flushing apparatus," confers no jurisdiction to order the work.—*Williamson v. Joyce*, 137 Cal. 107, 69 Pac. 854.

94a. Same.—A resolution of intention to do certain street work including "suitable drains and inlets are to be constructed at all intersecting street crossings, to carry the surface water of intersecting streets and of Market street into the main branch sewer running along said Market street," without specifying the number or size or character or kind of such drains or inlets, is fatally defective for want of such a description of the work as the act requires.—*Fay v. Reed*, 123 Cal. 357, 60 Pac. 927.

95. Same.—A resolution of intention to sidewalk and curb a specified street within stated limits, without specifying the kind of materials to be used, is insufficient as to the description of the work, is void, and a complaint in an action to foreclose the assessment lien in such case, based on such void resolution of intention fails to state a cause of action.—*Crouse v. Barrows*, 156 Cal. 154, 103 Pac. 894.

96. Same.—The description of the work held, in this case, insufficient in failing to prescribe the kind or quality of the rock to be used.—*Lambert v. Cummings*, 2 Cal. App. 642, 84 Pac. 266.

97. Same.—Improper delegation of power.—A resolution of intention which describes the work to be done as the work according to plans and profile in the office of the city engineer and specifications on file in the office of the city clerk, which specifications

provided for culverts, without specifying the material, "as the street superintendent shall direct," is both an insufficient description and an improper delegation of power to the street superintendent.—*Grant v. Barber*, 135 Cal. 188, 67 Pac. 127.

98. Description of work.—Certain exceptions.—Not a delegation of power to the superintendent.—A resolution of intention to do work described except "where not already" so done, and excepting work required by law to be done by a street railroad occupying the street with its tracks, leaves nothing to the discretion of the street superintendent, and is not invalid as an unlawful delegation of power to him.—*Reid v. Clay*, 134 Cal. 207, 66 Pac. 262.

99. Exception as to work already done.—The resolution of intention is not invalid because it excepts portions of the street already done by work of the same class by the abutting property owner.—*San Francisco, etc., Co. v. Egan*, 146 Cal. 635, 80 Pac. 1076.

To the same effect: *McDonald v. Conniff*, 99 Cal. 386, 34 Pac. 71; *Perine v. Erzgraber*, 102 Cal. 234, 36 Pac. 585; *Dowling v. Hibernia, etc., Soc.*, 143 Cal. 425, 77 Pac. 141.

100. Street railroad tracks.—A resolution of intention is not defective because it excepts the portion of the street which the street railroad is required by law to be kept in order.—*San Francisco, etc., Co. v. Egan*, 146 Cal. 635, 80 Pac. 1076.

101. "Describing" the work.—The requirement as to "describing" the work applies to all and each of its material parts.—*Fay v. Reed*, 128 Cal. 357, 60 Pac. 927.

102. Same.—Description need not be minute and precise as in the plans and specifications.—The description of the improvements in the resolution of intention is not required to be so minute and precise as would be proper in plans and specifications.—*Fay v. Reed*, 128 Cal. 357, 60 Pac. 927.

103. Recital of names of trustees voting for it not required.—The act does not require publication of names of trustees voting for it in resolution of intention as posted.—*King v. Lamb*, 117 Cal. 401, 49 Pac. 561.

104. Waiver of irregularities.—A defense to a street assessment based upon illegality in the proceedings under the resolution of intention may be waived.—*Remillard v. Blake & Bilger Co.*, 169 Cal. 277, 283, 146 Pac. 634, Ann. Cas. 1916D, 451.

105. Same.—Five per cent reduction sufficient consideration.—An agreement of property owners with a contractor of street work waiving irregularities in the proceedings in consideration of a five per cent reduction of the total amount, provided payment of the assessment is made in ninety days, is held to be a sufficient consideration for the waiver, and that the failure of the property owners to make payment as agreed so as to obtain the reduction, did not impair the consideration for the waiver.—*Remillard v. Blake & Bilger Co.*, 169 Cal. 277, 285, 146 Pac. 634, Ann. Cas. 1916D, 451.

106. Approval.—The approval of the mayor is not required where the resolution of intention is passed by a three-fourths vote of the board.—*McDonald v. Dodge*, 97 Cal. 112, 31 Pac. 909.

b. Publication and posting of resolution of intention.

107. Publication jurisdictional.—The publication of the resolution of intention is jurisdictional, and a condition precedent to ordering the work.—*Gay v. Engebretsen*, 158 Cal. 21, 109 Pac. 876.

108. Publication.—Construction of section 34.—Section 34 of the act is to be construed to require publication of the resolution in every consecutive issue of the newspaper, and no more, for the specified time, whether such newspaper is daily, semi-weekly or weekly, and a failure to publish on an intervening Sunday is not required where the newspaper was not issued on Sunday.—*Perine v. Lewis*, 128 Cal. 236, 60 Pac. 422.

109. Posting and publication by clerk condition precedent to posting and publication of notice by street superintendent.—The publication and posting of the resolution of intention by the clerk for the time named in section 3 of the Vrooman act, is a condition precedent to the authority of the superintendent of streets to post and publish the notices required.—*Porphyry Paving Co. v. Ancker*, 104 Cal. 340, 37 Pac. 1050.

To same effect: *California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

110. Publication for two consecutive days sufficient.—A resolution of intention published on two consecutive days is sufficient.—*Smith v. Hazard*, 110 Cal. 145, 42 Pac. 465.

111. Date of passage need not be published.—The date of the passage of the resolution of intention is not a part of the resolution, and is not required to be published therewith.—*Vincent v. Pacific Grove*, 102 Cal. 405, 36 Pac. 773.

112. Same.—Misprint immaterial.—It is immaterial that the true date of passage of the resolution of intention was misprinted in the publication thereof, where both the resolution of intention and the resolution ordering work both, in fact, showed the true date of passage.—*Vincent v. Pacific Grove*, 102 Cal. 405, 36 Pac. 773.

113. Designation of newspaper.—It is sufficient if the resolution of intention itself designates the newspaper in which it is to be published, and a separate order is not necessary.—*King v. Lamb*, 117 Cal. 401, 49 Pac. 561.

114. Newspaper other than that named by the city council.—Publication of the resolution of intention in a newspaper other than that named by the city council is, in effect, no publication, and can not give jurisdiction to order the work.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

115. "Publication"—Place of.—Where the place of publication of the official newspaper is on the boundary line between two cities, the presses being in the city

where the street work is done, and the business office in the adjoining city, it is held that for the purposes of the act, "publication" is made in the proper city.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

116. Same—Same—Place on the line between adjoining cities.—The fact that the newspaper in which notices of street improvement were published, was printed in a building partly in the city and partly in one adjoining, the offices and editorial rooms being in the latter and the presses in the former, is held not to have invalidated such publication, the newspaper being widely circulated in the city where the work was done.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

117. Publication and posting, proof of.—The introduction in evidence of the assessment, diagram, warrant and engineer's certificate made prima facie evidence of the regularity and correctness of the proceedings, including the proper publication and posting of the resolution of intention, disregarding the affidavit of such publication and posting.—*California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

118. Posting—"On or near the chamber door" of council chamber.—The provisions of the Vrooman act are fully complied with in the matter of posting the resolution of intention and notice "on or near the chamber door" of the city council, by posting on the board used for the purpose, in plain view in a portico leading to and about twenty feet from the main entrance to the city hall in which was the council chamber.—*Haughwout v. Percival*, 161 Cal. 491, Ann. Cas. 1913D, 115, 119 Pac. 647.

119. Same—Same—Significance and effect of use of word "near."—The use by the legislature of the word "near" necessarily left to the officials conducting the posting a measure of latitude.—*Haughwout v. Percival*, 161 Cal. 491, Ann. Cas. 1913D, 115, 119 Pac. 467.

c. Posting and publication of notice of resolution of intention.

120. Posting and publication by street superintendent sufficient.—Where resolution of intention was published and posted and published on the tenth and eleventh of September, commencement of publication and posting by the superintendent on the eleventh was premature, but where it was published on the twelfth, it will be deemed to have commenced on that date, and when publication was continued to and including the seventeenth, it was sufficient, and the fact that it was not published on an intervening Sunday, when no publication of the newspaper was made, its sufficiency was not impaired, publication on six separate days not being required.—*California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

120a. Notices along line of improvement—Distance measured longitudinally.—The provision as to posting notices along the line of the improvement are construed so

as to require the distance to be measured longitudinally, and when the improvement alternates along each side of the roadway the diagonal measurements more than one hundred feet apart are not to be considered.—*Pepper v. Neiman*, 4 Cal. App. 55, 87 Pac. 286.

120b. Posting notices—Three must be posted on block one hundred feet long or less.—Under the Vrooman act the posting of at least three notices along the line of improvement of a single city block was a jurisdictional prerequisite to the validity of the contract, even though the block were only one hundred feet or less in length, and a complaint to enforce the assessment lien alleging the posting of only two notices fails to state a cause of action.—*Barber, etc., Co. v. Costa*, 171 Cal. 138, 152 Pac. 296.

120c. Same—Not cured by showing regularity of proceedings.—Failure to post the notices required by the act is not cured by allegations showing regularity of proceedings, section 12 creating a mere rule of evidence, and not of pleading, and not obviating the necessity of alleging the facts necessary to give the council jurisdiction.—*Barber, etc., Co. v. Costa*, 171 Cal. 138, 152 Pac. 296.

120d. Same—Need not be posted where no work.—The requirement as to posting notice of street work along street to be improved is clearly to give interested persons a chance to know what was being done and enable them to appear and object, if they desired to do so, and it would be idle to put up notices where none were entitled to object, and this is not required.—*Sacramento Paving Co. v. Anderson*, 1 Cal. App. 672, 82 Pac. 1069.

120e. Same—Street crossings disregarded.—Where the work is the grading of a street for several blocks it is sufficient that notices be posted at intervals of three hundred feet, regardless of street crossings.—*Miller v. Mayo*, 88 Cal. 568, 26 Pac. 364.

120f. Same—Exceptions as to work already done.—The line of a proposed improvement, within the meaning of the act, is precisely the same as if an exception as to "granite curbs, where not already laid," and paving the roadway "with bituminous rock, where not already so paved," had not been made, and the posting of notices along such line at the statutory intervals was proper and sufficient, notwithstanding such exceptions.—*Dowling v. Hibernia, etc., Soc.*, 143 Cal. 425, 77 Pac. 141.

To the same effect: *San Francisco, etc., Co. v. Egan*, 146 Cal. 635, 80 Pac. 1076.

120g. "Thereupon"—Defined and construed.—The word "thereupon" in the act requiring the posting of notices along the line of the proposed improvement is not to be construed so as to require such posting immediately after publication of the resolution of intention.—*Porphyry Paving Co. v. Ancker*, 104 Cal. 340, 37 Pac. 1050.

121. Obscurities not material.—Obscurities in the notice posted by the street su-

perintendent, not misleading, are not material.—*Warren v. Russell*, 129 Cal. 381, 62 Pac. 75.

121a. Failure to refer to the resolution for further particulars.—Where the notice as published set out the resolution in full, with its date and the fact of its passage, it is not defective because it omits to refer to the resolution for further particulars.—*Schmidt v. Market, etc., Co.*, 90 Cal. 37, 27 Pac. 61; *Perine v. Erzgraber*, 102 Cal. 234, 36 Pac. 585.

d. Plans and specifications.

122. Description of work must be consistent with resolution of intention.—If plans and specifications are ordered and prepared the description of the work therein must conform to and be consistent with that in the resolution of intention.—*Fay v. Reed*, 128 Cal. 357, 60 Pac. 927.

123. General plans and specifications attempted to be adopted by resolution.—The board of trustees are empowered under the act to adopt as special plans and specifications the general plans and specifications theretofore attempted to be adopted by resolution and not by ordinance.—*Burnham v. Abrahamson*, 21 Cal. App. 248, 131 Pac. 338.

124. May be adopted by resolution.—Plans and specifications may be adopted by resolution, and need not be by ordinance.—*Santa Cruz, etc., Co. v. Heaton*, 105 Cal. 162, 38 Pac. 693.

125. Must be accompanied by estimate.—The jurisdiction of the council to order the work is not affected by any defects in the specifications prepared by the engineer if the latter has complied with the essential condition that they must be accompanied by an estimate definitely determining the amount of the cost.—*Haughwout v. Hubbard*, 131 Cal. 675, 63 Pac. 1078.

126. Not invalidated because assuming that sidewalk grades have been established.—Specifications for sidewalks are not invalidated because they assume that the sidewalk grades have been established, there being no showing in the record that the truth is otherwise.—*Burnham v. Abrahamson*, 21 Cal. App. 248, 131 Pac. 338.

127. Not containing unwarranted delegation of power.—Specifications not invalid as containing an unwarranted delegation of power to the superintendent of streets.—*Burnham v. Abrahamson*, 21 Cal. App. 248, 131 Pac. 338.

128. Authority of street superintendent as to contents and mixing of concrete.—The fact that the street superintendent was authorized in the specifications with reference to the concrete to change the proportions of sand and rock and determine the number of revolutions of the drum for mixing each batch of concrete, did not invalidate the proceedings.—*Thorts v. Byxbee*, 34 Cal. App. 226, 167 Pac. 166.

129. Need not be set out at length in resolutions.—Reference to same on file sufficient.—It is not necessary to set out at

length the specifications in the resolution of intention or the resolution ordering the work, and it is sufficient if reference is made therein to such specifications on file in the clerk's office, and to the ordinance prescribing the same.—*McQuiddy v. Worwick, etc., Co.*, 160 Cal. 9, 116 Cal. 67.

To the same effect: *Chase v. Trout*, 146 Cal. 367, 80 Pac. 81.

130. Work to be done to satisfaction of city trustees.—Specifications not invalidated by condition.—A provision in the specifications that the work was to be done to the satisfaction of the city trustees instead of to the satisfaction of the street superintendent, as the act provides, does not invalidate the assessment, when the contract contains the proper provision, and the street superintendent actually performed the proper supervision.—*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

131. Not invalidated.—Certain provisions in the specifications of a street improvement held not to invalidate a contract for the work.—*Stanwood v. Carson*, 169 Cal. 640, 649, 147 Pac. 562.

132. Estimate of work not required except where bonds are to be issued.—The Vrooman act makes no provision for an estimate of the cost of the work to be made prior to the adoption of the resolution of intention, except when serial bonds are to be issued.—*Sacramento Paving Co. v. Anderson*, 1 Cal. App. 672, 82 Pac. 1069.

133. Diagram — Time to be made and filed.—The fact that the diagram of the district was not made and approved before the letting of the contract and the doing of the work does not show a violation of the statute, where the district was described in the resolution of intention, and the diagram was made in time for the assessment.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

134. Same.—Filed in time.—When the district was described in the resolution of intention and the diagram was on file in time for the assessment, the fact that it was not made and approved before the letting of the contract and doing of the work does not show violation of the act.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

e. Protests.

135. Time of filing.—May be filed before completion of publication.—The act is to be construed as limiting the time to file protests to the ten day period stated, and not as prohibiting the filing of the protest at any time before the expiration of such period, even before the completion of the publication.—*Thomason v. Carroll*, 132 Cal. 148, 64 Pac. 262.

136. Same — Premature filing.—Protestants can not complain.—Where a protest has been received and acted upon, the owners can not be heard to say that they filed the protest too soon, nor can the board be heard to dispute the binding force of their act.—*Thomason v. Carroll*, 132 Cal. 151, 64 Pac. 262.

137. Effect of.—The effect of the filing of the protest and objection of the owners of a majority of the frontage is not only to suspend the jurisdiction of the board to proceed with the work for six months, but to end such jurisdiction altogether, and require the passage and publication of a new resolution of intention to regain it.—*Pacific Paving Co. v. Gray*, 136 Cal. 373, 68 Pac. 1028.

138. Allowed—Unimproved blocks—Jurisdiction suspended.—In the case provided for in section 3 that the protest shall not stay the proceedings unless the council shall deem proper, where there are not more than two unimproved blocks on the street, the allowance of the protest has the same effect as if no exception had been made, and the board loses jurisdiction to proceed without a new resolution of intention.—*Pacific Paving Co. v. Sullivan Estate Co.*, 137 Cal. 261, 70 Pac. 86.

139. Whether majority sign protest is question for board.—Whether the objection and protest was signed by a majority of the frontage is a question for the board to determine.—*Pacific Paving Co. v. Gray*, 136 Cal. 373, 68 Pac. 1028.

140. Unless disallowed is bar to further proceedings.—Unless the objection be disallowed by the board, because, in the judgment of the board it is not signed by the owners of a majority of the frontage, further proceedings are barred.—*Pacific Paving Co. v. Gray*, 136 Cal. 373, 68 Pac. 1028.

140a. Six months' bar—Right belongs to majority fronting on work, not on street.—The Vrooman act does not give to the owners of a majority of the frontage on a street the right to bar the work for six months, but the right is given the owners of a majority fronting on the work or improvement.—*Remillard v. Blake & Bilger Co.*, 169 Cal. 277, 285, 146 Pac. 634, Ann. Cas. 1916D, 451.

141. Work ordered after protest is done without jurisdiction.—Work done after protest, without new resolution of intention, is done without jurisdiction and creates no liability against property owners.—*Pacific Paving Co. v. Gray*, 136 Cal. 373, 68 Pac. 1028.

142. Right not affected by later provisions of section.—The right to protest is not affected by the later provision of the section that the council may, under certain circumstances, disregard the objections.—*Thomason v. Carroll*, 132 Cal. 151, 64 Pac. 262.

143. Not filed in time gives no jurisdiction.—A protest not filed within the statutory ten days is of no consequence, and gives no jurisdiction in the premises to the board of supervisors.—*Warren v. Russell*, 129 Cal. 381, 62 Pac. 75.

144. Part of work.—A protest against part of the work is sufficient as to that part, although it does not include all the work.—*Los Angeles, etc., Co. v. Los Angeles*, 106 Cal. 156, 39 Pac. 535.

145. Cotenant may sign.—A cotenant of abutting property is impliedly authorized

to sign a protest against a proposed street improvement.—*Los Angeles, etc., Co. v. Los Angeles*, 106 Cal. 156, 39 Pac. 535.

145a. Failure of clerk to file affidavits of mailing under section 3.—The objection that the city clerk did not file the affidavits of mailing required by section 3 until long after the termination of the proceedings is trivial, in view of the provision that his failure to mail at all does not invalidate the proceedings.—*Bailey v. Hermosa Beach*, (Cal.) 192 Pac. 712.

f. Resolution ordering work.

146. Order for work by resolution or ordinance equivalent thereto.—The city council may order the work by simple resolution, or by ordinance having the effect of a resolution.—*Mulberry v. O'Dea*, 4 Cal. App. 385, 88 Pac. 367.

147. Necessary preliminary to award contract.—The resolution ordering the work is a necessary preliminary to the awarding of the contract.—*Gay v. Engebretson*, 158 Cal. 21, 109 Pac. 876.

148. Jurisdiction of board—Publication and posting of resolution of intention—Time.—Under the act the city council has jurisdiction to order an improvement fifteen days after the first posting of the resolution of intention, and ten days after the full period of publication thereof.—*Oakland Bank v. Sullivan*, 107 Cal. 428, 40 Pac. 546.

149. Publication—Certificate of clerk not required.—The posting and publication of the resolution ordering the work without having thereon the clerk's certificate as to its passage, and the omission of the clerk to sign the certificate until after such posting and publication, was not a legal requirement, such certificate being merely evidence on the minutes of the passage of the resolution.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

150. Clerk's certificate not required on.—The Vrooman act does not require a resolution ordering work done to bear the clerk's certificate, and it is not material to the validity of such resolution that the clerk did not sign the certificate until after posting and publication.—*Schaeffer v. Smith*, 169 Cal. 764, 766, 147 Pac. 976.

151. Same—Evidence of passage.—The certificate of the clerk to the resolution ordering the work done is evidence on the minutes of the fact that the resolution passed, and it is nothing more.—*Schaeffer v. Smith*, 169 Cal. 764, 766, 147 Pac. 976.

152. Premature resolution.—A resolution ordering work done passed before the expiration of the twenty-day period prescribed for publication of resolution of intention is without jurisdiction and a nullity and the lien based thereon is void.—*Mulberry v. O'Dea*, 4 Cal. App. 385, 88 Pac. 367.

g. Resolution calling for sealed proposals.

153. Failure to limit time for proposals—Assessment not invalidated.—Section 5 of the act does not require the council to limit the time within which proposals may be delivered to its clerk, or to fix the day

or hour at which will open or consider them; nor is it required to direct the clerk to designate in his notice inviting proposals any day or hour before or at which they shall be delivered to him, and its failure to do so has no tendency to impair the validity of the assessment, where it strictly complied with all the provisions of the section on the subject.—Beckett v. Morse, 4 Cal. App. 228, 87 Pac. 408.

154. Time fixed by the clerk—Award not invalidated.—The act of the clerk in fixing in the notice of award the time within which the receipt of bids was limited, if without authority, does not invalidate the award where it is not shown that any one was prevented from bidding.—Belser v. Allman, 134 Cal. 399, 66 Pac. 492.

155. Same—Same—No presumption that any one was prevented from bidding.—It will not be presumed that any one was prevented from bidding, and, if the clerk's action was unauthorized, it is assumed that all persons knew it.—Belser v. Allman, 134 Cal. 399, 66 Pac. 492.

156. Advertisement for bids—Publication.—Where the original advertisement for bids under section 5 was published under an order directing such publication in a specified paper, subsequent orders directing the clerk to readvertise for bids are to be construed as referring to the original order, and the newspaper need not be designated.—Ellis v. Witmer, 134 Cal. 249, 66 Pac. 301.

157. Same — Readvertisement not required unless time for original bids limited.—Section 5 makes no provision for readvertisement, except in the special case provided for.—Ellis v. Witmer, 134 Cal. 249, 66 Pac. 301.

h. Bond accompanying bid.

158. Preliminary bond accompanying bid—Irregularity not jurisdictional.—An irregularity in the preliminary bond accompanying the bid is not jurisdictional.—Greenwood v. Morrison, 128 Cal. 350, 60 Pac. 971.

159. Deposit—Recovery where proceedings are illegal.—The provision for the forfeiture of the successful bidder's certified check if he fails to enter into a contract contemplates a contract based on legal proceedings, but where the proceedings are illegal, he may recover the amount of the deposit by action at law, and he is not estopped or bound by a mere naked promise without consideration.—Perine, etc., Co. v. Pasadena, 116 Cal. 6, 47 Pac. 777.

i. Opening bids.

160. Requirement of statute must be complied with—Otherwise assessment is invalid.—The act requires that the bids be examined and publicly declared in open session of the board, and where the evidence shows that this was not done the assessment can not be upheld.—Edwards v. Berlin, 123 Cal. 544, 56 Pac. 432.

j. Award.

161. Approval by three-fourths of board of trustees sufficient without the president's

approval.—An award made by three-fourths of the board of trustees does not require the approval of the president of the board.—Stanwood v. Carson, 169 Cal. 640, 147 Pac. 562.

162. Resolution of award—Certificate of clerk not required.—The law does not require that the resolution of award should bear the certificate of the clerk.—Stanwood v. Carson, 169 Cal. 640, 147 Pac. 562.

163. May be approved by either mayor or three-fourths of council.—The award may be approved either by the mayor or by a three-fourths vote of the city council, and it is optional which approves it, and it is not required that it should be presented in the first instance to the mayor for his approval before it may be approved by the council.—Greenwood v. Morrison, 128 Cal. 350, 60 Pac. 971.

164. Publication of notice of award.—Where the council designates the newspaper in which the notice is to be published, it is not a compliance with the order to publish in another newspaper, although previously designated as the official newspaper.—California Imp. Co. v. Moran, 128 Cal. 373, 60 Pac. 969.

165. Same—Compliance with the order jurisdictional.—In order to give the council jurisdiction publication in the newspaper named in the order for publication must be made.—California Imp. Co. v. Moran, 128 Cal. 373, 60 Pac. 969.

166. Same—Same—Could not be corrected on appeal.—The publication in the newspaper named in the order being jurisdictional it could not be corrected on appeal so as to confer jurisdiction which it had failed to acquire.—California Imp. Co. v. Moran, 128 Cal. 373, 60 Pac. 969.

167. Same — Same — Same — Assessment could not be validated.—The assessment being void for want of jurisdiction to make it, it could not be validated by a resolution of a subsequent council confirming it.—California Imp. Co. v. Moran, 128 Cal. 373, 60 Pac. 969.

V. CONTRACT.

168. Absence of completion.—A contract for the improvement of an accepted street let without inviting bids and without an opportunity for competition is in excess of the jurisdiction of the supervisors, and therefore void, and the city is not liable thereunder.—*Santa Cruz, etc., Co. v. Broderick*, 113 Cal. 628, 45 Pac. 863.

169. Refusal of street superintendent to enter into, with successful bidder—Mandamus.—Mandamus will lie at the instance of a property owner to compel the superintendent of streets to enter into a contract with the successful bidder for street work under the Vrooman act.—*Thoits v. Byxbee*, 34 Cal. App. 226, 167 Pac. 166.

170. Same—Same—Demand not necessary.—The duty of the superintendent to execute the contract is a public duty and no demand is necessary as a prerequisite to the right of a property owner to writ of mandate to compel the performance of such duty.—*Thoits v. Byxbee*, 34 Cal. App. 226, 167 Pac. 166.

171. Same—Same — Parties interested.—Owners of property to be improved under the contract are beneficially interested and have a right to the writ.—*Thoits v. Byxbee*, 34 Cal. App. 226, 167 Pac. 166.

172. Must be in writing signed by the contractor.—The statute requires the contract to be in writing and signed by the contractor.—*Schwiesan v. Mahon*, 110 Cal. 543, 42 Pac. 1065.

173. Not a compliance with the statute.—The contract in the present case held not to be in compliance with the statute.—*Schwiesan v. Mahon*, 110 Cal. 543, 42 Pac. 1065.

174. Can not be made until ten days after posting notice of award.—The superintendent has no authority to enter into a contract with the original bidder until the expiration of ten days after the first posting of the notice of award, and a contract so entered into is void and the assessment invalid.—*Manning v. Den*, 90 Cal. 610, 27 Pac. 435.

175. Letting not premature.—A contract is not prematurely let on the nineteenth of the month when the first publication of notice was on the eighth of the same month.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

176. Delay in making—Not invalid when delay due to holiday and not to fault of contractor.—The provisions of section 5 relating to the making of the contract within fifteen days after first publication of notice of award are mandatory; but where a delay beyond the statutory period is not due to the fault of the contractor but to intervening special holidays, the contract is not invalidated by the delay.—*Ralph Rogers Co. v. Workman*, 10 Cal. App. 612, 103 Pac. 154.

177. Time—Section 5 is mandatory.—The provision of section 5 as to the time within which the contract shall be made, is mandatory.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

178. Same—Same—Assessment is void.—Where the contract is not made within the statutory time the assessment is void.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

179. Same—Same—Same—Failure to appeal does not validate.—The failure of the property owner to appeal, for the failure to make the contract within the statutory time, does not have the effect of validating it.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

180. Same—Same—Same — Can not be cured on appeal.—An appeal to the board could not have provided the security by a written contract, and sureties for its performance, where there was no binding contract.—*Schwiesan v. Mahon*, 110 Cal. 543, 42 Pac. 1065.

181. Contracts are between city and contractor—Owners have no interest unless conditions affect price.—Contracts for street paving are between the city and the person or corporation agreeing to do the work, and objections to the conditions therein regarding labor or compensation are not available to the owner of the assessed property unless the conditions affected the price paid.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 190, 138 Pac. 742.

182. Void provision as to contractor's liability.—A provision in the contract requiring the contractor to assume liability for loss or damage resulting from the nature of the work or from unforeseen obstructions or difficulties, or from the action of the elements or from encumbrances on the line of the work, renders it invalid.—*Mulberry v. O'Dea*, 4 Cal. App. 385, 88 Pac. 367; *Glassel v. O'Dea*, 7 Cal. App. 472, 95 Pac. 44; *Charters v. Stansbury*, 10 Cal. App. 192, 101 Pac. 418.

183. Invalid clause.—A provision in a contract that "all loss or damage arising from the nature of the work to be done under these specifications shall be sustained by the contractor" looked to damage which might arise out of and subsequent to the completed work and is void.—*Blochman v. Spreckels*, 135 Cal. 662, 57 L. R. A. 213, 67 Pac. 1061.

184. Same—Same.—The law does not authorize a municipality to escape its liability by shifting it to the shoulders of the contractor, and in attempting to do so by imposing conditions in the contract that would

naturally tend to increase the cost of the work.—*Blochman v. Spreckels*, 135 Cal. 662, 57 L. R. A. 213, 67 Pac. 1061.

185. Rule modified.—The early tendency toward a rigid strictness in the matter of the inclusion of certain conditions in street work contracts [*Blochman v. Spreckels*, 135 Cal. 664, 57 L. R. A. 213, 67 Pac. 1061] has been much relaxed in later decisions, and it is held in the present case that the conditions included in the contract, not being unduly oppressive, they will be sustained.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

186. Private contract without bids.—San Francisco city lots.—The Vrooman act does not empower the city and county of San Francisco to enter into a private contract, without competitive bids, for street work in front of lands owned by it, the cost of which is to be paid out of city funds.—*City Improvement Co. v. Broderick*, 125 Cal. 139, 57 Pac. 776.

187. Indemnity against street superintendent.—Invalid provision in bond of contractor.—A contract for the construction of a sewer is not void because it "guaranteed the street superintendent and his sureties and bondsmen immunity from liability," has no effect to prevent a property owner, injured by the acts of the superintendent, from recovery against the latter and his bondsmen.—*Rauer v. Lowe*, 107 Cal. 229, 40 Pac. 337.

188. Contract.—Improper provision.—Contract not invalidated.—A provision in a street work contract purporting to relieve the superintendent of streets and his sureties "for any delinquency on his part," while probably void, as between the parties to the contract, on the ground of public property, and was improperly inserted in the contract, does not affect or prejudice the rights of the property owners, and does not render the contract void as to them.—*McDonald v. Mezes*, 107 Cal. 492, 40 Pac. 808.

189. Provision as to work to be done at the expense of a street railroad company.—A contract to do the work specified in the resolution of intention is not invalidated by a provision exempting the part to be done by a street railroad from the assessment, and requiring the contractor to accept pay for this part of the work from the street railroad company.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

190. Additional work.—Not departure from general plan.—A contract for street work, otherwise valid, is not invalidated by the inclusion of work therein not included in the plans and specifications attached thereto, where such extra work did not constitute an entire departure from the plan as described in the resolution of intention.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

191. Same.—Same.—Remedy of property owner.—The remedy of the property owner for such erroneous action, without rendering the contract void, is by an appeal, and if he fails to appeal can not urge the objection in defense of an action to foreclose

the lien.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

192. Stipulation for eight hours' labor does not invalidate contract.—A stipulation in a street paving contract for not more than eight hours' labor per day, except in cases of extraordinary emergency, does not invalidate the contract.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 190, 138 Pac. 742.

193. Contract for "asphalt macadam pavement" authorized by power of attorney calling for "asphalt pavement."—Where it appears, though upon conflicting evidence, that the term "asphalt pavement" was the general designation within which the specific name "asphalt macadam pavement" was properly included, a power of attorney to sign a contract for "asphalt pavement," was sufficient to authorize the signing of a contract for "asphalt macadam pavement."—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 189, 138 Pac. 742.

194. Clause making contractor liable for his own negligence.—There is no impropriety in making the contractor liable for the consequences of his own negligence, and a provision in a street-work contract which in effect does this, adds nothing to his liability in this respect, and does not render the contract void under the rule in *Blochman v. Spreckels*, 135 Cal. 662, 57 L. R. A. 213, 67 Pac. 1061, and other cases, which are distinguished.—*Gay v. Engebretsen*, 158 Cal. 121, 109 Pac. 876.

195. Same.—Cases distinguished.—The following cases were distinguished from the instant case: *Goldtree v. Spreckels*, 135 Cal. 666, 57 L. R. A. 212, 67 Pac. 106; *Wool-lacott v. Meakin*, 151 Cal. 701, 91 Pac. 612; *Van Loenen v. Gillispie*, 152 Cal. 222, 96 Pac. 87; *Hatch v. Nevills*, 7 Cal. Unrep. 341, 95 Pac. 43; *Stansbury v. Poindexter*, 154 Cal. 709, 129 Am. St. Rep. 190, 99 Pac. 182; *Gay v. Engebretsen*, 158 Cal. 21, 109 Pac. 876.

195a. Same.—Damages during progress of work.—The clause in the present case refers to damages occurring during the progress of the work, and those occurring afterward.—*McQuiddy v. Worswick, etc., Co.*, 160 Cal. 9, 116 Pac. 67.

196. Several streets may be included in one contract.—Several streets may be improved under a single contract.—*Blake & Bilger Co. v. Chappel*, (Cal. App.) 186 Pac. 823.

197. Contractor charged with knowledge of the limitations of the power to make contract.—City not estopped.—A contractor who contracts with the city for street work is charged with knowledge of the limitations of the power of the board of supervisors to enter into the particular contract, and the city is not estopped to deny the validity of the contract.—*Santa Cruz, etc., Co. v. Broderick*, 113 Cal. 628, 45 Pac. 863.

198. Sewer construction contract.—Section 653c, Penal Code, not applicable.—The provisions of section 653c, Penal Code, do not apply to a contract for a sewer construction under the Vrooman act, where such sewer construction was to be paid for

out of assessments on the property fronting thereon, and not out of the municipal treasury.—*Genilla v. Hanley*, 6 Cal. App. 614, 92 Pac. 752.

199. Contract delegating powers of city council, void—Assessment void.—A contract for street work delegating duties which the city council alone can perform is void and an assessment for the work is also void.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

199a. Same—Void contract.—A contract which provides that the superintendent of streets shall have power to determine whether more or less work shall be done by the contractor, what materials shall be used in certain events, and whether or not the right quality and quantity of material has been used, and if he decides against the contractor, the latter must do the work all over again, is an illegal delegation of power to the street superintendent, and the contract is void.—*Stansbury v. White*, 121 Cal. 433, 53 Pac. 940.

200. Delegation of power to street superintendent.—The city council can not shift the burden of its duties and responsibilities to other shoulders, under a contract which delegated to the superintendent of streets powers and duties imposed on the city council by the act is void.—*Chase v. Scheerer*, 136 Cal. 248, 68 Pac. 768.

201. Same—Allowance to increase or diminish the cost of the work.—The city council may require the street superintendent to inspect the work, ascertain if the work and the materials conform to contract, but it can not delegate to that officer the power to determine the amount of an allowance to increase or diminish the cost.—*Chase v. Sheerer*, 136 Cal. 248, 68 Pac. 768.

202. Liability of contractor for damages—Not within rule of *Blochman v. Spreckels*.—The clause in the resolution of intention and resolution ordering work, in the present case, relating to the liability of the contractor for certain damages, were held not to be within the rule of *Blochman v. Spreckels*, 135 Cal. 662, 67 Pac. 1061, 57 L. R. A. 213, and other similar cases.—*McQuiddy v. Worswick, etc., Co.*, 160 Cal. 9, 116 Pac. 67.

203. Separate parts of streets to be improved—Single contract.—The letting of the work may be by single contract where separate parts of a street are to be improved.—*Sacramento Paving Co. v. Anderson*, 1 Cal. App. 672, 82 Pac. 1069.

204. Same.—The amendment of 1884 to section 19, article XI, of the constitution was properly enrolled, authenticated, deposited with the secretary of state, submitted to the people and adopted by them, and the Vrooman act is constitutional under its provisions.—*Sacramento Paving Co. v. Anderson*, 1 Cal. App. 672, 82 Pac. 1069.

205. Dismissal of employee—Unsatisfactory performance of work.—A clause in a contract for street work which requires the contractor to discharge an employee for unsatisfactory performance of work, which does not give the city the power to arbitrarily dismiss an employee, is not im-

proper.—*McQuiddy v. Worswick, etc., Co.*, 160 Cal. 9, 116 Pac. 67.

206. Change can not be made after execution under assessment acts.—Contracts for street work under assessment acts can not be materially changed after they have been let in accordance with the act.—*McQuiddy v. Worswick, etc., Co.*, 160 Cal. 9, 116 Pac. 67.

207. Contract signed by minor as assistant street superintendent—Upheld.—A contract for street work signed by a minor as assistant street superintendent who was a de facto officer, being in charge of the office of the street superintendent, who was on leave of absence, was valid.—*Page v. Mintzer*, (Cal. App.) 184 Pac. 690.

208. Assignment of contract—Prima facie evidence.—Under section 12 of the Vrooman act the assessment roll, the diagram, the certificate of the city engineer, the affidavit of demand and non-payment, and the warrant of the street superintendent, are prima facie evidence of the assignment, and of assignee's right to recover.—*Schmidt v. Santa Monica, etc., Co.*, 39 Cal. App. 85, 178 Pac. 315.

209. Same—Rights of assignee—Warrant need not be in name of original contractor.—The act recognizes the assignee of the contractor as one who succeeds to all the rights and privileges of the contract and it is not essential to the validity of the assessment that the name of the original contractor should appear in the warrant.—*Berkeley, etc., Co. v. Marx*, 10 Cal. App. 410, 102 Pac. 278.

210. Same—Warrant—Assignee may demand and enforce assessment.—The contractor may assign the contract before completion, and the warrant may run in the name of the assignee, and the assignee may demand and enforce the assessment.—*Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500.

211. Same—Consent of city officials not required.—The consent of the city officials is not required to validate an assignment of a street-work contract.—*Anderson v. De Urioste*, 96 Cal. 404, 31 Pac. 266.

212. Same—Assignee may foreclose lien.—If the assignee of a contract for street work finishes the work according to contract he may foreclose a lien for an unpaid assessment, whether the assignment was consented to by the city officials or not.—*Anderson v. De Urioste*, 96 Cal. 404, 31 Pac. 266.

213. Same—Prior to completion of work.—The right of the contractor to assign the contract prior to the completion of the work is recognized in many portions of the act.—*Berkeley, etc., Co. v. Marx*, 10 Cal. App. 410, 102 Pac. 278.

And by the supreme court.—*Anderson v. De Urioste*, 96 Cal. 404, 31 Pac. 266.

214. Non-collusive affidavit.—The provisions of the charter of San Jose requiring the filing of the non-collusive affidavit prior to the making of the street assessment, has reference solely to a private agreement with some property owners with relation to some contemplated improvement under the

street law, and not an agreement for doing street work directly for a private individual.—*Ransome-Crummey Co. v. Coulter*, 177 Cal. 574, 576, 171 Pac. 304.

215. Bond—Section 6½—Repeal of public works lien law of 1897.—The adoption of section 6½ of the act repealed the act of 1897 (Stats. 1897, p. 201) requiring mechanics seeking to recover on the contractor's bond to file a statement of their claims with the board of trustees, in so far as the same applied to work done under the Vrooman act was concerned.—*San Dimas, etc., Co. v. American Surety Co.*, 30 Cal. App. 3, 157 Pac. 548.

216. Same—Same—Filing statement with street superintendent required.—A claimant seeking to recover on a contractor's bond under section 6½ for materials furnished on the work is required to file his statement with the street superintendent, and this requirement is not satisfied by filing the statement with the board of trustees, without delivery to the street superintendent, although addressed to both the board and the superintendent.—*San Dimas, etc., Co. v. American Surety Co.*, 30 Cal. App. 3, 157 Pac. 548.

217. Same—Same—Time to file claims.—The provision in section 6½ as to the time within which a material man may file a verified statement of his claim fixes a maximum limit only and claimants need not wait the completion of the work, but may file statements as their claims become due.—*Pacific, etc., Co. v. United States, etc., Co.*, 32 Cal. App. Dec. 186.

218. Same — Same — Same — Running of time.—The thirty days begins to run from the date of actual completion.—*Pacific, etc., Co. v. United States, etc., Co.*, 32 Cal. App. Dec. 186.

219. Same—Section 6½—Bond is independent contract.—The bond given under the provisions of section 6½ of the Vrooman act is an independent contract and does not depend upon the validity of the street improvement contract, or faithful performance by the contractor.—*Los Angeles Stone Co. v. National Surety Co.*, 178 Cal. 247, 250, 173 Pac. 79.

220. Same—Bond not affected.—Unauthorized extensions of the time for the completion of a contract for a street improvement under the Vrooman act, do not affect the liability of the surety on the bond given under the provisions of section 6½.—*Los Angeles Stone Co. v. National Surety Co.*, 178 Cal. 247, 251, 173 Pac. 79.

221. Same—Same—Purpose of bond.—The purpose of the bond given under the provisions of section 6½ of the Vrooman act was to protect those who furnish labor or materials for the work of the contract for the street improvement, and should not be limited under the rule of *strictissimi juris* to those only who supply labor or materials directly to the contractor, but should be liberally construed to effect the purpose of the act.—*Los Angeles Stone Co. v. National Surety Co.*, 178 Cal. 247, 252, 173 Pac. 79.

222. Election of owners to do work—Time.—A contract let on the nineteenth of the month is not prematurely let where the first publication of the notice of award was made on the eighth of the same month, the time allowed the owners to make their election to do the work beginning to run from the date of publication and not from the day following.—*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

223. Same—Contract with abutting property owner to improve street at his own expense.—A municipality did not surrender or impair its power under the Vrooman act to improve a street, by contracting with the owner of abutting property to improve the same at his own expense.—*McNeil v. South Pasadena*, 166 Cal. 153, 155, 135 Pac. 32, 48 L. R. A. (N. S.) 138.

224. Time to commence and complete work—Must be completed in time—If completed after expiration of time, no valid assessment can be made.—The contract for street work must be fulfilled within the time specified therein, or within such further time as may have been given the contractor during the life of the contract, or no assessment can be levied, and if, after the expiration of the limited time, an extension is granted and the work is completed it forms no foundation for a valid assessment.—*Kelso v. Cole*, 121 Cal. 121, 53 Pac. 353.

225. Same — Provision of section 6 is mandatory.—The provisions of section 6 requiring the street superintendent to fix the time of commencement and completion of the work is mandatory, and imposes upon him an official duty requiring authentication by his signature, and is not matter of agreement between him and the contractor, whose signature is not required. — *Buckman v. Ferguson*, 108 Cal. 33, 40 Pac. 1057.

225a. Section 6 mandatory — Non-compliance renders contract invalid.—The requirement as to fixing the time of commencement and completion of the work in section 6 is mandatory, and non-compliance therewith renders the contract invalid. *Libbey v. Elsworth*, 97 Cal. 316, 32 Pac. 228.

226. Same — Same — When duty may be performed.—The street superintendent may perform this duty at any time after the contract which will enable him to designate a time of commencement not more than fifteen days from the date of the contract, and the contract is inchoate, even if signed by the contractor, and is not fully executed until the time is fixed.—*Buckman v. Ferguson*, 108 Cal. 33, 40 Pac. 1057.

227. Same—Same—Time may be fixed by outgoing superintendent.—The time may be fixed by a superintendent whose term of office expires after the date of the contract and before the expiration of fifteen days thereafter.—*Buckman v. Ferguson*, 108 Cal. 33, 40 Pac. 1057.

228. Same—Matter for superintendent of streets, not for agreement.—The street superintendent may fix the time for the commencement and the completion of the work, within the limits fixed by the act,

and the matter is not left to agreement between him and the contractor.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

229. Same—Same—Contract made in view of superintendent's power to fix time.—In making his bid for the work the contractor does so in view of the power of the superintendent of streets, under the act, to fix the time for the commencement and completion of the work, and it is necessary only that that time should be definitely fixed within the contractor's knowledge.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

230. Same—Same—Endorsement on contract.—The time for the commencement and completion of the work may be fixed in the body of the contract, or endorsed thereon, with the contractor's knowledge, authenticated by the superintendent of streets.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

231. Same—Same—Same—Signature of contractor.—When the time for the commencement and completion of the work is endorsed on the contract, with the contractor's knowledge, authenticated by the signature of the street superintendent, the contractor's signature is not required.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

232. Same—Not matter of agreement.—The matter of fixing the time for the commencement and completion of the work is exclusively within the power of the street superintendent, and is not a subject for agreement between him and the contractor.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

233. Same—Time of commencement of work.—When the contract provided that the work should be commenced within fourteen days from its date, the effect would be as though the fourteenth day had been definitely fixed, and sufficiently fixes the date of the commencement to satisfy the requirements of the act.—*McDonald v. Mezes*, 107 Cal. 492, 40 Pac. 808.

234. Same—Same.—It is necessary that the time should be fixed to the knowledge of the contractor, and when so fixed enters into and becomes a part of the contract.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

235. Same—Same.—The time thus fixed may either be stated in the body of the contract or endorsed on it with the contractor's knowledge, and authenticated by the signature of the superintendent.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

236. Same—Same—"Day" need not be specified.—It is sufficient that the time of commencement of the work is fixed within a specified number of days from the date of the contract, and it is not necessary to fix a specified "day."—*Williams v. Bergin*, 127 Cal. 578, 60 Pac. 164.

237. Same—Same—No specific date need be named.—In fixing the time for the commencement of the work it is not necessary to name a particular date; but it is suffi-

cient to require commencement "within fifteen days."—*White v. Harris*, 103 Cal. 528, 37 Pac. 502.

237a. Same—Same—Sufficiently fixed.—A contract which provided that "the work to be commenced within fourteen days from the date of the contract," sufficiently fixes the date of commencement of the work.—*Rauer v. Lowe*, 107 Cal. 229, 40 Pac. 337.

238. Abandonment of work before completion—Contract extended—No jurisdiction to levy assessment.—When the time for completion of the contract has expired, and the work has not been performed, the contract ceases to have any vitality, and jurisdiction to extend it or to levy an assessment thereon becomes extinct.—*Lelso v. Cole*, 121 Cal. 121, 53 Pac. 353. To same effect: *Kelso v. Gillette*, 136 Cal. 603, 69 Pac. 296.

239. Same—Time for completion of work—Suspended by an appeal after acceptance—Jurisdiction of council to extend time.—The time for the completion of the work is suspended by an appeal after the acceptance of the work as completed, and the city council has jurisdiction to extend the time.—*Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500.

240. Same—Same—No date fixed.—Where the superintendent fixed the date of commencement of the work "within fifteen days" from the date of the contract, and the date of the completion within "one hundred and eighty days thereafter," it must be construed as commencing on the date of the contract, and that no date was fixed for the completion.—*Palmer v. Burnham*, 120 Cal. 364, 52 Pac. 644, 1080.

241. Same—Same—Suspended by appeal.—*Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500, as to suspension of time of completion during pendency of appeal, and doing work under direction of council, followed and approved.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

242. Same—Extensions of time for completion—Power of board as to time and number not limited.—The act does not limit the power of the board to grant extensions, either as to the time or the number thereof, and additional extensions may be granted before an extension previously granted has taken effect, provided the work is shown to have been prosecuted diligently in accordance with the requirements of the act.—*Buckman v. Cuneo*, 103 Cal. 62, 36 Pac. 1025.

243. Same—Same—Showing of diligence.—It will be presumed that the extension was based upon a proper showing of diligence, in the absence of anything to the contrary.—*Buckman v. Cuneo*, 103 Cal. 62, 36 Pac. 1025.

244. Same—Same—Time extension begins to operate.—An extension of time granted before a previous extension has taken effect begins to operate from the expiration of the previous extension, and not from the date it was granted.—*Buckman v. Cuneo*, 103 Cal. 62, 36 Pac. 1025.

243. Same—Same—Invalid extension.—Where the date of commencement of the work was the date of the contract, and the date of completion to be "one hundred and eighty days thereafter," an extension of time of completion made within one hundred and eighty days after the actual commencement, but after the expiration of one hundred and eighty days from the date of the contract, and no previous extension shown, no lien is created.—*Palmer v. Burnham*, 120 Cal. 364, 52 Pac. 644, 1080.

246. Same—Same—Operative by action of council—Certificate of extension.—Extensions of time in a street improvement proceeding become operative by action of the council duly made, and a form of certification in the resolutions of extensions is not of the essence of the extensions, and the failure of the clerk to observe the formal method indicated, even if a regularity, can not invalidate such extensions.—*Stanwood v. Carson*, 169 Cal. 640, 648, 147 Pac. 562.

247. Same—Same—Description of work in resolution.—Where the description of the work in the resolutions extending the time of completion are sufficient as between the board and the contractor to indicate what contracts it was intended to extend, nothing more is required.—*Edwards v. Berlin*, 123 Cal. 544, 56 Pac. 432.

248. Same—Same—Certificate of clerk to resolutions not required.—The phraseology of resolutions extending the time of completion of work requiring their certification by the clerk are not of the essence of such extensions, and the validity of such extensions does not depend upon the compliance therewith by the clerk.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

249. Same—Same—Notice — Misnaming contractor.—Where an extension of time for the construction of a sewer, granted by the superintendent of streets, referred to the contract by number and specified the streets and work to be done under the contract, it was held not to be invalid because the resolution of the board of supervisors authorizing the extension misnamed the contractor, the resolution specifying the contract and the work sufficiently to identify it.—*Anderson v. De Urioste*, 96 Pac. 404, 31 Pac. 266.

250. Delegation of power to street superintendent—Resolution calling for work "where not already done."—Where the resolution of intention calls for curbing where not already done such resolution leaves nothing to be determined, as to the amount of work, by the street superintendent.—*Edwards v. Berlin*, 123 Cal. 544, 56 Pac. 432.

251. Same—To increase cost of work, illegal.—Where the specifications leave to the superintendent of streets and city engineer the power to designate what extra concrete shall be put in street work, to be paid for pro rata, thus resulting in an increase of the cost of the work, the proceedings are invalid for an unlawful delegation of power.—*Perine, etc., Co. v. Pasadena*, 116 Cal. 6, 47 Pac. 777.

252. Same—Decision as to minor details must be left to officer in charge.—The minor details of the work must necessarily be left to the decision of the officer in charge of the work.—*McQuiddy v. Worswick, etc., Co.*, 160 Cal. 9, 116 Pac. 67. See, also, *McCaleb v. Dreyfus*, 156 Cal. 206, 103 Pac. 924.

253. Street superintendent — Intent of act.—The purpose of the Vrooman act in declaring that all street work must be done under the direction and to the satisfaction of the street superintendent, was to invest that officer with a certain discretion as to details not explicitly determined by the contract.—*Haughwout v. Hubbard*, 131 Cal. 675, 63 Pac. 1078.

254. Same — Same — Contract does not contain improper delegation of power.—The contract in the present case does not contain any improper delegation of power.—*Haughwout v. Hubbard*, 131 Cal. 675, 63 Pac. 1078.

255. Supervision by inspector—Immaterial when disregarded and supervision made by superintendent of streets.—Where the work is done under the direction of the superintendent of streets, as required by section 6, it is immaterial whether the provision of the specifications requiring the work to be done under the supervision of an inspector appointed by the superintendent of streets have no legal effect, the same having manifestly been disregarded in the prosecution of the work.—*Burnham v. Abrahamson*, 21 Cal. App. 248, 131 Pac. 338.

VI. COMPLETION AND ACCEPTANCE OF THE WORK.

256. Declaration of superintendent that work is fully performed is final, except on appeal to council.

257. City engineer — Certificate after completion of work not required.

258. Same—Only certificate required.

259. Same—Same—Certificate in any other case is for the purpose of assisting the superintendent.

260. Same—When required — When authorized.

261. Same—If satisfactory to superintendent its contents are immaterial.

262. Same—When authorized, omission to enumerate documents recorded, does not invalidate record.

263. Same—Clerical error in recording.

264. Same—After work is completed.

265. Same—Person in office may make—Use of official date.

266. Acceptance of street—Facts tending to invalidate must be proved.

267. Same—Creates status.

268. Same—Degree of "satisfaction" required.

269. Same—Omission of recital that the street was "in good condition throughout."

270. Same—Absence of datum plane.

- 271. Same—Section 20 should be read in connection with section 498, Civil Code—Exception of tracks of street railroad.
- 272. Same—Purpose of section 20.
- 273. Same—Street railroad track zone not bound to be kept in repair by city.
- 274. Same—Effect of repeal of section 20 on local ordinance.
- 275. Same—Acceptance of improved street under section 20, void.
- 276. Same—Same—Does not deprive a subsequent board of jurisdiction for further improvements.
- 277. Same—Acceptance of street in acceptance of curb.

VI. COMPLETION AND ACCEPTANCE OF THE WORK.

256. Declaration of superintendent that work is fully performed is final, except on appeal to council.—The omission from the assessment of some of the lots fronting along the improvement was, in effect, a declaration that the work was fully performed to his satisfaction, and is not open to controversy in any tribunal except the city council on appeal.—San Francisco, etc., Co. v. Dubois, 2 Cal. App. 42, 83 Pac. 72.

257. City engineer — Certificate after completion of work not required.—The act does not require the city engineer to make any certificate after the completion of the work.—O'Dea v. Mitchell, 144 Cal. 374, 77 Pac. 1020.

258. Same—Only certificate required.—The only certificate required by the act to be made by the city attorney is that provided for in subdivision 10 of section 7 (Stats. 1889, p. 164), where the owner may himself do certain street work at his own expense.—O'Dea v. Mitchell, 144 Cal. 374, 77 Pac. 1020.

259. Same — Same — Certificate in any other case is for the purpose of assisting superintendent.—A certificate made by the city engineer in any case other than that required by subdivision 10, section 7, is simply for the purpose of assisting the superintendent of streets, and its contents are immaterial to the validity of the lien.—O'Dea v. Mitchell, 144 Cal. 374, 77 Pac. 1020.

260. Same—When required—When authorized.—A certificate of the engineer is not required by the act except in the case provided in subdivision 10 of section 5 of the act; although he is empowered in section 34 to make a certificate of the work done, when required, and this certificate must be recorded; but this provision (section 9) must be construed as requiring record only when made.—Reid v. Clay, 134 Cal. 207, 66 Pac. 262.

261. Same—If satisfactory to superintendent, its contents are immaterial.—Where the certificate is made, except when made under subdivision 10 of section 7 of the act, it is simply for the purpose of assisting the superintendent of streets, and if satisfactory to him, its contents are im-

material.—Reid v. Clay, 134 Cal. 207, 66 Pac. 262.

262. Same—When authenticated, omission to enumerate documents recorded does not invalidate the record.—The omission by the superintendent in his certificate of the documents recorded, of the engineer's certificate does not invalidate the authentication of the record actually made or impair the lien of the assessment.—Greenwood v. Chandon, 130 Cal. 467, 62 Pac. 736.

263. Same—Clerical error in recording.—Where the assessment, diagram, warrant and engineer's certificate were correctly recorded, except for a clerical error in the last named, and the error did not affect the substantial rights of the property owner, such record is held to be a substantial compliance with the statute.—Moffitt v. Jordan, 127 Cal. 622, 60 Pac. 173.

264. Same—After work is completed.—The city council may require the city engineer to make an estimate of the costs and expenses of the work before passing any resolution for an improvement, but the engineer is not required to state those items in the certificate which he gives after the work is completed.—San Francisco Paving Co. v. Dubois, 2 Cal. App. 42, 83 Pac. 72.

265. Same—Person in office may make—Use of official data.—The person in office as city engineer is the proper person to the certificate at the completion of the work, and where he succeeded to the office after such completion, he may use the official data found in his office for the purpose of making the certificate.—Hornung v. McCarthy, 126 Cal. 17, 58 Pac. 303.

266. Acceptance of street—Facts tending to invalidate must be proved.—When the existence of an ordinance accepting a street, preserved in the city's official records as the true and genuine act of its common council, has been proved in the usual manner, facts tending to invalidate such ordinance must be proved by the city or the person seeking to deny the city's liability.—Barber Asphalt Paving Co. v. Jurgens, 170 Cal. 273, 279, 149 Pac. 560.

267. Same—Creates status.—The acceptance of a street under section 20 of the Vrooman act creates a status, upon which the sovereign power of the state operates through the act to create an exemption, and neither section 6, article XI, of the constitution, nor freeholder charters, whereby cities and towns were freed from general laws in municipal affairs, had the effect of extinguishing such exemption.—Barber Asphalt Paving Co. v. Jurgens, 170 Cal. 273, 284, 149 Pac. 560.

268. Same—Degree of "satisfaction" required.—"Satisfaction" sufficient to cause the councilmen to vote to accept the street must be regarded as full satisfaction for all practical purposes, and it is not important, in reciting the fact in the ordinance, that the word "fully" is omitted before the word "satisfaction," and that the recital does not, to that extent, conform to the re-

quirement of section 20 of the Vrooman act.—*Barber Asphalt Paving Co. v. Jurgens*, 170 Cal. 273, 279, 149 Pac. 560.

269. Same—Omission of recital that the street was "in good condition throughout."—Section 20 of the Vrooman act does not require that an ordinance accepting a street should recite that it was "in good condition throughout," and the omission of that recital from the ordinance did not nullify its force and effect.—*Barber Asphalt Paving Co. v. Jurgens*, 170 Cal. 273, 280, 149 Pac. 560.

270. Same—Absence of datum plane.—The absence of a datum plane or official grade is entirely immaterial to the force and validity of an ordinance accepting a street under section 20 of the Vrooman act.—*Barber Asphalt Paving Co. v. Jurgens*, 170 Cal. 273, 281, 149 Pac. 560.

271. Same—Section 20 should be read in connection with section 498, Civil Code—Exception of tracks of street railroad.—Section 20 of the act should be read in connection with section 498 of the Civil Code, and so read an ordinance which accepts a roadway is not invalid because it includes an exception of the portion required by law to be kept in repair by a street railroad company occupying the same.—*Barber, etc., Co. v. Abrahamson*, 38 Cal. App. 109, 175 Pac. 490.

272. Same—Purpose of section 20.—Section 20 of the Vrooman act was evidently drawn with the intention of specifying curbing as a part of the roadway, and the curbing is, therefore, for the purposes of the act, included within the definition of the term "roadway," and an acceptance of the "roadway" in compliance with the section is an acceptance of the whole of the roadway, including the curbing.—*Barber Asphalt Paving Co. v. Jurgens*, 170 Cal. 273, 280, 149 Pac. 560.

273. Same—Street railroad track zone not bound to be kept in repair by the city.—In view of section 498, Civil Code, with which section 20 of the Vrooman act must be read, for the purposes of a street assessment, the zone which a street railroad is bound to keep in repair is not a part of the roadway, and the exception of that part from the ordinance did not make it a nullity.—*Barber Asphalt Paving Co. v. Jurgens*, 170 Cal. 273, 280, 149 Pac. 560.

274. Same—Effect of repeal of section 20 on local ordinance.—An ordinance as to the acceptance and future repair of a street adopted prior to the repeal of section 20 of the Vrooman act in 1911, which act had been adopted in its street improvement law was rendered ineffective by the repeal of the act.—*Ransome-Crummey Co. v. Coulter*, 33 Cal. App. Dec. 619.

275. Same — Acceptance of improved street under section 20, void.—Where an improved street was accepted after improvement under section 20 of the Vrooman act, under an ordinance reciting the sewer mains and gas and water pipes had been laid, when in fact such mains and pipes had not been laid, the ordinance of accept-

ance was void, there being no provision therein for acceptance conditionally or that said mains and pipes were unnecessary.—*Raisch Improvement Co. v. Bonslett*, 28 Cal. App. 649, 153 Pac. 747.

276. Same—Does not deprive a subsequent board of jurisdiction for further improvement.—Such an ordinance does not deprive a subsequent board of jurisdiction to enact a new ordinance to clear the way for further proceedings for the reimprovement of the street.—*Raisch Improvement Co. v. Bonslett*, 28 Cal. App. 649, 153 Pac. 747.

277. Same—Acceptance of street is acceptance of curb.—The acceptance of a street includes the acceptance of the curb, which is a part of the street within the meaning of the Vrooman act.—*Barber, etc., Co. v. Abrahamson*, 38 Cal. App. 109, 175 Pac. 490.

278. Form.—The form of the warrant which is prescribed in the act in terms authorizes and empowers the contractor, his agents and assigns, to demand and receive the several assessments, and the act declares that the warrant shall be "substantially" in this form.—*Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500.

279. Record of warrant, diagrams and assessments—Signature of street superintendent.—There is no reason why a street superintendent, newly appointed to the office and acting as such, should not sign the certificate to the record of warrants, diagrams and assessments, following upon the contractor's return thereof, even though he had not yet relinquished the office of city engineer, and was certifying to acts which had been done by him as such.—*Shaffer v. Smith*, 169 Cal. 764, 767, 147 Pac. 976.

280. Record — Omission of president's signature not fatal.—Where the original warrant was signed by the president of the board of trustees, it is not fatal to its validity that his signature was omitted from the record of it.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

To same effect: *Gillis v. Cleveland*, 87 Cal. 214, 25 Pac. 351.

281. Record of return—Signed by superintendent of streets before ceasing to be city engineer.—The warrant is not invalid because the street superintendent signed the certificate of record of return, before he had ceased to be city engineer, thus certifying an act done by him as such city engineer.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

VIII. ASSESSMENT.

a. Front-foot method.

282. Action of superintendent judicial—Can not be changed.—The act of the superintendent of streets in making an assessment is in the nature of a judgment by a tribunal of special and limited jurisdiction, and after its judgment has once been exercised its power is exhausted, in the absence of statutory authority for its revision, and its judgment can not be changed.—*Williams v. Bergin*, 108 Cal. 166, 41 Pac. 287.

283. Front-foot method of assessment based on benefits.—Improvement of streets by the front-foot method of assessment is not based upon the view that each owner shall pay the cost of so much of the improvement as is made on the street opposite his lot, but upon the theory of a benefit to his property from the improvement, and this benefit is measured by the frontage of the lot.—*Remillard v. Blake & Bilger Co.*,

169 Cal. 277, 284, 146 Pac. 634, Ann. Cas. 1916D, 451.

284. Assessment limited to one-half assessed value of property.—The act does not authorize an assessment for more than half the value of the property by the last tax assessment, whether the work is done under a single contract or is split up in separate contracts and assessments.—*Kreling v. Muller*, 86 Cal. 465, 25 Pac. 10.

285. Same—Assessment for other work in same year.—Under the Vrooman act a lot may be assessed to the extent of one-half of its assessed valuation notwithstanding it has already, during the same year, been assessed for other street work.—*Warren v. Postel*, 99 Cal. 294, 33 Pac. 930.

286. Assessment is a contract—Statutes in force are a part.—A street assessment is a contract, and the provisions of the statute in force at the time prescribing the manner of its enforcement are a part of such a contract.—*Chapman v. Jocelyn*, 182 Cal. 294, 187 Pac. 962.

287. Same—Same—Where statute shows character of work.—Where the statute shows the character of the work to be done it is sufficient that the resolution of intention follows the language of the statute; otherwise it must show the nature of the materials to be used.—*Schwiesan v. Mahon*, 123 Cal. 114, 60 Pac. 683.

Limited.—This decision limits the effect of *Emery v. San Francisco*, 28 Cal. 376.

288. Compliance with act required.—It is necessary to strictly conform to the requirements of the act in the matter of adopting plans and specifications, otherwise the contract and the assessments will be void.—*Henry Cowell, etc., Co. v. Williams*, 59 Cal. Dec. 499, 189 Pac. 839.

289. Statutory provisions must be substantially complied with.—The proceedings upon which a street assessment is based being in invitum the statute must be substantially complied with, or the assessment will be void.—*San Diego, etc., Co. v. Shaw*, 129 Cal. 273, 61 Pac. 1082.

290. Compliance with statute required, as to notice and other jurisdictional steps.—Street assessment proceedings are in invitum and must, in order to charge the property of the owner, be based upon a compliance with the provisions of the statute authorizing the assessment, in so far, at least, as those provisions have to do with the giving of notice or other steps precedent to the jurisdiction of the board to order the work done.—*Haughwout v. Percival*, 161 Cal. 491, Ann. Cas. 1913D, 115, 119 Pac. 649.

291. Same—Same—Particularly if property owner is benefited.—It is a fundamental principal that, in proceedings to charge private property for the expense of street work, every requirement of the statute which has a semblance of benefit to the owner must be observed, in order to give to the municipality jurisdiction.—*Dehail v. Morford*, 95 Cal. 457, 30 Pac. 593; *Haughwout v. Percival*, 161 Cal. 491, Ann. Cas. 1913D, 115, 119 Pac. 647.

292. Description of property held sufficient.—The description of the property in the assessment held sufficient on the authority of *Hewes v. Reis*, 40 Cal. 261.—*Stanwood v. Carson*, 169 Cal. 640, 651, 147 Pac. 562.

293. Same.—Under the rule adopted in *Hewes v. Reis*, 40 Cal. 261, it is held that the description in the present case was sufficient.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

294. Method approved.—The method followed by the street superintendent in this case is that approved in *Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.—*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

295. Premature issue—Power of council.—The issue of an assessment before the work is fully completed is premature, and the council is empowered on appeal to set it aside, and require the work to be completed according to its own directions and direct the superintendent of streets either to correct the assessment already made, or to make and issue a new one.—*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

296. Same—Same—Effective date of reissued assessment.—In the event of a reissue of the old assessment its effective date is the date of reissue, and it can not be made effective as of the date of original issue.—*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

297. Same—Same—No power to rescind former action.—The council has no power to reverse its action sustaining the appeal and treat it as never made, and confirm the assessment as valid from the beginning, and the proceeding is held to be still pending thereafter on appeal.—*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

298. Revision—Must be in mode prescribed.—The mode which the act prescribes for the revision of assessments is the measure of the power, and, unless that mode is followed, any attempted revision will be nugatory.—*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

299. Can not be imposed on frontage of one side of street only.—The expenses incurred in doing street work under the Vrooman act can not be assessed on the property fronting one side of the street only.—*San Diego, etc., Co. v. Shaw*, 129 Cal. 273, 61 Pac. 1082.

300. On one side of street only.—An assessment on a lot on one side of a street is proper where the assessment and diagram showed that the work was to be done on one side only, and in front of the lot.—*Perine v. Erzgraber*, 102 Cal. 234, 36 Pac. 585.

301. Same—Assessment must be made on frontage of both sides of street.—The Vrooman act is to be construed as authorizing an assessment to pay the cost of street work thereunder on the frontage of both sides of the street, without regard to whether more work is done on one side than the other.—*San Diego, etc., Co. v. Shaw*, 129 Cal. 273, 61 Pac. 1082.

302. Sidewalk—Cost assessed on property on opposite side of street.—The cost of constructing a sidewalk may be assessed on the property fronting on the opposite side of the street, even though the latter have constructed a sidewalk on their side of the street at their own expense.—*Mill-sap v. Balfour*, 154 Cal. 303, 97 Pac. 668.

303. Excessive assessment—Sole remedy is appeal to city council.—The sole remedy for an excessive assessment is by appeal to the city council, and, in the absence of such an appeal, the amount of the assessment is not open to question in a subsequent and collateral proceeding.—*Empire Securities Co. v. Matthews*, 179 Cal. 239, 176 Pac. 160.

304. Error in assessment—Failure to include lot—Remedy is by appeal to council.—If an error in failing to assess a lot that should have been assessed is committed the remedy is by appeal to the council.—*Ahlman v. Barber, etc., Co.*, 40 Cal. App. 395, 181 Pac. 238.

305. Error in amount—Failure to appeal to council—Not available by defendant in foreclosure.—The objection that the street superintendent assessed a lot for a greater amount than it should have been is, where the assessment for a uniform rate per front foot, is an objection to an assessment not void on its face, and was one subject to correction on appeal to the council, and failing to appeal therefrom the owner can not complain of the error in an action to foreclose the lien therefor.—*Bates v. Hadamson*, 2 Cal. App. 574, 84 Pac. 51.

306. Assessment void on face—May be resisted without appeal to council.—An owner may resist the enforcement of an assessment void on its face, without appealing to the council.—*Kenny v. Kelly*, 113 Cal. 364, 45 Pac. 699.

307. Omission of lots from assessment does not render it void on its face.—The mere omission from the assessment of one or more lots fronting along the improvement does not, of itself, render the assessment void on its face.—*San Francisco Paving Co. v. Dubois*, 2 Cal. App. 42, 83 Pac. 72.

308. Same.—A street paving assessment is not void on its face because all the pieces of property involved in the proceeding had been assessed to unknown owners.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 189, 138 Pac. 742.

309. Assessment to "unknown owners."—In an action to recover a street paving assessment, where the street superintendent had made a certificate that the ownership was unknown, and had assessed all of the pieces of property involved in the proceeding to "unknown" owners, the trial court committed no error in refusing to admit evidence in the shape of records from the auditor's office showing the names of the owners to whom the various pieces of property were assessed.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 189, 138 Pac. 742.

310. Same—Certificate of street superintendent conclusive.—When the superintendent of streets makes his certificate that the

ownership of a particular piece of property is unknown to him, such certificate is conclusive of the fact so certified, and may not be collaterally attacked.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 188, 138 Pac. 742.

311. Same—Lot partly owned by known owner.—One who admittedly owns part of a lot but demands that it be assessed as a whole may not complain if the superintendent of streets assess it to "unknown" owners.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 189, 138 Pac. 742.

312. Void, can not be validated by failure to file remonstrance or appeal.—Where the assessment is void the lack of power of the board of supervisors can not be supplied or the assessment validated by the failure of the property owners to avail themselves of the petition of remonstrance or appeal.—*DeHaven v. Berendes*, 135 Cal. 178, 67 Pac. 786.

313. Assessment—Materials of culvert and gutter not named in resolution of intention.—Under the Vrooman act an assessment for the construction of curbs and gutters can not be enforced where the resolution of intention did not name the materials to be used in such construction.—*Schwiesan v. Mahon*, 128 Cal. 114, 60 Pac. 683.

314. Same—Not aided by specifications and order for work.—The defect in the resolution is not aided by specifications and the order for doing the work and inviting proposals.—*Schwiesan v. Mahon*, 128 Cal. 114, 60 Pac. 683.

315. Assessment is entirety—Void in part, void as whole.—An assessment is an entirety, and if a part is for expenses not authorized under the act, it is wholly void.—*Ryan v. Altschul*, 103 Cal. 174, 37 Pac. 339.

316. Double assessment of corners for work on intersection—No appeal necessary.—A double assessment of two quarter blocks cornering at a street intersection for the expense of the work done on the intersection is void on its face, and the case is not within the rule requiring an appeal to the city council.—*Kenny v. Kelly*, 113 Cal. 364, 45 Pac. 699; *Perine v. Lewis*, 128 Cal. 236, 60 Pac. 422.

317. Single assessment does not cease to be such by apportionment.—An assessment does not cease to be a single assessment by reason of an apportionment in separate amounts to the several portions of the territory chargeable therewith in accordance with their relative position, as required by the act.—*Beckett v. Morse*, 4 Cal. App. 228, 87 Pac. 408.

318. Work excepted from provisions of the act.—An assessment for work excepted from the provisions of the act, as it was prior to the amendment of 1889, is invalid for all purposes.—*Ryan v. Altschul*, 103 Cal. 174, 37 Pac. 339.

319. Separate contracts for single improvement—Void.—The act does not give the city council power to award separate contracts for a single improvement, and an attempt to do so is void, confers no au-

thority to levy an assessment for the cost of the work.—*Treanor v. Houghton*, 103 Cal. 53, 36 Pac. 1081.

320. Clause requiring bond to keep in repair—Assessment invalid.—A clause in a contract for street work under the Vrooman act requiring the contractor to give bond to keep the street in repair for five years, vitiates the assessment.—*Brown v. Jenks*, 98 Cal. 10, 32 Pac. 701.

321. Failure to apportion assessment—Railroad right of way.—Failure to apportion the assessment against lands of a railroad right of way fronting on the street renders the assessment against the other lands on the street void, and the bonds are void, and a property owner is not required to make an appeal to the council as the Vrooman act (section 11) requires.—*Schaffer v. Smith*, 169 Cal. 764, 771, 147 Pac. 976.

321a. Railroad right of way subject to assessment—Stats. 1911, p. 742.—While the abutting land of a railroad company might be assessed for street improvements, there was no authority, prior to the amendment of 1911 (Stats. 1911, p. 742, § 20, subd. 11), to sell, in foreclosure of the lien of such assessment, both the fee and the right to operate the railroad.—*Wilson v. Pacific Electric Ry. Co.*, 176 Cal. 248, 253, 168 Pac. 128.

322. Sidewalk—Based on number of square feet constructed, is void.—An assessment for sidewalk and curb construction under the act of 1909 (Stats. 1909, p. 167) based on the proportion between the number of square feet of sidewalk constructed in front of each lot and the number of square feet in the entire area constructed is void.—*City Securities Co. v. Harvey*, 176 Cal. 682, 683, 169 Pac. 380.

323. Same—Same—No lien.—A void assessment for sidewalk and curb construction under the act of 1909, constitutes no lien upon the property, and the owner is not required under section 10 to seek correction by appeal to the city council, but may rely for his defense upon its invalidity.—*City Securities Co. v. Harvey*, 176 Cal. 682, 684, 169 Pac. 380.

324. Not void because contract contemplated damage to private property without compensation.—A street work assessment and contract are not void on the ground that the contract contemplated damaging the property owner's land for public use "without just compensation having been first made to, or paid into court for, the owner," within the meaning of section 14, article I, of the constitution, the contractor being ignorant that compensation had not been made or paid, and the owner never having objected to the work or taken any step to prevent it.—*Hornung v. McCarthy*, 126 Cal. 17, 58 Pac. 303.

325. Same—Contractor's rights grow out of power of taxation.—The contractor's rights in such a case grow out of the governmental power of taxation; and the consideration that the property owner may have some cause of action founded upon

rights reserved by that part of the constitution which deals with the exercise of the power of eminent domain, does not make the assessment proceeding void.—*Hornung v. McCarthy*, 126 Cal. 17, 58 Pac. 303.

326. Same—Same—Claim can not be used as set off.—The property owner's right of action for damages can not be used as a set off or counterclaim to a cause of action on the assessment.—*Hornung v. McCarthy*, 126 Cal. 17, 58 Pac. 303.

327. Assessment for work not included in the resolution of intention is wholly void.—*Partridge v. Lucas*, 99 Cal. 519, 33 Pac. 1082.

328. Street work in excess of that called for by the resolution of intention is unauthorized.—Street work done by a contractor in excess of that called for by the resolution of intention is done without authority, even though provided for in the plans and specifications, and he is not entitled to an assessment for the excess.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

329. Same—Lot fronting wholly on extra work can not be assessed.—If a lot wholly fronts on the work not authorized, the assessment against it is void.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

330. Same—Lot fronting wholly or partly on unauthorized work not void.—Where a lot fronts wholly or partly on the unauthorized work the assessment is not void on the ground that the lot is not within the limits prescribed by the resolution of intention.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

331. Same—Cost estimated by linear foot.—Where the cost was estimated by the linear foot the whole assessment is not invalid, and the additional cost may be segregated.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

332. Same—Same—Correction by appeal to the city council.—The unauthorized portion of the assessment may be corrected on appeal to the city council.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

333. Same—Same—Same—Failure to appeal.—The failure to appeal to the city council is conclusive upon both contractor and property owner.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

334. Same—Same—Same—Owner need not appeal.—The owner need not appeal to the city council to correct an unauthorized assessment.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

335. Same—Same—Same—Illegal assessment creates no lien.—An illegal assessment creates no lien upon the property.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

336. Separate assessment for additional work.—An assessment for the work described in the resolution of intention was not vitiated by the inclusion of additional work in the contract, for which a separate assessment was made.—*McDonald v. Mezes*, 107 Cal. 492, 40 Pac. 808.

337. Uniformity—Cost of sidewalks and curbing assessed only on lots not already curbed and sidewalked.—Curbing and sidewalking may be confined to the portion of

the street not already curbed and sidewalked, and the assessment is none the less equal and uniform, because the cost of the improvement was not distributed over all the property within the assessment district, but only on the portions where the sidewalk and curbing was not done.—*McSherry v. Wood*, 102 Cal. 647, 36 Pac. 1010.

338. Assessment of railroad right of way prior to 1911, void.—Prior to the 1911 amendment to the Vrooman act the assessment of a railroad right of way for street improvements was void, and the lien could not be enforced.—*Wilson v. Pacific Electric Ry. (Cal.)*, 168 Pac. 128.

339. Same—City without power to assess and sell unless specially authorized.—Unless specially authorized by the legislature, in clear and unambiguous language, a city has no power to levy an assessment on the right of way of a railroad company for a portion of the cost of constructing a bulkhead and sidewalk, or sell such right of way to satisfy an assessment for that purpose.—*San Pedro, etc., Co. v. Pillsbury*, 23 Cal. App. 675, 139 Pac. 669, 671.

340. Lands of street railroad subject to assessment.—Lands of a railroad right of way fronting on a street are subject to assessment from a street improvement, but the easement held for right of way purposes should be excluded from the assessment.—*Schaffer v. Smith*, 169 Cal. 764, 769, 147 Pac. 976.

341. School building not subject to assessment.—A school building occupied and used as subject is not subject to the lien of an assessment for street work.—*Witter v. Mission School District*, 121 Cal. 350, 66 Am. St. Rep. 33, 53 Pac. 905.

342. Railroad right of way not subject to assessment.—A railroad right of way is not subject to assessment for street improvements fronting thereon.—*Southern, etc., Co. v. Workman*, 146 Cal. 80, 2 Ann. Cas. 583, 79 Pac. 586, 82 Pac. 79.

343. Homestead—Subject to assessment.—A homestead is liable to assessment for street work.—*Perine v. Forbush*, 97 Cal. 305, 32 Pac. 226.

344. Advance of incidental expenses by contractor—Waiver.—The failure of the contractor for sewer construction to advance incidental expenses as required by section 5 of the act does not invalidate the contract, where all those entitled to receive such expenses waive payment in writing.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

345. Same—Provision for benefit of city street superintendent and persons to whom payment is due.—The provision of section 5 of the act requiring a contractor to advance incidental expenses is intended for the benefit of those to whom such expenses are to be paid, the street superintendent and the city, and the property owners can not complain upon the contractor's failure to advance such expenses.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

346. Same—Waiver of, by failure to appeal.—An objection to an assessment on the

ground that it included an amount, as incidental expenses, for engineering and printing, is waived by failure to appeal.—*Boyle v. Hitchcock*, 66 Cal. 129, 4 Pac. 1143.

347. Improper inclusion in assessment—Remedy is appeal.—If incidental expenses incurred by the city and not by the contractor are included in the assessment the remedy is by an appeal to the city trustees.—*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

348. Same—Sewer construction—Waiver.—The advancement of incidental expenses by the contractor is for the benefit of those to whom the same is payable, and may be waived by them in writing, and such waiver does not affect the property owners, and they can not object.—*Fletcher v. Prather*, 102 Cal. 413, 36 Pac. 658.

349. Cost of street work can not be paid out of ordinary municipal revenues.—Under the Vrooman act the cost of grading and opening streets must be assessed against the lots fronting on same, or on the land of a defined district, and in no event can be made a charge on the municipal revenues.—*Redondo Beach v. Cate*, 136 Cal. 146, 68 Pac. 586.

350. Acts of contractor and errors of superintendent of streets.—None of the acts of the contractor or errors of the superintendent of streets render the assessment and lien void; but all these matters may be corrected on appeal to the council under section 11 of the act.—*Oak Hill Water Co. v. Gillette*, 13 Cal. App. 605, 110 Pac. 316.

351. Proportional assessment — Section 12½ does not apply to a dead contract.—Section 12½ applies only to an existing contract and was not intended to give new life to a dead contract, and the board of supervisors are without jurisdiction to order a proportional assessment, after the abandonment by the contractor of a portion of the work and the time for completion has expired.—*Kelso v. Cole*, 121 Cal. 121, 53 Pac. 353.

352. After abandonment of contract.—This case is the same as that of *Kelso v. Cole*, 121 Cal. 121, 53 Pac. 353, and the decision of the court was the same.—*Kelso v. Gillette*, 136 Cal. 603, 69 Pac. 296.

353. New assessment — Amendment of 1889 to section 9—Purpose.—The purpose of the amendment of 1889 to section 9 was to prescribe the conditions and limit the time for making a new assessment.—*Ede v. Cuneo*, 126 Cal. 167, 58 Pac. 538.

354. Same—Conditions.—Unless the final judgment to enforce the prior assessment was defeated by some defect in the assessment, the recording or in some matter connected with the return of the warrant, no new assessment is authorized under the 1889 amendment to section 9 of the act.—*Ede v. Cuneo*, 126 Cal. 167, 58 Pac. 538.

355. Same—Absence of engineer's certificate—No lien created.—The 1889 amendment to section 9 of the act does not authorize a new assessment where the plaintiff was defeated in the suit or the prior assessment by the absence of the engineer's

certificate and the record thereof, or on the ground that no lien had been created.—*Ede v. Cuneo*, 126 Cal. 167, 58 Pac. 538.

356. Same—Same—Same—Not entitled to second assessment.—The contractor is not required to accept incomplete or defective documents from the superintendent of streets, and if a document is presented lacking the certificate of the engineer he may enforce the issuance of another meeting the requirements of the statute, and if he does not do so, and his lien is defeated, he can not have a second assessment, in a case not falling within the amendment of 1889 to section 9.—*Ede v. Cuneo*, 126 Cal. 167, 58 Pac. 538.

357. Same—If assessment is valid, superintendent of streets not required to make another.—If the assessment is a valid one, the superintendent of streets can not be required to make another.—*Frick v. Morford*, 87 Cal. 576, 25 Pac. 764.

358. Same—Failure to return warrant not an error or defect under section 9.—The failure of the contractor to return the warrant within the statutory period operates to deprive him of his lien, and is not an error or defect in the return, within the meaning of section 9, which entitles him to a new assessment after judgment against him in an action to enforce the assessment.—*City Street Imp. Co. v. Emmons*, 138 Cal. 297, 71 Pac. 332.

359. Vacation—Directions to contractor to complete work and to superintendent to issue new warrant.—When the city council vacated the original assessment and directed the contractor to perform the work required by it "under the direction of the said city council," and that when so done the superintendent should accept the work and issue a new warrant, assessment and diagram, such directions were in strict accordance with the provisions of section 11 of the act, and the indorsement of the street superintendent is not inconsistent therewith.—*Hadley v. Dague*, 130 Cal. 207, 62 Pac. 500.

360. Same—Final judgment.—A judgment of the superior court, final in its nature, declaring an assessment void for informality, et cetera, is clearly within the meaning of the street law, where the words used are "any final judgment of any court of this state."—*Hornung v. McCarthy*, 126 Cal. 17, 58 Pac. 303.

361. Same—Same—Abandonment of appeal.—A judgment of the superior court declaring an assessment void for informality, et cetera, is certainly a final judgment within the meaning of the act, where the plaintiff in the suit, instead of appealing, has substantially abandoned his appeal by the act of applying for a new assessment.—*Hornung v. McCarthy*, 126 Cal. 47, 58 Pac. 303.

b. District plan.

362. Sufficiency of plat or map.—The map or plat, referred to in the resolution of intention containing a legend that the property colored in red was the property affected was not insufficient on the ground

such legend was not a declaration that other property included in the boundaries of the district was not benefited and would not be assessed.—*Thoits v. Byxbee*, 34 Cal. App. 226, 167 Pac. 166.

363. Determination of council as to special benefits final and conclusive.—The determination of the council that the property of the district will be specially benefited, is final and conclusive in the absence of fraud and mistake.—*Beale v. Santa Barbara*, 32 Cal. App. 235, 162 Pac. 657.

364. Filing of map mandatory and jurisdictional.—The requirement that when the proposed improvement is made under the district plan a map of the district shall be on file before the street superintendent proceeds to post and publish notices of work is mandatory and jurisdictional.—*Beck v. Ransome-Crummey Co.*, (Cal. App.) 184 Pac. 431.

365. Assessment for benefits valid—Omission of railroad right of way.—A district assessment, based on benefits, is valid, in the absence of fraud, unless appealed from, and, if approved on appeal, was valid as finally approved by the legislative body of the city; and the fact that in such an assessment the right of way of a railroad was omitted, does not invalidate.—*Bailey v. Hermosa Beach*, (Cal.) 192 Pac. 712.

366. Same—Same—Assessed as other property in district.—The statute requires that when a railroad right of way lies within the exterior boundaries of an assessment district, it shall be assessed as other property therein is assessed, according to benefits.—*Bailey v. Hermosa Beach*, (Cal.) 192 Pac. 712.

367. "May" defined.—The word "may" in the phrase may make the expense of the work chargeable on a district, confers a discretionary power, and is not mandatory.—*Ostrander v. Richmond*, 155 Cal. 468, 101 Pac. 452.

368. Same.—Under the Vrooman act the council may adopt the district assessment plan in those cases where, under the front-foot plan, more than half the assessed value of the lot will have to be taken to pay the expenses of the improvement, or it may follow the front-foot plan even to the extent of taking all the lots fronting on the proposed improvement.—*Ostrander v. Richmond*, 155 Cal. 468, 101 Pac. 452.

369. Size of district not jurisdictional.—Where the district plan is adopted the size of the district is not jurisdictional.—*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

370. Section 3 not mandatory.—The provision of section 3 which authorizes the formation of a district, when the contemplated work is of more than local or ordinary public benefit, is not mandatory, requiring the city council to establish a district larger than the lots fronting on the streets.—*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

371. Omission of lots from assessment.—The mere omission of lots from the assessment does not make it void.—*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

372. Objection to extent of district should be made to council.—The remedy for objections to the extent of the district is by protest and objections to the council, and if not taken the property owner can not be heard in an action to foreclose the lien of the assessment to make the same objection.—*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

373. Inequality of assessments—Not considered for want of foundation in record.—Objections on constitutional grounds to the alleged inequality of district assessments because of the omission of lots which should have been included in the district, can not be considered where the record contains nothing on which to base such objections.—*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

IX. BONDS.

374. Date antedated.

IX. BONDS.

374. Date—Antedated.—The law requires that the bonds shall be issued after the expiration of thirty days from the date of the warrant, and where the issue of bonds was delayed on account of delay in the performance of ministerial acts by the city treasurer, it was proper that the bonds should bear the date they are required to be issued.—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

X. APPEALS.

375. Action of council judicial.

376. Same—Determination conclusive.

X. APPEALS.

375. Action of council judicial.—The action of the city council in the matter of appeals is clearly judicial.—*Belser v. Hoffschneider*, 104 Cal. 455, 38 Pac. 312.

376. Same.—The council acts judicially on an appeal on the ground that the work was not fully completed, and its determination is conclusive.—*Lambert v. Bates*, 137 Cal. 676, 70 Pac. 777.

377. Protest treated as.—Where a written protest to the council by persons interested, on such a ground, is understood and acted upon by the council and all parties concerned as an appeal from the action of the street superintendent in accepting the work and issuing an assessment, warrant and diagram therefor, and no one is misled to his prejudice thereby, it will be deemed an appeal.—*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

378. Same.—Protests stating objections in writing, filed with the clerk, constitute an appeal within the meaning of section 11, although the protestants do not say that they thereby appealed from the assessment.—*Belser v. Hoffschneider*, 104 Cal. 455, 38 Pac. 312.

379. "Remonstrance"—Section 3.—A letter to city trustees, while the work was in progress, by a property owner, asking permission to take samples, and stating that he had been informed that the work was not being done according to specifications, is not a "remonstrance" within the meaning of section 3 of the act.—*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

380. "Remonstrance" and "appeal"—Distinguished.—A "remonstrance" is made before assessment to the acts or proceedings of the council, and an "appeal" is made after the assessment, and relates to the acts of the street superintendent in accepting work not done as required by contract, or other acts of his specified in the statute.—*Girvan v. Simon*, 127 Cal. 491, 59 Pac. 945.

381. Same—"Appeal."—A paper addressed to the city council by a property owner distinctly pointing his objections to the acts of the street superintendent in accepting work not done according to the specifications of the contract, is an appeal, though the word "remonstrance" is used.—*Girvin v. Simon*, 127 Cal. 491, 59 Pac. 945.

382. Objections to whole work—Suspends proceedings against all property owners until heard.—Where an appeal is based on objections to the whole work its filing, though by one only, suspends all proceedings to collect any of the assessments until it is heard, after statutory notice has been given, and it is only such hearing upon notice that binds any of the parties assessed, and they are not bound by a decision of the council, without notice or hearing, that the appeal was insufficient.—*Girvin v. Simon*, 127 Cal. 491, 59 Pac. 945.

383. Same—No request for action necessary.—The statutory direction to the city council was imperative, and the applicant and all other parties, might rest safely until due notice was given, and no request for action is required.—*Girvin v. Simon*, 127 Cal. 491, 59 Pac. 945.

384. Jurisdiction lost—Effect of majority protests—New resolution necessary.—When the owners of a majority of the frontage on a proposed street improvement, within ten days after the expiration of the time of posting and publication of the resolution of intention and notice, filed protests and ob-

jections to the improvement the jurisdiction of the board is suspended for six months, and a new resolution is required to regain it.—*City, etc., Co. v. Babcock*, 123 Cal. 205, 55 Pac. 762.

Order to do work without new resolution invalid.—*Thomason v. Carroll*, 132 Cal. 148, 64 Pac. 262; *Pacific Paving Co. v. Gallett*, 137 Cal. 174, 69 Pac. 985; *Pacific Paving Co. v. Sullivan Estate Co.*, 137 Cal. 261, 70 Pac. 87.

385. Publication of notice is imperative.—Publication of the notice of appeal taken to the city council is imperative, and the defendant in an action to recover a street assessment is not estopped to urge the failure of such publication by appearing before the council and urging his appeal without objecting to such failure.—*Southern, etc., Co. v. Howells*, 21 Cal. App. 330, 131 Pac. 756.

386. Same—Jurisdictional.—The council can not take jurisdiction to hear and determine the appeal until all interested property owners, whether parties to the appeal or not, have been given notice of the hearing.—*Southern, etc., Co. v. Howells*, 21 Cal. App. 330, 131 Pac. 756.

387. Same — Same — Sale — Manner of giving notice.—The act provides that the notice shall be published for five days, and no other manner of giving notice is provided.—*Southern, etc., Co. v. Howells*, 21 Cal. App. 330, 131 Pac. 756.

388. Where applicable.—Appeal is given only to parties aggrieved by the acts of the street superintendent, and has no application to the precedent acts of the council or board.—*DeHaven v. Berendes*, 135 Cal. 178, 67 Pac. 786.

389. Same—Not applicable to void acts.—Section 11 of the act has no application to void acts.—*DeHaven v. Berendes*, 135 Cal. 178, 67 Pac. 786.

390. Assessment void on its face.—No appeal to the board of supervisors is necessary where the assessment is void on its face.—*Ryan v. Altschul*, 103 Cal. 174, 37 Pac. 339.

391. Defect in street at acceptance—Appeal only remedy.—The only remedy for acceptance of the street by the superintendent incomplete as to a narrow strip left ungraded by the contractor, is by appeal to the council.—*Smith v. Hazard*, 110 Cal. 145, 42 Pac. 465.

392. Same—Same—Not available in action for assessment.—Where such attenuated defect was afterwards graded by the owner of the lot it was not available in an action to recover the assessment.—*Smith v. Hazard*, 110 Cal. 145, 42 Pac. 465.

393. Objection that work was not fully completed.—An objection that the work was not fully performed can be presented only on appeal to the city council, and can not be again presented in defense of an action to foreclose a street assessment lien.—*Lambert v. Bates*, 137 Cal. 676, 70 Pac. 777.

394. Work not included in resolution of intention.—No appeal to the council necessary in case of work not included in reso-

lution of intention.—*Partridge v. Lucas*, 99 Cal. 519, 33 Pac. 1082.

395. Performance of work—Street superintendent's determination conclusive, except on appeal.—It is the duty of the street superintendent to determine whether the work has been done according to contract, and his determination is final and conclusive, except on appeal to the city council, which is the exclusive remedy; and if a property owner fails to take such appeal, the street superintendent's determination is not subject to attack in any other tribunal.—*McLaughlin v. Knoblock*, 161 Cal. 676, 120 Pac. 27.

396. Same—No work or work not completed.—An appeal is required to be taken whether the objection is based upon the fact that no work at all was done or that it was not fully performed, the council having ample power to afford relief in either case.—*McLaughlin v. Knoblock*, 161 Cal. 676, 120 Pac. 27.

397. Same—Power of city council on appeal.—If, on appeal, the council finds that the street superintendent's decision was erroneous, or that no work at all had been done on the contract the council is empowered to set aside the assessment and require the work to be done according to contract.—*McLaughlin v. Knoblock*, 161 Cal. 676, 120 Pac. 27.

398. Same—Collateral attack, when.—It is only when the assessment appears on its face to be absolutely void that no appeal is required and the property owner may collaterally assail it.—*McLaughlin v. Knoblock*, 161 Cal. 676, 120 Pac. 27.

399. Search of title to ascertain exact frontage—Can not be questioned in absence of appeal to council.—A property owner can not question the assessment on the ground that the expense of a search of title to show the exact frontage of the lots, had been added to the assessment, where he did not present the objection on appeal to the city council.—*Ahlman v. Barber, etc., Co.*, 40 Cal. App. 395, 181 Pac. 238.

400. Description of work—Defense to action for enforcement of assessment.—A property owner is not required to appeal to the council, as a condition to defending an action for the enforcement of an assessment, on the ground that the resolution of intention contains an insufficient description of the work, and failed to confer jurisdiction for further proceedings.—*San Jose, etc., Co. v. Auzeais*, 106 Cal. 498, 39 Pac. 859.

401. Waiver of error by failure to take.—Where an assessment is fully authorized the mistake of the superintendent in assessing it for a sum exceeding its proportion was merely an error in the exercise of questionable power, which error might have been corrected by an appeal to the board of supervisors, and the failure to take such appeal operated as a waiver of the error.—*Dowling v. Conniff*, 103 Cal. 75, 36 Pac. 1034.

402. Disproportionate assessment—Failure to appeal is waiver.—If a lot is assessed for more than its lawful proportion of the cost of the work, whether by reason of an

erroneous computation, or an improper distribution of the cost upon the lands assessable therefor, the error is waived by the failure of the owner to appeal to the council.—Beckett v. Morse, 4 Cal. App. 228, 87 Pac. 408.

403. Defects not curable—Failure to appeal not waiver.—Where the defects in the proceedings are such as can not be corrected by the city council the property owner does not waive them by a failure to appeal.—Manning v. Den, 90 Cal. 610, 27 Pac. 435.

404. Subjects—Section 11 has no application where no provision for appeal is made.—Section 53 does not add to the subjects of appeal to the city council as defined in section 11, and the provision of the latter that "no assessment shall be held invalid except upon appeal to the city council," has no application to a case in which an appeal is not authorized.—Schmidt v. Santa Monica, etc., Co., 39 Cal. App. 85, 178 Pac. 315.

405. Incurable defects—Section 11 does not apply.—Section 11 does not apply to incurable defects in the proceedings.—Manning v. Den, 90 Cal. 610, 27 Pac. 435.

406. Same—Same—Property owner not estopped by denial of appeal.—The denial of an appeal to the council based on incurable defects in the proceedings does not estop the property owner to defend an action to enforce the lien in court on the ground of such defects.—Manning v. Den, 90 Cal. 610, 27 Pac. 435.

407. Same—Same—Resolution of intention void on its face.—If the invalidity of the initial resolution of intention is apparent on its face, no appeal to the council need be taken, and the owner may stand on his rights whenever any attempt is made to assert a claim based on an assessment void on its face.—Beck v. Ransome-Crummey Co., (Cal.) 184 Pac. 431.

408. Failure to appeal—Effect of upon objection that work was not according to contract.—When the property owner fails to appeal under section 11, he is precluded from attacking the assessment on the ground that the work was not done according to contract.—Petaluma Paving Co. v. Singley, 136 Cal. 616, 69 Pac. 426.

409. Irregularity—Failure of property owner to appeal.—An irregularity will not be corrected on appeal where the property owner failed to appeal to the city council for such irregularity.—McSherry v. Wood, 102 Cal. 647, 36 Pac. 1010.

410. Exceptions to rule as to assessments—Appeal to city council.—If defendant's case came within any of the exceptions to the rule in regard to assessments contained in the act, it devolved upon him to make it known by objection to the assessment made, by appeal to the city council under section 11.—Treanor v. Houghton, 103 Cal. 53, 36 Pac. 1081.

411. Ground of.—"That the work has not been performed according to the contract in a good and substantial manner" is a ground of appeal to the city council under

the Vrooman act.—Creed v. McCombs, 146 Cal. 449, 80 Pac. 679.

412. Appeal from assessment—Time.—The thirty-day period for appeal from the assessment is to be counted from the date of record of the warrant, not its actual date, if different.—Cotton v. Watson, 134 Cal. 422, 66 Pac. 490.

413. Notice—Process to acquire jurisdiction.—The notice required by section 11, is in the nature of process by which the board of supervisors may acquire jurisdiction to act upon the appeal and the assessment.—Williams v. Bergin, 108 Cal. 166, 41 Pac. 287.

414. Same—Appeal by contractor to increase assessment.—In the case of an appeal by the contractor for the purpose of increasing an assessment, the notice is the only means which the law provides to warn the owner of the proposed increase, and the provisions of the act must be followed in order to give jurisdiction to make the increase.—Williams v. Bergin, 108 Cal. 166, 41 Pac. 287.

415. Same—Same—Insufficient notice.—On such an appeal a notice requiring all "appellants" to appear at the hearing, can not be held to extend to others equally interested, and is insufficient to confer jurisdiction to act on the appeal.—Williams v. Bergin, 108 Cal. 166, 41 Pac. 287.

416. Effect of.—The effect of an appeal from an assessment made by the street superintendent is to suspend all action thereon, and the contractor could not sue upon such assessment until after its confirmation on appeal.—Williams v. Bergin, 108 Cal. 166, 41 Pac. 287.

417. Form of notice approved.—The form of notice of appeal by the contractor to the city council from a street assessment in the present case was approved.—Williams v. Viselich, 121 Cal. 314, 53 Pac. 807.

418. Same—Notice eo nomine to the person affected.—A notice of appeal by the contractor from the assessment need not be directed eo nomine to the persons affected.—Williams v. Viselich, 121 Cal. 314, 53 Pac. 807.

419. Section 11 contemplates only one appeal.—Section 11 of the Vrooman act contemplates only one appeal, and after an appeal has been sustained on the ground of improper and faulty construction, and the contractor is required to do additional work and does it, and the work is finally accepted, disaffected property owners can not file a second appeal.—Stanwood v. Carson, 169 Cal. 640, 147 Pac. 562.

420. Same—No second appeal after appeal sustained.—When property owners appeal to the board of trustees against the acceptance of the work, and the appeal is sustained, and further work is ordered done, and is done to the satisfaction of the board, and the work is accepted, the board has no jurisdiction to entertain a second appeal against acceptance (§ 11, Vrooman act).—Stanwood v. Carson, 169 Cal. 640, 147 Pac. 562.

421. Same—Same—Reissue of assessment proper.—After the council, on appeal from acceptance sustained had ordered further work done in a specified time, and such requirement was fully complied with, it was proper for the superintendent to reissue the old assessment, diagram, and warrant. —*Stanwood v. Carson*, 169 Cal. 640, 648, 147 Pac. 562.

422. Same—Same—Completion of contract in time.—Where in a street improvement on appeal to the council it was decreed that the work had not been done in accordance with the contract, and further work was ordered to be done within a fixed time, and it was done, it is held that the contract was completed within the time fixed in the contract and its legal extensions. —*Stanwood v. Carson*, 169 Cal. 640, 649, 147 Pac. 562.

423. Order sustaining can not be vacated or rescinded.—The city council, after it sustains an appeal taken in pursuance of section 11 of the Vrooman act, has no power thereafter to rescind its action, and if it does so, its action is ineffectual and void. —*Creed v. McCombs*, 146 Cal. 449, 80 Pac. 679.

424. Same—No new trial or rehearing provided for.—The final judgment of the city council on appeal can not be vacated, and no provision is made for a new trial or a rehearing. —*Belser v. Hoffschneider*, 104 Cal. 455, 38 Pac. 312.

425. Petition of remonstrance—Applicable only to acts and proceedings within the power of the council.—The provision authorizing a petition of remonstrance against the acts and proceedings of the city council was intended to be applicable only to acts and proceedings within the power of the council. —*DeHaven v. Berendes*, 135 Cal. 178, 67 Pac. 786.

To same effect: *Capron v. Hitchcock*, 98 Cal. 427, 33 Pac. 431.

426. Same—Conclusiveness of decision of council—Section 3 does not apply to void contract.—The provision of section 3 as to remonstrance of property owner, and conclusiveness of decision of council thereon has no application to a void contract. —*Capron v. Hitchcock*, 98 Cal. 427, 33 Pac. 431.

427. Demand for payment of assessment—By assignee.—It is immaterial whether the assignee of the contractor makes the demand for payment of the assessment in person or in the name of the contractor, and the taxpayer would not be injured in either case. —*Banaz v. Smith*, 133 Cal. 102, 65 Pac. 309.

428. Same—By contractor after assignment.—A demand made by the contractor after he has made an assignment is not invalid [*Taylor v. Palmer*, 31 Cal. 240]. —*Stanwood v. Carson*, 169 Cal. 640, 147 Pac. 562.

XI. LIEN.

429. Failure of street superintendent to insist upon verified demands for incidental expenses.

430. Can not be created except by full compliance with act.

431. Paramount to prior mortgage lien.

432. Record of assessment, diagram and warrant creates.

433. Same—Recordation prior to attaching lien not required.

434. Recording engineers certificate prerequisite to creation.

435. Same—Diagram on back referred to in certificate.

436. Same—Method of recordation.

437. Engineer's certificate signed by mere clerk.

438. Warrant must be filed before delivery to contractor.

439. Record of return of warrant—Signature of street superintendent is required.

440. Not a personal liability.

441. Liability of each lot separate and independent.

442. Property of street railroad.

443. Continues for two years only.

444. Assessment based on benefits does not create.

445. May be paid in any kind of money.

446. Lien an entirety—Payment of portion does not release lien from remainder.

XI. LIEN.

429. Failure of street superintendent to insist upon verified demands for incidental expenses incurred by the city and not by the contractor did not invalidate the lien. —*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

430. Can not be created except by full compliance with the act.—A street assessment lien can not be put upon the property of a citizen save by a substantial compliance with all the provisions of the statute and in no way can such a lien be created against those provisions. —*Ryan v. Altschul*, 103 Cal. 174, 37 Pac. 339.

431. Paramount to prior mortgage lien.—A lien for public taxes and assessments is paramount to all liens acquired by personal contract, including that of a mortgage prior to a street-work assessment. —*O'Dea v. Mitchell*, 144 Cal. 374, 77 Pac. 1020.

432. Record of assessment, diagram and warrant creates.—The record of the assessment, diagram and warrant creates the lien, and it follows that the lot owners will be protected by such record, and that they will be entitled to a release of the lien upon payment to the person who, on the face of the warrant is entitled to receive the money. —*Berkeley, etc., Co. v. Marx*, 10 Cal. App. 410, 102 Pac. 278.

433. Same—Recordation prior to attaching of lien not required.—The failure to record the contract prior to the attaching of the lien does not invalidate the lien. —*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

434. Recording engineer's certificate prerequisite to creation.—The amendment of March 14, 1889, made the recording of the engineer's certificate as a prerequisite to the creation of the lien. —*Buckman v. Cuneo*, 103 Cal. 62, 36 Pac. 1025; *Rauer v. Lowe*, 107 Cal. 229, 40 Pac. 337.

435. Same—Diagram on back referred to in certificate.—A diagram on the back of the engineer's certificate, showing the extent of the progress of the work, and referred to in the certificate is a material part thereof, and must be recorded along with the certificate, and if not so recorded, no valid lien will attach.—*Buckman v. Cuneo*, 103 Cal. 62, 36 Pac. 1025.

436. Same—Method of recordation.—The act contemplates the recordation in one record of the warrant, assessment, diagram and engineer's certificate, and where the first three are recorded in a separate book of assessment records, and the last in a small book, kept in the office, but not with the assessment records, and not referred to in such records, such record is invalid and creates no lien.—*Rauer v. Lowe*, 107 Cal. 229, 40 Pac. 337.

437. Engineer's certificate signed by mere clerk.—An engineer's certificate, not signed in person or by deputy, but by a mere clerk, adding his own initials, is not the certificate of the engineer, is not admissible in evidence in an action to recover an assessment, and the recordation thereof creates no valid lien.—*Rauer v. Lowe*, 107 Cal. 229, 40 Pac. 337.

438. Warrant must be filed before delivery to contractor.—The warrant of assessment must be recorded in the office of the superintendent of streets before delivery to the contractor or his assigns, in order to create the lien allowed.—*Gillis v. Cleveland*, 87 Cal. 214, 25 Pac. 351.

439. Record of return of warrant—Signature of street superintendent required.—The failure of the street superintendent to sign the record of the return of the warrant is fatal to plaintiff's cause of action to foreclose a street assessment lien.—*Witter v. Bachman*, 117 Cal. 318, 49 Pac. 202.

440. Not a personal liability.—The lien given by the act is not a personal liability, but is a charge upon the property benefited.—*Gillis v. Cleveland*, 87 Cal. 214, 25 Pac. 351.

441. Liability of each lot separate and independent.—Each lot or portion of a lot is liable for its share of the cost of the improvement, and its liability is separate and independent, and the foreclosure of the lien given by the act, as to one lot, is not a bar to an action for the foreclosure of the lien upon another lot owned by the same person.—*Gillis v. Cleveland*, 87 Cal. 214, 25 Pac. 351.

442. Property of street railroad.—The acceptance of a franchise is equivalent to an express agreement on the part of a street railroad company to pay its proportion of the cost of a street improvement, whether made under existing law or subsequent act, and this agreement also includes the manner provided for collecting such cost.—*Schmidt v. Market, etc., Co.*, 90 Cal. 37, 27 Pac. 61.

443. Continues for two years only.—The lien of a street assessment continues for two years only from its date, a purchaser who takes the title without notice of the

commencement of the action, takes it discharged from the lien after the lapse of two years.—*Page v. Chase Co.*, 145 Cal. 578, 79 Pac. 278.

444. Assessment based on benefits does not create.—An assessment made "on property benefited by such street improvement," instead of being "assessed upon the lots fronting thereon . . . in proportion to the frontage," creates no lien.—*Miller v. Mayo*, 88 Cal. 568, 26 Pac. 364.

445. May be paid in any kind of money.—Lien of street assessment may be paid in any kind of money notwithstanding the board of supervisors provided the assessment should be paid in gold.—*Perine, etc., Co. v. Quackenbush*, 104 Cal. 684, 38 Pac. 533.

446. Lien an entirety—Payment of portion does not relieve lien for remainder.—If a portion of the amount assessed was paid between the making of the demand, and the return thereof, it was proper to so state in the return, but the payment did not release any part of the lot assessed from the lien for the amount unpaid, the lien being an entirety.—*Williams v. Bergin*, 127 Cal. 578, 60 Pac. 164.

XII. ACTIONS.

a. To enforce lien.

447. Proceeding not in rem.—An action to foreclose a street assessment lien is not a proceeding in rem, and a judgment for the sale of the property is not binding upon the world and can only affect the owner made a party to the action and having notice.—Page v. Chase, Co., 145 Cal. 578, 79 Pac. 278.

448. Complaint—Must show compliance with statute.—The complaint in an action upon a street assessment must show, by general and special averment full compliance with the act as to all the steps required to be taken.—Perine v. Forbush, 97 Cal. 305, 32 Pac. 226.

448a. Same—Same—Only void contracts may be pleaded.—It is only when the contract included work which the city had no jurisdiction to order, because not described in the resolution of intention, that such an objection can be urged in an action to foreclose the lien.—Perine v. Forbush, 97 Cal. 305, 32 Pac. 220.

449. Same—Must show valid contract.—The complaint in an action on a street assessment must show a valid contract, and must show, either in hæc verba, or in legal effect, that it contained everything necessary to make it a valid contract.—Libbey v. Elsworth, 97 Cal. 316, 32 Pac. 228.

449a. Same—Time of entering into contract.—A complaint which shows that the contract was not entered into within fifteen days after the first posting of the notice of award, as the act requires, and does not allege that the delay was occasioned by no fault of the contractor is fatally defective.—Perine v. Forbush, 97 Cal. 305, 32 Pac. 226.

450. Same—Defective allegation cured by verdict.—While subject to special demurrer, a complaint in an action to enforce an assessment, where the street was divided into sections, and the work let on separate contracts, which alleged "that all the work ordered to be done was completed pursuant to the contracts within the time given by the commissioner of streets in the contracts," contains an inference that the contracts specified the time for completion of

the work, although not specifically alleged, and the defect is cured by the verdict.—*Treanor v. Houghton*, 103 Cal. 53, 36 Pac. 108.

451. Same—Allegation as to uniformity of assessment.—An allegation that the "commissioner of streets made in the manner and form required by law, an assessment upon the lots and lands fronting thereon, each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work," is a sufficient allegation that the assessment was equal and uniform.—*Treanor v. Houghton*, 103 Cal. 53, 36 Pac. 1081.

452. Same—Completion of work.—Allegations in a complaint to recover a street assessment on a paving contract are held to sufficiently show completion of the work within the time named in the contract and a valid extension thereof, in the absence of a special demurrer, although a mistake in writing, "September" for "October" in the indorsement of the extension by the superintendent of streets apparently shortened the time of the extension thirty days less than the extension actually allowed, making it expire before the completion of the work.—*Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 187, 138 Pac. 742.

453. Same—Same.—The right to recover a street paving assessment depends upon the completion of the work within the time limited by the contract, or a valid extension thereof. — *Barber Asphalt Paving Co. v. Bancroft*, 167 Cal. 185, 187, 138 Pac. 742.

454. Same—Failure to allege non-collusive affidavit.—A complaint to foreclose a street assessment lien which fails to allege the affidavit required by the charter to accompany the contractor's bid, and the affidavit negating any private agreement to accept a rebate or less than the contract price, before making the assessment, as also required by the charter, does not state facts sufficient to constitute a cause of action, although such affidavits are not required by the Vrooman act.—*Ransome-Crummey Co. v. Bennett*, 177 Cal. 560, 563, 171 Pac. 304.

454a. Same—San Jose charter.—The filing of the affidavit required by section 8, chapter 1, article VIII of the San Jose charter is a condition precedent to the making of a street assessment, and in action to foreclose a lien for an assessment for a street improvement, the complaint must allege such filing.—*Barber Asphalt Paving Co. v. Costa*, 171 Cal. 138, 142, 152 Pac. 296.

455. Same—Need not set forth each statutory step—General allegation sufficient.—A complaint in an action to foreclose a street improvement lien need set forth the steps required by statute to be done, but it is sufficient to allege that the city council "duly gave and made its determination to order the work done."—*Pacific, etc., Co. v. Bolton*, 97 Cal. 8, 31 Pac. 625.

456. Same—Allegation as to posting and publishing resolution of intention.—A com-

plaint alleging publication for the time provided by the city council is not defective because it does not also allege posting.—*Washburn v. Lyons*, 97 Cal. 314, 32 Pac. 310.

457. Same—Time of commencement and completion of work must be alleged.—A complaint which fails to allege that the contract fixed the time for the commencement and completion of the work is insufficient.—*Washburn v. Lyons*, 97 Cal. 314, 32 Pac. 310.

458. Same — "Conspicuously" posted. — Where the complaint in an action to enforce an assessment alleged posting and publication in appropriate phrases, it is not fatally defective because it failed to allege "conspicuously" posting and publication.—*California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

459. Same—Posting notices — Allegation insufficient.—A complaint to enforce a lien for assessments for improvement of a single city block under the Vrooman act, which alleges the posting of only two notices along the line of the work, instead of three as required by section 3, of that act as it stood in October, 1911, fails to state a cause of action.—*Barber Asphalt Paving Co. v. Costa*, 171 Cal. 138, 139, 152 Pac. 296.

460. Same—Specifications need not be set out in extenso.—It was not necessary to set out the specifications in the complaint at length any more than to set out the contract in extenso, the specifications being a part of the contract, and it is sufficient to allege the execution of the contract to do the work according to the specifications therein in order to show the right to receive the assessment for doing the work.—*California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

461. Same—Sufficient averment as to doing the work.—It is sufficient to allege in the complaint "that the plaintiff did all the work in said contract mentioned and duly performed on its part in every respect said work according to the specifications and the terms of the contract."—*California Improvement Co. v. Reynolds*, 123 Cal. 88, 55 Pac. 802.

462. Same—Delay in entering into contract.—A complaint in an action on a street assessment which shows that the contract was not entered into within fifteen days after the first publication of the notice of award is fatally defective without an allegation that the delay was not caused by the neglect, failure or refusal of the contractor.—*Libbey v. Elsworth*, 97 Cal. 316, 32 Pac. 228.

463. Same—Date of commencement and completion of work.—A complaint to enforce a street work lien should contain definite allegations that the superintendent of streets fixed the time for the commencement of the work at not more than fifteen days from the date of the contract, and for its completion.—*Palmer v. Burnham*, 120 Cal. 364, 52 Pac. 644, 1080.

464. Prima facie case.—Under section 12 of the act, the warrant, assessment certificate, and diagram, with the affidavit of

demand and non-payment were admissible as prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets and city council, upon which the warrant, assessment and diagram were based, and also that they shall be prima facie evidence of the right of the plaintiff to recover, and whether, in an action to foreclose an assessment lien, they are admissible for other purposes need not be determined.—Reid v. Clay, 134 Cal. 207, 66 Pac. 262.

465. Same—When made.—A prima facie case is made in a suit to foreclose a street work lien by the introduction in evidence of the assessment, diagram, warrant, return, and engineer's certificate.—Dowling v. Hibernia, etc., Soc., 143 Cal. 425, 77 Pac. 141.

465a. Same—Same.—Under section 12 of the Vrooman act in an action to enforce an assessment lien the assessment, warrant and diagram are prima facie evidence of the regularity of prior proceedings.—Owens v. Dudley, 162 Cal. 422, 426, 122 Pac. 1087.

465b. Same—Same—Recording of documents to be recorded, included.—The prima facie character given the warrant, assessment, diagram and engineer's certificate, includes the proper recording of those instruments, if there is no evidence to the contrary.—Hadley v. Dague, 130 Cal. 207, 62 Pac. 500.

466. Same—Burden of proof.—Where the complaint in an action to foreclose the lien of a street assessment set up a prima facie case which was admitted by the answer, the defendant was not entitled to a nonsuit when plaintiff rested without producing the documents set out in his complaint, but the burden was upon him to introduce evidence showing the irregularity of the prior proceedings and this overcome the prima facie case presented by the complaint.—Raisch v. Hildebrandt, 146 Cal. 721, 81 Pac. 21.

467. Same—Same.—The plaintiff in an action to foreclose an assessment lien is entitled to judgment on his prima facie case made by averments in the complaint and evidence of the making and recording of the assessment warrant and diagram, with the affidavit of demand and non-payment, and the burden is upon the defendant to show defect in the prior proceedings sufficient to overcome such prima facie case.—Beckett v. Morse, 4 Cal. App. 228, 87 Pac. 408.

467a. Same—Same.—In an action upon a street assessment the production at the trial of the assessment with the documents connected therewith, and the affidavit of demand and non-payment, makes a prima facie case for recovery, and the burden is on the defendant to allege and prove errors, defects or irregularities subsequent to the ordering of the work.—Belser v. Allman, 134 Cal. 399, 66 Pac. 492.

468. Same—Same—Negative allegations.—In an action to enforce an assessment it does not devolve upon the plaintiff to prove his negative allegation that "plans and specifications and careful estimates of the

costs and expenses of the work had not been required . . . to be furnished . . . by the city engineer," or that "any special specifications were furnished by the city engineer," and its prima facie case was sufficient.—Petaluma Paving Co. v. Singley, 136 Cal. 616, 69 Pac. 426.

468a. Same—Same—May be overturned—Evidence of no contract admissible.—The prima facie case made by the introduction in evidence of the award, assessment, diagram, and affidavit of demand and non-payment, may be overcome by the property owner, and documentary proof from the office of the street superintendent showing that the contract was prepared for execution by both parties, and was not signed by the street superintendent, that the bond on file did not show the names of the obligors or the penalty or any contract for specific work, and bore no date, is admissible as showing that no contract had been entered into.—Manning v. Den, 90 Cal. 610, 27 Pac. 435.

468b. Same—Same—How overturned.—In an action to foreclose a street assessment lien the plaintiff's prima facie case, established by the evidence, referred to in section 12 of the act, could not be overcome otherwise than by proof of the non-existence of such facts.—Reid v. Clay, 134 Cal. 207, 66 Pac. 262.

468c. Same—Same—Not overcome.—Defendant's proof in the present case did not have the effect of overcoming the present case.—Dowling v. Hibernia, etc., Soc., 143 Cal. 425, 77 Pac. 141.

A similar case was decided in the same way in Edwards v. Berlin, 123 Cal. 544, 56 Pac. 432.

469. Same—Not rebutted—Record of passage of resolution of intention.—The prima facie case in the present instance held not to have been rebutted.—Edwards v. Berlin, 123 Cal. 545, 56 Pac. 432.

470. Same—Not impeached—Finding.—In an action to foreclose the street assessment lien the introduction of evidence of the warrant, assessment, certificate and diagram, with the affidavit of demand and non-payment, make a prima facie case, and if the defendant fails to impeach such case, a finding for plaintiff is justified.—Perine v. Erzgraber, 102 Cal. 234, 36 Pac. 585.

And the effect of such evidence is to cast upon defendant the burden of proof.—Oakland Bank v. Sullivan, 107 Cal. 428, 40 Pac. 546.

471. Same—Allegations admitted.—And if the complaint sets out such a case and the allegations are admitted in the answer, plaintiff need not offer the documents in evidence.—Oakland Bank v. Sullivan, 107 Cal. 428, 40 Pac. 546.

472. Same—Not prima facie evidence of regularity of any subsequent step.—The assessment, warrant, diagram, certificate and affidavit of demand and non-payment, are not prima facie evidence of the regularity of any subsequent step in the proceedings.—Witter v. Bachman, 117 Cal. 318, 49 Pac. 202.

473. Same—Case not made out.—When the return of the warrant shows on its face that the record was not signed by the superintendent of streets, and there results an obvious failure to prove the fact of such signature, alleged in the complaint, a prima facie case is not made, notwithstanding proof of the assessment, warrant, diagram, certificate and affidavit of demand and non-payment.—*Witter v. Bachman*, 117 Cal. 318, 49 Pac. 202.

474. Same—Plaintiff entitled to judgment.—When the defendant in an action on a street assessment introduces no evidence, the plaintiff is entitled to judgment on his prima facie case established by the introduction of the warrant, assessment, etc.—*Dowling v. Conniff*, 103 Cal. 75, 36 Pac. 1034.

475. Proper party defendant.—The holder of the apparent record title under a deed absolute which is really a mortgage, is a proper party to a foreclosure suit.—*Wilson v. California Bank*, 121 Cal. 630, 54 Pac. 119.

476. Joinder of actions against owners of several lots in common.—The decision of the court in *McCaleb v. Dreyfus*, 156 Cal. 204, 103 Pac. 924, as to the joinder of several causes of action for the foreclosure of liens on several lots in a single action against the owner of all, approved, and applied to a case where the lots were owned by several owners in common.—*Barber, etc., Co. v. Crist*, 21 Cal. App. 1, 130 Pac. 435.

477. Foreclosure against parts of lot held by separate owners.—Where the assessment is per front foot and the total may be segregated into parts belonging to separate owners, the lien may be foreclosed against the part of each owner in the proportion of each.—*McSherry v. Wood*, 102 Cal. 647, 36 Pac. 1010.

478. Foreclosure of liens on several separate lots in one suit.—A plaintiff is expressly authorized under subdivision 8 of section 427 of the Code of Civil Procedure, to unite several actions against the same owner to foreclose the street improvement lien under the Vrooman act, on several separate lots, and he may do so, but he is not required to do so.—*Realty, etc., Co. v. Superior Court*, 165 Cal. 543, 546, 132 Pac. 1048.

479. Separate lien gives separate cause of action on each lot.—Under the Vrooman act, a separate lien accrues upon each lot improved under a single proceeding, and a separate cause of action arises from each upon failure to pay the assessment.—*Realty, etc., Co. v. Superior Court*, 165 Cal. 543, 546, 132 Pac. 1048.

480. Consolidation of actions does not deprive plaintiff of right to costs and attorney's fees in each action.—The consolidation of actions under section 1048, Code of Civil Procedure, would not have the effect, in the case of actions for the foreclosure of separate liens on separate lots for street improvements under the Vrooman act, of depriving the plaintiff, if successful, of his right under section 12 of that act to recover legal costs and attorney's fees in each action.—*Realty, etc., Co. v. Superior Court*, 165 Cal. 543, 547, 132 Pac. 1048.

481. Insufficient answer—Conclusion of law.—An averment in an answer in an action to foreclose a street assessment lien that the street superintendent did not make the assessment in the manner and form required by law, with any particulars as to defects, states a mere conclusion of law and is ineffective as a defense.—*Beckett v. Morse*, 4 Cal. App. 228, 87 Pac. 408.

482. Grading to proposed change in official grade.—An action to foreclose a street assessment lien can not be defended on the ground that the grading, required by the contract to be done to the official grade, had been done to the line of a proposed change in such grade, where the work had been approved and accepted by the superintendent of streets, and no appeal taken.—*Warren v. Riddell*, 106 Cal. 352, 39 Pac. 781.

483. Protest disregarded—Evidence of city clerk.—In an action to enforce an assessment where, after protest by the owners of a majority of the frontage, the work was ordered without a new resolution of intention, the evidence of the city clerk that the original resolution was the only one ever passed by the board was admissible.—*Pacific Paving Co. v. Gallett*, 137 Cal. 174, 69 Pac. 985.

484. Same—Same—Contract to grade to official grade.—Whether an assumption on the part of city officials and the contractor that the official grade of a street had been changed resulted from error or ignorance, it is immaterial to the validity of a contract to grade such street to the official grade.—*Warren v. Riddell*, 106 Cal. 352, 39 Pac. 781.

485. Courts frown on defenses based on technicalities without substance.—The supreme court discloses an inclination in its later decisions to frown upon defenses interposed to the enforcement of liens in street assessment cases based on technicalities having no substance behind them.—*Burnham v. Abrahamson*, 21 Cal. App. 248, 131 Pac. 338.

486. No unreasonable delay in posting notice.—Where the resolution of intention was posted and published as required by the act in January and the notices required to be posted by the street superintendent along the line of the proposed improvement were so posted March 26, it is held that the delay was not unreasonable.—*Porphyry Paving Co. v. Ancker*, 104 Cal. 340, 37 Pac. 1050.

487. Same—The question depends on circumstances.—The question as to whether a delay is reasonable or not depends on circumstances, and a delay from January to March on account of inclemency of weather is not unreasonable.—*Porphyry Paving Co. v. Ancker*, 104 Cal. 340, 37 Pac. 1050.

487a. Statute of limitations—Void resolution of intention.—A complaint in an action to enforce a street assessment lien which shows on its face that the lien has lapsed because of the expiration of the two-year period after the record of the warrant, etc., and that the resolution of intention was void for insufficient description of the work, is insufficient to state a cause of

action.—*Williamson v. Joyce*, 140 Cal. 669, 74 Pac. 290.

488. Return of summons.—The time of return of summons in actions to foreclose street work liens is fixed by the code.—*Ransome-Crummey Co. v. Wood*, 40 Cal. App. 355, 180 Pac. 951.

489. Failure to dispose of owner's appeal.—The completion of street work imposes a lien upon the property of the defendant, notwithstanding the failure of the board of trustees to dispose of his appeal, thereafter taken, but such lien is subject to the disposition of such appeal.—*Los Angeles, etc., Co. v. Los Angeles, etc., Co.*, 181 Cal. 685, 186 Pac. 593.

490. Lis pendens.—Section 409, Code of Civil Procedure, providing for the filing of a lis pendens notice, applies to an action to foreclose a street assessment lien.—*Page v. Chase Co.*, 145 Cal. 578, 79 Pac. 278.

491. Attorney's fee—Part of judgment.—The act authorizes the recovery of an attorney's fee, and must be construed as entitling him to its recovery as part of the judgment, which is exclusively for the lien.—*Reed v. Clay*, 134 Cal. 207, 66 Pac. 262.

492. Same—Only one for each action.—In such an action only one attorney's fee will be allowed, following the decision in *Hughes v. Alsip*, 112 Cal. 587, 44 Pac. 1027.—*Barber, etc., Co. v. Crist*, 21 Cal. App. 1, 130 Pac. 435.

493. Same—Allowed against each lot.—The attorney's fee allowed by the act may be charged against each lot, although one of several owned by the same person.—*Gillis v. Cleveland*, 87 Cal. 214, 25 Pac. 351.

b. Injunction.

494. Action to enjoin sale under bond act amendment of 1891—Burden to show defective proceedings on plaintiff.—In an action to enjoin a sale under the bond act amendment, the act being valid, it was incumbent on the plaintiff to show that the proceedings were so defective that there was no valid lien, and that the city had no right to sell the land.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

495. Same—Same—Proof of notice.—Where the validity of the procedure did not depend upon the fact that proof was made a matter of record, but upon the fact that due notice was given, then the onus is on the plaintiff to prove that no notice was given, or, if given, that it was insufficient.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

496. Same—Same—Same.—The fact and not its record evidence of the fact that notice as required by the act was given gives jurisdiction to make an assessment, and the absence of such record evidence does not shift the burden to show that no notice was given from the plaintiff.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

497. Same—Same—Same—Assessment prima facie proof of notice.—The assessment itself is prima facie proof that notice was given as required by the act.—*Hellman v.*

Shoulters, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

498. Injunction to restrain sale.—No injunction will lie to restrain a sale of property to pay an assessment for street work on the ground of mere errors or irregularities in the proceedings, even though such errors or irregularities would render the sale void.—*Hellman v. Shoulters*, 114 Cal. 136, 44 Pac. 915, 45 Pac. 1057.

499. Injunction against assessment—Complaint—Failure to set out official capacity and capacity as municipal corporation.—A complaint to enjoin an assessment for street improvements the caption of which shows that it was brought against the city, mayor, trustees, city engineer and street superintendent, is not insufficient because of the failure to allege that the city was a municipal corporation, or to allege the official capacity of the mayor and trustees.—*Owens v. Dudley*, 162 Cal. 422, 122 Pac. 1087.

500. Injunction will not issue to restrain a void sale, except where invalidity does not appear on the face of the assessment or deed.—Injunction will not issue to restrain a sale of property where the sale is void on its face by reason of a void assessment, or from recitals in the deed; but the rule does not apply where there is nothing on its face to show the invalidity of the assessment or extraneous evidence must be resorted to show invalidity of assessment or deed.—*Owens v. Dudley*, 162 Cal. 422, 122 Pac. 1087.

500a. Same—Injunction will issue where street assessment not void on its face.—Where there is nothing on the face of a street assessment under the Vrooman act made and delivered to a contractor under the act, disclosing its invalidity and the party seeking to defeat the assessment lien must resort to extraneous evidence to accomplish it, equity will interpose to prevent the making of the assessment or the foreclosure of the assessment lien.—*Owens v. Dudley*, 162 Cal. 422, 426, 122 Pac. 1087.

501. Same—Prima facie validity of assessment.—The assessment, warrant and diagram are, under the act, prima facie evidence of the regularity of the prior proceedings, and the property owner is required to resort to extraneous evidence to show invalidity, with which evidence the assessment would cast a cloud upon his title, and the court will restrain the same.—*Owens v. Dudley*, 162 Cal. 422, 122 Pac. 1087.

502. Injunction—Void bond and assessment.—An injunction will lie to restrain the sale of property under a void bond and assessment.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

503. Same—Same—Sale would be cloud on title.—A sale under a void bond and assessment would be a cloud on the owner's title, since the deed is made by the act prima facie evidence of due assessment and conclusive evidence of regularity of proceedings, thus forcing plaintiff to resort to extraneous evidence to test the right to in-

voke the interposition of a court of equity.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

504. Same—Same—Appeal to city council not required.—An appeal to the city council is not necessary as a condition of equitable relief from a sale under a void assessment.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

505. Same—Same—Void assessment—Tender—Equitable relief.—Tender is not necessary as a condition of equitable relief from a sale under a void assessment.—*Chase v. Treasurer*, 122 Cal. 540, 55 Pac. 414.

c. Action to recover bidder's deposit.

506. Establishment of street grade—Invalidity of proceedings.—In the absence of evidence to the contrary a statement in the resolution of intention that the official grade of the street in question was established by resolution of the board on a date specified, will be accepted as true, in an action to recover a deposit made by a bidder for the work, based on the invalidity of the proceedings by reason of the fact that such official grade had not been established.—*Vincent v. Pacific Grove*, 102 Cal. 405, 36 Pac. 773.

d. Action on bond of superintendent of streets.

507. Section 11 not exclusive remedy for damages sustained from his negligence.—A person damaged by reason of the street superintendent's negligence in the matter of performing his official duties may bring an action on his bond under section 22 of the act, and the remedy by appeal given in section 11, is not exclusive.—*Goodsell v. Ashworth*, 96 Cal. 394, 31 Pac. 261.

XIII. SALES.

508. Can not be annulled in equity without payment of amount due.

509. Sale for principal and interest to date of sale not excessive.

510. Notice of sale defective.

511. Place of sale.

512. Compliance strictly with statutory provisions required.

513. Authority to sell is exercise of taxing power.

514. Deed—Evidence that notice to redeem was given.

515. Same—Property sold must be same as property assessed.

516. Same—If more property was sold than was assessed, deed is void.

517. Right of redemption is a substantial right.

XIII. SALES.

508. Sale—Can not be annulled in equity without payment of amount due.—Where the assessment and bond are valid equity will not annul the sale under a delinquent bond on the grounds that the amount for which the land was sold was excessive, the

notice of sale insufficient, the place of sale not as prescribed by law, and the certificate of sale defective, without payment of the amount due on the bond.—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

509. Same—Sale for principal and interest to date of sale not excessive.—A sale of property on a delinquent bond for principal and interest is not for an excessive amount.—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

510. Same—Notice of sale defective.—A notice of sale of property on a delinquent bond not in accordance with the requirements of section 41 of the act and section 3764 of the Political Code, and which does name the delinquent persons, is fatally insufficient.—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

511. Same—Same.—The failure to name the delinquent persons in the notice of sale is not excused by the fact that such names could not be obtained, since they could be ascertained from the proper records.—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

511a. Same—Place of sale.—The place of sale is, under section 3768, Political Code, "in front of the court house, or in front of the tax collector's office," as the board of supervisors shall direct, but the board can not authorize the sale to be made "in the tax collector's office."—*Ellis v. Witmer*, 134 Cal. 249, 66 Pac. 301.

512. Compliance strictly with statutory provisions required.—Proceedings to enforce tax liens are in invitum, and a failure to strictly comply with the statutory provisions renders the sale invalid.—*Los Angeles, etc., Ass'n v. Pozzi*, 167 Cal. 454, 456, 140 Pac. 581.

513. Authority to sell is exercise of taxing power.—The authority conferred in street improvement acts subjecting property to liens for delinquent assessments is from the taxing power and the same general principles apply as in ordinary tax liens.—*Los Angeles, etc., Ass'n v. Pozzi*, 167 Cal. 454, 456, 140 Pac. 581.

514. Deed—Evidence that notice to redeem was given.—A deed containing the recitals required by the statute is primary evidence of the regularity of all proceedings preceding its execution, including notice to redeem, if such notice is essential to its validity.—*Chapman v. Jocelyn*, 182 Cal. 294, 187 Pac. 962.

515. Same—Property sold must be same as property assessed.—The tax deed must show that the property conveyed is the same as that assessed, and if it purports to convey other lands, it is not valid.—*Los Angeles, etc., Ass'n v. Pozzi*, 167 Cal. 454, 457, 140 Pac. 581.

516. Same—If more property was sold than was assessed, deed is void.—A deed to property sold to enforce a tax lien that includes more land than was assessed, is void.—*Los Angeles, etc., Ass'n v. Pozzi*, 167 Cal. 454, 457, 140 Pac. 581.

517. Right of redemption is a substantial right.—The right of redemption given by subdivision of section 4 of the act of 1899 (40) is a substantial right, and it can only be secured to the delinquent owner by a strict compliance with the terms of the act, whereby the quantity of land, and no more, impressed by the lien is sold.—*Los Angeles, etc., Ass'n v. Pozzi*, 167 Cal. 456, 458, 140 Pac. 581.

XIV. MISCELLANEOUS.

518. Referendum — Street improvement proceedings not subject to.

XIV. MISCELLANEOUS.

518. Referendum — Street improvement proceedings not subject to.—Notwithstanding the legislative character of the acts, street improvement proceedings are not subject to referendum.—*Chase v. Kalber*, 28 Cal. App. 561, 153 Pac. 397.

“LOCAL IMPROVEMENT ACT OF 1919.”

ACT 4948a—An act to provide for local improvements in or upon streets, avenues, lanes, alleys, courts, places, public ways, property, or rights of way within or belonging to municipalities, and providing for the issuance and payment of bonds to represent assessments levied for such improvements.

History: Approved May 16, 1919. In effect July 22, 1919. Stats. 1919, p. 527.

Municipality empowered to do work on streets, etc. Definitions.

§ 1. All streets, avenues, lanes, alleys, places, or courts in the municipalities of this state, now open or dedicated, or which may hereafter be opened or dedicated to public use, shall be deemed and be held to be open public streets, lanes, alleys, places, or courts, for the purpose of this act; and the city council of any municipality is hereby empowered to establish and change the grades of said streets, lanes, alleys, places, or courts, and fix the width thereof, and is hereby invested with jurisdiction to order to be done thereon any of the work mentioned in section two of this act, under the proceedings hereinafter described.

The word “street,” as used in this act, shall be deemed, and is hereby declared, to include avenues, highways, lanes, alleys, crossings, or intersections, courts and places, which have been dedicated and accepted according to law or in common and undisputed use by the public for a period of not less than five years next preceding; and the term “main street” means such actually opened street or streets as bound a block; and the word “blocks,” whether regular or irregular, means such blocks as are bounded by main streets, or partially by a boundary line of the city.

Work which may be ordered done. Different kinds of work in one proceeding. “City council.”

§ 2. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to order the whole or any portion or portions, either in length or width of any one or more of the streets, avenues, lanes, alleys, courts, places, public ways, property, or rights of way, of any such city graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized, or remacadamized, graveled or regreveled, piled or repiled, capped or recapped, oiled or reoiled; and to order the construction or reconstruction therein of sidewalks, crosswalks, culverts, bridges, gutters, curbs, steps, parkings and parkways; sewers, ditches, drains, conduits and channels for sanitary and drainage purposes or either or both thereof, with outlets, cesspools, manholes, catch basins, flush tanks, septic tanks, and other appurtenances; pipes, hydrants and appliances for fire protection, or for the service of water for domestic or sanitary uses; viaducts, conduits and subways, breakwaters, levees, bulkheads and walls of rock or other material; tunnels or subterranean avenues for public travel; poles, posts, wires, pipes, conduits, lamps and other suitable or necessary appliances for the purpose of lighting said streets, avenues, lanes, alleys, courts, places or public ways; the planting of trees thereon, and any work which shall be deemed necessary to improve the whole or any portion of such streets, avenues,

sidewalks, lanes, alleys, courts, places, or public ways or property or rights of way, of such city.

The city council may include in one proceeding and order, any of the different kinds of work mentioned in this act, and may include such work on any number of streets, property and rights of way, or any portion thereof, contiguous or otherwise, in one proceeding or one contract, or both, and may except therefrom any of said work already done to the official grade, and which may be in good condition and repair.

The term "city council" is hereby declared to include any body or board, which, under the law, is the legislative department of the government of any city.

Resolution. Report of engineer.

§ 3. Before ordering any work done or improvement made, which is authorized by section two of this act, the city council shall pass a resolution referring the proposed work to the city engineer, if there be one, and, if not, to some civil engineer employed by them for the purpose and named in the resolution, instructing him to make them a report in writing containing his recommendations as to the best method of doing said work or making said improvement, together with the following:

(a) A statement of the nature of the proposed work or improvement, with plans and specifications therefor;

(b) A description of the district or districts which, in his opinion, would be benefited by the proposed work or improvement and should be assessed to pay the cost thereof, excepting and excluding therefrom any lot or portions of said district or districts which would not be benefited by the proposed work. Said district or districts, may be described by the exterior boundaries thereof or by giving the numbers of the lots and blocks, according to the official or recorded map or maps, or by any other method which will clearly indicate the lots and lands intended to be included therein;

(c) An estimate of the cost of said improvement;

(d) The assessed value of all the real property included within said district or districts and proposed to be assessed for the work, exclusive of buildings or other improvements, according to the last equalized assessment roll used for purposes of taxation by said city;

(e) A plat showing said district or districts and the subdivisions of property therein, as shown by the last equalized assessment roll.

The engineer may submit a number of districts, which, according to his estimate, would be benefited in different degrees by the proposed improvement, in which case he shall specify the proportion of benefit which each district would receive.

Adoption of report. Resolution of intention.

§ 4. Upon receipt of the report from the engineer, the city council shall consider and act upon the same, and may adopt the report as submitted or as they may modify the same. After adoption, the city council shall pass a resolution of intention, briefly describing the proposed work or improvement, referring to the plans and specifications therefor, and briefly describing the district or districts which would be benefited by and assessed for the proposed work or improvement, and the proportion of benefit said district or districts would derive therefrom. The resolution shall contain a declaration to the effect that serial bonds, bearing interest at a rate therein to be determined, but not to exceed six per cent per annum, will be issued to represent the unpaid assessments. The resolution shall also contain a notice of the day, hour, and place, when and where any persons having any objections to the proposed work or improvement may appear before the city council and show cause, if any they have, why the proposed work or improvement should not be carried out in accordance with said resolution, which time shall not be less than fifteen nor more than forty days from the day of the passage of said resolution.

Where cost paid in part by municipality.

The city council may, in its discretion, order, that any part of the cost and expenses of any of the work mentioned in this act be paid out of the treasury of the municipality from such fund as the council may designate, in which case it shall be so stated in the resolution of intention.

Whenever a part of such cost and expenses is so ordered to be paid, the superintendent of streets, in making up the assessment heretofore provided for such cost and expenses, shall first deduct from the whole cost and expenses such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said cost and expenses proportionately upon the lots and lands liable to be assessed for such work, and in the manner hereinafter provided.

Property omitted from assessment.

Whenever any lot, piece or parcel of land belonging to the United States, or to the state of California, or any lot, piece or parcel of land belonging to any county, city, public agent, mandatory of the government, school board, educational, penal or reform institution, or institution for the feeble-minded or the insane, and being in use in the performance of any public function, shall be included within the district or districts declared by the city council in its resolution of intention to be the district or districts to be assessed to pay the cost and expenses thereof, said city council may, in the resolution of intention, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the cost and expenses of said work or improvement, in which case the total cost and expenses shall be assessed on the remaining lots and lands in the assessment district or districts; provided, that such part of the cost and expenses may be paid out of the municipal treasury as hereinbefore provided.

Grade established.

§ 5. The council may, in the resolution of intention, by reference to the plans and specifications or otherwise, fix and establish the grade at which the work is to be done, which grade so fixed and established may be either the first establishment of such grade or the changing of an existing official grade.

In such case the plans adopted for the proposed work shall show the existing official grade, if any, and the grade at which the proposed work is to be done.

In the event the proposed work is to be done at a grade other than an existing official grade, the resolution of intention and the notices of improvement shall recite the fact and refer to the plans and specifications for further particulars as to such proposed grade.

Objections to grade.

Any property owner whose property is to be assessed to pay the costs and expenses of the proposed improvement, may at the time fixed in the resolution of intention for the hearing of objections to the proposed work or improvement, appear before the city council and make objections to the grade so established or changed in said resolution of intention.

Failure to make such objections shall be deemed to be a waiver of all objections to such grade, and shall operate as a waiver of all claims for damages and shall constitute a bar to any subsequent action looking either to the prevention of the work or the recovery of damages or compensation on account of the performance of the work to such grade.

Publication and posting of resolution of intention.

§ 6. The city clerk shall cause said resolution of intention to be published twice in one or more daily or weekly newspapers published and circulated within said city. The

street superintendent shall cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of said resolution, briefly describing the district or districts to be benefited and assessed, and containing an announcement that serial bonds, bearing interest at a rate not to exceed six per cent per annum, will be issued to represent the unpaid assessments. Said notices shall be headed "notice of improvement," in letters of not less than one inch in length; and shall, in legible characters, state the fact of the passage of the resolution of intention, its date, and briefly, the work or improvement proposed, and shall refer to the resolution of intention for further particulars. Said notices shall also contain a notice of the day, hour, and place fixed for hearing objections as above mentioned.

Notice to property owners.

§ 7. The city clerk shall, immediately upon the passage of said resolution of intention, mail, postage prepaid, to each property owner whose property is to be assessed to pay the cost and expenses of said work and improvement, at his last known address as the same appears upon the tax rolls of said city, or when no address so appears, to the general delivery of the United States post office in said city, a postal card containing a notice which shall be in substantially the following form (filling blanks):

"You are hereby notified that on the day of the city council of the city of, California, passed a resolution of intention providing for the improvement of street between street and street. You are hereby referred to the said resolution for further particulars. Property belonging to you is to be assessed for this improvement.

..... City Clerk."

If any lots or parcels of land in the assessment district or districts be assessed to "unknown owners" on the tax rolls of said city, no postal cards containing such notice need be mailed to the owners thereof. The city clerk shall, upon the completion of the mailing of said postal cards, file in his office an affidavit setting forth the time and manner of the compliance with this requirement; provided, that the failure of the city clerk to mail said cards, or the failure of the property owners to receive the same shall in nowise affect the validity of the proceedings or prevent the city council from acquiring jurisdiction to order the work.

Bids.

§ 8. The city council shall cause notice of said work inviting sealed proposals or bids for doing the work and referring to the plans and specifications on file, to be published twice in a daily or weekly newspaper, published and circulated in said city, and provide that the same will be received and opened on the same day, hour, and place fixed for hearing objections as aforementioned. All proposals or bids offered shall be accompanied by a check payable to the city, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal.

Objections against work.

§ 9. At any time not later than the hour set for receiving proposals and hearing objections to the proposed work or improvement, any owner of property liable to be assessed for said work or improvement may make written protests or objections against the work or improvement or against the district or districts, to be assessed, or both, or make any objection of any character to said work. Said objections or protests must be delivered to the clerk of the city council prior to the hour set for the hearing, and no other protests or objections shall be considered by said council.

Opening of bids. Hearing of objections.

At the time fixed for said hearing and the opening of bids as aforementioned, the city council shall first cause all the bids received to be publicly opened and publicly

declared, after which the same shall be temporarily laid upon the table while the council proceeds to hear and consider objections, if any there be. The council may continue the hearing from time to time and postpone final consideration of the proposals or bids submitted. The decision of the council on all protests or objections shall be final and conclusive; provided, that where the council finds that the objections or protests filed have been made by a majority of the property owners of the district, or of all the districts if there be more than one district, and that they are also the owners of more than one-half of the area of the property within the district or districts to be assessed for the proposed work or improvement, no further proceedings shall be taken for a period of six months from the date of the finding of the council as to the sufficiency of the protest.

If no protests or objections in writing have been delivered to the clerk up to the hour set for the hearing, or if protests have been heard and overruled, thereupon the city council shall be deemed to have acquired jurisdiction to order the work and award the contract.

Nothing herein contained shall be deemed to prevent the council from sustaining any objection filed, or to abandon the proceedings for the work or improvement prior to the awarding of the contract.

Award of contract.

§ 10. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder on the plans and specifications selected at the prices named in his bid. No contract shall be awarded on any proceeding, if more than one year has elapsed since the passage of the resolution of intention for such proceeding, but in such case a new proceeding will have to be instituted. If the bids are rejected or no bids received, the city council may within six months thereafter readvertise for and receive proposals or bids for the performance of the work as in the first instance, without further proceedings. The checks accompany the accepted proposals or bids shall be held by the city clerk until the contract for doing said work has been entered into, but if said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned shall be forfeited to said city and shall be collected by it and paid into the general fund.

Failure of bidder to enter into contract.

§ 11. If the original bidder neglects, fails or refuses to enter into the contract within fifteen days after the same has been awarded to him, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the lowest regular responsible bidder. Should no bids be received in response to his second call, the council may again advertise for and receive bids under the same proceedings, at any time within six months from the time set for the last reception of bids, and let the contract to the then lowest bidder, and such delay shall in no way affect the validity of any of the proceedings, unless such delay is contrary to the provisions of section ten hereof.

Bond of contractor.

§ 12. All contractors shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the superintendent of streets of said city, with two or more sureties, payable to such city, in a sum equal to twenty-five per

cent of the contract price, conditioned for the faithful performance of the contract; and the sureties shall justify before any person competent to administer an oath in double the amount mentioned in said bond, over and above all statutory exemptions. Before being entitled to a contract, the bidder to whom the award was made, must advance to the superintendent of streets, for payment by him, all incidental expenses already incurred by the city for said work or improvements. In case the work is abandoned by the city before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the city treasury.

“Incidental expenses.”

The term “incidental expenses” as used in this act, shall include the compensation of the city engineer, or street superintendent, for work done by him; also, the cost of printing, advertising, posting and mailing, legal expenses incurred and the compensation of the person appointed by the superintendent of streets to take charge of and superintend or inspect any of the work. All demands for incidental expenses mentioned in this subdivision shall be presented to the street superintendent by itemized bill, duly verified by oath of the demandant.

Bond of contractor to protect persons furnishing materials or labor.

§ 13. Every contractor, person, company, or corporation to whom is awarded any contract under this act, shall, before executing said contract, file with the superintendent of streets a good and sufficient bond, approved by the mayor, or other chief executive, in a sum not less than one-half of the total amount payable by the terms of said contract; such bond shall be executed by the principal and at least two sureties, who shall qualify for double the sum specified in said bond, and said bond shall be made to inure to the benefit of any and all persons, companies, or corporations who perform labor on, or furnish materials to be used in the said work or improvement, and shall provide that if the contractor, person, company, or corporation to whom said contract was awarded fails to pay for any materials so furnished for the said work or improvement, or for any work or labor done thereon of any kind, then the sureties will pay the same, to an amount not exceeding the sum specified in said bond. Any materialman, person, company, or corporation, furnishing materials to be used in the performance of said work specified in said contract, or who performed work or labor upon the said improvement, whose claim has not been paid by the said contractor, company or corporation, to whom the said contract was awarded, may, within sixty days from the time said improvement is completed, file with the superintendent of streets a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid, whereupon the amount of said claim shall be withheld from payment for a period of ninety days or until settled. Within ninety days after the filing of such claim, the person, company, or corporation, filing the same or their assigns must commence an action on said bond for the recovery of the amount due thereon.

Power of superintendent of streets.

§ 14. The superintendent of streets is hereby authorized in his official capacity to make all written contracts, and receive all bonds authorized by this act, and to do any other act, either express or implied, that pertains to the street department under this act.

Said contract shall contain an express notice that, in no case, except where it is otherwise provided by law or the city charter will the city or any officer thereof be liable for any portion of the expense or for any delinquency of persons or property assessed.

Time in which work must be done.

The superintendent of streets shall fix the time for the commencement of the work, which shall not be more than fifteen days from the date of the contract, and for the completion thereof; and the work shall be prosecuted with diligence from day to day thereafter to completion. He may extend the time so fixed from time to time, under the direction of the city council. All applications for such extensions must be in writing and be filed in his office before the expiration of the original time fixed in the contract, or of the time theretofore granted by extension, as the case may be. The work must be done in accordance with the plans and specifications and under the direction and to the satisfaction of the street superintendent; provided, however, the city council may, by resolution provide that the work shall be done under the supervision and to the satisfaction of the city engineer instead of the street superintendent.

Payments during work.

Nothing herein contained, will be deemed to prohibit the city council from making payments to the contractor from time to time as the work progresses.

Assessment of property.

§ 15. After the contractor has fulfilled his contract to the satisfaction of the street superintendent or city engineer, as the case may be, such officer shall make an assessment on the lots and lands within the district or districts to cover the sum due for the work performed and specified in the contract, including all incidental expenses, excluding therefrom any lot or portion of said district or districts which have heretofore been declared not to be benefited by the work or improvement, which assessments shall be in proportion to the assessed value of all the real property in the district or districts liable to assessment therefor, exclusive of improvements, in the proportional amount of benefit which each district will derive from the proposed work, as provided in section three hereof. Such assessment shall be filed by the street superintendent with the tax collector of said city.

Notice that payments are due.

Upon satisfactory completion of the work, the street superintendent or city engineer, as the case may be, shall cause a notice of such completion to be published twice in a daily or weekly newspaper published and circulated in said city, notifying all owners of real property within the said district or districts that assessments to pay for the cost of said work and improvement will be due and payable at the office of the tax collector within thirty days from the date of the first publication of said notice, and that unless said assessments are paid on or before said date, (stating the time), serial bonds will be issued to represent such unpaid assessments, as aforestated in section four hereof.

Action to contest validity of assessment.

§ 16. Any action to contest the validity of an assessment levied under the provisions of this act, or of any proceeding of the city council, or any act of any municipal officer under the provisions of this act, must be commenced within sixty days after the adoption by the city council of the resolution awarding the contract, or within sixty days after the commission or omission of the act complained of, as the case may be; and any appeal taken from a final judgment in such action shall be perfected within sixty days after the entry thereof.

with an identifying number of each lot and block, according to the engineer's plat, and the assessed value thereof. The city council shall then cause bonds to be issued for the amount of the aggregate of the unpaid assessments.

Identifying number for proceeding.

For the purposes of identification and recordation each proceeding taken under this act shall be given a different identifying number, and the property assessed therefor shall be known as "local improvement district number," specifying the number thereof. The city council shall prescribe the denominations of said bonds, which shall be in convenient amounts not necessarily equal. Said bonds shall be dated the thirty-first day after the first publication of said notice aforementioned.

The city council shall prescribe the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable in the following manner:

The interest coupons on said bonds shall be numbered consecutively, and signed by the treasurer of such municipality or by his engraved or lithographed signature. In case any officer whose signature or countersignature appears on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

Registration of bonds.

§ 19. Said bonds may be surrendered by the holder to the treasurer for registration in accordance with the provisions of any law applicable to the registration of the municipal bonds of the city, and thereafter the principal and interest thereon shall be paid to the proper registered owner thereof.

Sale of bonds. Assessment to pay principal and interest.

§ 20. The city council may issue and sell the bonds, of such district, authorized as hereinabove provided, at not less than par value, and all the proceeds of the sale of such bonds shall be placed in the treasury of such municipality to the credit of the proper district fund and shall be applied exclusively to the work or improvement for which the contract was awarded.

If all bids for said bonds are rejected or if no bids are received, the council shall authorize the city treasurer to deliver said bonds to the contractor, in which case such delivery shall constitute full satisfaction of the sum due him on said contract.

The city council shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, exclusive, however, of any assessments on improvements, levy and collect an assessment each year on the property in such district or districts sufficient to pay the interest on such bonds for that year, and such portion of the principal thereof as will become due before the time for making the next general tax levy; each annual assessment for the payment of the interest and principal shall be based on the assessed value of each respective parcel or lot, at the time the work or improvement was ordered, and in the degree of benefits received, as shown on the assessment list hereinbefore mentioned. Said assessments levied and collected shall be paid into the treasury of said city and be used for the payment of the principal and interest of such bonds and for no other purpose.

Delinquent assessments. Sale of property. Action to collect delinquent tax.

§ 21. The said assessments shall be payable and become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties

after delinquency as the general municipal taxes on real property. Upon default in payment, the lands securing such assessments shall be sold in the same manner in which real property in such city is sold, for the nonpayment of general municipal taxes, and be subject to redemption in the same manner as such real property is redeemed from such delinquent sale, and upon failure or redemption shall in like manner pass to the purchaser. The city may be the purchaser at any delinquent sale in like manner in which it becomes or may become the purchaser of property sold for nonpayment of the general municipal property tax, and in the event of its so becoming the purchaser shall pay and transfer into said redemption fund the amount of the delinquent assessments. In cases where the municipal property tax is collected by the county or city and county officials, and sales for nonpayment of such taxes are made to the state, the state shall be the purchaser at any such sale, but shall hold the title acquired at such sale upon behalf of the city and shall account to the city for any moneys received upon redemption or from the sale of such property, the city for such purposes of this act being deemed the real purchaser. In other cases where under the law, the city is not always the purchaser at sales for delinquent municipal taxes, the city shall become such purchaser at any delinquent sale hereunder where there is no such purchaser; provided, that the city council may, in its discretion, order certain lots or lands not to be sold, and order and direct the city attorney to commence an action in the name of the city against the owner or owners of such lots or lands so delinquent, to recover the amount of such delinquent tax, together with the interest thereon, and for costs of suit and a penalty of twenty-five per cent on the amount of such delinquent assessment.

All the owners of property delinquent as aforesaid may be joined as defendants in one action; provided, however, the complaint in such case shall set forth the amount due on each lot or parcel of land separately assessed, together with the name of the owner or owners thereof.

Special tax to pay for lands purchased.

§ 22. The city council may, at the time of fixing the annual rate and levying the taxes to be collected for general municipal purposes, levy a special tax upon the taxable property in the city for the purpose of paying for the lands purchased or to be purchased at such tax sales, but not to exceed ten cent on each one hundred dollars of assessable property. Such special tax shall be in addition to all other taxes levied for municipal purposes, and shall be computed, entered and collected in the same manner, and by the same persons, and at the same time and with the like penalties as other municipal taxes of said city. In the event of a surplus remaining in the redemption fund after payment of all said bonds and the interest thereon, the same shall first be applied to repayment to said city of any special taxes so levied, less its recovery on the lands purchased at delinquent sale, and also of any costs incurred by it hereunder.

Deed for land sold.

§ 23. In the event of sale by the tax collector of any lot or parcel of land for nonpayment of any assessment thereon levied pursuant to the provisions of this act, then any certificate of such sale and deed issued pursuant thereto, shall be prima facie evidence of the regularity of all proceedings theretofore had, and such deed shall constitute a conveyance to the grantee of the absolute title to the lots or lands described therein, free of all incumbrances, except the lien for other state, county and municipal taxes.

Payment of unpaid assessment.

§ 24. After bonds have been issued as herein provided, any interested property owner may release his property and pay up the unpaid assessment against the same by depositing with the city treasurer the total unpaid balance of his assessment due,

together with the total amount of the interest which would become due semiannually on his proportion of the assessment, in which case the treasurer shall deposit such payment into the fund provided for the redemption of said bonds, and the city clerk shall record the release of such property on the records of his office.

“Owner.”

§ 25. The person owing the fee, or the person in whom, on the day the proceeding or action is commenced, appears the legal title to the lots and lands, by deed duly recorded in the county recorder's office, or the person in possession of the land, lots, or portions of lots or building under claim, or exercising acts of ownership over the same for himself, or as the executor, administrator, or guardian, of the owner, shall be regarded, treated, and deemed to be the “owner” (for the purpose of this act), according to the intent and meaning of that word as used in this act. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

Title. Alternate system.

§ 26. This act shall be known and may be referred to as the “local improvement act of 1919.” It shall in nowise affect any other existing acts relating to street work or local improvements within municipalities, but is intended to and does provide an alternate system of proceedings for public improvements, and it shall be discretionary with the legislative body of any municipality to proceed in making such improvement either under the provisions of this act or under the provisions of other said acts.

The said tax collector shall thereupon fix a time, which shall not be more than thirty days thereafter, within which the payments of said assessments shall be made; or agreements and waivers executed as hereinafter provided, for bonds to issue in lieu of such payments, notice of which time shall be given by publication at least once in some newspaper of general circulation published in such municipality, if there be one published therein, otherwise by posting in three public places in said municipality.

All assessments collected shall be noted in the aforementioned record in the proper column thereof, opposite the number of the lot upon which the same has been paid; or if an agreement and waiver has been executed by the owner of any lot or lands for bonds to be issued as hereinafter provided; or said lot is sold for the non-payment of the assessment levied thereon, that fact shall be noted in said record in the proper column. Penalty for non-payment of assessments. Sale of lots.

§ 12. At the expiration of said time so fixed by the tax collector for the payment of said assessments as aforesaid, he shall add to each of the assessments which have not been paid or against which agreements and waivers have not been executed, as hereinafter provided, twenty-five per cent of the amount of such assessment. Thereupon he shall proceed to sell all lands and lots covered by such assessments, or so much of each lot, piece or parcel of land as shall be necessary to realize the amount assessed against the same together with said additional twenty-five per cent and interest on the amount of said assessment at the rate fixed by resolution provided for in section five above from the time so fixed by the tax collector for the payment of said assessments as aforesaid to the date of such sale, by giving notice of said sale in conformity with the laws of the state of California, provided for the notice and sale of real property upon execution; provided, however, that the descriptions of the various parcels of land to be sold need not be set out at length therein, but only by the respective red ink numbers of the same shown upon the map and list provided for in section four of this act, which map shall be properly referred to in said notice for further particulars of description; and which notice shall be in one writing, and shall contain all the descriptions of said lands by their respective red ink numbers.

At the time and place fixed for the sale of said property the tax collector shall sell the respective lots, pieces or parcels of land within said district, the assessments against which have not been paid or against which agreements and waivers have not been executed as hereinafter provided, or so much of each lot, piece or parcel of land as shall be necessary to realize the amount assessed against the same, together with said additional twenty-five per cent and interest on the amount of said assessment at the rate fixed by resolution provided for in section five above from the time so fixed by the tax collector for the payment of said assessments as aforesaid to the date of such sale, in the order of their numbers upon said map and list; at such sale the municipality may be a bidder. In case there is no bid on any of said lots, pieces or parcels of land equal to the amount of said assessment with accrued interest and said additional twenty-five per cent, the municipality must buy said property for the amount of said assessment with accrued interest and said additional twenty-five per cent, and it is hereby made the duty of the tax collector of the municipality to bid said sum in such event on behalf of said municipality, and the amount thus bid on behalf of said municipality shall be transferred from the general or other appropriate fund to the local improvement fund of said district; provided, however, that if any lot, piece or parcel of land within said district, the assessment against which has not been paid or against which agreement and waiver has not been executed as hereinafter provided, or against which an agreement and waiver has been executed by some one not the owner of said lot, piece or parcel of land, is omitted from said sale, the tax collector may at any time thereafter sell such lot, piece or parcel of land as herein provided to realize the amount remaining unpaid on said assessment, together with an additional twenty-five per cent and interest on the amount of said assessment at the rate fixed by resolution provided for in section five above from the time so fixed by the tax collector for the payment of said assessments as aforesaid to the date of such sale. constitutional provision, without governor's approval, May 7, 1915. In effect August 8, 1915. Stats. 1915, p. 383.]

Certificate of sale.

§ 13. The said tax collector shall issue for each sale made a certificate of sale, referring to the number of the proceeding under this act, describing the parcel so sold, either by the red ink number appearing upon the said map and list, together with a reference to said map for further particulars of description, or by the red ink number and also metes and bounds or the lot, block and tract number as it may appear on any other map of record, and containing the name of the purchaser, which certificate he shall deliver to said purchaser, after noting the same in the proper column of the aforementioned record; which certificate shall be conclusive evidence of the regularity of all proceedings leading up to the same, and the issuance thereof, under this act, and of the validity of the said lien and sale. Upon the delivery of said certificate of sale to the purchaser, the lien of the assessment shall vest in him, and is only divested by a redemption of the property as provided in this act. [Amendment became a law, under constitutional provision, without governor's approval, May 7, 1915. In effect August 8, 1915, Stats. 1915, p. 384.]

§ 14. At any time before the expiration of five years after said sale, any property sold under the provisions of this act may be redeemed by the owner thereof by the payment to the said tax collector of the amount for which the said property was sold, and also any amount which the said purchaser may have paid out for taxes or assessments, a memorandum of which may have been filed with said tax collector, and which shall be noted on said record by him, together with interest at the rate of one per cent per month on all amounts paid by such purchaser; which redemption money shall be paid by the said tax collector to the owner of the certificate of sale, upon the same being delivered up to be canceled, and a receipt given to said tax collector for the amount so paid by him, the fact and date of which redemption together with the amount paid therefor, shall be noted by said tax collector on the margin of said record of assessment. [Amendment became a law, under constitutional provision, without governor's approval, May 7, 1915. In effect August 8, 1915, Stats. 1915, p. 385.]

Deed to property not redeemed.

§ 15. If the property sold as provided in the above proceedings be not redeemed within five years after the sale, the tax collector shall then issue to the party named in the original certificate, or his assignee, a deed of the property described in said certificate, which said deed shall refer, in general terms, to the proceedings under which the same is issued, and shall contain a description of the property following the description in the certificate; the grantee of such deed is, immediately upon receipt thereof, entitled to possession of the property described therein. § 16. If, however, the legislative body of said municipality has declared in the resolution provided for in section five hereof, that bonds may issue in lieu of cash payments for said assessments and during the time fixed by the said tax collector for the payment of said assessments, the owner of any lot, piece or parcel of such land so assessed for twenty-five dollars or over, or his duly authorized agent, shall file with the said tax collector an affidavit made before a competent officer, that he is the owner of record of any such lot or land, and shall make, execute and deliver to said tax collector a

The assessments on the various parcels covered by waivers and agreements shall be payable in installments of ten in number, the first of which shall be paid at the time said agreement and waiver is filed, and the remainder of said installments shall be payable annually thereafter, one each year, at the time when the first installment of municipal taxes, within said municipality, is payable. At the time of the payment of the second installment of the assessment, there shall be paid interest on all deferred payments from the date of said agreement to the second day of January following at the rate fixed by the resolution provided for in section five above. At the time of the payment of the third, and all succeeding installments of the assessment, there shall be paid interest on all deferred payments from the second day of January preceding to second day of January following, at the rate fixed by the resolution provided for in section five, above.

Said agreements and waivers shall provide that said assessments shall be paid as above provided by the person executing the same, and said person shall therein waive all objection, of whatsoever kind or nature against the proceedings and the assessment levied therein, and undertake to pay said assessment levied against said lot or lands as above provided.

Said agreements shall be dated the last day for cash payments fixed by the tax collector, and shall bear interest from that day.

At such sale the municipality may be a bidder. The said funds collected by the tax collector under the proceedings herein provided for, either upon voluntary payment or as the result of sales, shall be paid by said tax collector, as fast as collected, to the treasurer of said municipality, who shall enter the same in a special fund designated by reference to the number of the proceeding, and shall be paid out only for purposes provided for in this act.

Work ordered done. Bids. Certified check. Bids opened. Contracts entered into.

§ 18. At any time after such assessments have been collected either by payment, or by a sale of the lots and lands as above provided, and agreements have been made, executed and delivered providing for bonds to issue and the funds to pay for the work, or any part of such funds are actually in the hands of the treasurer of said municipality, the said legislative body may, by resolution, order the work done or improvement made. the contract has been awarded to him, enter into a contract with the municipality for doing the work, the faithful performance of which shall be secured by a bond in such penal sum as the legislative body shall deem adequate, not exceeding the estimated cost of the work, and with sureties satisfactory to said body; and he shall also give a good and sufficient bond, in such sum as said body shall designate, not to exceed, however, the estimated cost of said work or improvement nor less than fifty per cent of the estimated cost, and approved by said body, which bond shall be made to inure to the benefit of any and all persons, companies and corporations who shall perform labor on, or furnish materials to be used in the performance of said work or improvement, and shall provide that if the contractor, company, or corporation to whom said contract was awarded fails to pay for any materials so furnished for said work or improvement, or for any work or labor done thereon of any kind, that the sureties will pay the same, to an amount not exceeding the sum specified in said bond. The legislative body shall in open session publicly open, examine, and declare the proposals or bids received. Excess refunded. Abandoning work. Abandonment by contractor. Amount of benefit.

§ 20. If at any time an assessment for any local improvement under the provisions of this act shall realize a larger sum than is necessary for such improvement, the excess

shall be refunded upon warrants on the treasurer, authorized by the legislative body, pro rata, out of the special fund therefor, to the parties by whom it was paid; and, in the case of installment agreements such excess shall be credited on the unpaid installments, beginning with the one due at the latest date.

When there is a failure to receive any bid for doing the work contemplated under the provisions of this act; or when by reason of the abandonment of the work by the contractor before completion and a failure to procure a bidder to complete the work after such abandonment by the contractor; or when by reason of a change in the condition of the ground in, over or along which the improvement is contemplated or is in process of construction under the provisions hereof, caused by the action of the elements; or when for any other reason it becomes impossible or impracticable to construct or complete the improvement under the plans, profiles, cross section and specifications previously adopted by the legislative body in pursuance of proceedings had under this act; then, and in any of such events, said legislative body shall have the right to pass a resolution abandoning said work or improvement.

In the event said work is so abandoned by the municipality prior to letting a contract for the performance of such work, or before any work has been performed, then and in that event, all money raised by assessment for doing said work and in the hands of the treasurer for that purpose (after deducting the incidental expenses actually incurred under such proceedings) shall be refunded upon warrant on the treasurer, authorized by the legislative body, pro rata to the parties by whom it was paid; and in the case of installment agreements, shall be credited on the unpaid installments, beginning with the one due at the latest date.

In the event said work is abandoned by the contractor during the process of construction, and subsequent to letting a contract therefor, and subsequent to the completion and acceptance by the legislative body of some portion of the work contemplated by said proceedings; then, before any pro rata payment of the funds collected for that purpose shall be made, or credits given on the said unpaid installments, a proper amount shall be deducted from said funds so collected in proportion to such collections, and a proper proportion of said installments shall remain uncanceled, sufficient to pay the proper proportion of the cost of the work already done and accepted by the legislative body, together with the incidental expenses actually incurred under the proceedings; and the balance shall be refunded pro rata to the parties paying the same, and credits given on the unpaid installments, in the same manner as hereinbefore provided; except, that there shall be only a pro rata payment made, or credit given on installment agreements to the owners of property assessed therefor, over and above any benefits which their said property shall have received from the portion of the improvement made and accepted, by reason of the work done prior to the said abandonment; provided, that the legislative body shall in the resolution declaring the proceedings abandoned, designate the amount and value of the benefit, if any, received from such partial performance of said contract, by each lot or parcel of land within the district which are not entitled to a full refund, which amount so designated shall be withheld from refund or credit upon the installment agreements. The balance due on said installment agreements shall remain payable, together with interest, in the time and manner stated therein unless sooner paid and canceled as provided in section sixteen of this act; and none of the provisions of this section shall invalidate any of the proceedings under this act prior to the adoption of the resolution declaring the said proceedings abandoned, or invalidate any bonds which shall have been issued and sold under the provisions of this act, which bonds shall remain payable out of any funds to be collected from any unpaid assessment on lots or lands upon which installment agreements have been given. And the maturity of such bonds and interest may be advanced and the same paid and canceled as provided in section twenty-one of this act.

If at any time the treasurer pays any bond out of the general fund of the municipality under the provisions of this act, it is hereby made the duty of the treasurer to reimburse the general fund of the municipality from the moneys thereafter received by him, through proceedings following default in the payment of the installments as herein provided. Failure to receive bids. May alter plans. Supplemental contract.

§ 22a. That when there is a failure to receive any bid for doing the work contemplated under this act; or when by reason of abandonment of the work by the contractor before completion, and a failure to procure a bidder to complete the work after such abandonment; or when by reason of a change in the condition of the land over or along which the improvement is contemplated, or in process of construction under the provisions hereof, caused by the action of the elements or for any other reason it becomes impossible or impracticable to construct or complete the improvement under the original plans and specifications, the legislative body of the said municipality may by resolution alter such plans or profiles, or cross-sections or specifications, or may adopt new plans, or profiles, or cross-sections, or specifications in the manner provided for in the first instance, so as to meet such changed condition or so as to make the completion of the said improvement practicable or possible, in which event the legislative body shall require the city engineer or board of public works, or commissioner of public works to make an estimate of the total expense of said improvement under the said altered or new plans, profiles, cross-sections, and specifications as the case may be, and if the estimated expense of the work to be done under such altered or new plans

and specifications shall not exceed the amount raised under the first assessment as provided herein, and after all necessary proceedings had under the provisions of sections five, six, seven, and eight of this act, and a new or supplemental contract has been entered into with the contractor and bonds given as in this act provided, to perform said work or improvement as provided for in said new or altered or amended plans, profiles, cross-sections, and specifications, then the work shall proceed under the altered or new plans, profiles, cross-sections, and specifications and shall be paid for out of the funds raised under the first assessment; but if the estimated expense shall exceed the amount raised by the first assessment, a second or additional assessment may be made and recorded in the same manner as provided for in section nineteen of this act as nearly as may be; except, that no protest shall be entertained upon subject matter already decided on the first hearing and which has not been in effect changed. In case said plans, profiles, cross-sections, and specifications are altered or changed during the process of construction and the contractor consents thereto and agrees to do the work under the altered or changed plans, profiles, cross-sections, and specifications at the estimated additional assessed price, if such there be, then a supplemental contract shall be entered into for doing said work for said price under said altered or new plans, profiles, cross-sections, and specifications.

Contractor's refusal deemed abandonment.

But in the event of the refusal of said contractor to continue said work and complete the same under said altered or changed plans and specifications at the said excess price, his refusal so to do shall be deemed an abandonment of the contract and said legislative body shall proceed to advertise for bids for the completion of said work as provided herein for advertising for bids in the first instance. [New section added, became a law, under constitutional provision, without governor's approval, May 7, 1915. In effect August 8, 1915, Stats. 1915, p. 395.]

Improvement of minority frontage; procedure. Legal notice by mail.

§ 23. Whenever the majority of frontage between any two consecutive crossings upon any of the public ways mentioned in section 1 of this act, has been improved, the legislative body may compel the remainder of said frontage between said crossings to be similarly improved without other proceedings than those provided for in this section as follows, to wit: The legislative body shall pass a resolution ordering said work to be done, briefly describing the work and the property in front of which the work is to be done, and fixing a time when objections to the doing of said work will be heard by said legislative body, which said time shall be not less than two weeks nor more than thirty days from the date of the passage of the resolution; at least ten days before the time named in said resolution for said hearing the clerk of the municipality shall mail a copy of said resolution to the person or persons to whom the property in front of which the said work is to be done is assessed upon the last preceding assessment-roll of such municipality, at their addresses if known, otherwise addressed to the care of the United States postoffice in the municipality, shall personally serve upon the person or persons in possession of the premises, if the same be occupied, and shall post a copy of the same in a conspicuous place upon the said premises, and the certificate of said clerk to the effect that said mailing, posting and service has been done shall be filed with the legislative body and entered upon their minutes, and said entry shall constitute conclusive evidence of the facts stated in said certificate; at the time named in said resolution said legislative body shall meet and consider any objections which may be made to the doing of said work; if there are no objections or if the legislative body overrule the same, the legislative body shall then pass a resolution ordering said work to be done; if within ten days after the passage of the last named resolution satisfactory evidence be not produced to the legislative body that the said work is to be

immediately done by private contract the legislative body may advertise for bids for such work by such publication or posting as they shall deem necessary and let the work to the lowest responsible bidder, and pay for the same out of the general fund or any other fund available for the purpose; the entire cost of such work together with the expenses incidental to the proceedings therefor shall be charged against the property in front of which the same has been done; the clerk of the municipality shall immediately upon the completion and acceptance of the work file an itemized statement of said charge with the recorder of the county in which the municipality is located, and thereupon the said charge shall become a lien upon the property affected, which said lien shall relate back to the date of the passage of the original resolution first above mentioned and shall be continued upon such property until the same is paid in full with interest at seven per cent from the date of the record of such statement; and the municipality shall have power to enforce said lien by foreclosure suit and sell said property for the satisfaction thereof.

Title of act.

§ 24. This act shall be known as "The local improvement act of 1901" and shall take effect and be in force upon its passage and approval.

Act does not affect acts of 1885 or 1893.

§ 25. This act shall in no wise affect an act entitled "An act to provide for work upon streets, lanes, alleys, courts, places and sidewalks, and for the construction of sewers within municipalities," approved March eighteenth, eighteen hundred and eighty-five, or amendments thereto, or an act entitled "An act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of said bonds," approved February twenty-seventh, eighteen hundred and ninety-three; or any of said acts; but is intended to and does provide an alternate system of proceedings for public improvements, and it shall be within the discretionary power of the legislative body of any municipality to proceed in making such improvements, either under the provisions of this act, or under the provisions of the other said acts, but when any proceedings are commenced under this act the provisions of this act, and such amendments thereto as may hereafter be adopted, and no other, shall thereafter apply to all such proceedings; but any provision contained in said or any other acts in conflict with provisions hereof shall be void as to and of no effect upon proceedings commenced under the provisions of this act.

1. Municipal improvement act of 1901 not repealed by this act.—The local improvement act of 1901 is not repugnant to and does not repeal the municipal improvement act of 1901 passed a few days earlier; and the two statutes should be construed together.—*Mill Valley v. House*, 142 Cal. 698, 76 Pac. 658.

2. Intention of act—Not to authorize inclusion of widely separated sections in the same proceeding.—It was never intended by the authorization to "include one or more streets in the same proceeding, to empower the legislative body of the city to so include in one proceeding street work so widely separated as to result in imposing a portion of the cost of improving a street in one of such sections on property in the other section not benefited thereby.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

3. Same—Same—Applies to improvements constituting an entirety.—The act

does not authorize the inclusion of two separate sections of the city in the same assessment district separated at their nearest points by one-half mile, but the provision as to the inclusion of more than one street was intended to apply to improvements constituting an entirety.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

4. A local improvement district—Meaning of phrase.—A local improvement district under the act means a single portion of the territory of a city set off as being specially benefited by a street improvement to be made therein.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

5. Engineer's report—Filing required before commencement of proceedings.—Substantial compliance with section 4 as to the filing of the engineer's report is necessary.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

6. Same.—Description should be definite.—The description in the engineer's report as to the exterior boundaries of the district should be as certain and definite as possible.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

7. Payment of part of cost out of city treasury—Balance only should be assessed against property of district.—If it is determined by the city that any part of the cost of the improvement is to be paid out of the treasury, the amount should be deducted from the estimates, and the remainder only assessed against the property

of the district.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

8. Injunction—Collection of assessment—Objection to improper inclusion of separate districts.—An objection that separate sections of a city were improperly included in a single district is available to a property owner in a suit to enjoin the collection of an assessment for the improvement, notwithstanding his failure to make the objection before the local legislative body.—*Southwick v. Santa Barbara*, 158 Cal. 14, 109 Pac. 610.

Street superintendent to certify unpaid assessments. Sufficient description of land.

§ 4. After the full expiration of thirty days from the date of the warrant, or if an appeal be taken to the city council, or an extension of time be granted the contractor in which to make his return as provided in section ten of said street work act, then five days after the final decision of said city council, or the expiration of the extension, or after the full expiration of thirty days from the recording of a reassessment in the event that such be made, and after the street superintendent shall have recorded the return, and in the event that a reassessment is ordered, after all previous payments have been credited on the reassessment, the street superintendent shall make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over upon any assessment or diagram number; and said treasurer shall thereupon make out, sign and issue to the contractor, or his assigns, payee of the warrant and assessment, a separate bond, representing upon each lot or parcel of land upon said list the total amount of the assessments, or reassessments as the case may be, against the same as thereon shown. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map. Said bond shall be substantially in the following form:

In case the amount of the unpaid assessment or reassessment upon any lot or parcel of land shall be less than twenty-five dollars, then the same shall be collected as is provided in said street work act. If any person, or his authorized agent, shall at any time before the issuance of the bond for said assessment or reassessment upon his lot or parcel of land present to the city treasurer his affidavit made before a competent officer, that he is the owner of a lot or parcel of land in said list, accompanied by the certificate of a searcher of records that he is such owner of record, and shall with such affidavit and certificate notify said treasurer in writing that he desires no bond to be issued for the assessment upon said lot or parcel of land, then no such bond shall be issued therefor and the payee of the warrant, or his assigns, shall retain his right for enforcing collection of said assessment or reassessment as if said lot or parcel of land had not been so listed by the street superintendent. The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore described, and shall bear interest at the rate specified

in the resolution of intention to do said work. They shall have annual coupons attached thereto, payable in annual order on the second day of January in each year after the date of the bonds until all are paid, or if the term of said bonds be more than ten years, then said coupons shall be payable on the second day of January of each of the last ten years of the term of the bonds; and each coupon shall be for an even annual proportion of the principal of the bond. They shall have semiannual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at that time, and the rest of which shall be for the semiannual interest accruing from the second day of January or July, as the case may be. The owner of, or any person interested in, any lot or parcel of land upon which a bond has been issued, under the terms of this act, may at any time pay off such bond and discharge his land from the lien of the assessment, by paying to the city treasurer for the holder of such bond the amount then unpaid on the principal sum thereof, and all interest thereon which has accrued and is unpaid, together with the semiannual installment of interest which will next become due thereafter, and in addition thereto, interest for six months at the rate specified in the bond upon the unpaid amount of the principal. The treasurer shall thereupon make an entry upon his bond register that such bond has been paid in full. When all the coupons of principal and interest are paid or the bond is surrendered or satisfied, the city treasurer shall report the fact to the street superintendent, who shall forthwith indorse the same on the margin of the record of the assessment to the credit of which the same is paid. The assessment upon which a bond is issued shall be a first lien upon the property affected thereby until the bond issued for the payment thereof and the accrued interest thereon shall be fully paid. Said bonds by their issuance shall be conclusive evidence of the regularity of all proceedings leading up thereto under said street work act and under this act, and of the validity of said lien. [Amendment of April 24, 1917. In effect July 27, 1917. Stats. 1917, p. 160.]

This section was also amended March 2, 1899, Stats. 1899, p. 41; April 27, 1911, Stats. 1911, p. 1202; June 14, 1913, Stats. 1913, p. 847.

Affidavit of publication.

Subdivision b. The city treasurer, before the day of sale hereinafter provided for, must file with the city clerk a copy of the publication, with an affidavit of the publisher of such newspaper or some one in his behalf, attached thereto, that it is a true copy of the same; that the publication was made in a newspaper, stating its name and place of publication and the date of each appearance in which the said publication was made, which affidavit is primary evidence of all the facts stated therein.

Cost of publication.

Subdivision c. The city treasurer must collect, in addition to the amount due on such bond, the cost of publication of such notice, and fifty cents for the certificate of sale, as hereinafter provided.

Owner may pay before sale.

At any time prior to the sale, the owner or person in possession of any real estate offered for sale under the provisions of this act may pay the whole amount of said bond then due, with costs, and such bond shall thereupon be canceled; but in case such payment is not made by such owner, or person in possession, or by someone in behalf of such owner, or person in possession, the property subject thereto shall be sold as herein provided.

Sale of property.

Subdivision e. At the sale, the property described in the bond shall be sold to the purchaser who will take the least amount thereof and pay the amount due on the bond together with penalties and costs.

Record kept by city treasurer.

Subdivision f. The city treasurer, before delivering any certificate, must, in a book kept in his office for that purpose, enter the date, number, and series of the bond, a description of the land sold corresponding with the description of the certificate, the date of sale, purchasers' name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words "Canceled by sale of the property," giving the date of such sale.

Purchaser vested with lien.

Subdivision g. Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the city treasurer of the purchase money, including costs herein provided for, with interest thereon at the rate of one per cent per month from the date of sale.

Subdivision i. Redemption must be made in lawful money of the United States, and when made to the city treasurer he must mark the word "Redeemed," the date and by whom redeemed on the margin of the book where the entry of the certificate is made, and credit the amount paid to the purchaser named in the certificate, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of an assignment thereof, if any.

Deed to purchaser. Notice to owner prior to expiration of time. Notice posted. Purchaser's fee for notice.

Subdivision j. If the property is not redeemed within the time allowed by subdivision h hereof for its redemption, the city treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said purchaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the city treasury for the use of the city after payment has been made therefrom for the acknowledgment of said deed; provided, however, that the purchaser of the property, or his assignee must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties and costs in this act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the city treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice hereinbefore required to be given has been given as herein required, which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service of such notice and the making of said affidavit, which sum of fifty cents shall be paid by the redemptioner at the time and in the same manner as the other sums, costs and fees are paid.

Deed evidence of regularity.

Subdivision k. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for state, county and municipal taxes. [Amendment approved June 14, 1913, Stats. 1913, p. 849. In effect August 10, 1913.]

Provision in regard to railroad tracks.

§ 6. Whenever any railroad track or tracks of any description exist upon any street or streets on which the city council has ordered work to be done or improvements made, excepting therefrom such portions as is [are] required by law to be kept in order or repair, by any person or company having railroad tracks thereon, the said council may, at any time thereafter, order such person or company to perform upon said excepted portion the work or improvements, similar in all respects to that already ordered to be performed under the same specifications and superintendence, with the same materials, within the same time, and to the like satisfaction and acceptance. Thereupon it shall be the duty of the clerk of said council to deliver immediately a copy of such order, certified by him, to such person or company, and to make and

preserve in his office a certificate of such delivery, its date, and upon whom made. Should such person or company, for thirty days, or within such extension of time as the city council may grant, thereafter refuse or neglect to make or have made such work or improvement in the manner or time ordered, it shall be the duty of the city council to have such work or improvement performed, and such refusal or neglect punished in the manner provided by law. Within fifteen days after receiving the certified copy of said order, such person or company may file with the clerk of said council a written assumption of the performance of said work or improvement, according to the order, or a request to the council to have such work or improvement performed, for and at the expense of such person or company, in the manner herein provided. The failure to file such instrument within said time shall be taken and deemed to be a refusal to comply with the order. Upon reception of said assumption of the direct performance of said work or improvement, the city council shall take no further proceedings in the matter, unless such person or company neglects or fails for thirty days, or such further time as the council may grant, to comply with the provisions of the order. But if such person or company files the said request that the said council have such work or improvement performed, or fails to perform said work within thirty days, or within such further time as the council may grant, then said city council may pass an ordinance of intention to perform said work, which ordinance shall specify the work to be performed, and a statement that unless within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council on an appeal, the said person or company shall pay the cost of said work, or the street superintendent of said city shall issue bonds to represent the cost of said work, stating also that the cost of said work, in case bonds shall issue, shall be paid in ten yearly installments, and also the rate of interest (not to exceed ten per cent per annum) that the same shall bear. The subsequent procedure shall be as provided by the "Street Work Act." A similar statement shall also be incorporated in all notices required to be posted or published by the provisions of the "Street Work Act"; also in the ordinance or resolution ordering the work, advertisement for proposals, and in the contract. Whenever the person or company owning any such railroad shall not have, within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council on an appeal, paid the cost of such work, the street superintendent shall issue to the contractor, or to his assigns, bonds for the amount of such cost, which shall describe the franchise, tracks, and roadbed along or between which said work has been performed, and describing the same as upon the assessment and diagram, giving its assessment number. Such bonds shall also describe the work performed, giving the total amount of the cost of such work, the name of the owner of said railroad, the number of installments in which the cost of the work is to be paid, and the rate of interest which the deferred payments shall bear. Said bonds shall be in sums of not less than one hundred dollars or more than one thousand dollars, and shall recite that the total amount of the cost of such work, together with the interest thereon, as represented in said bonds, is, except state, county, and municipal taxes, a first lien upon all the track, roadbed, switches, and franchises of said railroad lying within the corporate limits of the city or town, on any part of which said work has been performed. Said street superintendent shall also keep a record of such bonds, as required by section 18 of the "Street Work Act." Whenever bonds have been issued, as herein provided, the same, together with the cost of such work and the interest thereon, shall be, except state, county, or municipal taxes, a first lien upon all the tracks, roadbed, switches, and franchises of said railroad within the corporate limits of the city or town, on any part of which said work has been performed. Sections 4 and 5 of this act, regarding the form, issuance, and foreclosure of street bonds, and

the sale of property described therein, shall apply thereto, except that the work required to be performed by the treasurer by said sections shall be performed by the street superintendent, in so far as the bonds for the paving of railroads are concerned. None of the provisions of the "Street Work Act" in regard to a protest against the work shall apply to any work contemplated in this section. All provisions of the "Street Work Act" not inconsistent with the provisions hereof shall apply hereto.

What "city treasurer" means.

§ 11. The board of supervisors of any county in which it is desired to perform work under the provisions of this act shall be and they are hereby authorized to appoint a person to be known as the street superintendent of the said county who shall have all of the authority and perform all of the duties and obligations herein imposed upon the street superintendent, and shall be considered as designated wherever the words "street superintendent" or "superintendent of streets" are used in this act; and the board of supervisors may appoint as many deputies for the said street superintendent of the county as in their judgment may be proper and necessary, the said street superintendent to receive a compensation of six dollars per day, and his deputies to receive a compensation of four dollars per day for their time actually expended. The office of the street superintendent shall be the office of the county surveyor, and, at any time when no work is actually being conducted under the provisions of this act, or when the street superintendent shall not be in his office, the county surveyor shall have charge of the records in the street superintendent's office and perform such duties as are herein imposed upon the street superintendent, and have such other authority as is herein granted to the street superintendent; and all of the provisions of this act extending authority to or imposing duties or obligations upon the street superintendent or superintendent of streets shall apply with equal force to the superintendent of streets appointed by the board of supervisors. [New section added May 30, 1913, Stats. 1913, p. 352. In effect August 10, 1913.]

1. Constitutionality — Taking property without compensation or due process.—The provision of section 4 requiring a certificate of a searcher of records is not violative of the constitutional inhibition against the taking of property without compensation, or due process of law.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

2. Same—Due process.—Section 4 of the act held constitutional, in so far as it does not stop inquiry as to matters that are jurisdictional, as to which the legislature can not estop the property owner of the

right to show want of compliance.—*Ramish v. Hartwell*, 126 Cal. 443, 58 Pac. 920; *Chase v. Trout*, 146 Cal. 350, 80 Pac. 81.

3. Resolution of intention—Period of bonds—Recital not necessary to validity.—It is not a prerequisite to the validity of bonds for a street-work assessment that the resolution of intention should specify the period for which the bonds are to run.—*Cohn v. Federal Const. Co.*, 171 Cal. 547, 548, 153 Pac. 916.

4. Same—Same—Same—May be done at any time.—Inasmuch as the time of fixing

the term of street improvement bonds is not mentioned in the statute, that act may be done at any time before action becomes necessary.—*Cohn v. Federal Const. Co.*, 171 Cal. 547, 551, 153 Pac. 916.

5. Same—Same—Same—The issue fixes the time.—The issue of street improvement bonds before the city council fixes the term for which they are to run is premature, and the property owner may have an injunction to prevent such issue, until such determination by the council.—*Cohn v. Federal Const. Co.*, 171 Cal. 547, 552, 153 Pac. 916.

6. Determination of bond period a legislative act.—The determination of the period of street improvement bonds is a legislative act committed to the city council, and it can not be exercised by the street superintendent or the city treasurer, or other ministerial officer.—*Cohn v. Federal Const. Co.*, 171 Cal. 547, 551, 153 Pac. 916.

7. Term of bonds—New warrant may be issued.—A new warrant, after the term has been determined by the council, may be issued.—*Cohn v. Federal Const. Co.*, 171 Cal. 547, 552, 153 Pac. 916.

8. Assessment—Right of way of railroad—Fee—Bonds invalidated.—While the right of way of a railroad can not be assessed in the present case, it does not appear that the fee has not such a value as may render it liable as property fronting on the street improvement, and the failure to include it in the assessment invalidates the bonds issued under the bond act, to cover the deficiency caused by the failure to assess.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

9. Bonds as conclusive evidence of regularity proceedings—Clause does not apply to void assessment.—The provision of the bond act making the bonds conclusive evidence of the regularity of the proceedings does not apply to proceedings which fail to comply with constitutional prerequisites, and does not validate an absolutely void assessment.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

10. Same—Same—Failure to appeal—Bond issue not validated.—An assessment absolutely void can not be validated by appeal, and the failure to appeal does not operate as a waiver, or validate a bond issue based on such assessment.—*Schaeffer v. Smith*, 169 Cal. 764, 147 Pac. 976.

11. Same—Prima facie evidence of regularity.—Under the street improvement act of 1899 (40) the issuance of the bond afforded prima facie evidence of the regularity of the proceedings, the acceptance of the work, and, consequently, that it was done according to specifications.—*Allen v. Hance*, 161 Cal. 189, 193, 118 Pac. 527.

12. Waiver of irregularity—Estoppel of property owner.—A property owner may waive the invalidity of a contract for street improvements, and by such waiver is estopped to assert the invalidity of the assessment arising from the inclusion of the clause, "all loss or damage arising from the nature of the work to be done under this agreement . . . shall be sustained by the contractor," in the specifications, even though no personal liability was imposed on him.—*Allen v. Hance*, 161 Cal. 189, 194, 118 Pac. 527.

13. Same — Same — Doctrine of prior cases overruled.—*Heft v. Payne*, 97 Cal. 108, and *Union Paving Co. v. McGovern*, 127 Cal. 638, holding that the doctrine of estoppel in pais has no application where there was no personal liability, overruled.—*Allen v. Hance*, 161 Cal. 189, 194, 118 Pac. 527.

14. Same—Same—Property owner may estop himself.—One may estop himself from denying the existence of a lien upon his property for a street assessment.—*Allen v. Hance*, 161 Cal. 189, 196, 118 Pac. 527.

15. Extension of time of completion after time expired—Effect of section 4 to cure irregularity.—Section 4 of the street bond act is effective, after the issue of bonds, to cure an objection to the work done under the Vrooman act that the time for completion of the work was extended after the time fixed had expired.—*Chase v. Trout*, 146 Cal. 350, 80 Pac. 81.

The same is true of five other enumerated objections: *Chase v. Trout*, (Cal.) 80 Pac. 81.

16. Sale of land to pay delinquent bonds—1895 amendment of section 3771, Political Code, did not affect remedy of act.—The 1895 amendment of section 3771 of the Political Code, authorizing the tax collector to sell land to pay delinquent taxes did not affect the remedy provided by this act for the sale of lands to pay delinquent assessment bonds.—*Ramish v. Hartwell*, 126 Cal. 443, 58 Pac. 920.

"IMPROVEMENT BOND ACT OF 1915."

ACT 4950a—An act to provide for the issuance of improvement bonds to represent and be secured by certain assessments made for the cost of certain work and improvements made in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities and upon property and rights of way owned by municipalities, to provide for the collection of such assessments, the sale of the property affected thereby and for the payment of the bonds so issued.

History: Approved June 11, 1915. In effect August 10, 1915. Stats. 1915, p. 1441. Amended May 4, 1917. In effect July 27, 1917. Stats. 1917, p. 209.

Serial bonds may issue.

§ 1. The city council of any municipality in this state shall have power, in its discretion, to determine that serial bonds shall be issued in the manner and form hereinafter provided to represent and be secured by the assessments which shall be made to pay for the cost of any work or improvement which shall be made in any one or more of the streets, avenues, lanes, alleys, courts, places or public ways of any such city, or in, over or through any property or rights of way owned by such city, which work and improvement shall include any and all work and improvements, the doing of which is provided for in the street work acts hereinafter referred to.

Street work acts affected.

§ 2. Wherever in this act the phrase "street work act" is used, it means and shall be taken to mean "An act to provide for work upon streets, lanes, alleys, courts, places and sidewalks and for the construction of sewers within municipalities," approved March 18th, 1885, and all acts amendatory thereof or supplementary thereto, and also the act entitled "An act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof and providing a method for the payment of such bonds," approved April 7th, 1911, and designated "improvement act of 1911," and all acts amendatory thereof or supplementary thereto, and also any and all other acts for the doing of work and making of other improvements within municipalities whereby the cost of the whole or any portion of such work or improvements is charged and assessed upon real property; and for any proceeding instituted under either of said acts shall be held to apply exclusively to the act under which any such proceeding was instituted.

Bonds payable when and where. Interest. Redemption fund. Register.

§ 3. Said bonds shall be issued in series and an even annual proportion of the aggregate principal sum thereof shall be payable on the second day of July every year succeeding the first nine months after their date, until the whole is paid, and the said bonds shall bear interest at a rate of not to exceed eight per cent per annum from the date of filing with the clerk of the street superintendent's list of unpaid assessments, on all sums unpaid, until the whole of said principal sum and interest are paid, which interest shall be payable semiannually by coupon, on the second days of January and July, respectively of each year; provided, that the first payment of interest shall not come due till six months before the maturity of the first series of bonds. The final series or installment of said bonds shall mature and be payable on a date which shall not exceed fourteen years from the second day of July next succeeding nine months from their date. Said bonds and interest shall be paid at the office of the city treasurer of said municipality who shall keep a redemption fund designated by the name of said bonds, into which he shall place all sums received by him from the collection of the assessments made for the payment of the cost of the work or improvements upon which the said bonds are issued, and of the interest and penalties thereon and from which fund he shall disburse and pay the said bonds and the interest due thereon upon presentation of the proper bonds and coupons; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said city treasurer shall keep a register in his office which shall show the series, number, date, amount, rate of interest, and last known holder of each bond, and the number and amount of each coupon of interest paid by him, and shall cancel and file each bond and coupon so paid. [Amendment of May 4, 1917. In effect July 27, 1917. Stats. 1917, p. 209.]

Resolution of intention.

§ 4. When said city council shall determine that serial bonds shall be issued hereunder to represent the expense of any proposed work or improvement under said street work act it shall so declare in the resolution of intention to do said work and shall specify the rate of interest which they shall bear. The like description of said bonds shall be inserted in the resolution ordering the work, in the resolution of award and in all notices of said proceedings required by said act to be either posted or published, and also a like notice shall be entered in any warrant issued by the superintendent of streets to the contractor. Said bond declaration may be substantially in the following form: "Notice is hereby given that serial bonds to represent unpaid assessments, and bear interest at the rate of per cent per annum, will be issued hereunder in the manner provided by the improvement bond act of 1915, the last installment of which bonds shall mature years from the second day of July next succeeding nine months from their date." [Amendment of May 4, 1917. In effect July 27, 1917, Stats. 1917, p. 210.]

Street superintendent to file list of unpaid assessments. Notice of hearing. Objections. Advertisements for bids. Award to highest bidder.

§ 5. After the full expiration of thirty (30) days from the date of the warrant, or if an appeal be taken to the city council as provided in said street work act, then five (5) days after the final decision of said council, and after the street superintendent shall have recorded the return, the street superintendent shall make and file with the clerk of the city council a complete list of all assessments unpaid, upon any assessment or diagram number. Said clerk shall then give notice of the filing of said list and of a time, to be therein fixed by said clerk, when interested persons may appear before the city council and show cause why bonds should not be issued upon the security of the unpaid assessments shown on said list, which time shall be that of some regular meeting of said council. Such notice shall be posted for not less than five days on or near the council chamber door and be published twice in a newspaper published in such city, if there be any, the first of which publications shall be not less than five days before the time fixed for such hearing. Reference shall therein be made to the resolution of intention and the date of its passage for a description of the work therein mentioned and no other description thereof shall be necessary. The council shall hear any objection presented and shall pass upon the same and shall thereupon determine the assessments which are unpaid and the aggregate amount of same. It may adjourn the hearing from time to time. Its decision shall be final. The city council shall then prescribe the denominations of such bonds, which shall be in convenient amounts not necessarily equal, and shall provide for issuance of same in annual series. Said bonds must be sold at a time to be fixed by the council, and to the highest bidder therefor, but for not less than par and accrued interest, and the proceeds of the sale shall be deposited in the city treasury. Before selling said bonds, or any part thereof, the city council must advertise for bids therefor, by publication once a week for at least two weeks in some newspaper of general circulation published in the city, or if there is no such newspaper published in the city then by notice of sale, posted for at least two weeks on or near the council chamber door of said city. If satisfactory bids are received the bonds offered for sale must be awarded to the highest bidder. If no such bids are received or the council determines that the bids received are not satisfactory as to price or responsibility of the bidders the council may reject all bids received, if any, and either readvertise or deliver said bonds to the contractor in satisfaction of the sum due him upon his assessment and warrant. From the proceeds of any sale of said bonds, there shall be paid to such contractor the balance due him upon his assessment and warrant including interest upon the principal amount thereof at the rate specified in said bond declaration computed from the date of filing of said unpaid assessment

list, and the surplus of such proceeds shall be credited to the redemption fund for the payment of such bonds. The cost of such publications shall be paid from such redemption fund. [Amendment of May 4, 1917. In effect July 27, 1917. Stats. 1917, p. 211.]

Form of bond.

§ 6. Said bonds shall each be substantially in the following form:

[Amendment of May 4, 1917. In effect July 27, 1917. Stats 1917, p. 212.]

Coupons.

§ 7. The coupons affixed to said bonds shall be signed by the treasurer, and the city council may by order provide in its discretion for the use upon said coupons of an engraved, printed or lithographed signature of the treasurer in place of a signature by hand. The bonds shall have semi-annual coupons attached thereto, the first of which shall be payable upon the second day of January next before the maturity of the first series of bonds coming due, and shall be for the interest accrued at that time. [Amendment of May 4. 1917. In effect July 27, 1917, Stats. 1917, p. 213.]

Annual series.

§ 8. The bonds so issued shall be payable to the party to whom they issue, or bearer, and shall be issued in series, as is hereinbefore described, and shall bear interest at the rate specified in the resolution of intention to do said work. The bonds maturing in any year shall constitute the annual series of that year and the aggregate principal of the bonds in such series shall equal the even annual proportion of the aggregate principal sum of the entire bond issue hereinbefore referred to. Said bonds, by their issuance, shall be conclusive evidence of the regularity of all proceedings had prior thereto under this act and under said street work act.

Advanced maturity.

§ 9. The city treasurer may advance the maturity of any bond and pay and cancel the same whenever there shall be surplus moneys in the redemption fund with which to pay same, by giving notice of such redemption at least nine months prior to the second day of July in any year. Such notice may be given in writing, personally or by registered mail to the holder or owner thereof, or by publication once a week for two weeks in a daily or weekly newspaper published in said city; provided, that if such notice be so given by publication then a copy of same shall be mailed to the last known holder or owner thereof at his last known address at least nine months prior to the next second day of July specified in said notice. In the event of such notice being given, the maturity of such bond shall be advanced and said bond be deemed to mature on the second day of July specified in the notice as the date on which it will mature, at which time the same shall be paid; provided, however, that the holder or owner of such bond may prior thereto surrender same and receive the principal thereof together with the interest thereon which would accrue on the second day of July specified in said notice. On said second day of July, if said bond has not been sooner surrendered, the treasurer shall set aside to the credit of the holder or owner of said bond the amount of principal and accrued interest then due on same, and said bond shall then be deemed to have matured, and interest shall thereafter cease to accrue on said bond. The amount so set aside shall on demand be paid the holder or owner of said bond on surrender and cancellation of same. The costs of such advertising shall be paid from said redemption fund.

Registration of bonds.

§ 10. Said bonds may be surrendered by the holder to the treasurer for registration in accordance with the provisions of any law applicable to the registration of the municipal bonds of the city, and thereafter the principal and interest thereon shall be paid to the proper registered owner thereof.

Unpaid assessments a trust fund.

§ 11. In the event of such bonds being so issued, then the assessments, which shall be unpaid, as shown on the list filed by the superintendent of streets and determined by the city council, together with interest thereon, shall remain and constitute a trust fund for the redemption and payment of said bonds and of the interest which may be due thereon. In the event of non-payment of any assessment or installment thereof, or of any interest thereon, and as a cumulative remedy, the same when due as herein-after provided, may by order of the council be collected by suit brought to foreclose the lien thereof in the same manner as provided in said street work act for the foreclosure of other assessments by action in a superior court, and with like costs, attorneys' fees and other relief. Such assessments and each installment thereof and the interest and penalties thereon shall be and shall continue to constitute a lien against the lots and parcels of land on which made, until the same be paid, but for a period not exceeding the time within which an action might be brought on the last series of bonds issued

upon the security of such unpaid assessments. Such lien shall be prior and superior to all other liens, except the lien for other state, county and municipal taxes; provided, however, that unmatured installments, interest and penalties shall not be deemed to be within the terms of any general covenant or warranty.

Assessments payable in installments. Sale of land on default of payment. Purchase by city. Purchase by state.

§ 12. Such unpaid assessments shall be payable in annual series, corresponding in number to the number of series of bonds issued and an even annual proportion of each assessment shall be payable in each year preceding the date of maturity of each of the several series of bonds so issued. Such annual proportion of each assessment coming due in any year, together with the annual interest on such assessment, shall in turn be payable in annual or semiannual installments according as the general municipal taxes of such city on real property are payable in annual or semiannual installments, and such installments and said annual interest shall be payable and become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general municipal taxes on real property of said city. Upon default in payment, the lands securing such installments and assessments shall be sold in the same manner in which real property in such city is sold, for the nonpayment of general municipal taxes, and be subject to redemption in the same manner as such real property is redeemed from such delinquent sale, and upon failure of redemption shall in like manner pass to the purchaser. The city may be the purchaser at any delinquent sale in like manner in which it becomes or may become the purchaser of property sold for nonpayment of the general municipal property tax, and in the event of its so becoming the purchaser shall pay and transfer into said redemption fund the amount of the delinquent assessment and of the delinquent interest thereon upon which said sale is made. In cases where the municipal property tax is collected by county or city and county officials and sales for nonpayment of such taxes are made to the state, the state shall be the purchaser at any such sale hereunder, but shall hold the title acquired at such sale upon behalf of the city and shall account to the city for any moneys received upon redemption or from the sale of such property, the city for the purposes of this act being deemed the real purchaser. In other cases where under the law, the city is not always the purchaser at sales for delinquent municipal taxes, the city shall become such purchaser at any delinquent sale hereunder where there is no other purchaser. In the event of there being no available funds in the treasury with which to make such payment, the tax collector shall delay the entry of the certificate of sale until such funds are available, making demand in the meantime upon the city council that a suitable amount be included in the next tax levy for the purpose of providing funds with which to make such payment; provided, however, that the period of redemption from such tax sale shall not be extended thereby nor the rights or privileges of the property owner be thereby in any wise affected. In the event of such purchase being made by the city and of any succeeding installment of such assessment or of such interest not being paid in any future year, the property shall not be sold unless there has previously been a redemption from such sale or unless under the law it is being then sold for delinquent taxes. The city shall nevertheless from time to time when due, pay and transfer into said redemption fund the amount of any such future delinquent assessment and interest pending redemption, and no redemption shall be made until any such subsequent payments, with interest and penalties, shall also be paid. [Amendment of May 4, 1917. In effect July 27, 1917, Stats. 1917, p. 213.]

Interest on assessments.

§ 13. Interest on all unpaid assessments shall run from the return of the warrant and assessment, and be computed at the same rate specified in the bonds secured by

such assessments. Such interest shall be payable annually or semi-annually as above provided, according as such general municipal taxes on real property in such city are payable annually or semi-annually, but shall in each year be computed and collected up to the next second day of July succeeding, no deduction being made by reason of any installment of such assessment being due or paid prior thereto in such year.

Entered on assessment roll.

§ 14. The superintendent of streets shall make and certify to the city auditor, or other person authorized to apportion upon the assessment rolls taxes levied in such city for general municipal purposes, a complete list of all such unpaid assessments, which list shall contain such description of each lot or parcel of land assessed as will enable such auditor or other person to identify it, and the amount and date of the assessment thereon. The auditor shall thereupon enter in his assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of such assessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid assessments as herein provided. Taxpayers shall have the like right to pay such assessment as so entered under protest as they have to pay general municipal taxes under protest, but in making such payment under protest must accompany the payment with their written protest. In the event of the lot or parcel of land affected by any assessment not being separately assessed on said roll so that the installment to be collected can be conveniently entered thereon, then said auditor shall enter on said roll a description of the lot or parcel affected, with the name of the owners if known but otherwise described as "unknown owners," and extend the proper installment opposite same. In the event of a subdivision of the lot or parcel affected into separate holdings, the owners of same may in writing request the auditor to separate the installments according to some fixed proportions to be stated by them and to enter same in said roll opposite their respective holdings in accordance therewith. Such owners shall in connection therewith in writing waive objections to the proceeding and to the method of collecting assessments proposed by them and agree to pay future installments in accordance therewith. Thereafter the auditor shall enter such installments opposite the respective lots or parcels of land in the proportions agreed upon; provided, however, such division of the installments shall not be so disproportioned to the relative values of the separate holdings of land as to jeopardize the security of the assessments.

Assessments may be released.

§ 15. Any interested property owner may release and pay any such unpaid assessment by depositing with the city treasurer the total unpaid balance of any such assessment together with the total interest which would become due on such assessment were it paid in the regular way; provided, that if the amount of same be sufficient to provide surplus moneys with which to redeem any bond outstanding and not due the next second day of July, then such person so releasing such assessment may direct the treasurer to redeem such bond, and the treasurer shall then give the proper notice for redeeming such bond, by advancing its maturity as hereinbefore provided upon which redemption the person releasing such assessment shall be entitled to credit and reimbursement for the par value of any coupons thereon which shall be canceled but not paid, less any costs incurred for publishing any notice of redemption.

Special tax to protect city.

§ 16. The city council may, at the time of fixing the annual tax rate and levying the taxes to be collected for general municipal purposes, levy a special tax upon the taxable property in the city for the purpose of paying for the lands purchased or to be

purchased at such tax sales, but not to exceed ten cents on each one hundred dollars of assessable property. Such special tax shall be in addition to all other taxes levied for municipal purposes, and shall be computed, entered and collected in the same manner, and by the same persons, and at the same time and with the same penalties and interest as are other municipal taxes of said city. In the event of a surplus remaining in said redemption fund after payment of all said bonds and the interest thereon, the same shall first be applied to repayment to said city of any special taxes so levied less its recovery on the lands purchased at delinquent sale, and also of any costs incurred by it hereunder, and then be proportionately credited upon the final installments due upon said assessments securing said bonds and repaid to those paying same if previously paid.

Effect of certificate of sale and deed.

§ 17. In the event of sale by the tax collector of any lot or parcel of land for non-payment of taxes, and of any installment of the assessment thereon, or of the penalties, interest or costs on same or for non-payment of any installment, penalties, interest or costs, then any certificate of such sale and deed issued pursuant thereto, is primary evidence of the regularity of all proceedings theretofore had, and shall be conclusive evidence of all things of which bonds issued upon the security thereof are conclusive evidence, and prima facie evidence of the regularity of all proceedings subsequent to the issuance of the bonds, and such deed conveys to the grantee the absolute title to the lands described therein, free of all incumbrances, except the lien for other state, county and municipal taxes, and unmatured assessments thereon.

Definitions.

§ 18. The term "city auditor" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of extending taxes upon the assessment rolls and lists. The term "tax collector" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of collecting taxes, advertising delinquent lists of unpaid taxes, selling lands thereunder and executing certificates of sale and deeds thereon. The provisions of this act relative to the performance of official duty as to any time or place and relative to the form of any resolution, notice, order, list, certificate of sale, deed or other instrument, shall be deemed directory. No bond, coupon, assessment or installment thereof or of interest or penalties thereon shall be held invalid for error in the computation of the proper amount due on same, provided the error be found to be comparatively negligible.

Effect of act.

§ 20. This act shall in no wise affect an act entitled "An act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for payment of said bonds," approved February 27, 1893, nor part III of the "improvement act of 1911" hereinbefore referred to, nor any similar acts on the same subject, or apply to proceedings had thereunder, but is intended to and does provide an alternate system for the issuance of bonds to represent and be secured by the assessments mentioned in this act; and it shall be in the discretion of the legislative body of any city to proceed under the provisions of this act or of such other acts; but when any proceedings for the issuance of bonds are commenced under this act, as amended from time to time, the pro-

visions of this act, and of such amendments thereof as may be hereafter adopted, and no other, shall apply to all such proceedings, and any provisions contained in said acts or any acts in conflict herewith shall be void and of no effect as to such proceedings commenced under this act. This act may be designated and referred to as the "improvement bond act of 1915."

§ 4. At or before the time fixed for the hearing, any person interested, objecting to the proposed improvement or to the extent of the assessment district described in the ordinance or resolution of intention, may file a written protest with the clerk of said legislative body. Every protest must contain a description of the property in which each signer thereof is interested and set forth the nature of his interest therein and must be accompanied by the affidavit of one of the signers thereof that each signature thereto is the genuine signature of the person whose name is thereto subscribed, and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. The legislative body shall hear said protests at said meeting, or at any time to which the hearing thereof may be continued, and pass upon the same, and its decision shall be final and conclusive; provided, however, if such protests are against the proposed improvement, and the legislative body finds that such protests are signed by the owners of a majority of the frontage of the property fronting on the streets or parts of streets within the assessment district for such improvement, all further proceedings shall be stayed and barred for six months from and after the filing of such majority protests,

unless the owners of a majority of such frontage shall in the meantime petition for the said improvement to be made. If such protests are not signed by a majority of the owners of such property, and such protests are sustained, no further proceedings shall be had under said ordinance or resolution of intention, but a new ordinance or resolution of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made. [Amendment of June 5, 1915. In effect August 8, 1915, Stats. 1915, p. 1220.]

Having acquired such jurisdiction, it shall by ordinance or resolution order the establishment, change or modification of grade or such other improvement to be made, and refer the same to the commission hereinafter provided for, to estimate the damages caused thereby, and report an assessment of said damages, and of all costs and expenses of the improvement, on the property benefited thereby. Such commissioners, if they are appointed by said legislative body as aforesaid, shall be sworn to make the assessment of benefits and damages faithfully, impartially and to the best of their ability. Said commission shall have power to subpoena witnesses to appear before it to be examined under oath, which any of said commissioners may administer.

§ 7. Upon the passage of the final ordinance or resolution referred to in section five hereof, said commission shall appoint a time and place for the hearing of petitions for damages caused by said improvement, and shall cause notice of such time and place to be published for at least five days in a daily newspaper, or three times in a weekly newspaper, published in said city, or if no such newspaper is so published and circulated, then by posting for two days in three public places in said city. The time set for hearing such petitions shall be not less than thirty days from the first publication or posting of such notice. Before said hearing said commission shall view the location of the proposed improvement, and the property affected thereby. Said hearing may be continued from time to time by said commission.

§ 8. At or before the time set for the hearing of petitions for damages any person owning property, and claiming that the same will be damaged by said proposed improvement, shall file with the superintendent of streets, who shall transmit the same to the commission, a petition showing the fact of such ownership, a description of the property claimed to be damaged, its market value, and the amount of damages which it is claimed such property will sustain by the proposed improvement, and the post office address of such petitioner, or his agent. Every such petition shall be verified by the

oath of the petitioner or his agent. After considering the petitions filed as herein provided, and after hearing the petitioners who may appear, and after viewing the location of the proposed improvement and the property affected thereby, said commission shall proceed to determine the amount of damages, if any, which will be sustained by each such petitioner because of the proposed improvement. Any property owner who fails to file any such petition shall be deemed to have waived his right to a hearing with respect to any damages to any property owned by him, and to object to the amount of such damages as fixed by said commission. [Amendment of June 5, 1915. In effect August 8, 1915, Stats. 1915, p. 1221.]

Notice before awarding contracts. Bids. Bids opened. May reject bids. Application for acceptance of work. Work commenced. If contractor abandons work. Contractor's bond. Materialmen's claims.

§ 9. Before the awarding of any contract by the legislative body for doing any work authorized by this act, said legislative body shall cause notice, with specifications, to be posted conspicuously for five days on or near the chamber door of said legislative body, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposal, and referring to the specifications posted or on file, to be published for two days in a daily, or weekly newspaper published and circulated in said city, designated by said legislative body for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. Every bid shall be delivered to the clerk of the legislative body and shall be accompanied by a check certified by a responsible bank, amounting to ten per cent of the amount of the bid, payable to the order of the said clerk, or by a bond for the said amount, and so payable, signed by the bidder and by two sureties who shall justify before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions, and said amount shall be forfeited to the city in case the bidder depositing the same does not, within ten days after written notice that the contract has been awarded to him, enter into a contract with the city to do the work, with the bonds hereinafter required. Said bids shall be opened by the legislative body in public session and publicly declared, and no bid shall be considered unless accompanied by said bond or said certified check. The legislative body must let the contract to the lowest responsible bidder, who shall give bond for the faithful performance of the work in such sum as may be required by it, with sureties satisfactory to said legislative body; provided, however, that the legislative body may reject any and all bids, should it deem this for the public good, and also the bid of any person who has been delinquent or unfaithful in the performance of any former contract with the city, or of any other contract let by or under the authority thereof. The contract must provide that the work shall be done under the supervision of the superintendent of streets, and no work shall be paid for until it has been accepted by the legislative body. Whenever the contractor desires the work, or part thereof, to be accepted, he must make written application to that effect to the legislative body. Upon the filing of such application for acceptance, the clerk of the legislative body shall give not less than five days' notice by publication by two insertions in a daily or weekly newspaper, published and circulated in the city, or by posting for two days in three public places in the city, in case no such newspaper is published and circulated therein, that at a certain time and place, to be named in said notice, the legislative body of the city will hear and consider any objections to the acceptance of the work, or part of the work, for the acceptance of which said contractor has made such application, and only after such hearing shall any work be accepted. If upon such hearing any objections to the acceptance are made, and are sustained by the legislative body, the legislative body must require the contractor to take such steps as will remove such objections; and in the event of his failure

to do so, within such time as the legislative body shall prescribe, the legislative body may relet such portion of the work, and charge the contractor the cost thereof, together with all expenses incident to said reletting, and retain the same out of any moneys due, or to become due, to him under the contract, and also hold him and his sureties responsible therefor upon his bond. The contract shall provide that the work must be commenced within twenty days after the contractor receives written notice from the superintendent of streets that there is sufficient money or bonds, or money and bonds in the special fund devoted to the proposed improvement to pay the contract price, and completed within such time as the superintendent of streets shall prescribe. If the contractor abandons the work or fails to proceed with the same as rapidly as required by his contract, the legislative body may relet the contract, or any portion thereof, and pay the cost of the same, and also any expenses incident to the reletting, out of any funds due, or to become due the contractor, and also hold him and his sureties responsible upon his bond for such costs and expenses, and also any damages resulting from such abandonment. At the time of executing said contract the contractor shall file with the superintendent of streets a good and sufficient bond, approved by the superintendent of streets, in a sum not less than one-half the total amount payable by the terms of said contract. Such bond shall be executed by the principal and at least two sureties who shall qualify for double the sum specified in said bond, and shall be made to inure to the benefit of any and all persons, companies, or corporations who performed labor on or furnished materials to be used in the said work or improvement, and shall provide that if the contractor to whom said contract was awarded fails to pay for any material so furnished for the said work, or for any work or labor done thereon of any kind that the sureties will pay the same to an amount not exceeding the sum specified in said bond. Any materialman, person, company or corporation furnishing materials to be used in the performance of said work specified in said contract or who performed work or labor upon the said improvement, whose claim has not been paid by the said contractor to whom the said contract was awarded, may, within thirty days from the time said improvement is finally accepted, file with the superintendent of streets a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. At any time within ninety days after the filing of such claim the person, company or corporation filing the same, or their assigns, may commence an action on said bond for the recovery of the amount due on said claim, together with the costs incurred in said action and a reasonable attorney fee to be fixed by the court for the prosecution thereof. Upon the signing of the contract for the doing of the work the clerk of the legislative body, if there be no board of public works in said city, shall certify to such commission the amount of the contract price.

Assessment for incidental expenses. Report.

§ 10. The commission shall, as soon as practicable, after determining what damages will be caused by said improvement, and, after the signing of the contract for the work, assess the total amount of all the incidental expenses of such improvement, which shall include the necessary expenses and disbursements of the commission, the cost of making the assessment, and all expenses necessarily incurred by the city in connection with the proposed improvement for maps, diagrams, plans, surveys and other matters incident thereto, upon the respective lots or parcels of land in the assessment district described in the ordinance or resolution of intention, in proportion to the benefits to be received by such lots or parcels of land, respectively, from the said improvement, and shall make and file with the clerk of the legislative body a report in writing containing the following:

Lots damaged.

1. A schedule describing the lots or parcels of land belonging to each petitioner for damages and which will be damaged by said proposed improvement, stating the amount

of damage to each lot or parcel as determined by the commission, and the name of the owner of each such lot or parcel of land so damaged.

Diagram of district.

2. A diagram showing the assessment district, and also the boundaries and dimensions of the respective lots or parcels of land within said district, and each of such lots or parcels of land shall be given a separate number in red ink upon said diagram.

Proposed assessment.

3. A proposed assessment of the total amount of damages that will be caused by said improvement, as determined by the commission, the total amount of the contract price for the work and the total amount of the incidental expenses thereof as above specified, upon the respective lots or parcels of land in said district in proportion to the benefits to be received by such lots or parcels of land, respectively, from said improvement. Said assessment shall refer to such lots or parcels of land upon said diagram by the red ink numbers thereof, and need contain no other description thereof, and shall show the names of the owners, if known, otherwise designating them as unknown; but no mistake in the name of the owner of any lot or parcel of land shall affect the validity of the assessment thereon.

In case the commissioners do not all agree, a majority of the whole number may make such report.

Hearing on report.

§ 11. Upon the filing of the report provided for in section ten hereof, the clerk of the legislative body shall present such report to the legislative body, which shall fix a day for the hearing thereof by said legislative body, which day shall not be less than twenty days from the date of filing such report, and shall cause a notice of such hearing to be published by the clerk thereof, by three insertions in a daily newspaper published and circulated in said city, or if there be no daily newspaper in said city, then by two successive insertions in a weekly newspaper so published and circulated; or if no newspaper is so published and circulated, then by posting for two days in three public places in said city. Such publication shall be completed at least ten days before the date fixed for the hearing. Said notice shall state the fact that such report has been filed, and the date set for the hearing thereof, and require all persons interested to file with the clerk their objections, if any they have, to the confirmation of said report at or before the time fixed for the hearing.

Objections to report. Decision on report. Recording of assessment and diagram. When assessments become delinquent.

§ 12. Any objection to said report shall be in writing signed by the objector, or his agent, and shall comply with the requirements of section four hereof for the form and substance of protests, and shall be filed with the clerk of the legislative body at or before the time fixed for the hearing. At the time fixed, or at any other time to which the hearing may be continued, the legislative body shall hear said report and any objections thereto, and any person interested may appear and be heard upon said report and objections. After such hearing the legislative body shall pass upon the report, and may confirm, modify, or correct the same, or may confirm the report as modified or corrected, or order the commission to make and file a new report which shall be heard in like manner as the first report and after like notice of hearing. If no objections are filed, or if the objections filed are not sustained, the legislative body shall confirm the report. The action of the legislative body upon said report shall be declared by resolution entered upon its minutes, and shall be final and conclusive,

except as to the damages to be caused by the proposed improvement; and when such report is confirmed, or is confirmed as modified or corrected, the clerk of the legislative body shall transmit the diagram and assessment provided for in section ten hereof, as finally confirmed, to the superintendent of streets. The superintendent of streets shall thereupon record such assessment and diagram in his office, in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment-roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment-roll. Immediately upon such recording the several assessments contained in such assessment-roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made, paramount to all other liens, except liens for state, county and municipal taxes; and such liens shall only be discharged by payment of the assessment or by redemption of the land after sale for delinquency. The superintendent of streets shall, upon the recording of said assessment, give notice by publication for five days in a daily newspaper published and circulated in said city, or by two insertions in a weekly newspaper so published and circulated; or in case no such daily or weekly newspaper is so published and circulated in said city, then by posting such notice for four days in three public places in said city, that said assessment has been recorded in his office and that all sums assessed therein are due and payable immediately, and that payment of the said sums must be made to him within thirty days after the date of the first publication or posting, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of the said thirty days shall become delinquent, and that thereupon five per cent upon the amount of each such assessment will be added thereto. When payment of any assessment is made the superintendent of streets shall mark opposite such assessment the word "paid," the date of payment, and the name of the person by or for whom the same is paid, and shall give a receipt therefor. Upon the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the superintendent of streets shall mark each such assessment "delinquent" on said assessment-roll, and add five per cent to the amount thereof.

Publication of delinquent list.

§ 13. The superintendent of streets shall within thirty days from the date of such delinquency begin the publication of a list of the delinquent assessments, which list must contain a description of each lot or parcel of land delinquent, and opposite each description the name of the owner as stated in the assessment-roll, and the amount of the assessment and costs due, including the cost of advertisement, which cost of advertisement shall not exceed the sum of fifty cents for each parcel of land separately assessed. He shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien will be sold at public auction at a time and place to be specified in the notice. Such publication must be made by five insertions in some daily newspaper published and circulated in the city, or by two insertions in a weekly newspaper so published and circulated, or, in case no such newspaper is so published and circulated in said city, such list of delinquent assessments and notice shall be posted in three public places in said city for five days. The time of sale must not be less than five days nor more than ten days after the last publication of said list, or after the completion of such posting, as the case may be, and the place of sale must be in or in front of the office of the superintendent of streets. At any time after such delinquency and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalties and costs due thereon, including the cost of advertising, if such payment is made after the first publication of the list of delinquent assessments.

Sale of property.

§ 14. At the time and place fixed for the sale the superintendent of streets must commence the sale of the property advertised, commencing at the head of the list, and continuing in numerical order of lots or parcels of land until all are sold; provided, that he may postpone or continue the sale from day to day until all the property is sold. Each lot or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land and then and there pay the amount of the assessment, penalty and costs due, including fifty cents to the superintendent of streets for a certificate of sale, shall become the purchaser. In case there is no other purchaser for any lot or parcel of land offered for sale, the same shall be struck off to the city as purchaser.

Certificate of sale. Lien vests in purchaser.

§ 15. After making the sale the superintendent of streets must execute in duplicate a certificate of sale setting forth a description of the property sold, the name of the owner thereof as given in the assessment-roll, that said property was sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The superintendent of streets must file one copy of such certificate in his office, and deliver the other to the purchaser, or if the city is the purchaser, to the clerk of the legislative body, who shall file the same in his office. Upon the filing of the copy of such certificate in the office of the superintendent of streets, the lien of the assessment shall vest in the purchaser and is only divested by a redemption of the property as in this act provided. The superintendent of streets shall also enter upon the assessment-roll opposite the description of each piece of property offered for sale, the description of the portion thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

Redemption of property sold.

§ 16. At any time before the expiration of one year from the date of the sale, any lot or parcel of land sold for a delinquent assessment may be redeemed by any party in interest by the payment to the superintendent of streets of the amount for which the property was sold, and in addition thereto, ten per cent thereon if paid within six months from the date of sale; and twenty-five per cent if paid within twelve months. When redemption is made the superintendent of streets shall note that fact and the date thereof on the duplicate certificate of sale on file in his office, and deposit the amount paid with the city treasurer, who shall credit the purchaser named in the certificate of sale with the said amount and pay the same to such purchaser, or to his assigns, upon the surrender of the certificate of sale and upon satisfactory proof of assignment thereof, if any. When the city is the purchaser, the superintendent of streets shall notify the clerk of the legislative body of the redemption, and such clerk shall thereupon cancel the certificate of sale thereof on file in his office.

Deed after twelve months. Notice served on owner. Provisions to be complied with.

§ 17. At any time after the expiration of twelve months from the date of sale the superintendent of streets must execute to the purchaser, or to his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof, and the fact that no person has redeemed the property. The superintendent of streets shall receive from the

applicant for a deed, one dollar for making such deed, unless the city is the purchaser, in which case no charge shall be made therefor. The purchaser or his assignee, must at least thirty days before he applies for a deed, serve upon the owner of the property, and upon the occupant of such property, if the same is occupied, a written notice, setting forth a description of the property, that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice and the time when such purchaser or assignee will apply to the superintendent of streets for a deed. If the said owner cannot be found, after due diligence, said notice must be posted in a conspicuous place upon said property at least thirty days before the time stated therein, at which the application for a deed will be made. The person applying for a deed must file with the superintendent of streets an affidavit or affidavits, showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner; which affidavit or affidavits must be filed by the superintendent of streets in his office. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, \$3.00 for the service of notice and the making of such affidavits, which amount shall be paid over to the purchaser, or his assignee, in the same manner as other sums paid for redemption. No deed for any property sold for delinquent assessment shall be made until the purchaser, or his assignee, has complied with all the provisions of this section, and filed the proper affidavits with the superintendent of streets. Such deed shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

Special fund. Loan to special fund.

§ 18. The funds collected by the superintendent of streets under the proceedings herein provided for, either upon voluntary payment or as the result of sales, shall be paid by said superintendent of streets as fast as collected to the treasurer of said city, who shall place the same in a special fund designated by the number or name of the proceedings, and payment shall be made out of said special fund only for the purposes provided for in this act. To expedite the making of any such improvement the legislative body may at any time transfer into said special fund out of any money in the general fund such sums as it may deem necessary, and the sums so transferred shall be deemed a loan to such special fund, and shall be repaid out of the proceeds of the assessments provided for in this act; provided, however, that the legislative body of any municipality may, in its discretion, order by resolution entered upon its minutes that the whole, or any part, of the costs and expenses of any of the work mentioned in this act shall be paid out of the treasury of the municipality from such fund as the legislative body may designate, and whenever a part of such cost and expenses is so ordered to be paid the commission in making up the assessment heretofore provided for such cost and expenses shall first deduct from the whole cost and expenses such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said costs and expenses proportionately upon the lots, part of lots and lands within the district to be assessed for such work, and in the manner heretofore provided.

Lots may be assessed. Lots owned by U. S., etc., may be omitted from assessment.

§ 19. Whenever any lot, piece or parcel of land belonging to the United States or to the state of California, or to any county, city, public agent, mandatory of the government, school board, public educational, penal, or reform institution, or institution

for the feeble-minded or the insane, and being in use in the performance of any public function, is included within the district declared by the legislative body in the resolution of intention to be the district to be assessed to pay the costs and expenses of the improvement, the legislative body may, in its discretion, in the resolution of intention declare that such lots, pieces, or parcels of land so owned and in use, or any of them, shall be omitted from the assessment to be made to cover the costs and expenses of said work or improvement. In the event that said lots, pieces, or parcels of land, or any of them, shall by said resolution be omitted from the assessment, then the total expense of all work done shall be assessed on the remaining lots lying within the limits of the assessment district without regard to such omitted lots, pieces or parcels of land. In the event the legislative body shall in its resolution of intention declare that the said lots, pieces or parcels of land so owned and in use, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, then such sum or sums as thereafter may be assessed against such lots, pieces or parcels of land so owned and used shall be payable by the city, out of its general fund, unless the legislative body shall in its resolution of intention designate another fund, and the contract for said work or improvement thereafter made shall contain a provision to that effect. After all sales provided for in section fourteen of this act have been made the superintendent of streets shall report to the city treasurer the amount collected.

When awards of damages are payable.

§ 20. When sufficient money is in the hands of the city treasurer in the special fund devoted to the proposed improvement to pay the total amount of estimated damages therefrom, all expenses of the proceedings and the cost of doing the work, it shall be the duty of the superintendent of streets to notify the contractor for the work of that fact, and to draw demands on said special fund for the respective amounts of damages awarded by the report, and to notify the owner of each parcel of land declared by the report to be damaged, if the name of such owner is stated in the report, that the awards of damages are payable, and that he may receive the sum awarded to him on executing a release to the city of all liability for damages caused by said improvement. Such notification may be given by depositing a notice, postage prepaid, in the postoffice addressed to such person at his last known place of residence.

Refusal to accept award. Action to recover amount claimed.

§ 21. If any owner of property that will be damaged by the proposed improvement shall fail or refuse to accept the amount awarded to him by the report provided for in section 10 hereof, the legislative body may cause proceedings to be brought against him in the name of the city, in the proper superior court, to have the amount of damage to such property determined. Such proceedings shall conform, as nearly as may be, to the provisions of the Code of Civil Procedure, regarding eminent domain; provided, however, that the plaintiff shall not be required to pay the amount of damages awarded within thirty days after judgment. In such proceeding the ordinance ordering the improvement shall be conclusive evidence of the necessity of the same. If no such proceeding is brought against him any owner of property that is damaged by the proposed improvement may decline to accept the amount awarded him, if any, and bring an action against the city to recover the amount to which he claims to be entitled. Any such action must be brought within thirty days after the final completion of the improvement. If in such action he fails to recover more than the amount awarded to him by the report aforesaid, he shall not recover costs.

When assessments raise insufficient amount.

§ 22. If the first assessment for any improvement under this act, or if the sale of any bonds issued to represent assessments under this act as hereinafter provided,

fails to raise a sufficient amount of money to pay all costs, damages and expenses of the improvement, including any judgments rendered in the action and proceedings mentioned in section 21 and the costs and expenses of such action or proceedings, the legislative body may pay the deficit out of the general fund, or may order a supplemental assessment to raise such deficit, which shall be made and collected in the same manner, as nearly as may be, as the first assessment, and so on until sufficient money shall have been raised to pay for such improvement.

Bonds. Period. Interest and principal payments.

§ 23. The legislative body of any city shall have the power, in its discretion, to determine that serial bonds shall be issued in the manner and form hereinafter provided to represent assessments of twenty-five dollars or more for the cost and expenses of any work or improvement authorized by this act. Said serial bonds shall extend over a period not to exceed twenty-five years from the second day of January next succeeding the issuance of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid; provided, that if the period over which said bonds are to extend exceeds ten years, one-tenth part of the principal sum thereof shall be payable by coupon on the second day of January of each of the last ten years of said period. The interest on said bonds shall be payable semiannually by coupon on the second day of January and July respectively, of each year, at the rate of not to exceed ten per cent per annum on all sums unpaid, until the whole of said principal and interest is paid. Said bonds and interest thereon shall be paid at the office of the city treasurer of said municipality, who shall keep a fund designated by the name of said bonds, into which he shall receive all sums paid him for the principal of said bonds and the interest thereon, and from which he shall disburse such sums upon the presentation of said coupons; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said city treasurer shall keep a register in his office which shall show the series, number, date, amount, rate of interest, payee and indorsees of each bond, and the number and amount of each coupon of principal or interest paid by him, and shall cancel and file each coupon so paid. [Amendment of June 5, 1915. In effect August 8, 1915. Stats. 1915, p. 1221.]

Bond ordinance. List of assessments of \$25 or over.

§ 24. Whenever the legislative body of any city shall determine that serial bonds shall be issued to represent the cost and expenses of any proposed work or improvement under this act, it shall so declare in the ordinance or resolution of intention to do said work, and shall specify the rate of interest which they shall bear and the period of time over which they are to run, and said ordinance or resolution shall also state that a bond will issue to represent each assessment of twenty-five dollars or more remaining unpaid at the expiration of thirty days after the first publication or posting of the notice of the recording of the assessment by the superintendent of streets. Whenever it shall have been determined, as provided in section twenty-three of this act, that serial bonds shall be issued to represent assessments amounting to twenty-five dollars, or over, the superintendent of streets shall, forthwith after the full expiration of thirty days from the date of the first publication of the notice of the recording of the assessment roll, or forthwith after the full expiration of thirty days from the recording of a re-assessment in the event that such be made, and after all previous payments have been credited on such re-assessment, make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over upon any assessment or diagram number. [Amendment of June 5, 1915. In effect August 8, 1915. Stats. 1915, p. 1222.]

Bond for each lot. Improvement bond. Default in payment.

§ 25. Upon receiving the list of assessments mentioned in the preceding section, the city treasurer shall thereupon make out and sign a separate bond representing upon each lot or parcel of land upon said list the total amount of the assessments, or re-assessments, as the case may be, as thereon shown. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map. Said bond shall be substantially in the following form:

IMPROVEMENT BOND.
Series

\$..... No.

Under and by virtue of and pursuant to the provisions of (title of act) I, out of the fund for the above designated improvement bonds, series will pay to bearer the sum of (\$.....) dollars with interest at the rate of per cent per annum, as is hereinafter specified, at the office of the city treasurer of the city of, state of California. This bond is issued to represent an assessment for in the city of, as the same is more fully described in the assessment therefor. Its amount is the amount assessed in said assessment against the lot numbered therein and in the diagram attached thereto, and which now remains unpaid; but until paid, with accrued interest, is a first lien upon the property affected thereby, as the same is described herein, and in said recorded assessment with its diagram, to wit: The lot or parcel of land in the city of, county of, state of California, described as follows:

.....

This bond is payable exclusively from said fund, and neither the city of, nor any officer thereof is to be holden otherwise for its principal or interest. The term of this bond is years from January second, 19..., and at the expiration of said time the whole sum then unpaid shall be due and payable; but on the second day of January of each year, after the date hereof, an even annual proportion of its principal is due and payable upon presentation of the coupon therefor, until the whole is paid, with accrued interest, at the rate of per cent per annum.

The interest is payable semi-annually on the second day of January and July in each year hereafter upon presentation of the coupons therefor, the first of which is for the interest from date to the second day of, 19..., and thereafter the interest coupons are for the semi-annual interest.

Should default be made in the first, or any succeeding payment of the principal, or in any payment of interest, by the owner of said lot, or any one in his behalf, the holder of this bond is entitled to declare the whole unpaid amount to be due and payable, and to have said lot or parcel of land advertised and sold forthwith in the manner provided by law.

Dated at said city of, this day of, in the year one thousand nine hundred and

.....
City treasurer of the city of

Mistake does not invalidate.

No mistake or error in the description in the bond of the lot assessed shall affect the validity or lien of the bond, unless the mistake or error is such that the lot can not be identified, and in such event the holder of such bond may have the same corrected upon application to the city treasurer and the officers or board who made the assessment to represent which such bond was issued.

Assessments less than \$25. When owner does not desire bond issued. Coupons. Owner may pay at any time.

In case the amount of the unpaid assessment or re-assessment upon any lot or parcel of land shall be less than twenty-five dollars, then the same shall be collected as is provided in this act. If any person, or his authorized agent, shall at any time before the issuance of the bond for said assesment or re-assessment upon his lot or parcel of land present to the city treasurer his affidavit made before a competent officer, that he is the owner of a lot or parcel of land in said list, accompanied by the certificate of a searcher of records that he is such owner of record, and shall with such affidavit and certificate notify said treasurer in writing that he desires no bond to be issued for the assessment upon said lot or parcel of land, then no such bond shall be issued therefor and the street superintendent shall retain his right for enforcing collection of said assessment or re-assessment as if said lot or parcel of land had not been so listed by the street superintendent. The bonds so issued by said treasurer shall be payable to the bearer, and shall be serial bonds, as is hereinbefore described, and shall bear interest at the rate specified in the resolution of intention to do said work. They shall have annual coupons attached thereto, payable in annual order on the second day of January in each year after the date of the bonds until all are paid, or if the term of said bonds be more than ten years, then said coupons shall be payable on the second day of January of each of the last ten years of the term of the bonds; and each coupon shall be for an even annual proportion of the principal of the bond. They shall have semi-annual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at that time, and the rest of which shall be for the semi-annual interest accruing from the second day of January or July, as the case may be. The owner of, or any person interested in, any lot or parcel of land upon which a bond has been issued, under the terms of this act, may at any time pay off such bond and discharge his land from the lien of the assessment, by paying to the city treasurer for the holder of such bond the amount then unpaid on the principal sum thereof, and all interest thereon which has accrued and is unpaid, together with the semi-annual installment of interest which will next become due thereafter, and in addition thereto, interest for one year at the rate specified in the bond upon the unpaid amount of the principal. The treasurer shall thereupon make an entry upon his bond register that such bond has been paid in full. When all the coupons of principal and interest are paid or the bond is surrendered or satisfied, the city treasurer shall report the fact to the street superintendent, who shall forthwith indorse the same on the margin of the record of the assessment to the credit of which the same is paid. [Amendment of June 5, 1915. In effect August 8, 1915. Stats. 1915, p. 1222.]

When court declares assessment invalid new assessment may be made. Court to point out irregularities, etc. City may set aside assessment and make reassessment. Reassessment based on special benefits. Method of making reassessment. Assessment without power of city. Notice. Payments on original assessment credited.

§ 26. Whenever any assessment or any bond to represent the amount of such assessment, made or issued under the provisions of this act, has been set aside by any court of competent jurisdiction, or such court has refused to enforce any assessment,

or has decreed any such bond not to constitute a valid and subsisting lien against the lot, piece or parcel of land upon which such assessment has been levied, then the superintendent of streets shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not, and new bonds shall in regular course thereafter issue in the event that bonds were issued under or provided for in the original assessment. It is hereby made the duty of any court of competent jurisdiction in rendering its judgment holding invalid any assessment hereafter made, or of any bond hereafter issued to represent the amount of any such assessment, to make a finding as to whether or not the making of such assessment was entirely without the power of the said city, and if not, then what omission, irregularity, illegality, informality or non-compliance with the requirements of this act has occurred in the proceedings upon which said assessment or assessments and bonds rest, and what effect shall be given to them in making the reassessment. In the event that the court shall find that the proceeding, the expenses of which are represented by said assessment or bonds, was commenced in good faith and carried on pursuant to an ordinance or resolution of the city council providing for such improvement to be paid for by a special assessment, it shall be the duty of the said court to order the making of a new assessment. The city council may, at the request of any interested party, or on its own motion, by resolution duly passed, set aside any assessment or assessments and bonds, to be made and issued without any decree having been obtained of or from any court regarding said matter, if in its opinion the assessment be invalid, and it may take all necessary steps and make and pass all necessary orders, resolutions or ordinances to reassess and relevy such assessment, and may reassess and relevy the same with the same force and effect as an original levy.

Such reassessment, whether made after decree of court has been rendered, or pursuant to a resolution of the council, shall be based upon the special and peculiar benefit of the proposed improvement to the respective lots, pieces or parcels of land assessed. The total amount of the reassessment shall not exceed the total amount of the original assessment. Such reassessment so made shall become a charge upon the property upon which the same is levied, notwithstanding any omission, failure or neglect of any officer, body or person to comply with the provisions of this act, and notwithstanding the fact that the proceedings of the city council, board of public works or any officer of the city or other person connected with such proceedings, may have been irregular, illegal, informal or defective, or not in full conformity with the requirements of this act. It is hereby declared to be the true intent and meaning of this section to make the cost and expense of all local improvements actually made or proposed to be made in the attempted exercise of the powers conferred upon municipalities under this act, payable by the real estate benefited or to be benefited by such improvements by making a reassessment therefor which shall equitably proportion to each lot, each piece or parcel of land thereby benefited the amount of the actual benefits derived or to be derived from said improvement, notwithstanding that the proceedings of the city council or other officers or agents of the city, or other persons connected therewith may have been irregular, illegal or defective, or not in full conformity with the requirements of this act. Such reassessment shall be made without a repetition of the proceedings had prior to the issuance of the assessment and shall be made and issued in the following manner: The superintendent of streets shall, upon the entering of a decree of court directing the reassessment, or upon the passage of a resolution of the city council directing a reassessment, proceed at once to make a reassessment in accordance with the said decree of court or said resolution of the city council thereof. Such reassessment shall be made upon the district described in the ordinance of intention for said improvement, and in the

event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said district, then upon the district which the court or council shall find to be that actually benefited by said improvement, but in so finding said court or council shall follow the lines described in the ordinance of intention so far as the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such determination as to the lines where there is any uncertainty or ambiguity in the ordinance of intention as may be just and equitable. In the event that a portion of the improvement has been found to be entirely without the power of said city to order, then said assessment shall be for the remainder of the improvement only, and the benefits arising from the improvement entirely without the jurisdiction of the city to order shall not be considered in making the re-assessment. Upon the completion of the re-assessment it shall be presented to the city council and a day of hearing shall be fixed by it which shall be at least twenty days after the filing of the re-assessment. The city clerk shall then advertise the fact of the filing by publishing a notice in the official newspaper, or in such other paper as the council may direct, by five insertions, if the paper be a daily, or by two insertions, if it be a weekly or semi-weekly newspaper, stating the fact that the re-assessment has been filed with him and that objections to said re-assessment will be heard at the time specified by the city council. At the time fixed for said hearing, or at such time or times to which the same may be adjourned, the city council shall consider the objections to said re-assessment and in its discretion revise, correct and modify such re-assessment in such manner as is most equitable, and it shall thereupon pass a resolution approving and confirming such re-assessment and such decision shall be a final determination of all matters relating to the actual benefits derived or to be derived from the improvement by the respective lots, pieces and parcels of land enumerated in the re-assessment. Said re-assessment shall thereupon be recorded by the street superintendent and it shall in all respects have the same effect and weight as the original assessment, and shall be enforced in the same manner. All payments made upon the original assessment shall be credited upon the re-assessment and in the event that the re-assessment in any instance is less than the amount of the original assessment, the excess shall be payable to the persons who paid the original assessments.

Payments of principal and interest on account of any bond issued hereunder shall be made to the city treasurer, who shall keep a separate account of all such payments, (entering the same in the record herein required to be kept) and place the same in appropriate funds for the payment of principal and interest of the bonds on account of which paid, and who shall, upon the surrender of the coupons attached to said bond, pay to the holder thereof, or his order, the amount called for by said coupons out of the funds in his possession applicable thereto.
